Problems Encountered:

A challenge encountered this quarter is once again not being able to identify an alternate placement in a timely manner for youth who are wards of the state due to exhaustion of alternate familial placement and limited foster care placement. The youth and parent are always encouraged to sign up for aftercare services to help with the transition back home easier when problems arise. Unfortunately most clients who have exited our care this quarter opted not to participate in aftercare, but were still provided with a transitional plan to be used at their discretion. Parent involvement in programs (groups and supportive counseling) is limited; parents do not participate in all the services we recommend despite agreeing to participate and access other services upon intake of client. Finally, one of the key issues were parents who failed to comply and provide positive family support to the youth in our shelter. This contributes to the relapse in negative behavior once the youth has returned home.

Future Plans:

The Case Management and Counseling departments continue to develop corrective action plans to address several gaps in services such as improving placement time periods, monitoring of case management activities, and case updates. Sanctuary continues to partner with agencies such as Child Protective Services and the Department of Youth Affairs by increasing day to day communication to discuss ways to better serve clients in shelter. We now also have funding through the Basic Center grant to assist in funding self referrals in shelter. To assist with these plans we continue to increase our staff population, and currently have a second case manager in training. Executive Director Theresa C. Arriola continues to partner up with many other organizations on island to promote and bring about awareness on issues that directly affect the youth in our community. Throughout this summer we have also teamed up with other organizations in the community to keep the youth in our shelters occupied with several recreational and educational activities.

Performance Measures:

Social Competence	Case Manager and shelter staff have reported to observe improvement in social interactions and, defined as maintaining positive relationships with others 23 of 26 (80%) clients served within this reportiug period. Observations are based on demeanor aud nature of client interactions as documented using daily client progress reports.
Family Relationships	Noted improvements in family relationships, defined as willingness to address family issues, and improved styles of communication, has been reported by case manger 18 out of 20(90%) based on parents verbal feedback to the Case Manager. Several of the clients during this reporting period were wards of the state. The number provided above only includes clients who were able to work towards reunification with a family member or foster parent. It is challenging to work on a family relationship when a family member or foster parent is not identified. More than 30 days are needed to

	work on fostering a positive relationship when working with CPS clients and their family members or foster parent.
Families Satisfied with Program	A total of 18 out of 20 family members reported verbal feedback during this reporting period. Of the total number of family members who have reported 90% have stated to be satisfied with all aspects of the program including 85% of families stating that they will access Sanctuary services for future familial issues. Again the numbers above only include cases in which parental involvement is present. Areas surveyed include: 1) Noted quality in family relationships 2) Future access of services 3) Accessibility and response time 4) Overall rating of services 5) Recommending services to others
Client Satisfaction	Of all clients who have completed satisfaction survey, 24/26 clients reported an increased quality in familial relationships. 25/26 stated that they had good or very good access to services with prompt response time. 24/26 rated overall services as good or very good and 25/26 clients surveyed have indicated that they would likely or very likely refer others to Sanctuary for services needed.
