2019 MAY 17 PM 2:29

Buenas yan Hafa Adai,

On behalf of the Board of Trustees, faculty, staff and public school students of Guahan Academy Charter School, thank you very much for making the time out of your busy schedule to visit our school.

We cannot overemphasize the need for the use of Building E to accommodate our students with special needs downstairs, a library, and classrooms to accommodate our Chamorro program including Career Technical Education courses for our high school students on the second floor. Dr. Mary Okada, GCC President, has offered to provide our school with GCC instructors.

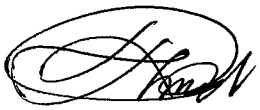

Speaker Tina Muna Barnes offered to help by enlisting our military partners to assist GACS in estimating materials needed and identifying military volunteers. GACS will procure the materials and with the help of military and community volunteers to construct the walls for four classrooms on the second floor. Our PTO officers and staff are also volunteering to help. We would like to begin the procurement of materials as soon as possible for work to begin in June. The last day for school children is May 29, 2019. We have June and July to complete the work and have desks and other equipment to place for the start of the new school year August 14, 2019. Please know that GACS will not be asking for any funding to complete the work.

As evident, a great amount of human and material resources are being invested in preparing Building E for this coming school year.

0532

On behalf of GACS community we express our profound gratitude for your visit and your support in providing classrooms for our public school children.

Senseramente,

Judith T. Won Pat, Ed.D.
Chief Academic Officer
