I MINA'TRENTAI SAIS NA LIHESLATURAN GUÅHAN
2022 (SECOND) Regular Session

Bill No. 301-36 (LS)

Introduced by:

Joe S. San Agustin 

AN ACT TO APPROVE THE LAND LEASE AGREEMENT AS LENDERS' CONDITION TO FUND THE CONSTRUCTION OF A 198 MW POWER PLANT AND BESS FACILITY LOCATED ON LOT NOS. 5010-1NEW-NEW-1 AND 5010-1NEW-NEW-R1, DEDEDO, AND A RELATED RESERVE FACILITY LOCATED ON LOT NO. 261-2, PITI, GUAM, AND TO AUTHORIZE THE USE OF THOSE PROPERTIES FOR SUCH PURPOSES.

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent.

I Liheslaturan Guåhan finds that the Guam Power Authority (“GPA”), pursuant to that certain Consent Decree filed on April 20, 2020, in that case entitled *United States of America v. Guam Power Authority, et. al*, Case No. 1:20-cv-00007 (U.S.D.C. of Guam), as amended, is required to construct, and operate 180 MW of new generation utilizing Ultra Low Sulfur Diesel (ULSD), among other obligations, to resolve violations of U.S. environmental laws regarding the operations of the Cabras and Piti power plants.

I Liheslaturan Guåhan finds that on November 5, 2019, following a public competitive bidding process in accordance with the Guam Procurement Law and approval by the Consolidated Commission on Utilities (CCU) and the Public Utilities Commission (PUC), GPA and Guam Ukudu Power LLC (GUP) entered

1 into an Energy Conversion Agreement (ECA) and pursuant thereto a Land Lease
2 Agreement (LLA), both as amended, amended and restated, modified or
3 supplemented from time to time, under which GUP shall develop, design, permit,
4 finance, construct, test, commission, complete, own, insure, operate and maintain (a)
5 a natural gas / ultra-low sulfur diesel dual-fired power electric facility with a
6 nameplate capacity of 198 MW and a related battery energy storage system (CCPP
7 Facility), to be located on Lot No. 5010-1NEW-NEW-1 and Lot No. 5010-1NEW-
8 NEW-R1, Dededo, Guam near the Harmon substation, and (b) an ultra-low sulfur
9 high speed diesel reserve facility (Reserve Facility), to be located on Lot No. 261-2,
10 Piti, Guam, all on a build, own, operate and transfer basis to provide electric power
11 capacity and net energy output to GPA collectively, the New Power Plant Project.

12 *I Liheslaturan Guåhan* finds that as a final step in a lengthy and publicly
13 intensive process, legislative approval of the lease, which is governed by the ECA,
14 of Lot No. 5010-1NEW-NEW-1 and Lot No. 5010-1NEW-NEW-R1, Dededo,
15 Guam and Lot No. 261-2, Piti, Guam (New Power Plant Project Sites) by GPA, as
16 lessor, to GUP, as lessee, is required, among other financing conditions, to secure
17 financing for the funding of the construction and commissioning of the New Power
18 Plant Project.

19 *I Liheslaturan Guåhan* finds that approval of the lease of the New Power Plant
20 Project Sites in the form and content presented by GPA to *I Liheslaturan Guåhan* in
21 connection with its request for approval the Lease is necessary and essential to the
22 timely commissioning of the CCPP Facility scheduled for April 2024 under the
23 Consent Decree.

24 *I Liheslaturan Guåhan* finds that timely commissioning of the New Power
25 Plant Project will serve numerous purposes, including but not limited to, a cleaner
26 environment for Guam, a bridge to reaching the Legislature's renewable energy
27 goals, avoidance of high and avoidable fuel charges and possibly sanctions for non-

1 compliance of the Consent Decree.

2 *I Liheslaturan Guåhan* finds and acknowledges that upon approval of the
3 Lease, and compliance with other lender conditions, the closing of the financing for
4 the construction of the New Power Plant Project can occur.

5 *I Liheslaturan Guåhan* finds that the request for approval of the Lease has
6 followed a lengthy public process to prepare for the New Power Plant Project. For
7 example, on May 1, 2018, after receiving input from numerous residents,
8 governmental agencies, the Mayor's Council of Guam, and Dededo and Tamuning-
9 Tumon-Harmon Municipal Planning Councils, *I Liheslaturan Guåhan* passed Bill
10 223-34, enacted as Public Law 34-102 on May 16, 2018, consolidating and rezoning
11 Lot No. 5010-1NEW, Lot No. 5042-1 and Lot No. 5042-R1 in Ukudu, Dededo,
12 Guam (consolidated as Lot No. 5010-1NEW-New) to Light Industrial Zone (M1)
13 permitting a conditional use of the site for the construction and operation of the New
14 Power Plant Project. The site where the Reserve Facility at Piti will be located is
15 aligned with a Light Industrial Zone (M1).

16 *I Liheslaturan Guåhan* further finds that the Guam Hybrid Land Use
17 Commission, pursuant to a public process has approved on October 15, 2021, a zone
18 variance for height of certain structures for the CCPP Facility, subject to the
19 conditions from the agencies comprising the Application Review Committee.

20 Accordingly, *I Liheslaturan Guåhan* finds that it is in the best interests of
21 Guam that *I Liheslaturan Guåhan* approves the Lease of Lot No. 5010-1NEW-
22 NEW-1 and Lot No. 5010-1NEW-NEW-R1, Dededo, Guam and Lot No. 261-2,
23 Piti, Guam for the construction of the New Power Plant Project.

25 diesel reserve facility on Lot No. 261-2, Piti, Guam is, as a conditional use of said
26 properties, hereby authorized, approved, and permitted.

27 **Section 3. Waiver of Application of 21 GCA Section 60115 to the Lease.**

1 In connection with the approval of the Lease by *I Liheslaturan Guåhan* as provided
2 in Section 2 of this Act, *I Liheslaturan Guåhan* hereby waives the requirements of

Subject to Section 19.5, Project Company shall, to the maximum limit provided for under the relevant insurance coverage under Article 14 of the ECA, indemnify and hold harmless GPA, and defend GPA against, any damages, costs, expenses, liabilities, fines, or penalties resulting from releases, discharges, emissions, spills, storage, treatment, disposal, or any other acts or omissions by Project Company, its officers, agents, employees, or contractors, or licensees, or the invitees of any of them, giving rise to GPA liability, civil or criminal, or responsibility under environmental Laws, except to the extent caused by the negligent act or omission or intentional act of GPA, its agents, or employees. This paragraph shall survive the termination of this Lease Agreement, and Project Company's obligations under this paragraph shall apply whenever GPA incurs costs or liabilities for Project Company's actions of the types described in this paragraph.

19.4. Inspection. GPA's rights under this Lease Agreement specifically include the right for GPA or its officials to inspect upon reasonable notice (as set forth in the ECA) the Premises for compliance with environmental, safety, and occupational health Laws, whether or not GPA is responsible for enforcing them. Those inspections may be made without prejudice to the right of duly constituted enforcement officials to make them. GPA will give Project Company twenty- four (24) hours prior notice of its intention to enter the Premises unless it determines the entry is required for imminent safety, environmental, operations, or security

purposes. Any claims by Project Company against GPA for damages arising from such entry shall be governed by the Government Claims Act.

19.5. Environmental Liability of Project Company. Notwithstanding any other provision of this Lease Agreement, Project Company does not assume any liability or responsibility for environmental impacts and damage caused by the prior property owner's use of toxic or hazardous wastes, substances, or materials on any portion of the Premises unless such liability or responsibility is provided for in the ECA. Project Company has no obligation under this Lease Agreement to undertake the defense of any claim or action, whether in existence now or brought in the future, solely arising out of the use or release of any toxic or hazardous wastes, substances, or materials on or from any part of the area, including the Premises, which occurred prior to the applicable Commencement Date.

This Section 19.5 shall survive the expiration or termination of this Lease Agreement.

19.6. Response or Remedial Actions. Project Company shall not treat, store, transport, or dispose of any hazardous waste under, pursuant to, or in reliance upon any permit issued to GPA. Project Company shall be liable for the cost of proper disposal of any hazardous waste generated by its approved subcontractors in the event of failure of the subcontractors to dispose properly of those wastes.

19.8. Environmental Records. Project Company must maintain and make available to GPA all records, inspection logs, and manifests that track the generation, handling, storage, treatment, and disposal of hazardous waste relevant to the Premises, as well as all other environmental records required to be maintained by Project Company in connection with its use and activities on the Premises by applicable Laws. GPA reserves the right to inspect the Premises and Project Company's records for compliance with applicable Laws relating to the generation, handling, storage, treatment, and disposal of hazardous waste, as well as to the discharge or release of hazardous substances. Violations will be reported by GPA to appropriate regulatory agencies, as required by applicable law. Project Company shall be liable for the payment of any fines and penalties that may accrue as a result of the actions of Project Company.

19.9. Spill Plans. If hazardous waste, fuel, chemicals, or other regulated hazardous substances will be present on the Premises, Project Company shall prepare a completed and

The plan shall comply with all applicable requirements and shall be updated from time to time as may be required to comply with changes in Site conditions or applicable Laws, and where required, shall be approved by the Government Authority having regulatory jurisdiction over the plan. The plan shall be independent of GPA spill prevention and response plans. Project Company shall not rely on use of GPA's personnel or equipment in execution of its plan. Project Company shall file a copy of the approved plan and approved amendments thereto within fifteen (15) days of approval. Notwithstanding the foregoing (except as set forth in Section 19.5 above), should GPA provide any personnel or equipment, whether for initial fire response or spill containment or otherwise on request of Project Company, or because Project Company was not, in the sole opinion of GPA, conducting timely cleanup actions as required of Project Company under applicable laws and regulations, Project Company agrees to reimburse GPA for its costs in accordance with all applicable Laws.

19.10. RCRA Compliance. Project Company shall comply with the hazardous waste permit requirements under the RCRA or its state equivalent and any other applicable hazardous waste Laws pertaining to Project Company's use or activities on the Premises. Project Company must provide at its own expense hazardous waste storage facilities that comply with all applicable Laws that it may need for storage. Project Company shall store, mix, and apply all pesticides within the Premises only in strict compliance with the Pesticide Management Plan. The pesticides will only be applied by a licensed applicator.

Project Company shall not install or use any septic tank facility.

19.14. Environmental Access. GPA, U.S. EPA/Guam EPA, and the government of Guam, and their respective officers, agents, employees, contractors, and subcontractors have the

right, upon reasonable notice to Project Company to enter upon the Premises, to conduct investigations and surveys, including, where necessary, drilling, soil and water sampling, test pitting, and testing soil borings, if applicable.

GPA shall in no event be required to make any alterations, additions, improvements, replacements, renewals or repairs of any kind, nature, or description, whatsoever during the term of this Lease Agreement, nor shall GPA be required to furnish Project Company any utilities or services of any kind whatsoever during the term unless specified otherwise in the ECA.

Project Company shall be responsible for obtaining utilities and services for the Premises unless specified otherwise in the ECA. Project Company shall have the right, subject to Article 8, to install utilities, or make improvements to existing utilities on the Premises, including but without limitation, the installation of emergency power generators, that may be necessary for the operation of the Project Facilities.

Project Company shall pay to the proper authority when and as the same become due and payable all taxes, assessments, and similar charges that, at any time during the Term of this Lease Agreement may be imposed on the Premises.

ARTICLE 16: LIABILITY ON DESTRUCTION OF PREMISES

If, during the Term of this Lease Agreement, buildings, improvements, or the building service equipment in and on the Premises at the commencement of the Term or thereafter erected on or in the Premises shall be destroyed or damaged in whole or in part by fire or other cause, Project Company shall give to GPA notice thereof. Project Company shall, in accordance with its obligations under the ECA and to the extent such costs are covered by insurance policies obtained by the Project Company as required by the ECA, promptly repair, replace, and rebuild the destroyed buildings, improvements, or equipment on the premises, at least to the extent of the value and as nearly as possible to the character thereof at the commencement of the Term and thereafter erected on the Premises. In no event shall GPA be called on to repair, replace, or rebuild any buildings, improvements, or equipment, or to pay any of the expenses thereof, unless such destruction is caused by the negligent act or omission or intentional act of GPA, its agents, or employees.

ARTICLE 17: LIABILITY FOR INJURY OR DAMAGE UNDER LEASE AGREEMENT

Project Company is and shall be in exclusive control and possession of the Premises as provided in this Lease Agreement, and in no event shall GPA be liable for any injury or damage to any property or to any person happening on or about the Premises, or for any injury or damage to the Premises, nor to any property of Project Company, or of any other person contained in or on the Premises, except to the extent caused by the negligent act or omission or intentional act of GPA, its agents, or employees.

ARTICLE 18: LIABILITY FOR INSURANCE FOR LEASE

During the Term of this Lease Agreement, Project Company, at the expense of Project Company, shall be responsible to ensure that there is effective insurance covering Project Company's use of the Premises and operations allowed under this Lease Agreement, as provided for and in accordance with Article 14 of the ECA.

ARTICLE 19: ENVIRONMENTAL PROTECTION

19.1. Compliance with Law. Project Company shall comply, at its sole cost and expense, with the Laws that are applicable to Project Company's activities on the Premises. Project Company shall be financially responsible for environmental contamination of the Premises which occurs during the Term of this Lease Agreement, unless otherwise specified in the ECA.

19.2. Permits. Project Company shall be solely responsible for obtaining at its cost and expense any Governmental Authorizations required for its operations under this Lease Agreement as set forth in the ECA.

19.3. Indemnification. Subject to Section 19.5, Project Company shall, to the maximum limit provided for under the relevant insurance coverage under Article 14 of the ECA, indemnify and hold harmless GPA, and defend GPA against, any damages, costs, expenses, liabilities, fines, or penalties resulting from releases, discharges, emissions, spills, storage, treatment, disposal, or any other acts or omissions by Project Company, its officers, agents, employees, or contractors, or licensees, or the invitees of any of them, giving rise to GPA liability, civil or criminal, or responsibility under environmental Laws, except to the extent caused by the negligent act or omission or intentional act of GPA, its agents, or employees. This paragraph shall survive the termination of this Lease Agreement, and Project Company's obligations under this paragraph shall apply whenever GPA incurs costs or liabilities for Project Company's actions of the types described in this paragraph.

19.4. Inspection. GPA's rights under this Lease Agreement specifically include the right for GPA or its officials to inspect upon reasonable notice (as set forth in the ECA) the Premises for compliance with environmental, safety, and occupational health Laws, whether or not GPA is responsible for enforcing them. Those inspections may be made without prejudice to the right of duly constituted enforcement officials to make them. GPA will give Project Company twenty- four (24) hours prior notice of its intention to enter the Premises unless it determines the entry is required for imminent safety, environmental, operations, or security

purposes. Any claims by Project Company against GPA for damages arising from such entry shall be governed by the Government Claims Act.

19.5. Environmental Liability of Project Company. Notwithstanding any other provision of this Lease Agreement, Project Company does not assume any liability or responsibility for environmental impacts and damage caused by the prior property owner's use of toxic or hazardous wastes, substances, or materials on any portion of the Premises unless such liability or responsibility is provided for in the ECA. Project Company has no obligation under this Lease Agreement to undertake the defense of any claim or action, whether in existence now or brought in the future, solely arising out of the use or release of any toxic or hazardous wastes, substances, or materials on or from any part of the area, including the Premises, which occurred prior to the applicable Commencement Date.

This Section 19.5 shall survive the expiration or termination of this Lease Agreement.

19.6. Response or Remedial Actions. Project Company agrees to comply with the provisions of any health or safety plan in effect or any hazardous substance remediation or response agreement with environmental regulatory authorities during the course of any of the above described response or remedial actions. Any inspection, survey, investigation, or other response or remedial action will, to the extent practicable, be coordinated with representatives designated by Project Company. Any claims by Project Company or subcontractor against GPA for damages arising from such actions shall be governed by the Government Claims Act.

19.7. Storage of Hazardous Wastes. Project Company must comply with all applicable Laws relating to occupational safety and health, the handling and storage of hazardous materials, and the proper generation, handling, accumulation, treatment, storage, disposal, and transportation of hazardous wastes. Project Company shall not treat, store, transport, or dispose of hazardous waste unless Project Company is in possession of any required permit issued to it under the Resource Conservation and Recovery Act, as amended ("RCRA"). Project Company shall not treat, store, transport, or dispose of any hazardous waste under, pursuant to, or in reliance upon any permit issued to GPA.
