IV. PRESIDENT'S REPORT

Guam Museum

DCA President Sablan stated that the permanent exhibit fabrication is ongoing and expected to be completed by March 15, 2018 and hopefully the soft opening will be on March 17, 2018. Nicole can further provide information on the Museum. Calvo to provide a report on the Guam Museum. He further reported that Galaide's contract expires April 4, 2018. The contract also states there is an option to renew subject to the availability of funds. DCA had written a letter of intent to Galaide to extend the agreement subject to the submission of their cost and pricing data for one (1) year of operation. President Sablan added that the information had been provided however, he has not reviewed it. DCA has a negotiating team which includes Governor's Office, Assistant Attorney General, Jessica Toft, Administrative Officers Marilyn Reyes and Sherrie Barcinas, Museum Administrator, Nicole Calvo and DCA President. President Sablan asked Chairman J. McDonald if he had any advice for the negotiations.

President Sablan stated that the letter of intent was sent to Galaide December 22, 2017 to request for the cost and pricing data that we required for a one (1) year extension on the management/operation of the Guam Museum. Due to the highly successful changing exhibit Paul Jacoulet and the installation of the Treasures of FestPac changing exhibit, Galaide had requested for two (2) extensions and was given a deadline of January 31, 2018.

President Sablan mentioned that DCA had sent a letter of extension to our oversight chairwoman, Vice-Speaker Therese Terlaje to extend the admission fees for the Guam Museum. He had spoken with her and she stated that she will look into it and see if there are other feasible options.

President Sablan concludes his report on the Guam Museum and asked if there were any questions.

B. Limtiaco asked when were the fees set. President Sablan said the fees were set on August 2016 or between August and October 2016. The fees were good for one (1) year and that is why it is referred to as "interim fees". B. Limtiaco asked if DCA had gotten any feedback on the current fee schedule whether the fees being charged are enough, too much, too little for certain categories. President Sablan asked N. Calvo to report. N. Calvo mentioned that a thorough analysis has not been done as the permanent exhibit has not been opened. The current fees are – general public is $3, children under 5 is free as well as the manåmko' 55 and below. When the Permanent Exhibit opens the cost will be exponential because of the sheer size and volume of space it is occupying which is on the 2nd floor and then moves down to the 1st floor. N. Calvo further explained that the reason for requesting an extension for three (3) months is to gauge how the museum will be operating as there are certain things to look at such as fees strictly just for the changing exhibit or is there one fee for people to see the permanent exhibit and the changing exhibit which most of the museums in the nation do, so there are factors that need to be considered. The current fee of $3 is very little. The admission and event fees help to sustain what needs to be done with the collections and the exhibits. N. Calvo stated that any feedback on strategies will be provided to the board. The urgency of this also is to work with GVB as they will work with tour operators to place it on a schedule so that when the tour groups visit the museum, the rack fees are ready. We are hoping the vice speaker grants the extension or if the vice speaker deems that we do not have to go through the AAA process then the board will make the decision.

N. Calvo stated that the Product Review Panel met on 1/17/18 and completed the policies and procedures for product placement in the Kosas Store. Courtesy copies of the policy have been distributed to the board. President Sablan will review it and make necessary changes. Once it is approved, it will be posted on the website for interested vendors. Next meeting is scheduled 2/15/18 to review items that have been submitted thus far.

N. Calvo also reported that the Jacoulet changing exhibit was extended for a week and it finally closed on 1/14/18. There were 3,375 visitors just for this exhibit and received rave reviews from the community. The private collectors of Jacoulet who lent their art to the museum were happy with the results.

N. Calvo thanked those who attended the special preview of "Treasures of FestPac" last week Thursday. This exhibit features gifts given to the Governor, the First Lady, and the Museum from the delegates. The exhibit also features photographs throughout the island featuring FestPac festivities from various photographers. This exhibit will remain open through April 1, 2018.

N. Calvo thanked the board for approving the submission of a grant to GPT which was submitted on 1/5/18. The grant amounts to a little over $25,000. In total, the grant will

be about $50,000 to include a match. The Museum will also be receiving $5,000 from the Museum Foundation. Hopefully there is feedback from GPT by the next meeting.

N. Calvo stated that the anticipated date of opening for the permanent exhibit will be in March and there is a lot of work going on and it's exciting because it's almost here. She also stated that there will be six (6) hour meetings just for the permanent exhibit. She also described that seeing all these creative minds come together it's an incredible feeling and it's overwhelming and is grateful for the team behind this exhibit. She further stated that when the permanent exhibit is completed, the Board will be one of the first to see it.

N. Calvo provided the Board with the DRAFT Collection Management Plan (CMP). The CMP is the bible of the Museum. This plan provides the types of policies, guidelines, and procedures that are in place for curation and collections management. It also provides information on what is expected of a Kosas Board Member. Essentially the Kosas Board is an advisory board for the curator. If the curator submits an artifact to be added to the collection, the Kosas Board will make a determination and bring it before the Board of Trustees and explain the significance if the amount of the artifact is over $5,000. If the artifact is less than $5,000, the Kosas Board will make the determination. She further stated that the CMP is one of the first steps in attaining accreditation. The CMP was created by SEARCH in collaboration with the museum operators. The CMP is presented to the Board to take action to approve/disapprove. N. Calvo added that once there is a Kosas Board, she will conduct an orientation with the board on the CMP.

B. Limtiaco asked N. Calvo who else has reviewed the CMP. N. Calvo replied that besides the museum operators working with its sub-contractor SEARCH, it would only be the Board. She further added that the CMP is mimicking what the accreditation criteria is for the American Alliance Museums (AAM).

B. Limtiaco moved the motion to approve the Guam Museum Draft Collections Management Plan. Seconded by F. Lizama. Motion Passed.

Chamorro Village

President Sablan asked who had seen the article about the Chamorro Village. Merchants meetings were held in November and December to inform them that we are 1) in the planning stages to promote the Chamorro Village and are seeking funds for advertising; 2) the merchants will have to advertise their business. There were many feedback. It is the same people that are complaining. The parking issue had been resolved by providing parking at the huts area during the week days. Another complaint was made about the crosswalk and the crosswalk is there for safety reasons.

President Sablan further stated that the Chamorro Village is moving ahead towards a positive cash flow and making a viable Chamorro Village. He also stated that he had spoken with Mr. Nate Denight and Tony Muna of GVB and they had suggested in assisting the Chamorro Village with a marketing plan up to $15,000 prepared by GVB. DCA would have to submit an application online or visit the GVB office.

President Sablan mentioned that Chamorro Village has a QC of $25,000 from GEDA to upkeep the Chamorro Village restrooms and checked every two hours. The Chamorro Village has a maintenance crew that keeps the grounds and facilities in good shape. There are some delinquencies and have evicted five (5) people. Eviction notices were

given 30 days ago. Two (2) have paid and may continue with their lease. The other three (3) has not paid therefore, the doors will be locked today. President Sablan added that Chamorro Village is moving ahead in being strong in eviction for those that have not paid their rent. He also mentioned that the trash collection is being paid by the tenants. The water, there are some challenges in collecting. Billings have been sent to the merchants however, they have not been paying. Chairman J. McDonald asked if the meter can be turned off. President Sablan replied that he would look into how to lock the sub-meter. There is a shut-off valve that still can be turned on.

B. Limtiaco commented that it would be a breach in their contract. President Sablan said that it is stated on the new contract. He further stated that he had not signed any new contracts as the food tenants are a concern.

F. Lizama reiterated the issue of security. He is aware there is no funding for security. President Sablan stated there is no funding for night security. F. Lizama stated the security is for the day time because of the kids from Hurao and the bus. He recommended that we request for the police to periodically check the area as we may never know what will happen. If a police car patrols the area once, twice or three times a day that will cause a deterrence psychologically. President Sablan stated that he had asked Chief Cruz and he said whenever they can, they will do that. The other solution is upgrading the security when funds become available.

B. Limtiaco gives kudos to Chamorro Village for the Sunday flea market. Has been hearing from random people about renting space for the flea market.

F. Lizama stated that he was told that farmers are free. President Sablan affirmed that statement.

President Sablan mentioned that there will be many activities happening at the Village for Mes CHamoru. Mes CHamoru Proclamation Ceremony is on 2/23/18 at the Guam Museum at 4:00 p.m. Also, the challenge bowl will be at the Guam Museum and will be recorded and will be aired on PBS. If you would like to be a judge see President Sablan.

Rules and Regulations Governing the Senator Antonio M. Palomo Guam Museum and Chamorro Educational Facility Fees and Facility Rental

Title 5 Guam code Annotated, Chapter 9, Article 3
ECONOMIC IMPACT STATEMENT
ANTONIO M. PALOMO GUAM MUSEUM AND CHAMORRO EDUCATIONAL FACILITY

The Department of CHamoru Affairs anticipates revenue projections of over $500,000 as a result of a much needed increase in its admission and event fees for the Antonio M. Palomo Guam Museum and CHamoru Educational Facility (Guam Museum). The factors in making this determination are listed below.

I. Purpose and Need

Section 87104 (c) of Article 1, Chapter 87 of Title 5 Guam Code Annotated (GCA) authorizes the Department of Chamorro Affairs (DCA) – a Public Corporation, to adopt, amend and repeal bylaws and other rules, regulations and directives governing the conduct of its business and the performance of the powers and duties granted to or imposed upon it by law. This includes going through the Administrative Adjudication Law to promulgate the Museum admission fees and facility event rental rates to support the operations and the curation of the collections at the Museum.

The new Guam Museum in Hagatna officially opened its doors to the public in October of 2016. On September 1, 2016, the Board of Trustees of the DCA approved interim admission fees and event space rental rates pending the completion of the permanent exhibit (*I Hinanaota*) in accordance with Public Law 25-069.

The current fees and rental rates were designed to be as low as possible to help generate interest from residents and tourists pending the completion of *I Hinanaota.* The permanent exhibit is now expected to be completed on or about the 30th of March, 2018 and the DCA finds that increases in admission fees and event rental rates are necessary and crucial to meet the goal of making the Museum as self-sustaining as possible.

II. Financial Impact

The Guam Museum is considered a leisure activity – one that caters to residents interested in Guam's culture, history and heritage. Primary K-12 schools and higher education students, residents and tourists. *As such, there is no mandate or requirement to visit the Museum – visits are purely by choice and based on the visitor's disposable income.*

The operations, management and maintenance of the new Guam Museum is privatized and is funded through appropriations by the Guam Legislature. Government funds are augmented through admission fees and event space rentals as well as revenues derived through the retail and café sales. Membership fees and fundraisers also provide limited funds to assist in purchasing equipment and to support changing exhibits.

While the overall goal is to make the facility self-sustaining, it is anticipated that there will always be some form of government subsidy that will be required. This is due to

the very nature of museum operations which includes collections management, facilities maintenance, public relations, educational programming and outreach, research, design, development and curation of changing exhibits as well as staffing and management to name just a few.

The purpose of increasing admission and event space rental fees is to offset government expenditures for the operations, management and maintenance of the facility to the extent possible.

Currently, the total non-government revenues for 2017 to the museum was $257,668.62. With the increase of the admissions and event space rental fees it is projected that this number will increase to $973,479.25 bringing self-sustainability closer to a reality and thereby lessening the financial impact to the government.

III. Potential increase or Decrease to Cost of Living or Price of Goods or Services

As the museum is a leisure activity, there is no quantifiable increase or decrease to the price of goods or services on the overall economy.

IV. Direct or Indirect Impact of Employment

Currently the museum employs 12 full time employees and 10 part- time employees in specialized positions to include curatorial staff, museum attendants, facilities personnel, educational programming specialists, researchers and management. This does not include the additional labor effort provided by the operator's corporate office personnel and subcontract employees including a part-time professional archaeologist and several security guards who are staffed at the museum 24 hours per day.

V. Increase or Decrease in Cost of Business

As this is a leisure activity, there is no measurable effect on the overall cost of doing business on Guam.

VI. Adverse or Beneficial Economic Impact

Again, as this is a leisure activity, there is no measurable adverse impact on Guam's economy. The beneficial economic impacts include reducing overall expenditures of the general fund and adding yet another positive attribute to Guam's tourism industry and marketing efforts by the Guam Visitors Bureau and the Guam Economic Development Authority.

§87145. Variance.

In the event that an establishment or person is unable to comply with certain requirements of these rules and regulations, upon showing of good cause which is not the result of negligence

or malfeasance, the President may grant a variance from the requirements of a particular rule by making a written determination. Before a variance from a requirement of these rules is approved, the establishment or person shall first submit a written statement of the proposed variance from the requirement citing relevant section number(s). The written statement shall include an alternate plan to address the potential impact under the relevant rule sections. The President, not his/her representative, is delegated the authority to approve such variance.

§87146. Effective Date.

These rules and regulations shall become effective immediately upon enactment.

§87147. Severability.

If any provision or the application of any provision of these rules and regulations are held invalid, such invalidity shall not affect the other provisions or applications of these rules and regulations.

Chamorro Village (I Sengsong Chamorro)

BOARD MEETING REPORT

March 15, 2018

On December 29, 2017, four (4) merchants were issued eviction notices for rental exceeding 90days. These businesses had until 4:00pm, Monday, January 29, 2018 to make full payment or clear out by 5:00pm the same day. Out of the four only two failed to make full payment and evicted from the premises. These merchants are:

SWEET ESCAPE, MaryAnn Perez, Owner – Sale of Sweet Treats and Ice Cream at Unit 126.

TERRY'S FAST FOOD, Teresita Sablan, Owner – Sale of Chamorro Food at Unit 124.

AS OF MARCH 01, 2018, *we have the following number of businesses at the Chamorro Village:*

RETAIL 23
FOOD 11
ORGANIZATION 01
GUAM MASTER CRAFTERS.. 03
PRODUCE SHOP 01

TOTAL: 39

AVAILABLE UNITS: FOOD ..... 07 (Units 124, 126, 160, 161, 165, 166 & 169)

NO UNITS AVAILABILE FOR RETAIL, PRODUCE & NUSERY SPACES

FILLING IN VACANT KITCHEN SPACES:

Advertisements were made in both classified section of the Pacific Daily News and The Post. Advertisement started on December 29, 2017 and continued to January 2018. Since then we had a total of ten (10) people that responded to the advertisements to both PDN and The Post. I met with several applicants that picked up application at the Chamorro Village Office. Eight (8) responded to PDN and Two (2) from The Post.

Three (3) food applicants submitted their application for space that have been reviewed and approved to occupy vacant kitchens 124, 126 & 166. We anticipate having them moved in this month.

I have meet with two (2) prospective food applicants early this month and they are working on their business plan which we hope to occupy two more vacant kitchens Unit 161 & 166.

There are two kitchens that require various repairs and cleaning *(hood, electrical, plumbing, tiling, window and frame and carpentry for kitchens 160 & 169)*. Our kitchens are over 20 years old and have not been upgrade since the early 90's. Repairs are estimated between $2k to $10k; however, we are handling certain repair in-house to save on expenses.

DELIQNUENT VENDORS:

Delinquent notices will be issued out this week to merchants that are currently behind on their rent.

Eviction notices will also be issued to any merchant seriously behind on their rent.

PROPOSAL TO CHANGE BUSINESS HOURS OF OPERATION

On November 21st thru 27th, 2017, a petition was circulated among several Chamorro Village merchants to request changes to the Hours of Operation for the Chamorro Village. Out of 41 merchants, 18 responded that showed a majority selected closing on Sunday and operating Monday to Saturday from10:30am to 5:30pm.

A General Meeting was held with the merchants on Thursday, February 8, 2018 at the Chamorro Village, Main Pavilion and merchants requested to change the Hours of Operation.

CV sent out a survey that was sent out on to the merchant's on Wednesday, February 21st to all the merchants. The following are the results of the survey.

Autistic man navigates dating scene

DEAR ANNIE

Dear Annie: I am a 36-year-old man living with my father. I also have autism, and because of this, I have had difficulty in dating women.

For a few years, I was on the dating website called I Love Your Accent (I had been on 10 other sites prior to that), which matches American and British singles, but nothing happened.

Then, last fall, I downloaded the app UK Social and became friends with a British girl from Birmingham. As it turned out, she was not trustworthy. She asked for money, and I had to end the conversation. My mother got upset and intervened.

Now I am starting a relationship with a girl around here named "Erin." There is a problem: She is somewhat nerdy and has the same condition I have. What should I do?

– *Ethan in Hanover*

Dear Ethan in Hanover: There's no such thing as an ideal girl. There is only a girl who is ideal – or close enough to ideal – for you. Don't dismiss Erin simply because she's "nerdy." If she's a nerd, that just means she has interests she's passionate about. Strong interests make people interesting. And if you both have autism spectrum disorders, you might find that you understand each other in a unique way. I say give it a try. You don't need to make any major decisions right away, but go on some more dates with Erin and see how you two get along. Good luck.

Dear Annie: Recently, you printed a letter from "Betty," who wrote about the death of a friend and how she was treated by family.

I loved her suggestions regarding caring for the dying. Back in 2013, my 92-year-old mother went downhill in a hurry. We called in the angels from hospice, and they talked us into using a hospital bed in a second bedroom. Even though I wished there were some way for her to continue sleeping with my dad, she became too fragile to move.

The day we were warned that her struggle was not to last very long, my dad and I took up a vigil. Most of the time, we were both with her. Shortly after midnight, I needed to take a break and went into the living room with the nurse. Not five minutes later, I heard my dad's chair creak, and by the time I got to the doorway, he was kissing her goodbye. He passed me without a word and went to bed. I sincerely believe she was waiting until she could be alone with him before letting go.

When my dad and I had a chance to talk about it much later, he agreed that he was happy to have had alone time with her. I thought he needed my presence to bring him comfort. I think I should have given him more alone time with her. They had been married for over 73 years, and except for during World War II, they had very rarely spent bedtime away from each other.

– *Fortunate Daughter*

Dear Fortunate Daughter: I believe your letter will touch many hearts, as it certainly touched mine. Thank you for writing.
