Subject: Request for Special Legislative Session for Bill 79-35 (GSWA Bond Bill)

Dear Honorable Speaker Tina Muña Barnes,

I am writing to request scheduling a special legislative session for Bill 79-35, an act authorizing the Governor of Guam to issue Government of Guam Bonds for the financing a new cell at the Layon Landfill, for Wednesday May 15, 2019.

The reason for the urgency is to ensure funding is available to finance the construction of third cell at the Layon landfill, which needs to begin this year before the second cell has reached its capacity in 2021. Bear in mind construction takes two years to complete the third cell. Secondly, two key members of the fiscal team who were instrumental in drafting the legislation will be off-island the following day, May 16th . Should the legislative session resolve into a Committee of the Whole, the participation of these two members would be key in addressing concerns and questions from our fellow Senators.

With the short timeline, any assistance that you can provide in scheduling a legislative special session for May 15th would be greatly appreciated. Furthermore, your assistance in this matter would help protect the health of our people and the environment.
