On February 6, SW received a phone call from CPS in regards to the female minor (10yrs) at the shelter. SW was informed that minor would be exiting the shelter and placed with a foster parent. On February 7, a CPS Social Worker arrived at the shelter to provide transportation for minor and to assist in transitioning her out of the shelter.

Doc. No. 34GL-17-0422.

On February 9, SW received a call from CPS in regards to two female minors (eight (8) and nine (9) yrs. old) at the shelter. SW was informed that CPS would be transitioning the two minors from the shelter and placing them with foster parents. Both female minors are of five (5) siblings who entered the shelter on January 1, 2017. Due to placement issues, CPS advised that they split up the siblings in order to place toddlers in need of emergency placement. On February 10, CPS arrived at the shelter to provide transportation for the minors. Minors exited at 4pm.

On February 14, SW received a phone call from CPS regarding a two (2) year old toddler. He had been placed with a foster family but due to the family receiving a child with disability, they were not able to care for both children. On February 16, SW was informed that minor would be entering the shelter later that day. Services provided for the toddler included personal care, various activities, and transportation to Erica's House. On February 27, a call from CPS revealed that minor would be returning back home to his mother. Transition took place on February 28 at 3pm with transportation provided by CPS.

Currently at the shelter, we have seven (7) Chamorro minors, one (1) Filipino minor, and one (1) Taiwanese minor.

For one set of siblings, there were a total of five (5) visitations made for this month. All visitations took place at Child Protective Services, with their parents. On February 10, an appointment was made at American Medical Clinic-Mangilao to update Immunization Cards. All four (4) siblings were seen by a pediatrician and given their updated shots. On February 13, the siblings were taken back to AMC for their PPD readings which were all negative.

Another set of siblings, a five (5) year old female and seven (7) and eleven (11) year old males remain in the shelter. On February 4, an appointment was made with American Medical Clinic-Tamuning to update Immunization Cards.
