AN ACT TO *AMEND* §4302 (b) OF CHAPTER 4, ARTICLE 3, TITLE 4, GUAM CODE ANNOTATED, RELATIVE TO PROVIDING UTILIZATION AND COST INFORMATION TO CURRENT AND PROSPECTIVE HEALTH INSURANCE COMPANIES WHO PROVIDE HEALTH CARE COVERAGE TO GOVERNMENT OF GUAM EMPLOYEES AND RETIREES.

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent. *I Liheslaturan Guåhan* finds that insurance carriers who do not have contracts with the government of Guam to provide group health insurance coverage for government employees are interested

but unwilling to offer proposals in responses to the annual health insurance invitation to bid because of the lack of detailed risk pool health care experience data. Health insurance carriers continue to request the government of Guam to provide de-identified claim line detail of all enrollees so that proposals can be developed that properly price the risk associated with the government of Guam health insurance pool.

There is currently only one (1) carrier providing health insurance to the government of Guam, which severely limits the negotiating team's leverage to procure the best coverage and the lowest price.

I Liheslaturan Guåhan further finds that because health insurance costs continue to rise and account for larger percentages of the annual budget, it is imperative to attract additional carriers to submit proposals to facilitate competition and let market forces regulate pricing.

In accordance with §4302(g), Chapter 4, Article 3, Title 4, Guam Code Annotated, insurance carriers with contracts are now required to provide the utilization and cost information to the negotiating team by March 1 of each year. However, under the current state of laws, the government is prevented from disclosing the information in any solicitation for insurance coverage.

Section 2. §4302(b) of Chapter 4, Article 3, Title 4, Guam Code Annotated, is hereby *amended* to read as follows:

"(b) The Director of Administration *shall, no later than* March 1, 1986, promulgate rules and regulations setting forth the other information she/he requires from the companies or legal entities and the method by which such information *shall* be reported. This information *shall* be equitably required of each company and *shall* be submitted *no less than* ten (10) days before any negotiations or active consideration of proposals commences. Materials submitted in fulfillment of this requirement *shall not*

be considered public records, except for the detailed claims utilization and cost information required by §4302(g), which *shall* be provided to current and prospective health insurance carriers as part of the invitation to bid for coverage to government of Guam employees and retirees."

Section 3. Effective Date. This Act *shall* become effective upon its enactment.

Section 4. Severability. *If* any of the provisions of this Act or the application thereof to any person or circumstance is held invalid, such invalidity *shall not* affect any other provision or application of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

The public hearing on agenda item Bill No. 413-30 (COR) was Called-to-Order at 09:55 A.M.

II. SUMMARY OF TESTIMONY & DISCUSSION.

CHAIRMAN FRANK B. AGUON, JR., convened the Public Hearing on Bill No. 431-30 (COR).

Called the first panel to testify – No one was signed up to testify, nor came forward at the invitation of the Chairman.

Chairman: There being no testimony, or comments by Senators, Chairman Aguon declared the bill as having been heard, and adjourned the public hearing on Bill No. 431-30 (COR). The Committee would continue to accept written testimony subsequent to the public hearing.

Written Testimony.

Jonh M. Weisenberger, Attorney General of Guam, submitted written testimony (attached) **IN SUPPORT** of Bill No.431-30 (COR), wherein he states, "The Bill if enacted into law would make it possible for the Government of Guam to provide valuable information concerning the risk pool health care experience of government of Guam employees to those health care companies who are potential offerors of health care coverage for government employees. At this time, potential offerors are without this type of information that is necessary in order to properly price the risk associated with the government of Guam health insurance pool."

III. FINDINGS & RECOMMENDATIONS

The Committee on Economic Development, Health and Human Services, and Judiciary, finds it was the intent of Public Law 30-93:3 (Bill No. 107-30 (LS)), relative to §4302(g) of Chapter 4, Title 2, Guam Code Annotated, to require health care insurance carriers contracting with the government of Guam to provide utilization data for those entering into contractual agreements with the government of Guam. However, although the Act required the submission of the data, §4302(b) of Chapter 4, Title 4, Guam Code Annotated, continued to preclude the information's distribution to health insurance providers interesting in providing services to the government of Guam. As provided in the bill, subsection 4302(b) is being repealed and reenacted to read:

> "(b) The Director of Administration shall, no later than March 1, 1986, promulgate rules and regulations setting forth the other information she/he requires from the companies or legal entities and the method by which such information shall be reported. This information shall be equitably required of each company and shall be submitted no less than ten (10) days before any negotiations or active consideration of proposals commences. Materials submitted in fulfillment of this requirement shall not be considered public records, except for the detailed utilization and cost information required by 4302(g), which shall be provided to current and prospective health insurance carriers as part of the invitation to bid for coverage to the government of Guam employees and retirees." {Note: New language is underscored to delineate existing and new language.}

The Committee finds that the existing prohibition against the distribution of claims utilization and cost information impedes the participation of health care insurance providers who might otherwise be better able to provide more competitive rates for the government of Guam and its' employees and retirees. In this regard, the Committee finds it is appropriate to accordingly amend the subsection as provided for in Bill No. 431-30 (COR).

The Committee on Economic Development, Health & Human Services, and Judiciary, hereby **reports out Bill No. 431-30 (COR),** with the recommendation to PASS.

Section 1. There is currently only one carrier providing health insurance to the government of Guam, which severely limits the negotiating teams leverage to procure the best coverage and the lowest price.

I Liheslaturan Guahan further finds that because health insurance costs continue to rise and account for larger percentages of the annual

In accordance with Section 4302(g), Chapter 4, Article 3, Title 4 Guam Code Annotated, insurance carriers with contracts are now required to provide the utilization and cost information to the negotiating team by March 1 of each year. However, under the current state of laws, the government is prevented from disclosing the information in any solicitation for insurance coverage.

Dear Senator Aguon,

Buenas yan Håfa Adai! It has recently come to my attention that Bill No. 431-30 is currently being reviewed by the Committee on Economic Development, Health and Human Services, and the Judiciary. This Bill if enacted into law would make it possible for the Government of Guam to provide valuable information concerning the risk pool health care experience of government of Guam employees to those health care companies who are potential offerors of health care coverage for government employees. At this time, potential offerors are without the type of information that is necessary in order to properly price the risk associated with the government of Guam health insurance pool.

I would like to recommend the passage of this law. I must apologize for not providing testimony in favor of this Bill when it was heard by your committee on July 14, 2010. That was an oversight by me and my office. Please accept this letter in support of this Bill if you are still able to do so. World Briefs

Three headless bodies found in car in Mexico

CULIACAN (AP) – Police have found the decapitated bodies of three men inside a burned-out car in the drug gang-plagued Mexican state of Sinaloa. The heads had been put on the vehicle's hood.

The Sinaloa state attorney general's office says one of the burned bodies was in the driver's seat, another in the back seat and the third was in the trunk.

Investigators found the car Monday in the city of Angostura, near the Pacific coast.

Clinton criticizes Russia on Georgia

TBILISI (AP) – U.S. Secretary of State Hillary Rodham Clinton rebuked Russia on Monday for failing to live up to the cease-fire agreement it signed nearly two years ago to end the fighting in this small former Soviet state.

She asserted that Russia is occupying parts of Georgia and building permanent military bases in contravention of the truce.

Israel eases blockade of Hamas-ruled Gaza

◀ Israeli workers examine goods bound for Gaza at Kerem Shalom terminal, on the Israel Gaza border. Israel pledged Sunday it will immediately allow all goods into Gaza except weapons and items deemed to have a military use. AP

KEREM SHALOM (AP) – Israel is easing its blockade of Hamas-ruled Gaza to allow in virtually all consumer goods, items from household cleaners to timber that had been barred from import for years.

But because Israel will continue to ban most travel and exports and restrict the import of desperately needed construction materials, the new rules are unlikely to restore the territory's devastated economy or allow rebuilding of all that was destroyed in last year's war.

The White House welcomed the changes that were announced Monday as Prime Minister Benjamin Netanyahu flew to Washington for a meeting with President Barack Obama. International Mideast envoy Tony Blair said Israel's measures "should have a dramatic influence on the daily lives of the people of Gaza and on the private sector."

The new blockade rules come in response to an outcry following a deadly Israeli raid on a blockade-busting flotilla at the end of May.

Gaza business leaders and rights activists said the measures are far short of what Gaza needs, and that the only active cargo crossing, Kerem Shalom, may not be enough to bring in all the goods now permitted.

Israeli officials said the remaining restrictions, including on exports, are essential for maintaining security.

On Monday, goods dropped off at Kerem Shalom included washing machines, which were previously banned from import.

Youth clients of Sanctuary, Inc. paint on a canvas with guidance from Robert Miley.

Robert Miley's exhibit opens today

(SANCTUARY Inc.) – An exhibit by Arizona artist Robert Miley, featuring pieces created from the Release the Fear workshops, will debut today from 2 p.m. to 5 p.m. on the second floor of the Bank of Guam Headquarters in Hagatna.

Tickets are available for $10 each at the Sanctuary offices in Chalan Pago. All proceeds from the event will benefit Sanctuary, Incorporated to continue promoting positive youth development on our island.

Sanctuary, Incorporated of Guam, through a grant from the Guam Council of Arts and Humanities, is honored to host Miley and his Release the Fear Program on Guam.

Through the experimental creative process, Release the Fear workshops empower youth with the tools to overcome the paralyzing effects of fear and violence, allowing them to discover their true potential and purpose in life.

Guam inspired Miley over 20 years ago to begin these projects with at-risk youth and Miley is back on Guam to return the inspiration to our island youth.

This project is made possible through sponsorships from Delta Airlines, Pacific Islands Club, Proa Restaurant, Graphic Center, Guam Community College and the Bank of Guam.

Sanctuary, Incorporated of Guam is a local non-profit organization that has been assisting Guam's youth and families for almost 39 years. Hundreds of teens take refuge in Sanctuary's Co-Ed Emergency and Transitional Living Program shelters every year and over 2,000 youth and 1,000 adults are helped through our outreach and prevention programs. In 2004, Sanctuary opened the region's only residential treatment center for youth with drug and alcohol dependency.

Calvo-Tenorio leads cleanup drive

(CALVO-Tenorio campaign) – The Calvo-Tenorio youth group cleaned the area between the Pago Bay bridge and the intersections of Routes 10 and 4. This is the second clean-up the volunteers held.

They were joined by gubernatorial candidate Eddie Baza Calvo in picking up plastic bottles, aluminum cans, cigarette butts, and other trash strewn throughout the route.

"This is a labor of love for us," Calvo said. "We're helping out the many other volunteers and groups who truly make a difference by cleaning up our island. I really have to hand it to our youth group. They are action-oriented, because their ultimate goal is to inspire other young adults to have their voices heard, do more, and make their vote their voice. Cleaning up Guam is one of those ways they inspire others. Hopefully, this effort inspires more people to register to vote and voice their opinions at the ballot."

Gubernatorial candidate Eddie B. Calvo, left, poses with youth supporters after the cleanup in Pago Bay.

If elected, Calvo will appoint his running mate, Ray Tenorio, to lead islandwide beautification. Tenorio's legislative program, LegWork, is responsible for several cleanups in the past and the reclamation of the large retaining wall on the northbound lane of Marine Corps Drive, East Hagatna.
