DETERMINATION AND CERTIFICATION OF EMERGENCY PROCUREMENT FOR PURCHASE OF AIR CONDITIONING UNITS AT DORMITORY 3

I, Thomas W. Krise, President of the University of Guam, declare under penalty of perjury that the purchase of air conditioning units at Dormitory 3 is necessary and is determined to be an emergency procurement, as follows:

1. That in July 2018 the air conditioners in Dorm 3 broke down, thereby initiating the University procurement process and procedure for resolution. However, there was a delay in the procurement process due to the vendor not having the available stock to install the new air conditioners. As an interim solution, portable air conditioning units were installed in the dorm rooms. The portable air conditioning units were not blowing adequate cold air, which, mixed with the high Guam temperatures, developed mold in the dorm rooms, which is affecting resident students.
2. An emergency procurement is necessary for the health, safety and welfare of the students who reside in Dorm 3. The process must be expedited to mitigate the risk to the students and other personnel who reside and/or frequent the dorm.
3. This emergency procurement is not being used solely for the purpose of avoidance of the provisions of the University of Guam Procurement Manual and/or Guam Procurement Law.

Thomas W. Krise, President
