Dear Madame Speaker:

Over two decades ago, I co-sponsored a bipartisan bill establishing rules and regulations relative to standards for family foster homes. Today, Bill No. 135-35 awaits my signature which supplements the bipartisan efforts that I and then senators Elizabeth Barrett-Anderson and Joanne Brown worked on long ago.

These rules and regulations have remained untouched for years. Perhaps the longevity of our twenty-year old standards is indicative of strong legislation that was born in a time during which the legislative body worked together with great fortitude. More realistically, however,

it has taken this long for the cries of our foster children to reach the ears of our lawmakers again. It is our foster families that have maintained the resolve these twenty years. They have not only opened their hearts and homes to our island's children, but have also fought to change policy so that they could care for more when the government has not.

I am encouraged with Bill No. 135-35 and Bill No. 159-35, which I have signed into law as **Public Laws 35-34 and 35-35**, respectively. These laws provide our foster children with better opportunity for immediate shelter and care. More importantly, they direct much deserved attention to the broader issues that foster families encounter every day of their lives. We, as lawmakers, should and will do more to help tackle these issues.

Senseremente,

LOURDES A. LEON GUERRERO

AN ACT TO *ADD* A NEW ARTICLE 9 TO CHAPTER 1, DIVISION 1 OF TITLE 26, GUAM ADMINISTRATIVE RULES AND REGULATIONS, RELATIVE TO PERMITTING MORE THAN SIX (6) CHILDREN PER FOSTER HOME IN THE STANDARDS FOR FAMILY FOSTER HOMES ON GUAM; AND TO *ADD* SUCH UPDATED STANDARDS TO THE GUAM ADMINISTRATIVE RULES AND REGULATIONS TO REFLECT THIS ALLOWANCE.

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds
3 that the rules and regulations governing the Standards for Family Foster Homes

(Standards) on Guam was established pursuant to 10 GCA § 2407, through the enactment of Public Law 23-143 on January 2, 1997.

Further, *I Liheslaturan Guåhan* finds that the Standards permit no more than six (6) children in a family foster home, including the foster parents' own children.

I Liheslaturan Guåhan takes due note that the Child Protective Services (CPS) of the Bureau of Social Services Administration (Bureau), Department of Public Health and Social Services, has expressed a growing demand for more foster homes and families on Guam. As of May 2019, the CPS indicates that there are two hundred seventy (270) children currently in foster care placement and thirty-seven (37) licensed foster families on Guam. These figures indicate a substantial rise in the number of children in foster care when compared to previous years.

Therefore, it is the intent of *I Liheslaturan Guåhan* to open more homes to children in need by permitting more than the current standard's limitation of six (6) children, provided the total number of children is approved by the Bureau, and to add such standards to the Guam Administrative Rules and Regulations to reflect this allowance.

Section 2. A new Article 9 is *added* to Chapter 1, Division 1, Title 26, Guam Administrative Rules and Regulations, to read:

These standards are applicable to all family foster homes, and are hereafter referred to as the “Standards for Family Foster Homes.”

§ 1901.2. Authority.

The Department of Public Health and Social Services (Department) is responsible for the placement of foster homes pursuant to 10 GCA § 2401 *et seq.*, the *Child Welfare Services Act*, and U.S. Public Law 96-272, the *Adoption Assistance and Child Welfare Act of 1980*, as amended.

2 Public Health and Social Services authorizing the operation of a family foster home.

3 (b) *Family foster home* means a home certified by the Department of Public
4 Health and Social Services which provides substitute family care on a twenty-four
5 (24) hour basis. This care shall be for no more than six (6) children in one (1) home,
6 including the number of children of the foster parents, unless otherwise approved by
7 the Department's Bureau of Social Services Administration (Bureau).

8 **§ 1902. Procedures for Certification of Family Foster Homes.**

9 All family foster homes shall be licensed by the Department through issuance
10 of a "Certificate for Family Foster Home" (Certificate), indicating that the standards
11 for the care of foster children under these regulations have been met. All applications
12 for Certification shall be submitted to the Bureau.

13 **§ 1902.1. Qualification of Applicants.**

14 (a) Married couples may apply to become foster parents by filing a joint
15 application with the Bureau. A copy of the couple's marriage license shall be
16 attached to the application form.

17 (b) Domestic partners may apply to become foster parents by filing a joint
18 application with the Bureau. A domestic partner may apply alone to become a foster
19 parent in the same manner as a single adult.

20 (c) A single person who is eighteen (18) years or older, may apply to
21 become a foster parent by filing an application with the Bureau. This would also
22 include single parents, eighteen (18) years or older.

23 (d) All applicants must provide the Bureau with a consent for a background
24 check to include the following:

- 25 (1) police clearance;
- 26 (2) National Crime Information Center clearance;
- 27 (3) medical history;

- (4) employment information;
- (5) copy of a recent check stub; and
- (6) any additional information from whatever source the Bureau deems necessary to complete the required background check.

Active duty military applicants, or their dependents, must obtain clearance from their respective investigative agency (Navy Criminal Investigative Services; Office of Special Investigation).

(e) All applicants must be residents of Guam, unless they qualify as active duty military or their dependents; United States citizens, or resident aliens.

(f) All applicants are required to submit three (3) letters of reference, preferably within Guam, from persons who have adequate personal knowledge of the applicant(s) within the past twelve (12) months prior to application, and who can attest to the good moral character of the applicant(s), members of the applicant(s) immediate family, and ability of the applicant(s) to provide for a good healthy family environment for children.

(g) Any person desiring to become a foster parent is not eligible to apply for adoption proceedings during the initial placement of foster children in their home.

(h) Relative applicants (persons who are not related to the foster child by blood or through marriage) will be required to apply for foster parent certification. Relative applicants will be referred to the Bureau of Economic Security (BES) for Aid to Families with Dependent Children (AFDC).

(1) AFDC compensation is retroactive to the day of application.

(2) Foster care supplemental payments will be made to eligible applicants.

§ 1902.2. Social Evaluation.

(a) The Bureau will conduct a social evaluation of the applicant(s), as well as the home environment, to determine qualifications under these regulations. The social evaluation shall be maintained in the applicant(s)' file.

(b) The social evaluation will take into account the applicant's personal character, fitness, and factors which show competency for the care of foster children.

§ 1902.3. Approval and Issuance of Certificate.

(a) On the basis of the social evaluation indicating the applicant has satisfactorily met the requirements under these regulations, the Department shall issue a Certificate showing approval for licensing as a family foster home. The Certificate shall provide the name of the applicant, maximum number of foster children permitted, and the period for which the Certificate is issued.

(b) If the foster home under evaluation will accept only a specific child, or a child for whom service is requested, who is already living in the foster home, the Department may issue a Certificate for a specific child if the home meets the requirements under these regulations. Studies on foster homes for a specific child already living in the home shall be completed no later than two (2) months from the date the Bureau became aware of the placement.

(c) The Certificate shall be effective for a period of two (2) years from the date of issuance. The Certificate is non-transferable or assignable, and any attempt to transfer or assign the Certificate is void. The Certificate may be terminated sooner either by revocation, decision of the foster parent to no longer engage in the services as a foster parent, displacement of the child by order of the Court, or a change of residency.

(d) A Provisional Certificate may be issued for a period of sixty (60) days for those unable to meet the requirements under the social evaluation, if it has been reasonably determined that all requirements will be met no later than forty-five (45)

1 days from the date of issuance of the provisional certificate; and provided, that the
2 health and safety of the child is not in jeopardy by such temporary placement.

3 (e) The Certificate shall be available for inspection by the Bureau upon
4 request.

5 **§ 1902.4. Renewal of Certificate.**

6 A Certificate may be renewed by the Bureau every two (2) years upon
7 submittal of a satisfactory re-evaluation report indicating that the home continues to
8 provide the standard of care which meets the requirements of these regulations. A
9 Provisional Certificate cannot be renewed.

10 **§ 1902.5. Denial, Suspension, Revocation of Certificate.**

11 (a) The Department may deny a Certificate when an applicant fails to meet
12 the standards for issuance of a Certificate under these regulations, has been
13 convicted of a felony, or a crime involving violence, alcohol or drug abuse, sex
14 offenses, crimes involving moral turpitude, or any other offense which indicates that
15 the applicant may pose a threat to the welfare of the foster child.

16 The Bureau must provide to the Director of Public Health and Social Services
17 (Director), in writing, the basis for its recommendation and reasons for denial of the
18 Certificate. The applicant is entitled to a written explanation of the Bureau's
19 recommendation for denial. The applicant may request to meet with the Director
20 after denial to discuss the basis for the denial. No hearing is required or mandated.
21 The decision of the Director is final.

22 (b) A Certificate may be suspended for a period of ninety (90) days by the
23 Bureau if it has been determined that the foster parent has fallen into noncompliance
24 with the Standards for Family Foster Homes. The foster parent will be informed of
25 the specific violations of the standards, in writing, and will be allowed to correct the
26 failures within a given period of time not to exceed the period of suspension. If the
27 foster parent continues to violate the standards without effort for corrective action

1 for the period of the suspension, the Bureau may recommend that the Certificate be
2 revoked.

3 (c) A Certificate will be revoked if it is determined by the Bureau that the
4 foster parent is in violation of any of the provisions of 10 GCA § 2408, or has been
5 convicted of a crime involving violence, alcohol, drug abuse, sex offense, moral
6 turpitude, or any offense which would indicate the foster parent presented a threat to
7 the welfare of the foster child. The Bureau shall provide the foster parent with a
8 notice of intent to revoke the Certificate, and allow the foster parent ten (10) days to
9 respond to the notice. The foster parent may request to meet informally with the
10 Bureau to discuss the basis for the notice to revoke the Certificate. After the ten (10)
11 days has elapsed, whether or not response is made by the foster parent, the Bureau
12 may forward its recommendation to revoke the Certificate to the Director. The foster
13 parent is entitled to a hearing before a decision is made by the Director. The Director
14 shall make a final determination no later than thirty (30) days after the hearing. The
15 final decision shall be provided to the foster parent, in writing, in the same manner
16 as the service of all notices.

17 (d) All notices required to be provided under this Section shall be made by
18 registered mail, electronic mail with confirmed receipt, or personal service.

19 **§ 1903. Administration of the Family Foster Home.**

20 (a) Number of Children to be Cared.

21 (1) There shall be no more than six (6) children in a foster home,
22 including the foster parents' own children, unless approved by the Bureau. In
23 the event the foster family is interested in providing day care to children, in
24 addition to caring for foster children, the total number of children shall not
25 exceed six (6) unless approved by the Bureau. This does not prevent older
26 foster children from providing day care for younger children; provided, it is
27 not detrimental to the children in the home. The foster home, however, must

1 meet the requirements under both the standards herein and those under family
2 daycare homes.

3 (2) No more than two (2) children under the age of two (2) shall be
4 cared for in a home by one (1) foster parent, unless there is additional help
5 approved by the Bureau. At no time shall there be more than four (4) children
6 under the age of two (2), including the foster parent's children, unless
7 approved by the Bureau.

8 (3) A home which accepts Bureau placements shall not accept
9 children from any source without the Bureau's permission.

10 (b) Records.

11 (1) A current register of all children admitted shall be kept by the
12 family foster home, and shall be open to inspection by the Bureau upon
13 request. The register shall include:

15 date placed and date removed, power of attorney, foster child's attorney
16 name, and contact person from the Bureau; and

17 (B) a health record including proof of medical/dental
18 insurance coverage, on each foster child with a record of immunization
19 dates, name of physician and the physician's address, telephone
20 number, and the information of how and when to contact the Bureau;

21 (2) All records concerning the foster child shall be kept confidential
22 and available only to duly authorized persons of the Department.

23 (c) Contacts with the Family Foster Home. The family foster home shall
24 be visited by the Bureau staff once a month, or as frequently as needed, to assure the
25 continued well-being of the foster child and that the family foster home continues to
26 meet the requirements for certification.

15 disease(s) and from physical and emotional conditions which may adversely
16 affect the foster parents' ability to care for the children.

17 (2) The following written medical reports shall be submitted by the
18 foster parents to the Bureau prior to the initial approval of a family foster
19 home:

20 (A) physical examination of the foster parent by a licensed
21 physician;

22 (B) tuberculosis clearance in accordance with current
23 Department regulations;

24 (C) annual tuberculosis clearance shall be required of all
25 household members with known positive tuberculin reactions;

1 (D) any person who moves into the family foster home after a
2 Certificate has been issued shall have a tuberculosis clearance and a
