GUAM MEMORIAL HOSPITAL AUTHORITY **PUBLIC HEARING ON HOSPITAL FEES** Friday, June 29, 2018 @ 9:00 A.M. DL Webb Conference Room	ATTENDANCE	
	Present: Benita A. Manglona, Chief Financial Officer/ Presiding Hearing Officer Frumen Patacsil, Hospital QI Specialist	**Guests Present**: Refer to attached Attendance Sheet

	AGENDA	DISCUSSION / RESPONSES	DECISION / ACTION
I.	Introduction	Ms. Benita Manglona introduced herself at the public hearing as the Chief Financial Officer and the Presiding Hearing Officer for this public hearing and announced the commencement of this public hearing at 9:04 a.m.	Informational
II.	Opening Remarks	On behalf of the GMHA Board of Trustees, the Hospital Administrator/CEO and the GMHA employees, Ms. Manglona welcomed the attendees at this public hearing. She indicated that we had an agenda to follow and the public would be given an opportunity to ask questions later.	Informational
III.	Purpose of the Public Hearing	Ms. Manglona cited the enactment of Public Law 26-66 in December 2001 that removed the rate-setting jurisdiction from the PUC and gave it to the GMHA Board of Trustees. She also cited the Guam Code Annotated 10GCA §80109 that gave the authority to the Hospital to set its rates. In compliance with the Administrative Adjudication Law and further Guam Code Annotated directives, the Hospital did publish in The Guam Daily Post the announcement of this public hearing. The Hospital also sent the notice of this public hearing via facsimiles to various news media organizations and via electronic mails to the Governor's Office, Lieutenant Governor's Office, the Congresswoman's Office, and to our elected Senators of the 34th Guam Legislature. In addition, letters were sent to the third party payers via electronic mails inviting them to this public hearing. The Hospital also posted the Notice of Public Hearing and the list of new fee items on its official website as mandated by public law.	Informational
IV.	Presentation of Proposed New Fees	Mr. Patacsil introduced himself being in charge of the Hospital Charge Library. He presented at this public hearing a total of 88 new fee items. These new fee items were submitted by different hospital departments from March to June 2018. The summary of these new fee items were as follows:	Informational

V.	Testimonies from the Public	Mr. Sedfrey Linsangan, business owner of Guam Pacific Enterprise and a vendor of the Hospital, provided the following testimony: <u>Increase in fees</u> Mr. Linsangan addressed his concern that the Hospital must increase its fees in alignment with the other hospital. Ms. Manglona clarified that this public hearing was not for increase in fees, but for introduction of new fees and services. We are required to have a public hearing every quarter when the Hospital introduces new fees or supplies. Ms. Manglona stated that she started introducing the fee increase in 2015 and had the Board of Trustees approve the automatic increase of fees at 5% every year. We were able to increase about 300 fee items 3 years ago that have fallen below Medicare rates. We recently increased our fees on April 1, 2018. We are also working on increasing other fees, such as the room and board rate at the Hospital because with the annual 5% fee increase, our fees are still way below to cover the overhead and operational cost. We have a committee formed to review the Hospital's room and board rates to bring more revenues to the Hospital. We hope to request for a public hearing within the next month or two to address the common denials from the insurance companies and look at bundling some of the supplies to be included in the room and board rate to avoid denials. <u>Medicare Rate/CMS Payment</u> Mr. Linsangan addressed his concern on the big rate difference CMS pays the Hospital and the new hospital. The Hospital needs to provide all the justified data required to avoid being underpaid because we cannot afford losing Medicare and Medicaid. Ms. Manglona responded that we already provided the information CMS requested. The Hospital submits its Medicare Cost Report annually. The Medicare Cost Report was audited by CMS in 2015, which validated the charges of providing services to Medicare patients. As a result, the Hospital received additional reimbursements from Medicare for 2007, 2008 and 2013.	Informational

		Ms. Manglona further stated that we are still pursuing reimbursement for other years because we have proven to CMS that we have been under reimbursed. She has been working with the Region IX and the Office of Insular Affairs (OIA) to seek assistance in having Medicare issue additional reimbursement payment of $4.3 Million to the Hospital for 2014 and 2015. We are also waiting for Medicare to review our requests for additional reimbursement of $8 Million for 2016 and 2017. The Hospital has been very proactive in seeking additional money from CMS. We also have problem with reimbursement from MIP/Medicaid because it is being paid locally. With regard to CMS payment, there is a difference between the Hospital and the new hospital. CMS determines the new Hospital's current rate based on what their current cost is. The Hospital's base rates are in the 1990, which increased with a small inflationary factor that was insufficient. According to CMS, we could seek additional reimbursement every year but we have to ask for it every single year. The Hospital has been persistently asking for reimbursements but was delayed in receiving reimbursements because the process takes time. We have also been asking for a permanent rebasing instead of asking for it every year. Mr. Linsangan further inquired how much CMS is paying the Hospital for previous billings. Ms. Manglona stated that it increased to $1,374 this year. The reimbursement to the new hospital is higher because of their new facility with new equipment and also based on their census versus the investment of the facility. If the Hospital invests and updates the facility, we could also put that in our cost and could get a higher rate. We would continue to appeal to CMS but it takes time. <u>GMH Billing</u> Mr. Linsangan also inquired about the problem that caused late billing. The Hospital should bill immediately or within the billing time frame in order to get paid. Ms. Manglona explained that we have a billing process to follow. The patient does not automatically receive the billing because we will bill the insurance company first and when the insurance company denied certain portion, we will go back and forth in re-billing. If there is a secondary payer, we bill the secondary insurance and whatever portion is not covered or the insurance does not pay, we will then bill the patient. She added that we have a lot of self-pay patients who cannot afford payment but we still have to treat them. We also have numerous social case patients who have been admitted for years. They do not have the ability to pay and we could not unsafely discharge them. She always addressed these challenges at the Legislature and requested to fund the Hospital because this is the community responsibility. History tells that the Hospital has not been adequately funded for decades.	Informational

		We also experienced another problem with missing or inaccurate insurance information when registering the patients. We were able to acquire a new registration system called AccuReg that has tremendously reduced the registration errors and prompts for patient information during registration. Our Billing Department has significantly improved after we transferred to a new system, which is better than what we had in the past. We also provided online payment service that encourages those who are willing to pay but are unable to come to the Hospital. We also referred to collection agency to collect past due accounts and even garnish their tax refund. <u>Hospital Subsidy</u> Mr. Linsangan further mentioned about the $15.2 Million dedicated funding based on the FY2018 adopted budget by the Legislative. Benita emphasized that it was very misleading and she already clarified that we only received $9.5 Million for subsidy. The difference in the pharmaceutical fund was used to match for Medicaid payment for services, which we do not recognize as subsidy because we were paid to treat Medicaid patients. Mr. Linsangan stated that the Legislature complained that the Hospital's Board of Trustees or Management did not provide data to justify our needs. Ms. Manglona indicated that we did provide the data but she was not given the opportunity to speak in the recent legislative hearings. She did continue to follow through but in every budget hearing, we only received 1/3 or less of what we asked for. We had not been provided the adequate subsidy needed. If we did, the vendors would not be complaining and we would not be losing nurses. Ms. Manglona further stated that she would continue to fight for the Hospital's needs. For the past year, she even went to the villages to reach out to the community to present our needs. This is a joint responsibility with the Legislature as they are the one to appropriate the funding. The Governor is unable to authorize any assistance If there is no money to transfer from. She also informed that we submitted a $102 Million CIP needs for the Hospital and is fully justified. The submission came from Hospital staff that did their due diligence in getting information on the cost of items and also based on historical information we had on previous equipment we purchased. We would need the funding before we go out and ask for quotation or we need to certify for available funding if we go on bid. Ms. Manglona thanked Mr. Linsangan for supporting the Hospital. We always tried to pay our vendors, especially the critical ones. We might sometimes be late in paying, but we always make payments.	Informational

		Ms. Manglona indicated that the public could submit a written testimony to the Hospital Administrator/CEO within five (5) days after this public hearing. These testimonies would be incorporated into the submission package to the 34th Guam Legislature.	
VI.	Questions and Answers on Proposed Fees	Ms. Manglona commenced soliciting from the attendees for any questions they might have concerning the new fee items presented. It was noted that there were no questions from the attendees present at the public hearing.	Informational
VII.	Closing Remarks	Ms. Manglona thanked everyone for making the time to attend this public hearing. The next public hearing will be scheduled in the next quarter.	Informational
VIII.	Adjournment	The public hearing was adjourned at 9:35 a.m.

Suspect dead after 20 injured in NJ shooting

(Reuters) – A suspected gunman was fatally shot after multiple people opened fire at an all-night arts festival in New Jersey, wounding 20 people including a boy who is in critical condition, authorities said on Sunday.

Prosecutors said a 33-year-old man was killed and a second suspect arrested after gunfire erupted at 3 a.m. at the event in the city of Trenton, about 60 miles southwest of New York City.

"Preliminary investigation reveals that multiple individuals attending the Art All Night event opened fire within the venue. ... Multiple weapons have been recovered," Angelo Onofri, prosecutor for Mercer County, told a news conference.

Among those wounded by bullets was a 13-year-old boy who Onofri said was in extremely critical condition. He said more than 1,000 people were believed to have been at the festival when the violence started.

"It absolutely could have been worse, given the confined space and the number of shots that appear to have been fired," Onofri said.

Authorities are investigating whether the deceased suspect was killed by police or by gunfire from other suspects, he said.

Organizers canceled the remainder of the event, billed as "24 hours of community, creativity and inspiration."

"We're still processing much of this and we don't have many answers at this time but please know that our staff, our volunteers, our artists and musicians all seem to be healthy and accounted for," the organizers wrote on Facebook on Sunday. "Our sincere, heartfelt sympathies are with those who were injured."

The New Jersey shooting occurs amid a debate about U.S. gun laws that was given fresh impetus by the massacre in February of 17 people at a high school in Parkland, Florida.

"It is a fact that our cities as well as our suburbs throughout America are experiencing an increase in public shootings and public unrest such as this," Trenton Mayor Eric Jackson told the news conference. "This isn't just a random act of violence. This is a public health issue."

Students begin tour to address gun violence

CHICAGO (The Washington Post) – The nation's contentious debate about guns came here this weekend, to a small, nondescript South Side park in a city where violence is rampant and the homicide count is escalating. Survivors of a suburban school mass shooting in Florida joined with survivors of an ongoing urban shooting epidemic in an effort to unite the nation's youth ahead of the upcoming midterm elections.

But instead of the walkouts and political speeches and boisterous rallies like one Friday night at a nearby church – which included music stars such as Chance the Rapper and Jennifer Hudson – on Saturday the students got down to work. In an understated effort in the struggling Auburn Gresham neighborhood, about 20 teenagers with the March for Our Lives movement began a 20-state summer bus tour with a drive to register young voters and encourage them to go to the polls.

> "We have this bond. We don't need to say anything. We all understand the pain."
>
> – *Lauren Hogg, 15, of Parkland, Florida*

The students and recent graduates of Florida's Marjory Stoneman Douglas High School, the site of a mass shooting in February that left 17 people dead and created a renewed effort to battle gun violence, said they don't want a repeal of the Second Amendment or to banish guns. Instead, they want to galvanize the youth vote to make their peers understand how they can play an important role in getting more sensible gun reform laws on the books.

"The only horse we have in this race is living until tomorrow," said Cameron Kasky, 17.

Volunteers maintained a registration kiosk as a DJ played music and local residents could pick up free fried chicken and ice cream. Partnering with teenagers from Chicago anti-violence groups, packs of young people canvassed surrounding blocks and rang doorbells. The Parkland and Chicago students, some of whom met during a Florida visit in March, walked leisurely as they talked and laughed with a familiarity that obscured the troubling circumstances that brought them together.

"We have this bond," said Lauren Hogg, 15, of Parkland, as she walked with Kaiseona Lockhart, 16, of Chicago. "We don't need to say anything. We all understand the pain." Lockhart, who said gun violence "happens daily" in her neighborhood, said she can relate. "We all experience trauma. Out here, you become immune to it," she said.

The Chicago teenagers, many of them who take part in local anti-violence groups, said they have grown tired of the outside world categorizing the gun violence on their streets as simply a gang problem, which they say allows lawmakers to avoid confronting a more nuanced reality.

Students spoke at a Saturday night town hall in suburban Naperville, telling a crowd that they are more than mere statistics and that the problem is about far more than just guns. They hope that the new association with the Parkland students will help expose other factors linked to the violence, such as unemployment and failing public schools.

"Taking out the guns would make a difference, but we have to tackle all the problems if we want to see true change," said Trevon Bosley, 20, whose brother Terrell, a musician, was killed in a shooting at a church where he was rehearsing.

AG: Cruz's candidacy not part of contract review

ELECTION'18

By John O'Connor

CAMPAIGN LAUNCH: *Sen. Dennis Rodriguez Jr. and running mate David Cruz officially launch their bid for Adelup on March 10 in Yigo. Post file photo*

Attorney General Elizabeth Barrett-Anderson said she was not aware that retired Air Force Col. David Cruz would be running for lieutenant governor when his teaching contract was brought to her office for review in February.

"It wasn't raised as a basis for the contract. Like a lot of people, I became aware when the signs came up," Barrett-Anderson said, adding later, "If I had known that this was the purpose of the contract, I probably would have given a queer eye and looked at it."

Cruz was terminated from his position on June 22, according to his campaign. The former Junior Reserve Officer Training Corps instructor is running alongside Sen. Dennis Rodriguez Jr. on the gubernatorial ticket.

He was initially a classified employee within the Guam Department of Education but became a contract hire prior to filing for candidacy.

A petition from former Sen. Bob Klitzkie pointed out that Cruz's employment was a violation of Guam's Mini Hatch Act, which restricts political activity by government employees.

Cruz said the termination was political discrimination.

He said it was made clear to GDOE that he intended to run for lieutenant governor and that he was instructed to proceed with changing his employment status in order to maintain his position at the department.

The attorney general's office reviewed and approved Cruz's contract some months ago.

GDOE and the attorney general did an "about-face," Cruz said previously.

Trigger point

The attorney general said the legal basis for approving the Cruz contract was the fiscal year 2018 budget appropriation for GDOE, which allows unclassified contracts.

"It was not reviewed with the backdrop of an individual who wanted to seek political office and with this, provide him a vehicle to do so," Barrett-Anderson said.

While the contract on its own is legal, the attorney general added, what the employee does after approval is not an issue of the contract but an application of the Mini Hatch Act to that individual.

According to Barrett-Anderson, the "trigger" was Cruz's candidacy – a clear violation of the Mini Hatch Act. GDOE requested the attorney general's opinion on Klitzkie's petition seeking Cruz's removal from the department.

Barrett-Anderson did not provide a legal opinion but gave verbal advice to GDOE Superintendent Jon Fernandez late last week.

Barrett-Anderson also said she wanted to clarify any "myth" regarding the Mini Hatch Act.

The law applies to all government employees, whether classified or unclassified, she said.

There are five exceptions for unclassified employees in law: elected officers, appointees nominated by the governor and confirmed by the Legislature, special or staff assistants to the governor, a person retained from time to time for professional or special services, and individuals working on a "casual basis."

> "(The contract) was not reviewed with the backdrop of an individual who wanted to seek political office."

PETITIONS: *In this May file photo, former Sen. Robert Klitzkie testifies during a legislative public hearing. Klitzkie recently filed a pair of petitions related to lieutenant governor candidate David Cruz's role as a teacher on the payroll of the Guam Department of Education. Post file photo*

Second petition

Klitzkie has since filed a second petition seeking disciplinary action against Fernandez for his role in Cruz's contract hiring. The petition was sent to the Guam Education Board and Guam Election Commission.

GEB Chairman Mark Mendiola said the board is in receipt of the petition. He has no comment on the petition as the matter is taken under advisement.
