**RE: Chamorro Land Trust Commission Transmittal of Resolutions Regarding Residential and Agricultural Leases**

Hafa Adai Madam Speaker:

Enclosed with this letter are resolutions from the Chamorro Land Trust Commission (CLTC) regarding its residential and agricultural leases.

a. **CLTC Resolution No. 2018-08**: *Declaration and Ratification of Residential and Agricultural Leases*
b. **CLTC Resolution No. 2018-10**: *Declaration and Request for Legislative Validation of Ratified Residential and Agricultural Leases; and, for Legislative Authorization and Ratification of Leases Issued from Switched Application Date & Time*

CLTC Resolution No. 2018-08 declares the CLTC board of commissioners' ratification of 2,877 residential and agricultural leases categorized as "voidable" by the Attorney General of Guam if not ratified by the Commission.

CLTC Resolution No. 2018-10 transmits a collective listing of its residential and agricultural leases requesting action by the Legislature:

a. Validate the 2,877 leases categorized as "voidable" but subsequently ratified by the CLTC board of commissioners; and
b. Authorize and ratify the 102 leases categorized as "null and void" by the Attorney General of Guam for lacking specific authorization.

Each resolution provides supporting discussions and exhibits for these two categories of leases and actions taken by the CLTC board of commissioners. Also included are the spreadsheet listings of all the leases with comprehensive details on each lease; and, for the 102 leases deemed "null and void," additional reports on each lease.

Both hard copy and electronic copy of each resolution is provided for your use.

The CLTC board of commissioners and its staff are currently reviewing its governing laws, Title 21, Guam Code Annotated, Chapter 75; and, The Senator Paul Bordallo Rules and

Regulations for the Chamorro Land Trust Commission, enacted as Public Law 23-38, to recommend legislative changes to improve and make practical the processes of issuing residential and agricultural leases moving forward. The Commission will soon submit a separate resolution with recommended changes to the laws.

Additionally, attached to this letter is a key that describes in more detail the column headings on the spreadsheets of the various lease groups in the exhibits to the resolutions.

The Commission is prepared to answer all questions regarding these resolutions and to assist with the necessary legislation.

## *Declaration and Ratification of Residential and Agricultural Leases*

***WHEREAS***, the Chamorro Land Trust Commission ***(hereafter CLTC)***, in accordance with Title 21, Guam Code Annotated, Chapter 75, is tasked with issuing residential and agricultural land leases to qualified applicants. Issuance of these leases is further governed by The Senator Paul Bordallo Rules and Regulations for the Chamorro Land Trust Commission, enacted as Public Law 23-38; and

***WHEREAS***, the Attorney General of Guam opined on May 11, 2018, that leases issued to applicants in Barrigada were either "voidable" because the Board of Commissioners did not explicitly approve the leases; or, "null and void" because the applicant switched their application date and time to another applicant resulting in an issued lease; and

***WHEREAS***, the Guam Legislature held three oversight hearings on the Chamorro Land Trust Commission leases from May 22, 2018 to May 29, 2018, ending with CLTC chairwoman vowing an extensive review of all CLTC residential and agricultural leases and processes. The review would additionally examine all the leases based on the status categories defined by the Attorney General; and

***WHEREAS***, the CLTC staff reviewed the files of all residential and agricultural leases creating four separate listings with each file reviewed to gather other more specific data to add to the master database. Additional data collected include conditions for lease transfers, authorizing authority and officials, status of the leased property, status of applicants not yet issued leases, and other pertinent information necessary for the Board of Commissioners to make sound assumptions and conclusions. Below are the lists created and the data assembled for each list:

***WHEREAS***, the CLTC Board of Commissioners reviewed these lists at publicly noticed meetings held on August 10, 2018, August 16, 2018, and September 6, 2018; and

***WHEREAS***, at the September 6, 2018, CLTC Board of Commissioners meeting, the commissioners discussed the requirement for all issued leases to be ratified and whether the commission had that authority. To determine if they had the vested authority to ratify leases, the Board of Commissioners examined the criteria for issuing leases specified in the rules and regulations codified by P.L. 23-38:

1. Section 5.2(a): Applicants for residential or agricultural tract leases shall provide the commission with documented proof that the applicant is:
   (a) At least 18 years of age; and
   (b) A native Chamorro.
2. Section 5.6(c): Applicants awarded a lot shall be able to decline lots in two different villages but shall be removed from the waiting list after the third decline.
3. Section 5.7: Applicants shall be considered for award in the order in which their completed applications were received by the commission; provided that awards shall first be made according to ranking in existing priority waiting lists in that order until those waiting lists are exhausted.
4. Section 5.10: Applicant current information. While it is the responsibility of the applicant to notify the commission in writing of changes in address and contact information, this section outlines the process to notify applicants whose information is not current. Two actions by the commission are necessary to serve notice to applicants: publication in a daily newspaper of general circulation and a letter either process served or sent by registered mail (cost per letter starts at $11.90). (The last known publication of applicants whose information was not current was January 2, 2009. There is no record of notices to applicants being served or sent by registered mail.)
5. Section 6.2:
   (a) Whenever homeland lots are available, the commission shall award leases to applicants who meet the qualification requirements specified herein and contained in the Act.
   (b) The commission shall award lots on a first-come first-served basis at the discretion of the applicant.
   (c) In addition to (a) and (b) above, the commission shall prioritize awards for residential tracts to applicants in the following descending order:
      (1) Those who do not own land anywhere;
      (2) Those who own one (1) acre or less anywhere;
      (3) Those who own more than one (1) acre anywhere.
6. Section 6.4:
   (a) Notwithstanding the provisions of Section 5, subsections 5.4 through 5.10, the commission shall not serve eviction notices to individuals who presently reside and have continuously resided on Chamorro homelands prior to July 12, 1995, and who qualify under the Act.
   (b) Persons presently holding land use permits and who qualify under Section 5.2 will hereby maintain their home or farms, adhering to all other requirements of the Act and these rules and regulations.

***WHEREAS***, the CLTC Board of Commissioners discussed the types of transfer of application date and time or transfer of leases permitted by PL 23-38:

1. Section 5.8: Qualified beneficiary designated by an applicant assumes the original applicant's date and time of application upon the death of the original applicant.
2. Section 7.5: Lease transferred to a qualified person after lease is held at least seven years by the lessee.
3. Section 9.1: Qualified beneficiary designated by a lessee who assumes the lease upon the death of the lessee.

***WHEREAS***, the CLTC Board of Commissioners at the September 6, 2018, board meeting reviewed the four tables of information and summarized the following:

1. Overall breakdown of **2,979** issued residential and agricultural leases:
   a. Total "voidable" leases — **2,877**
      i. Original 1995 applicants issued leases — 2,070
      ii. 1996 and later applicants issued leases — 451
      iii. Transferred leases permitted by PL 23-38 — 356
   b. Total "null and void" switched leases not permitted by PL 23-38 — **102**

i. Original 1995 applicants issued leases 86
ii. 1996 and later applicants issued leases 16

2. 1996 and After Applicants with Leases: **564**
   a. Percent pre-occupying with Land Use Permit (PL 23-38, Sec 6.4) 22%
   b. Percent pre-occupying prior to July 12, 1995 (PL 23-38, Sec 6.4) 29%
   c. Percent currently occupying land 98%
   d. Percent with a structure on land 57%
3. Transferred and Switched Leases Total **458**
   a. Transfers permitted by PL 23-38 Sec 5.8 86
   b. Transfers permitted by PL 23-38 Sec 7.5 94
   c. Transfers permitted by PL 23-38 Sec 9.1 176
   d. Leases from switched applications not permitted by PL 23-38 102
   e. Number of leases transferred or switched to a family member 437 or 95%
4. 1995 Applicants Without Leases Total **4,706**
   a. Applicants presented property but did not complete the lease process or declined the property 1,214 or 26%
   b. Applicants sent mailing 1,131 or 24%
5. There was never a wholesale process to skip applicants based on Section 6.2, "first-come first-served," but that many of these applicants without leases were offered properties but did not complete the processes required, or the applicant exercised the option to decline a municipality up to three declines, or the applicant could not be located. Nevertheless, the purity of the "first-come first-served" requirement had not been upheld since the first issuance of leases in 1997. The "first-come first-served" requirement fundamentally flaws the process of lease issuances and must be redefined.
6. The priority of lease issuance based on land ownership is ambiguous and has the potential of penalizing an applicant who originally did not own land but when their application becomes ready for a lease, they now own land. They are now categorized at another priority and may become ineligible to obtain a lease until all Priority One (Section 6.2(c)) applicants are exhausted.
7. The Commission, since its inception, moved forward in issuing leases to those qualified despite skipping those who could not be located or had not completed the necessary steps to obtain their lease. Qualified and fully documented applicants who now hold leases issued, under a system with fundamental flaws, should not be penalized or faulted.
8. Also shown in the tables of leases and applications is the value of the improvements on the property. Should the lease be voided, CLTC must comply with the Administrative Adjudication Law and offer the lessee the opportunity for a hearing; and, if the lease is terminated, CLTC must pay for the improvements made by the lessee.
9. For those lessees that applied in 1996 or later, an examination of the tables will show a majority of the leases were issued to qualified and documented individuals that were identified as "pre-occupiers" or who held a land use permit, and according to the governing laws, could not evict them from the property.

***WHEREAS***, the CLTC Board of Commissioners finds, to the extent of their authority, as cited in Title 21, Guam Code Annotated, Chapter 75, and The Senator Paul Bordallo Rules and Regulations for the Chamorro Land Trust Commission, enacted as Public Law 23-38, to ratify the residential and agricultural leases issued by the Chamorro Land Trust Commission since 1997; but not within their authority to ratify leases derived from a switched application date and time.

***WHEREAS***, at the September 20, 2018, CLTC Board of Commissioners meeting, the commissioners unanimously approved the motion to ratify the following **2,877** leases:

1. 1995 Original Applicants with Leases
2. Transferred Leases permitted by PL 23-38
3. 1996 and After Applicants with Leases

Doc. No. 34GL-18-2397.*

***NOW THEREFORE BE IT RESOLVED,***

1. The Chamorro Land Trust Commission Board of Commissioners approved by unanimous motion to ratify the **2,877** issued residential and agricultural leases which are also specifically identified in EXHIBIT A:
    a. 1995 Original Applicants with Leases
    b. Transferred Leases permitted by PL 23-38
    c. 1996 and After Applicants with Leases
