Margaret J. Denney
[redacted]

Dear Ms. Denney:

Pursuant to my authority under 10 GCA § 51A105, I am appointing you to serve as a

**MEMBER, BOARD OF DIRECTORS, GUAM SOLID WASTE AUTHORITY**

Appointing you to this position comes with great responsibility because you will have a vital role to perform which will place many demands on your time and energy. Integrity and honesty are virtues that I prioritize for my Administration to exemplify, and I know that you will do the same while in service to the people of Guam. Your responsibilities shall be significant and consequential. I trust that you will fulfill your duties and set a standard for others to follow.

I appreciate your willingness to serve in this position, and I am confident that your time will be spent in a manner to improve the island of Guam.

This appointment is subject to the advice and consent of *I Liheslaturan Guåhan*. If you have any questions or concerns, please contact the Office of the Governor.

*Senseramente,*

LOURDES A. LEON GUERRERO
*I Maga'hågan Guåhan*

## PROFESSIONAL EXPERIENCE

***i recycle* Program**
**Guam Business Partners for Recycling**
**P.O. Box A**
**Hagatna, Guam 96932**

**Program Administrator**
**August 2007 to present**

Program Administrator for the *i recycle* program. Employed by the Guam Business Partners for Recycling, a nonprofit organization created to provide an aluminum recycling program to the schools for their financial benefit. Initial duties as program administrator included coordinating with public, private and DODEA schools to be participants in the program, identify an appropriate bin site and install 8cy bins at 40 schools. Subsequent to the installation of the bins, presentations have been given administrators, faculty, staff and students at participating schools, as well as parent-teacher organizations to increase awareness of importance of recycling and promote aggressive recycling in the schools. The number of participating schools has increased to 52 schools, with those beyond the original 40 participating without bins. The Adopt-a-School component requires actively working with businesses to promote recycling and the adoption of a school by the business. Hotels, banks, government agencies and organizations are currently being approached to participate. Goal of program is to assist in implementing recycling in all businesses islandwide and recycling most, if not all, of the 79 million aluminum cans coming into Guam.

Duties also include learning QuickBooks and maintaining appropriate accounting system for the program, bank deposits and reconciliation, as well as coordinating all meetings of the Guam Business Partners, creating the agenda, conducting the meetings and providing minutes to partners. Recycling at public events is also promoted, and the *i recycle* program provides containers and manpower to recycling at events such as the Liberation Carnival, the Liberation Day Parade, the Guam Micronesia Island Fair, and numerous 5K runs, school functions and other island events.

**University of Guam**
**College of Natural & Applied Sciences**
**Mangilao, Guam**
**Supervisor: Bob Barber 671-735-2087**

**Extension Associate II (part-time)**
**February 2009 – November 2009**

Duties include writing/editing fact sheets and other publications for the CIG grant and Guam Yard Project on a variety of conservation measures, including composting, recycling, fruit tree windbreaks, filter strips,

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

rain catchment, and dry litter systems for livestock waste management. Duties also include coordinating and participating in maintenance of plant nursery at House 2, Dean's Circle, and aquaculture park adjacent to CNAS. Additionally, will be assisting with training of individuals participating in the Guam Yard Project in various villages of Guam, to promote the implementation in households and in the community of the above-mentioned conservation measures. Assistance with programs with the Guam Farmers Cooperative Association will also be involved, which will include assisting in surveys of chefs from hotels and restaurants on Guam, assisting in the collection/dissemination of information regarding crops grown on Guam, their seasonality, yields, etc. to promote the purchase and consumption of locally grown produce.

**National Park Service**
**War in the Pacific National Historical Park**
**135 Murray Blvd.**
**Hagatna, Guam 96910**

**Special Projects Coordinator**
**September 2007 to June 2008**

As special projects/outreach coordinator reporting directly to the superintendent, duties included assisting with coordination of Movies in the Park at Asan Beach; writing, printing and disseminating a WAPA newsletter; coordinating a Federal Natural Resource Managers Group designed to meet regularly and share information and resources; assisting with the replacement of the vandalized monument at the Asan Bay Overlook, preparing a park permit fact sheet, assisting the biological technicians in the implementation of a composting program within the park, and various other small projects as they arose.

**Guam Environmental Protection Agency**
**Information Services Branch**
**P.O. Box 2239 GMF**
**Barrigada Guam 96921**

**Program Coordinator II**
**April 2005 – August 2007**

Program Coordinator for Environmental Education and Outreach. Provided input with respect to fiscal year program budget requirements for education and outreach and related training and travel under the federal USEPA funding grant to Guam EPA. Monitored program budget expenditures, operating under GovGuam procurement guidelines and requirements to ensure cost effectiveness. Assisted in annual workplan development required for USEPA grant for GEPA in general and annual workplan development for GEPA Information Services Branch programs specifically. Participated in the development and implementation of specific education/outreach projects and programs and assisted in analyzing and evaluating program performance with respect to objectives and goals. Specific duties included acting as the GEPA liaison to USEPA, territorial government agencies, and the private sector in developing a long-term island wide public-private recycling partnership and coordinating financial sponsorship to ensure sufficient and appropriate monetary and materials infrastructure was in place. Actively engaged as member of GEPA team to coordinate, implement and provide training for government-wide recycling program (GovGuam Recycles!) pursuant to Executive Order 2003-17. Prepared and presented Power Point presentations to schools, summer camps, and organizations on recycling, composting, and general waste management. Prepared environmental education/outreach materials for dissemination to the public.

Assisted other divisions with education component of their programs, including Solid Waste, Pesticides Enforcement, and Air divisions. Wrote articles as GEPA education/outreach employee on composting, recycling, waste management and watershed protection for *Guahan Magazine, Directions Magazine* and *GFT News.* Collaborated with GWA on FOG outreach program and promoted recycling of waste coking oil into biodiesel fuel at Lucky One Pumping.

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

**University of Guam** — **Extension Assistant III**
**College of Natural & Applied Sciences** — **February – April 2005**
**Mangilao, Guam**
**Supervisor: Bob Barber 671-735-2087**

Employed (just prior to accepting position at GEPA) as Extension Assistant III. Assisted in preparing, editing and compiling grant application for USDA grant. Assisted in office reorganization and assessment of extension program materials.

**UOG College of Natural & Applied Sciences** — **Graduate Research Assistant**
**Supervisor: Dr. Mohammad Golabi** — **Nov 2002 – Dec 2004**
**Dept. of Soil Science 671-735-2134**

Participated in the planning and implementation of compost project funded under a USDA Renewable Resources Grant. Lead field operations team in project implementation, research sampling and physical, chemical and statistical analysis. Collected and analyzed field data. Participated in implementation and data collection of erosion control project funded, in part, by National Park Service. Assisted in the planning and implementation of an additional erosion control project funded by a TSTAR grant; collected and analyzed field samples and conducted statistical analysis of that data. Other duties included working in soils lab conducting physical and chemical analysis of soil, plant and water samples.

**UOG College of Natural & Applied Sciences** — **Research Assistant II**
**Supervisor: Dr. James McConnell** — **Jan – Nov 2002**
**Dept. of Ornamental Horticulture 671-735-2129**

Participated and assisted in planning and implementation of federal research grants for Coccinea biocontrol, Sugar Cane Weevil biocontrol, and propagation and maintenance of Heliconia species. Duties included development of growth chamber, collection and examination of insect and plant samples, and data collection, input and analysis. Also actively engaged in PEOPLE (Portable Extension Office for Program Literature Exchange) Project, a project funded by a SARE grant. Duties included monitoring program expenditures while working with UOG procurement to purchase computer equipment and related supplies for islands participating in project, as well as desktop publishing and website development and maintenance.

**UOG College of Natural & Applied Sciences** — **Extension Assistant III**
**Supervisors: Bob Barber/Frank Cruz/** — **June 2001 – Jan 2002**
**Dr. James McConnell 671-735-2080/2129**

Actively engaged in PEOPLE Project (described above); duties included formatting and editing of fact sheets using desktop publishing software, as well as website development and maintenance. Participated in project funded by a federal water quality grant; lead team in survey of hotels in Tumon; conducted interviews and collected data regarding hotels' landscape management programs with respect to watering and fertilizing practices in order to assess possible impact on green algal growth in bay. Prepared final report on survey results and submitted it to Frank Cruz and Dr. Gary Denton. Lead field team in heliconia propagation and maintenance; collected data with respect to growth and performance, inputted data, and conducted analysis of same. Also assisted in the formatting, compilation and editing of the University of Guam WASC accreditation report.

**UOG College of Natural & Applied Sciences** — **Extension Assistant III**
**Supervisors: Bob Barber/Frank Cruz** — **Sept 2000 – June 2001**
**671-735-2080**

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

Actively engaged in PEOPLE Project (described above); duties included internet research for extension publications relevant to the Pacific, acquiring the publications, and including them on the PEOPLE website using Go Live software; using desktop publishing software (Adobe Pagemaker and Photoshop), local existing and new publications were edited and formatted for inclusion on the PEOPLE website as well. Under water quality funding, conducted a survey of all recyclers on Guam and prepared a recycling brochure using desktop publishing software. Also prepared a Power Point presentation regarding water quality issues and fertilizer management for presentation by Frank Cruz at a water quality conference. Assisted in the preparation of a brochure on fertilizer management.

**UOG College of Natural & Applied Sciences** — **Extension Assistant III**
**Supervisors: Bob Barber/Frank Cruz** — **Jan – Sept 2000**
**671-735-2080**

Active involvement in PEOPLE Project (described above) began during this term of employment. As described above, duties included researching Internet for and acquiring extension publications in the public domain relevant to the Pacific and Micronesia for inclusion on the PEOPLE website. Also updated ADAP (Agricultural Development in the American Pacific) pest publications, as well as various other extension publications, for inclusion on the site.

**UOG College of Natural & Applied Sciences** — **Extension Assistant III**
**Supervisors: Bob Barber/ Dr. John Brown** — **Feb – Dec 1999**
**Extension 671-735-2080**
**Dr. George Wall**
**Plant Pathology 671-735-2141**

Participated in implementation of TSTAR grant for propagation of banana cultivars through tissue culture; duties included collection of banana cultivars from local farmers (and disseminating information regarding appropriate banana cultivation methods and gathering data from farmers on their cultural practices re growing and harvesting bananas) and development of tissue culture skills for banana cultivar propagation. Also actively involved in ADAP-MIS project, a project funded by ADAP, by assisting in development and implementation of data collection techniques to be employed by farmers to estimate potential harvests should their crops be destroyed by a natural disaster.

**UOG College of Natural & Applied Sciences** — **Research Assistant I**
**Supervisors: Bob Barber/Dr. John Brown** — **May 1998 – Jan 1999**
**Extension 671-735-2080**
**Dr. Ross Miller**
**Entomology 671-735-2146**

Actively engaged in ADAP-MIS project (as described above); duties included computer data entry and preparation of user's manual for ADAP-MIS project. Under grant for aquaculture development, assisted in program implementation and construction of concrete aquaculture tank. Participated in project for entomologist funded by biocontrol grant; duties included propagation and maintenance of trap crops for aphid biocontrol, and collection, input, and analysis of data re aphid project.

**Margaret J. Denney** — **Free-Lance Court Reporter**
**Free-Lance Court Reporter** — **Sept 1979 – June 1995**
**Sole Proprietorship**

Upon completion of court reporting school in Arizona, I established a court reporting business on Guam, acting as a sole proprietor, and provided verbatim transcripts of depositions, EEOC hearings, NLRB

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

hearings, PUC hearings and grand jury proceedings, as well as limited District Court proceedings on Guam and Saipan.

**COMMUNITY INVOLVEMENT**

Marianas Resource Conservation & Development (RC&D) Council, President, since 2010
Guam Environmental Education Partners, Inc., President 2009
