Note:
SWANA Certifications are valid for a three year period. The validity period for a new certification begins on the exam date and is valid for three years from that date. You must renew your certification before your expiration date, otherwise it will expire. If you renew before your expiration date, the new validity period will begin with the expiration date and be valid for another three years. If your Certification is grayed out it has expired.

You need to obtain 30 Continuing Education Units (CEUs) within the three year validity period of your certification to renew your certification. Once you renew your certification your CEU total starts at zero for your next validity period. CEUs that are grayed out have been used for renewing a certification(s).
