REQUEST FOR PROPOSALS, RFP NO. GIAA-003-FY14
DESIGN SERVICES FOR GIAA TIYAN SITE
DEVELOPMENT ACCESS ROAD

January 30, 2014

Purpose

Board action is requested to approve the ranking results based on the evaluation process performed through the Request For Proposals (RFP) No. GIAA-003-FY14 for Design Services for GIAA Tiyan Site Development Access Road.

Background

The referenced RFP solicits proposals from professional firms to provide design services for the tiyan site development access road.

Procurement Background

The above referenced RFP was advertised in the local newspapers throughout the months of November & December 2013. The established deadline to submit the proposals was on December 27, 2013.

A total of twelve (12) firms showed their interest by obtaining the RFP package; however, seven (7) firms responded by submitting their proposals before the established deadline.

After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package.

The Evaluation Committee has completed their evaluations and the scores sheets were gathered and tabulated by Procurement Office. As a result, the selected firms in the order of their ranking are as follows:

Doc. No. 35GL-19-0628.*

1. Proposer A
2. Proposer B
3. Proposer C
4. Proposer F
5. Proposer D
6. Proposer G
7. Proposer E

Legal Review

Upon Board approval, a standard professional services contract will be forwarded to Legal Counsel for review and approval as to form.

Financial Review

The Design Services for GIAA Tiyan Site Development Access Road Agreement funding for this project is available under the CIF.

Recommendation

Management recommends the approval of the ranking results and the contract award to **Proposer A,** as the highest ranked proposer for the Design Services for GIAA Tiyan Site Development Access Road subject to negotiations of fair and reasonable fees. And in the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

**SUBJECT: Evaluation and Recommendation - Request For Proposal (RFP)
Design Services for GIAA Tiyan Site Development Access Road
RFP No. GIAA-003-FY14; Project No. GIAA-FY14-01-1**

The referenced Request for Proposal (RFP) solicits interests from firms or individuals to provide professional services for the Design Services for GIAA Tiyan Site Development Access Road. The advertisement for this RFP was published in the local newspaper for the months of November & December 2013. The deadline to submit the proposals was on December 27, 2013.

Twelve (12) firms/individuals acknowledged receipt of the package and seven (7) firms submitted qualification documents before the submission deadline.

Evaluation and Selection

Pursuant to Section IX of the package, after receipt of all proposals, the GIAA Evaluation Committee conducted an independent evaluation for the purpose of selecting the most responsive and responsible offeror based on the evaluation criteria. The committee which Management established to evaluate the firms' qualifications included the following:

a. Victor Cruz, Engineering Supervisor
b. Gerard Bautista, Air Terminal Manager
c. Ike Tambora, Engineering Office
d. Patrick Duffie, Expansion Office
e. Larry Flores, Expansion Office

The committee completed their evaluation and the scores were tabulated as reflected on the attached summary worksheet. As a result of our tabulation, the firms selected in the order of their ranking are as follows:

1. Proposer A
2. Proposer B
3. Proposer C
4. Proposer F
5. Proposer D
6. Proposer G
7. Proposer E

AMERICAN ASSOCIATION OF AIRPORT EXECUTIVES
AIRPORTS COUNCIL INTERNATIONAL
NASAO National Association of State Aviation Officials
TIACA THE INTERNATIONAL AIR CARGO ASSOCIATION

Recommendation

Based on the tabulation of the proposers ranking, it is determined that **Proposer A** ranked number one and the best qualified firm to perform the required services in accordance with the criteria set forth in the RFP. Also, as a result of our review of the submitted required documents, the firm has been deemed to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Therefore, management recommends the approval of the ranking results and the contract award to **Proposer A**, as the highest ranked proposer for the Design Services for GIAA Tiyan Site Development Access Road subject to negotiations of fair and reasonable fees. In the event that the aforementioned negotiations prove unsuccessful, the GIAA may enter negotiations with the next highest ranked proposer.

Should you have any questions or need to discuss this matter further, I am available at your request.

Dear Mr. Ada:

Subject: **Estoppel Certificate**

Kindly consider this letter as our request for your good office to execute the enclosed Estoppel Certificate and provide same to our Lender, First Hawaiian Bank.

The purpose of the USD $3.9 Million in additional mortgage loan is to finance the tenant improvements of the three (3) Federal Offices (Social Security Administration, U.S. Citizenship & Immigration Services and National Oceanographic Atmospheric Administration) in our Integrated Air Cargo Facility at the Guam International Airport.

Thank you in advance for your usual support on this matter.

Sincerely,

AIRLINE ISSUES

Chinese New Year Charters

Guam will receive charters from 4 Chinese cities during the Chinese New Year season:

Beijing (North China):	2 flights serviced by United, with seat capacity of 151 each
	2 flights serviced by Dynamic Airways with seat capacity of 218
Chengdu (Southwest China):	1 flight serviced by Dynamic Airways, with seat capacity of 218 on B767
Shanghai (East China):	4 flights operated by United Airlines, with a seat capacity of 153
Dalian (Northeast China):	2 flights operated by Dynamic Airways, with a seat capacity of 218

ANA will be operating a chartered cargo flight on Jan. 29, 2014 transporting equipment for the Japanese military who will be training in Andersen Air force Base from Jan. 30 and Jan. 31, 2014.

Jin Air

Jin Air has advised that they will revert back to one flight daily, with the suspension of the evening flight LJ073/LJ074 from Seoul, effective March 24, 2014. The reason provided flights were cancelled due to hotel room shortage.

Scientific Research Aircraft

Beginning January 15, through the end of February, the US National Science Foundation (NSF) and the UK Facility for Airborne Atmospheric Measurements (FAAM) will be operating their respective aircraft, the Gulfstream V and the BAE 146 to monitor tropical atmosphere and changes as a result of global warmiing. The results of this project aims to a better understand the interaction between ocean biology, atmospheric composition and climate change.

GIAA is partnering with NSF and FAAM with two days of Community Outreach presentations on February 11 and 13, and a half day Open House on February 15, 2014 at the ACI Hangar. These events are a cross-promotional opportunity for NSF and FAAM to showcase their respective Gulfstream V and BAE 146 aircraft outfitted for scientific research of the earth's atmosphere, and for GIAA to provide community exposure to the variety of airport operations that take place at the Guam International Airport. According to NSF personnel, this project alone is over $3M in costs, with 2,000 nights of hotel stay, and rental of ACI hangar space and landing and takeoff charges.

FAA ISSUES

Ron Simpson, FAA Manager out of the Honolulu District Office, met with GIAA management and staff to discuss key items that include, Tiyan Parkway, AIP Funding, RSA Compliance, Storm Water EA, License Agreement, Noise Mitigation, and the FY 2013 Single Audit. Ron Simpson was also taken on an airport tour and inspection of capital improvement projects. The next scheduled FAA visit is in April 2014 for GIAA's annual certification inspection.

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. On motion duly made by Director Tolan, seconded by Director Alcorn, the agenda was amended as follows: to include under New Business an item A. Approval of Interim Air Service Development Incentive.

3. APPROVAL OF MINUTES

A. January 30, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the January 30, 2014 regular meeting.

Chairman Untalan inquired with Management on the status of the Gate 21 Replacement Loading Bridge, tabled pending data to support the non-competitive proposal. Mr. Frank Santos, Business and Financial Consultant, gave a brief update to the Board regarding the Replacement Loading Bridge and informed the Board that the report at this time is not yet complete.

On motion duly made by Director Gerber, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-31

The Board hereby approves the minutes of the January 30, 2014 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The first matter discussed was a letter from Senator Ben Pangelinan in reference to the Salary Increments to GIAA's Law Enforcement personnel. The Executive Manager reported to the Board that there was an initial letter sent from the Senator's office dated February 4, 2014 inquiring on the timelines of payment to Airport Police and ARFF divisions. A subsequent letter was sent dated February 24, 2014, which the Airport responded to, highlighting the complete intent of Airport Management's focus on the Airport's finances. The Executive Manager informed the Board that it was indicated in

the Airport's response to the Senator that the Salary Increments were appropriated in the FY13 budget, and that the payment will be made to both divisions by March 2014.

Director Tolan informed the Board and Management that after reviewing the initial correspondence from Senator Pangelinan she had met with Chief of Police, Robert Camacho and Fire Chief, Benny Baza. The Director expressed her disappointment with the two divisions as the funds had already been appropriated under the FY13 budget.

Chairman Untalan agreed with Director Tolan's concerns and assured Management and the employees that the Salary Increments will be released in March 2014. The Chairman commended Management on the response to the media.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos presented the UDO Analysis to the Board and reported that the highlight is the demolition and remediation of the former GPD facility, listed as Miscellaneous Airport Improvements in the chart of GIAA's Program Status and UDO Analysis on Open AIP grants included as part of the Board's packet. Two (2) of the three (3) buildings are demolished, with the third set to start. The FAA has approved a $200,000.00 change order, and formal documents will be brought to the Board at a later meeting. Mr. Santos informed the Board that the reason for the change order was that after the bid opening, the facility was vandalized, and as a result spread the contamination throughout. Mr. Santos provided brief updates to the Board on other various projects including the Tiyan Parkway.

Mr. Santos announced that the bid opening for the Aircraft Rescue & Fire Fighting Vehicle has been extended to March 12, 2014 due to some concerns from FAA.

Going back to the demolition of the former GPD facility, Director Gerber inquired if there is correct signage in reference to the hazardous materials. Mr. Santos replied yes, and that the building is blocked off.

Reporting on Bond Projects, Mr. Santos informed the Board that the design contract for the International Arrivals Corridor with Building Seismic Upgrades is being prepared by Legal Counsel and GIAA has decided on a 10% effort in terms of the fee on the architectural portion, approximately $190,000.00, to be completed in sixty (60) days.

Mr. Santos provided an update on the Hold Bag Screening Relocation, stating that the 70% design has been submitted to TSA, and the completion is set for 2015. He added that all other projects are dependent on the pending IDIQ process. Documents are prepared, however are currently at the Attorney General's Office.

Mr. Santos added that to date approximately $4.2M has been expended from Bond proceeds. Discussion followed relative to the 1% Arts Program which is pending further discussion with Guam Council of the Arts & Humanities.

B. Approval of Board Resolution No. 14-30: Agreement for Legal Services

The second matter discussed was the extension of the Agreement for Legal Services with Calvo Fisher & Jacob LLP and the Agreement for Legal Services (Conflicts Counsel) with Torres Law Group. The Executive Manager informed the Board that the additional one year period for both firms would be the final one (1) year option to extend. Both contracts would be put out for bid in 2015. Discussion followed relative to the caseloads of GIAA Legal Counsel, and Conflict Counsels.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-30

WHEREAS, an Agreement for Legal Services was entered into on May 5, 2010, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Calvo Fisher & Jacob LLP ("CFJ") (the "CFJ Agreement"); and

WHEREAS, an Agreement for Legal Services – Conflicts Counsel was entered into on May 5, 2010, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Teker Torres & Teker now known as Torres Law Group ("Torres") (the "Torres Agreement"); and

WHEREAS, the CFJ Agreement provides for a term of one year commencing on March 23, 2010, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, the Torres Agreement provides for a term of one (1) year commencing on March 1, 2010, with options to extend for succeeding periods of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of CFJ and that it is in the best interests of GIAA to extend the term of the CFJ

Agreement for an additional one year period commencing on March 23, 2014, under the same terms and conditions as set forth in the CFJ Agreement.

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of Torres and that it is in the best interests of GIAA to extend the term of the Torres Agreement for an additional one year period commencing on March 1, 2014 under the same terms and conditions as set forth in the Torres Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the CFJ Agreement for an additional one year period commencing on March 23, 2014 and expiring on March 22, 2015, under the same terms and conditions as set forth in the CFJ Agreement; and

BE IT FURTHER RESOLVED, that the Board of Directors of GIAA hereby extends the term of the Torres Agreement for an additional one year period commencing on March 1, 2014 and expiring on February 28, 2015, under the same terms and conditions as set forth in the Torres Agreement.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Interim Air Service Development Incentive

The first matter discussed was the approval of the Interim Air Service Development Incentive. The Executive Manager presented a proposal to attract new air links from unserved city destinations in the Asia-Pacific region and in collaboration with the Guam Visitors Bureau's (GVB)proposed initiatives to stimulate air service from cities in the People's Republic of China. An early initiative is to target the non-peak visitor months when the hotel room inventory is available.

The Executive Manager informed the Board of correspondence from GVB in an effort to increase flights from mainland China, tentatively scheduled for the latter part of March 2014.

Chairman Untalan inquired if the incentives would continue year round or only non-peak months. Mr. Frank Santos responded that it can continue year round. Mr. Frank Santos explained that in the past the incentive was 50% of the published rates and charges in an Airport tariff schedule, and only applied to landing fees and operational charges. He explained the five (5) components to the proposal: Destination Based, Air Carriers, Incentive Duration, Minimum Weekly Frequency, Rates and Charges Discount

and stated that cumulative percentage discount is based on the following parameters: the Basic Discount of 20%, Non-Peak Operational Schedule of 25%, and Load Factor of 85% or Greater, of 5%.

Chairman Untalan inquired if 25% is enough of an incentive to convince an airline to fly at times they normally do not. Mr. Frank Santos responded that the Board may modify the proposal to authorize Management to negotiate an incentive not to exceed 50%, to make it more attractive to airlines. Discussion followed relative to details of the plan and its benefits to the Airport. The Board then discussed different variations on incentive amounts. Mr. Santos informed the Board that Management's recommendation is to adjust the Minimum Weekly Frequency from two (2) flights per week, to one (1).

After further discussion, on motion duly made by Director Gerber, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-32

The Board hereby approves the Interim Air Service Development Incentive to attract new air links from unserved city destinations in the Asia-Pacific region, as proposed by Management, to allow flexibility up to 75% for the first year provided there is a two (2) year contract, 50% for the second year of the contract; and 50% for a one (1) year contract; not limited to peak or non-peak months.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager. The Executive Manager reported on various matters concerning airline and charter operations to include China Airlines operating ten (10) charter flights through March.

The Executive Manager went on to report on FAA issues, adding that the internal planning for the Tri-Annual Full Scale Exercise began February 24, 2014. The exercise is required every three (3) years under FAR Part 139 for Airport certification by FAA and scheduled for May 22, 2014. The next scheduled FAA visit is April 2014 for GIAA's annual certification inspection.

GIAA Management, led by Director Martin Gerber and Deputy Executive Manager, Peter Roy Martinez will be meeting with several airlines and their network planners to discuss opportunities and prospects of serving Guam. The airline meetings which will be held as part of Routes Asia, will be in Surawak, Malaysia from March 9 to 11, 2014. The team meeting with the network planners will consist of GIAA, a GVB representative and GIAA's air service development consultants.

The Executive Manager reported that the bid opening for IFB No. GIAA-001-FY14, for the Purchase and Delivery of One (1) ARFF Vehicle, Class 5, 3,000- Gallon Capacity has been extended until March 12, 2014.

The Executive Manager announced that ARFF Platoons A and B are preparing for the island-wide 2014 Firefighter's Muster scheduled for March 15 and 16, 2014 at the Guam Greyhound. He went on to announce ARFF's fundraising activities.

GIAA has been working closely with the Lieutenant Governor's Office and Japan Airlines to benefit projects implemented by the Island Beautification Task Force. The event entitled "Soaring High" is scheduled for March 14, 2014 and features a flight around the island.

The Executive Manager announced that *Mes* Chamorro 2014 will be celebrated throughout the month of March and that the theme is "Plant the Seeds of Our Heritage Among Our Children". GIAA will host merienda's at 3:00 p.m. on March 7, 14, and 21 and the annual fiesta is scheduled for Thursday, March 27, 2014.

Chairman Untalan requested an update on the Airports' walkways. The Executive Manager informed the Board that the Deputy Executive Manager and the Air Terminal Manager will be meeting with the Manager of OTIS to address some of the concerns the Airport has with a number of discrepancies in the reports, and will be sure to provide a briefing to the Board. Discussion followed relative to future plans for the walkways.

Chairman Untalan inquired on the status of construction for the specialty retail concession. The Executive Manager responded stating that the construction is going well. The team continues to work twenty-four (24) hours, seven (7) days a week to move to the next phase involving the food court and restrooms. Chairman Untalan inquired on the aquarium. The Air Terminal Manager expressed some internal concerns regarding the aquarium and went on to inform the Board that Management holds weekly meetings with Lotte to discuss all construction aspects. The Air Terminal Manager then gave the Board a brief update relative to restroom renovation throughout the Terminal.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller. Mr. Carlos Bordallo provided a report to the Board on the revenues and expenses of the Authority as of January 31, 2014. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 1.4%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.7% and 0.5%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are below the budget estimate by -5.7%. Year-to-date Total Operating

Revenues Actual of $21.94M is -0.2% below the budget estimate of $21.89M. Year-to-date Total Operating Expenses are below budget by -7.7%. The actual year-to-date Net Revenues from Operations of $9.42M reflects an increase of 11.7% over the year-to-date budgeted amount of $8.44M. The Authority's year-to-date results for Debt Service Coverage is at 1.42 versus the requirement of 1.25.

Chairman Untalan inquired on the amount of unfilled positions that are incorporated into the budgeted expenses. The Comptroller replied that he did not have that number on hand but would report back to the Board on the amount, and announced that all ARFF recruit positions had been filled.

9. EXECUTIVE SESSION

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Alcorn, at 4:33 p.m. the Board recessed regular session.

The Board convened executive session at 4:43 p.m. to discuss pending litigation. Executive Session adjourned at 5:17 p.m., at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Gerber, seconded by Director Alcorn, unanimously approved, at 5:18 p.m., the meeting was adjourned.

Port seeks dismissal of Meno adverse action appeal

By Mar-Vic Cagurangan

Variety News Staff

Former Port Authority of Guam Marketing Director Bernadette Meno had appealed the port authority's adverse action terminating her job. Variety file photo

THE Port Authority of Guam is seeking the dismissal of the appeal filed by a former employee with the Civil Service Commission, arguing that the 180-day window to decide on the case has lapsed.

John R.B. Belle, counsel for the port authority, said the commission lost jurisdiction over the case filed by former Marketing Director Bernadette Meno because it failed to render a decision within the set timeframe.

Belle said 416 days have passed since Meno appealed the port authority's adverse action for her job termination.

The port authority fired Meno on Dec. 18, 2012, alleging fraud in connection with her filing of workers' compensation claims.

"Meno was provided her constitutionally guaranteed pre-termination notice of the charges and a full opportunity to respond to the charges," Belle said in the motion filed with the CSC on Feb. 10.

He said during a meeting with the port's general manager on Dec. 14, 2012, Meno had the chance to dispute the proposed adverse action before the notice of termination was issued four days later.

Meno filed her appeal with the commission on Jan. 4, 2013.

A pre-hearing conference is set for April 1. Eight nights of hearings on the merits are scheduled for May 8, 13, 15, 20, 22 and 29 and June 2.

"The first day of Meno's eight nights of hearings on the merits will occur 506 days after the appeal was filed," Belle said.

Limit

"The Guam Legislature chose to limit the post-termination administrative procedures by affording the commission 180 days to take action to reverse an adverse action," Belle said.

"The Legislature's establishing a jurisdictional timeframe of 180 days is understandable ... in light of the fact that PAG may not fill the employee's position until the appeal timeframes, or appeal, if taken has been exhausted."

The port's legal counsel said Meno failed to object to the dates set by the commission for the merit hearings.

Pending court review

The investigation into alleged "theft and corruption" started with Meno's bathroom accident in September 2011, causing her to suffer a back injury.

The investigation implicated five other employees, who also were terminated. They were Controller Jojo Guevera III; Program Coordinator Josette Javelosa; Personnel Specialist Frances Arriola; Corporate Services Manager Vivian Leon; and Personnel Services Administrator Francine Roccio.

The port's former general manager, Mary Torres, was also dismissed in what the dismissed employees described as "political retribution."

Guevara and Arriola, who also appealed the port authority's adverse action, have pending petitions before the Superior Court for a review of the 180-day jurisdictional issue.

"PAG respectfully submits that Meno's appeal should be summarily dismissed," Belle told the commission. "However, should the commission choose to defer to the Superior Court's resolution of the issue, all of Meno's hearings and related filing deadlines should be postponed until after the courts issue a final resolution of this matter."

Since the 180-day window has lapsed, Belle argued, "further delay will not prejudice Meno."

FORMER police officer Roy Keith Pablo, his common-law wife, Ah Rum Kim, and brother-in-law Stephen Kim are scheduled for a Sept. 22 trial.

Superior Court Judge Alberto Lamorena scheduled the pre-trial conference for June 17.

The three are charged with manufacturing a Schedule I controlled substance with intent to deliver. They were released after posting cash bail of $10,000 each. The charges stem from allegations that the three were growing marijuana in a rented apartment in Dededo and were selling it.

Pablo was charged with manufacturing a Schedule I controlled substance as a first-degree felony, possession of a Schedule I controlled substance with intent to deliver as a first-degree felony, conspiracy to manufacture a Schedule I controlled substance as a first-degree felony, child abuse as a misdemeanor, official misconduct as a misdemeanor, and possession of more than an ounce of marijuana as a petty misdemeanor.

Ah Rum Kim was charged with manufacturing a Schedule I controlled substance as a first-degree felony, three counts of possession of a Schedule I controlled substance with intent to deliver as a first-degree felony, conspiracy to manufacture a Schedule I controlled substance as a first-degree felony, two counts of possession of a Schedule I controlled substance as a third-degree felony, child abuse as a misdemeanor, and possession of more than an ounce of marijuana as a petty misdemeanor.

Stephen Kim was charged with manufacturing a Schedule I controlled substance as a first-degree felony, possession of a Schedule I controlled substance with intent to deliver as a first-degree felony, conspiracy to manufacture a Schedule I controlled substance as a first-degree felony, and possession of more than an ounce of marijuana as a petty misdemeanor.

Pablo, who was a member of the Guam Police Department assigned to the Tumon-Tamuning police precinct, told investigators that he has been smoking marijuana since he was a high school student and smoked pot even as an active GPD officer, court documents said. He has since resigned from GPD.

Pablo reportedly admitted to cultivating marijuana plants at his Dededo residence, where he and his wife, who allegedly acted as a drug dealer, live with three minor children.

SC sets hearing on tax refund trust fund case

By Gina Tabonares-Reilly

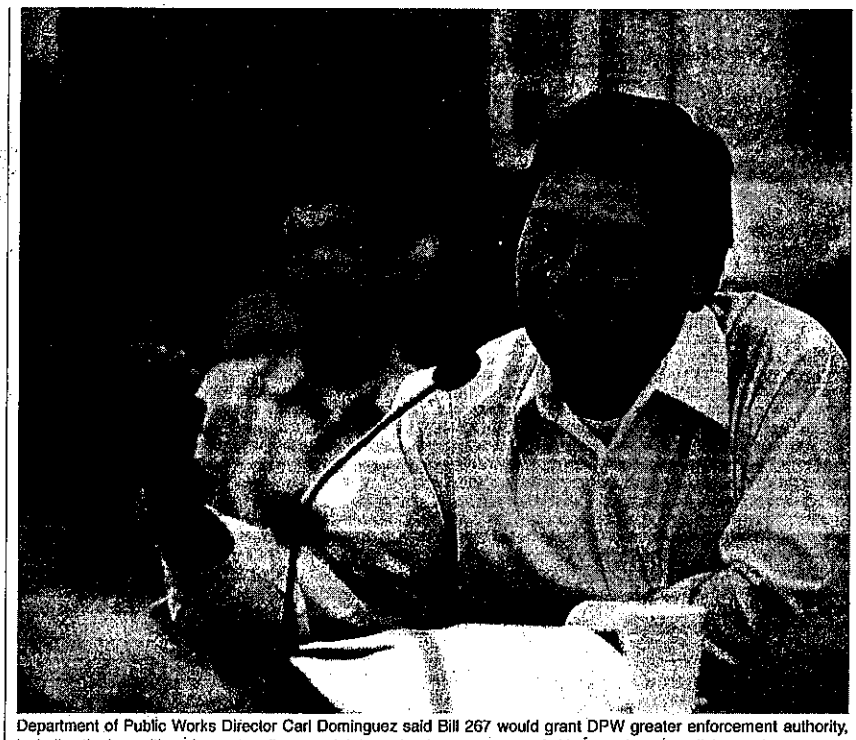
Pangelinan complained that the governor has been making unlawful withdrawals from the trust fund for non-tax-refund-related purposes.

THE Supreme Court of Guam will conduct a status hearing on the petition filed by lawmakers asking for the court's judgment on Gov. Eddie Calvo's alleged unauthorized withdrawals from the income tax trust fund.

The hearing will take place tomorrow at 9:30 a.m. in the courtroom of Presiding Judge Alberto C. Lamorena III.



The justices normally hold hearings in the Supreme Court Appellate Courtroom but the room will not be available because there will be a Guam Bar examination the same day, according to Joshua Tenorio, Guam Judiciary director of policy, planning & community relations.

The petition, which stemmed from a legislative resolution introduced by Sen. Ben Pangelinan and all the Democratic senators, is requesting a declaratory judgment on the law mandating that funds in the income tax trust fund must remain in the fund and can only be withdrawn to pay tax refunds.

Pangelinan complained that the governor has been making unlawful withdrawals from the trust fund for non-tax-refund-related purposes, including funding for GovGuam operations.

"This declaratory judgment petition is needed given the unlawful withdrawals by the governor via his director of administration, of almost $50 million from the refund trust fund. The Democrats fought hard against the governor and his Republican senators to not only pass Resolution 312-32 but to also ensure that $120 million was set aside in the budget act this year for tax refunds," Pangelinan said.

Pangelinan earlier sent three separate letters to Attorney General Leonardo Rapadas, requesting that the AG take action against the "unlawful" withdrawal of funds by the governor from the fund. According to the senator, the Office of Public Accountability also identified such unlawful withdrawals from the fund for GovGuam operations. All together, Pangelinan claims almost $50 million that should have been held in trust for the payment of tax refunds was taken by the governor to fund operations over the past three and a half years.

Department of Public Works Director Carl Dominguez said Bill 267 would grant DPW greater enforcement authority, including the imposition of monetary fines on violators who do not vacate and either repair or demolish unsafe structures in the community. Variety file photo

DPW supports bill on building safety

Variety News Staff

DURING yesterday's public hearing for Bill 267, or the Responsible Urban Renewal Act, the Department of Public Works expressed its support for the bill, saying the measure would grant them greater enforcement authority in addressing unsafe commercial and industrial structures.

Sen. Michael San Nicolas introduced the bill to address a problematic provision governing unsafe structures in the Guam Building Law.

The bill had a public hearing yesterday afternoon led by Sen. Tom Ada, the legislative public safety and infrastructure committee chairman, who also co-sponsored the bill.

In a letter to Ada, DPW Director Carl Dominguez stated: "The Department of Public Works thanks (Sen. Tom Ada) and Sen. Michael San Nicolas for introducing Bill 267-32 (COR) which grants DPW greater enforcement authority, including the imposition of monetary fines on violators who do not vacate and either repair or demolish unsafe structures in our community."

Dominguez, during the public hearing, also suggested adding a monetary disincentive provision wherein any person entering the building without permission from the DPW director shall be subject to a fine of up to $1,000 per incident.

The current law's provisions on unsafe structures allow for three options: that the structures be repaired, vacated or demolished. "This means that simply by vacating the premises, the owner is considered to have complied with the law," according to the proposed legislation.

Safety hazards

As pointed out by Bill 267, more buildings and structures, which are deemed not within safety regulations, are still standing and continue to pose safety hazards to the public.

If passed, Bill 267 would require that owners of commercial and industrial zoned properties vacate and either repair or demolish unsafe structures.

The law also would require violators to pay an annual fine equal to 20 percent of the assessed value of the subject property, which shall be prorated for any portion of a year in which the violation continues. The fine provided shall be a lien on the property if unpaid for more that 90 days.

After a review of the current building codes, San Nicolas said it became apparent that there is a need to tighten its provisions relative to unsafe structures, strengthen mandates, and empower DPW to be able to implement the law.

"There was a consensus amongst the various stakeholders that we consulted with on this bill that the current unsafe structure statute was too weak," San Nicolas said.

The senator also noted that the bill is a good step toward removing unsafe commercial and industrial structures from the community.

"These blighted commercial and industrial properties hurt surrounding property values, cause rodent and pest infestation, and hurt our tourism industry. Bill 267 is a responsible approach to improve the economic vitality of our island," he added.

Village issues

Chalan Pago-Ordot Mayor Jessy Gogue also provided testimony during the public hearing, stressing that the issue of abandoned structures is "near and dear to the hearts of many mayors."

"There are buildings in my village that have been there for 30 years and it is on a main route," he said.

In addition to commercial and industrial properties, he said unsafe residential properties needed to be addressed as well.

He also pointed out that according to current law, it is part of the mayors' responsibilities to issue citations to owners for failure to remove properties which are deemed unsafe by DPW.

"In the event that the owner does not remove the unsafe structure, the mayor or vice mayor may have the structure cleared and submit to the owner for payment," he said.

Gogue added that the attorney general and the Department of Revenue and Taxation are both critical components to the unsafe structure issue.

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE A.B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM
Thursday, January 30, 2014, 3:00p.m.
GIAA TERMINAL CONFERENCE ROOM #3

1. CALL TO ORDER AND ATTENDANCE

The January 30, 2014, regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") was called to order by Chairman Untalan at 3:04p.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Edward G. Untalan	Chairman
Martin Gerber	
Rosalinda A. Tolan	
Gurvinder Sobti	
Lucy M. Alcorn	
Directors Absent:	
Jesus Q. Torres	Vice Chairman
Pedro P. Ada III (Off Island)	
GIAA Officials:	
Charles H. Ada II	Executive Manager
Peter Roy Martinez	Deputy Executive Manager
Carlos Bordallo	Comptroller
Frank R. Santos	Business and Financial Consultant
Jean M. Arriola	Air Services Manager
Gerard Bautista	Air Terminal Manager
Antonio Taitingfong	Assistant Chief of Police
Victor Cruz	Engineer Supervisor
Edward Muna	Airport Operations Superintendant
Franklin Taitano	Procurement Supervisor
Joseph G. Javellana	Program Coordinator IV
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. On motion duly made by Director Gerber, seconded by Director Sobti, the agenda was amended as follows: To include under New Business a new item C. Approval of Estoppel Certificate from PacAir Properties.

3. APPROVAL OF MINUTES

A. November 27, 2013 Regular Meeting *(Tabled)*
B. December 27, 2013 Regular Meeting
C. January 15, 2014 Special Meeting

The next item on the agenda was approval of the minutes of the November 27, 2013 regular meeting; December 27, 2013 regular meeting; and January 15, 2014 special meeting.

Chairman Untalan noted that during the January 15, 2014 special meeting the award to Proposer B for the A-E Services for the Terminal Building Structural Upgrade & Concourse Isolation Design was approved, but the identity of Proposer B was not announced. Chairman Untalan requested that the name of Proposer B be stated for the record. Mr. Franklin Taitano informed the Board that Proposer B is E&A Engineers. The Chairman also mentioned that there were questions at that meeting whether it was legally permissible to use the existing RFP to select the number two (2) highest ranked proposer to conduct peer review of the number one (1) highest ranked proposer. Management informed the Board that Legal Counsel has confirmed that all procurement issues are cleared and that Management may proceed with the selection of Proposer G as the number two (2) highest ranked proposer. Mr. Franklin Taitano informed the Board that the number two (2) highest ranked proposer is Rim Architects.

Relative to the December 27, 2013 minutes, the Chairman inquired if the appraisal of the Airport property was completed by December 30, 2013 as stated. Mr. Frank Santos replied that the appraisal is done and went on to give the Board a brief update relative to the Tiyan Parkway, stating that ten (10) days ago an offer to purchase was received from Department of Public Works (DPW) for the Airport property as a perpetual easement, not a change in title, in the amount of $3.6M.

On motion duly made by Director Gerber, seconded by Director Tolan, the minutes of the November 27, 2013 regular meeting; December 27, 2013 regular meeting; and

January 15, 2014 special meeting were unanimously approved, subject to corrections.

4. CORRESPONDENCE

No Correspondence presented.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Approval of GIAA FY13 Financial Audit Report by Ernst & Young

The first matter discussed was the approval of GIAA's FY13 Financial Audit Report by Ernst & Young LLP (E&Y). Mr. James Whitt from E&Y provided a brief power point presentation to the Board. Mr. Whitt informed the Board that E&Y was able to give an unqualified opinion.

Following the presentation, the Chairman commended Management and staff for doing an outstanding job and stated that the results are a tremendous improvement. He added that while GIAA saw a net growth, the focus is going to be on continuing improvement in the revenue base. The Chairman asked the E&Y team if the Airport would be considered low-risk in two (2) years. Mr. Whitt replied yes.

After further discussion, on motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-24

The Board hereby approves the GIAA FY13 Financial Audit Report as presented by Ernst & Young LLP.

Chairman Untalan noted for the record that GIAA had met with the Public Auditor during the exit interview and she had very positive things to say regarding the improvements of the Airport. The Chairman added that the Board will be working with Management to create policies and procedures. The Public Auditor also noted that the Airport is again and usually the first to release its Audit in a timely manner.

A. Status of Capital Improvement Projects

The second matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos informed the Board that three (3) schedules were included in their packets, the first being the Series 2013 Bond Capital Improvement Projects. Mr. Santos provided updates on the Bond projects, informing the Board that the projects identified with

'Pending IDIQ RFP Issuance' are projects that are not federally funded and are not of a large dollar value so they will be combined under a single RFP under an Indefinite Delivery Indefinite Quantity (IDIQ) concept, previously done by GIAA. Proceeding this way will allow the Airport to place all of these projects together and be able to conduct surveys and cost estimates and streamline engineering, design and construction management. Several firms will be selected that the Airport can contract to handle these projects concurrently. Mr. Santos informed that the Board that the IDIQ RFP will include all of the professional services. Discussion followed relative to the IDIQ RFP projects.

Mr. Santos went on to update the Board on the AIP Grants, informing the Board the ARFF Fire truck is out for bid.

Mr. Santos reported on the Capital Improvement Projects for Fiscal Year 2014, Funding Source. He explained that this is an amended project schedule including projects for FY14 only, and will be updated to include previously approved but pending projects from prior fiscal years, everything is subject to availability of funding. Discussion followed relative to projects identified, but pending availability of funding to include bathroom renovations. The Chairman requested for a Priority List to be presented to the Board.

Mr. Santos provided an update on the Terminal Fire Alarm and Fire Suppression System, stating that $2.5M has been appropriated. Director Alcorn inquired on the amount to upgrade. Mr. Santos replied that a light for light replacement would be over $400,000, to upgrade to meet the fire code is $1.8M. Mr. Santos announced that the change does not have to be approved in the budget at this time, however it will need to be approved once the bid results come back.

B. Procurement Approval for Gate 21 Replacement Loading Bridge

The Executive Manager informed the Board that Management is still in the process of acquiring the data that was requested from the Board relative to the loading bridges and requested if this item be tabled until the next meeting so that the report may be completed.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award for Exterior Wall Painting/Repair of Terminal Building and Other Airport Structures – IFB No. GIAA-C02-F14

The first matter discussed was approval of award under the Invitation for Bids for Exterior Wall Painting/Repair of the Terminal Building and Other Airport Structures, IFB No. GIAA-C02-FY14 (the "IFB"). The Executive Manager informed the Board that the IFB solicited bids from firms to provide painting/repair work inclusive of all labor, materials, supplies and equipment for painting of terminal building. Thirteen (13) firms/individuals purchased the bid package and ten (10) firms submitted bid proposals before the submission deadline. The firms were evaluated and nine (9) were determined to be acceptable. The Manager informed the Board that the lowest responsive, responsible total bid amount received is $397,999.00, which is 53% below the government estimate of $850,000.00. Management recommends that the Board approve the contract award of $397,999.00 to J&B Modern Tech, who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Director Alcorn inquired on EONS Enterprise Corp.'s bid amount being lower than Management's recommendation. Ms. Janalynn Damian informed the Board that upon review of the bid submitted by EONS it was determined that the bid was non-responsive because EON's did not submit the proper bid form. Discussion followed relative to the bid amounts and the type of paint to be used and if it was outlined in the bid package, with the Executive Manager informing the Board that the bid package specified the type of paint to be used.

After further discussion, on motion duly made by Director Tolan, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 14-25

The Board hereby approves the contract award for Exterior Wall Painting/Repair of the Terminal Building and Other Airport Structures, IFB No. GIAA-C02-FY14 to J&B Modern Tech in the amount of $397,999.00, and disqualification of the bid submitted by EONS Enterprise Corp. for non-responsiveness.

The Chairman inquired on when the water blasting will begin. Ms. Jean Arriola informed the Board approximately one month.

B. Approval of Award for Design Services for GIAA Tiyan Site Development Access Road – RFP No. GIAA-003-FY14

The second matter discussed was approval of award under the Request for Proposal for Design Services for GIAA Tiyan Site Development Access Road, RFP No. GIAA-003-FY14 (the "RFP"). The Executive Manager informed the Board that the RFP solicited proposals from professional firms to provide design services for the Tiyan site development access road. A total of twelve (12) firms obtained the RFP packages, however seven (7) firms

responded by submitting proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer A
2. Proposer B
3. Proposer C
4. Proposer F
5. Proposer D
6. Proposer G
7. Proposer E

Management recommends the approval of the ranking results and the contract award to Proposer A, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

The Chairman inquired if these firms have done work with the Airport in the past. The Executive Manager replied yes. The Chairman informed the Board that he took the opportunity to come in to review the proposals prior to the meeting and noted that the same firms are continuing to show interest in the projects. He added that one of the main reasons why Mr. Frank Santos is requesting for the IDIQ RFP process next month is to avoid having to put out individual RFP's for the smaller projects; under the one (1) RFP, a number of firms will be awarded, and will be rotated. Discussion followed relative to the IDIQ project.

Relative to the Tiyan Site Development Access Road RFP, Director Gerber inquired on the location. Mr. Santos directed the Board to a map and pointed out the location. The Executive Manager informed the Board that the Access Road would provide the Airport accessibility should anything unforeseen occur on the Tiyan Parkway. The Chairman inquired on who would have access to this road. Mr. Santos replied that it would be for Airport related use and would depend on the developers and tenants.

After further discussion, on motion duly made by Director Gerber, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-26

The Board hereby approves the ranking results and contract award to Proposer A for Design Services for GIAA Tiyan Site Development Access Road, RFP No. GIAA-003-FY14,

subject to negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest ranked proposer.

The Executive Manager announced to the Board that Proposer 'A' is Duenas & Associates.

C. Approval of Estoppel Certificate from PacAir Properties

The third matter discussed was the approval of the Estoppel Certificate from PacAir Properties. At this time Chairman Untalan stated for the record that he would like to recuse himself from this discussion as he is employed by First Hawaiian Bank (FHB), and that FHB provided financing to PacAir Properties, and he recommended that the Board elect an Acting Chairman for this discussion as the Vice Chairman is not present.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-27

The Board hereby approves the nomination and election of Director Gerber to Chair the discussion relative to the approval of Estoppel Certificate from PacAir Properties.

Chairman Untalan exited the conference room.

Acting Chairman Gerber requested that Mr. Santos to provide a brief background to the Board regarding the Estoppel Certificate.

Mr. Santos referred to the current Ground Lease Agreement between GIAA and PacAir Properties of which the Air Cargo Facility is constructed upon. PacAir Properties is requesting to increase its loan amount with FHB in the amount of $3.9M in order to finance tenant improvements within the facility and FHB is requesting the Estoppel Certificate as part of the financing. The tenants that they now have are Social Security Administration, U.S. Citizenship & Immigration Services and National Oceanographic Atmospheric Administration. Mr. Santos informed the Board that that the Estoppel Certificate affirms that there is a Lease Agreement, and indicates that should PacAir Properties default on their loan with FHB that GIAA is permitting FHB to either make payments on the rent and continue as the Landlord for that building or substitute. Mr. Santos stated that Management recommends that the Board approve the Estoppel Certificate and it essentially amends the Estoppel previously authorized by the Board.

Director Tolan inquired if there were a negative impact for the Airport. Mr. Santos replied none that he is aware of. Acting Chairman Gerber inquired if this would be

subject to Conflicts Counsel review, and asked if Conflicts Counsel had reviewed the Estoppel Certificate. Mr. Santos replied that he believed that Conflicts Counsel had reviewed it and would have to sign off on page 3 of the Estoppel Certificate.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-28

The Board hereby approves the Estoppel Certificate from PacAir Properties as presented by Management subject to review by Conflicts Counsel.

Chairman Untalan returned to the conference room.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager. The Executive Manager reported on various matters concerning airline and charter operations. He announced that beginning January 15, 2014 through the end of February, the U.S. National Science Foundation (NSF) and the U.K. Facility for Airborne Atmospheric Measurements (FAAM) will be operating at the ACI hangar to monitor tropical atmosphere and changes as a result of global warming. GIAA is partnering with NSF and FAAM with two (2) days of Community Outreach presentations on February 11 and 13, and a half day Open House on February 15, 2014 at the ACI Hangar.

Reporting on FAA issues, the Manager reported that Mr. Ron Simpson, FAA Manager out of the Honolulu District Office, met with GIAA Management and staff to discuss key items that include, Tiyan Parkway, AIP Funding, Noise Mitigation, and the FY 2013 Single Audit. The next scheduled FAA visit is in April 2014 for GIAA's annual certification inspection.

The Executive Manager reported on a number of announcements to include GIAA hosting a Route Development Strategy Workshop on January 28 and 29, 2014 at the Hyatt, Guam. The workshop was facilitated by the Authority's Air Service Consultant, with the objective to identify an overall air service development strategy for GIAA and implementation plan for the remainder of 2014 and 2015. The Guam Economic Development Authority (GEDA) and the Guam Visitors Bureau (GVB) also participated in the workshop.

GIAA has been invited to attend GVB's launching of their 2020 Vision Plan scheduled for 2:00 p.m., February 4, 2014 at the Sandcastle in Tumon. All Board members are invited to attend and support the launch, with a press conference scheduled which will be led by Governor Eddie Baza Calvo.

GIAA has been working with the Lieutenant Governor's Office on the planning of "Soaring High", an island beautification Task Force fundraiser in collaboration with Japan Airlines. The fundraiser is scheduled for March 14, 2014 and will consist of lunch on the concourse and a tour of the island on board a Japan Airlines aircraft.

The Chairman announced that he attended the Route Development Strategy Workshop and he had thought it was interesting, he inquired with Management on what was the next step, will the strategy be finalized and brought to the Board for review. The Executive Manager replied that it is in line with the release of GVB's Master Plan. Having gone through the workshop, the Manager stated now GIAA can meet with GVB and GEDA and come up with a Plan that all three (3) Boards can be presented with.

The Chairman mentioned GVB's 2020 Vision Plan, and noted the importance of the three (3) agencies working together in terms of a strategy. Discussion followed relative to GVB's 2020 Vision Plan and Marketing strategies.

8. REPORT OF THE COMPTROLLER

Before moving on with the Comptroller's report, Mr. Carlos Bordallo directed the Board to a handout of proposed amendments to the budget, he explained that the numbers in the Comptroller's report are predicated upon the proposed amendments to the budget. The Comptroller informed the Board that the amendments to the budget came about as a result of the debt service level that was finalized with the Bond issuance and went on to list the amendments, stating that the revisions are simply a shift of obligations to avoid raising the Airline rates. He added that with the new First Hawaiian Bank (FHB) loan, the Debt Service Coverage ratio moved from 1.40 to 1.34, which is still above the required 1.25.

The Chairman inquired on the calculations of the Debt Service Coverage ratio amount for FY13 reported in the Ernst & Young audit report showing over 2.00. The Comptroller replied that this report showing 1.68 is from August and was not updated. The Chairman informed the Board that the objective was to revise the budget to include the Debt Service for the Bond and the Energy Efficiency loan as the numbers were off at the time the Board last reviewed the report. He added that the adjustments to the budget are being brought to the Board so that they are aware and know what to expect by the end of the year. The Chairman asked that the Comptroller explain the Amortization of Assets. The Comptroller informed the Board that it is based on GIAA recovering costs from Capital Improvement Projects through implementing tariffs, in the interest of keeping the rates the same for the Airlines, he stated that he recommended deferring the Amortization of Assets for FY14 and instead include extension of the FHB Energy Efficiency Loan. Chairman Untalan added that in July 2014 when GIAA begins negotiations with the Airlines, GIAA would incorporate back this recovery into the FY15

budget. Discussion followed relative to enplanement costs.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-29

The Board hereby approves the amendment to the FY14 budget as presented to defer the Amortization of Assets for FY14 for one (1) year to incorporate the Debt Service for the Energy Efficiency Loan, at which time the budget for FY15 will be adjusted to recapture the Amortization of Assets as well as continue to incorporate the Debt Service for the Energy Efficiency Loan.

The next item on the agenda was the report of the Comptroller. Mr. Bordallo provided a report to the Board on the Revenues and Expenses of the Authority as of December 31, 2013. Mr. Bordallo reported that year-to-date Total Signatory Revenues are below budgeted revenues by -0.2%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.9% and 2.8%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are below the budget estimate by -4.5%. Year-to-date Total Operating Revenues Actual of $16.2M is -0.3% below the budget estimate of $16.3M. Year-to-date Total Operating Expenses are below budget by -15.4%. The actual year-to-date Net Revenues from Operations of $7.64M reflects an increase of 24.5% over the year-to-date budgeted amount of $6.14M. The Authority's year-to-date results for Debt Service Coverage is at 1.44 versus the requirement of 1.25.

Chairman Untalan inquired on the incorporation of both the Merit Bonus and Law Enforcement Pay to the FY13 budget, if those funds had been reserved. The Comptroller replied yes, out of the FY13 budget. The Chairman informed the Board that there have been discussions with Legal Counsel regarding the legality of the Merit Bonus and will be working with Management on an implementation plan.

The Chairman inquired on the cash on hand by the end of last fiscal year. The Comptroller replied the total unrestricted funds at the end of FY13 $30.1M. Discussion followed relative to cash on hand with the Comptroller informing the Board that after calculations GIAA would have 380 days worth of cash on hand should anything unforeseen happen; 280 days after removing the one (1) time obligation cost for the Merit Bonus.

9. EXECUTIVE SESSION

INTERIM AIR SERVICE DEVELOPMENT INCENTIVE

The following interim air service development incentive program is adopted by the GIAA Board of Directors to attract new air links from unserved city destinations in the Asia-Pacific region and, moreover, in collaboration with the Guam Visitors Bureau's proposed initiatives to stimulate air service from cities in the Peoples' Republic of China. An early initiative is to target the shoulder or non-peak visitor months when the hotel room inventory is available.

1. **Destination Based:** All unserved city destinations in the Asia-Pacific region for direct scheduled air service or scheduled on-demand air service to Guam.
2. **Air Carriers:** GIAA incentive open to all U.S. and foreign based airlines that possess all governmental authorizations. Tour wholesalers and agencies are ineligible to receive the GIAA incentive but may factor such incentive in their negotiations with an airline operator.
3. **Incentive Duration:** Up to a maximum of two (2) years for an unserved destination per air carrier.
4. **Minimum Weekly Frequency:** GIAA incentive applies to new air service with two (2) flights per week.
5. **Rates & Charges Discount:** The GIAA incentive applies to operational rates and charges published in the Airport Tariff Schedule in effect at the time of inaugural service and limited to the Airfield Use (Landing) Fee, Loading Bridge Use, Immigration Inspection, Arrivals and Departure Fees only.

   The cumulative percentage discount is based on the following parameters:

   A. Basic Discount - 20%
   B. Non-Peak Operational Schedule - 25%
   C. Load Factor of 85% or Greater - 5%

   For existing GIAA signatory airlines, the basic incentive discount will be negotiated.

   The incentive will be applied on a monthly basis pursuant to the airline activity report for the prior month.

AIRLINE ISSUES

China Airlines
China Airlines will be operating 10 charter flights through March serving the FUK/GUM/FUK route, utilizing an A330 with a capacity of 304 pax.

FAA ISSUES

Tri-ennual Full Scale Exercise: Internal planning meetings began February 24th in preparation for the Full-Scale Exercise required every three years under FAR Part 139 for Airport certification by the FAA. The Exercise will require the participation of all responding agencies to test our response to an Airport Emergency under our Airport Emergency Plan. The Exercise is scheduled for Wednesday, May 22, 2014. This follows the next scheduled FAA visit in April 2014 for GIAA's annual certification inspection.

ROUTE DEVELOPMENT

GIAA Management will be meeting with several airlines and their network planners to discuss real opportunities and prospects of serving Guam. A business case and marketing packet is being customized for these airline meetings which will be held as part of Routes Asia, in Surawak, Malaysia from March 9 through 11, 2014. The airport team will consist of GIAA, a GVB rep and our air service development consultants when speaking to these network planners.

ANNOUNCEMENTS

- ARFF Platoons A and B are preparing for the Islandwide 2014 Firefighter's Muster which is scheduled for March 15 and 16 at the Guam Greyhound. Both platoons will challenge their firefighting contemporaries from the Guam Fire Department, the Navy and Air Force in strength and timed response activities. Leading up to the Muster, goodwill softball and 4-man beach volleyball games will be held from March 10 through 13th. Please support ARFF's fundraising activities for Happy Hour at Club Xscape, on Thursday, February 27 for Platoon B and Friday, February 28, 2014 for Platoon A.
- GIAA has been working very closely with the Lt. Governor's Office and Japan Airlines to benefit projects implemented by the Island Beautification Task Force. The event, entitled "Soaring High" is scheduled for March 14, 2013 from 10am to 1pm. Activities feature a flight around the island and lunch serving thereafter. All participating (flying) guests will be processed as a regular passengers, complete with check in and inspection experiences prior to the flight.
- ***Silebrasion Mes Chamorro 2014*** is being celebrated throughout the month of March. The theme is "Plant the Seeds of Our Heritage Among Our Children". GIAA is prepared to show our culture to our passengers and tenants with its 3pm Friday meriendas scheduled for March 7, 14 and 21 and the Annual

Fiesta scheduled for Thursday, March 27 at 11:00am. GIAA Marketing is also working with GVB to host cultural entertainment to complement the merienda servings and the Fiesta.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were requested. On motion duly made by Vice Chairman Torres, seconded by Director Ada, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. February 27, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the February 27, 2014 regular meeting. Discussion was held on corrections to the minutes.

On motion duly made by Director Ada, seconded by Vice Chairman Torres, the following resolution was unanimously approved:

Resolution No. 14-33

The Board hereby approves the minutes of the February 27, 2014 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The Executive Manager informed the Board that there was nothing to report at this time.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Financial Consultant, presented three (3) schedules to the Board for review. First, he provided brief updates relative to the Undistributed Obligations (UDO) analysis, consisting of grants from 2009 - 2013. Mr. Santos informed the Board that of the $59.3M in grants there is $10.9M remaining. Since the last Board meeting the Airport has expended $3M toward the Runway 6L/24R Rehabilitation project. Mr. Santos added that this year the Authority anticipates a minimum of $4.5M in grants

strictly for the Runway 6L/24R Rehabilitation project. Discussion followed relative to anticipated grants.

Mr. Santos reported on Bond Capital Improvement Projects, informing the Board that the focus currently is on two (2) major projects, the first being the International Arrivals Corridor with Building Seismic Upgrades. The Airport is in the midst of finalizing the previously awarded contract, based on a 10% design effort. The architect will be meeting with the Airport, and federal agencies involved to determine cost estimates, which will give the Airport a better understanding of how to proceed with other projects. Mr. Santos went on to brief the Board on the second major project, the Hold Bag Screening Relocation, stating that 100% of the design submittal is with TSA for review, and the manufacturing of the baggage system is anticipated to begin late May. The bid documents for the construction portion of the project is expected to be completed mid May.

Mr. Santos referred to the third schedule, the Capital Improvement Fund projects, which are projects funded internally pending net revenue. Mr. Santos announced that there are two (2) projects that will be added to the schedule provided, which will be presented to the Board for approval at the next Board meeting; the Terminal Roof Replacement and the Arrivals Enhancements. Arrivals Enhancements involves improvements to both USCBP and Guam Customs areas, and the Arrivals Lobby. Mr. Santos informed the Board of issues relative to the Customs areas and updated the Board on the USCBP's Global Entry Program. Discussion followed relative to the funding for the three schedules.

Mr. Santos gave the Board a brief update relative to the walkways, informing the Board that the procurement for Gate 21 Replacement Loading Bridge was previously approved by the Board however for the additional bridges, Management would like to present a more cost effective plan to the Board at a later date.

Chairman Untalan requested an update relative to the concession renovations. Mr. Gerard Bautista, Air Terminal Manager, provided updates and informed the Board that the renovations are moving forward.

Director Gerber inquired on the moving walkways, and expressed his disappointment with the number of walkways that are not running. Mr. Bautista announced that 80% of the walkways are running, a number of them are shut down manually at certain times to save power consumption and are supposed to be turned back on prior to a flight arrival. Director Gerber suggested that there be a sign that displays that the walkway is out of order if it is not working, and someone needs to be kept accountable for the walkways not being turned on when needed. Director Gerber announced that he would like to see an improvement, and offered to assist with the issue and report back to the Board at

the next Board meeting. Mr. Bautista explained the ongoing staffing difficulties with Otis, the contractor and informed the Board that the contract with the company will expire September 30, 2014. Discussion followed relative to possible remedies to the moving walkways.

B. Signage Policy - Non-Commercial

The first matter discussed was the Signage Policy - Non-Commercial. The Executive Manager first thanked Director Tolan for her assistance with the draft policy and noted that the item had been tabled a number of times. Director Tolan announced that the policy applies specifically to non-profit organizations and that her only request was for the policy to include that all non-profit organizations would not be charged for advertisement.

Chairman Untalan asked for Management to explain the policy so that the Board may better understand as he noticed inconsistencies within the policy. The Executive Manager provided details relative to the areas the signage would be displayed, stating that Management's focus is on signage that is electronic, is not permanent, and to be displayed on existing digital equipment owned and operated by the Airport. Discussion followed relative to the original request from the Guam Lions Club to donate a Welcome to Guam sign to the Authority, which Director Tolan stated the policy does not address.

Mr. Frank Santos announced to the Board that item number six (6) on the policy relative to signage advertising services that are in direct competition with the Airport's business objectives, either needs to be amended or deleted, leaving the option to approve or not to the Authority.

Discussion followed regarding banners and permanent structures. Ms. Jean Arriola, Air Services Manager, added to the discussion stating that in the near future new digital screens would replace the current old technology in the Customs Inspection Hall allowing for commercial advertising and also welcome messages for events that are taking place on Guam to be displayed. As for immediate signage, commercial advertising and messages from non-profit organizations may be displayed in the welcome center in the arrivals area.

Director Gerber inquired on organizations competing with the Airport's brand. Ms. Jean Arriola responded that she did not foresee that being an issue.

Director Tolan reiterated her request for the policy to include that all non-profit organizations would not be charged for advertisement. Ms. Jean Arriola informed the Board that the intent is not to charge non-profit organizations, however Management is requesting that the policy be flexible enough to recover costs should an organization's

request be unreasonable. Director Tolan expressed her sympathy for non-profit organizations, stating that the funds to pay the Airport for advertisement would be from fundraising efforts, and that it is a very trivial amount for the Airport. Discussion followed relative to the policy being amended to include the official language on displays. The Chairman requested for Director Tolan to work with Management to amend the policy as discussed.

After further discussion, on motion duly made by Director Ada, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-34

The Board hereby approves the draft Signage Policy - Non-Commercial as presented during the meeting subject to corrections: item number six (6) to be deleted; add language giving the Executive Manager the discretion to recover any out of pocket costs, but not charge a fee; and the displayed language to be in English or Chamorro only.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award for Purchase & Delivery of One (1) Aircraft Rescue Fire Fighting (ARFF) Vehicle Class Five (5) - 3,000 Gallon Capacity - IFB No. GIAA-001-FY14

The first matter discussed was the approval of award under the Invitation for Bid for Purchase & Delivery of One (1) Aircraft Rescue Fire Fighting (ARFF) Vehicle Class Five (5) - 3,000 Gallon Capacity, IFB No. GIAA-001-FY14 (the "IFB"). The Executive Manager informed the Board that the IFB solicited bids from firms for the purchase and delivery of one (1) aircraft rescue fire fighting vehicle class five(5), 3,000 gallon capacity to be used for the air rescue fire fighter facility. Three (3) firms/individuals purchased the bid package and two (2) firms submitted bid proposals before the submission deadline. The two (2) firms were evaluated and determined to be responsive. The Executive Manager informed the Board that the lowest responsive, responsible total bid amount received is $891,996.00, submitted by Morrico Equipment LLC. Funding for this bid is available under the Federal Aviation Administration (FAA) Grant Program. Management recommends that the Board approve the contract award of $891,996.00 to Morrico Equipment LLC, who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

After further discussion, on motion duly made by Director Ada, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-35

The Board hereby approves the contract award for Purchase & Delivery of One (1) Aircraft Rescue Fire Fighting (ARFF) Vehicle Class Five (5) - 3,000 Gallon Capacity, IFB No. GIAA-001-FY14 to Morrico Equipment LLC in the amount of $891,996.00.

B. Approval of Award for Security Access Control System (SACS) Management & Infrastructure Support Services - RFP No. GIAA-005-FY14

The second matter discussed was the approval of award under the Request for Proposal for Security Access Control System (SACS) Management & Infrastructure Support Services, RFP No. GIAA-005-FY14 (the "SACS RFP"). The Executive Manager informed the Board that the SACS RFP solicited proposals from professional firms to assist GIAA in the management and infrastructure support services to its SACS. The contract term is for a period of three (3) years, with two (2) annual renewal options, not to exceed a total term of five (5) years. A total of seven (7) firms showed their interest by obtaining the SACS RFP package; however, three (3) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the SACS RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer B
2. Proposer C
3. Proposer A

Management recommends the approval of the ranking results and the contract award to Proposer B, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer.

After further discussion, on motion duly made by Director Ada, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 14-36

The Board hereby approves the ranking results and contract award to Proposer B for Security Access Control System (SACS) Management & Infrastructure Support Services, RFP No. GIAA-005-FY14, subject to negotiation of fair and reasonable fees, and legal counsel review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest ranked proposer.

The Executive Manager announced to the Board that Proposer 'B' is Secure Safe Solutions.

C. Approval of Award for Paging System Management & Infrastructure Support Services - RFP No. GIAA-006-FY14

The third matter discussed was the approval of award under the Request for Proposal for Paging System Management & Infrastructure Support Services, RFP No. GIAA-006-FY14 (the "Paging System RFP"). The Executive Manager informed the Board that the Paging System RFP solicited proposals from professional firms to assist GIAA in the management and infrastructure support services to its Paging System. The contract term is for a period of three (3) years, with two (2) annual renewal options, not to exceed a total term of five (5) years. A total of seven (7) firms showed their interest by obtaining the Paging System RFP package; however, three (3) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the Paging System RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer B
2. Proposer A
3. Proposer C

Management recommends the approval of the ranking results and the contract award to Proposer B, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer.

After further discussion, on motion duly made by Director Ada, seconded by Vice Chairman Torres, the following resolution was unanimously approved:

Resolution No. 14-37

The Board hereby approves the ranking results and contract award to Proposer B for Paging System Management & Infrastructure Support Services, RFP No. GIAA-006-FY14, subject to negotiation of fair and reasonable fees, and legal review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest ranked proposer.

The Executive Manager announced to the Board that Proposer 'B' is Secure Safe Solutions.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager. The Executive Manager reported on various matters concerning airline and charter operations to include Oren Air planning for three (3) additional regularly scheduled charters to add to their Khabarovsk and Vladivostok routes.

The Executive Manager announced that a GIAA delegation travelled to Korea from April 7 to 10, 2014 to pursue discussions with carriers for new and more frequent services between Korea and Guam. With continuous discussions, it is anticipated that an announcement or update will be made of successful negotiations in the future.

On FAA issues, the Executive Manager reported that as required by FAR Part 139, the Triennial Disaster Drill Exercise will be executed, and is scheduled for May 22, 2014 with participation from local and federal agencies such as Guam Fire Department, Guam Police Department, Guam Customs & Quarantine, and U.S. Customs & Border Protection.

More flights to and from the Philippines may soon be available on Guam following an upgrade in the country's safety rating from the Federal Aviation Administration (FAA) to Category I. The Republic of the Philippines received an upgraded safety rating because it complies with international safety standards set by the International Civil Aviation Organization (ICAO). Since the country has been given a "Category 1" rating, the Republic of the Philippines' air carriers can add flights and service to the United States and carry the code of U.S. carriers. The new rating is based on a March 2014 FAA review of the Civil Aviation Authority of the Philippines. Cebu Pacific is just one example of airlines interested in Guam. The new rating also opens up opportunities for other airlines, including existing partners like Philippine Airlines, to increase their service and frequency of flights.

The Executive Manager announced that the USCBP Guam office has scheduled the ribbon cutting of the Global Entry Program office to take place at the A.B. Won Pat International Airport on May 14, 2014. Eligible travelers will be able to apply for this program that allows expedited clearance for pre-approved, low-risk travelers upon arrival into the United States

The installation of the new Flight Information Display (FIDS) monitors is ongoing. The system is able to display in multiple languages and other electronic signage and graphics. The new FIDS are installed in a number of locations within the Terminal.

Relative to Procurement, the Executive Manager announced that the submission deadline for the Demolition and Remediation of Various Airport Facilities – Phase 2 IFB is May 8, 2014.

Reporting on other announcements, the Executive Manager announced that the Airport is a sponsor of the Guam Micronesia Island Fair scheduled for April 25 through 27, 2014. The annual event features cultural dance, art and wear from all over Micronesia and the Marianas.

The Tiyan Parkway Groundbreaking occurred on April 8, 2014. The Governor, DPW, GIAA and the Contractors all took part in this historic event, signifying the start of Phase one (1) of the Tiyan Parkway.

The Executive Manager congratulated Director Rosalinda A. Tolan and Director Gurvinder "Bic" Sobti, on their reappointment, confirmation and swearing in by the Governor of Guam to serve another term as a Board Director for GIAA. Their confirmation hearing was held on March 27, and both were confirmed on April 15. The swearing in ceremony took place on Wednesday, April 24, at 10:00 a.m. at the Governor's Chambers, Adelup.

On April 22, 2014, Mr. Alan Searle provided a review of the Unified Pay Scale, explaining the employee compensation and benefits study and plan to Management and Board members.

Director Tolan at this time thanked the Board, Management and employees that attended the confirmation hearing as well as the swearing in ceremony, that the moral support was greatly appreciated.

Chairman Untalan congratulated Marketing on a great Citizen Centric Report.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller. Mr. Carlos Bordallo Comptroller, provided a report to the Board on the revenues and expenses of the Authority as of March 31, 2014. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 3.3%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.5% and 0.5%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are above the budget estimate by 0.3%. Year-to-date Total Operating Revenues Actual of $33.92M is 1.8% above the budget estimate of $33.30M. Year-to-date Total Operating Expenses are below budget by -8.8%. The actual year-to-date Net Revenues from Operations of $15.53M reflects an increase of 18.1% over the year-to-date budgeted amount of $13.15M. The Authority's year-to-date results for Debt Service Coverage is at 1.48 versus the requirement of 1.25.

Brief discussion followed relative to net income from Operations.

9. EXECUTIVE SESSION

On motion duly made by Director Gerber, seconded by Director Sobti, at 4:31 p.m. the Board recessed regular session.

Upon written recommendation of counsel, the Board convened executive session at 4:40 p.m. to discuss pending litigation. On motion duly made by Director Tolan, seconded by Vice Chairman Torres, executive session adjourned at 4:56 p.m., at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Ada, seconded by Vice Chairman Torres, at 4:57 p.m., the meeting was adjourned.

Joseph G. Javellana	Program Coordinator IV
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

At this time Chairman Untalan announced that Director Sonny Ada regrettably will not be renewing his term with the Airport due to personal reasons. The Chairman stated that it is a great loss to the GIAA Board of Directors, however with the remaining Directors carrying the load the Board will certainly be able to proceed.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were requested. On motion duly made by Director Tolan, seconded by Director Sobti, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. April 24, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the April 24, 2014 regular meeting. Director Tolan requested that the minutes state that she had thanked Management and employees for attending both the swearing in ceremony and the confirmation hearing.

Chairman Untalan requested for clarification relative to the 10% effort as stated in the minutes for the International Arrivals Corridor project. Mr. Frank R. Santos, Business and Financial Consultant, responded stating that it is a 10% design effort.

On motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-38

The Board hereby approves the minutes of the April 24, 2014 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The first matter discussed was email correspondence from Senator Michael San Nicolas to the Executive Manager in reference to a scheduled legislative roundtable discussion relative to the Airport's ground transportation operations. The Executive Manager informed the Board that Management reviewed the current policies which are in need of being updated. With regard to the Airport's current operating standards, the Airport has three (3) vendors at this time as opposed to one (1) when the policies were written. The Executive Manager announced that the roundtable discussion is scheduled for June

4, 2014 at 2:00 p.m., and added that hopefully Management could provide the Board with a draft update before that date. The Executive Manager went on to inform the Board that the FAA has been briefed on the matter and is quite concerned. He added that Management is committed to sharing the draft plan with the FAA, and all communications and any decisions on the matter moving forward with the Board.

The Chairman announced that he would like to attend the roundtable discussion. The Chairman noted that the perception is the Airport is constantly making a lot of money, however, for the last five (5) years it has been the grants that have helped the Airport's assets grow. With the grants slowly decreasing, the effort now needs to be focused on the development of real property and the five (5) year limitation is a hindrance. Discussion ensued relative to the scheduled roundtable discussion.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos presented three (3) schedules to the Board for review. Mr. Santos informed the Board that based on the passenger count from two (2) years ago, GIAA is limited to receive an amount of $4.5M in "entitlements". The discretionary money will be directed to two (2) projects, the Instrument Landing System ("ILS"), and Rehabilitate Runway 6L/24R. Mr. Santos went on to provide updates relative to the Undistributed Obligations (UDO)Analysis.

Moving on to the second schedule, the Bond Projects, Mr. Santos announced that majority of these projects are pending the Indefinite Delivery Indefinite Quantity ("IDIQ") RFQ solicitation. Mr. Santos announced that twenty-one (21) firms have submitted proposals and hopefully by the next Board meeting all of the evaluations should be completed. Discussion followed relative to the RFQ and who is to oversee the project.

Mr. Santos provided updates to the Board to include the draft for the 10% design effort for the International Arrivals Corridor. The Airport will do an advance review and present it to the Board at the next meeting. The next largest project is the Hold Bag Screening Relocation. The notice to proceed has been issued and is scheduled to be completed by April 2015. Discussion ensued relative to the timeline.

Reporting on the Passenger Loading Bridges, Mr. Santos announced the seventeen (17) pre-conditioned air units and the seventeen (17) ground power units that have been

installed and operating since May 27, 2014, the warranty began the day after. All the units previously leased for over $300,000.00 per year may be returned back to the owner. Director Sobti inquired on how long the units had been leased. Mr. Frank Santos responded two (2) years.

Mr. Santos added that in regard to the Bond Projects, Management had contemplated replacing five (5) loading bridges, however, that option is being revisited and Management would like to proceed with a plan to refurbish fifteen (15) loading bridges, excluding Gate 18 which was already refurbished, and Gate 21, which procurement is a tabled item from the January 15, 2014 special meeting. The procurement for Gate 21 is recommended for a sole source procurement with JBT AeroTech Jetway Systems, the manufacturer of the existing passenger loading bridges. Mr. Santos noted the concerns raised in the January special meeting with regard to the replacement of Gate 21 being sole sourced. With the fact that Management was planning to purchase more, Management agreed with the concerns raised. Since that time Management has determined that the life span of the remaining bridges may be increased by five (5) to ten (10) years based on a refurbishment program as opposed to full replacement.

Director Alcorn inquired on the cost of full replacement. Mr. Santos responded, stating that based on the quote for Gate 21, full replacement would cost the Airport $855,495.00. Director Sobti inquired on the cost to refurbish and the life span after refurbishment. Mr. Santos replied the that the cost is approximately $200,000.00 each, and with regard to life span, the older bridges would last possibly five (5) to ten (10) years, the newer bridges ten (10) years. Discussion followed relative to the process of refurbishing the bridges, with Mr. Gerard Bautista, Air Terminal Manager, informing the Board that refurbishing one bridge would take six (6) to seven (7) months.

Mr. Santos explained that Managements' recommendation is to refurbish fifteen (15) passenger loading bridges, which can be done through the current contract with JBT AeroTech. However, Management is requesting authorization to proceed with the procurement of Gate 21 replacement as that bridge had previously been worked on to try to extend the life span to three (3) years, but had died out before the three (3) years, and is now inoperable for safety reasons.

Chairman Untalan inquired on who will conduct the refurbishment. Mr. Santos responded, stating that the current contractor, JBT AeroTech, would conduct the refurbishment, however, it would be the local maintenance team. The Chairman inquired on the warranty, if any, associated with refurbishing. Mr. Santos stated that it depends. In terms of corrosion control, there would be no warranty, however, there would be a warranty for parts ordered. Brief discussion ensued relative to assessments.

The Chairman inquired on the amount appropriated for the loading bridges. Mr. Santos informed the Board $8.2M was appropriated from Bond monies of which $5.4M is left.

Director Alcorn inquired on the life span of a brand new loading bridge. Mr. Gerard Bautista responded that the life span goes up to over ten (10) years based on the elements, and explained the comparison between Guam and Hawaii.

Director Tolan inquired on the time line on the replacement of Gate 21. Mr. Santos replied six (6) to nine (9) months.

Discussion followed relative to the funding for the refurbishment, with Mr. Santos stating that Managements' intent is not to exceed the budget, to secure a savings in which all the bridges would receive a benefit of a face lift or increase the operational capacity, and use the savings to cover a potential shortfall with the International Arrivals Corridor project.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-39

The Board hereby approves Management's recommendation to proceed with the sole source procurement of the Replacement Passenger Loading Bridge for Gate 21 with JBT AeroTech Jetway Systems, subject to legal counsel review.

Mr. Santos went on to present the last schedule, the Capital Improvement Projects. Mr. Santos announced that Management has added two (2) projects to the listing for the Board to consider. The first project, Replace Terminal Roofing System in the amount of $1.6M. Mr. Santos informed the Board that the Airport has been experiencing prevalent leakage throughout the Terminal and the intent is to replace the entire roofing system.

The second project, Improve Arrival and Inspection Facilities in the amount of $2.5M, to enhance passenger facilitation through improvements to Customs and Border Protection ("CBP") area, Customs and Quarantine ("CQA") area of baggage claim, and the Arrivals Lobby. Mr. Santos expressed the urgency in enhancing the CBP area as customers are experiencing a longer processing time. Discussion followed relative to CBP's personnel issues, and informed the Board of the Automated Passport Control kiosks to be included in the enhancements, allowing U.S. citizens who are members of the Global Entry program and non U.S. citizens who are members of ESTA to shorten their wait time in the CBP area. Mr. Santos informed the Board that with GIAA's size and number of passengers, the minimum number of kiosks required is twenty (20), and based on the only two (2) manufacturers' estimates in the United States, with the ESTA technology the cost will be approximately $1.1M for the twenty (20) kiosks.

Management will prepare the specifications and do the studies before coming back to the Board for approval. The authorization from the Board would be just to establish the two (2) projects as part of the Capital Improvement Projects.

The Chairman inquired on which of the projects on the list were active and the funding amount for the two (2) projects. Mr. Santos responded stating that all of the projects listed are active, and went on to explain the funding process for this list. Discussion followed relative to funding and timelines, with Mr. Santos informing the Board that by the next Board meeting he will provide an updated list of balances along with a list of prioritized active projects.

Director Tolan requested an update for the bathroom renovations. Mr. Gerard Bautista gave a brief update as requested. Chairman Untalan further requested for a list of the funds available.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-40

The Board hereby approves Management's recommendation to include two (2) projects to the Capital Improvement Projects listing- (1) Replace Terminal Roofing System in the amount of $1.6M, and (2) Improve Arrival and Inspection Facilities in the amount of $2.5M, both subject to funding availability.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - IFB No. GIAA-C01-FY14, Demolition and Remediation of Various Airport Facilities - Phase II

The first matter discussed was the approval of award under the Invitation for Bid for Demolition and Remediation of Various Airport Facilities - Phase II, IFB No. GIAA-C01-FY14 (the "IFB"). The Executive Manager informed the Board that the IFB solicited bids from firms to provide construction work inclusive of all labor, materials, supplies and equipment to demolish buildings. The project also includes remediation of lead and asbestos materials prior to the demolition work. Fourteen (14) firms/individuals purchased the bid packages and five (5) firms submitted bid proposals before the submission deadline. The firms were evaluated and all five (5) were determined to be responsible and responsive. The Executive Manager informed the Board that the lowest responsive, responsible total bid amount received is $363,205.90 or 58% below the government estimate of $873,256.00, submitted by Ian Corporation. Funding for this bid

is available under AIP Grant Nos. 3-66-0001-81 and 82. Management recommends that the Board approve the contract award of $363,205.90 to Ian Corporation, who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations, subject to review by legal counsel.

The Executive Manager informed the Board that Ian Corporation is the current vendor for the Demolition of the former GPD building, Phase I which is approximately 80% complete. The Executive Manager also added that FAA's Mr. Ron Simpson was very impressed during his visit to Guam with the current vendor and their demolition work with the former GPD building.

After further discussion, on motion duly made by Director Sobti, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-41

The Board hereby approves the contract award for Demolition and Remediation of Various Airport Facilities - Phase II, IFB No. GIAA-C01-FY14 to Ian Corporation in the amount of $363,205.90, subject to review by legal counsel.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on various matters concerning airline and charter operations to include the meeting with Dynamic Air on April 28, 2014, where plans were finalized to operate non-stop regular flights between Guam and Beijing every five days beginning June 21, 2014. Dynamic Air's inaugural flight landed on Guam on January 29, with more than 200 people on board.

Philippine Airlines will be increasing operations from Manila to Guam beginning October 26, 2014, from five flights to seven flights weekly. This increases seat capacity by 300 weekly, and adds 29% more seat capacity annually, from 39,000 to 54,600 seats.

The Executive Manager reported that the FAA's Ron Simpson inspected Guam's facilities, toured capital improvement projects, and was fully briefed on significant Airport issues from May 19 to 21, 2014.GIAA and the FAA executed the "Land Use Change Authorization" for approximately 15.24 acres of property. The Authorization will permit GIAA to grant the Government of Guam a right-of-way easement for the construction of Phase I, Tiyan Parkway.

GIAA's Triennial Drill Exercise was held on May 22, 2014. GIAA fared well in the exercise with extensive participation from local and federal agencies that included the Guam Fire

Department, Guam Police Department, Public Health & Social Services, Guam Memorial Hospital, Office of Homeland Security, Navy and Andersen Fire Departments, Naval Hospital, Transportation Security Administration, Guam Customs & Quarantine, and U.S. Customs & Border Protection as well as United Airlines, who played the role of the distressed airline. The Executive Manager reported on a mishap that transpired during the exercise, which is under investigation.

On financial issues, GIAA's Fiscal Year 2015 Financial Budget is in development and will be presented to the Airlines no later than July 1, 2014.

A legislative roundtable discussion will convene on Wednesday, June 4, 2014, at 2:00 p.m. The Committee on Aviation, Ground Transportation, Regulatory Concerns, and Future Generations, will be inviting representatives from the Airport, as well as the various taxi and tour bus service providers, to discuss Passenger Arrival Transportation Services at the Airport.

Relative to Procurement, the Executive Manager announced that the submission deadline for the Insurance Consulting Services RFP was May 20, 2014; and the submission deadline for A/E and Surveying Services - Indefinite Delivery Indefinite Quantity RFQ was May 28, 2014.

The Executive Manager announced that a joint press conference was held on Friday, May 9, 2014 at the Governor's Office, with GIAA and GVB to announce China charters to be operated by Dynamic Air beginning June 2014.

A ribbon cutting ceremony for the USCBP Global Entry Program Office was held at the Airport on May 14, 2014. The first enrollee processed by the Guam office was Governor Eddie Baza Calvo.

The Executive Manager thanked all GIAA employees for their monetary donations and personal participation at the Relay for Life held Friday, May 23 2014 and recognized this year's coordinator, Ms. Lynette Okada-Muna, for her hard work and generosity.

Director Tolan requested for an update relative to Cebu Pacific. The Executive Manager gave a brief update.

Chairman Untalan inquired on the condition of the vehicles involved in the Triennial Drill Exercise incident. The Executive Manager responded stating that all vehicles are insured. The fire truck is useable however the K-9 unit vehicle is inoperative. Discussion followed relative to the incident with the Chairman stating that it was fortunate no one was injured and expressed the importance of the Exercise.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller. Ms. Ann Bautista, Acting Assistant Comptroller, provided a report to the Board on the revenues and expenses of the Authority as of April 30, 2014. Ms. Bautista reported that year-to-date Total Signatory Revenues are above budgeted revenues by 2.4%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.3% and 2.7%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are above the budget estimate by 3.2%. Year-to-date Total Operating Revenues Actual of $39.4M is 2.3% above the budget estimate of $36.5M. Year-to-date Total Operating Expenses are below budget by -8.1%. The actual year-to-date Net Revenues from Operations of $17.9M reflects an increase of 18.5% over the year-to-date budgeted amount of $15.1M. The Authority's year-to-date results for Debt Service Coverage is at 1.48 versus the requirement of 1.25.

Discussion followed relative to account receivables and net assets due to grants. The Chairman noted the importance of Division Heads attending Board meetings.

9. EXECUTIVE SESSION

Legal counsel announced that there will be no Executive Session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

For the Board's information, Director Tolan announced that she had attended the Airport's general employee meeting held on April 30, 2014 and informed the Board that she had advised all Division Heads to attend Board meetings so they are kept abreast of current issues at the Airport and are able to inform their employees of any pertinent information. The Director also added that she informed employees if they have any concerns to first speak with their immediate supervisor, if still not satisfied, speak with Management or the Board.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Alcorn, seconded by Director Sobti, at 4:43p.m., the meeting was adjourned.

Thais to ponder election under martial law as way out of crisis

BANGKOK (Reuters) – Thailand's Election Commission was due to consider on Wednesday the caretaker government's proposal for an Aug. 3 election, as doubts grew that polls could be held smoothly despite the imposition of martial law to calm street violence.

Army chief Gen. Prayuth Chan-ocha denied Tuesday's declaration of martial law amounted to a military coup, saying he had acted to restore order and build investor confidence. The caretaker government says it is still in charge.

Both pro- and anti-government protesters remain out in force but the army has confined them to their separate protest sites and there were no reports of trouble overnight.

Twenty-eight people have been killed and 700 injured since the latest chapter in a near-decade-long power struggle between former Prime Minister Thaksin Shinawatra and the royalist establishment flared up late last year.

The turmoil has brought the country to the brink of recession and even raised fears of civil war.

The anti-government protesters remain implacably opposed to an election for now. They want a "neutral" prime minister installed to oversee electoral reforms aimed at ending the influence of former telecommunications tycoon Thaksin.

The government, on the other hand, sees a general election that it would likely win, given Thaksin's enduring support among the rural and urban poor, as the best way forward.

Acting Prime Minister Niwatthamrong Boonsongphaisan, a minister in the government of Thaksin's sister, Yingluck Shinawatra, who took over when she was forced to step down as prime minister by a court two weeks ago, proposed on Tuesday that an election should be held on August 3.

Thaksin's "red shirt" activists have warned of trouble if the caretaker government is ousted and replaced with a "neutral" prime minister.

Somchai Srisutthiyakorn, a member of the Election Commission, said all sides had to consider the proposal.

"The situation has changed now. We have martial law, therefore the Election Commission, the army and the government should talk first," Somchai told Reuters. "I can't say yet whether an August 3 election will happen."

Red shirt warning

Anti-government protesters disrupted a Feb. 2 election that Thaksin's loyalists looked set to win. It was later declared void.

Thaksin's "red shirt" activists have warned of trouble if the caretaker government is ousted and replaced with a "neutral" prime minister but some analysts saw that as likely despite the threat of a backlash.

"With martial law in place, we believe violence could be contained," Pimpaka Nichgaroon, head of research at Thanachart Securities, wrote in a note.

Pimpaka said the main question was whether an interim government came about through a coup or through a resolution by the upper house Senate, Thailand's only functioning legislature.

"Any kind of interim government would be a better scenario for Thailand than the current political deadlock with a non-functional caretaker government."

The army has ordered 14 satellite TV channels, both pro- and anti-government, to stop broadcasting and it has warned against the spread of inflammatory material on social media.

Human rights groups have said the declaration of martial law was akin to a coup.

2 bomb blasts in Nigeria kill at least 118

JOS, Nigeria (AP) – Two car bombs exploded at a bustling bus terminal and market in Nigeria's central city of Jos on Tuesday, killing at least 118 people, wounding dozens and leaving bloodied bodies amid the flaming debris.

There was no immediate claim of responsibility for the twin car bombs. But they bore the hallmarks of Boko Haram, the Islamic extremist group that abducted nearly 300 schoolgirls last month and has repeatedly targeted bus stations and other locations where large numbers of people gather in its campaign to impose Islamic law on Nigeria.

The second blast came half an hour after the first, killing some of the rescue workers who had rushed to the scene, which was obscured by billows of black smoke.

"It's horrifying, terrible," said Mark Lipdo of the Stefanos Foundation, a Christian charity based in Jos, who described the sickening smell of burning human flesh.

A woman's body, her legs blown off, lay on the edge of an inferno consuming other bodies. In the middle if the flames, an arm reached up. Another woman, unconscious and wrapped in a brightly colored cloth, was being carried away in a wheelbarrow on a road strewn with glass shards.

Dozens of bodies and body parts were covered in grain that had been loaded in the second car bomb, witnesses said. A Terminus Market official said he helped remove 50 casualties, most of them dead. He spoke on condition of anonymity because he is not allowed to give information to reporters.

Smoke rises after a bomb blast at a bus terminal in Jos, Nigeria, on May 20. Two explosions ripped through a bustling bus terminal and market frequented by thousands of people in Nigeria's central city of Jos on Tuesday afternoon, and police said there are an unknown number of casualties. AP

At least 118 people were killed and dozens wounded in the bombings, which ignited fires that were still burning eight hours later, according to Nigeria's National Emergency Management Agency.

President Goodluck Jonathan indicated he blamed Boko Haram for Tuesday's bombings, extending sympathies to affected families in a statement and assuring "all Nigerians that the government remains fully committed to winning the war against terror."

GFT names members of its negotiating team

By Louella Losinio

Variety News Staff

THE collective bargaining process between the Guam Department of Education and the Guam Federation of Teachers moved a step forward after the union submitted the list of names of its negotiating team to the Guam Education Board.

In a letter addressed to Jose Cruz, GEB chairman, Timothy Fedenko, GFT president, said the following comprise the union's negotiating team:

▶Sanjay Sharma, John F. Kennedy High School;

▶Audrey Perez, Simon Sanchez High School;

▶Doris Terlaje, Oceanview Middle School;

▶Stephen Willman, Simon Sanchez High School, and;

▶Josephine Cruz, Captain H.B. Price Elementary School.

Fedenko heads the team as chief negotiator.

Last April, the GFT asked its members to provide input on the negotiations, after stalled CBA processes progressed with assurances from the board that it is ready to proceed with negotiations.

The GFT has praised the newly found collaboration with GDOE and said the collective voices of union members were heard and proved to be successful.

The last teacher-negotiated collective bargaining agreement with GFT expired in November 2011.

GDOE

Guam Department of Education Superintendent Jon Fernandez has already revealed the preliminary list of names for the department's collective bargaining team.

The list includes Fernandez as chief negotiator and spokesman, and the following as the members of the department's negotiating team:

▶Janice Chargualaf, principal of Adacao Elementary School;

▶Sophia Duenas, principal of Untalan Middle School;

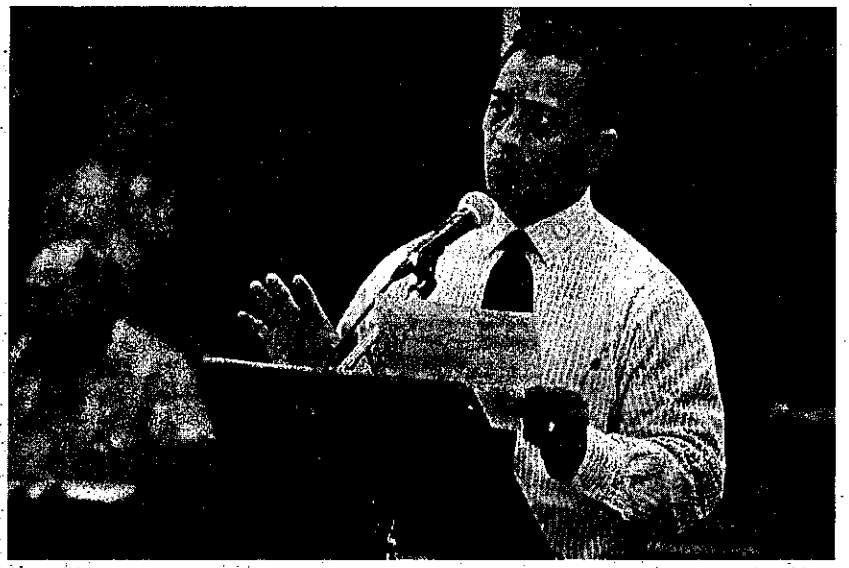
▶Jim Reyes, principal of George Washington High School;

▶Erica Cruz, GDOE deputy superintendent; and

▶Rob Malay, GDOE deputy superintendent.

Fernandez also proposed a list of alternates which include the following:

▶Geraldine Quejado, Machanao Elementary School;



▶James Petite, Agueda Johnston Middle School;

▶Carla Masnayon, principal of Simon Sanchez High School;

▶Joe Sanchez, deputy superintendent; and

▶Yolanda Gabriel, assistant superintendent for SPED.

Fernandez, in a letter to the education board, said he is asking to lead the negotiations on behalf of GDOE with a team representing experience in the elementary, middle and high school levels as well as in the department's central office.

Aguon urges compromise on DSEIS

By Louella Losinio
louella@mvguam.com
Variety News Staff

SEN. Frank Aguon Jr., chairman of the legislature's military buildup committee, has urged the opposing parties on the 2014 draft supplemental environmental impact statement to work out a compromise.

While not taking a side on the issue himself, Aguon said that although the rebalancing of the armed forces continues to polarize the community, there is a common ground within which a compromise and an agreement can be reached.

"That common ground is the overall progress and sustainability of our island's future," Aguon said.

He added that with progress there is always a cost to pay and Guam must be willing to allow progress to present itself through opportunities.

"We cannot deny the fact that the people of Guam are in need of opportunities; however we must be stewards of our own destiny and seize any opportunity to potentially contribute to the total social, economic and physical transformation of our island's future," the senator said.

Aguon said he remains confident that the Calvo administration, Guam Delegate Madeleine Z. Bordallo and his colleagues in the legislature will continue to engage in the planning of the buildup as island leaders consider the concerns that have been voiced during the recent public hearings.

"As elected officials, it is our responsibility to the people of Guam to ensure the decisions we make are based on the will of the people; and we must always choose to compromise rather than be compromised. On one hand, we must continue working together in the interest of progress. On the other, we must not be compromised – forced into either supporting measures that we would normally oppose or failing to do what we promised," Aguon said. "If you want something, I want something different, we talk it over; we come to an arrangement; we compromise. We must understand that these compromises, should they occur, will be difficult and potentially reputation-damaging in the short term, but they may be a necessary step in order to achieve a common future for our people."

Aguon has also requested the agency heads of the committee he has oversight over to provide comments on the DSEIS before the June 17 deadline.

Cancer survivors conference next week

(DPHSS) – The Department of Public Health and Social Services' Guam Comprehensive Cancer Control Program, in partnership with the Guam Comprehensive Cancer Control Coalition, is hosting the "Celebrate Life!" Cancer Survivors Conference next week.

The conference will be held on June 7, from 8 a.m. to 1 p.m. at the Chamorro Ballroom at the Pacific Star Resort & Spa.

Conference organizers said the event is free and open to all cancer survivors, caregivers and family members who might be interested in topic areas covering survivorship and quality of life.

Participants will have a chance to learn more about topics such as innovations and challenges in cancer; self care; and intimacy and communication.

Guam sees an average of 144 cancer deaths a year, an alarming number for a very small population, according to local cancer care providers.

Cancer has been identified as the second leading cause of death on the island.

Guam, however, does not have updated cancer statistics. The most recent statistics provided by the local and U.S. governments were based on figures from 2003 to 2007.

According to a Department of Public Health and Social Services 2011 report, "Every year approximately 316 people were told by their doctor they had cancer, and 144 died. That's one person every two to three

"Comparing the five-year period 1998 to 2002 with 2003 to 2007, cancer deaths increased 10 percent, and new cancer cases diagnosed increased 19 percent. From 2003 to 2007, 1,580 Guam residents were diagnosed with cancer, and 720 died of this disease," the department said.

According to the Centers for Disease Control and Prevention's National Center for Health Statistics, the Guam cancer death ratio is 133.6 per population of 100,000 based on the 2010 census.

For more information or to register for the conference, contact Jenny De Leon at 735-0673 or via email at jenny.deleon@dphss.guam.gov. Deadline to register is on or before June 3.

EXECUTIVE SUMMARY

INVITATION FOR BID
DEMOLITION AND REMEDIATION OF VARIOUS AIRPORT FACILITIES
PHASE II
IFB NO. GIAA-C01-FY14
PROJECT NO. GIAA-FY12-01-5; AIP NO. 3-66-0001-81 & 82

May 29, 2014

Purpose

Board action is requested to approve the bid award of the above project under the Invitation For Bid No. GIAA-C01-FY14.

Background

The project is to provide construction work inclusive of all labor, materials, supplies and equipment to demolish Buildings in Airport Facility. The project also includes remediation of lead and asbestos materials prior to the demolition work. The scope of work of the project is comprised mainly of demolition and remediation work of the Old Air Cargo Building.

Procurement Background

The solicitation announcement was advertised through the local newspapers during the months of March & April 2014. The bid submission deadline and bid opening took place on May 15, 2014.

Fourteen (14) firms/individuals purchased bid package and five (5) firms submitted bids before the submission deadline. The firms were evaluated and all five (5) were determined to be acceptable. As required by the Procurement Rules and Regulations, the bids were publicly opened and read aloud in the presence of the bidders.

The submitted bids are presented below:

BIDDER'S NAME	AMOUNT
Primo's Heavy Equipment Rental	$590,000.00
Ian Corporation	$363,205.90
Maeda Pacific Corporation	$584,000.00
Korando Corporation	$386,000.00
Sumitomo Mitsui Corporation	$912,000.00

Legal Review

Upon receipt of the required Performance and Payment Bonds, contract documents will be forwarded to legal counsel for review prior to execution and issuance of Notice to Proceed.

Financial Review

The lowest responsive, responsible total bid amount received is $363,205.90 or 58% below government estimate of $873,256.00. Funding for this project is available under the AIP grant no. 3-66-0001-81 & 82.

Recommendation

Management recommends the contract award of **$363,205.90** to **Ian Corporation,** who has been determined to have met the standards of responsibility and responsiveness outlined in Guam Procurement Regulation.

**SUBJECT: Bid Evaluation and Recommendation "Invitation For Bid"
For Demolition and Remediation of Various Airport Facilities-Phase II
IFB No. GIAA-C01-FY14
Project No. GIAA-FY12-01-5; AIP No. 3-66-0001-81 & 82**

Procurement Background:
The above referenced Invitation For Bid was publicly announced through the local newspaper during the months of March & April 2014. A pre-bid conference was held on March 25, 2014 at the Terminal Conference Room. The bid submission deadline and bid opening took place on May 15, 2014.

Fourteen (14) firms/individuals purchased the bid package and five (5) firms submitted bids before the bid submission deadline. The bid submittals were opened in the presence of the bidders, members of the public and several GlAA representatives. The bid offer was read aloud by the Supply Management Administrator and tabulated by a Procurement staff.

The results of the bid price submittals are as follows in the order they were received and opened:

BIDDER'S NAME	AMOUNT
Primo's Heavy Equipment Rental	$590,000.00
Ian Corporation	$363,205.90
Maeda Pacific Corporation	$584,000.00
Korando Corporation	$386,000.00
Sumitomo Mitsui Corporation	$912,000.00

Bid Analysis and Evaluation:
Pursuant to Section 9 of the Instructions to Bidders, the contract is to be awarded, if it is to be awarded, as soon as possible to the lowest responsible, responsive bidder. To determine the responsibility of bidders, the bid package specified the required documents that bidders must submit with their bid packages. The attached abstract illustrates the inventory of required documents and bidders submittal.

Primo's Heavy Equipment Rental: The firm has submitted a total bid price of **$590,000.00.** The submitted Statement of Bidders Experience form included lists of projects from 2009-2014 with resumes. The bidder submitted a copy of their current Guam Contractors License **#7314, #7940**. All other required documents are complete and in conformance with the Invitation For Bid.

Ian Corporation: The firm has submitted a total bid price of **$363,205.90.** The submitted Statement of Bidders Experience form included lists of projects from 2009-2013 with resumes. The bidder submitted a copy of their current Guam Contractors License **#8524, #7940**. All other required documents are complete and in conformance with the Invitation For Bid.

Maeda Pacific Corp.: The firm has submitted a total bid price of **$584,000.00.** The submitted Statement of Bidders Experience form included lists of projects from 2010-2013 with resumes. The bidder submitted a copy of their current Guam Contractors License **#1009, #7940**. All other required documents are complete and in conformance with the Invitation For Bid.

Korando Corporation: The firm has submitted a total bid price of **$386,000.00.** The submitted Statement of Bidders Experience form included lists of projects from 2009-2011 with resumes. The bidder submitted a copy of their current Guam Contractors License **#5172, #7940**. All other required documents are complete and in conformance with the Invitation For Bid.

Sumitomo Mitsui Corporation: The firm has submitted a total bid price of **$912,000.00.** The submitted Statement of Bidders Experience form included lists of projects from 2009-2013 with resumes. The bidder submitted a copy of their current Guam Contractors License **#1522, 7940**. All other required documents are complete and in conformance with the Invitation For Bid

Recommendation:
Pursuant to the guidelines in Item 9 of the Instruction to Bidders, the award of contract will be made to the **lowest responsible, responsive bidder.** Ian Corporation has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has deemed to be the lowest responsible, responsive bidder.

Therefore, it is recommended that **Ian Corporation** be awarded the contract in the amount of **$363,205.90** for this project.

AIRLINE ISSUES

Dynamic Air
GIAA met with Dynamic Air on April 28, 2014, where they finalized their plans to operate non-stop regular flights between Guam and Beijing every five days beginning June 21, 2014. Dynamic Airways will service the charters with a 767-200 ER aircraft with a capacity of 235 passengers. With 39 round trips scheduled, total charter seat capacity supplied for China to Guam by Dynamic Air is 9,165 seats. Earlier this year, Dynamic Airways brought 872 visitors from China over four charter flights for the Chinese New Year. Dynamic's inaugural flight landed on Guam on January 29, with more than 200 people on board.

Philippine Airlines
Beginning October 26, 2014, Philippine Airlines will be increasing operations on **Manila–Guam**, from five flights to seven flights weekly, utilizing Airbus 320 aircraft. This increases seat capacity by 300 weekly, and adds 29% more seat capacity annually, from 39,000 to 54,600 seats.

China Airlines
China Airlines will operate eight additional flights on the **Taipei–Guam** route, utilizing its Boeing 737-800 aircraft. The flights will operate every four days, beginning June 27 and ending July 25, 2014. This will add 1,264 seats from Taipei during this one-month charter period.

EVA AIR
From July 2, 2014 to August 5, 2014, EVA Air will increase their **Taipei–Guam** service from two to five weekly, utilizing A330-200 with 380-pax capacity. This increases capacity by 1,140 seats weekly, and 4,560 seats annually from this four-week period.

In addition, EVA Air will operate **Narita/Guam** scheduled charter operations every four days, from August 1, 2014 through August 20, 2014 utilizing an Airbus A321 with 184-pax capacity. This increases seat capacity from Narita to Guam by 5,488 annually from these additional 12 charter operations.

Extra Russian Sections
Oren Air is planning for three additional regularly scheduled charters, to add to their Khabarovsk and Vladivostok routes. Utilizing a B737 with a capacity of 155 passengers, Oren Air will increase its seat capacity from all Russian origins by 465 to a total 775 seats weekly. The new cities Oren Air will service include:

- Petropavlosk-Kamchatsky (PKC)
- Yuzino-Sakhalinsk (UUS)
- Blagoveschensk (BQS)

United Airlines
United Airlines (UA) announced on May 28, 2014 that it will begin regular service from Shanghai to Guam in October 2014, as soon as it receives government approval. Flights depart Guam on Tuesday and Saturday evenings, and will arrive on Guam early the next morning. UA will utilize a B737 with a capacity of 155 passengers.

Executive Manager's Report
GIAA Board of Directors Meeting

FAA Certification

FAA's Ronnie Simpson inspected Guam facilities, toured capital improvement projects, and was fully briefed on significant Airport issues. GIAA and FAA executed the "Land Use Change Authorization" for approximately 15.24 acres of property. The Authorization will permit GIAA to grant GovGuam a right-of-way easement for the construction of Phase I, Tiyan Parkway. GIAA will receive fair market value compensation.

GIAA's Triennial Drill Exercise was held on May 22, 2014. GIAA fared well in the exercise with extensive participation from local and federal agencies that include the Guam Fire Department, Guam Police Department, Public Health & Social Services, Guam Memorial Hospital, Office of Homeland Security, Navy and Andersen Fire Departments, Naval Hospital, Transportation Security Administration, Guam Customs & Quarantine, and U.S. Customs & Border Protection as well as United Airlines players playing the role of distressed airline.

.

FINANCIAL ISSUES

GIAA's Fiscal Year **2015 Financial Budget** is in development and will be presented to the Airlines no later than July 1, 2014.

Legislative Roundtable

A legislative roundtable discussion will convene on Wednesday, June 2, 2014, beginning at 2:00 p.m. The Committee on Aviation, Ground Transportation, Regulatory Concerns, and Future Generations, will be inviting representatives from the Airport, as well as the various taxi and tour bus service providers, to discuss Passenger Arrival Transportation Services at the A.B. Won Pat International Airport Authority, Guam.

Commercial Lot Improvement/E-BUS SYSTEM

A new E-Bus System will be implemented on June 1, 2014. This new system introduces efficiency to the exit and recording of vehicle operations in the commercial parking lot and eliminates the manual entry of Tour Bus Passenger Vouchers. It also automates passenger counts and vehicle exit data, making the system all electronic.
GIAA will issue and assign a customized magnetic swipe card similar to a credit card, programmed with company and vehicle information, to each decaled tour bus/van and hotel shuttle. Upon exiting the Commercial Parking Lot, each driver will present the card to the parking attendee who will be equipped with a handheld terminal. The handheld device will be used to electronically record the exit time, number of passengers on board, company information, and produce a printed receipt that will be given to the operator. All data recorded from the handheld terminals are imported directly to GIAA's AS400 server. The system will record necessary data for processing of invoices to tour bus companies, and will also accessible online for review for operators to track their vehicle operations and passenger counts. A meeting to present the E-Bus system to all Tour Bus/Tour Van Hotel Permittees was held Wednesday and Thursday, May 14 & 15, 2014 at 10:00 a.m. at the GIAA Conference Rooms.

Announcements

- A joint press conference was held on Friday, May 9, 2014 at the Governor's Office, with GIAA and GVB to announce China charters to be operated by Dynamic Airways beginning June 2014. Media were also briefed on the joint collaborative efforts of GIAA and GVB to provide incentives for increased and new services.
- A ribbon cutting ceremony for the USCBP Global Entry Program Office was held here at the A.B. Won Pat International Airport was on May 14, 2014. The first enrollee processed by the Guam office was Governor Eddie B. Calvo. His Global Entry Clearance allows for expedited clearance for pre-approved, low-risk travelers upon arrival in the United States. The second enrollee followed the ribbon cutting ceremony, with his interview being conducted mere minutes after the ceremony ended. Guam's office is one of 44 airports with a Global Entry Program Office, and one of 10 outside of the mainland U.S.A.
- On behalf of the management team, I thank all GIAA employees for their monetary donations and personal participation at the Relay for Life held Friday, May 23 2014. I was extremely proud to see great Airport representation (employees with airport banners & flags) join other organizations island wide continue the ***"fight with cancer to the end***". Kudos to this year's coordinator, Mrs. Lynette Okada-Muna, for her hard work and generosity. Despite a family loss, she worked throughout the evening ensuring the airport was represented. Mrs. Okada-Muna strategically placed our organization at what seemed to be the rear of the GovGuam staging, but turned out being that the Airport was the first agency leading the entire GovGuam entry, along with Lt. Governor Tenorio. BIBA AIRPORT! BIBA GUAM!!

Ed Muna	Airport Operations Superintendent
Joseph G. Javellana	Program Coordinator IV
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were requested. On motion duly made by Director Tolan, seconded by Director Sobti, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. May 29, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the May 29, 2014 regular meeting.

On motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-43

The Board hereby approves the minutes of the May 29, 2014 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The first matter discussed was a letter addressed to the Executive Manager from Richards & Associates. The law firm, which is based in Florida and represents Star Marianas Air, Inc., was inquiring on operations out of the small commuter terminal. The Executive Manager informed the Board that the FAA is aware of the inquiry, and that talks with the FAA concerning the inquiry is anticipated.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Financial Consultant, presented three (3) schedules to the Board for review. The first schedule presented was the UDO (Undistributed Obligations Analysis). Mr. Santos provided updates relative to ongoing FAA projects, to include the procurement of the ARFF fire fighting truck, the contract has been executed and GIAA is currently waiting for the notice to proceed from the FAA. The expected time span will

be one (1) year for production and delivery. Mr. Santos announced that GIAA had been given a green rating from the FAA for moving quickly with 2013 grants. Mr. Santos announced that all grants are moving forward, the only grant that GIAA will request an extension for will be the Noise Mitigation Measures, which is a grant from 2010. The reason for the extension is that GIAA will be able to do sound insulation on approximately ten (10) to fifteen (15) additional homes. Discussion followed relative to the Noise Mitigation project.

Reporting on Bond projects, Mr. Santos provided an update on the International Arrivals Corridor project, stating that a workable concept by E&A and Gensler has been reviewed and will be formally presented to the Board and stakeholders in mid-July, at which time the cost estimate will be provided. Mr. Santos went on to provide an update to the Board on the Hold Bag Screening Relocation project.

Mr. Santos went on to inform the Board of Management's request to consider a transfer of $2M from the Unencumbered Proceeds to BAR Insurance/Soft Costs, which is for Builders All Risk insurance and Administrative Costs. Discussion followed relative to insurance.

Chairman Untalan inquired on the Arts Program. Mr. Santos offered a brief update.

Discussion referred back to the Builders All Risk insurance, with Director Gerber expressing his concern with transferring money from the Unencumbered Proceeds. Mr. Santos reassured the Board, stating that the $2M is an allowance, and not a true cost. Director Gerber inquired if this decision needed to be made today, and requested that the Board spend a little more time deciding.

Mr. Santos announced that there are no changes with the balances for the Capital Improvement Fund schedule as it is yet to be updated. Mr. Carlos Bordallo, Comptroller, added that it is near completion. Chairman Untalan inquired that with the amount of the projects on the table currently, and the fact that the balances are not available, who will be accounting for all of the monies. Mr. Santos replied that with the Bond monies as well as the federal projects there are no issues, the FAA grants are coming in based on a draw down to the FAA. Chairman Untalan stated that there is constant reporting or requesting for a draw down, and asked why it is so difficult for the capital improvement fund to be accounted for. Mr. Bordallo replied that it would be completed. The Chairman expressed the importance of the Board knowing what the balances are. Discussion followed relative to projects on the Capital Improvement Fund schedule.

B. Approval of Board Resolution No. 14-42: Authorizing Signatories on GIAA's Bank Accounts

The second matter discussed was the authorization of signatories on GIAA's Bank accounts. Ms. Jean Arriola, Air Services Manager, informed the Board that the resolution basically is a correction to include Chairman Untalan as a signatory, and went on to inform the Board of the other significant changes.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-42

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA" or the "Authority")has several bank accounts and desires to designate the individuals authorized to execute checks, drafts, or other orders for and on behalf of GIAA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby designates two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Charles H. Ada II; Executive Manager
2. Pedro R. Martinez, Deputy Executive Manager
3. Edward G. Untalan, Chairman of the Board
4. Jean M. Arriola, Airport Services Manager
5. Carlos B. Bordallo, Comptroller; and
6. Antoniette L. Bautista, General Accounting Supervisor
7. Barbara Limtiaco, General Accounting Supervisor

BE IT RESOLVED FURTHER, that one of the two signatories must include any one of the following: the Chairman, the Executive Manager, the Deputy Executive Manager; or the Comptroller.

BE IT RESOLVED FURTHER, that the authority of the above-designated individuals to execute checks, drafts, or other orders for and on behalf of GIAA shall be limited only to authorized expenditures of GIAA and as is consistent with the execution of their respective duties, statutory or otherwise, as officers or directors of GIAA.

BE IT RESOLVED FURTHER, that the designation of the above-named individuals supersedes all prior designations by the Board of Directors of GIAA on file at all banking institutions at which GIAA maintains its accounts.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - RFQ No. GIAA-001-FY14, Architectural/Engineering & Surveying Services Indefinite Delivery Indefinite Quantity Contract

The first matter discussed was the approval of award under the Request for Qualifications for Architectural/Engineering & Surveying Services Indefinite Delivery Indefinite Quantity Contract, RFQ No. GIAA-001-FY14 (the "RFQ"). The Executive Manager informed the Board that the RFQ solicited proposals from professional firms to provide architectural, engineering and surveying services for the terminal building and airport properties. A total of twenty-five (25) firms showed their interest by obtaining the RFQ package; however, twenty-two (22) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFQ package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer U
2. Proposer H
3. Proposer T
4. Proposer C
5. Proposer K
6. Proposer J
7. Proposer S
8. Proposer L
9. Proposer M
10. Proposer B
11. Proposer A
12. Proposer G
13. Proposer N
14. Proposer O
15. Proposer E
16. Proposer R
17. Proposer D
18. Proposer Q
19. Proposer F
20. Proposer V
21. Proposer I
22. Proposer P

Management recommends the approval of the ranking results and the contract award to all Proposers for the Architectural/Engineering & Surveying Services Indefinite

Delivery Indefinite Quantity Contact subject to negotiations of fair and reasonable fees, on a per project and per service basis.

The Chairman inquired on the firm's specialties. Mr. Santos informed the Board that the Airport has previously contracted eighteen (18) of the twenty-two (22) firms directly. In terms of the disciplines, of the twenty two (22) firms, five (5) are strictly architects; five (5) are civil engineers; two (2) are electrical engineers; one (1) mechanical engineer; and one (1) firm is a land surveyor; nine (9) of the firms are multi-disciplined. All firms are licensed for civil, structural and construction management. Mr. Santos informed the Board that currently there are approximately twenty three (23) projects.

The Executive Manager added that with the number of projects on the books for this fiscal year, the RFQ will allow the Airport to simultaneously engage as many projects as possible without disrupting operations or customer service.

Chairman Untalan inquired on some of the projects which the firms will be working on. The Executive Manager responded stating that the escalators would be one of the immediate projects, another will be the project in regard to the small commuter terminal. Mr. Santos added that the RFQ contained a list of projects and it is not limited to the twenty three (23) projects; although Management's intent is to focus on the projects listed, which does not include FAA projects.

Director Gerber inquired on the firms with the same disciplines, and how will the Airport insure all firms are treated fairly. Mr. Santos responded, stating that the evaluation will dictate where each firm ranks, and assured the Board that all firms will be used. Director Gerber inquired if the FAA approves the RFQ. Mr. Santos replied that the previous Indefinite Delivery Indefinite Quantity included FAA projects, for this instance GIAA decided to remove those projects as the FAA requires an RFP as opposed to an RFQ. Discussion followed relative to disciplines and their ranking.

Chairman Untalan inquired if the RFQ had been reviewed by legal counsel. Mr. Santos responded confirming that legal counsel has reviewed all documents.

After further discussion, on motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-44

The Board hereby approves the ranking results and contract award to all Proposers for Architectural/Engineering & Surveying Services Indefinite Delivery Indefinite Quantity Contract, RFQ No. GIAA-001-FY14, subject to negotiation of fair and reasonable fees, on a per project and per service basis; and legal counsel review.

The Executive Manager announced to the Board the names of the proposers are as follows:

1. Proposer U - TRMA
2. Proposer H - SSFM
3. Proposer T - Duenas Camacho & Associates
4. Proposer C - N.C. Macario & Associates
5. Proposer K - E&A Engineers
6. Proposer J - Rim Architects
7. Proposer S - EMCE
8. Proposer L - EMPSCO

18. Proposer Q - Lyon
19. Proposer F - Engineering Partners
20. Proposer V - Coeval Design
21. Proposer I - Serisola & Associates
22. Proposer P - 6GV Corporation

Discussion followed relative to the timeframe the projects will begin.

B. Approval of FAA Grant Agreement ($2,950,939.00) AIP Project No. 3-66-0001-089-2014 - Rehabilitate Runway 06/24R - Phase IV

C. Approval of FAA Grant Agreement ($1,556,987.00) AIP Project No. 3-66-0001-090-2014 - Install Instrument Landing System (ILS) Runway 06L - Phase III

The second matter discussed was FAA Grant Agreement, AIP Project No. 3-66-0001-089-2014, Rehabilitate Runway 06/24R, Phase IV, in the amount of $2,950,939.00. The Executive Manager informed the Board that this was an entitlement grant from the FAA. The total cost of the project is $15.9M, GIAA has received approximately $8M to date in addition to the $2,950,939.00. The Airport is currently starting the process of phases II and III. The project is expected to be completed by December 2015.

The third matter discussed was FAA Grant Agreement, AIP Project No. 3-66-0001-090-2014, Install Instrument Landing System (ILS) Runway 06L - Phase III, in the amount of $1,556,987.00. The Executive Manager informed the Board that this is also an entitlement grant from the FAA. The total cost of the project is $9.5M, GIAA has received approximately $7.7M to date. The Executive Manager reported that the project is complete but GIAA cannot activate the system until the runway rehabilitation project is complete.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-45

The Board hereby approves FAA Grant Agreement, AIP Project No. 3-66-0001-089-2014, Rehabilitate Runway 06/24R, Phase IV in the amount of $2,950,939.00; and FAA Grant Agreement, AIP Project No. 3-66-0001-090-2014, Install Instrument Landing System (ILS) Runway 06L - Phase III in the amount of $1,556,987.00.

Mr. Santos informed the Board of an important note regarding the grants, stating that the grants are normally at a 90% FAA and 10% sponsor, however AIP Project No. 3-66-0001-089-2014, the first $2M will be at 100%, anything above $2M will be 90% FAA and 10% sponsor.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on various matters concerning airline and charter operations to include Dynamic Air operating its first of 39 round trip scheduled charters from Beijing to Guam and arrived on Saturday, June 21, 2014 at 10:50 a.m. United Airlines applied to the USDOT on May 28, 2014 for the authority to begin nonstop service between Guam and Shanghai, China.

GIAA participated in GHS/OCD's "Typhoon Pakyo Exercise", which simulated response and actions taken by all agencies in a pre-set scenario. The exercise is a seven day functional exercise that began June 19 and ran through June 25, 2014.

The Executive Manager reported that GIAA's Fiscal Year 2015 Financial Budget has been compiled. The preliminary budget will be distributed for signatory airline review, and discussion will be scheduled in late July or early August 2014.

Relative to Procurement, the Executive Manager announced that the submission deadline for the Purchase and Delivery of Police Package Motorcycles IFB is July 2, 2014;

and the submission deadline for the Purchase and Delivery of Crew/King Cab Vehicles IFB is June 27, 2014.

The Executive Manager announced that the 1st Cycle of ARFF Fire recruits graduated on June 20, 2014, at 9:00a.m. in a ceremony at the Sheraton Laguna Guam Resort. Governor Eddie Baza Calvo and Lieutenant Governor Ray Tenorio presented the Graduation Address to GIAA's fifteen (15) new fire fighters, with Judge Maria Cenzon administering the Fire Fighter's Oath. The first inspection was made of the new members of units A & B, and orders were given to the successful graduates. Chairman Untalan congratulated Fire Chief Benny Baza, stating that it's a great accomplishment.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Carlos Bordallo, Comptroller, provided a report to the Board on the revenues and expenses of the Authority as of May 31, 2014. Mr. Bordalllo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 1.1%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.2% and 1.2%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are above the budget estimate by 4.7%. Year-to-date Total Operating Revenues Actual of $44.7M is 1.9% above the budget estimate of $43.9M. Year-to-date Total Operating Expenses are below budget by -10.6%. The actual year-to-date Net Revenues from Operations of $20.4M reflects an increase of 22.6% over the year-to-date budgeted amount of $16.6M. The Authority's year-to-date results for Debt Service Coverage is at 1.53 versus the requirement of 1.25.

Discussion followed relative to revenue from charter flights and account receivables.

Director Gerber inquired on power consumption. Mr. Santos provided the Board with a brief update relative to the Airport's power and water consumption, with discussion following relative to solar panels.

Chairman Untalan inquired on the FY2015 Budget. The Comptroller replied that the budget is required to be submitted to the Signatory Airlines by July 1, 2014. He added that tomorrow he should have some preliminary numbers. The Chairman inquired if the fifteen (15) new fire fighters were incorporated into the budget. The Comptroller replied yes.

Director Tolan inquired on GIAA's Police Division requesting for additional manpower. The Executive Manager responded that there were a number of positions that were announced and evaluated, therefore included in the budget.

9. EXECUTIVE SESSION

On motion duly made by Director Tolan, seconded by Director Gerber, at 4:35 p.m. the Board recessed regular session.

Upon written recommendation of counsel, the Board convened executive session at 4:44 p.m. to discuss pending litigation. On motion duly made by Director Tolan, seconded by Director Sobti, executive session adjourned at 5:03 p.m., at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

For the Board's information, Director Tolan provided the Board with a brief update relative to the finalization of the Signage Policy which was approved at the April 24, 2014 Board meeting, stating that there still are a number of minor details to be discussed.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Tolan, seconded by Director Gerber, at 5:04 p.m., the meeting was adjourned.

Dated this 6th, day of August, 2014.

UK says cyber-spies monitor Facebook use

LONDON (AP) –The U.K.'s electronic spy agency is legally allowed to track the online activities of millions of Britons who use U.S.-based platforms such as Facebook, Twitter and Google, Britain's top counter-terrorism official has said.

In a witness statement made public Tuesday, Office for Security and Counterterrorism chief Charles Farr said data sent on those services is classed as "external" rather than "internal" communications because the companies' servers are based outside Britain.

Amnesty International said that amounted to "industrial-scale intrusion," but Farr said this did not amount to mass surveillance because the vast majority of messages intercepted in this way are not read.

The distinction between external and internal interactions is significant because Britain's electronic intelligence agency, GCHQ, has broad powers to intercept communications outside the country, but needs a warrant and suspicion of wrongdoing to monitor domestic Internet traffic.

A broad definition of what constitutes "external" communications expands the amount of data GCHQ can scoop up to include the daily activities of millions of British Internet users.

In the first public explanation of the rules used by Britain's cyber-spies, Farr said emails sent between two people in Britain would usually be classed as internal even if they traveled by route outside the country. But Facebook and Twitter posts or searches on Google or YouTube that went to data centers outside the British Isles would fall under the external category.

Farr said data scooped up in this way "cannot be read, looked at or listened to" except in strictly limited circumstances. Rules exist to limit the way harvested data can be searched and how long it can be retained, but the full details of the regulations have never been made public.

"It is important to note the significant distinction between the act of interception itself, and a person actually reading, looking at or listening to intercepted material," Farr wrote.

Britain's Home Office confirmed the document was genuine. It was written in response to a legal action by civil liberties groups including Amnesty, Liberty, Privacy International and the American Civil Liberties Union, who are seeking to curb cyber-spying, and was published by the groups.

James Welch, legal director of Liberty, said Farr's document revealed that Britain's intelligence agencies "are operating in a legal and ethical vacuum."

"If there was any remaining doubt that our snooping laws need a radical overhaul there can be no longer," he said.

Simon McKay, a criminal lawyer and author of a leading textbook on covert policing, said Farr's statement provided a "lifting of the veil of secrecy" on spying.

"The statement admits GCHQ are routinely intercepting communications from what are commonly known as social networking sites," McKay said. "The suggestion that they do not monitor them is a little harder to swallow."

Britain's Home Office, which is responsible for security and counterterrorism, said it could not comment on an ongoing legal challenge.

The rights groups launched their legal action after leaks about cyber-snooping from former U.S. National Security Agency contractor Edward Snowden. He revealed details of a program called PRISM, which gives the NSA access to Internet companies' customer data, and a British operation, TEMPORA, that allows GCHQ to harvest data from undersea cables.

66 missing as migrants' boat sinks in Malaysia

KUALA LUMPUR, Malaysia (AP) – A wooden boat carrying 97 Indonesian migrants capsized and sank after leaving Malaysia's west coast, and rescuers scrambled to save 66 people still missing, Malaysia's maritime agency said Wednesday.

The boat sank shortly after midnight about 2 nautical miles (3.7 kilometers) from shore on the outskirts of Kuala Lumpur while trying to leave Malaysia illegally, said the agency's official, who declined to be named because he was not authorized to speak to the media.

He said that the Indonesians, including women and children, were believed to be heading home ahead of the start of the holy Muslim month of Ramadan.

Thirty-one people have been rescued so far, the official said. A ship and several boats were searching for survivors and a helicopter will soon be dispatched, he said.

No reason was immediately given for the accident.

Tens of thousands of Indonesians work illegally in plantations and other industries in Malaysia. They sometimes risk dangerous boat journeys to return home.

US seizes Benghazi suspect in deadly Libya attack

WASHINGTON (AP) – U.S. special forces seized a "key leader" of the deadly Benghazi, Libya, attack and he is on his way to face trial in the U.S. for the fiery assault that killed the U.S. ambassador and three other Americans, the Obama administration announced Tuesday. It was the first breakthrough in the sudden overseas violence in 2012 that has become a festering political sore at home.

President Barack Obama said the capture on Sunday of Ahmed Abu Khattala sends a clear message to the world that "when Americans are attacked, no matter how long it takes, we will find those responsible and we will bring them to justice."

As recently as last August, though, Abu Khattala told The Associated Press that he was not in hiding nor had he been questioned by Libyan authorities about the attack at the diplomatic compound. He denied involvement and said that he had abandoned the militia. Administration officials said Tuesday that despite his media interviews, he "evaded capture" until the weekend when military special forces, including members of the Army's elite Delta Force, nabbed him.

Whatever the path to his capture, he was headed for the United States to face what Obama called "the full weight of the American justice system." Obama called the Libyan an "alleged key leader" of the attack.

U.S. officials said Abu Khattala was being held on the Navy amphibious transport dock ship USS New York, which was in the Mediterranean Sea.

Explosion hits World Cup viewing area in NE Nigeria

DAMATURU (Reuters) – An explosion tore through a venue in the northeast Nigerian town of Damaturu where fans had gathered to watch a World Cup soccer match on Tuesday, a police official said, declining to give further details.

Such assaults on the often-ramshackle television viewing centres have raised fears militant groups will target supporters gathering to cheer on the global soccer contests.

Several pickup trucks carrying bodies arrived at the nearby General Sani Abacha Specialist Hospital, a hospital source said, adding: "There are also many casualties in the emergency room."

It was not immediately clear if anyone had been killed, or how many people had been injured. A Reuters witness near the scene heard a loud boom, and some residents said they also heard a second explosion.

Police Commissioner Marcus Danladi confirmed the explosion, adding that police were still trying to gather information.

Damaturu is the capital of Yobe state, an area that has been devastated by attacks from militant Islamist group Boko Haram, which in April abducted more than 200 girls from a school in neighbouring Borno state.

The Nigerian government has advised residents to avoid gathering in public to watch the World Cup, concerned about possible attacks.

Earlier this month, a bomb blast targeting another informal venue in northeast Nigeria where soccer fans had gathered killed at least 14 people and wounded 12.

Such assaults on the often-ramshackle television viewing centres have raised fears militant groups will target supporters gathering to cheer on the global soccer contests.

Many fans in soccer-mad Africa rely on informal venues – often open-sided structures with televisions set up in shops and side streets – to watch live coverage of the sport.

Boko Haram – whose name roughly translates as "Western education is sinful" – has declared war on all signs of what it sees as corrupting Western influence.

The group has killed thousands since 2009 in its push to carve out an Islamic state in Nigeria's restive north.

Variety News Staff

LOTTE Hotel Guam will open its doors next Monday, according to a statement from the hotel.

Representatives from the company were unavailable for comment yesterday, but the hotel company published the news online on June 19. The hotel had been expected to open last month, according to Variety files.

The Korean-based Lotte Hotels & Resorts Co. took over the Aurora Resort & Spa after it was shut down last summer.

The company calls its Guam hotel a 5-star hotel with prime beachfront property. It is located beside Hotel Nikko Guam in Tumon. The hotel has 18 stories, 222 guest rooms, and a multi-purpose banquet hall which can accommodate up to 350 guests, in addition to a conference room and three seminar rooms.

Lotte Hotel Guam will also offer a buffet restaurant called La Sienne, named after the river in France, as well as a bar and bakery.

An outdoor pool, a kids' room and a 24-hour fitness center are also located within the hotel property.

Lotte Hotel Guam is the first of the hotel chain properties to open on U.S. soil. The company also has hotels in Japan, Uzbekistan, Vietnam, Russia and Korea. Lotte Hotel has leased the property it sits on in Tumon from Aurora Resort for 20 years, Variety files state.

Lotte Hotels & Resorts is the hospitality branch of the Lotte Group which is the parent company of Lotte DFS. Lotte DFS is the new operator of retail concessions in the A.B. Won Pat International Airport.

Fishermen's group submits alternative fishing rights bill

By Louella Losinio
louella@mvguam.com
Variety News Staff

AFTER expressing displeasure at the stalled implementation of guidelines for the Indigenous Fishing Rights Act, the Guam Organization of Saltwater Anglers submitted an alternative bill to fast-track the process.

Sen. Rory Respicio, chairman of the human and natural resources committee, recently convened a status hearing on the proposed rules and regulations during which the organization proposed the alternative measure.

During the public hearing, GOSA President Tom Camacho submitted the draft bill called the Guam Fisheries Act of 2014 to the legislative committee. He said the measure was put together in 2010 by organizations such as the Guam Fishermen's Cooperative, Marianas Underwater Fishing Federation and GOSA.

> *"Part of the reason why this bill came to light is that we were looking at opportunities to allow access to safe fishing areas."*
> **– Tom Camacho, GOSA president**

"All of the members came to the table and said, 'you know we have to do something about this because the Department of Agriculture is running rampant.' There is no direction. We need to put a council together to guide them, to show them where they should be going," he said.

He said the bill provided an opportunity for the fishing community to get back to the table.

"Part of the reason why this bill came to light is that we were looking at opportunities to allow access to safe fishing areas," he said.

After the legislature passed P.L. 29-127 in December 2008, the department was supposed to develop and submit the rules and regulations, in accordance with the Administrative Adjudication Act, to the legislature 90 days after enactment.

Still waiting

But since then, the legislature is still waiting for the Department of Agriculture to submit the draft rules and regulations for the implementation of the legislation.

The latest status revealed that the department has not touched the 21st version of the proposed procedures since 2012.

P.L. 29-127 also mandates that the department obtain advice and input at all stages of development of the rules from an Indigenous Native Resources Task Force comprised of 10 representatives from Chamorro grassroots organizations.

Although a task force was initially convened for the development of the rules and regulations, the department has yet to discuss the current draft of the rules and regulations with the group.

Respicio asked if the marine resource management council proposed by the bill can be the one to develop the rules and regulations for the law.

Camacho said: "I can guarantee that if you look at its composition, it allows the indigenous grassroots to come to the table. It allows the fishing organizations to come to the table. It allows the governor to appoint. It allows more people that will be invited in a public forum to make these discussions. We are not government employees so we are not afraid."

Respicio assured the group that he will go over the bill as well as the alternate project – the culturally managed areas – proposed by the Department of Agriculture.

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE A.B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM
Thursday, May 29, 2014, 3:00p.m.
GIAA TERMINAL CONFERENCE ROOM #3

1. CALL TO ORDER AND ATTENDANCE

The May 29, 2014 regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") was called to order by Chairman Untalan at 3:06 p.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Edward G. Untalan	Chairman
Lucy M. Alcorn	
Rosalinda A. Tolan	
Gurvinder Sobti	
Directors Absent:	
Jesus Q. Torres (Excused)	Vice Chairman
Martin Gerber (Off-Island)	
GIAA Officials:	
Charles H. Ada II	Executive Manager
Ann Bautista	Acting Assistant Comptroller
Frank R. Santos	Business and Financial Consultant
Jean M. Arriola	Air Services Manager
Gerard Bautista	Air Terminal Manager
Benny Baza	Fire Chief
Victor Cruz	Engineer Supervisor
Ed Muna	Airport Operations Superintendent
Franklin Taitano	Procurement Supervisor
Joseph G. Javellana	Program Coordinator IV
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

At this time Chairman Untalan announced that Director Sonny Ada regrettably will not be renewing his term with the Airport due to personal reasons. The Chairman stated that it is a great loss to the GIAA Board of Directors, however with the remaining Directors carrying the load the Board will certainly be able to proceed.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were requested. On motion duly made by Director Tolan, seconded by Director Sobti, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. April 24, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the April 24, 2014regular meeting. Director Tolan requested that the minutes state that she had thanked Management and employees for attending both the swearing in ceremony and the confirmation hearing.

Chairman Untalan requested for clarification relative to the 10% effort as stated in the minutes for the International Arrivals Corridor project. Mr. Frank R. Santos, Business and Financial Consultant, responded stating that it is a 10% design effort.

On motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-38

The Board hereby approves the minutes of the April 24, 2014 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The first matter discussed was email correspondence from Senator Michael San Nicolas to the Executive Manager in reference to a scheduled legislative roundtable discussion relative to the Airport's ground transportation operations. The Executive Manager informed the Board that Management reviewed the current policies which are in need of being updated. With regard to the Airport's current operating standards, the Airport has three (3) vendors at this time as opposed to one (1) when the policies were written. The Executive Manager announced that the roundtable discussion is scheduled for June

4, 2014 at 2:00 p.m., and added that hopefully Management could provide the Board with a draft update before that date. The Executive Manager went on to inform the Board that the FAA has been briefed on the matter and is quite concerned. He added that Management is committed to sharing the draft plan with the FAA, and all communications and any decisionson the matter moving forward with the Board.

The Chairman announced that he would like to attend the roundtable discussion. The Chairman noted that the perception is the Airport is constantly making a lot of money, however,for the last five (5) years it has been the grants that have helped the Airport's assets grow. With the grants slowly decreasing, the effort now needs to be focused on the development of real property and the five (5) year limitation is a hindrance. Discussion ensued relative to the scheduled roundtable discussion.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was theStatus of Capital Improvement Projects. Mr. Frank Santos presented three (3) schedules to the Board for review. Mr. Santos informed the Board that based on the passenger count from two (2) years ago, GIAA is limited to receive an amount of $4.5M in "entitlements". The discretionary money will be directed to two (2) projects, the Instrument Landing System ("ILS"), and Rehabilitate Runway 6L/24R. Mr. Santos went on to provide updates relative to the Undistributed Obligations (UDO)Analysis.

Moving on to the second schedule, the Bond Projects, Mr. Santos announced that majority of these projects are pending theIndefinite Delivery Indefinite Quantity ("IDIQ") RFQ solicitation. Mr. Santos announced that twenty-one (21) firms have submitted proposals and hopefully by the next Board meeting all of the evaluations should be completed. Discussion followed relative to the RFQ and who is to oversee the project.

Mr. Santos provided updates to the Board to include the draft for the 10% design effort for the International Arrivals Corridor. The Airport will do an advance review and present it to the Board at the next meeting. The next largest project is the Hold Bag Screening Relocation. The notice to proceed has been issued and is scheduled to be completed by April 2015. Discussion ensued relative to the timeline.

Reporting on the Passenger Loading Bridges, Mr. Santos announced the seventeen (17) pre-conditioned air units and the seventeen (17) ground power units that have been installed and operating since May 27, 2014, the warranty began the day after. All the

units previously leased for over $300,000.00 per year may be returned back to the owner. Director Sobti inquired on how long the units had been leased. Mr. Frank Santos responded two (2) years.

Mr. Santos added that in regard to the Bond Projects, Management had contemplated replacing five (5) loading bridges, however, that option is being revisited and Management would like to proceed with a plan to refurbish fifteen (15) loading bridges, excluding Gate 18 which was already refurbished, and Gate 21, which procurement is a tabled item from the January 15, 2014 special meeting. The procurement for Gate 21 is recommended for a sole source procurement with JBT AeroTech Jetway Systems, the manufacturer of the existing passenger loading bridges. Mr. Santos noted the concerns raised in the January special meeting with regard to the replacement of Gate 21 being sole sourced.With the fact that Management was planning to purchase more, Management agreed with the concerns raised. Since that time Management has determined that the life span of the remaining bridges may be increased by five (5) to ten (10) years based on a refurbishment program as opposed to full replacement.

Director Alcorn inquired on the cost of full replacement. Mr. Santos responded, stating that based on the quote for Gate 21, full replacement would cost the Airport $855,495.00. Director Sobti inquired on the cost to refurbish and the life span after refurbishment. Mr. Santos replied the that the cost is approximately $200,000.00 each, and with regard to life span, the older bridges would last possibly five (5) to ten (10) years, the newer bridges ten (10) years. Discussion followed relative to the process of refurbishing the bridges, with Mr. Gerard Bautista, Air Terminal Manager,informing the Board that refurbishing one bridge would take six (6) to seven (7) months.

Mr. Santos explained that Managements' recommendation is to refurbish fifteen (15) passenger loading bridges, which can be done through the current contract with JBT AeroTech. However, Management is requesting authorization to proceed with the procurement of Gate 21 replacement as that bridge had previously been worked on to try to extend the life span to three (3) years, but had died out before the three (3) years, and is now inoperable for safety reasons.

Chairman Untalan inquired on who will conduct the refurbishment. Mr. Santos responded, stating that the current contractor, JBT AeroTech, would conduct the refurbishment,however, it would be the local maintenance team. The Chairman inquired on the warranty, if any, associated with refurbishing. Mr. Santos stated that it depends. In terms of corrosion control,there would be no warranty, however, there would be a warranty for parts ordered. Brief discussion ensued relative to assessments.

The Chairman inquired on the amount appropriated for the loading bridges. Mr. Santos informed the Board $8.2M was appropriated from Bond monies of which $5.4M is left.

Director Alcorn inquired on the life span of a brand new loading bridge. Mr. Gerard Bautista responded that the life span goes up to over ten (10) years based on the elements, and explained the comparison between Guam and Hawaii.

Director Tolan inquired on the time line on the replacement of Gate 21. Mr. Santos replied six (6) to nine (9) months.

Discussion followed relative to the funding for the refurbishment, with Mr. Santos stating that Managements' intent is not to exceed the budget, to secure a savings in which all the bridges would receive a benefit of a face lift or increase the operational capacity, and use the savings to cover a potential shortfall with the International Arrivals Corridor project.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-39

The Board hereby approves Management's recommendation to proceed with the sole source procurement of the Replacement Passenger Loading Bridge for Gate 21 with JBT AeroTech Jetway Systems, subject to legal counsel review.

Mr. Santos went on to present the last schedule, the Capital Improvement Projects. Mr. Santos announced that Management has added two (2) projects to the listing for the Board to consider. The first project, Replace Terminal Roofing System in the amount of $1.6M. Mr. Santos informed the Board that the Airport has been experiencing prevalent leakage throughout the Terminal and the intent is to replace the entire roofing system.

The second project, Improve Arrival and Inspection Facilities in the amount of $2.5M, to enhance passenger facilitation through improvements to Customs and Border Protection ("CBP") area, Customs and Quarantine ("CQA") area of baggage claim, and the Arrivals Lobby. Mr. Santos expressed the urgency in enhancingthe CBP area as customers are experiencing a longer processing time. Discussion followed relative to CBP's personnel issues, and informed the Board of the Automated Passport Control kiosks to be included in the enhancements, allowing U.S. citizens who are members of the Global Entry program and non U.S. citizens who are members of ESTA to shorten their wait time in the CBP area. Mr. Santos informed the Board that with GIAA's size and number of passengers, the minimum number of kiosks required is twenty (20), and based on the only two (2) manufacturers' estimates in the United States, with the ESTA technology the cost will be approximately $1.1M for the twenty (20) kiosks. Management will prepare the specifications and do the studies before coming back to the Board for approval. The authorization from the Board would be just to establish the two (2) projects as part of the Capital Improvement Projects.

The Chairman inquired on which of the projects on the list were active and the funding amount for the two (2) projects. Mr. Santos responded stating that all of the projects listed are active, and went on to explain the funding process for this list. Discussion followed relative to funding and timelines, with Mr. Santos informing the Board that by the next Board meeting he will provide an updated list of balances along with a list of prioritized active projects.

Director Tolan requested an update for the bathroom renovations. Mr. Gerard Bautista gave a brief update as requested.Chairman Untalan further requested for a list of the funds available.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-40

The Board hereby approves Management's recommendation to include two (2) projects to the Capital Improvement Projects listing- (1) Replace Terminal Roofing System in the amount of $1.6M, and (2) Improve Arrival and Inspection Facilities in the amount of $2.5M, both subject to funding availability.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - IFB No. GIAA-C01-FY14, Demolition and Remediation of Various Airport Facilities - Phase II

The first matter discussed was the approval of award under the Invitation for Bid for Demolition and Remediation of Various Airport Facilities - Phase II, IFB No. GIAA-C01-FY14 (the "IFB"). The Executive Manager informed the Board that the IFB solicited bids from firms to provide construction work inclusive of all labor, materials, supplies and equipment to demolish buildings. The project also includes remediation of lead and asbestos materials prior to the demolition work. Fourteen (14) firms/individuals purchased the bid packages and five (5) firms submitted bid proposals before the submission deadline. The firms were evaluated and all five (5) were determined to be responsible and responsive. The Executive Manager informed the Board that the lowest responsive, responsible total bid amount received is $363,205.90 or 58% below the government estimate of $873,256.00, submitted by Ian Corporation. Funding for this bid is available under AIP Grant Nos. 3-66-0001-81 and 82. Management recommends that the Board approve the contract award of $363,205.90 to Ian Corporation, who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations, subject to review by legal counsel.

The Executive Manager informed the Board that Ian Corporation is the current vendor for the Demolition of the former GPD building, Phase I which is approximately 80% complete. The Executive Manager also added that FAA's Mr. Ron Simpson was very impressed during his visit to Guam with the current vendor and their demolition work with the former GPD building.

After further discussion, on motion duly made by Director Sobti, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-41

The Board hereby approves the contract award for Demolition and Remediation of Various Airport Facilities - Phase II, IFB No. GIAA-C01-FY14 to Ian Corporation in the amount of $363,205.90, subject to review by legal counsel.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on various matters concerning airline and charter operations to include the meeting with Dynamic Air on April 28, 2014, where plans were finalized to operate non-stop regular flights between Guam and Beijing every five days beginning June 21, 2014. Dynamic Air's inaugural flight landed on Guam on January 29, with more than 200 people on board.

Philippine Airlines will be increasing operations from Manila to Guam beginning October 26, 2014, from five flights to seven flights weekly. This increases seat capacity by 300 weekly, and adds 29% more seat capacity annually, from 39,000 to 54,600 seats.

The Executive Manager reported that the FAA's Ron Simpson inspected Guam's facilities, toured capital improvement projects, and was fully briefed on significant Airport issues from May 19 to 21, 2014.GIAA and the FAA executed the "Land Use Change Authorization" for approximately 15.24 acres of property. The Authorization will permit GIAA to grant the Government of Guam a right-of-way easement for the construction of Phase I, Tiyan Parkway.

GIAA's Triennial Drill Exercise was held on May 22, 2014. GIAA fared well in the exercise with extensive participation from local and federal agencies that included the Guam Fire Department, Guam Police Department, Public Health & Social Services, Guam Memorial Hospital, Office of Homeland Security, Navy and Andersen Fire Departments, Naval Hospital, Transportation Security Administration, Guam Customs & Quarantine, and U.S. Customs & Border Protection as well as United Airlines, who played the role of the

distressed airline. The Executive Manager reported on a mishap that transpired during the exercise, which is under investigation.

On financial issues, GIAA's Fiscal Year 2015 Financial Budget is in development and will be presented to the Airlines no later than July 1, 2014.

A legislative roundtable discussion will convene on Wednesday, June 4, 2014, at 2:00 p.m. The Committee on Aviation, Ground Transportation, Regulatory Concerns, and Future Generations, will be inviting representatives from the Airport, as well as the various taxi and tour bus service providers, to discuss Passenger Arrival Transportation Services at the Airport.

Relative to Procurement, the Executive Manager announced that the submission deadline for the Insurance Consulting Services RFP was May 20, 2014; and the submission deadline for A/E and Surveying Services - Indefinite Delivery Indefinite Quantity RFQ was May 28, 2014.

The Executive Manager announced that a joint press conference was held on Friday, May 9, 2014 at the Governor's Office, with GIAA and GVB to announce China charters to be operated by Dynamic Air beginning June 2014.

A ribbon cutting ceremony for the USCBP Global Entry Program Office was held at the Airport on May 14, 2014. The first enrollee processed by the Guam office was Governor Eddie Baza Calvo.

The Executive Manager thanked all GIAA employees for their monetary donations and personal participation at the Relay for Life held Friday, May 23 2014 and recognizedthis year's coordinator, Ms. Lynette Okada-Muna, for her hard work and generosity.

Director Tolan requested for an update relative to Cebu Pacific. The Executive Manager gave a brief update.

Chairman Untalan inquired on the condition of the vehicles involved in the Triennial Drill Exercise incident. The Executive Manager responded stating that all vehicles are insured.The fire truck is useable however the K-9 unit vehicle is inoperative. Discussion followed relative to the incident with the Chairman stating that it was fortunate no one was injured and expressed the importance of the Exercise.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller. Ms. Ann Bautista, Acting Assistant Comptroller,provided a report to the Board on the revenues and

expenses of the Authority as of April 30, 2014. Ms. Bautista reported that year-to-date Total Signatory Revenues are above budgeted revenues by 2.4%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.3% and 2.7%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are above the budget estimate by 3.2%. Year-to-date Total Operating Revenues Actual of $39.4M is 2.3% above the budget estimate of $36.5M. Year-to-date Total Operating Expenses are below budget by -8.1%. The actual year-to-date Net Revenues from Operations of $17.9M reflects an increase of 18.5% over the year-to-date budgeted amount of $15.1M. The Authority's year-to-date results for Debt Service Coverage is at 1.48 versus the requirement of 1.25.

Discussion followed relative to account receivables and net assets due to grants. The Chairman noted the importance of Division Heads attending Board meetings.

9. EXECUTIVE SESSION

Legal counsel announced that there will be no Executive Session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalancalled upon any public member wishing to make comments. There were none.

For the Board's information, Director Tolan announced that she had attended the Airport's general employee meeting held on April 30, 2014 and informed the Board that she had advised all Division Heads to attend Board meetings so they are kept abreastofcurrent issues at the Airport and are able to inform their employees of any pertinent information. The Director also added that she informed employees if they have any concerns to first speak with their immediate supervisor, if still not satisfied, speak with Management or the Board.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Alcorn, seconded by Director Sobti, at 4:43p.m., the meeting was adjourned.

BOARD OF DIRECTORS RESOLUTION NO. 14-42

RELATIVE TO AUTHORIZING SIGNATORIES
ON GIAA'S BANK ACCOUNTS

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA" or the "Authority") has several bank accounts and desires to designate the individuals authorized to execute checks, drafts, or other orders for and on behalf of GIAA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby designates two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Charles H. Ada II; Executive Manager
2. Pedro R. Martinez, Deputy Executive Manager;
3. Edward G. Untalan, Chairman of the Board;
4. Jean M. Arriola, Airport Services Manager
5. Carlos B. Bordallo, Comptroller; and
6. Antoniette L. Bautista, General Accounting Supervisor
7. Barbara Limtiaco, General Accounting Supervisor

BE IT RESOLVED FURTHER, that one of the two signatories must include any one of the following: the Chairman, the Executive Manager, the Deputy Executive Manager; or the Comptroller.

BE IT RESOLVED FURTHER, that the authority of the above-designated individuals to execute checks, drafts, or other orders for and on behalf of GIAA shall be limited only to authorized expenditures of GIAA and as is consistent with the execution of their respective duties, statutory or otherwise, as officers or directors of GIAA.

BE IT RESOLVED FURTHER, that the designation of the above-named individuals supersedes all prior designations by the Board of Directors of GIAA on file at all banking institutions at which GIAA maintains its accounts.

DULY AND REGULARLY ADOPTED BY THE BOARD OF DIRECTORS OF THE ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM AT THE JUNE 26, 2014 REGULAR BOARD MEETING.

EXECUTIVE SUMMARY

REQUEST FOR QUALIFICATIONS, RFQ NO. RFQ-001-FY14
ARCHITECTURAL/ENGINEERING & SURVEYING SERVICES
INDEFINITE DELIVERY INDEFINITE QUANTITY CONTRACT

June 26, 2014

Purpose

Board action is requested to approve the ranking results based on the evaluation process performed through the Request For Qualifications (RFQ) No. RFQ-001-FY14 for A/E & Surveying Services Indefinite Delivery Indefinite Quantity Contract.

Background

The referenced RFQ solicits proposals from professional firms to provide architectural and engineering & surveying services for the terminal building and airport properties.

Procurement Background

The above referenced RFQ was advertised in the local newspapers throughout the months of April & May 2014. The established deadline to submit the proposals was on May 28, 2014.

A total of twenty five (25) firms showed their interest by obtaining the RFQ package; however, twenty two (22) firms responded by submitting their proposals before the established deadline.

After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFQ package.

The Evaluation Committee has completed their evaluations and the scores sheets were gathered and tabulated by Procurement Office. As a result, the selected firms in the order of their ranking are as follows:

1. Proposer U
2. Proposer H
3. Proposer T
4. Proposer C
5. Proposer K
6. Proposer J
7. Proposer S
8. Proposer L
9. Proposer M
10. Proposer B
11. Proposer A
12. Proposer G
13. Proposer N
14. Proposer O
15. Proposer E
16. Proposer R
17. Proposer D
18. Proposer Q
19. Proposer F
20. Proposer V
21. Proposer I
22. Proposer P

Legal Review

Upon Board approval, a standard professional services contract will be forwarded to Legal Counsel for review and approval as to form.

Financial Review

The A/E & Surveying Services Indefinite Delivery Indefinite Quantity Contract Agreement funding for this project is available under the CIF and the 2013 bon proceeds.

Recommendation

Management recommends the approval of the ranking results and the contract award to all **Proposers** for the A/E & Surveying Services Indefinite Delivery Indefinite Quantity Contract subject to negotiations of fair and reasonable fees, on a per project and per service basis.

MEMORANDUM

TO: Charles H. Ada II, Executive Manager

FROM: Jose Onedera, Buyer Supervisor I

SUBJECT: Evaluation and Recommendation - Request For Qualifications (RFQ)
Architectural/Engineering & Surveying Services
Indefinite Delivery Indefinite Quantity Contract
RFQ No. RFQ-001-FY14

The referenced Request for Qualifications (RFQ) solicits interests from firms or individuals to provide professional services for the Architectural/Engineering & Surveying Services Indefinite Delivery Indefinite Quantity Contract. The advertisement for this RFQ was published in the local newspaper for the months of April & May 2014. The deadline to submit the proposals was on May 28, 2014.

Twenty Five (25) firms/individuals acknowledged receipt of the package and twenty two (22) firms submitted qualification documents before the submission deadline.

Evaluation and Selection

Pursuant to Section IX of the package, after receipt of all proposals, the GIAA Evaluation Committee conducted an independent evaluation for the purpose of selecting responsive and responsible offers based on the evaluation criteria. The committee which Management established to evaluate the firms' qualifications included the following:

a. Victor Cruz, Engineering Supervisor
b. Jean M. Arriola, Airport Services Manager
c. Frank Santos, Expansion Office
d. Larry Flores, Expansion Office

The committee completed their evaluation and the scores were tabulated as reflected on the attached summary worksheet. As a result of our tabulation, the firms selected in the order of their ranking are as follows:

1. Proposer U
2. Proposer H
3. Proposer T
4. Proposer C
5. Proposer K
6. Proposer J
7. Proposer S
8. Proposer L

9. Proposer M
10. Proposer B
11. Proposer A
12. Proposer G
13. Proposer N
14. Proposer O
15. Proposer E
16. Proposer R
17. Proposer D
18. Proposer Q
19. Proposer F
20. Proposer V
21. Proposer I
22. Proposer P

Recommendation

As a result of our review of the submitted required documents, all firms have been deemed to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations. Based on the RFP, the selection of the offerors shall be no less than 6 firms. The approval of the ranking results and the contract award to all 22 Firms is recommended, subject to negotiations of fair and reasonable fees on a per project and per service basis.

Should you have any questions or need to discuss this matter further, I am available at your request.

Mr. Charles H. Ada II
Executive Manager
A. B. Won Pat Guam International
Airport Authority
P. O. Box 8770
Tamuning, GU 96931

Dear Mr. Ada:

We are enclosing two copies of the Grant Offer for Airport Improvement Program (AIP) Project No. 3-66-0001-089-2014 at Guam International Airport in Agana, Guam. This letter outlines expectations for success. Please read the conditions and assurances carefully.

To properly enter into this agreement, you must do the following:

- The official of the Sponsor authorized to accept the enclosed Grant Offer shall accept by signing said offer and inserting the date in the space provided under the "Acceptance" section. The Sponsor's attorney shall certify that the acceptance complies with all applicable laws and constitutes a legal and binding obligation of the Sponsor by executing the "Certificate of Sponsor's Attorney" section. The date of said certificate shall be the same as, or later than the date of acceptance. The grant execution, along with your attorney's certification, must be completed by July 10, 2014, in order for the grant to be valid.
- When the document is fully executed, certified, attested and appropriate seals are impressed, please return one (1) originally signed and dated copy of the executed Grant Agreement to this office. Retain the remaining copy for your files.

Subject to the requirements in 49 CFR 18.21, each payment request for reimbursement under this grant must be made electronically via the Delphi eInvoicing System.

Please note Grant Condition No. 4 requires you to complete the project without undue delay. We will be paying close attention to your progress to ensure proper stewardship of these Federal funds. **You are required to submit a payment request for reimbursement for allowable incurred project expenses every 30 days.**

Should you fail to make draws on a regular basis, your grant may be placed in "inactive" status which will impact future grant offers.

Until the grant is completed and closed, you are responsible for submitting formal reports as follows:

- A signed/dated SF-270 (non-construction projects) or SF-271 or equivalent (construction projects) and SF-425 annually, due 90 days after the end of each federal fiscal year in which this grant is open (due December 31 of each year this grant is open); and
- Quarterly Progress Reports due every quarter.

Once the project(s) is completed and all costs are determined, we ask that you close the project without delay and submit, as a minimum, the following:

- Sponsor Certification for Project Final Acceptance; and
- Summary of all change orders and summary of all testing; and
- Final SF-270 or SF-271 (or equivalent) and SF-425.

Steve Wong, (808) 541-1225, is the assigned program manager for this grant and is readily available to assist you and your designated representative with the requirements stated herein. We sincerely value your cooperation in these efforts and look forward to working with you to complete this important project.

Sincerely,

Steven Y. Wong

GRANT AGREEMENT

PART I – OFFER

June 12, 2014
Date of Offer
Guam International
(herein called the "Airport")
3-66-0001-089-2014
Grant No
855035531
DUNS No

TO: **The A. B. Won Pat Guam International Airport Authority**
(herein called the "Sponsor")
FROM: **The United States of America** (acting through the Federal Aviation Administration, herein called the "FAA")

WHEREAS, the Sponsor has submitted to the FAA a Project Application dated February 18, 2010, for a grant of Federal funds for a project at or associated with the Guam International Airport, which is included as part of this Grant Agreement; and

WHEREAS, the FAA has approved a project for the Guam International Airport (herein called the "Project") consisting of the following:

Rehabilitate Runway 06L/24R – Phase IV

which is more fully described in the Project Application.

NOW THEREFORE, according to the applicable provisions of the former Federal Aviation Act of 1958, as amended and recodified, 49 U.S.C. 40101, et seq., and the former Airport and Airway Improvement Act of 1982 (AAIA), as amended and recodified, 49 U.S.C. 47101, et seq., (herein the AAIA grant statute is referred to as "the Act"), the representations contained in the Project Application, and in consideration of (a) the Sponsor's adoption and ratification of the Grant Assurances dated March 2014, and the Sponsor's acceptance of this Offer, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and compliance with the Grant Assurances and conditions as herein provided,

THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States' share of the allowable costs incurred in accomplishing the Project, 100 percent of the first $2,000,000.00 of the allowable project costs incurred accomplishing the Project, and 90 percent of allowable costs thereafter.

This Offer is made on and **SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS**:

CONDITIONS

1. **Maximum Obligation.** The maximum obligation of the United States payable under this Offer is $2,950,939.00. For the purposes of any future grant amendments which may increase the foregoing maximum obligation of the United States under the provisions of 49 U.S.C. 47108(b), the following amounts are being specified for this purpose:

   $ 0.00 for planning

   $ 2,950,939.00 for airport development or noise program implementation

2. **Ineligible or Unallowable Costs.** The Sponsor must not include any costs in the project that the FAA has determined to be ineligible or unallowable.

3. **Determining the Final Federal Share of Costs.** The United States' share of allowable project costs will be made in accordance with the regulations, policies and procedures of the Secretary. Final determination of the United States' share will be based upon the final audit of the total amount of allowable project costs and settlement will be made for any upward or downward adjustments to the Federal share of costs.

4. **Completing the Project Without Delay and in Conformance with Regulations.** The Sponsor must carry out and complete the project without undue delays and in accordance with this agreement, and the regulations, policies and procedures of the Secretary. The Sponsor also agrees to comply with the assurances which are part of this agreement.

5. **Amendments or Withdrawals before Grant Acceptance.** The FAA reserves the right to amend or withdraw this offer at any time prior to its acceptance by the Sponsor.

6. **Office Expiration Date.** This offer will expire and the United States will not be obligated to pay any part of the costs of the project unless this offer has been accepted by the Sponsor on or before July 10, 2014, or such subsequent date as may be prescribed in writing by the FAA.

7. **Improper Use of Federal Funds.** The Sponsor must take all steps, including litigation if necessary, to recover Federal funds spent fraudulently, wastefully, or in violation of Federal antitrust statutes, or misused in any other manner in any project upon which Federal funds have been expended. For the purposes of this grant agreement, the term "Federal funds" means funds however used or dispersed by the Sponsor that were originally paid pursuant to this or any other Federal grant agreement. The Sponsor must obtain the approval of the Secretary as to any determination of the amount of the Federal share of such funds. The Sponsor must return the recovered Federal share, including funds recovered by settlement, order, or judgment, to the Secretary. The Sponsor must furnish to the Secretary, upon request, all documents and records pertaining to the determination of the amount of the Federal share or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the Sponsor, in court or otherwise, involving the recovery of such Federal share require advance approval by the Secretary.

8. **United States Not Liable for Damage or Injury.** The United States is not responsible or liable for damage to property or injury to persons which may arise from, or be incident to, compliance with this grant agreement.

9. **System for Award Management (SAM) Registration And Universal Identifier.**

   A. Requirement for System for Award Management (SAM): Unless the Sponsor is exempted from this requirement under 2 CFR 25.110, the Sponsor must maintain the currency of its information in the SAM until the Sponsor submits the final financial report required under this grant, or receives the final payment, whichever is later. This requires that the Sponsor review and update the information at least annually after the initial registration and more frequently if required by changes in information or another award term. Additional information about registration procedures may be found at the SAM website (currently at http://www.sam.gov).

   B. Requirement for Data Universal Numbering System (DUNS) Numbers

      1. The Sponsor must notify potential subrecipients that it cannot receive a contract unless it has provided its DUNS number to the Sponsor. A subrecipient means a consultant, contractor, or other entity that enters into an agreement with the Sponsor to provide services or other work to further this project, and is accountable to the Sponsor for the use of the Federal funds provided by the agreement, which may be provided through any legal agreement, including a contract.

2. The Sponsor may not make an award to a subrecipient unless the subrecipient has provided its DUNS number to the Sponsor.
3. Data Universal Numbering System: DUNS number means the nine-digit number established and assigned by Dun and Bradstreet, Inc. (D & B) to uniquely identify business entities. A DUNS number may be obtained from D & B by telephone (currently 866–492–0280) or the Internet (currently at http://fedgov.dnb.com/webform).

10. **Electronic Grant Payment(s):** Unless otherwise directed by the FAA, the Sponsor must make each payment request under this agreement electronically via the Delphi eInvoicing System for Department of Transportation (DOT) Financial Assistance Awardees.
11. **Informal Letter Amendment of AIP Projects:** If, during the life of the project, the FAA determines that the maximum grant obligation of the United States exceeds the expected needs of the Sponsor by $25,000.00 or five percent (5%), whichever is greater, the FAA can issue a letter to the Sponsor unilaterally reducing the maximum obligation. The FAA can also issue a letter to the Sponsor increasing the maximum obligation if there is an overrun in the total actual eligible and allowable project costs to cover the amount of the overrun provided it will not exceed the statutory limitations for grant amendments. If the FAA determines that a change in the grant description is advantageous and in the best interests of the United States, the FAA can issue a letter to the Sponsor amending the grant description. By issuing an Informal Letter Amendment, the FAA has changed the grant amount or grant description to the amount or description in the letter.
12. **Air and Water Quality:** The Sponsor is required to comply with all applicable air and water quality standards for all projects in this grant. If the Sponsor fails to comply with this requirement, the FAA may suspend, cancel, or terminate this grant.
13. **Financial Reporting and Payment Requirements.** The Sponsor will comply with all federal financial reporting requirements and payment requirements, including submittal of timely and accurate reports.
14. **Buy American.** Unless otherwise approved in advance by the FAA, the Sponsor will not acquire or permit any contractor or subcontractor to acquire any steel or manufactured products produced outside the United States to be used for any project for which funds are provided under this grant. The Sponsor will include a provision implementing Buy American in every contract.
15. **Maximum Obligation Increase For Primary Airports.** In accordance with 49 U.S.C. 47108(b), as amended, the maximum obligation of the United States, as stated in Condition No. 1 of this Grant Offer:
    A. may not be increased for a planning project;
    B. may be increased by not more than 15 percent for development projects;
    C. may be increased by not more than 15 percent for land projects.
16. **Audits for Public Sponsors.** The Sponsor must provide for a Single Audit in accordance with 2 CFR Part 200. The Sponsor must submit the Single Audit reporting package to the Federal Audit Clearinghouse on the Federal Audit Clearinghouse's Internet Data Entry System at http://harvester.census.gov/facweb/. The Sponsor must also provide one copy of the completed 2 CFR Part 200 audit to the Airports District Office.
17. **Suspension or Debarment.** The Sponsor must inform the FAA when the Sponsor suspends or debars a contractor, person, or entity.
18. **Ban on Texting When Driving.**
    A. In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, October 1, 2009, and DOT Order 3902.10, Text Messaging While Driving, December 30, 2009, The Sponsor is encouraged to:
        1. Adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers including policies to ban text messaging while driving when performing and work for, or on behalf of, the Federal government, including work relating to a grant or subgrant.
        2. Conduct workplace safety initiatives in a manner commensurate with the size of the business, such as:
            a. Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

b. Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

B. The Sponsor must insert the substance of this clause on banning texting when driving in all subgrants, contracts and subcontracts.

19. **Trafficking in Persons.**

A. Prohibitions: The prohibitions against trafficking in persons (Prohibitions) that apply to any entity other than a State, local government, Indian tribe, or foreign public entity. This includes private Sponsors, public Sponsor employees, subrecipients of private or public Sponsors (private entity) are:

1. Engaging in severe forms of trafficking in persons during the period of time that the agreement is in effect;
2. Procuring a commercial sex act during the period of time that the agreement is in effect; or
3. Using forced labor in the performance of the agreement, including subcontracts or subagreements under the agreement.

B. In addition to all other remedies for noncompliance that are available to the FAA, Section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. 7104(g)), allows the FAA to unilaterally terminate this agreement, without penalty, if a private entity –

1. Is determined to have violated the Prohibitions; or
2. Has an employee who the FAA determines has violated the Prohibitions through conduct that is either –
   a. Associated with performance under this agreement; or
   b. Imputed to the Sponsor or subrecipient using 2 CFR Part 180, "OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," as implemented by the FAA at CFR Part 29.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and this Offer and Acceptance shall comprise a Grant Agreement, as provided by the Act, constituting the contractual obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and compliance with the assurances and conditions as provided herein. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer.

SPECIAL CONDITIONS

1. **Projects Which Contain Paving Work in Excess of $250,000.** The Sponsor agrees to:

a. Furnish a construction management program to the FAA prior to the start of construction which details the measures and procedures to be used to comply with the quality control provisions of the construction contract, including, but not limited to, all quality control provisions and tests required by the Federal specifications. The program must include as a minimum:

(1) The name of the person representing the Sponsor who has overall responsibility for contract administration for the project and the authority to take necessary actions to comply with the contract.

(2) Names of testing laboratories and consulting engineer firms with quality control responsibilities on the project, together with a description of the services to be provided.

(3) Procedures for determining that the testing laboratories meet the requirements of the American Society of Testing and Materials standards on laboratory evaluation referenced in the contract specifications (D 3666, C 1077).

(4) Qualifications of engineering supervision and construction inspection personnel.

(5) A listing of all tests required by the contract specifications, including the type and frequency of tests to be taken, the method of sampling, the applicable test standard, and the acceptance criteria or tolerances permitted for each type of test.

(6) Procedures for ensuring that the tests are taken in accordance with the program, that they are documented daily, and that the proper corrective actions, where necessary, are undertaken.

b. Submit at completion of the project, a final test and quality control report documenting the results of all tests performed, highlighting those tests that failed or that did not meet the applicable test standard. The report must include the pay reductions applied and the reasons for accepting any out-of-tolerance material. An interim test and quality control report shall be submitted, if requested by the FAA.

c. Failure to provide a complete report as described in paragraph b, or failure to perform such tests, will, absent any compelling justification, result in a reduction in Federal participation for costs incurred in connection with construction of the applicable pavement. Such reduction will be at the discretion of the FAA and will be based on the type or types of required tests not performed or not documented and will be commensurate with the proportion of applicable pavement with respect to the total pavement constructed under the grant agreement.

d. The FAA, at its discretion, reserves the right to conduct independent tests and to reduce grant payments accordingly if such independent tests determine that sponsor test results are inaccurate.

2. **Pavement Maintenance Management Program.** The Sponsor agrees that it will implement an effective airport pavement maintenance management program as required by Grant Assurance Pavement Preventive Management. The Sponsor agrees that it will use the program for the useful life of any pavement constructed, reconstructed, or repaired with federal financial assistance at the airport. The Sponsor further agrees that the program will:

a. follow FAA Advisory Circular 150/5380-6, "Guidelines and Procedures for Maintenance of Airport Pavements," for specific guidelines and procedures for maintaining airport pavements, establishing an effective maintenance program, specific types of distress and its probable cause, inspection guidelines, and recommended methods of repair;

b. detail the procedures to be followed to assure that proper pavement maintenance, both preventive and repair, is performed;

c. include a Pavement Inventory, Inspection Schedule, Record Keeping, Information Retrieval, and Reference, meeting the following requirements:

1) Pavement Inventory. The following must be depicted in an appropriate form and level of detail:
   a) location of all runways, taxiways, and aprons;
   b) dimensions;
   c) type of pavement, and;
   d) year of construction or most recent major rehabilitation.

2) Inspection Schedule.
   a) Detailed Inspection. A detailed inspection must be performed at least once a year. If a history of recorded pavement deterioration is available, i.e., Pavement Condition Index (PCI) survey as set forth in the Advisory Circular 150/5380-6, the frequency of inspections may be extended to three years.
   b) Drive-By Inspection. A drive-by inspection must be performed a minimum of once per month to detect unexpected changes in the pavement condition. For drive-by inspections, the date of inspection and any maintenance performed must be recorded.

d. Record Keeping. Complete information on the findings of all detailed inspections and on the maintenance performed must be recorded and kept on file for a minimum of five years. The types of distress, their locations, and and remedial action, scheduled or performed, must be documented. The minimum information is:

1) Inspection date;
2) Location

3) Distress types; and
4) Maintenance scheduled or performed.

e. Information Retrieval System. The Sponsor must be able to retrieve the information and records produced by the pavement survey to provide a report to the FAA as may be required.

3. To ensure the safety and security of the airport, it is understood and agreed that the sponsor will develop a plan and schedule to close the existing Central Avenue connection to Route 8 that is acceptable to the (FAA) Administrator. The schedule shall be to close existing Central Avenue connection to Route 8 immediately upon the completion of the Runway 6L extension project, if not sooner.

CERTIFICATE OF SPONSOR'S ATTORNEY

I, _____ , acting as Attorney for the Sponsor do hereby certify:

That in my opinion the Sponsor is empowered to enter into the foregoing Grant Agreement under the laws of the Territory of Guam. Further, I have examined the foregoing Grant Agreement and the actions taken by said Sponsor and Sponsor's official representative has been duly authorized and that the execution thereof is in all respects due and proper and in accordance with the laws of the said State and the Act. In addition, for grants involving projects to be carried out on property not owned by the Sponsor, there are no legal impediments that will prevent full performance by the Sponsor. Further, it is my opinion that the said Grant Agreement constitutes a legal and binding obligation of the Sponsor in accordance with the terms thereof.

ASSURANCES

Airport Sponsors

A. General.

1. These assurances shall be complied with in the performance of grant agreements for airport development, airport planning, and noise compatibility program grants for airport sponsors.
2. These assurances are required to be submitted as part of the project application by sponsors requesting funds under the provisions of Title 49, U.S.C., subtitle VII, as amended. As used herein, the term "public agency sponsor" means a public agency with control of a public-use airport; the term "private sponsor" means a private owner of a public-use airport; and the term "sponsor" includes both public agency sponsors and private sponsors.
3. Upon acceptance of this grant offer by the sponsor, these assurances are incorporated in and become part of this grant agreement.

B. Duration and Applicability.

1. **Airport development or Noise Compatibility Program Projects Undertaken by a Public Agency Sponsor.**

   The terms, conditions and assurances of this grant agreement shall remain in full force and effect throughout the useful life of the facilities developed or equipment acquired for an airport development or noise compatibility program project, or throughout the useful life of the project items installed within a facility under a noise compatibility program project, but in any event not to exceed twenty (20) years from the date of acceptance of a grant offer of Federal funds for the project. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with federal funds. Furthermore, the duration of the Civil Rights assurance shall be specified in the assurances.

2. **Airport Development or Noise Compatibility Projects Undertaken by a Private Sponsor.**

   The preceding paragraph 1 also applies to a private sponsor except that the useful life of project items installed within a facility or the useful life of the facilities developed or equipment acquired under an airport development or noise compatibility program project shall be no less than ten (10) years from the date of acceptance of Federal aid for the project.

3. **Airport Planning Undertaken by a Sponsor.**

Unless otherwise specified in this grant agreement, only Assurances 1, 2, 3, 5, 6, 13, 18, 25, 30, 32, 33, and 34 in Section C apply to planning projects. The terms, conditions, and assurances of this grant agreement shall remain in full force and effect during the life of the project; there shall be no limit on the duration of the assurances regarding Airport Revenue so long as the airport is used as an airport.

C. Sponsor Certification.

The sponsor hereby assures and certifies, with respect to this grant that:

1. **General Federal Requirements.**

It will comply with all applicable Federal laws, regulations, executive orders, policies, guidelines, and requirements as they relate to the application, acceptance and use of Federal funds for this project including but not limited to the following:

Specific Assurances

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this grant agreement.

Footnotes to Assurance C.1.

[1] These laws do not apply to airport planning sponsors.

[2] These laws do not apply to private sponsors.

[3] 49 CFR Part 18 and 2 CFR Part 200 contain requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation and circular shall also be applicable to private sponsors receiving Federal assistance under Title 49, United States Code.

[4] On December 26, 2013 at 78 FR 78590, the Office of Management and Budget (OMB) issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200. 2 CFR Part 200 replaces and combines the former Uniform Administrative Requirements for Grants (OMB Circular A-102 and Circular A-110 or 2 CFR Part 215 or Circular) as well as the Cost Principles (Circulars A-21 or 2 CFR part 220; Circular A-87 or 2 CFR part 225; and A-122, 2 CFR part 230). Additionally it replaces Circular A-133 guidance on the Single Annual Audit. In accordance with 2 CFR section 200.110, the standards set forth in Part 200 which affect administration of Federal awards issued by Federal agencies become effective once implemented by Federal agencies or when any future amendment to this Part becomes final. Federal agencies, including the Department of Transportation, must implement the policies and procedures applicable to Federal awards by promulgating a regulation to be effective by December 26, 2014 unless different provisions are required by statute or approved by OMB.

[5] Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.

[6] Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

2. **Responsibility and Authority of the Sponsor.**

   a. Public Agency Sponsor:

   It has legal authority to apply for this grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

   b. Private Sponsor:

   It has legal authority to apply for this grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this grant agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. **Sponsor Fund Availability.**

   It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this grant agreement which it will own or control.

4. **Good Title.**

   a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.

   b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. **Preserving Rights and Powers.**

   a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this grant agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

b. It will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this grant agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this grant agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this grant agreement.

c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.

d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.

e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.

f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to insure that the airport will be operated and maintained in accordance Title 49, United States Code, the regulations and the terms, conditions and assurances in this grant agreement and shall insure that such arrangement also requires compliance therewith.

g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. **Consistency with Local Plans.**

   The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. **Consideration of Local Interest.**

   It has given fair consideration to the interest of communities in or near where the project may be located.

8. **Consultation with Users.**

   In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. **Public Hearings.**

   In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. **Metropolitan Planning Organization.**

    In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. **Pavement Preventive Maintenance.**

    With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. **Terminal Development Prerequisites.**

    For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under section 44706 of Title 49, United States Code, and all the security equipment required by rule or regulation, and

has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. **Accounting System, Audit, and Record Keeping Requirements.**

    a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this grant, the total cost of the project in connection with which this grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

    b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. **Minimum Wage Rates.**

    It shall include, in all contracts in excess of $2,000 for work on any projects funded under this grant agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor, in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. **Veteran's Preference.**

    It shall include in all contracts for work on any project funded under this grant agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in Section 47112 of Title 49, United States Code. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. **Conformity to Plans and Specifications.**

    It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this grant agreement, and, upon approval of the Secretary, shall be incorporated into this grant agreement. Any modification to the approved plans,

specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this grant agreement.

17. **Construction Inspection and Approval.**

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. **Planning Projects.**

In carrying out planning projects:

a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.

b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.

c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.

d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.

e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.

f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.

g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.

h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. **Operation and Maintenance.**

a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal,

state and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for-

1) Operating the airport's aeronautical facilities whenever required;

2) Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and

3) Promptly notifying airmen of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. **Hazard Removal and Mitigation.**

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. **Compatible Land Use.**

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. **Economic Nondiscrimination.**

a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.

b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or

to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to-

1) furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and

2) charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.

d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.

e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.

f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees [including, but not limited to maintenance, repair, and fueling] that it may choose to perform.

g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.

h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.

i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. **Exclusive Rights.**

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and

b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. **Fee and Rental Structure.**

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. **Airport Revenues.**

a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:

1) If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or

operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

2) If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.

3) Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at Section 47102 of title 49 United States Code), if the FAA determines the airport sponsor meets the requirements set forth in Sec. 813 of Public Law 112-95.

b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.

c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of Section 47107 of Title 49, United States Code.

26. **Reports and Inspections.**

It will:

a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;

b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;

c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this grant agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and

d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:

1) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and

2) all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. **Use by Government Aircraft.**

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that –

a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. **Land for Federal Facilities.**

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. **Airport Layout Plan.**

a. It will keep up to date at all times an airport layout plan of the airport showing

1) boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;

2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and

roads), including all proposed extensions and reductions of existing airport facilities;

3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon; and

4) all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

b. If a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. **Civil Rights.**

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this grant.

a. Using the definitions of activity, facility and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by, or pursuant to these assurances.

b. Applicability

1) Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.

2) Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

3) Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

1) So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or

2) So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this grant agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

"The **(Name of Sponsor)**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

e. Required Contract Provisions.

1) It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.

2) It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.

3) It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.

4) It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a

covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:

a) For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

b) For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.

g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. **Disposal of Land.**

a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order, (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund. If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, (1) upon application to the Secretary, be reinvested or transferred to another

eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following,.in descending order: (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund.

c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.

d. Disposition of such land under (a) (b) or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. **Engineering and Design Services.**

It will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services with respect to the project in the same manner as a contract for architectural and engineering services is negotiated under Title IX of the Federal Property and Administrative Services Act of 1949 or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. **Foreign Market Restrictions.**

It will not allow funds provided under this grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. **Policies, Standards, and Specifications.**

It will carry out the project in accordance with policies, standards, and specifications approved by the Secretary including but not limited to the advisory circulars listed in the Current FAA Advisory Circulars for AIP projects, dated 3/20/2014 (the latest approved version as of this grant offer) and included in this grant, and in accordance

with applicable state policies, standards, and specifications approved by the Secretary.

35. **Relocation and Real Property Acquisition.**

    a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.
    b. It will provide a relocation assistance program offering the services described in Subpart C and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
    c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. **Access By Intercity Buses.**

    The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. **Disadvantaged Business Enterprises.**

    The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its DBE and ACDBE programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).

38. **Hangar Construction.**

    If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. **Competitive Access.**

a. If the airport owner or operator of a medium or large hub airport (as defined in section 47102 of title 49, U.S.C.) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that-

   1) Describes the requests;

   2) Provides an explanation as to why the requests could not be accommodated; and

   3) Provides a time frame within which, if any, the airport will be able to accommodate the requests.

b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.

Mr. Charles H. Ada II
Executive Manager
A. B. Won Pat Guam International
Airport Authority
P. O. Box 8770
Tamuning, GU 96931

Dear Mr. Ada:

We are enclosing two copies of the Grant Offer for Airport Improvement Program (AIP) Project No. 3-66-0001-090-2014 at Guam International Airport in Agana, Guam. This letter outlines expectations for success. Please read the conditions and assurances carefully.

To properly enter into this agreement, you must do the following:

- The official of the Sponsor authorized to accept the enclosed Grant Offer shall accept by signing said offer and inserting the date in the space provided under the "Acceptance" section. The Sponsor's attorney shall certify that the acceptance complies with all applicable laws and constitutes a legal and binding obligation of the Sponsor by executing the "Certificate of Sponsor's Attorney" section. The date of said certificate shall be the same as, or later than the date of acceptance. The grant execution, along with your attorney's certification, must be completed by July 10, 2014, in order for the grant to be valid.
- When the document is fully executed, certified, attested and appropriate seals are impressed, please return one (1) originally signed and dated copy of the executed Grant Agreement to this office. Retain the remaining copy for your files.

Subject to the requirements in 49 CFR 18.21, each payment request for reimbursement under this grant must be made electronically via the Delphi eInvoicing System.

Please note Grant Condition No. 4 requires you to complete the project without undue delay. We will be paying close attention to your progress to ensure proper stewardship of these Federal funds. **You are required to submit a payment request for reimbursement for allowable incurred project expenses every 30 days.**

Should you fail to make draws on a regular basis, your grant may be placed in "inactive" status which will impact future grant offers.

Until the grant is completed and closed, you are responsible for submitting formal reports as follows:

- A signed/dated SF-270 (non-construction projects) or SF-271 or equivalent (construction projects) and SF-425 annually, due 90 days after the end of each federal fiscal year in which this grant is open (due December 31 of each year this grant is open); and
- Quarterly Progress Reports due every quarter.

Once the project(s) is completed and all costs are determined, we ask that you close the project without delay and submit, as a minimum, the following:

- Sponsor Certification for Project Final Acceptance; and
- Summary of all change orders and summary of all testing; and
- Final SF-270 or SF-271 (or equivalent) and SF-425.

Steve Wong, (808) 541-1225, is the assigned program manager for this grant and is readily available to assist you and your designated representative with the requirements stated herein. We sincerely value your cooperation in these efforts and look forward to working with you to complete this important project.

Sincerely,

Steven Y. Wong
Acting Manager, Airports District Office

GRANT AGREEMENT

PART I – OFFER

June 12, 2014
Date of Offer
Guam International
(herein called the "Airport")
3-66-0001-090-2014
Grant No
855035531
DUNS No

TO: **The A. B. Won Pat Guam International Airport Authority**
(herein called the "Sponsor")
FROM: **The United States of America** (acting through the Federal Aviation Administration, herein called the "FAA")

WHEREAS, the Sponsor has submitted to the FAA a Project Application dated February 12, 2009, for a grant of Federal funds for a project at or associated with the Guam International Airport, which is included as part of this Grant Agreement; and

WHEREAS, the FAA has approved a project for the Guam International Airport (herein called the "Project") consisting of the following:

Install Instrument Landing System (ILS) Runway 06L – Phase III

which is more fully described in the Project Application.

NOW THEREFORE, according to the applicable provisions of the former Federal Aviation Act of 1958, as amended and recodified, 49 U.S.C. 40101, et seq., and the former Airport and Airway Improvement Act of 1982 (AAIA), as amended and recodified, 49 U.S.C. 47101, et seq., (herein the AAIA grant statute is referred to as "the Act"), the representations contained in the Project Application, and in consideration of (a) the Sponsor's adoption and ratification of the Grant Assurances dated March 2014, and the Sponsor's acceptance of this Offer, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and compliance with the Grant Assurances and conditions as herein provided,

THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay 90 percent of the allowable costs incurred accomplishing the Project as the United States share of the Project.

This Offer is made on and **SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS**:

CONDITIONS

1. **Maximum Obligation.** The maximum obligation of the United States payable under this Offer is $1,556,987.00. For the purposes of any future grant amendments which may increase the foregoing maximum obligation of the United States under the provisions of 49 U.S.C. 47108(b), the following amounts are being specified for this purpose:

   $ 0.00 for planning

   $ 1,556,987.00 for airport development or noise program implementation

2. **Ineligible or Unallowable Costs.** The Sponsor must not include any costs in the project that the FAA has determined to be ineligible or unallowable.

3. **Determining the Final Federal Share of Costs.** The United States' share of allowable project costs will be made in accordance with the regulations, policies and procedures of the Secretary. Final determination of the United States' share will be based upon the final audit of the total amount of allowable project costs and settlement will be made for any upward or downward adjustments to the Federal share of costs.

4. **Completing the Project Without Delay and in Conformance with Regulations.** The Sponsor must carry out and complete the project without undue delays and in accordance with this agreement, and the regulations, policies and procedures of the Secretary. The Sponsor also agrees to comply with the assurances which are part of this agreement.

5. **Amendments or Withdrawals before Grant Acceptance.** The FAA reserves the right to amend or withdraw this offer at any time prior to its acceptance by the Sponsor.

6. **Office Expiration Date.** This offer will expire and the United States will not be obligated to pay any part of the costs of the project unless this offer has been accepted by the Sponsor on or before July 10, 2014, or such subsequent date as may be prescribed in writing by the FAA.

7. **Improper Use of Federal Funds.** The Sponsor must take all steps, including litigation if necessary, to recover Federal funds spent fraudulently, wastefully, or in violation of Federal antitrust statutes, or misused in any other manner in any project upon which Federal funds have been expended. For the purposes of this grant agreement, the term "Federal funds" means funds however used or dispersed by the Sponsor that were originally paid pursuant to this or any other Federal grant agreement. The Sponsor must obtain the approval of the Secretary as to any determination of the amount of the Federal share of such funds. The Sponsor must return the recovered Federal share, including funds recovered by settlement, order, or judgment, to the Secretary. The Sponsor must furnish to the Secretary, upon request, all documents and records pertaining to the determination of the amount of the Federal share or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the Sponsor, in court or otherwise, involving the recovery of such Federal share require advance approval by the Secretary.

8. **United States Not Liable for Damage or Injury.** The United States is not responsible or liable for damage to property or injury to persons which may arise from, or be incident to, compliance with this grant agreement.

9. **System for Award Management (SAM) Registration And Universal Identifier.**

   A. Requirement for System for Award Management (SAM): Unless the Sponsor is exempted from this requirement under 2 CFR 25.110, the Sponsor must maintain the currency of its information in the SAM until the Sponsor submits the final financial report required under this grant, or receives the final payment, whichever is later. This requires that the Sponsor review and update the information at least annually after the initial registration and more frequently if required by changes in information or another award term. Additional information about registration procedures may be found at the SAM website (currently at http://www.sam.gov).

   B. Requirement for Data Universal Numbering System (DUNS) Numbers

      1. The Sponsor must notify potential subrecipients that it cannot receive a contract unless it has provided its DUNS number to the Sponsor. A subrecipient means a consultant, contractor, or other entity that enters into an agreement with the Sponsor to provide services or other work to further this project, and is accountable to the Sponsor for the use of the Federal funds provided by the agreement, which may be provided through any legal agreement, including a contract.

2. The Sponsor may not make an award to a subrecipient unless the subrecipient has provided its DUNS number to the Sponsor.
3. Data Universal Numbering System: DUNS number means the nine-digit number established and assigned by Dun and Bradstreet, Inc. (D & B) to uniquely identify business entities. A DUNS number may be obtained from D & B by telephone (currently 866–492–0280) or the Internet (currently at http://fedgov.dnb.com/webform).

10. **Electronic Grant Payment(s):** Unless otherwise directed by the FAA, the Sponsor must make each payment request under this agreement electronically via the Delphi eInvoicing System for Department of Transportation (DOT) Financial Assistance Awardees.
11. **Informal Letter Amendment of AIP Projects:** If, during the life of the project, the FAA determines that the maximum grant obligation of the United States exceeds the expected needs of the Sponsor by $25,000.00 or five percent (5%), whichever is greater, the FAA can issue a letter to the Sponsor unilaterally reducing the maximum obligation. The FAA can also issue a letter to the Sponsor increasing the maximum obligation if there is an overrun in the total actual eligible and allowable project costs to cover the amount of the overrun provided it will not exceed the statutory limitations for grant amendments. If the FAA determines that a change in the grant description is advantageous and in the best interests of the United States, the FAA can issue a letter to the Sponsor amending the grant description. By issuing an Informal Letter Amendment, the FAA has changed the grant amount or grant description to the amount or description in the letter.
12. **Air and Water Quality:** The Sponsor is required to comply with all applicable air and water quality standards for all projects in this grant. If the Sponsor fails to comply with this requirement, the FAA may suspend, cancel, or terminate this grant.
13. **Financial Reporting and Payment Requirements.** The Sponsor will comply with all federal financial reporting requirements and payment requirements, including submittal of timely and accurate reports.
14. **Buy American.** Unless otherwise approved in advance by the FAA, the Sponsor will not acquire or permit any contractor or subcontractor to acquire any steel or manufactured products produced outside the United States to be used for any project for which funds are provided under this grant. The Sponsor will include a provision implementing Buy American in every contract.
15. **Maximum Obligation Increase For Primary Airports.** In accordance with 49 U.S.C. 47108(b), as amended, the maximum obligation of the United States, as stated in Condition No. 1 of this Grant Offer:
    A. may not be increased for a planning project;
    B. may be increased by not more than 15 percent for development projects;
    C. may be increased by not more than 15 percent for land projects.
16. **Audits for Public Sponsors.** The Sponsor must provide for a Single Audit in accordance with 2 CFR Part 200. The Sponsor must submit the Single Audit reporting package to the Federal Audit Clearinghouse on the Federal Audit Clearinghouse's Internet Data Entry System at http://harvester.census.gov/facweb/. The Sponsor must also provide one copy of the completed 2 CFR Part 200 audit to the Airports District Office.
17. **Suspension or Debarment.** The Sponsor must inform the FAA when the Sponsor suspends or debars a contractor, person, or entity.
18. **Ban on Texting When Driving.**
    A. In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, October 1, 2009, and DOT Order 3902.10, Text Messaging While Driving, December 30, 2009, The Sponsor is encouraged to:
        1. Adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers including policies to ban text messaging while driving when performing and work for, or on behalf of, the Federal government, including work relating to a grant or subgrant.
        2. Conduct workplace safety initiatives in a manner commensurate with the size of the business, such as:
            a. Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

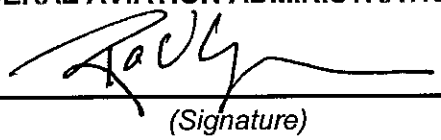
b. Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

B. The Sponsor must insert the substance of this clause on banning texting when driving in all subgrants, contracts and subcontracts.

19. **Trafficking in Persons.**

A. Prohibitions: The prohibitions against trafficking in persons (Prohibitions) that apply to any entity other than a State, local government, Indian tribe, or foreign public entity. This includes private Sponsors, public Sponsor employees, subrecipients of private or public Sponsors (private entity) are:

1. Engaging in severe forms of trafficking in persons during the period of time that the agreement is in effect;
2. Procuring a commercial sex act during the period of time that the agreement is in effect; or
3. Using forced labor in the performance of the agreement, including subcontracts or subagreements under the agreement.



B. In addition to all other remedies for noncompliance that are available to the FAA, Section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. 7104(g)), allows the FAA to unilaterally terminate this agreement, without penalty, if a private entity –

1. Is determined to have violated the Prohibitions; or
2. Has an employee who the FAA determines has violated the Prohibitions through conduct that is either –
   a. Associated with performance under this agreement; or
   b. Imputed to the Sponsor or subrecipient using 2 CFR Part 180, "OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," as implemented by the FAA at CFR Part 29.

20. To ensure the safety and security of the airport, it is understood and agreed that the sponsor will develop a plan and schedule to close the existing Central Avenue connection to Route 8 that is acceptable to the (FAA) Administrator. The schedule shall be to close existing Central Avenue connection to Route 8 immediately upon the completion of the Runway 6L extension project, if not sooner.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and this Offer and Acceptance shall comprise a Grant Agreement, as provided by the Act, constituting the contractual obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and compliance with the assurances and conditions as provided herein. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer.

ASSURANCES

Airport Sponsors

A. General.

1. These assurances shall be complied with in the performance of grant agreements for airport development, airport planning, and noise compatibility program grants for airport sponsors.
2. These assurances are required to be submitted as part of the project application by sponsors requesting funds under the provisions of Title 49, U.S.C., subtitle VII, as amended. As used herein, the term "public agency sponsor" means a public agency with control of a public-use airport; the term "private sponsor" means a private owner of a public-use airport; and the term "sponsor" includes both public agency sponsors and private sponsors.
3. Upon acceptance of this grant offer by the sponsor, these assurances are incorporated in and become part of this grant agreement.

B. Duration and Applicability.

1. **Airport development or Noise Compatibility Program Projects Undertaken by a Public Agency Sponsor.**

   The terms, conditions and assurances of this grant agreement shall remain in full force and effect throughout the useful life of the facilities developed or equipment acquired for an airport development or noise compatibility program project, or throughout the useful life of the project items installed within a facility under a noise compatibility program project, but in any event not to exceed twenty (20) years from the date of acceptance of a grant offer of Federal funds for the project. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with federal funds. Furthermore, the duration of the Civil Rights assurance shall be specified in the assurances.

2. **Airport Development or Noise Compatibility Projects Undertaken by a Private Sponsor.**

   The preceding paragraph 1 also applies to a private sponsor except that the useful life of project items installed within a facility or the useful life of the facilities developed or equipment acquired under an airport development or noise compatibility program project shall be no less than ten (10) years from the date of acceptance of Federal aid for the project.

3. **Airport Planning Undertaken by a Sponsor.**

Unless otherwise specified in this grant agreement, only Assurances 1, 2, 3, 5, 6, 13, 18, 25, 30, 32, 33, and 34 in Section C apply to planning projects. The terms, conditions, and assurances of this grant agreement shall remain in full force and effect during the life of the project; there shall be no limit on the duration of the assurances regarding Airport Revenue so long as the airport is used as an airport.

C. Sponsor Certification.

The sponsor hereby assures and certifies, with respect to this grant that:

1. **General Federal Requirements.**

It will comply with all applicable Federal laws, regulations, executive orders, policies, guidelines, and requirements as they relate to the application, acceptance and use of Federal funds for this project including but not limited to the following:

Specific Assurances

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this grant agreement.

Footnotes to Assurance C.1.

[1] These laws do not apply to airport planning sponsors.

[2] These laws do not apply to private sponsors.

[3] 49 CFR Part 18 and 2 CFR Part 200 contain requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation and circular shall also be applicable to private sponsors receiving Federal assistance under Title 49, United States Code.

[4] On December 26, 2013 at 78 FR 78590, the Office of Management and Budget (OMB) issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200. 2 CFR Part 200 replaces and combines the former Uniform Administrative Requirements for Grants (OMB Circular A-102 and Circular A-110 or 2 CFR Part 215 or Circular) as well as the Cost Principles (Circulars A-21 or 2 CFR part 220; Circular A-87 or 2 CFR part 225; and A-122, 2 CFR part 230). Additionally it replaces Circular A-133 guidance on the Single Annual Audit. In accordance with 2 CFR section 200.110, the standards set forth in Part 200 which affect administration of Federal awards issued by Federal agencies become effective once implemented by Federal agencies or when any future amendment to this Part becomes final. Federal agencies, including the Department of Transportation, must implement the policies and procedures applicable to Federal awards by promulgating a regulation to be effective by December 26, 2014 unless different provisions are required by statute or approved by OMB.

[5] Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.

[6] Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

2. **Responsibility and Authority of the Sponsor.**

   a. Public Agency Sponsor:

   It has legal authority to apply for this grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

   b. Private Sponsor:

   It has legal authority to apply for this grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this grant agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. **Sponsor Fund Availability.**

   It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this grant agreement which it will own or control.

4. **Good Title.**

   a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.

   b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. **Preserving Rights and Powers.**

   a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this grant agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

b. It will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this grant agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this grant agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this grant agreement.

c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.

d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.

e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.

f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to insure that the airport will be operated and maintained in accordance Title 49, United States Code, the regulations and the terms, conditions and assurances in this grant agreement and shall insure that such arrangement also requires compliance therewith.

g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. **Consistency with Local Plans.**

   The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. **Consideration of Local Interest.**

   It has given fair consideration to the interest of communities in or near where the project may be located.

8. **Consultation with Users.**

   In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. **Public Hearings.**

   In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. **Metropolitan Planning Organization.**

    In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. **Pavement Preventive Maintenance.**

    With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. **Terminal Development Prerequisites.**

    For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under section 44706 of Title 49, United States Code, and all the security equipment required by rule or regulation, and

has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. **Accounting System, Audit, and Record Keeping Requirements.**

    a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this grant, the total cost of the project in connection with which this grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

    b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. **Minimum Wage Rates.**

    It shall include, in all contracts in excess of $2,000 for work on any projects funded under this grant agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor, in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. **Veteran's Preference.**

    It shall include in all contracts for work on any project funded under this grant agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in Section 47112 of Title 49, United States Code. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. **Conformity to Plans and Specifications.**

    It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this grant agreement, and, upon approval of the Secretary, shall be incorporated into this grant agreement. Any modification to the approved plans,

specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this grant agreement.

17. **Construction Inspection and Approval.**

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. **Planning Projects.**

In carrying out planning projects:

a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.

b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.

c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.

d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.

e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.

f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.

g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.

h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. **Operation and Maintenance.**

a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal,

state and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for-

1) Operating the airport's aeronautical facilities whenever required;

2) Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and

3) Promptly notifying airmen of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. **Hazard Removal and Mitigation.**

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. **Compatible Land Use.**

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. **Economic Nondiscrimination.**

a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.

b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or

to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to-

1) furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and

2) charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.

d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.

e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.

f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees [including, but not limited to maintenance, repair, and fueling] that it may choose to perform.

g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.

h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.

i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. **Exclusive Rights.**

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and

b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. **Fee and Rental Structure.**

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. **Airport Revenues.**

a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:

1) If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or

operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

2) If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.

3) Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at Section 47102 of title 49 United States Code), if the FAA determines the airport sponsor meets the requirements set forth in Sec. 813 of Public Law 112-95.

b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.

c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of Section 47107 of Title 49, United States Code.

26. **Reports and Inspections.**

It will:

a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;

b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;

c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this grant agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and

d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:

1) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and

2) all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. **Use by Government Aircraft.**

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that –

a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. **Land for Federal Facilities.**

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. **Airport Layout Plan.**

a. It will keep up to date at all times an airport layout plan of the airport showing

1) boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;

2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and

roads), including all proposed extensions and reductions of existing airport facilities;

3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon; and

4) all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

b. If a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. **Civil Rights.**

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this grant.

a. Using the definitions of activity, facility and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by, or pursuant to these assurances.

b. Applicability

1) Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.

2) Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

3) Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

1) So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or

2) So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this grant agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

"The **(Name of Sponsor)**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

e. Required Contract Provisions.

1) It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.

2) It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.

3) It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.

4) It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a

covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:

a) For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

b) For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.

g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. **Disposal of Land.**

a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order, (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund. If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, (1) upon application to the Secretary, be reinvested or transferred to another

eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order: (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund.

c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.

d. Disposition of such land under (a) (b) or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. **Engineering and Design Services.**

It will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services with respect to the project in the same manner as a contract for architectural and engineering services is negotiated under Title IX of the Federal Property and Administrative Services Act of 1949 or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. **Foreign Market Restrictions.**

It will not allow funds provided under this grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. **Policies, Standards, and Specifications.**

It will carry out the project in accordance with policies, standards, and specifications approved by the Secretary including but not limited to the advisory circulars listed in the Current FAA Advisory Circulars for AIP projects, dated 3/20/2014 (the latest approved version as of this grant offer) and included in this grant, and in accordance

with applicable state policies, standards, and specifications approved by the Secretary.

35. **Relocation and Real Property Acquisition.**

a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.
b. It will provide a relocation assistance program offering the services described in Subpart C and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. **Access By Intercity Buses.**

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. **Disadvantaged Business Enterprises.**

The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its DBE and ACDBE programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).

38. **Hangar Construction.**

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. **Competitive Access.**

a. If the airport owner or operator of a medium or large hub airport (as defined in section 47102 of title 49, U.S.C.) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that-

   1) Describes the requests;

   2) Provides an explanation as to why the requests could not be accommodated; and

   3) Provides a time frame within which, if any, the airport will be able to accommodate the requests.

b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.

AIRLINE ISSUES

United Airlines
United applied to the USDOT on May 28, 2014 for authority to begin nonstop service between Guam and Shanghai, China. United intends to begin the new service from Guam using Boeing 737-700/800 series aircraft, effective Oct. 28, 2014, subject to government approval. United's plans to service the GUM/PVG route twice weekly. United's 737-700 series is configuration includes 12 first class and 106 economy class seats.

Dynamic Air
Dynamic Air operated its first of 39 round trip scheduled charters from Beijing to Guam and arrived on Saturday, June 21, 2014 at 10:50am. The flight will operate every five days, utilizing a 767-200 ER aircraft with a capacity of 235 passengers. With 39 round trips scheduled, total charter seat capacity supplied for China to Guam by Dynamic Air is 9,165 seats. Earlier this year, Dynamic Airways brought 872 visitors from China over four charter flights for the Chinese New Year. Dynamic's inaugural flight landed on Guam on January 29, with more than 200 people on board.

Japan Airlines
The JAL Guam/Narita route was chosen to be featured in Tokyo's Fuji Terebi TV, "Real Scope Hyper", to air July 5 or July 6, 2014. The feature will feature a behind the scenes look of the airline from in-flight services to operations. Filming took place June 13 and 14, 2014, with GIAA's full support.

Philippine Airlines
Beginning October 26, 2014, Philippine Airlines will be increasing operations on **Manila – Guam**, from five flights to seven flights weekly, utilizing Airbus 320 aircraft. This increases seat capacity by 300 weekly, and adds 29% more seat capacity annually, from 39,000 to 54,600 seats.

China Airlines
China Airlines will operate eight additional flights on the **Taipei – Guam** route, utilizing its Boeing 737-800 aircraft. The flights will operate every four days, beginning June 27 and ending July 25, 2014. This will add 1,264 seats from Taipei during this one-month charter period.

EVA AIR
From July 2, 2014 to August 5, 2014, EVA AIR will increase their **Taipei/Guam** service from two to five weekly, utilizing A330-200 with 380 pax capacity. This increases capacity by 1,140 seats weekly, and 4,560 seats annually from this four-week period.

In addition, EVA AIR will operate **Narita/Guam** scheduled charter operations every four days, from August 1, 2014 through August 20, 2014, utilizing an Airbus A321 with 184 pax capacity. This increases seat capacity from Narita to Guam by 5,488 annually from these additional 12 charter operations.

Emergency Exercise Participation
GIAA participated in GHS/OCD's "TYPHOON PAKYO EXERCISE", which simulated response and actions taken by all agencies in a pre-set scenario. The exercise is a seven-day functional exercise that began June 19 and ran through today, June 25, 2014.

FINANCIAL ISSUES

GIAA's Fiscal Year **2015 Financial Budget** has been compiled with all divisions' input. The Preliminary Budget will be distributed for signatory airline review and discussion will be scheduled in late July or early August 2014.

FAA ISSUES

FAA continues its support of airport development with the notice to award two grants. The first grant is in the amount of $1,556,987.00, for additional funding requirements of the installation of the Instrument Landing System (ILS) Runway 6L - Phase III. Also awarded was $2,950,939.00, for additional funding requirements of the Rehabilitation of Runway 6L24R - Phase IV.

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were requested. On motion duly made by Director Alcorn, seconded by Director Tolan, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. June 26, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the June 26, 2014regular meeting.

On motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-46

The Board hereby approves the minutes of the June 26, 2014 regular meeting.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The Executive Manager informed the Board that there was no significant Correspondence to report, however announced that Mr. Ron Simpson of the FAA's Hawaii Office and a representative of the Los Angeles Office would be on Guam for a very short visit this upcoming weekend, and will meet with the GIAA Management team.

At this time, Chairman Untalan announced the resignation of Board Secretary, Amanda O'Brien-Rios. The Chairman stated that she has represented the Board very well and kept the Board well informed during her tenure, that she would be greatly missed. The Board and Management presented a certificate of appreciation to Ms. O'Brien-Rios.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Financial Consultant, presented three (3) schedules to the Board

for review. The first schedule presented was the UDO (Undistributed Obligations Analysis). Mr. Santos provided updates relative to2010 projects, announcing that the FAA stated that the four (4) projects needed to be closed out before the end of the fiscal year. Mr. Santos announced that the FAA has approved the extension of the noise mitigation project in the amount of $1.3M. He went on to announce that with regard to AIP79, the FAA published the notification of the environmental assessment report for the storm water and sewer design, which is available for review at their regional office and on GIAA's website. The result of the finding was that there was no significant impact; approximately $370,000 will be de-obligated, and returned; it cannot be used for anything other than the purpose of the grant. Mr. Santos provided additional updates on FAA grants.

Reporting on the Capital Improvement Fund, Mr. Santos informed the Board that the balances included are as of July 31, 2014 and went on to provide brief updates to the Board.

The last schedule, the Bond Capital Improvement projects, Mr. Santos informed the Board that a presentation to the Stakeholders was held on the Hold Bag Screening project in late June; the bid for the general construction is expected to be advertised in October 2014. Reporting on the International Arrivals Corridor, Mr. Santos announced that recently a working session was held to discuss the 10% conceptual design effort; in attendance were Management and a number of Board members, with a presentation to the stakeholders occurring two (2) days later. Mr. Santos directed the Board to images relative to the International Arrivals Corridor, and provided insight into the project. Discussion followed relative to the International Arrivals Corridor, with Mr. Santos announcing that more details will be available at the 30% level, expected October 2014; with a single bid, phased approach expected for April 2015. Mr. Santos announced that the budget offered was $53.9M. Chairman Untalan suggested that for Gensler & Associate's next visit in September 2014 that GIAA hold a press release to get the public excited about the new changes expected at the Airport.

Mr. Santos informed the Board of another item Management would like to bring to the Board's attention. The Board approved a lease agreement with Tandum Skydive in March 2012 in the construction of a hanger on the south ramp side. Legal Counsel, Janalynn Damian informed the Board that Management is requesting for the Board to reaffirm the prior approval of the lease agreement. Chairman Untalan inquired on the terms. Mr. Santos announced the terms of agreement, and stated that it is for a twenty (20) year term with two (2) five (5) year options. Discussion followed relative to the finance terms. For clarification, Chairman Untalan informed the Board that due to a recent Bill passed; any lease agreements longer than five (5) years would need prior approval from the Legislature, unless the agreement was entered into before the Bill was passed.

On motion duly made by Director Tolan, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 14-47

The Board hereby reaffirms the prior approval of the lease agreement between GIAA and Tandum Skydive, subject to legal counsel review.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award –IFB No. GIAA-003-FY14, Purchase and Delivery of Crew Cab & King Cab Vehicles

The first matter discussed was the approval of award under the Invitation for Bid for Purchase and Delivery of Crew Cab & King Cab Vehicles, IFB No. GIAA-003-FY14 (the "IFB").The Executive Manager informed the Board that the IFB solicited bids from professional firms for purchase and delivery of crew cab and king cab vehicles to be used for the Properties & Facilities Division. Two (2) firms purchased the bid package, however only one (1) firm submitted a bid proposal before the established deadline. The firm was evaluated and determined to be acceptable. The Executive Managerinformed the Board that the total contract award for this bid is $129,560.00, submitted by Atkins Kroll Inc. Funding for this bid is available under the CIP budget. Management recommends that the Board approve the contract award of $129,560.00 to Atkins Kroll Inc., who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Mr. Franklin Taitano, the Procurement Administrator announced that the vehicles offered were 2014 Toyota Tacoma, Pre-Runner Sports with crew cab and king cab options; a total of four (4) vehicles. Discussion followed relative to details of the vehicles, with Mr. Taitano announcing that the color of the vehicles would be white.

Chairman Untalan inquired on the fact there was only one company that responded to the bid. Mr. Taitano replied that a number of other companies have existing bids that are being held by other government agencies which he felt was the reason they were deterred from participating.

After further discussion, on motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-48

The Board hereby approves the contract award for Purchase and Delivery of Crew Cab & King Cab Vehicles, IFB No. GIAA-003-FY14 to Atkins Kroll Inc. in the amount of $129,560.00.

The Executive Manager announced that Management would like to present Agenda Item C next.

C. Approval of Award – IFB No. GIAA-004-FY14, Purchase and Delivery of Police Package Motorcycles

The second matter discussed was the approval of award under the Invitation for Bid for Purchase and Delivery of Police Package Motorcycles, IFB No. GIAA-004-FY14 (the "Police Motorcycles IFB"). The Executive Manager informed the Board that the PoliceMotorcycles IFB solicited bids from professional firms for purchase and delivery of police package motorcycles to be used for Airport Police Division. Two (2) firms purchased the bid package, however only one (1) firm submitted a bid proposal before the established deadline. The firm was evaluated and determined to be acceptable. The Executive Manager informed the Board that the total contract award for this bid is $101,460.00, submitted by Cycles Plus. Funding for this bid is available under the CIP budget. Management recommends that the Board approve the contract award of $101,460.00, to Cycles Plus, who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Discussion followed relative to the details of the Police Motorcycles IFB and the current motorcycle inventory.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-49

The Board hereby approves the contract award for Purchase and Delivery of Police Package Motorcycles, IFB No. GIAA-004-FY14 to Cycles Plus in the amount of $101,460.00.

B. Approval of Award – RFP No. GIAA-007-FY14, Insurance Consulting Services

The third matter discussed was the approval of award under the Request for Proposals for Insurance Consulting Services, RFP No. GIAA-007-FY14 (the "RFP"). The Executive Manager informed the Board that the RFP solicited proposals from professional insurance firms to assist GIAA in managing its Insurance Programs. As required under the Airport Bond Indenture, the Authority is required to engage an insurance consultant

to review the Authority's self-insurance program. The contract term is for a year to year basis, not to exceed a total term of five (5) years. A total of five (5) firms showed their interest by obtaining the RFP package; however, four (4) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer A
2. Proposer D
3. Proposer B
4. Proposer C

Management recommends the approval of the ranking results and the contract award to Proposer A, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer.

Director Alcorn inquired on the evaluation committee. The Executive Manager announced the members of the evaluation committee. Discussion followed relative to the firms.

The Chairman inquired on the contract amount. The Executive Manager responded $48,000.

After further discussion, on motion duly made by Director Gerber, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-50

The Board hereby approves the ranking results and contract award to Proposer A for Insurance Consulting Services, RFP No. GIAA-007-FY14, subject to negotiation of fair and reasonable fees, and legal counsel review. If negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer.

The Executive Manager announced to the Board that Proposer 'A' is Iris Ltd.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on various matters concerning airline and charter operations to include United Airlines announcing on July 26, 2014 the termination of three (3) Japan routes, effective December 14, 2014

1. Guam – Hiroshima, effective December 19, 2014, weekly seat capacity of 266 passengers
2. Guam – Okayama, effective December 20, 2014, weekly seat capacity of 266 passengers
3. Guam – Niigata, effective December 14, 2014, weekly seat capacity of 266 passengers

United also announced decreased frequency on the Guam – Sapporo route from four (4) times weekly to two (2) times weekly, and cancellation of a fourth daily flight planned to be implemented in February 2015.

Reporting on Customer Service, the Executive Manager informed the Board that in preparation for various customer service initiatives, and to use technology to inform passengers and the public to have greater and quicker access to airport information, the Airport is in its final phases to roll out the following services:

1. Wireless access in the concourse areas
2. Guam Airport mobile application for smart phones and iPads
3. Refreshed Website with streamlined look
4. Refreshed Airport logo for contemporary uses as icons on different promotional and identity platforms

All programs are at the 90% completion stage, with equipment installation being the final piece to finally make these programs active and announced to the public within the next 30 days. The Executive Manager directed the Board to an attachment on the Executive Manager's Report containing a refreshed Airport logo design. The Chairman inquired if the design required approval from the Board. The Executive Manager replied that he did not believe so, as the existing Airport logo was not previously approved.

Director Tolan inquired on who designed the logo. The Executive Manager replied that the design was completed by Big Fish Creative. Discussion followed relative to the design, with Ms. Jean Arriola informing the Board that the old design would be phased out slowly. Ms. Elfrie Koshiba, of GIAA's Marketing Division informed the Board that the new design will firstly be used for electronic devices and apps.

Director Tolan requested for an update relative to Cebu Pacific. The Executive Manager announced that TSA had informed Management of a meeting with the Airline during the upcoming week, and provided the Board with a brief update.

Director Gerber inquired on Charter flight numbers. Chairman Untalan added by requesting from Management a spreadsheet of sorts containing information on the charter flights. The Executive Manager replied that he would have that put together.

The Executive Manager announced that GIAA's Fiscal Year 2015 Financial Budget has been compiled with all divisions' input. An overview of the Preliminary Budget was presented to Signatory Airlines at a meeting held on Tuesday, July 29, 2014.

Relative to Procurement, the Executive Manager announced that the submission for the Boom Lift and Trailer IFB is August 5, 2014; and the submission deadline for the Insurance Broker Services RFP is August 8, 2014. Brief discussion followed relative to the Boom Lift.

Lotte Duty Free celebrated its one (1) year in operation at the Airport, with a ribbon cutting of its upgraded facilities on July 23, 2014. Improvements and enhancements in the retail core, the food court, restrooms and new construction of a family room and a world class aquarium represents $20M in upgrades invested in the Guam Airport. The opening was covered by the prestigious Moodie's Report - a Travel Retail and Duty Free Business Intelligence publication.

The A.B. Won Pat International Airport Authority, Guam and its airlines and tenants took a first look at options to constructing the International Arrivals Corridor in the Main Terminal at a stakeholder meeting held July 17, 2014. Design concepts were presented by the Airport's design firm, Gensler and Associates.

At this time the Executive Manager announced that even though GIAA did not place in the float competition at the recent Liberation Day Parade, he commended both the ARFF and Police Division's for a job well done. The Executive Manager also announced the upcoming Governor's MagPro awards to be held in August 2014.

Going back to the Airport's logo, the Board offered suggestions for the design.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Carlos Bordallo, Comptroller, provided a report to the Board on the revenues and expenses of the Authority as of June 30, 2014. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 0.6%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.4% and 0.5%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are above the budget estimate by 6.1%. Year-

to-date Total Operating Revenues Actual of $50.2M is 2.1% above the budget estimate of $49.2M. Year-to-date Total Operating Expenses are below budget by -10.3%. The actual year-to-date Net Revenues from Operations of $22.8M reflects an increase of 22.1% over the year-to-date budgeted amount of $18.7M. The Authority's year-to-date results for Debt Service Coverage is at 1.55 versus the requirement of 1.25.

Discussion followed relative to the amount of GIAA's cash on hand.

9. EXECUTIVE SESSION

On motion duly made by Director Tolan, seconded by Director Alcorn, at 4:35 p.m. the Board recessed regular session.

Upon written recommendation of counsel, the Board convened executive session at 4:40 p.m. to discuss pending litigation. Executive Session adjourned at 4:49 p.m., at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

At this time Director Tolan requested for an update relative to the Signage Policy which was approved by the Board at the April 2014 regular meeting. The Executive Manager provided a brief update, stating that with the technology upgrades being launched within the next 30 days, it would be wise to launch the announcement for signage at the same time.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Tolan, seconded by Director Alcorn, at 4:51p.m., the meeting was adjourned.

Dated this _____, day of _____, 2014.

SNAP: Wadeson not only priest accused of sexual misconduct

By Jasmine Stole
jasmine@mvguam.com
Variety News Staff

Archbishop Anthony Apuron, in a brief statement on Tuesday, said the Archdiocese of Agana has a policy regarding sexual misconduct and sexual harassment and takes these matters very seriously. Variety file photo

ARCHBISHOP Anthony Apuron owes Guam Catholics an apology, said Joelle Casteix, a member of the Survivors Network of those Abused by Priests (SNAP).

Apuron should apologize to Catholics, quit trying to silence his critics and reach out to the abused, she said. "He must name all credibly accused clerics who have worked in the archdiocese and post those names in parish bulletins and on his website," Castiex said. "He must act immediately."

Castiex also said it was troubling that a statement from SNAP was what prompted Apuron to remove John Wadeson. "Why weren't the voices of Guam's Catholics enough? Why isn't zero tolerance enough?" she asked.

Wadeson was recently removed from active and public ministry by Guam Archbishop Anthony Apuron due to growing public concern over Wadeson's past.

According to SNAP, Wadeson was accused of molesting two children sometime between 1973 and 1977, a claim deemed credible by the Archdiocese of Los Angeles. At the time, Wadeson was ministering in the Los Angeles archdiocese, but the accusations led to the archdiocese being prohibited from ministering there.

The accusations against Wadeson were published in a statement by SNAP on July 18. The network also called on Apuron to remove Wadeson and reach out to anyone who may have suffered misdeeds by Wadeson.

'Bare minimum'

"Ousting a predator priest from ministry is the bare minimum," said David Clohessy, SNAP executive director. "The archbishop should explain how a dangerous cleric was put on the job around kids and severely discipline all those who were part of this reckless decision."

Castiex agreed with Clohessy. "Apuron knowingly allowed this priest to live and work on Guam. He turned his back when Guam's Catholics expressed outrage. He tried to stonewall when the papal nuncio visited recently," Castiex said.

Castiex said she is currently looking into allegations of sexual misconduct against other priests working and living on Guam.

Whistleblowers

Castiex said she follows local blogger Tim Rohr's blog, Junglewatch, which is the source she cited regarding Apuron's actions.

Rohr said he was not the only whistleblower and found out about Wadeson's past through other people who emailed him links of the Bishop Accountability's website detailing accusations against Wadeson.

"They first started sending me links after it became known that the archbishop had fired Rev. Paul (Gofigan) because he supposedly was harboring a man who the archbishop said was a 'danger' to children,'" Rohr said.

Rohr said the way Apuron treated Gofigan was in stark contrast to how he treated Wadeson.

"The only 'whistleblowing' I did was (a) post on my blog. Others must have picked it up and contacted SNAP, or maybe SNAP had already been reading," Rohr said.

Until Tuesday's announcement by Apuron of Wadeson's removal, the priest had been serving in the Agana Archdiocese since 2000. Other than the statement announcing Wadeson's removal, little other information has come from the Archdiocese of Agana about the subject.

Calls to the archdiocese have not been returned.

San Francisco

Based on the Agana Archdiocese's 2013 directory, Wadeson has been an incardinated priest of the Agana Archdiocese but serving in San Francisco.

Rohr said this raises the question as to whether or not the Archbishop of San Francisco was aware that Wadeson was functioning as a priest in the San Francisco diocese.

Further, Rohr questioned whether or not Apuron properly informed the Archbishop of San Francisco that Wadeson could minister in the area with appropriate permission.

Local veterinarian Joel Joseph sends Freedom of Information Act to Calvo

By Jasmine Stole

Local veterinarian Joel Joseph, seen here during Monday's Liberation Day Parade, has sent a Freedom of Information Act request to Gov. Eddie Calvo for quarantine inspection documents. Frank Whitman / Variety

LOCAL veterinarian Joel Joseph has sent a Freedom of Information Act request to Gov. Eddie Calvo for quarantine inspection documents. Joseph said the same requests he sent to the Department of Agriculture director have fallen on deaf ears.

The Department of Agriculture is responsible for inspecting animal quarantine facilities on island and Joseph has been in the process of trying to establish one of his own. He said he has been meeting resistance to his efforts.

In a letter sent yesterday requesting documents from the governor, Joseph wrote that Mariquita Taitague, Department of Agriculture director, has "repeatedly failed to respond to numerous FOIA requests."

Joseph wrote to Calvo seeking all documents related to sanitary inspections of Harper Valley Quarantine station, done by the Department of Agriculture.

The veterinarian is also seeking occupancy permits, quarantine and sanitary forms and documents detailing weekly inspections of all quarantine stations completed during Calvo's administration.

Joseph has also requested documents related to the employment of Taitague and territorial veterinarian Thomas Poole as well as their travel logs. He wrote to the governor that the documents should be supplied within four days, as per the Freedom of Information Act.

Joseph said he believes sanitary inspections and travel performed by Taitague and Poole were not properly or legally performed under the Calvo administration, based on the Department of Agriculture's inability to produce an inspection form or criteria for inspection form to him.

The request was dated July 22 and received by the governor's central files office yesterday.

Guam Power Authority's resource plan forum now online

By Louella Losinio
louella@mvguam.com
Variety News Staff

THE Guam Power Authority has posted presentations about its Integrated Resource Plan (IRP) online, providing access to community members who are interested in knowing more about the power authority's energy-generation blueprint.

The 2012 IRP, which revamps GPA's 2008 resource and energy roadmap for the island, takes into consideration factors such as fuel diversity and renewable energy sources in its short- and long-term plans.

GPA, in concurrence with the development of the 2012 plan, conducted studies exploring a variety of resource options that will be considered in the plan.

Last April, the power authority hosted a forum entitled "Leading the Next Generation: GPA Integrated Resource Plan Forum" as the first step in engaging key stakeholders in discussion about the next generation of energy production on Guam. The event was held at the Hyatt Regency Guam in Tumon.

According to Joaquin Flores, GPA general manager, the forum was the first in a series of events in which GPA will engage its stakeholders, including customers, regulators and community leaders.

"Over 100 companies and representatives attended the event with participants ranging from stakeholders, investors, contractors, consultants and policymakers from Guam, the U.S. mainland, Hawaii, Asia, Europe and the Middle East," he said.

LNG

GPA plans to construct more efficient power-generation units over the next seven years using liquefied natural gas (LNG) as a fuel source, to retire less efficient power-generation units relying on residual fuel oil and integrate renewable energy facilities into the power grid.

According to GPA, the execution of these plans will meet Guam's future energy needs by addressing compliance with U.S. EPA requirements, stabilizing power rates and diversifying GPA's energy resources.

The forum is available for viewing online at: http://guampowerauthority.com/special/future_planning.html.

Man gets 15 years for manslaughter

By Gina Tabonares-Reilly
gina@mvguam.com
Variety News Staff

TWENCY Luku, 26, who admitted to the manslaughter of 23-year-old Fonuk Anderson in Yigo two years ago, has been sentenced to 15 years.

Luku was originally charged with murder as a first-degree felony and aggravated assault as a second-degree felony after stabbing Anderson and 27-year-old Carlos Kosam on May 6, 2012 along Route 15.

Court documents state it was a Sunday evening when police officers responded to the crime scene at Chalan Padiron Haya where they found Fonuk Anderson lying on his back with a stab wound to his chest and another to his back.

Court documents state it was a Sunday evening when police officers responded to the crime scene at Chalan Padiron Haya where they found Anderson lying on his back with a stab wound to his chest and another to his back.

Anderson was taken to Guam Memorial Hospital where he was pronounced dead a few hours afterward.

Chief Medical Examiner Dr. Aurelio Espinola said Anderson died after he was stabbed in the chest with the knife that went straight to his heart.

Kosam was found along Chalan Okso Familian Fanaton with a stab wound on his back.

He entered a plea agreement and pleaded to manslaughter and aggravated assault.

Witnesses told police that Luku stabbed the two men with a knife after they got into a disagreement. A police investigation revealed that Anderson got a tire wrench from his vehicle and threw it at Luku, a scuffle ensued and Anderson pulled the knife and stabbed Anderson twice.

Enraged

Luku reportedly was still enraged by what had happened earlier and asked Kosam and the other man where they were from. The men said they were from Chuuk and Luku "proceeded to attack the men." After stabbing Kosam, Luku went to his aunt's home and took a shower.

During sentencing, Alternate Public Defender Anne Gayle asked for a minimum sentence for Luku, saying the felony was Luku's first and the defendant was very remorseful.

She told Judge Anita Sukola that the mother of the victim has forgiven the defendant and the court should give him leniency because he is uneducated and does not have strong support from his family.

Assistant Attorney General Matthew Heibel, however, opposed and asked for a maximum penalty of 15 years for manslaughter and five years for aggravated assault, saying the defendant doesn't need to go to high school to know it is not right to just stab people in the street. He said he wants Luku to serve his sentences consecutively.

Luku did not make any comment when asked to make a statement but his lawyer told the judge he is remorseful and promises to rehabilitate himself from being an alcoholic.

Sukola recognized the declaration of the defendant that he is remorseful, but noted the nature of the offense as a violent crime that needs correctional treatment through imprisonment.

She sentenced Luku to 10 years' incarceration for manslaughter and five years for aggravated assault to be served consecutively. A total of 814 days of time served will be credited to the sentence.

Luku is scheduled to return to the court on Oct. 20 for a restitution hearing.

1. CALL TO ORDER AND ATTENDANCE

The June 26, 2014 regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") was called to order by Chairman Untalan at 3:10 p.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Edward G. Untalan	Chairman
Martin Gerber	
Rosalinda A. Tolan	
Gurvinder Sobti	
Directors Absent:	
Jesus Q. Torres	Vice Chairman
Lucy M. Alcorn (Excused)	
GIAA Officials:	
Charles H. Ada II	Executive Manager
Carlos P. Bordallo	Acting Assistant Comptroller
Frank R. Santos	Business and Financial Consultant
Jean M. Arriola	Air Services Manager
Gerard Bautista	Air Terminal Manager
Benny Baza	Fire Chief
Victor Cruz	Engineer Supervisor
Ed Muna	Airport Operations Superintendent
Joseph G. Javellana	Program Coordinator IV
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were requested. On motion duly made by Director Tolan, seconded by Director Sobti, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. May 29, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the May 29, 2014 regular meeting.

On motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-43

The Board hereby approves the minutes of the May 29, 2014 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The first matter discussed was a letter addressed to the Executive Manager from Richards & Associates. The law firm, which is based in Florida and represents Star Marianas Air, Inc., was inquiring on operations out of the small commuter terminal. The Executive Manager informed the Board that the FAA is aware of the inquiry, and that talks with the FAA concerning the inquiry is anticipated.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Financial Consultant, presented three (3) schedules to the Board for review. The first schedule presented was the UDO (Undistributed Obligations Analysis). Mr. Santos provided updates relative to ongoing FAA projects, to include the procurement of the ARFF fire fighting truck, the contract has been executed and GIAA is currently waiting for the notice to proceed from the FAA. The expected time span will

be one (1) year for production and delivery. Mr. Santos announced that GIAA had been given a green rating from the FAA for moving quickly with 2013 grants. Mr. Santos announced that all grants are moving forward, the only grant that GIAA will request an extension for will be the Noise Mitigation Measures, which is a grant from 2010. The reason for the extension is that GIAA will be able to do sound insulation on approximately ten (10) to fifteen (15) additional homes. Discussion followed relative to the Noise Mitigation project.

Reporting on Bond projects, Mr. Santos provided an update on the International Arrivals Corridor project, stating that a workable concept by E&A and Gensler has been reviewed and will be formally presented to the Board and stakeholders in mid-July, at which time the cost estimate will be provided. Mr. Santos went on to provide an update to the Board on the Hold Bag Screening Relocation project.

Mr. Santos went on to inform the Board of Management's request to consider a transfer of $2M from the Unencumbered Proceeds to BAR Insurance/Soft Costs, which is for Builders All Risk insurance and Administrative Costs. Discussion followed relative to insurance.

Chairman Untalan inquired on the Arts Program. Mr. Santos offered a brief update.

Discussion referred back to the Builders All Risk insurance, with Director Gerber expressing his concern with transferring money from the Unencumbered Proceeds. Mr. Santos reassured the Board, stating that the $2M is an allowance, and not a true cost. Director Gerber inquired if this decision needed to be made today, and requested that the Board spend a little more time deciding.

Mr. Santos announced that there are no changes with the balances for the Capital Improvement Fund schedule as it is yet to be updated. Mr. Carlos Bordallo, Comptroller, added that it is near completion. Chairman Untalan inquired that with the amount of the projects on the table currently, and the fact that the balances are not available, who will be accounting for all of the monies. Mr. Santos replied that with the Bond monies as well as the federal projects there are no issues, the FAA grants are coming in based on a draw down to the FAA. Chairman Untalan stated that there is constant reporting or requesting for a draw down, and asked why it is so difficult for the capital improvement fund to be accounted for. Mr. Bordallo replied that it would be completed. The Chairman expressed the importance of the Board knowing what the balances are. Discussion followed relative to projects on the Capital Improvement Fund schedule.

B. Approval of Board Resolution No. 14-42: Authorizing Signatories on GIAA's Bank Accounts

The second matter discussed was the authorization of signatories on GIAA's Bank accounts. Ms. Jean Arriola, Air Services Manager, informed the Board that the resolution basically is a correction to include Chairman Untalan as a signatory, and went on to inform the Board of the other significant changes.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-42

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA" or the "Authority")has several bank accounts and desires to designate the individuals authorized to execute checks, drafts, or other orders for and on behalf of GIAA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby designates two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Charles H. Ada II; Executive Manager
2. Pedro R. Martinez, Deputy Executive Manager
3. Edward G. Untalan, Chairman of the Board
4. Jean M. Arriola, Airport Services Manager
5. Carlos B. Bordallo, Comptroller; and
6. Antoniette L. Bautista, General Accounting Supervisor
7. Barbara Limtiaco, General Accounting Supervisor

BE IT RESOLVED FURTHER, that one of the two signatories must include any one of the following: the Chairman, the Executive Manager, the Deputy Executive Manager; or the Comptroller.

BE IT RESOLVED FURTHER, that the authority of the above-designated individuals to execute checks, drafts, or other orders for and on behalf of GIAA shall be limited only to authorized expenditures of GIAA and as is consistent with the execution of their respective duties, statutory or otherwise, as officers or directors of GIAA.

BE IT RESOLVED FURTHER, that the designation of the above-named individuals supersedes all prior designations by the Board of Directors of GIAA on file at all banking institutions at which GIAA maintains its accounts.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - RFQ No. GIAA-001-FY14, Architectural/Engineering & Surveying Services Indefinite Delivery Indefinite Quantity Contract

The first matter discussed was the approval of award under the Request for Qualifications for Architectural/Engineering & Surveying Services Indefinite Delivery Indefinite Quantity Contract, RFQ No. GIAA-001-FY14 (the "RFQ"). The Executive Manager informed the Board that the RFQ solicited proposals from professional firms to provide architectural, engineering and surveying services for the terminal building and airport properties. A total of twenty-five (25) firms showed their interest by obtaining the RFQ package; however, twenty-two (22) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFQ package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer U
2. Proposer H
3. Proposer T
4. Proposer C
5. Proposer K
6. Proposer J
7. Proposer S
8. Proposer L
9. Proposer M
10. Proposer B
11. Proposer A
12. Proposer G
13. Proposer N
14. Proposer O
15. Proposer E
16. Proposer R
17. Proposer D
18. Proposer Q
19. Proposer F
20. Proposer V
21. Proposer I
22. Proposer P

Management recommends the approval of the ranking results and the contract award to all Proposers for the Architectural/Engineering & Surveying Services Indefinite

Delivery Indefinite Quantity Contact subject to negotiations of fair and reasonable fees, on a per project and per service basis.

The Chairman inquired on the firm's specialties. Mr. Santos informed the Board that the Airport has previously contracted eighteen (18) of the twenty-two (22) firms directly. In terms of the disciplines, of the twenty two (22) firms, five (5) are strictly architects; five (5) are civil engineers; two (2) are electrical engineers; one (1) mechanical engineer; and one (1) firm is a land surveyor; nine (9) of the firms are multi-disciplined. All firms are licensed for civil, structural and construction management. Mr. Santos informed the Board that currently there are approximately twenty three (23) projects.

The Executive Manager added that with the number of projects on the books for this fiscal year, the RFQ will allow the Airport to simultaneously engage as many projects as possible without disrupting operations or customer service.

Chairman Untalan inquired on some of the projects which the firms will be working on. The Executive Manager responded stating that the escalators would be one of the immediate projects, another will be the project in regard to the small commuter terminal. Mr. Santos added that the RFQ contained a list of projects and it is not limited to the twenty three (23) projects; although Management's intent is to focus on the projects listed, which does not include FAA projects.

Director Gerber inquired on the firms with the same disciplines, and how will the Airport insure all firms are treated fairly. Mr. Santos responded, stating that the evaluation will dictate where each firm ranks, and assured the Board that all firms will be used. Director Gerber inquired if the FAA approves the RFQ. Mr. Santos replied that the previous Indefinite Delivery Indefinite Quantity included FAA projects, for this instance GIAA decided to remove those projects as the FAA requires an RFP as opposed to an RFQ. Discussion followed relative to disciplines and their ranking.

Chairman Untalan inquired if the RFQ had been reviewed by legal counsel. Mr. Santos responded confirming that legal counsel has reviewed all documents.

After further discussion, on motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-44

The Board hereby approves the ranking results and contract award to all Proposers for Architectural/Engineering & Surveying Services Indefinite Delivery Indefinite Quantity Contract, RFQ No. GIAA-001-FY14, subject to negotiation of fair and reasonable fees, on a per project and per service basis; and legal counsel review.

The Executive Manager announced to the Board the names of the proposers are as follows:

1. Proposer U - TRMA
2. Proposer H - SSFM
3. Proposer T - Duenas Camacho & Associates
4. Proposer C - N.C. Macario & Associates
5. Proposer K - E&A Engineers
6. Proposer J - Rim Architects

Discussion followed relative to the timeframe the projects will begin.

B. Approval of FAA Grant Agreement ($2,950,939.00) AIP Project No. 3-66-0001-089-2014 - Rehabilitate Runway 06/24R - Phase IV

C. Approval of FAA Grant Agreement ($1,556,987.00) AIP Project No. 3-66-0001-090-2014 - Install Instrument Landing System (ILS) Runway 06L - Phase III

The second matter discussed was FAA Grant Agreement, AIP Project No. 3-66-0001-089-2014, Rehabilitate Runway 06/24R, Phase IV, in the amount of $2,950,939.00. The Executive Manager informed the Board that this was an entitlement grant from the FAA. The total cost of the project is $15.9M, GIAA has received approximately $8M to date in addition to the $2,950,939.00. The Airport is currently starting the process of phases II and III. The project is expected to be completed by December 2015.

The third matter discussed was FAA Grant Agreement, AIP Project No. 3-66-0001-090-2014, Install Instrument Landing System (ILS) Runway 06L - Phase III, in the amount of $1,556,987.00. The Executive Manager informed the Board that this is also an entitlement grant from the FAA. The total cost of the project is $9.5M, GIAA has received approximately $7.7M to date. The Executive Manager reported that the project is complete but GIAA cannot activate the system until the runway rehabilitation project is complete.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-45

The Board hereby approves FAA Grant Agreement, AIP Project No. 3-66-0001-089-2014, Rehabilitate Runway 06/24R, Phase IV in the amount of $2,950,939.00; and FAA Grant Agreement, AIP Project No. 3-66-0001-090-2014, Install Instrument Landing System (ILS) Runway 06L - Phase III in the amount of $1,556,987.00.

Mr. Santos informed the Board of an important note regarding the grants, stating that the grants are normally at a 90% FAA and 10% sponsor, however AIP Project No. 3-66-0001-089-2014, the first $2M will be at 100%, anything above $2M will be 90% FAA and 10% sponsor.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on various matters concerning airline and charter operations to include Dynamic Air operating its first of 39 round trip scheduled charters from Beijing to Guam and arrived on Saturday, June 21, 2014 at 10:50 a.m. United Airlines applied to the USDOT on May 28, 2014 for the authority to begin nonstop service between Guam and Shanghai, China.

GIAA participated in GHS/OCD's "Typhoon Pakyo Exercise", which simulated response and actions taken by all agencies in a pre-set scenario. The exercise is a seven day functional exercise that began June 19 and ran through June 25, 2014.

The Executive Manager reported that GIAA's Fiscal Year 2015 Financial Budget has been compiled. The preliminary budget will be distributed for signatory airline review, and discussion will be scheduled in late July or early August 2014.

Relative to Procurement, the Executive Manager announced that the submission deadline for the Purchase and Delivery of Police Package Motorcycles IFB is July 2, 2014;

and the submission deadline for the Purchase and Delivery of Crew/King Cab Vehicles IFB is June 27, 2014.

The Executive Manager announced that the 1st Cycle of ARFF Fire recruits graduated on June 20, 2014, at 9:00a.m. in a ceremony at the Sheraton Laguna Guam Resort. Governor Eddie Baza Calvo and Lieutenant Governor Ray Tenorio presented the Graduation Address to GIAA's fifteen (15) new fire fighters, with Judge Maria Cenzon administering the Fire Fighter's Oath. The first inspection was made of the new members of units A & B, and orders were given to the successful graduates. Chairman Untalan congratulated Fire Chief Benny Baza, stating that it's a great accomplishment.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Carlos Bordallo, Comptroller, provided a report to the Board on the revenues and expenses of the Authority as of May 31, 2014. Mr. Bordalllo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 1.1%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.2% and 1.2%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are above the budget estimate by 4.7%. Year-to-date Total Operating Revenues Actual of $44.7M is 1.9% above the budget estimate of $43.9M. Year-to-date Total Operating Expenses are below budget by -10.6%. The actual year-to-date Net Revenues from Operations of $20.4M reflects an increase of 22.6% over the year-to-date budgeted amount of $16.6M. The Authority's year-to-date results for Debt Service Coverage is at 1.53 versus the requirement of 1.25.

Discussion followed relative to revenue from charter flights and account receivables.

Director Gerber inquired on power consumption. Mr. Santos provided the Board with a brief update relative to the Airport's power and water consumption, with discussion following relative to solar panels.

Chairman Untalan inquired on the FY2015 Budget. The Comptroller replied that the budget is required to be submitted to the Signatory Airlines by July 1, 2014. He added that tomorrow he should have some preliminary numbers. The Chairman inquired if the fifteen (15) new fire fighters were incorporated into the budget. The Comptroller replied yes.

Director Tolan inquired on GIAA's Police Division requesting for additional manpower. The Executive Manager responded that there were a number of positions that were announced and evaluated, therefore included in the budget.

9. EXECUTIVE SESSION

On motion duly made by Director Tolan, seconded by Director Gerber, at 4:35 p.m. the Board recessed regular session.

Upon written recommendation of counsel, the Board convened executive session at 4:44 p.m. to discuss pending litigation. On motion duly made by Director Tolan, seconded by Director Sobti, executive session adjourned at 5:03 p.m., at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

For the Board's information, Director Tolan provided the Board with a brief update relative to the finalization of the Signage Policy which was approved at the April 24, 2014 Board meeting, stating that there still are a number of minor details to be discussed.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Tolan, seconded by Director Gerber, at 5:04 p.m., the meeting was adjourned.

Dated this _____, day of _____, 2014.

MEMORANDUM

TO: Charles H. Ada II, Executive Manager

FROM: Franklin P. Taitano, Supply Management Administrator

**SUBJECT: Bid Evaluation and Recommendation "Invitation For Bid"
Purchase and Delivery of Crew Cab & King Cab Vehicles
IFB No. GIAA-003-FY14**

Procurement Background:
The above referenced Invitation For Bid was publicly announced through the local newspaper during the month of June, 2014. The bid submission deadline and bid opening took place on July 3, 2014.

Two (2) firms/individuals purchased the bid package and only one (1) firm submitted bid before the bid submission deadline. The bid submittal was opened in the presence of the bidder, and several GIAA representatives. The bid offer was read aloud by the Supply Management Administrator and tabulated by a Procurement staff.

The results of the bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name	Item 1 Crew Cab Vehicle	Item 2 King Cab Vehicle
Atkins Kroll Inc.	$64,780.00	$64,780.00

Bid Analysis and Evaluation:
The bid is packaged to provide separate awards for each of the following items:

Item 1: Crew Cab Vehicle, 2 each
Item 2: King Cab Vehicle, 2 each

Pursuant to Section 8 of the Instructions to Bidders, the contract is to be awarded to the lowest responsible, responsive bidder, provided his bid is reasonable and it is in the best interest of the GIAA to accept it. To determine the responsibility of bidders, the bid package specified the required documents that bidders must submit with their bid packages. The attached abstract illustrates the inventory of required documents and bidders' submittal.

Atkins Kroll Inc.: The firm submitted a bid for Item 1 in the amount of **$64,780.00** and Item 2 in the amount of **$64,780.00** respectively. The bidder submitted a copy of their current Guam Business License **#1500453.** All other documents were complete and in conformance with the Invitation For Bid.

Recommendation:
Pursuant to the guidelines in Item 8 of the Instruction to Bidders, the award of contract will be made to the **lowest responsible, responsive bidder** for each Item Bid, provided his bid is reasonable and in the best interest of GIAA.

Atkins Kroll Inc. has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulation. Therefore, it is recommended that the contract awards be made according to the following:

Item & Description	Awarded to:	Total Amount
Item 1: Crew Cab Vehicle	Atkins Kroll Inc.	$64,780.00
Item 2: King Cab Vehicle	Atkins Kroll Inc.	$64,780.00
	Total Contract Award:	**$129,560.00**

Should you have any questions or concerns, please call our office at your convenience.

EXECUTIVE SUMMARY

REQUEST FOR PROPOSALS, RFP NO. GIAA-007-FY14
INSURANCE CONSULTING SERVICES

July 31, 2014

Purpose

Board action is requested to approve the ranking results based on the evaluation process performed through the Request For Proposals (RFP) No. GIAA-007-FY14 for Insurance Consulting Services.

Background

The referenced RFP solicits proposals from professional Insurance Consulting Services firms to assist GIAA in managing its Insurance Programs. The preliminary scope of work includes, but not limited to; review all insurance policies and prepare and insurance digest; conduct annual inspections of GIAA facilities to define potential exposure to loss; perform risk quantification and financing review of Self Insurance Fund; provide assistance in the process and management of claims; and assist in GIAA's risk management program. As required under the Airport Bond Indenture, the Authority is required to engage an insurance consultant to review the authority's self-insurance program. The contract term is for a year to year basis, not to exceed a total term of five (5) years.

The Firm or Consultant is required to have particular expertise in the management of insurance programs at commercial airports, experience in risk management, and knowledge of airport insurance coverages. Also, the firm must be knowledgeable of the applicable insurance laws, regulations and management of claims.

Procurement Background

The above referenced RFP was advertised in the local newspapers throughout the months of April & May 2014. The established deadline to submit the proposals was on May 20, 2014.

A total of five (5) firms showed their interest by obtaining the RFP package; however, four (4) firms responded by submitting their proposals before the established deadline.

Doc. No. 35GL-19-0628.*

After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package.

The Evaluation Committee has completed their evaluations and the scores sheets were gathered and tabulated by Procurement Office. As a result, the selected firms in the order of their ranking are as follows:

1. Proposer A
2. Proposer D
3. Proposer B
4. Proposer C

Legal Review

Upon Board approval, a standard professional services contract will be forwarded to Legal Counsel for review and approval as to form.

Financial Review

The Insurance Consulting Services Agreement will be funded from the O & M Budget for Fiscal Year 2014.

Recommendation

Management recommends the approval of the ranking results and the contract award to **Proposer A,** as the highest ranked proposer for the Insurance Consulting Services subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

SUBJECT: Evaluation and Recommendation - Request For Proposal (RFP)
Insurance Consulting Services
RFP No. GIAA-007-FY14

The referenced Request for Proposal (RFP) solicits interests from firms or individuals to provide professional services for the Insurance Consulting Services. The advertisement for this RFP was published in the local newspaper for the months of April & May 2014. The deadline to submit the proposals was on May 20, 2014.

Five (5) firms/individuals acknowledged receipt of the package and four (4) firms submitted qualification documents before the submission deadline.

Evaluation and Selection

Pursuant to Basis for Evaluation of the package, after receipt of all proposals, the GIAA Evaluation Committee conducted an independent evaluation for the purpose of selecting the most responsive and responsible offeror based on the evaluation criteria. The committee which Management established to evaluate the firms' qualifications included the following:

a. Jean M. Arriola, Airport Services Manager
b. Carlos Bordallo, Controller
c. Joe Javellana, Property Management Office
d. Frank Santos, Expansion Office

The committee completed their evaluation and the scores were tabulated as reflected on the attached summary worksheet. As a result of our tabulation, the firms selected in the order of their ranking are as follows:

1. Proposer A
2. Proposer D
3. Proposer B
4. Proposer C

Recommendation

Based on the tabulation of the proposers ranking, it is determined that **Proposer A** ranked number one and the best qualified firm to perform the required services in accordance with the criteria set forth in the RFP. Also, as a result of our review of the submitted required documents, the firm has been deemed to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Therefore, management recommends the approval of the ranking results and the contract award to **Proposer A**, as the highest ranked proposer for the Insurance Consulting Services subject to negotiations of fair and reasonable fees. In the event that the aforementioned negotiations prove unsuccessful, the GIAA may enter negotiations with the next highest ranked proposer.

Should you have any questions or need to discuss this matter further, I am available at your request.

MEMORANDUM

TO: Charles H. Ada II, Executive Manager

FROM: Franklin P. Taitano, Supply Management Administrator

SUBJECT: Bid Evaluation and Recommendation "Invitation For Bid"
Purchase and Delivery of Police Package Motorcycles
IFB No. GIAA-004-FY14

Procurement Background:
The above referenced Invitation For Bid was publicly announced through the local newspaper during the month of June 2014. The bid submission deadline and bid opening took place on July 2, 2014.

Two (2) firms/individuals purchased the bid package and only one (1) firm submitted proposal before the bid submission deadline. The bid submittal was opened in the presence of the bidder and several GIAA representatives. The bid offer was read aloud by the Supply Management Administrator and tabulated by a Procurement staff.

The results of the bid price submittals are as follows in the order they were received and opened:

BIDDER'S NAME	PROPOSED MAKE/MODEL	AMOUNT	
		UNIT COST	TOTAL COST
Cycles Plus	2014 Kawasaki Vulcan Classic 900CC	$25,365.00	$101,460.00

Bid Analysis and Evaluation:
Pursuant to Section 8 of the Instructions to Bidders, the contract is to be awarded, if it is to be awarded, as soon as possible to the lowest responsible, responsive bidder. To determine the responsibility of bidders, the bid package specified the required documents that bidders must submit with their bid packages. The attached abstract illustrates the inventory of required documents and bidders submittal.

Cycles Plus: The firm has submitted a total bid price of **$101,460.00.** The bidder submitted a copy of their current Guam Business License **#1509966**. All other required documents are complete and in conformance with the Invitation For Bid.

Recommendation:
Pursuant to the guidelines in Item 8 of the Instruction to Bidders, the award of contract will be made to the **lowest responsible, responsive bidder.** Cycles Plus has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has deemed to be responsible, responsive bidder.

Therefore, it is recommended that **Cycles Plus** be awarded the contract in the amount of **$101,460.00** for this award.

Should you have any questions or concerns, please call our office at your convenience.

- Guam – Okayama – Effective December 20, 2014, weekly seat capacity of 266 passengers;
- Guam - Niigata – Effective December 14, 2014, weekly seat capacity of 266 passengers.

They also announced decreased frequency on the Guam – Sapporo route from 4 times weekly to two times weekly and cancellation of a 4th daily flight they planned to implement in February 2015.
The downward trend was expected in relation to the weak yen, however, it is expected that passengers will be served by other United stations.

For the month of August 2014, United is scheduled to operate 31 round trip charters from Narita to Guam, utilizing its B737 aircraft with 155 seats.

Effective October 27, 2014, United Airlines will be adding 2 routes from Guam, with service to Seoul and Shanghai. The Seoul route will be operated daily. This route was last served by Continental Micronesia on non-stop, scheduled basis since February 1997. The Shanghai Pu Dong route will operate twice weekly, offering the first, regularly scheduled direct flight from China to Guam. Both are to be served by B-738 equipment, which represents 16,120 annual seats for Shanghai and adds another 56,575 seats to the annual Korean market capacity.

Korean Airlines
Korean Airlines will increase its flights on the Seoul/Guam route from 7 times to 11 times weekly, adding 811 seats , between July 26 to August 24, 2014 to meet more demand on the route.

China Airlines
In addition to their twice weekly service to/from Taipei, China Airlines will be operating the following charters

- 8 charter flights serving Taipei/Guam route from June 27 to July 25, on B738 aircraft with 155 seats.
- 11 charter flights, in August serving the Fukuoka/Guam route, on A330 aircraft with capacity of 298 seats.
- 10 charter flights in August, serving the Narita/Guam route, on 330 aircraft with 298 seats.

EVA Airlines
Adding to their twice weekly service to/from Taipei, EVA Airlines will increase their Taipe/Guam from two to five weekly, utilizing an A330-200 with 380 pax capacity.

In addition, EVA AIR will operate **Narita/Guam** scheduled charter operations every four days, from August 1, 2014 through August 20, 2014, utilizing an Airbus A321 with 184 pax capacity. This increases seat capacity from Narita to Guam by 5,488 annually from these additional 12 charter operations.

Dynamic Air
Dynamic Air which began scheduled charters from Beijing to Guam on June 21, 2014, will operate 8 direct charters from Beijing from late July through the month of August, utilizing their 767-200 ER aircraft with a

more seat capacity annually, from 39,000 to 54,600 seats.

CUSTOMER SERVICE ISSUES

In preparation for various customer service initiatives to use technology to inform passengers and the public to have greater and quicker access to airport information, the Airport is in its final phases to roll out the following services:

- Wireless access in the concourse areas
- Guam Airport mobile application for smartphones and ipads
- Refreshed Website with streamlined look
- Refreshed Airport logo for contemporary uses as icons on different promotional and identity platforms (see attached).

All programs are at the 90% completion stage, with equipment installation being the final piece to finally make these programs active and announced to the public. Thereafter, the Airport will move forward with social media applications featuring the contemporary look and uses available to an international and more technically savvy audience.

FINANCIAL ISSUES

GIAA's Fiscal Year **2015 Financial Budget** has been compiled with all divisions' input. An overview of the Preliminary Budget was presented to Signatory Airlines at a meeting held on Tuesday, July 29, 2014.

Logo Rationale

No longer an abstract interpretation of the Airport brand, the new logo takes a literal approach combining the most unique aspects of Guam and her Airport. The design is simple and clean using broad lines and a palette that is both exciting and bold.

THE PROA
The new re-designed A.B. Won Pat International Airport Guam logo showcases the iconic Proa shape — a unique physical feature of the Airport's architectural design representing strength, pride and innovation.

TAKING FLIGHT
Just over the Proa structure, a sleek plane graphic flies smoothly through the middle of the logo suggesting upward movement and mobility.

THE COLORS
A modern, contemporary palette of contrasting light and dark blues convey boundless opportunities for progress ahead.

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. Chairman Untalan then commented that the July 31, 2014 Regular Board Meeting minutes would be tabled. Chairman Untalan then moved New Business Item (A.)Approval of Proposed GIAA Fiscal Year 2015 Budget, to the last of the New Business Items to be addressed.On motion duly made by Director Gerber, seconded by Director Alcorn, the agenda as amended, was unanimously approved.

3. APPROVAL OF MINUTES

A. July 31, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the July 31, 2014regular meeting.

On motion duly made by Chairman Untalan, the minutes of were tabled.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

Executive Manager Charles Ada stated that there was no significant correspondence to report. The EM then called to attention that on this exact date, one year ago, GIAA was successful in its Municipal Bond Sale.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Financial Consultant, presented three (3) schedules to the Board for review. The first schedule presented was the Undistributed Obligations Analysis (UDO). The only significant update was in regards to the 2010 projects, given a four-year performance period. Of the four (4) Outstanding Grants, the Authority has three (3) to close out and with funds to be de-obligated, and one (1) that is completely closed out.

The first project mentioned was the AIP73 Rehabilitative Runway 6L/24R -Phase 1 (Design only) with $45,738 in funds to be de-obligated. The second project was AIP75 Noise Mitigation Measures, with a balance of $1.1 million to be de-obligated. However,

in discussion with the FAA, the Authority will continue working using those monies to use towards additional homes covered under the current project, provided that a majority of reimbursements would occur around June of 2015. Mr. Santos pointed out that in this case, though the Authority is de-obligating this amount, they are not losing the opportunity to soundproof as many homes as possible under the current criteria.

Chairman inquired as to whether former navy/military homes were eligible under this grant, with Mr. Santos answering that they were not. He did mention, however, that beginning October 1, 2015, a new program with new criteria would begin. Director Sobti inquired as to approximately how many homes would be covered under this project, with Mr. Santos answering that there would be fifteen (15) homes covered.

The third project mentioned was AIP76 Approve Airport Utility Infrastructure (Sewer and Storm Water Drainage) - Phase 1 (Design Only), as of July 31, 2014 there was $545,586 which has since been zeroed out and is now closed out.

The final project was AIP79 Conduct Environmental Assessment for Sewer and Storm Water Drainage. Grant amount was for $700,000, little more than half of which ($355,000) is being de-obligated. The Environmental Assessment has already been published in the newspaper and is also available on GIAA's website.

Chairman inquired as to who authors the grants to which Mr. Santos responded that it was a team effort. Upcoming grant applications to be submitted this year were identified as: 1. The new ARFF facility 2. Revisions to the Air Cargo Apron 3.Second ARFF Vehicle along with a Rapid Intervention Vehicle (RIV).

The ARFF facility project is estimated to cost $11.6 million with $10.4 coming from Federal Grants. Chairman inquired as to whether those funds were already acquired to which Mr. Santos replied that they are not, but plans are in order to apply for those Federal Grants, but the Authority has Bond proceeds, and the same goes for the Cargo Apron Relocation.

The top two Bond Priority Projects presented were In-Line Baggage Handling System and Arrivals Corridor. The expected presentation date of the new Arrivals Corridor is October 8-10, 2014 at GIAA, which will include a cost assessment. Members of the Board inquired as to the typical cost of an assessment, to which Mr. Santos replied that it was a fixed fee of $5 million. Once a cost estimate is obtained, focus on other projects may resume. This project is expected to bid out in April of 2015.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - IFB No. GIAA-005-FY14,Purchase and Delivery of Boom Lift and Trailer

The first matter discussed was the approval of award under the Invitation for Bid Purchase and Delivery of Boom Lift and Trailer No. GIAA-005-FY14 (the "IFB"). The Executive Manager mentioned that this was budgeted in FY2013, but was deferred by the Board, but because of the current state of the fleet instructions were given to move forward with this project. The proposed boom lift and trailer are to be used by Properties & Facilities Division for repair and maintenance of parking and ramp lights, security cameras, and the terminal building.Four (4) firms purchased the bid package and only one (1) firm submitted a bid proposal before the submission deadline. The firm was evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The submitted bid was presented as follows: Morrico Equipment LLC, Item (1) Boom Lift in the amount of $188,890.00 and Item (2) Trailer in the amount of $13,495.00. The total contract award for this bid is $202,385.00, funding for which is available under the CIP budget. Upon approval of award, the contract will be processed through issuance of a Purchase Order in conformance with the Guam Procurement Regulations. The Chairman inquired as to why only one firm submitted its bid, and was informed that the other interested parties were unable to commit on the delivery, with one company submitting in writing, their intentions to withdraw (their bid). Mr. Franklin P. Taitano, Procurement Administrator, informed the Board that the timing of the year was a factor. Director Sobti inquired as to how a fair comparison of cost could be made with only one company's bid, and Mr. Taitano reported that the cost from the previous Boom Lift purchase from previous years was slightly less than the current purchase price.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-51

The Board hereby approves award of the contract of Purchase and Delivery of Boom Lift and Trailer, IFB No. GIAA-005-FY14, to Morrico Equipment LLC for $188,890.00 for the Boom Lift and $13,495.00 for the Trailer, for a total contract amount of $202,385.00, subject to review by legal counsel.

B. Approval of Award - RFP No. GIAA-008-FY14 - Insurance Brokerage Services

The second matter discussed was the approval of award under the Request for Proposal for Insurance Brokerage Services, RFP No. GIAA-008-FY14.The Executive Manager

informed the Board that the referenced RFP was to solicit proposals from professional insurance brokerage services firms to assist GIAA in management and placement of its insurance coverage. The contract term is for a year to year basis, not to exceed a total term of five (5) years. A total of six (6) firms showed their interest by obtaining the RFP package; however, three (3) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in the order of their ranking are as follows:

1. Proposer C
2. Proposer A
3. Proposer B

Management recommends the approval of the ranking results and the contract award to Proposer C, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer. Chairman Untalan suggested that in the following years, that the process of attaining insurance brokerage services start in June rather than August, given that the policy expires September 30, to give GIAA adequate time to process all aspects to ensure the best outcome.His suggestion was noted by the Executive Manager.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-52

The Board hereby approves the ranking results and contract award to Proposer C for Insurance Brokerage Services, RFP No. GIAA-118-FY14, subject to negotiation of fair and reasonable fees, and legal counsel review.If negotiations prove unsuccessful, Management can enter into negotiations with next highest ranked proposer.

The Executive Manager announced to the Board that Proposer "C" is AM Insurance, who is the GIAA incumbent provider.

C. Approval of Proposed GIAA Fiscal Year 2015 Budget

The third matter discussed was the approval of the proposed GIAA Fiscal Year 2015 Budget as presented by Comptroller Carlos P. Bordallo. Mr. Bordallo reported on two meetings with Signatory Airlines, the first meeting which took place July 29, where the initial proposed Cost Per Enplaned Passengers payment of $16.80was presented to

Signatory Airlines. GIAA was asked to revisit and look at areas to possibly bring cost down. The second meeting between GIAA and Signatory Airlines took place August 12, where the cost was presented at $15.80, which was still a 1.2% increase from existing FY 2014 Cost Per Enplaned Passenger at $15.61. Mr. Bordallo reported that Signatory Airlines was receptive to and thankful for the adjusted Cost Per Enplaned Passenger (CP).

Operation and maintenance expenses and assumptions: 5.6% increase projected in enplanements for FY2015; in actual estimate retirement contribution rates going down to 29.67 next year. The rate is set by statute every year, which is part of the budget process. GIAA contractual services are going to increase by $456,000. GIAA will continue to fund projects essential to airport primary functions, overall 2.59% increase in total airport revenue over the actual estimate. Allocation of aeronautical revenues is at 38% with non-aeronautical at 51%. Mr. Bordallo pointed out the higher the non-aeronautical, the less impact to the cost of theairlines.GIAA is going to contribute another $250,000 to the Risk and Loss Management Fund, which is currently at $5.1 million. Amortization reduced by 50%. In the first meeting, Mr. Bordallo fully amortized all outstanding projects and this was one of the areas he was asked to look at. Mr. Bordallo and Mr. Frank Santos, Expansion Consultant, discussed and agreed at 50% reduction in amortization, which will be recovered in the oncoming years. GIAA will continue to reassess and pursue revenue streams that promote air service and development which may include incentives and exploration of the markets, initiating those projects federally funded or essential to the airport's primary functions. Mr. Bordallo noted that within the Signatory agreement, there is a clause which allows GIAA to adjust the landing fee in the event that GIAA revenues fall short. Finally, Mr. Bordallo reported that GIAA is going to deposit all of its CIF (Capital Improvement Fund) monies, and all available monies at the end of the year into the CIF account, which has been GIAA common practice since 2008.

Allocation of revenue: broken down between Signatory Airlines, revenues from other sources other than Signatory, passenger facility service charge, and Federal reimbursement for operating grants. Mr. Bordallo reported that there was an increase in Signatory Airlines rents and fees primarily attributable to the increase in number of enplanements that is projected for next year. Aeronautical and non aeronautical, and other revenue: special retail concession part of the major improvement of the non-aeronautical side. Signatory Airline rents and fees: Cost per enplanement: debt service coverage is at 1.31, for 2014 GIAA was projecting a 1.4 at the time the budget was prepared, with potential to improve to over 1.5 at the end of the year. Mr. Bordallo noted that a large increase was in Personal Services with the primary reason being the fifteen (15) ARFF employees GIAA acquired last year. Mr. Bordallo also noted that retirement is not part of the increase in the budget. Mr. Chairman inquired as to how many GIAA employees were included in the budget, with Mr. Bordallo responding that there were two hundred and forty-four (244). Currently, there are approximately 32

vacancies primarily in the Properties and Facilities (P&F) section, according to Mr. Bordallo's notes. Mr. Chairman suggested this year's focus be on development of non-aeronautical departments to stimulate revenues in that area which will in turn drive down enplaned passenger cost.

Mr. Chairman commented on the challenges Mr. Santos will be facing in terms of grants for the upcoming Fiscal Year. Mr. Chairman inquired as to whether GIAA will see an increase or decrease at the end of FY2014, with Mr. Santos responding that there will be a decrease, based on current information regarding works in progress. Calculation of rates and fees, FY2014 under Capital Improvement Funds and other available funding sub account and Capital Improvement Sub Account, there will $3.3 million available at the end of the year. Mr. Santos noted that normally, that amount would be fifty percent (50%) less, but as indicated in the assumptions as well as in the negotiations with the airlines, GIAA is keeping one hundred percent (100%). With a total of eight (8) Capital Improvement Projects, a total budget of approximately $19.7 million, of which $16.6 million is being targeted for Federal grants. Mr. Chairman inquired as to how much revenue was generated by GIAA and Mr. Santos responded with approximately $4.4 million. Mr. Chairman then brought to attention the intent of GIAA to focus on boosting non-aeronautical sources of revenue to therefore become less reliant on Federal grants. Mr. Chairman then posed the assumption that if all projected plans and projects were completed as predicted, that at the end of FY2015, GIAA would see an increase in assets, which was affirmed by Mr. Santos. Mr. Chairman then inquired as to when the audit would begin, and Mr. Bordallo responded that GIAA has already started the process and is currently working with the auditors to have the report ready no later than January 31, 2015.

On motion duly made by Director Gerber to approveProposed GIAA Fiscal Year 2015 Budget, seconded by Director Alcorn, the budget was unanimously passed.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on matters concerning various airlines, starting with Cebu Pacific. GIAA management met with Cebu Pacific officials August 7, 2014. Starting December 2014, Cebu Pacific will utilize an A320 Aircraft with a seat capacity of 180, operated 4x weekly. This operation will add 2880 seats to the monthly inventory of the Manila market. China Airlines will operate eight(8) charter flights in the month of September 2014, utilizing an A330-300 aircraft, totaling in 2384 potential passengers. United Airlines will be adding two routes from Guam; the Seoul route will be operated daily, utilizing B737-800 aircraft with a seat capacity of 155, which will create 4650 passenger seats monthly and 55800 annually. The other route, which is Shanghai Pu

Dong, will operate twice (2x) weekly, serviced by a B737-800 aircraft, providing 1240 seats monthly and 14880 annually. This route is the first regularly scheduled direct flight from China to Guam. Beginning October 26, 2014, Philippine Airlines will increase their Manila-Guam operations from five (5) to seven (7) flights weekly, utilizing an Airbus 320, which increases seat capacity by 300 weekly, increasing annual seats available from 39,000 to 54,600. Lastly, Star Marianas has submitted a Letter of Intent to operate regular commercial and on-demand services to Saipan, Rota, and Guam.GIAA and Star Marianas met to discuss ideas and acquire information on regulatory, operational, and technical requirements to operate on Guam.

Tenant issues was the second matter addressed, mainly focused on the decline in tour bus facility charges. This decline is due to a new breed of tourists, whom prefer and/or expect personalized shuttle services directly to their hotel. Key operators PMT, RNC, and HIS have taken initiative to address and accommodate these passengers. Miki Taxi and Independent Taxi Operators have been engaged to provide personalized transportation. Airport management and staff are in discussions with current ground transportation operators to find a win-win solution wherein customers are provided with quality service without jeopardizing the Airport's revenue system.

Deputy Executive Manager Peter Roy Martinez and Air Terminal Manager Gerard Bautista attended the FAA's Western-Pacific Regional Director's Workshop in Los Angeles where they met with new FAA Pacific Regional Administrator Glen Martin. Key topics of discussion were Essential Air Services, with Guam and American Samoa as examples of main islands whose connectivity to outer islands is dependent on a sole provider.

The FAA issues a Notice of Finding of No Significant Impact (FONSI) on the proposed Guam Airport Storm Water and Wastewater System Improvement Project.

As of August 12, 2014, all discrepancies noted in FAA's inspection of GIAA facilities has been fully addressed, with GIAA submitting a letter of correction which was accepted by the FAA.

Lastly, the Executive Manager brought to attention the TSA Official Site Visit by John S. Pistole which took place August 29, 2014. Mr. Pistole is an Administrator of the Transportation Security Administration whose visit was to discuss Guam based regulatory, operational and technical issues as well as inspect TSA facilities and operations on island.

The twentieth (20th) World Route Development Forum will be taking place in Chicago, IL at the McCormick Place on September 20-23, 2014. Airport as well as GVB will be

attending to continue joint efforts to explore potential and/or secure new service and routes.

Regarding procurement, an Invitation for Bid (IFB) for Purchase and Delivery Police Pursuit K-9 Vehicle was announced September 1, 2014, with Pre-Bid September 2, 2014 at 10 a.m., and a submission deadline September 9, 2014 at 4 p.m.

The A.B. Won Pat International Airport Authority, Guam presented its Noise Compatibility Program (NCP) at a public meeting held August 26, 2014 at 6 p.m. and was published in both the Pacific Daily News and Marianas Variety for community awareness.

Gaza war resumes with deadly strikes, rocket fire

NEW YORK (Reuters) – Hamas militants in the Gaza Strip fired rockets at Israel for a second day on Wednesday after fighting resumed with the collapse of truce talks and an Israeli air strike that killed three people in Gaza.

Charging that Israel had "opened a gateway to hell," Hamas's armed wing vowed to target Israel's Ben-Gurion International Airport with rocket fire, possibly to retaliate for what Hamas was quoted by Israeli media as saying was an Israeli attempt to assassinate its top militant leader, Mohammed Deif, in a Gaza City strike.

It was not clear whether Deif, who has survived previous Israeli attacks, had survived the strike that killed a woman and a two-year-old girl who media reports said may have been his wife and daughter.

Deif has topped Israel's wanted lists for years, as mastermind of deadly suicide bombings more than a decade ago. He is currently believed to be a behind-the-scenes leader of Hamas's campaign against Israel.

Palestinian health officials said the strike on a house in Gaza City killed three people but did not provide any details on the third victim.

The Israeli military would not specify any of the targets of some 30 attacks across Gaza it said was in response to rocket fire aimed at Israel.

Another air strike launched later on Wednesday morning killed seven members of a family in central Gaza, among them a woman and three children, Palestinian health officials said. There was no immediate comment from the Israeli military.

In addition to the deaths, more than 50 people were wounded in the air strikes across Gaza, ordered after rockets were fired at Israel. Hamas initially denied firing any rockets, then claimed responsibility for shooting dozens as far as the Tel Aviv and Jerusalem areas.

There were no reported casualties but falling shrapnel damaged a car in Tel Aviv, and a building was damaged in southern Israel. Some of the rockets were shot down by Israel's Iron Dome interceptor.The violence shattered a 10-day period of calm since a first truce brokered by Egypt, about a month after the conflict flared on July 8.

Accusing Gaza Islamists of breaking the truce with rocket fire eight hours before it was to have expired, Israel recalled its negotiators from truce talks in Cairo on Tuesday, leaving the fate of the Egyptian-brokered efforts to secure a lasting peace hanging in the balance.

Liberia president declares Ebola curfew

MONROVIA, Liberia (AP) – Liberia's president declared a curfew and ordered security forces to quarantine a slum home to at least 50,000 people late Tuesday as the West African country battled to stop the spread of Ebola in the capital.

The measures came as authorities said that three health workers in the country who received an experimental drug for the disease are showing signs of recovery, though medical experts caution it is not certain if the drug is effective.

At least 1,229 people have died of Ebola in Guinea, Liberia, Sierra Leone and Nigeria in the current outbreak, and more than 2,240 have been sickened, according to the World Health Organization. The fastest rising number of cases has been reported in Liberia, with at least 466 dead.

Authorities here have struggled to treat and isolate the sick, in part because of widespread fear that treatment centers are places where people go to die. Many sick people have hidden in their homes, relatives have sometimes taken their loved ones away from health centers, and mobs have occasionally attacked health workers.

Liberia's president declared a curfew and ordered security forces to quarantine a slum home to at least 50,000 people late Tuesday as the West African country battled to stop the spread of Ebola in the capital. Reuters

Liberian President Ellen Johnson Sirleaf announced late Tuesday that a curfew is going into place from 9 p.m. to 6 a.m. Security forces also will be ensuring no one goes in or out of West Point, a slum in the capital where angry residents attacked an Ebola observation center over the weekend.

"We have been unable to control the spread due to continued denials, cultural burying practices, disregard for the advice of health workers and disrespect for the warnings by the government," she said. "As a result and due to the large population concentration the disease has spread widely in Monrovia and environs."

Invasive insect threatens iconic Florida citrus trade

LAKE WALES, Fla. (AP) – The juice is cold and sweet. It tastes like the Sunshine State.

Once, emerald green trees bursting with citrus carpeted more than half of the state, from the northern reaches of Jacksonville and the parks of Orlando to the Miami coastline. Oranges, especially, have long been synonymous with the magic of Florida.

Now the $9 billion industry is facing its biggest threat yet, putting at risk the state's economy and very identity. Blame a mottled brown bug no bigger than a pencil eraser and a disease called "the yellow dragon."

Have you seen those commercials that begin with a farmer's leather-gloved hands opening to reveal a blossom that ripens into an orange? The ads are for Florida's Natural juice, and Ellis Hunt Jr. is the man behind the brand.

His family owns 5,000-plus acres of groves and is part of the co-op that contributes to Florida's Natural – the third-largest juice brand in the country, behind Pepsi's Tropicana and Coca-Cola's Minute Maid.

In this July 25 photo, Benny McLean, of Uncle Matt's organic orange juice company, holds up a vial containing the tamarixia wasp which they release in their orange groves in hopes of combating the citrus greening disease, in Clermont, Fla. AP

This summer, Hunt's has been driving his truck through his groves in Polk County, the state's top citrus-producing region, and what he sees is uncertainty. Many of his trees look beautiful, acres upon acres of vibrant green. But trouble can be spotted if you look closely.

Hunt stops his truck, climbs out and points to a tree's limb. Some leaves have turned yellow, and the hue is spreading in waves. He guesses that 75 percent of his groves are infected.

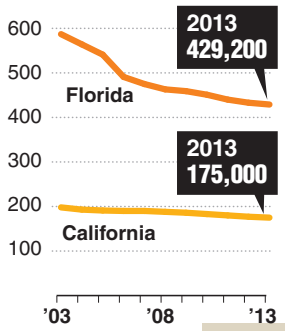
In China, where it was first found, the disease is called huanglongbing. Translation: "the yellow dragon." In Florida, it's known simply as "greening."

It arrived here via a tiny invasive bug called the Asian Citrus Psyllid, which carries bacteria that are left behind when the psyllid feeds on a citrus tree's leaves. The tree continues to produce useable fruit, but eventually disease clogs the vascular system. Fruit falls, and the tree slowly dies.

The psyllid isn't native to Florida but is believed to have arrived from someone who perhaps unknowingly brought a slip of a tree from Asia. The bug was first spotted in the state in 1998, and some think it then spread on the winds of hurricanes. Greening showed up in 2005. There is no cure, and no country has ever successfully eradicated it.

New threat to U.S. orange crop

Citrus greening, a bacterial disease that kills citrus trees, is spread by the Asian citrus psyllid insect first seen in Florida in 1998.



- For Asian citrus psyllid
- Part of state for psyllid
- For citrus greening and psyllid

NOTE: Calif., Texas, La., S.C. also have citrus greening quarantine in very small part of state

Acres cultivated for the two biggest producing states, in thousands

Little bug, big problem

- Bacteria not harmful to humans
- Infected insect spreads disease as it feeds on the leaves and stems of citrus trees
- Also spread by moving infected plants, bud wood and leaves
- Once tree is infected, there is no cure; dies in about five years

Dollar stores battle to double down on the poor

SEATTLE (Reuters) – Like millions of Americans, Darnel Ware needs to save money, even if it's 40 cents on a bag of flour. He searches for those savings during his daily visits to the Family Dollar Store near his home in Fraser, Michigan, sometimes stopping by as many as 10 times a week.

The small but frequent purchases of low-income customers such as Ware add up: Family Dollar Stores, which operates about 8,200 stores in mainly urban sections of the U.S., is the target of an $9 billion cash takeover offer from rival Dollar General and an $8.5 billion cash and stock offer from Dollar Tree. Both competitors are betting not only on the health of the deep discount retail sector but also on the intractability of poverty in America.

Mid-market retailers like Wal-Mart Stores Inc., Macy's Inc. and J.C. Penney Company Inc. have been struggling in recent years as consumers have been slow to return to their pre-recession, freer spending ways. On Wednesday, Target said it was cutting its full-year earnings and slashing prices.

EXECUTIVE SUMMARY

REQUEST FOR PROPOSALS, RFP NO. GIAA-008-FY14
INSURANCE BROKERAGE SERVICES

August 28, 2014

Purpose

Board action is requested to approve the ranking results based on the evaluation process performed through the Request For Proposals (RFP) No. GIAA-008-FY14 for Insurance Brokerage Services.

Background

The referenced RFP solicits proposals from professional Insurance Brokerage Services firms to assist GIAA in management and placement of its insurance coverage according to specifications and requirements. The preliminary scope of work includes, but not limited to; develop a plan for renewing GIAA's insurance policies each year, implementation of the plan and solicitation of coverage through different insurance markets, and provide scheduled reports highlighting the different coverages, exclusions, premiums, and policy status and provide assistance in claims management and processing. The contract term is for a period of three (3) years, with options to renew the contract for two (2) additional one (1) year term, not to exceed a total term of five (5) years.

The Firm or Consultant is required to have particular expertise in insurance brokerage services to provide of insurance for commercial airports, and knowledge in vast types of insurance coverages. Also, the firm must be knowledgeable of the applicable insurance laws, regulations and management of claims.

Procurement Background

The above referenced RFP was advertised in the local newspapers throughout the months of July & August 2014. The established deadline to submit the proposals was on August 15, 2014.

A total of six (6) firms showed their interest by obtaining the RFP package; however, three (3) firms responded by submitting their proposals before the established deadline.

After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package.

The Evaluation Committee has completed their evaluations and the scores sheets were gathered and tabulated by Procurement Office. As a result, the selected firms in the order of their ranking are as follows:

1. Proposer C
2. Proposer A
3. Proposer B

Legal Review

Upon Board approval, a standard professional services contract will be forwarded to Legal Counsel for review and approval as to form.

Financial Review

The Insurance Brokerage Services Agreement will be funded from the O & M Budget for Fiscal Year 2014.

Recommendation

Management recommends the approval of the ranking results and the contract award to **Proposer C,** as the highest ranked proposer for the Insurance Brokerage Services subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

MEMORANDUM

TO: Charles H. Ada II, Executive Manager

FROM: Franklin P. Taitano, Supply Management Administrator

SUBJECT: Evaluation and Recommendation - Request For Proposal (RFP)
Insurance Brokerage Services
RFP No. GIAA-008-FY14

The referenced Request for Proposal (RFP) solicits interests from firms or individuals to provide professional services for the Insurance Brokerage Services. The advertisement for this RFP was published in the local newspaper for the months of July & August 2014. The deadline to submit the proposals was on August 15, 2014.

Six (6) firms/individuals acknowledged receipt of the package and three (3) firms submitted qualification documents before the submission deadline.

Evaluation and Selection

Pursuant to Basis for Evaluation of the package, after receipt of all proposals, the GIAA Evaluation Committee conducted an independent evaluation for the purpose of selecting the most responsive and responsible offeror based on the evaluation criteria. The committee which Management established to evaluate the firms' qualifications included the following:

a. Jean M. Arriola, Airport Services Manager
b. Carlos Bordallo, Controller
c. Joe Javellana, Property Management Office
d. Frank Santos, Expansion Office

The committee completed their evaluation and the scores were tabulated as reflected on the attached summary worksheet. As a result of our tabulation, the firms selected in the order of their ranking are as follows:

1. Proposer C
2. Proposer A
3. Proposer B

Recommendation

Based on the tabulation of the proposers ranking, it is determined that **Proposer C** ranked number one and the best qualified firm to perform the required services in accordance with the criteria set forth in the RFP. Also, as a result of our review of the submitted required documents, the firm has been deemed to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Therefore, management recommends the approval of the ranking results and the contract award to **Proposer C**, as the highest ranked proposer for the Insurance Brokerage Services subject to negotiations of fair and reasonable fees**.** In the event that the aforementioned negotiations prove unsuccessful, the GIAA may enter negotiations with the next highest ranked proposer.

Should you have any questions or need to discuss this matter further, I am available at your request.

Executive Manager's Report
GIAA Board of Directors Meeting
August 28, 2014

AIRLINE ISSUES

Cebu Pacific
Cebu Pacific officials met with GIAA Management on August 7, 2014 to discuss the airline's plans for service to Guam. They intend to start service in December 2014, operating 4x weekly, utilizing an A320 aircraft with a seat capacity of 180 passengers. Cebu Pacific's operation will add 2880 seats monthly to the inventory for the Manila market. The service also has a convenient arrival time of 11:35am, outside of the peak periods of current operations.

China Airlines
China Airlines will operate 8 charter flights during the month of September, serving the Fukuoka/Guam market. Utilizing an A330-300 aircraft, seat capacity on this route is increased by 2,384 passengers for the month of September.

United Airlines
Effective October 27, 2014, United Airlines will be adding 2 routes from Guam, with service to Seoul and Shanghai. The Seoul route will be operated daily, utilizing B737-800 aircraft with 155-seat configuration. Monthly inventory for Seoul market will increase by 4,650 monthly, or 55,800 annually. This route was last served by Continental Micronesia on non-stop, scheduled basis since February 1997.

The Shanghai Pu Dong route will operate twice weekly, offering the first, regularly scheduled direct flight from China to Guam. This route will be serviced with a B737-800 series aircraft, effective October 28, 2014 with a seat capacity of 1,240 monthly and 14,880 annually.

Philippine Airlines
Beginning October 26, 2014, Philippine Airlines will be increasing operations on **Manila–Guam**, from five flights to seven flights weekly, utilizing Airbus 320 aircraft. This increases seat capacity by 300 weekly, and adds more seat capacity annually, from 39,000 to 54,600 seats.

Star Marianas
Star Marianas has submitted a Letter of Intent to operate regular commercial and on-demand services to points in the CNMI (Saipan and Rota) and Guam. Star Marianas met with GIAA to discuss some of their plans and acquire information on the regulatory and operational and technical requirements to operate on Guam.

TENANT ISSUES

Tour Operators
Due to the huge demand of tourists who expect personalized shuttle services from the airport directly to their hotel, our key tour operators PMT, RNC and HIS have taken the initiative to

address and accommodate the needs of this new breed of tour passengers. Miki Taxi and the Independent Taxi Operators have been engaged to provide this personalized transportation support and as a consequence the Airport has experienced a decline in its tour bus facility charges. Airport management and staff are engaged in discussions with our ground transportation operators to find a win-win solution wherein our customers are afforded quality service without jeopardizing the Airport's revenue stream. A plan guiding this activity moving forward, should be formalized over the next couple of weeks.

REGULATORY ISSUES

Federal Aviation Administration

Deputy Executive Manager Peter Roy Martinez and Air Terminal Manager Gerard Bautista attended the FAA 's Western -Pacific Regional Directors Workshop in Los Angeles. They met with the new FAA Pacific Regional Administrator Glen Martin, who had previous experience of and on Guam in the area of Air Traffic Control. Key topics for the regional directors included Essential Air Services, a hot topic for Guam and American Samoa, whose connectivity with smaller, outer islands is dependent upon a sole provider.

FONSI Report

The FAA issued a Notice of Finding of No Significant Impact (FONSI) on the proposed Guam Airport Storm Water and Wastewater System Improvement Project. The report is available for public view in the administrative offices for interested members of the community.

FAA Annual Inspection

As of August 12, 2014, all discrepancies noted in FAA's inspection of our facilities (last held in April) has been fully addressed. GIAA submitted a letter of correction, which was accepted by FAA, and noted that all discrepancies were resolved.

TSA Official Site Visit

John S. Pistole, Administrator of the Transportation Security Administration, will be visiting Guam to inspect TSA facilities and operations on island. GIAA officials are scheduled to meet with him on Friday, August 29, 2014 to discuss Guam based regulatory, operational and technical issues. Mr. Pistole is a 26-year veteran of the FBI with extensive national security and counterterrorism experience and was formerly the FBI's Executive Assistant Director for National Security, and Deputy Director for the FBI.

AIR SERVICE DEVELOPMENT

World Routes 2014

The 20th World Route Development Forum will be taking place in Chicago, IL at the McCormick Place on September 20-23, 2014. World Routes forms the essential global gathering for aviation organizations from across all continents and countries, bringing together the largest range of

airlines, airports, tourism authorities, civil aviation authorities and more from all corners of the world. This is one of the largest and most prestigious events of those who wish to meet, plan and conduct business for new global routes and attracts the most senior representatives from a wide variety of organizations. Airport will be attending along with GVB to continue joint efforts to explore potential and/or secure new service and routes.

Philippine Airlines (PAL)
The Airport is in the process of scheduling follow-up meetings between our Management and Board and PAL to discuss new opportunities such as the direct Guam-Honolulu service.

Cebu Pacific
Additional follow-up meetings with Cebu Pacific are also being planned needing high level airport representation as the carrier finalizes their application process and we near the planned launch of new service between Guam and the Philippines in December.

The total premium cost for all coverage including Catastrophic perils for FY2015 is $887,474 net of the broker's commissions. This represents a total savings of $234,359 per annum, or, of more than 20% compared to FY2014 premium cost of $1,121,833.

Director Alcorn commented that although the cost of the premiums went down, coverage went up. The Board unanimously agreed, and Chairman Untalan commended Ms. Muna and her staff for doing an excellent job, and thanked them, as did the rest of the Board members present. Chairman Untalan then inquired as to how long the agreement was for, and Ms. Muna replied that it was a one-year contract. Chairman Untalan then asked why not a multiple-year contract, and Ms. Jean Arriola, Air Services Manager, replied that that would be looked into for the next fiscal year insurance renewal.

After further discussion, on motion duly made by Director Sobti, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-54

The Board hereby approves GIAA's General Airport Insurance - Renewal for Fiscal Year 2015, as presented during the Board meeting.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. New GIAA Logo Launch

Ms. Rolenda Faasuamalie of GIAA Marketing presented to the Board the 2014 Re-Brand and Logo Launch of A.B. Won Pat International Airport, Guam.

The current logo design was adopted in January 2007 in an Island-wide art contest. The brand/logo characteristics included: Airport façade (flying Proa), Coconut tree as a cultural element, an airplane as an aviation component, and forward motion and progress represented through an aircraft trail from past with forward movement.

When posed the question "Why re-brand?" Ms. Faasuamalie responded with the fact that GIAA is "going places" literally and figuratively. Services are expanding, assets are increasing, and GIAA is in the process of enhancing facilities. Ms. Faasuamalie presented the Agency's redesign as a sign of a new stage of growth and a new future of business

opportunities. This new design will also appeal to technical applications and modern design. Ms. Faasuamalie declared that the new logo will stand out in Social Media applications, is "Iconic" in design, and is a strong representation of GIAA across print, visual and technological platforms, and is simple, bold, and fresh.

The rationale behind the logo, as presented by Ms. Faasuamalie, is that it is no longer an abstract interpretation of the Airport brand, the new logo takes a literal approach combining the most unique aspects of Guam and the Airport. The design is simple and clean, uses broad lines and a bold palette.

The four (4) main aspects of the new logo design are the Proa, the visual image of an airplane taking flight, the fonts, and the colors. The front and center image is of the iconic Proa - a unique physical feature of the Airport's architectural design, representing strength, pride, and innovation. "Taking Flight" - just over the Proa structure, a sleek plane graphic flies smoothly through the middle of the logo suggesting upward movement and mobility. The font is bold, modern, and versatile. "Guam" takes center stage as GIAA aims to focus on the international marketability of the island and enhance Guam's reputation as a preferred and viable destination as well as a place to do business. The contrasting light and dark blue colors of the logo seek to convey boundless opportunities for progress ahead.

Color variations include one-color logo variations in Pantone 295C on white, and Black on white. Both colors are offered in reverse, with a Pantone or Black background, and bold, white logo.

Ms. Faasuamalie suggested to commence the launching of the re-brand/logo design at the October employee's meeting. Ms. Faauamalie said that this would be a nice way to restate the organization's vision, and that the redesign marks the beginning of a new chapter for the Agency. She stated that she felt that an improved logo is reflective of where GIAA employees work, and is a positive enhancement of the agency and the facility's image. Another way to spread awareness of the new logo, as suggested by Ms. Faasuamalie, was to announce the new logo to stakeholders and customers with the catchy phrase "We're on it 24/7" messaging and proudly announcing a "new stage of growth" or "same agency, new look." Ms. Faasuamalie feels that this can be an opportunity to mark a season of positive change in the organization. Ms. Faasuamalie suggested that GIAA implement the new logo across the board; across all platforms, in all manners, to represent the Agency.

Ms. Faasuamalie's "roll out plan and execution" is a two-part series, starting with an internal initiative. Starting September 30, 2014, GIAA Corporate/Employee uniforms will be issued. The new logo will also be present on stationery and envelopes, business cards, and office signage and agency postings. The external plan is for a refreshed

website - RTG - Ready to Go! This includes a re-design and site that is code-ready for transfer to mobile application as well as email blasts. The mobile, or "RTG" application is intended to be activated in the concourse area through GIAA's wireless service. The new logo will also be present on all IFBs, RFPs, Notice Ads, Banners, Pop Up signs, and Promotional Items.

The Mobile Web Application will serve as an interactive tool to find services, shopping, and dining options in the Airport Terminal, as well as Traveler requirements and Ground transportation, airline, and other information. Future Applications that GIAA hopes to include its new logo are popular social media applications such as Facebook, Twitter, and Instagram.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-55

The Board hereby approves the New GIAA Logo as presented during the Board meeting.

B. Status Updates of Capital Improvement Projects

The next order of business was Status Updates of Capital Improvement Projects. Before Financial Consultant Mr. Frank Santos provided his update, he called upon Mr. Michael Makio of Taniguchi, Ruth, Makio Architects (TRMA) to present visual displays of paint color options for the exterior of the Airport. Mr. Makio informed the Board that the current color scheme is dated, and is a color combination popular from fourteen (14) years ago.

Mr. Makio explained the purpose behind certain colors and combinations, to accent certain architectural elements of the Airport's main "showcase" building. He also explained proper preparation of the substrate along with choices of satin or gloss finishes which will allow the paint to look fresher for a longer period of time.

After being presented over 20 color-combinations and options, and after much deliberation, the Board unanimously agreed to color option #4, a Sand, Beige, and light Gray, which will appear Pewter in the sunlight, which Mr. Makio described as an "easier evolution of color at the Terminal."

On motion duly made by Director Sobti, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-56

The Board hereby approves Color Option number four (4) a Sand, Beige, and Light Gray color combination as presented by Mr. Mike Makio of TRMA for the exterior painting of the Main Terminal Building.

Mr. Frank Santos then proceeded to provide updates to the Airport capital improvement projects. He brought to attention that the Government of Guam, through Federal Highway has purchased airport land for Phase 1 of the Tiyan Parkway Project as a perpetual easement. The Airport has received $3.76 million from the Government of Guam; one (1) of the three (3) determined objectives was to use those funds to procure properties that GovGuam will purchase in Phase II which is called "Remnant Parcels" that is of value to the Airport. As a result, GIAA plans to place the money in a special fund created as an unrestricted account designated as 'Tiyan Land Acquisition and Redevelopment Fund.'

On motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-57

The Board hereby authorizes the Management to establish a special fund created as an unrestricted account in the amount of $3.76 million dollars, titled "Tiyan Land Acquisition and Redevelopment Fund."

The next item addressed was the 2011 UDO (Undistributed Obligation) analysis on Open AIP (Airport Improvement Projects) Grants. Mr. Santos highlighted that now all 2010 projects are closed out. Three items were brought to the Board's attention, the first being that the Authority is now ready to bid out Phase III of the demolition project, which involves five structures located on a recently purchased lot by GovGuam. The second matter was a second meeting with Morrico Equipment LLC regarding the ARFF Fire truck, which confirmed the delivery of the vehicle in May or June of 2015. The last item was the completion of the final draft including a session with public involvement regarding the Noise Exposure Map update. Mr. Santos brought up that there will be a notice in the newspaper in the week of September 29 to October 3, announcing the availability of the map update and the environmental assessment for the purchase of the remnant parcels with the findings being of no significant impact (FONSI).

The next schedule was the Bond Capital Improvement Projects (CIP). Two days prior to the meeting, September 24, 2014, the Authority advertised the Hold Bag Screening Relocation, the project for the general construction for the baggage handling which will be opened October 22, 2014. This will be the critical path project which will lead to the beginning of the baggage handling screeningby Siemens. The schedule still holds for the completion date of the full baggage handling system by April 20, 2016.

Regarding the International Arrivals Corridor, has scheduled a briefing on the design, at a 30% level, with a Board overview meeting scheduled for October 8, 2014 at 2:00 p.m., to be followed by a presentation to Signatory Airlines and regulatory agencies on October 9, 2014. Mr. Santos emphasized that this project is critical, because it is the driving force for the Airport to proceed with the remainder of the projects.

6. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

In the interest of time, Chairman Untalan instructed Board members and GIAA management to read the Executive Manager's Report in their own time and save questions and comments for the next Regular Board Meeting, scheduled for October 30, 2014.

7. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

In the interest of time, Chairman Untalan instructed Board members and GIAA management to read the Comptroller's Report in their own time and save questions and comments for the next Regular Board Meeting, scheduled for October 30, 2014.

8. EXECUTIVE SESSION

On motion duly made by Director Tolan, seconded by Director Alcorn, at 4:14 p.m. the Board recessed regular session.

Upon written recommendation of counsel, the Board convened executive session at 4:14 p.m. to discuss pending litigation. Executive Session adjourned at 4:28 p.m., at which time the Board reconvened the regular session.

9. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalancalled upon any public member wishing to make comments. There were none.

10. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Alcorn, seconded by Director Sobti, at 4:29p.m., the meeting was adjourned.

GPA sells out $76.4M in revenue bonds

By Louella Losinio

Variety News Staff

THE Guam Power Authority yesterday successfully sold $76.47 million worth of revenue bonds that will be used to fund energy storage systems, system improvements and the initial phase of GPA's proposed energy conversion plan.

According to Gov. Eddie Calvo, GPA's bond sale was well received by investors who submitted nearly $700 million of orders in less than an hour.

"Investors have once again heard our message and have demonstrated their support for our island by continuing to invest in our community. GPA was able to take advantage of favorable market conditions and low interest rates to secure financing for needed capital improvements," Calvo said in a statement reacting to the bond sale.

Lester Carlson, public finance manager for the Guam Economic Development Authority, said this latest bond sale built off other recent successful sales by GPA in 2010 and 2012 as well as the Guam Waterworks Authority 2013 new money issue and GWA's 2014 bond issue.

He added that representatives from both GPA and GEDA spent the days leading up to the sale marketing GPA and Guam to investors.

"We continue to deliver on Gov. Calvo's promise three years ago to increase transparency and communication with investors. Under the governor's direction, we have prioritized meeting on a regular basis with both rating agencies and investors. This open communication and the governor's commitment to fiscal responsibility have increased investor interest in Guam, resulting in lower interest rates on all Guam credits," Carlson said.

Significant premium

Due to the strong demand, Carlson said investors were willing to pay a significant premium to purchase the bonds, which enabled GPA to reduce the par amount borrowed by $7.8 million while still receiving $83.6 million in net proceeds.

In addition to the direct investor outreach, the GPA sale also received national media attention from an article published in Bloomberg the week prior to the bond sale. In that article, Bloomberg stated that GPA's bonds are expected to be popular with investors because Guam's economy grew 24 percent in the five years through 2012 in contrast to Puerto Rico and the U.S. Virgin Islands which have faced persistent deficits.

"Compared with the Virgin Islands, we recognize Guam as the stronger of the two credits," Bloomberg quoted a report by UBS Wealth Management analysts led by Thomas McLoughlin.

"Once again, the accomplishments of Guam and GPA have been recognized by the financial media, further evidence of the success we've had over the past several years," said Joaquin Flores, GPA general manager.

He added that GPA was able to take advantage of favorable market conditions and low interest rates to secure financing for needed capital improvements and leverage strong demand for the bonds, resulting in reducing the repayment of the bonds by nearly $1 million.

Refunds out, AG cautions public on theft

AS THOUSANDS of taxpayers will receive their refund checks soon, Attorney General Leonardo Rapadas cautioned the public to be wary as these refunds may open doors to theft.

GovGuam announced the other day that approximately $10 million in tax refunds will be mailed out today to nearly 5,000 taxpayers.

As the money makes its way into consumers' hands, Rapadas said this may make them susceptible to scam artists and thieves.

He urged island consumers to be proactive and practice safety measures when handling their refunds.

"Thieves may try to take advantage of this situation. Whether you are running your errands, doing some shopping, paying bills, or at the ATM, be aware of your surroundings," he said yesterday in a statement.

He said consumers should also use credit or debit cards with caution. He advised people to check their bank accounts daily and report any suspicious activity to the bank immediately.

"If you suspect theft or fraud, please contact local law authorities and report that as well," he said.

Museum $1.5M over budget

By Jasmine Stole

Variety News Staff

DURING yesterday's Guam Economic Development Authority board meeting, project coordinator Larry Toves told board members that the Guam and Chamorro Educational Facility would cost about $1.5 million more than its original projected cost.

Toves said the issue with the foundation and the piles has been resolved, at a cost of $200,000. However, he said there will be change orders issued in the future which is why the cost for the museum's construction is expected to be over budget by $1.5 million.

The foundation has begun to be poured, he said, but the recent rainy weather has delayed the work.

Toves told board members that contractors are attempting to work as much as they can, given the weather conditions.

Gavin Thomas, part of the design management team, told board members yesterday that the recent earthquake did not have any adverse effect on the museum.

GM expert says 21 deaths eligible for compensation

DETROIT (AP) – The death toll from crashes involving General Motors small cars with faulty ignition switches is at least 21.

Attorney Kenneth Feinberg, who was hired by the company to compensate victims, said Monday in an Internet posting that he received 143 death claims as of Friday, and 21 of those have been deemed eligible for payments.

A spokeswoman said the rest of the claims are under review and not all will be eligible. The death toll rose from a week ago, when Feinberg had determined 19 claims would get payments.

The website also said that Feinberg received 532 injury claims as of Friday. Of those, 16 are eligible for compensation thus far. The others are still being reviewed.

The defective switches can unexpectedly move to the "accessory" or "off" positions, shutting down the engine and knocking out power steering and brakes. With engines shut off, people can lose control of their cars and crash. If that happens, the air bags won't inflate.

GM has admitted knowing about the problem for more than a decade in small cars such as the Chevrolet Cobalt. Yet it didn't begin recalling the 2.6 million small cars until February.

Death toll

For months, the company said at least 13 people died in crashes linked to the faulty switches, but GM acknowledged that the death toll would go higher. Some lawmakers have estimated that it's close to 100.

Feinberg has said GM has not limited the total amount he can pay in compensation. GM has estimated the cost of compensating victims at $400 million, but says it could rise to $600 million.

A Feinberg spokeswoman said Monday that his office is in the process of sending out letters telling people how much money he is offering. Those filing claims can reject Feinberg's offer and seek compensation through lawsuits.

Feinberg won't identify those getting payments, citing confidentiality agreements. GM has not identified the 13 victims.

10M new iPhones sold in first 3 days

Eric Huertas, 32, one of the first customers to get a new iPhone 6 Plus, left, shows how it size compares to his original iPhone 5s model, right, for customers awaiting in line at the Apple Store for the launch and sale of the new iPhone models in Pasadena, Calif., on Sept 19. AP

PASADENA, Calif. (Reuters) – Apple Inc. said it sold more than 10 million iPhones in the first weekend after its new models went on sale on Friday, underscoring strong demand for phones with larger displays.

Chief Executive Tim Cook said the company could have sold even more iPhone 6 and iPhone 6 Plus models if supplies had been available.

Analysts had estimated first-weekend sales of up to 10 million iPhones, after Apple booked record pre-orders of 4 million on Sept. 12, the day pre-orders opened.

Apple's shares were little changed at $100.98 in afternoon trading on the Nasdaq on Monday.

The company's first-quarter revenue is likely to be 9 percent higher than Wall Street estimates, based on reported sales and projected demand for the new iPhones, Piper Jaffray & Co. analyst Gene Munster wrote in a note.

Munster said he expected earnings per share to be 12 percent higher than estimates.

"Despite the supply chain constraints around the iPhone 6 Plus and tightness around certain models of the iPhone 6, we believe (Monday's) strong print demonstrates that Apple executed extremely well in the face of severe supply constraints," Cantor Fitzgerald analyst Brian White wrote in a note.

First-day pre-orders for the new phones, which went on sale in 10 countries, far surpassed the 2 million recorded for the iPhone 5 model two years ago.

"While our team managed the manufacturing ramp better than ever before, we could have sold many more iPhones with greater supply and we are working hard to fill orders as quickly as possible," Cook said in a statement.

Sales

Apple sold 9 million iPhone 5S and 5C models last year in 11 countries, including China, in the first weekend they were available.

Sales of the latest models in China, the world's largest smartphone market, have been delayed by regulatory issues.

The new iPhones will be available in 20 more countries on Sept. 26, Apple said.

Investors fret over Yahoo's future as stock dips

SAN FRANCISCO (AP) – Yahoo may be losing some appeal on Wall Street now that U.S. investors can buy directly into Alibaba.

Yahoo's stock fell Monday as investors grappled with uncertainty about CEO Marissa Mayer's efforts to turn around the struggling Silicon Valley company. The sell-off came even though Yahoo reaped more than $9 billion last week from selling some of its stake in Alibaba, as the Chinese e-commerce company held a record-setting initial public offering of stock.

Yahoo has promised to return at least half of the after-tax proceeds to shareholders – likely through stock buybacks.

But some investors aren't waiting, now that they're able to buy Alibaba shares directly, according to Brian Wieser, an Internet stocks analyst at Pivotal Research.

Before the Alibaba IPO, Yahoo was one of the few ways U.S. investors could tap into the growth of e-commerce in the world's most populous country. That was because of Yahoo's large stake in the Chinese company. Yahoo's stock has risen more than 30 percent over the past year, largely on the strength of investor excitement about Alibaba's booming business.

On the second day of public trading for Alibaba, Yahoo shares fell more than 5 percent to close Monday at $38.65.

Airbus, Boeing spar over jet production strategy

ISTANBUL (Reuters) – Airbus and Boeing clashed over jet production on Monday, with the European planemaker questioning the viability of its rival's proposals to hike output and Boeing insisting it will only build the number of jets that its buyers and suppliers can handle.

A debate over the sustainability of record production and burgeoning orders for jetliners dominated an aviation gathering in Istanbul, where a minority of participants expressed fears of a glut while most remained confident about air transport growth.

Despite the economic downturn, aircraft demand has been rising as cash-starved airlines upgrade to new fuel-saving models and emerging markets give rise to a boom in air travel.

Assembly lines for narrow body jets, such as the Airbus A320 and Boeing 737, are running faster than ever and both the world's leading planemakers are studying plans for further increases after switching to new fuel-saving models in mid-decade.

But a senior Airbus executive warned against a "Field of Dreams" strategy of raising output in the hope of spurring more sales and vowed not to chase marginal deals.

"Smooth production is critically important to the manufacturers of aircraft ... but also to those who finance the aircraft," John Leahy told the Istat Europe air finance conference.

"Running production up and chasing after orders and then doubling back down is not necessarily the right way to go," he said, pointing to a chart demonstrating greater historical production volatility at Boeing, which has been around longer.

Airbus says it is considering increasing production of its A320 family from 42 a month now to 46 a month in 2016. It is looking at a future increase to 50 A320 planes a month.

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were requested. On motion duly made by Director Alcorn, seconded by Director Tolan, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. June 26, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the June 26, 2014regular meeting.

On motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-46

The Board hereby approves the minutes of the June 26, 2014 regular meeting.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The Executive Manager informed the Board that there was no significant Correspondence to report, however announced that Mr. Ron Simpson of the FAA's Hawaii Office and a representative of the Los Angeles Office would be on Guam for a very short visit this upcoming weekend, and will meet with the GIAA Management team.

At this time, Chairman Untalan announced the resignation of Board Secretary, Amanda O'Brien-Rios. The Chairman stated that she has represented the Board very well and kept the Board well informed during her tenure, that she would be greatly missed. The Board and Management presented a certificate of appreciation to Ms. O'Brien-Rios.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Financial Consultant, presented three (3) schedules to the Board

for review. The first schedule presented was the UDO (Undistributed Obligations Analysis). Mr. Santos provided updates relative to2010 projects, announcing that the FAA stated that the four (4) projects needed to be closed out before the end of the fiscal year. Mr. Santos announced that the FAA has approved the extension of the noise mitigation project in the amount of $1.3M. He went on to announce that with regard to AIP79, the FAA published the notification of the environmental assessment report for the storm water and sewer design, which is available for review at their regional office and on GIAA's website. The result of the finding was that there was no significant impact; approximately $370,000 will be de-obligated, and returned; it cannot be used for anything other than the purpose of the grant. Mr. Santos provided additional updates on FAA grants.

Reporting on the Capital Improvement Fund, Mr. Santos informed the Board that the balances included are as of July 31, 2014 and went on to provide brief updates to the Board.

The last schedule, the Bond Capital Improvement projects, Mr. Santos informed the Board that a presentation to the Stakeholders was held on the Hold Bag Screening project in late June; the bid for the general construction is expected to be advertised in October 2014. Reporting on the International Arrivals Corridor, Mr. Santos announced that recently a working session was held to discuss the 10% conceptual design effort; in attendance were Management and a number of Board members, with a presentation to the stakeholders occurring two (2) days later. Mr. Santos directed the Board to images relative to the International Arrivals Corridor, and provided insight into the project. Discussion followed relative to the International Arrivals Corridor, with Mr. Santos announcing that more details will be available at the 30% level, expected October 2014; with a single bid, phased approach expected for April 2015. Mr. Santos announced that the budget offered was $53.9M. Chairman Untalan suggested that for Gensler & Associate's next visit in September 2014 that GIAA hold a press release to get the public excited about the new changes expected at the Airport.

Mr. Santos informed the Board of another item Management would like to bring to the Board's attention. The Board approved a lease agreement with Tandum Skydive in March 2012 in the construction of a hanger on the south ramp side. Legal Counsel, Janalynn Damian informed the Board that Management is requesting for the Board to reaffirm the prior approval of the lease agreement. Chairman Untalan inquired on the terms. Mr. Santos announced the terms of agreement, and stated that it is for a twenty (20) year term with two (2) five (5) year options. Discussion followed relative to the finance terms. For clarification, Chairman Untalan informed the Board that due to a recent Bill passed; any lease agreements longer than five (5) years would need prior approval from the Legislature, unless the agreement was entered into before the Bill was passed.

On motion duly made by Director Tolan, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 14-47

The Board hereby reaffirms the prior approval of the lease agreement between GIAA and Tandum Skydive, subject to legal counsel review.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award –IFB No. GIAA-003-FY14, Purchase and Delivery of Crew Cab & King Cab Vehicles

The first matter discussed was the approval of award under the Invitation for Bid for Purchase and Delivery of Crew Cab & King Cab Vehicles, IFB No. GIAA-003-FY14 (the "IFB").The Executive Manager informed the Board that the IFB solicited bids from professional firms for purchase and delivery of crew cab and king cab vehicles to be used for the Properties & Facilities Division. Two (2) firms purchased the bid package, however only one (1) firm submitted a bid proposal before the established deadline. The firm was evaluated and determined to be acceptable. The Executive Manager informed the Board that the total contract award for this bid is $129,560.00, submitted by Atkins Kroll Inc. Funding for this bid is available under the CIP budget. Management recommends that the Board approve the contract award of $129,560.00 to Atkins Kroll Inc., who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Mr. Franklin Taitano, the Procurement Administrator announced that the vehicles offered were 2014 Toyota Tacoma, Pre-Runner Sports with crew cab and king cab options; a total of four (4) vehicles. Discussion followed relative to details of the vehicles, with Mr. Taitano announcing that the color of the vehicles would be white.

Chairman Untalan inquired on the fact there was only one company that responded to the bid. Mr. Taitano replied that a number of other companies have existing bids that are being held by other government agencies which he felt was the reason they were deterred from participating.

After further discussion, on motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-48

The Board hereby approves the contract award for Purchase and Delivery of Crew Cab & King Cab Vehicles, IFB No. GIAA-003-FY14 to Atkins Kroll Inc. in the amount of $129,560.00.

The Executive Manager announced that Management would like to present Agenda Item C next.

C. Approval of Award – IFB No. GIAA-004-FY14, Purchase and Delivery of Police Package Motorcycles

The second matter discussed was the approval of award under the Invitation for Bid for Purchase and Delivery of Police Package Motorcycles, IFB No. GIAA-004-FY14 (the "Police Motorcycles IFB"). The Executive Manager informed the Board that the Police Motorcycles IFB solicited bids from professional firms for purchase and delivery of police package motorcycles to be used for Airport Police Division. Two (2) firms purchased the bid package, however only one (1) firm submitted a bid proposal before the established deadline. The firm was evaluated and determined to be acceptable. The Executive Manager informed the Board that the total contract award for this bid is $101,460.00, submitted by Cycles Plus. Funding for this bid is available under the CIP budget. Management recommends that the Board approve the contract award of $101,460.00, to Cycles Plus, who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Discussion followed relative to the details of the Police Motorcycles IFB and the current motorcycle inventory.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 14-49

The Board hereby approves the contract award for Purchase and Delivery of Police Package Motorcycles, IFB No. GIAA-004-FY14 to Cycles Plus in the amount of $101,460.00.

B. Approval of Award – RFP No. GIAA-007-FY14, Insurance Consulting Services

The third matter discussed was the approval of award under the Request for Proposals for Insurance Consulting Services, RFP No. GIAA-007-FY14 (the "RFP"). The Executive Manager informed the Board that the RFP solicited proposals from professional insurance firms to assist GIAA in managing its Insurance Programs. As required under the Airport Bond Indenture, the Authority is required to engage an insurance consultant

to review the Authority's self-insurance program. The contract term is for a year to year basis, not to exceed a total term of five (5) years. A total of five (5) firms showed their interest by obtaining the RFP package; however, four (4) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer A
2. Proposer D
3. Proposer B
4. Proposer C

Management recommends the approval of the ranking results and the contract award to Proposer A, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer.

Director Alcorn inquired on the evaluation committee. The Executive Manager announced the members of the evaluation committee. Discussion followed relative to the firms.

The Chairman inquired on the contract amount. The Executive Manager responded $48,000.

After further discussion, on motion duly made by Director Gerber, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 14-50

The Board hereby approves the ranking results and contract award to Proposer A for Insurance Consulting Services, RFP No. GIAA-007-FY14, subject to negotiation of fair and reasonable fees, and legal counsel review. If negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer.

The Executive Manager announced to the Board that Proposer 'A' is Iris Ltd.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on various matters concerning airline and charter operations to include United Airlines announcing on July 26, 2014 the termination of three (3) Japan routes, effective December 14, 2014

1. Guam – Hiroshima, effective December 19, 2014, weekly seat capacity of 266 passengers
2. Guam – Okayama, effective December 20, 2014, weekly seat capacity of 266 passengers
3. Guam – Niigata, effective December 14, 2014, weekly seat capacity of 266 passengers

United also announced decreased frequency on the Guam – Sapporo route from four (4) times weekly to two (2) times weekly, and cancellation of a fourth daily flight planned to be implemented in February 2015.

Reporting on Customer Service, the Executive Manager informed the Board that in preparation for various customer service initiatives, and to use technology to inform passengers and the public to have greater and quicker access to airport information, the Airport is in its final phases to roll out the following services:

1. Wireless access in the concourse areas
2. Guam Airport mobile application for smart phones and iPads
3. Refreshed Website with streamlined look
4. Refreshed Airport logo for contemporary uses as icons on different promotional and identity platforms

All programs are at the 90% completion stage, with equipment installation being the final piece to finally make these programs active and announced to the public within the next 30 days. The Executive Manager directed the Board to an attachment on the Executive Manager's Report containing a refreshed Airport logo design. The Chairman inquired if the design required approval from the Board. The Executive Manager replied that he did not believe so, as the existing Airport logo was not previously approved.

Director Tolan inquired on who designed the logo. The Executive Manager replied that the design was completed by Big Fish Creative. Discussion followed relative to the design, with Ms. Jean Arriola informing the Board that the old design would be phased out slowly. Ms. Elfrie Koshiba, of GIAA's Marketing Division informed the Board that the new design will firstly be used for electronic devices and apps.

Director Tolan requested for an update relative to Cebu Pacific. The Executive Manager announced that TSA had informed Management of a meeting with the Airline during the upcoming week, and provided the Board with a brief update.

Director Gerber inquired on Charter flight numbers. Chairman Untalan added by requesting from Management a spreadsheet of sorts containing information on the charter flights. The Executive Manager replied that he would have that put together.

The Executive Manager announced that GIAA's Fiscal Year 2015 Financial Budget has been compiled with all divisions' input. An overview of the Preliminary Budget was presented to Signatory Airlines at a meeting held on Tuesday, July 29, 2014.

Relative to Procurement, the Executive Manager announced that the submission for the Boom Lift and Trailer IFB is August 5, 2014; and the submission deadline for the Insurance Broker Services RFP is August 8, 2014. Brief discussion followed relative to the Boom Lift.

Lotte Duty Free celebrated its one (1) year in operation at the Airport, with a ribbon cutting of its upgraded facilities on July 23, 2014. Improvements and enhancements in the retail core, the food court, restrooms and new construction of a family room and a world class aquarium represents $20M in upgrades invested in the Guam Airport. The opening was covered by the prestigious Moodie's Report - a Travel Retail and Duty Free Business Intelligence publication.

The A.B. Won Pat International Airport Authority, Guam and its airlines and tenants took a first look at options to constructing the International Arrivals Corridor in the Main Terminal at a stakeholder meeting held July 17, 2014. Design concepts were presented by the Airport's design firm, Gensler and Associates.

At this time the Executive Manager announced that even though GIAA did not place in the float competition at the recent Liberation Day Parade, he commended both the ARFF and Police Division's for a job well done. The Executive Manager also announced the upcoming Governor's MagPro awards to be held in August 2014.

Going back to the Airport's logo, the Board offered suggestions for the design.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Carlos Bordallo, Comptroller, provided a report to the Board on the revenues and expenses of the Authority as of June 30, 2014. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 0.6%, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget estimates by 1.4% and 0.5%, respectively. Further, year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues, are above the budget estimate by 6.1%. Year-

to-date Total Operating Revenues Actual of $50.2M is 2.1% above the budget estimate of $49.2M. Year-to-date Total Operating Expenses are below budget by -10.3%. The actual year-to-date Net Revenues from Operations of $22.8M reflects an increase of 22.1% over the year-to-date budgeted amount of $18.7M. The Authority's year-to-date results for Debt Service Coverage is at 1.55 versus the requirement of 1.25.

Discussion followed relative to the amount of GIAA's cash on hand.

9. EXECUTIVE SESSION

On motion duly made by Director Tolan, seconded by Director Alcorn, at 4:35 p.m. the Board recessed regular session.

Upon written recommendation of counsel, the Board convened executive session at 4:40 p.m. to discuss pending litigation. Executive Session adjourned at 4:49 p.m., at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

At this time Director Tolan requested for an update relative to the Signage Policy which was approved by the Board at the April 2014 regular meeting. The Executive Manager provided a brief update, stating that with the technology upgrades being launched within the next 30 days, it would be wise to launch the announcement for signage at the same time.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Tolan, seconded by Director Alcorn, at 4:51p.m., the meeting was adjourned.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. Chairman Untalan then commented that the July 31, 2014 Regular Board Meeting minutes would be tabled. Chairman Untalan then moved New Business Item (A.)Approval of Proposed GIAA Fiscal Year 2015 Budget, to the last of the New Business Items to be addressed. On motion duly made by Director Gerber, seconded by Director Alcorn, the agenda as amended, was unanimously approved.

3. APPROVAL OF MINUTES

A. July 31, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the July 31, 2014regular meeting.

On motion duly made by Chairman Untalan, the minutes of were tabled.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

Executive Manager Charles Ada stated that there was no significant correspondence to report. The EM then called to attention that on this exact date, one year ago, GIAA was successful in its Municipal Bond Sale.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Financial Consultant, presented three (3) schedules to the Board for review. The first schedule presented was the Undistributed Obligations Analysis (UDO). The only significant update was in regards to the 2010 projects, given a four-year performance period. Of the four (4) Outstanding Grants, the Authority has three (3) to close out and with funds to be de-obligated, and one (1) that is completely closed out.

The first project mentioned was the AIP73 Rehabilitative Runway 6L/24R -Phase 1 (Design only) with $45,738 in funds to be de-obligated. The second project was AIP75 Noise Mitigation Measures, with a balance of $1.1 million to be de-obligated. However,

in discussion with the FAA, the Authority will continue working using those monies to use towards additional homes covered under the current project, provided that a majority of reimbursements would occur around June of 2015. Mr. Santos pointed out that in this case, though the Authority is de-obligating this amount, they are not losing the opportunity to soundproof as many homes as possible under the current criteria.

Chairman inquired as to whether former navy/military homes were eligible under this grant, with Mr. Santos answering that they were not. He did mention, however, that beginning October 1, 2015, a new program with new criteria would begin. Director Sobti inquired as to approximately how many homes would be covered under this project, with Mr. Santos answering that there would be fifteen (15) homes covered.

The third project mentioned was AIP76 Approve Airport Utility Infrastructure (Sewer and Storm Water Drainage) - Phase 1 (Design Only), as of July 31, 2014 there was $545,586 which has since been zeroed out and is now closed out.

The final project was AIP79 Conduct Environmental Assessment for Sewer and Storm Water Drainage. Grant amount was for $700,000, little more than half of which ($355,000) is being de-obligated. The Environmental Assessment has already been published in the newspaper and is also available on GIAA's website.

Chairman inquired as to who authors the grants to which Mr. Santos responded that it was a team effort. Upcoming grant applications to be submitted this year were identified as: 1. The new ARFF facility 2. Revisions to the Air Cargo Apron 3.Second ARFF Vehicle along with a Rapid Intervention Vehicle (RIV).

The ARFF facility project is estimated to cost $11.6 million with $10.4 coming from Federal Grants. Chairman inquired as to whether those funds were already acquired to which Mr. Santos replied that they are not, but plans are in order to apply for those Federal Grants, but the Authority has Bond proceeds, and the same goes for the Cargo Apron Relocation.

The top two Bond Priority Projects presented were In-Line Baggage Handling System and Arrivals Corridor. The expected presentation date of the new Arrivals Corridor is October 8-10, 2014 at GIAA, which will include a cost assessment. Members of the Board inquired as to the typical cost of an assessment, to which Mr. Santos replied that it was a fixed fee of $5 million. Once a cost estimate is obtained, focus on other projects may resume. This project is expected to bid out in April of 2015.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - IFB No. GIAA-005-FY14,Purchase and Delivery of Boom Lift and Trailer

The first matter discussed was the approval of award under the Invitation for Bid Purchase and Delivery of Boom Lift and Trailer No. GIAA-005-FY14 (the "IFB"). The Executive Manager mentioned that this was budgeted in FY2013, but was deferred by the Board, but because of the current state of the fleet instructions were given to move forward with this project. The proposed boom lift and trailer are to be used by Properties & Facilities Division for repair and maintenance of parking and ramp lights, security cameras, and the terminal building. Four (4) firms purchased the bid package and only one (1) firm submitted a bid proposal before the submission deadline. The firm was evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The submitted bid was presented as follows: Morrico Equipment LLC, Item (1) Boom Lift in the amount of $188,890.00 and Item (2) Trailer in the amount of $13,495.00. The total contract award for this bid is $202,385.00, funding for which is available under the Capital Improvement Project "CIP" budget. Upon approval of award, the contract will be processed through issuance of a Purchase Order in conformance with the Guam Procurement Regulations. The Chairman inquired as to why only one firm submitted its bid, and was informed that the other interested parties were unable to commit on the delivery, with one company submitting in writing, their intentions to withdraw (their bid). Mr. Franklin P. Taitano, Procurement Administrator, informed the Board that the timing of the year was a factor. Director Sobti inquired as to how a fair comparison of cost could be made with only one company's bid, and Mr. Taitano reported that the cost from the previous Boom Lift purchase from previous years was slightly less than the current purchase price.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-51

The Board hereby approves award of the contract of Purchase and Delivery of Boom Lift and Trailer, IFB No. GIAA-005-FY14, to Morrico Equipment LLC for $188,890.00 for the Boom Lift and $13,495.00 for the Trailer, for a total contract amount of $202,385.00, subject to review by legal counsel.

B. Approval of Award - RFP No. GIAA-008-FY14 - Insurance Brokerage Services

The second matter discussed was the approval of award under the Request for Proposal for Insurance Brokerage Services, RFP No. GIAA-008-FY14.The Executive Manager

informed the Board that the referenced RFP was to solicit proposals from professional insurance brokerage services firms to assist GIAA in management and placement of its insurance coverage. The contract term is for a year to year basis, not to exceed a total term of five (5) years. A total of six (6) firms showed their interest by obtaining the RFP package; however, three (3) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in the order of their ranking are as follows:

1. Proposer C
2. Proposer A
3. Proposer B

Management recommends the approval of the ranking results and the contract award to Proposer C, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer. Chairman Untalan suggested that in the following years, that the process of attaining insurance brokerage services start in June rather than August, given that the policy expires September 30, to give GIAA adequate time to process all aspects to ensure the best outcome.His suggestion was noted by the Executive Manager.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 14-52

The Board hereby approves the ranking results and contract award to Proposer C for Insurance Brokerage Services, RFP No. GIAA-118-FY14, subject to negotiation of fair and reasonable fees, and legal counsel review. If negotiations prove unsuccessful, Management can enter into negotiations with next highest ranked proposer.

The Executive Manager announced to the Board that Proposer "C" is AM Insurance, who is the GIAA incumbent provider.

C. Approval of Proposed GIAA Fiscal Year 2015 Budget

The third matter discussed was the approval of the proposed GIAA Fiscal Year 2015 Budget as presented by Comptroller Carlos P. Bordallo. Mr. Bordallo reported on two meetings with Signatory Airlines, the first meeting which took place July 29, where the initial proposed Cost Per Enplaned Passengers payment of $16.80was presented to

Signatory Airlines. GIAA was asked to revisit and look at areas to possibly bring cost down. The second meeting between GIAA and Signatory Airlines took place August 12, where the cost was presented at $15.80, which was still a 1.2% increase from existing FY 2014 Cost Per Enplaned Passenger at $15.61. Mr. Bordallo reported that Signatory Airlines was receptive to and thankful for the adjusted Cost Per Enplaned Passenger (CP).

Operation and maintenance expenses and assumptions: 5.6% increase projected in enplanements for FY2015; in actual estimate retirement contribution rates going down to 29.67 next year. The rate is set by statute every year, which is part of the budget process. GIAA contractual services are going to increase by $456,000. GIAA will continue to fund projects essential to airport primary functions, overall 2.59% increase in total airport revenue over the actual estimate. Allocation of aeronautical revenues is at 38% with non-aeronautical at 51%. Mr. Bordallo pointed out the higher the non-aeronautical, the less impact to the cost of the airlines. is going to contribute another $250,000 to the Risk and Loss Management Fund, which is currently at $5.1 million. Amortization reduced by 50%. In the first meeting, Mr. Bordallo fully amortized all outstanding projects and this was one of the areas he was asked to look at. Mr. Bordallo and Mr. Frank Santos, Expansion Consultant, discussed and agreed at 50% reduction in amortization, which will be recovered in the oncoming years. GIAA will continue to reassess and pursue revenue streams that promote air service and development which may include incentives and exploration of the markets, initiating those projects federally funded or essential to the airport's primary functions. Mr. Bordallo noted that within the Signatory agreement, there is a clause which allows GIAA to adjust the landing fee in the event that GIAA revenues fall short. Finally, Mr. Bordallo reported that GIAA is going to deposit all of its CIF (Capital Improvement Fund) monies, and all available monies at the end of the year into the CIF account, which has been GIAA common practice since 2008.

Allocation of revenue: broken down between Signatory Airlines, revenues from other sources other than Signatory, passenger facility service charge, and Federal reimbursement for operating grants. Mr. Bordallo reported that there was an increase in Signatory Airlines rents and fees primarily attributable to the increase in number of enplanements that is projected for next year. Aeronautical and non aeronautical, and other revenue: special retail concession part of the major improvement of the non-aeronautical side. Signatory Airline rents and fees: Cost per enplanement: debt service coverage is at 1.31, for 2014 GIAA was projecting a 1.4 at the time the budget was prepared, with potential to improve to over 1.5 at the end of the year. Mr. Bordallo noted that a large increase was in Personal Services with the primary reason being the fifteen (15) ARFF employees GIAA acquired last year. Mr. Bordallo also noted that retirement is not part of the increase in the budget. Mr. Chairman inquired as to how many GIAA employees were included in the budget, with Mr. Bordallo responding that there were two hundred and forty-four (244). Currently, there are approximately 32

vacancies primarily in the Properties and Facilities (P&F) section, according to Mr. Bordallo's notes. Mr. Chairman suggested this year's focus be on development of non-aeronautical departments to stimulate revenues in that area which will in turn drive down enplaned passenger cost.

Mr. Chairman commented on the challenges Mr. Santos will be facing in terms of grants for the upcoming Fiscal Year. Mr. Chairman inquired as to whether GIAA will see an increase or decrease at the end of FY2014, with Mr. Santos responding that there will be a decrease, based on current information regarding works in progress. Calculation of rates and fees, FY2014 under Capital Improvement Funds and other available funding sub account and Capital Improvement Sub Account, there will $3.3 million available at the end of the year. Mr. Santos noted that normally, that amount would be fifty percent (50%) less, but as indicated in the assumptions as well as in the negotiations with the airlines, GIAA is keeping one hundred percent (100%). With a total of eight (8) Capital Improvement Projects, a total budget of approximately $19.7 million, of which $16.6 million is being targeted for Federal grants. Mr. Chairman inquired as to how much revenue was generated by GIAA and Mr. Santos responded with approximately $4.4 million. Mr. Chairman then brought to attention the intent of GIAA to focus on boosting non-aeronautical sources of revenue to therefore become less reliant on Federal grants. Mr. Chairman then posed the assumption that if all projected plans and projects were completed as predicted, that at the end of FY2015, GIAA would see an increase in assets, which was affirmed by Mr. Santos. Mr. Chairman then inquired as to when the audit would begin, and Mr. Bordallo responded that GIAA has already started the process and is currently working with the auditors to have the report ready no later than January 31, 2015.

On motion duly made by Director Gerber to approve Proposed GIAA Fiscal Year 2015 Budget, seconded by Director Alcorn, the budget was unanimously passed.

7. REPORT OF EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager reported on matters concerning various airlines, starting with Cebu Pacific. GIAA management met with Cebu Pacific officials August 7, 2014. Starting December 2014, Cebu Pacific will utilize an A320 Aircraft with a seat capacity of 180, operated 4x weekly. This operation will add 2880 seats to the monthly inventory of the Manila market. China Airlines will operate eight(8) charter flights in the month of September 2014, utilizing an A330-300 aircraft, totaling in 2384 potential passengers. United Airlines will be adding two routes from Guam; the Seoul route will be operated daily, utilizing B737-800 aircraft with a seat capacity of 155, which will create 4650 passenger seats monthly and 55800 annually. The other route, which is Shanghai Pu

Dong, will operate twice (2x) weekly, serviced by a B737-800 aircraft, providing 1240 seats monthly and 14880 annually. This route is the first regularly scheduled direct flight from China to Guam. Beginning October 26, 2014, Philippine Airlines will increase their Manila-Guam operations from five (5) to seven (7) flights weekly, utilizing an Airbus 320, which increases seat capacity by 300 weekly, increasing annual seats available from 39,000 to 54,600. Lastly, Star Marianas has submitted a Letter of Intent to operate regular commercial and on-demand services to Saipan, Rota, and Guam. GIAA and Star Marianas met to discuss ideas and acquire information on regulatory, operational, and technical requirements to operate on Guam.

Tenant issues was the second matter addressed, mainly focused on the decline in tour bus facility charges. This decline is due to a new breed of tourists, whom prefer and/or expect personalized shuttle services directly to their hotel. Key operators PMT, RNC, and HIS have taken initiative to address and accommodate these passengers. Miki Taxi and Independent Taxi Operators have been engaged to provide personalized transportation. Airport management and staff are in discussions with current ground transportation operators to find a win-win solution wherein customers are provided with quality service without jeopardizing the Airport's revenue system.

Deputy Executive Manager Peter Roy Martinez and Air Terminal Manager Gerard Bautista attended the FAA's Western-Pacific Regional Director's Workshop in Los Angeles where they met with new FAA Pacific Regional Administrator Glen Martin. Key topics of discussion were Essential Air Services, with Guam and American Samoa as examples of main islands whose connectivity to outer islands is dependent on a sole provider.

The FAA issues a Notice of Finding of No Significant Impact (FONSI) on the proposed Guam Airport Storm Water and Wastewater System Improvement Project.

As of August 12, 2014, all discrepancies noted in FAA's inspection of GIAA facilities has been fully addressed, with GIAA submitting a letter of correction which was accepted by the FAA.

Lastly, the Executive Manager brought to attention the TSA Official Site Visit by John S. Pistole which took place August 29, 2014. Mr. Pistole is an Administrator of the Transportation Security Administration whose visit was to discuss Guam based regulatory, operational and technical issues as well as inspect TSA facilities and operations on island.

The twentieth (20th) World Route Development Forum will be taking place in Chicago, IL at the McCormick Place on September 20-23, 2014. Airport as well as GVB will be

attending to continue joint efforts to explore potential and/or secure new service and routes.

Regarding procurement, an Invitation for Bid (IFB) for Purchase and Delivery Police Pursuit K-9 Vehicle was announced September 1, 2014, with Pre-Bid September 2, 2014 at 10 a.m., and a submission deadline September 9, 2014 at 4 p.m.

The A.B. Won Pat International Airport Authority, Guam presented its Noise Compatibility Program (NCP) at a public meeting held August 26, 2014 at 6 p.m. and was published in both the Pacific Daily News and Marianas Variety for community awareness.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Carlos Bordallo, Comptroller, provided a report to the Board on the revenues and expenses of the Authority as of July 31, 2014. Signatory revenues were reported to be slightly below budgeted revenues by 0.02%. Year-to-date (YTD) Total Concession Revenues were above estimates by 1.3% and Passenger Facility Charges are below 5%. YTD Total Other Revenues inclusive of non-signatory and non-airlines revenues are above budget estimates by 4.4%. YTD Total Operating Revenues Actual of $55.5 million is 1.3% above budget estimate of $54.8 million. Operating expenses are down by 8.8% from budget including a 3.8% decrease in Personnel Services, 10.3% decrease from Contractual Services, a 32.4% decrease in Materials and Supplies and a 100% decrease in Equipment and Furnishings. YTD net revenues from Operations is $24.9 million to expect an increase of 17.4% over the YTD budgeted amount of $21.2 million. The Authority's Debt Service Coverage ratio is at 1.53 versus the 1.25 required.

Chairman Untalan then inquired if the estimated amount YTD Operating Expenses would be approximately 7.5% below budget, to which Mr. Bordallo affirmed. Chairman commented on the amount of Cash On Hand (approx $320,000) that the Authority has and how it was relative to the positive rating of the Authority.

The Chairman then congratulated the Management Team on the current condition of the Authority due to their extreme competence.

9. EXECUTIVE SESSION

There was no Executive Session held.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Alcorn, seconded by Director Sobti, at 4:26p.m., the meeting was adjourned.

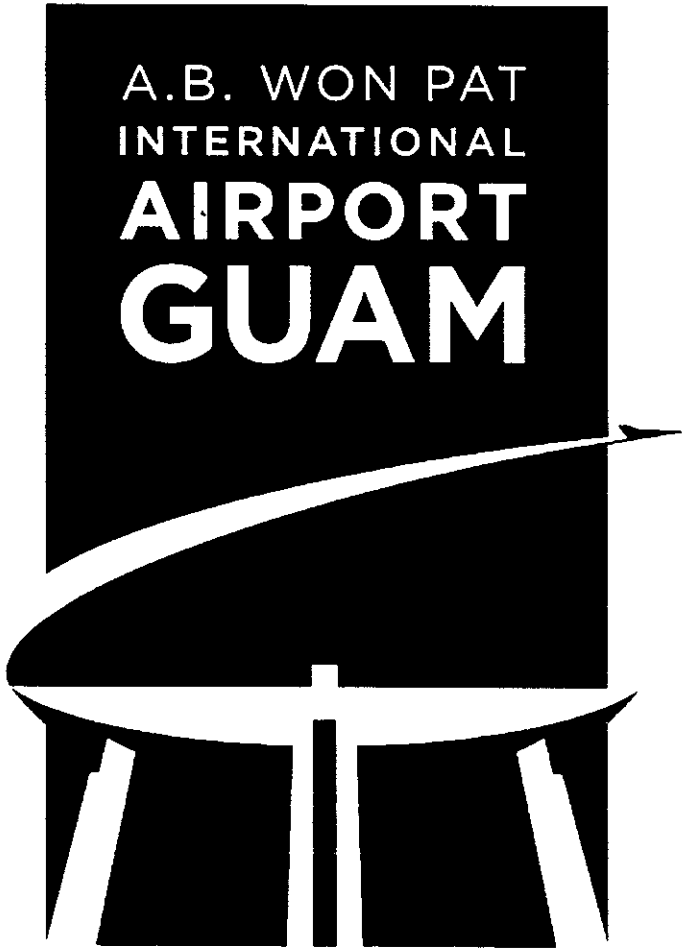
Current Brand /Logo Representation

A.B. WON PAT
INTERNATIONAL AIRPORT
GUAM
ATURIDAT PUETTON BATKON AIREN GUAHAN ENTENASIONAT

- Adopted in January 2007 Island-wide Art Contest
- Brand/Logo Characteristics:
  - Airport Façade (Flying Proa)
  - Cultural Element (Coconut Tree)
  - Incorporated Aviation (Airplane)
  - Incorporated Forward Motion and Progress (Aircraft trail from past with forward movement)

Why Re -Brand?

- **We are going places, literally and figuratively**
  - Expanding Services
  - Increasing Assets
  - Enhanced Facilities



- **The agency's redesign is a sign of**
  - A new stage of growth
  - A new future of business opportunity

- **Technical applications and Modern Design**
  - Stand out in Social media applications
  - "Iconic" in design, a strong representation across print, visual and technological platforms
  - Simple, Bold, and Fresh

Re-Branding &

Logo Rationale

No longer an abstract interpretation of the Airport brand, the new logo takes a literal approach combining the most unique aspects of Guam and her Airport. The design is simple and clean using broad lines and a palette that is both exciting and bold.

THE PROA
The new re-designed A.B. Won Pat International Airport Guam logo showcases the iconic Proa shape — a unique physical feature of the Airport's architectural design representing strength, pride and innovation.

TAKING FLIGHT
Just over the Proa structure, a sleek plane graphic flies smoothly through the middle of the logo suggesting upward movement and mobility.

THE FONTS
The font is bold, modern and versatile. "GUAM" takes center stage as we focus on the international marketability of the island and enhance our reputation as a preferred and viable destination and place to do business.

THE COLORS
A modern, contemporary palette of contrasting light and dark blues convey boundless opportunities for progress ahead.

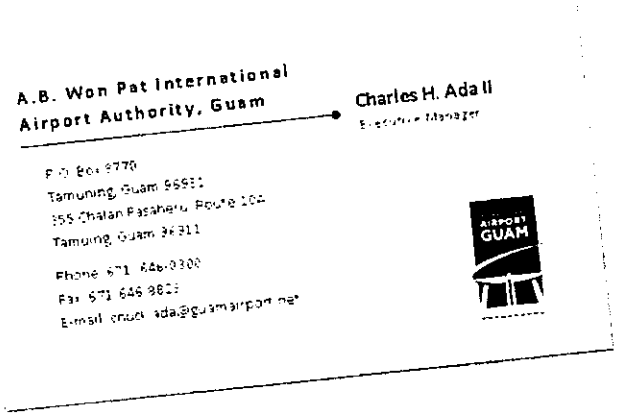
Launching of the Re-Brand/Logo

Tell Employees

- No surprise! Announce logo at next employees meeting to be scheduled in early October, 2014. Include in agenda excitement of a new logo by having a Logo Launch Party, (i.e. pizza party or coffee and donuts).
- Nice way to restate organization's vision, and redesign marks a new chapter for the Agency
- An improved logo is reflective of where they work, and is a positive enhancement of the agency, and facility's image.

Tell Our Stakeholders and Customers

- Announce logo to stakeholders and customers with catchy phrase "We're on it 24/7" messaging – proudly announcing a ***"new stage of growth"*** or ***"same agency, new look"*** It is an opportunity to mark a season of positive change at organization.



Implement Across the Board

- Across all platforms, in all manners, representing the Agency.

GENERAL AIRPORT INSURANCE – RENEWAL FOR FISCAL YEAR 2015

INTRODUCTION

The A.B. Won Pat International Airport Authority, Guam as required by the GIAA Bond Indenture is required to carry on adequate amount of insurance coverage to protect the Authority, its officers and bondholders. The Airport Insurance Program, which consists of Conventional Insurance covers general airport operations and was developed by GIAA with the assistance of its Insurance Consultant. The Insurance Program includes six (6) policies, Property Insurance with Catastrophe; Airport Operators Liability, Directors & Officers Liability, Workman's Compensation, Automobile Insurance, and Crime Insurance, all of which are described in detail below.

CONVENTIONAL INSURANCE COVERAGE

The General Airport Insurance is provided to protect GIAA from potential losses resulting from its operations. Listed below are the types of insurance and coverage provided and described in the Premium Comparison analysis and Markets & Underwriters indications attached:

Property Insurance Including Catastrophe	Blanket coverage for All risks of direct and physical loss or damage to all Real and Personal Property. Renewal of coverage includes limit of $200M with $500,000 deductible and B&M sub-limit of $5M. Catastrophe insurance; Windstorm, Typhoon & Earthquake. Renewal of coverages includes sub-limit of $5M with $5M deductible.
Airport Operators Liability	Legal Liability Coverage against claims from members of the general public (third parties) arising from operations at the Airport or elsewhere in the course of the Airports business. Renewal of coverage includes limit of $500M with Personal Injury limit of $25M and $100,000 deductible for Property Damage.

Directors & Officers Liab.	Coverage for GIAA's Directors & Officers for loss in which the parties become legally obligate to pay for a Wrongful Act. Includes Employment Practices Liability (EPL) that provides coverage for loss in which the GIAA becomes legally obligated to pay for employee's or former employee's claim for Wrongful Termination, Unfair Dismissal, Harassment, Discrimination, Emotional Distress, Invasion of Privacy, Failure to Employ or Promote, Wrongful discipline, etc. Renewal of coverage includes limit of $4M with EPL sub-limit of $1M and no deductible.
Workman's Compensation	Coverage for costs and benefits for job related injuries sustained by GIAA employees. Provides Employer's Liability in the event the Authority is sued by the employee. Renewal of coverage includes P.L. 80 Statutory Benefits, Employers Liability limit of $1M with no deductible.
Automobile Insurance	Coverage provides for bodily injury and property damage to third parties arising from the use of owned, non-owned or hired vehicles. Coverage has no Aviation Risk Exclusion clause. Coverage on comprehensive, collision & typhoon on all vehicles with a current market value of $10,000 or more. Renewal of coverage includes combined single limit of $2M for bodily injury and property damage liability. Comprehensive & Collision on all vehicles covers actual cash value with deductible of $1,000.
Crime Insurance	Employee Dishonesty - Coverage provides indemnity to the Authority for the loss of money or other property through the fraudulent or dishonest acts committed by employees. Renewal of coverage includes limit of $1M with $50,000 deductible. Money & Securities - Coverage provides indemnity for loss or destruction of money, securities or negotiable instruments inside the premises and off premises. Coverage sustained from accepting counterfeit money orders or currency. Renewal of coverage includes limit of $100,000 for Loss inside of premises, $100,000 for Loss outside premises and $100,000 for Counterfeit Paper Currency. Deductible is $10,000 for each occurrence for Premises, Transit, and Offices & $50,000 for Counterfeit paper. Re: FY 2015 Insurance Renewal
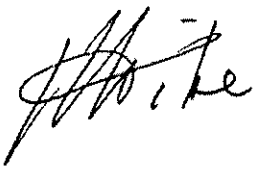
Purchase Recommendations

I have reviewed the following documents submitted by AM Insurance:



- FY2015 Insurance Quotes
- FY2015 Markets & Underwriters
- Premium Comparison FY2014 – FY2015 (Updated on: 9/25/2014 @ 2:33 PM)

Assuming the policies offered by the carriers meet the FY 2015 Insurance Specifications, I recommend the Authority effect the following purchases:

Property Insurance:	Calvo's	$440,000
Airport Liability:	Calvo's	$273,360
Workers Compensation:	Calvo's	$ 60,000
Directors & Officers:	Calvo's	$ 70,000
Automobile Insurance:	Moylan's	$ 35,624
Crime Insurance:	Moylan's	$ 8,490

The overall savings for fiscal year 2015 will be more than 20% ($234,359). This is extraordinary and the brokers are to be complimented for their outstanding work.

Regards,

Dynamic Air will continue its Beijing/Guam direct charters with six flights in October, utilizing a 767-200 ER aircraft with a capacity of 235 passengers.

United Airlines
Effective October 27, 2014, United Airlines will be adding 2 routes from Guam, with service to Seoul and Shanghai. The Seoul route will be operated daily, utilizing B737-800 aircraft with 155-seat configuration. Monthly inventory for Seoul market will increase by 4,650 monthly, or 55,800 annually. This route was last served by Continental Micronesia on non-stop, scheduled basis since February 1997. The Shanghai Pu Dong route will operate twice weekly, offering the first, regularly scheduled direct flight from China to Guam. This route will be serviced with a B737-800 series aircraft, effective October 28, 2014 with a seat capacity of 1,240 monthly and 14,880 annually.

Philippine Airlines
Beginning October 26, 2014, Philippine Airlines will be increasing operations on **Manila–Guam**, from five flights to seven flights weekly, utilizing Airbus 320 aircraft. This increases seat capacity by 300 weekly, and adds more seat capacity annually, from 39,000 to 54,600 seats.

Jin Air
Effective December 12, 2014, Jin Air will be upgauging their aircraft from a B737-800 with 183 pax to a B777-200 with 355 pax capacity. This increases annual seat capacity from 66,745 to 129,575 seats and continues a trend of capacity growth from the South Korea market.

Cebu Pacific Airlines
The December 2014 launch of Cebu Pacific to serve Manila/Guam will be deferred until March 2015. The Manila Airports Authority has placed a limitation on slots in Terminal 3 at this time, where Cebu Pacific's Guam operations were to operate, due to the recent transfer of 5 international carriers from Terminal 1 to Terminal 3. Cebu Pacific has advised that they will still continue lobbying for a slot and will continue station set up in Manila and necessary approvals with FAA and DHS for a March 2015 launch.

Oren Air
Oren Air has suspended its Russia/Guam operations while it resolves issues between their travel agent and the airline. They have provided charter service biweekly since November 2013, from Vladivostok and Khabarovsk, and later servicing direct flights from 3 other Russian origination points (Petropavlosk-Kamchatsky(PKC), Yuzino-Sakhalinsk (UUS), and Blagoveschensk (BQS)) in April 2014. All service was provided utilizing a B737-800, with a capacity of 189 seats. Oren Air still maintains its license to operate at the Guam Airport and all required approvals with federal entities.

TENANT ISSUES
A meeting with stakeholders is scheduled for October 9, 2014 for signatory airlines and regulatory agencies. Gensler and Associates will be presenting the updated design of the International Arrivals Corridor, first presented to stakeholders in mid July 2014. The initial concept was presented by the Airport's design firm in mid July 2014.

SAFETY AND SECURITY

GIAA K-9 Recertification
Two GIAA K-9 teams successfully underwent their annual certification and evaluation with TSA National Explosives Detection Canine Team trainer, Ken Gaymon. Training took place August 23 through 25, 2014, in Guam, within the K-9 teams working environment. The K-9 teams, Airport Police Officer Joe Untalan, handler of K9 "Jully" and Officer John Flores, handler of K9 "Garraro" were evaluated on their testing handler skills, explosives safety, and safe handling and accountability of explosives canine training aids. In their evaluation for searching for explosives in the terminal, cargo building, baggage system areas and parking lots, both teams scored a 100% find rate.

Fire Truck on Assembly Line
GIAA Board and Management received a status report on the new fire truck that is being manufactured to custom specifications under an FAA grant, to be delivered to GIAA ARFF unit in May of 2015. The truck is being manufactured by Rosenbauer America and delivered to the Airport through local company Morrico Equipment, who was awarded the contract through a competitive bid process in May of 2014. The new fire truck is valued at $891,966.00, and will meet several code standards and will be equipped to handle wide body aircraft such as the A380 and B737.

Enforcement of Driving and Traffic Laws
Airport Police has been conducting enforcement measures during weekends and holidays throughout Airport roadways that include Route 10-A, and the Tiyan thoroughfare. These roadways are often used as an alternate route by those who are trying to avoid traffic stops. Airport Police strongly encourages everyone to drive safe and sober, or get pulled over, and are working to keep our airport roadways safe.

Earthquake Assessment
Immediately following the September 17, 2014 6.7 magnitude earthquake, a GIAA assessment team performed a preliminary assessment of the terminal, ramp and runways for damages to facilities and/or equipment, with no findings that would affect safety and security and Airport operations continued without any interruption or delay as a result of the earthquake. A more detailed survey followed on September 18 and 19, 2014 for a very thorough inspection. A report will be provided to the Board for their reference.

New Badging Office
Operations at the new Airport Police Badging office began on Monday, September 15, 2014 at 8am. The badging office is now located on the basement level of the Main Terminal, right next to the GIAA Procurement office. A screen with instructions and service numbers, multi seating units, a service counter and tables to fill out forms are now available as enhanced customer service features.

RECOMMENDATION OF COUNSEL

TO: Board of Directors
ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM

CC: Mr. Charles H. Ada II
Executive Manager
ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM

FROM: Janalynn Cruz Damian
CALVO FISHER & JACOB LLP

DATE: September 16, 2014

SUBJECT: **Executive Session**

Pursuant to 5 GCA § 8111(c)(1), I hereby recommend that the Board of Directors of GIAA conduct an Executive Session at the next regularly scheduled Board meeting to discuss pending or threatened litigation to which GIAA is or may be a party.

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE A.B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM
Wednesday, December 3, 2014, 3:00p.m.

1. CALL TO ORDER AND ATTENDANCE

The December 3, 2014 regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") was called to order by Chairman Untalan at 3:03p.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Edward G. Untalan	Chairman
Gurvinder Sobti	
Rosalinda A. Tolan	
Lucy M. Alcorn	
Martin J. Gerber	

Directors Absent:
All Present

GIAA Officials:	
Charles H. Ada II	Executive Manager
Peter Roy Martinez	Deputy Executive Manager
Carlos P. Bordallo	Comptroller
Frank R. Santos	Business and Financial Consultant
Jean M. Arriola	Air Services Manager
Gerard Bautista	Air Terminal Manager
Victor Cruz	Engineer Supervisor

Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman first clarified that this meeting was the November Regular Board meeting which had to be postponed due to notification issues. He then welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No changes were made. On motion duly made by Director Tolan to approve agenda as presented, seconded by Director Sobti; motion carried.

3. APPROVAL OF MINUTES

A. September 26, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the September 26, 2014 Minutes.

On motion duly made by Director Alcorn and seconded by Director Tolan, the Minutes of the September 26, 2014 regular meeting were unanimously approved, subject to corrections.

4. CORRESPONDENCE

A. Executive Manager Charles Ada II brought to the Board's attention correspondence from the FAA in reference to Star Marianas. The FAA informed GIAA that Star Marianas's complaint was dismissed. GIAA communicated with FAA that the letter was received and that the Authority is moving forward with their plans and staying in communication with Star Marianas.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status Updates of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Finance Consultant, presented three schedules; one dealing with the Bond project, the second dealing with the FAA UDO projects, and lastly the CIP, for the Board's information. Mr. Santos reported that the design is at 60% progress for the International Arrivals Corridor, with the project being scheduled for bid in April 2015

with a construction period of eighteen (18) months. For the next report, Mr. Santos informed the Board that there would be an amendment for the project cost to reflect current estimates.

Mr. Santos then touched upon the planning for an Interim Interisland Facility to handle nine (9) pax or less commuter flights. The planned location is situated between the old terminal and cargo building.

Mr. Santos reported that to date, the Authority has expended about $7.2M of the $110M new Bond money it has received, with that number expected to increase with the revised cost estimates for the corridor. Other projects are now moving forward with design with the PLB Replacement, the Parking Expansion, ARFF Facility, Terminal Seating, and the Security Screening project.

The second schedule presented was the UDO Analysis. Mr. Santos reported that the only matter to be highlighted was that the Authority is doing very well in all years except 2011 as far as the FAA is concerned regarding rate of use. As soon as legal review is completed, the IFB will be announced for Phase III of the demolition project. Last item presented was a request for an amendment to IP-84 for another $800,000 which is available, upon approval.

The third schedule was then presented by Mr. Santos starting with the Public Restroom Upgrades regarding the restrooms located on the Apron level and Baggage Claim, which is scheduled for bid before December 25, 2014. The second project of the third schedule presented was the Roof Design, which could be bid out as a singular project, or combined with the Third Floor Roof project, ensuring that specifications for both packages are consistent. Chairman Untalan then commented that it would make sense to do the roof projects at the same time. Mr. Santos then informed the Board that pros and cons and timing would all be looked at as factors to determine whether or not to combine the projects. Mr. Santos then presented smaller projects out for bid, mainly waterlines. He informed the Board that the roof being replaced would in turn address the leaking waterlines.

The Chairman then asked the Board and attendees if there were any questions, there were none. He then thanked Mr. Santos.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - RFP No. GIAA-001-FY15- Business and Finance Consultant

The first matter discussed was the approval of award of the Business and Finance Consultant services contract, RFP No. GIAA-001-FY14. The Executive Manager informed the board that a Request for Proposal was announced to solicit proposals from professional Airport Business and Financial Consultant firms to advise and assist management on airport, aviation, planning, and capital improvement projects. The contract term is for five (5) years.

A total of two (2) firms picked up the RFP package, and both submitted proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer based on the evaluation criteria set forth in the RFP. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer A
2. Proposer B

Management recommends that the contract is awarded to proposer A, the most qualified ranking proposer A, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

On motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 15-01

The Board Hereby approves the ranking and contract award to proposer A, as the highest ranked proposer for the Business and Finance Consultant, RFP No. GIAA-001-FY15, subject to negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest ranked proposer.

Executive Manager Ada then announced that Proposer A is TMG Transportation Management Group.

B. Approval of Award - IFB No. GIAA-007-FY14 - Grasscutting and Herbicidal Treatment Services

The next item discussed was approval of the contract award for Grasscutting and Herbicidal Treatment Services, IFB No. GIAA-007-FY14. The Executive manager informed the Board that an Invitation for Bid was announced to solicit bids from businesses who provide grasscutting and herbicidal treatment services inclusive of all labor, materials, supplies and equipment to airport areas. The term of the contract is for a period of three (3) years with an option of renewal for a one (1) year period, not to exceed a total contract term of five (5) years.

Twenty-one (21) firms/individuals purchased bid package and six (6) firms submitted bid proposal before submission deadline. The additive bid is to be awarded upon availability of the Tiyan Parkway Project. The aforementioned area is currently under construction and is estimated to be available within the first quarter of 2015.

There are a total of four (4) different areas of responsibility on Airport grounds, in which two companies bid lowest. The areas as described in the bid package are: 1. Item 1 Area 1 AOA, 2. Item 2 Area 2a North Tiyan, 3. Item 2b Additive Bid, 4. Item 3 Area 3, South Tiyan, 5. Item 4 Area 4 Industrial Park. The Executive Manager informed the Board that according to the proposals, total savings for the Authority in this matter would be in the range of $31,000.00.

Chairman Untalan inquired into who held the current contract for the grasscutting and herbicidal treatment services, with Executive Manager Ada responding that the duties were spread out amongst different contractors. Chairman then inquired if any of the current contract holders were able to submit competitive proposals, and the Executive Manager informed him that they had not.

By recommendation of Management, the Executive Manager requested that the Board authorize the contract award to both Legend Pacific LLC and G-Crew Maintenance for bid items. It has been determined that both firms have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the recommendation was accepted.

Resolution No. 15-02

The Board hereby approves the contract awards for the Grasscutting and Herbicidal Treatment Services, IFB No. GIAA-002-FY14 to (1) Legend Pacific LLC in the amount of $153,758.71 for Items 1 (AOA) and 2a (N. Tiyan Area), with additive bid option $8,756.75 for Item 2b , and (2) G-Crew Maintenance in the amount of $61,700.00 for Items 3 (S. Tiyan Area) & 4 (Airport Industrial Park).

C. Approval of Award - IFB No. GIAA-001-FY15 - Landscaping and Plant Rental Services

The next item discussed was the approval of contract award for Landscaping and Plant Rental Services, IFB No. GIAA-001-FY15. The project is to provide landscaping and plant rental services within the Main Terminal Building and Terminal Areas. The awarded bidder will be required to provide potted plants of different types and sizes to be displayed in different areas of the Main Terminal Building. This invitation for bid was advertised for one (1) year, with the option of renewal for one (1) year, not to exceed at total of five (5) years.

Seven (7) firms/individuals purchased the bid package, with five (5) submitting proposals before the submission deadline. All five (5) firms were determined to be acceptable. According to evaluation, of those firms, GPF Corp. submitted the lowest bid at $106,740.60, saving the Authority approximately $5,000.00.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 15-03

The Board hereby approves the contract award for Landscaping and Plant Rental Services, IFB No. GIAA-001-FY15 to GPF Corp. in the amount of $106,740.60.

D. Approval of Award - IFB No. GIAA-CO3-FY14 - TSA Recapitalization & Optimization Project

The next matter discussed was the approval of award under invitations for bid for TSA recapitalization and optimization project, IFB No. GIAA-CO3-FY14. The Executive Manager informed the Board that the IFB solicited bids from firms to provide construction and renovation work inclusive of all labor, materials, supplies and equipment to TSA recapitalization & optimization project. Ten (10) firms/individuals picked up bid package and seven (7) submitted their proposal before the submission deadline. The firms were evaluated and deemed acceptable. Based on evaluations, the Management's recommends that the Board approve the contract award of $3,983,586.00 to BME & Sons Inc, who has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

The Executive Manager informed the Board that the project should complete construction in January of 2016 and be in full service by April of 2016.

On motion duly made by Director Sobti, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 15-04

The Board hereby approves the contract award for TSA Recapitalization & Optimization project, IFB No. GIAA-CO3-FY14 to BME & Sons Inc. in the amount of $3,983,586.00.

E. Exchange License Agreement - Core Tech

The last item of New Business discussed was the Exchange License agreement with Core Tech International Corp. Mr. Frank Santos, GIAA Business and Finance Consultant informed the Board of Core Tech's request for the Airport to consent to the assignment between Core Tech International Corporation and Arizona GFF Tiyan LLC, a non-profit group. The terms of the existing license agreement does not change any rights that the Authority currently has. It is the recommendation of the Management to 1) authorize Management and Legal Counsel to amend, if required, the license agreement to permit the assignment, and secondly, 2) for the Board to authorize Management to execute the consent.

Chairman Untalan informed the Board and Management that Core Tech is a client of his, so he recused himself from the action, appointing Director Gerber as Chairman for the action. Director Gerber then asked Mr. Santos if the agreement has been reviewed by the Authority's legal team, in which Mr. Santos replied that it would be reviewed, upon the Board's approval.

On motion duly made by Director Sobti, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 15-05

The Board hereby approves, subject to legal review, two actions: the authorization of Management and Legal counsel to amend, if required, the license agreement to permit the assignment, and secondly, the authorization of Management to execute the consent.

7. REPORT OF THE EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager.

The Executive Manager touched upon a few issues, starting with a scheduled meeting with Jin Air in relation to airline issues. He also mentioned the Airport Employee

Association's donation of eight turkeys to DYA, and toiletries and cleaning supplies to Catholic Social Services.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Carlos Bordallo, Comptroller, presented the monthly financial report. He reported to the Board on the revenues and expenses of the Authority as of October 31, 2014. Mr. Bordallo reported that year-to-date Total Signatory Revenues are under budgeted revenues by -3.2%, year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by -4.3% and -10.2%. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by 12.3%. Year-to-date Total Operating Revenues Actual of $5.42M is -0.7% below the budget estimate of $5.5M. Year-to-date Total Operating Expenses are below budget by -22.9%. Components of this line item include a -32.86% decrease in Personnel Service, a -11.0% decrease in Contractual Services, a 90.5% increase in Materials & Supplies and n -0.0% increase/decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date New Revenues from Operations of $2.41M reflects an increase of 54.5% over the year-to-date budgeted amount of $1.56M. Finally, Mr. Bordallo reports that the year-to-date Debt Service Coverage is at 1.35 versus the requirement of 1.25.

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Gerber and seconded by Director Alcorn, and unanimously approved, at 3:34 p.m. the Board recessed to convene executive session to discuss pending litigation. Due to the late arrival of the Court Reporter, no Executive Session was held. At 4:04 p.m., the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were none.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Alcorn, seconded by Director Sobti, at 4:04 p.m., the meeting was adjourned.

"It's more expensive to go the emergency department, the use of emergency care ctors and nurses and diagnos- tests and supplies are much ore expensive. In the urgent re they're non-life threaten- g cases so we don't need the ecialized care and specialized ofessionals we're required to ve in the emergency room," erez said.

The hospital is currently oking to hire health profes- onals to work in the urgent are center.

The urgent care center will nly open during the peak hours a day, Perez said. For now, the enter is scheduled to be open rom 3 p.m. through midnight o help alleviate the strain on the mergency department.

"Right now, they will be start- ing with limited hours, around 3 p.m. to midnight shift to cover the peak hours of the emer- gency department when most of our patients tend to be coming in," Perez said. "If the demand requires us to extend the hours, the hospital will (extend) the hours to where we really need it."

The emergency department at the hospital acts as a 24-hour public health clinic for many people on Guam, Perez said. Because the hospital is mandated to treat all patients regardless of whether they are able to pay for the services, GMH is often the only option for medical care for some residents.

"It's also like a public health clinic. So they will come and that is why we are extending our services to provide an Urgent Care center," she said.

The urgent care center was mandated by P.L. 32-60.

updated on the mayors' soft- ware next year.

Although the land map soft- ware cannot be used for legal services, it provides a decent representation of the land lots for other uses. The software also doesn't provide informa- tion about the value of any property.

Mayors often encounter problems between neighbors about property lines, and this information can be helpful with some of those disputes.

For example, there are privately owned lots adja- cent to government land that sometimes residents ask the job to clear those areas.

The map software can also help buyers beware of the land they could be purchasing, Borja said.

In addition to the mayors' software, there is also a map website maintained by the government found online that shows basic boundaries and areas where public schools, streets, land parcels, emer- gency response agencies and medical facilities are located throughout the island. The information is on www.maps.guam.gov. Although it does not provide lot numbers and land owner information, it does provide an environmental assessment tool.

The tool shows areas on Guam that have been iden- tified as wetlands, sink- holes, Federal Emergency Management Agency flood zones, zoning information,

a second-degree felony, fraud- ulent use of credit cards, elud- ing a police officer and special allegation of commission of a felony while on felony release.

On Nov. 17 at around 2 p.m., police responded to a burglary of a motor vehicle complaint at Our Lady of Peace Cemetery in Windward Hills. A woman told police that after attend- ing a funeral service that after- noon, she discovered that her vehicle had been broken into. The suspect allegedly took the victim's purse, driver's license and credit cards from inside the vehicle. The victim said the value of the branded purse is $1,800.

Police later discovered that there were two unauthor- ized transactions made on the victim's credit card totaling $100 at a gas station. Police suspect vehicle in Umatac and identified the operator as Guer- rero. When police attempted to effectuate a traffic stop, the suspect sped off toward the Umatac water reservoir.

Police found that the defen- dant had parked the vehicle and had possibly run into the jungle. He was later arrested at a residence in Umatac.

Police also discovered that the vehicle Guerrero was driv- ing was reportedly stolen from an auto shop in Tamuning on the morning of Nov. 16.

Surveillance footage from that establishment showed a male individual climbing the fence into the auto company's parking lot and then stealing the vehicle.

Guerrero is on pre-trial release for theft.

A woman told police that after attending a funeral service that afternoon, she discovered that her vehicle had been broken into.

A DEFENDANT in an ongoing felony case in Superior Court was arrested by police last week after allegedly committing another burglary.

Kevin Anthony Guerrero, 54, was apprehended and charged with theft of a motor vehicle as a second-degree felony, burglary of a motor vehicle as a second-degree felony, theft as a second-degree felony, fraudulent use of credit cards, eluding a police officer and special allegation of commission of a felony while on felony release.

On Nov. 17 at around 2 p.m., police responded to a burglary of a motor vehicle complaint at Our Lady of Peace Cemetery in Windward Hills. A woman told police that after attending a funeral service that afternoon, she discovered that her vehicle had been broken into. The suspect allegedly took the victim's purse, driver's license and credit cards from inside the vehicle. The victim said the value of the branded purse is $1,800.

Police later discovered that there were two unauthorized transactions made on the victim's credit card totaling $100 at a gas station. Police obtained video surveillance footage from the establishment where the transactions took place and observed two suspected vehicles that were possibly involved.

On Nov. 18, police spotted the suspect vehicle in Umatac and identified the operator as Guerrero. When police attempted to effectuate a traffic stop, the suspect sped off toward the Umatac water reservoir.

Police found that the defendant had parked the vehicle and had possibly run into the jungle. He was later arrested at a residence in Umatac.

Police also discovered that the vehicle Guerrero was driving was reportedly stolen from an auto shop in Tamuning on the morning of Nov. 16.

Surveillance footage from that establishment showed a male individual climbing the fence into the auto company's parking lot and then stealing the vehicle.

Guerrero is on pre-trial release for theft.

EXECUTIVE SUMMARY

REQUEST FOR PROPOSALS, RFP NO. GIAA-001-FY15
AIRPORT BUSINESS & FINANCE CONSULTANT

October 30, 2014

Purpose

Board action is requested to approve the ranking results based on the evaluation process performed through the Request For Proposals (RFP) No. GIAA-001-FY15 for Airport Business & Finance Consultant.

Background

The referenced RFP solicits proposals from professional Airport Business & Finance Consultant firms to advise and assist management of GIAA on airport, aviation, planning and capital improvement projects and other related matters. The contract term is for a total term of five (5) years.

Procurement Background

The above referenced RFP was advertised in the local newspapers throughout the month of October 2014. The established deadline to submit the proposals was on October 24, 2014.

A total of two (2) firms showed their interest by obtaining the RFP package; and the two (2) firms responded by submitting their proposals before the established deadline.

After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package.

The Evaluation Committee has completed their evaluations and the scores sheets were gathered and tabulated by Procurement Office. As a result, the selected firms in the order of their ranking are as follows:

1. Proposer A
2. Proposer B

Legal Review

Upon Board approval, a standard professional services contract will be forwarded to Legal Counsel for review and approval as to form.

Financial Review

The Airport Business & Finance Consultant Agreement will be funded from the O & M Budget for Fiscal Year 2015.

Recommendation

Management recommends the approval of the ranking results and the contract award to **Proposer A,** as the highest ranked proposer for the Airport Business & Finance Consultant subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

MEMORANDUM

TO: Charles H. Ada II, Executive Manager

FROM: Franklin P. Taitano, Supply Management Administrator

SUBJECT: Evaluation and Recommendation - Request For Proposal (RFP)
Airport Business & Finance Consultant
RFP No. GIAA-001-FY15

The referenced Request for Proposal (RFP) solicits interests from firms or individuals to provide professional services for the Airport Business & Finance Consultant. The advertisement for this RFP was published in the local newspaper for the month of October 2014. The deadline to submit the proposals was on October 24, 2014.

Two (2) firms/individuals acknowledged receipt of the package and the two (2) firms submitted qualification documents before the submission deadline.

Evaluation and Selection

Pursuant to Basis for Evaluation of the package, after receipt of all proposals, the GIAA Evaluation Committee conducted an independent evaluation for the purpose of selecting the most responsive and responsible offeror based on the evaluation criteria. The committee which Management established to evaluate the firms' qualifications included the following:

a. Pedro R. Martinez, Deputy Executive Manager
b. Carlos Bordallo, Comptroller
c. Gerard Bautista, Air Terminal Manager

The committee completed their evaluation and the scores were tabulated as reflected on the attached summary worksheet. As a result of our tabulation, the firms selected in the order of their ranking are as follows:

1. Proposer A
2. Proposer B

Recommendation

Based on the tabulation of the proposers ranking, it is determined that **Proposer A** ranked number one and the best qualified firm to perform the required services in accordance with the criteria set forth in the RFP. Also, as a result of our review of the submitted required documents, the firm has been deemed to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

Therefore, management recommends the approval of the ranking results and the contract award to **Proposer A**, as the highest ranked proposer for the Airport Business & Finance Consultant subject to negotiations of fair and reasonable fees**.** In the event that the aforementioned negotiations prove unsuccessful, the GIAA may enter negotiations with the next highest ranked proposer.

Should you have any questions or need to discuss this matter further, I am available at your request.

MEMORANDUM

TO: Charles H. Ada II, Executive Manager

FROM: Franklin P. Taitano, Supply Management Administrator

SUBJECT: Bid Evaluation and Recommendation "Invitation For Bid"
Grasscutting and Herbicidal Treatment Services
IFB No. GIAA-007-FY14

Procurement Background:
The above referenced Invitation For Bid was publicly announced through the local newspaper on the month of September 2014. The bid submission deadline and bid opening took place on October 20, 2014 at 2:00 p.m.

Twenty-One (21) firms/individuals purchased the bid package and six (6) firms submitted bids before the bid submission deadline. The bid submittal was opened in the presence of the bidders, members of the public and several GIAA representatives. The bid offer was read aloud by the Supply Management Administrator and tabulated by a Procurement staff.

The additive bid is to be awarded upon availability of the Tiyan Parkway Project. The aforementioned area is currently under construction and is estimated to be available within the first quarter of 2015.

The results of the bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name	Item 1 Area 1 AOA	Item 2 Area 2a North Tiyan	Item 2 Area 2b Additive Bid	Item 3 Area 3 South Tiyan	Item 4 Area 4 Industrial Park
GUAM CLEANING MASTERS	$348,888.00	$90,000.00	$31,888.00	$48,988.00	$53,888.00
K CLEANING SERVICES	NO BID	$56,168.00	$25,160.00	$51,470.00	$60,610.00
INFRATECH LLC	$205,920.00	$108,304.00	$36,288.00	$60,480.00	$72,576.00

INVITATION FOR BID
LANDSCAPING AND PLANT RENTAL SERVICES
IFB NO. GIAA-001-FY15

November 21, 2014

Purpose

Board action is requested to approve the bid award of the above project under the Invitation For Bid No. GIAA-001-FY15.

Background

The project is to provide landscaping and plant rental services within the Main Terminal Building and Terminal Areas. The awarded bidder will also be required to provide potted plants of different types and sizes to be displayed in the different areas of the Main Terminal Building.

The bid award provides a contract term of one (1) year. The contract may be renewed annually at GIAA's sole option for additional one-year period(s), not to exceed the total contract term of five (5) years.

Procurement Background

The solicitation announcement was advertised through the local newspapers during the months of October & November 2014. The bid submission deadline and bid opening took place on November 12, 2014.

Seven (7) firms/individuals purchased bid package and five (5) firms submitted bid proposal before the submission deadline. As required by the Procurement Rules and Regulations, the bids were publicly opened and read aloud in the presence of the bidders. All five (5) firms were evaluated and determined that all firms to be acceptable.

The submitted bids are presented below:

Bidder/Firm's Name	Item 1.0 Total Cost
GUAM CLEANING MASTERS	$111,111.00
LANDSCAPE MANAGEMENT SYSTEMS (LMS)	$153,589.23
JJ GLOBAL	$110,954.00
GPF CORP.	**$106,740.60**
LEGEND PACIFIC LLC	$110,110.00

Legal Review

Upon approval of award, the contract will be processed through issuance of a Purchase Order in conformance with the Government of Guam Procurement Regulations.

Financial Review

The total contract award for this bid is $106,740.60. Funding for this bid is available under the FY2015 O&M budget.

Recommendation

Management recommends the contract award of **$106,740.60** to **GPF Corp.** who has been determined to have met the standards of responsibility and responsiveness outlined in Guam Procurement Regulations.

an Arizona limited liability company
as Assignee

Dated as of December __, 2014

ASSIGNMENT AND ASSUMPTION OF EXCHANGE LICENSE AGREEMENT

THIS ASSIGNMENT AND ASSUMPTION OF EXCHANGE LICENSE AGREEMENT (this "Assignment"), dated as of December ___, 2014 (the "Effective Date"), is by and between Core Tech International Corporation, a Guam corporation (the "Assignor"), and AZ GFF Tiyan, LLC, an Arizona limited liability company (the "Assignee").

WITNESSETH:

WHEREAS, Assignor has entered into that certain Exchange License Agreement dated April 5, 2012, which was recorded on April 24, 2012 as Instrument No. 835863, in the Official Records of the Department of Land Management of the Island of Guam, together with any amendments, modifications, writings and other documents relating thereto (collectively referred to as the "License") attached as Exhibit "A" with the Guam International Airport Authority, an autonomous instrumentality of the government of Guam (the "Licensor"), pursuant to which Assignor, as licensee was granted a license from Licensor to use certain real property and improvements (the "Property") and in return, Assignor granted Licensor a license to use other Lessor property; and

WHEREAS, Assignee is receiving fee title to the real property being licensed by Assignor to Licensor under the License pursuant to the terms of the Purchase Agreement between Assignor and Assignee dated December __, 2014 (the "Purchase Agreement"); and

WHEREAS, Assignor desires to assign and Assignee desires to assume all of Assignor's interest and obligations in, to and under the License for the purpose of exercising the rights and performing the duties and obligations of Assignor under the License.

NOW, THEREFORE, in consideration of the above Property and of the mutual covenants hereinafter contained and for other good and valuable consideration, the parties hereto agree as follows:

Section 1. Assignment of License. For value received, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably assigns unto Assignee all of Assignor's right, title, interest, responsibilities, liabilities, obligations, and benefits in, to and under the License from and after the Effective Date.

Section 2. Acceptance and Assumption. As of the Effective Date, Assignee hereby (a) accepts this Assignment of all of Assignor's rights, title, and interest in, to and under the License; and (b) assumes and agrees to perform and observe all of Assignor's covenants, responsibilities, and obligations set forth under the License which accrue from and after the Effective Date.

Section 3. Warranties and Covenants. Assignor hereby represents, warrants and covenants to and with Assignee that:

(a) Assignor has not assigned any of its right, title, interest, responsibilities, liabilities, and obligations under the License to any other party;

(b) Assignor has full power and authority to assign all of its right, title, interest, responsibilities, liabilities and obligations under the License to Assignee by virtue of this Assignment.

(c) The copy of the License attached as Exhibit "A" is the same copy of the License that was delivered to Assignee and is an identical copy of the original License and constitutes the entire writing, obligation and agreement between Licensor and Assignor as the licensee, with respect to the Property.

Section 4. Further Assurances. Assignor shall execute and deliver such further acknowledgments, agreements and instruments of assignment, transfer and assurance, including bills of sale, and do all such further acts and things as may be necessary or appropriate in the opinion of Assignee to give effect to the provisions hereof and more perfectly to conform the rights, titles and interests hereby assigned and transferred to Assignee.

EXCHANGE LICENSE AGREEMENT

This Exchange License Agreement (the "Agreement") is dated April 5, 2012, 2012, and is made by and between GUAM INTERNATIONAL AIRPORT AUTHORITY, an autonomous instrumentality of the government of Guam, whose mailing address is Post Office Box 8770, Tamuning, Guam 96931 ("GIAA") and CORE TECH INTERNATIONAL, a Guam corporation, whose mailing address is 500 Mariner Avenue, Tiyan, Barrigada, Guam 96913 ("Core Tech").

RECITALS:

A. **WHEREAS,** certain property adjacent to the GIAA barracks in Tiyan was sold by the original landowners to Core Tech in January, 2008. Surveys by both Core Tech and GIAA confirm that the parking lot serving the GIAA barracks encroaches onto Core Tech's property by an area of approximately 1,856 square meters, and the ponding basin by an additional 946 square meters.

B. **WHEREAS,** both parties have claims and defenses against each other involving this encroachment and rather than resorting to litigation to resolve the matter, the parties have agreed to enter into this Agreement whereby Core Tech has agreed to license a portion of the subject parking lot property to GIAA for thirty (30) years, and in exchange, GIAA has agreed to license a portion of its property, which contains three (3) dilapidated barracks, to Core Tech for a period of thirty (30) years.

C. **WHEREAS,** the GIAA Board of Directors, at their regularly scheduled meeting held on March 27, 2012 approved the terms of this Exchange License Agreement.

NOW, THEREFORE, in consideration of the foregoing, the parties hereto hereby agree as follows:

1.§ **Core Tech's License to GIAA.** In consideration of the below described license, Core Tech hereby grants to GIAA a license, for the purpose of conducting airport business activities, to use and possess that certain portion of real property, situated in the municipality ofTiyan, Barrigada, Territory of Guam, more particularly described as the parking lot serving GIAA barracks with an approximate area of 1,856 square meters, as outlined in black described on the sketch attached hereto as Exhibit 1-A "The Parking Lot". Exhibit 1-B describes the area that includes the parking lot and ponding basin collectively and such contains approximately 2,802 square meters. The parties agree that the ponding basin is not an encroachment for the period, July 1, 2009 through January 8, 2012.

2.§ **GIAA's License to Core Tech.** In consideration of the above-described license, GIAA hereby grants to Core Tech a license to occupy, possess and use that certain real property situated in the municipality of Tiyan, Barrigada, Territory of Guam, and containing three (3) dilapidated barracks, outlined in black and more particularly described on the sketch attached hereto as Exhibit 2, (the "GIAA premises").

3.§ **Term.** The term of this Agreement is for thirty (30) years, commencing upon the date renovation is completed as required by §6, infra, and ending thirty (30) years hence.

4.§ **Rent.** Both parties agree that this is an exchange agreement and no rent will be charged to either party during the term of this Agreement.

5.§ **Waiver, Remediation.** In consideration of the granting of this License Agreement, Core Tech agrees to waive any and all legal claims it may have against GIAA for GIAA's encroachment onto Core Tech's property as described above. During Core Tech's possession and use of the GIAA premises, Core Tech agrees to environmentally remediate said property and to renovate GIAA' s three barracks to satisfy environmental standards and requirements of Guam Environmental Protection Agency. Core Tech agrees that it shall bear all costs for said remediation and renovation. If mutually beneficial to both parties, GIAA will consider a term extension upon request by Core Tech.

6.§ **Renovation.** Within a reasonable time from the date hereof, Core Tech shall, at its sole expense, commence, and shall thereafter diligently prosecute to complete within two (2) years, the renovation and remediation of the three (3) barracks on the GIAA premises in accordance with mutually agreed plans and specifications. GIAA shall not unreasonably withhold its consent to any plans and specifications prepared by Core Tech. The 2 year deadline shall be subject to extension if such delays are not Core Tech's fault, or delays were caused by inclement weather, strikes, act of God, by GIAA, or an event or happening that is not within the control of Core Tech.

7.§ **Alterations, Improvements, and Changes Permitted.**

a. Core Tech shall have the right to make such alterations, improvements, and changes to any building that may, from time to time, be on the GIAA premises as Core Tech may deem necessary, provided that prior to making any such structural alterations, improvements, or changes, Core Tech shall obtain GIAA's written approval of plans and specifications therefor,

which approval GIAA shall not unreasonably withhold. GIAA hereby agrees that the buildings on the GIAA premises are old, decrepit, and contain substantial environmental problems and have only nominal value.

b. GIAA shall not make any alterations, improvements, and changes to any structure on Core Techs's premises without Core Tech's prior written approval. Core Tech shall not unreasonably withhold its consent.

8.§ **Maintenance.** The parties shall, throughout the term of this Agreement, at its own cost, and without any expense to the other party, keep and maintain their respective licensed premises, including all buildings and improvements of every kind that may be a part of the premises, and all appurtenances to the premises, including sidewalks adjacent to the premises, in good, sanitary, and neat order, condition and repair.

9.§ **Warranties of Title and Quiet Possession.** Both parties covenant that each own their respective premises in fee simple, and each have full right to enter into this Agreement, and that each party shall have quiet and peaceable possession of the respective licensed premises during the term hereof.

10.§ **Compliance with Laws.** Both parties shall comply with and abide by all federal, territorial and other governmental statutes, ordinances, laws, and regulations; however, Core Tech shall not be required to comply with or follow directives from the Federal Aviation Administration ("FAA") affecting the licensed property located on the GIAA premises. GIAA shall solely be responsible to comply with and follow the directives from the FAA affecting GIAA's improvements, activity or condition on or in the Core Tech premises,

11.§ **Waste and Nuisance Prohibited.** During the term ofthis Agreement, both parties shall comply with all applicable laws affecting the respective premises, the breach of which might result in any penalty on either party or forfeiture ofeach party's exchanged interest in to their respective interests. Both parties further agree to commit no waste, nor cause any nuisance to occur on the respective premises.

12.§ **Subletting and Assignment.** Neither party may sublet or sub-license the property interests exchanged herein, in whole nor in part, without the other party's consent, and both parties shall not withhold its consent unreasonably. With regards to the GIAA premises, GIAA knows that Core Tech intends to remodel the buildings for commercial purposes and will incur substantial costs for such remodeling and environmental remediation. GIAA is fully aware that Core Tech may then seek to sublease or sub-license the buildings and the GIAA premises; accordingly, GIAA shall not withhold its consent without good cause or reason. Neither this Agreement, nor any interest of each party hereunder in the premises or any buildings or improvements thereon shall be subject to involuntary assignment, transfer, or sale, or to assignment, transfer, or sale by operation oflaw in any manner whatsoever, and any such attempted involuntary assignment, transfer, or sale shall be void and of no effect and shall, at the option of each party, terminate this Agreement.

13.§ **Utilities.** Each party shall fully and promptly pay for all water, power, telephone service, and other public utilities of every kind furnished to the respective premises. Further, each party shall pay for all other costs and expenses ofevery kind whatsoever of or in connection with the use, operation, and maintenance of the respective licensed premises and all activities conducted on its licensed premises, and the fee owner shall not have any responsibility of any kind for any thereof.

14.§ **Liens. Each Party's Duty to Keep Respective Premises Free of Liens.** Each party shall keep each of their respective premises as licensed to it, free and clear of any and all mechanics lien, materialmens lien and other liens. Each party, shall at all times promptly and fully pay and discharge any and all claims which may affect the premises, and shall indemnify the other party against all such liens and claims of liens, suits or other proceedings pertaining thereto. Each party shall give the other party at least 30 days written notice prior to the commencement of any construction, alteration, improvement, or repair estimated to cost in excess of Ten Thousand Dollars ($10,000) in order that the fee owner may post appropriate notices of owner's non-responsibility.

15.§ **Contesting Liens.** If either party desires to contest any such lien, it shall notify the other party of its intention to do so within fifteen (15) days after the recording of such lien. In such case, and provided that the party shall on demand protect the owner by a good and sufficient surety bond against any such lien and any cost, liability, or damage arising out of such contest. Within fifteen (15) days after the final determination of the validity thereof, the party shall satisfy and discharge such lien to the extent held valid. In the event of any such contest, the party shall protect and indemnify the other party against all loss, expenses, and damage resulting therefrom.

16.§ **Indemnification.** Neither party shall be liable for any loss, claim, injury, death, or damage to persons or property which at any time may be suffered or sustained by the other party, or by any person whosoever may at any time be using or occupying or visiting the respective premises. Each party shall indemnify the other party against all claims, liability, loss, or damage whatsoever on account of any such loss, injury, death, or damage occurring on the licensed premises.

17.§ **Re-delivery of Premises.** Each party shall pay all other sums required to be paid hereunder in the amounts, at the times, and in the manner herein provided, and shall keep and perform all the terms and conditions hereof in its part to be kept and performed, and, at the expiration or sooner termination of this Agreement, peaceably and quietly quit and surrender to the other party the respective premises in good order and condition subject to the other provisions of this Agreement.

18.§ **Remedies Cumulative.** All remedies hereinbefore and hereafter conferred on each party shall be deemed cumulative and not exclusive of the other, or of any other remedy conferred by
law.

19.§ **Taxes.** Each party shall pay all real estate taxes on the respective premises, from and after the effective date of this Agreement and on all improvements placed thereon.

20.§ **Eminent Domain.** In the event a portion or the entire demised premises shall be appropriated or taken under the power of eminent domain by any public authority, each party's respective rights, obligations, or liabilities shall be determined by the court in which the condemnation matter is pending,

21.§ **Disposition of Improvements on Termination of Agreement.** On termination of this Agreement for any cause, the parties shall become the owner of any building or improvements situated on their respective property.

22.§ **Waiver.** The waiver by either party of, or the failure of either party to take action with respect to any breach of any term, covenant, or condition herein contained shall not be deemed to be a waiver ofsuch term, covenant, or condition, or subsequent breach ofthe same, or any other term, covenant, or condition therein contained.

23.§ **Parties Bound.** The covenants and conditions herein contained shall, subject to the provisions as to assignment, transfer, and subletting, apply to and bind the successors and assigns of all ofthe parties hereto.

24.§ **Notice of Default.** Each party shall not be in default hereunder ofany provision of this Agreement until after the other party shall be first given written notice of such default and the defaulting party fails to cure such default within thirty (30) days after such notice, provided that such default can be reasonably cured within such period. If such default cannot be reasonably cured within said period, then the default must be cured within a reasonable time, and provided that the party in default shall diligently use reasonable efforts to cure such default.

25.§ **Delays.**

a. Any party requesting any consent or approvals from the other party must and shall receive an approval or disapproval in writing within10 days after the request is made. If any request is disapproved, the grounds of such disapproval shall be clearly stated. All disapprovals must be reasonable and for good cause.

b. Any party failing to issue an answer in a timely manner shall be liable and responsible for all costs, damages and liability caused or suffered by the other party.

26.§ **Arbitration.** All disputes hereunder that cannot be resolved between the parties shall be submitted to binding arbitration. A party commencing arbitration shall give the other party written notice of its election to arbitrate. Within thirty (30) days of such election each party shall select an arbitrator, and the two arbitrators so selected shall select a third arbitrator. The three arbitrators so selected shall establish a hearing schedule and hear and determine the controversy. Their decision on the dispute shall be final and binding on both parties, who shall bear the costs ofthe arbitration, except attorneys fees, equally between them. The arbitrators shall determine the controversy and notify the parties in writing of their determination within thirty (30) days after

the controversy has first been heard and submitted to the arbitrators. The prevailing party shall be entitled to recovery from the other party as part of the prevailing party's costs, reasonable attorneys' fees, the amount ofwhich shall be fixed by the Arbitrators and shall be made a part ofany judgment or decree rendered.

27.§ **Notices.** All notices, demands, or other writings in this Agreement provided to be given or made or sent, or which may be given or made or sent, by either party hereto to the other, shall be deemed to have been fully given or made or sent when made in writing and deposited in the United States mail, registered and postage prepaid, and addressed to the parties as follows:

AIRLINE ISSUES

Signatory Meeting
On Thursday, October 9, 2014, Airport Management held a meeting with all signatory airline partners. The significant issue discussed was the 30% design update on the Concourse Isolation Design (CID)/Arrivals Corridor, among other airport project updates.

United Airlines
On Monday, October 27, 2014, United Airlines along with GVB and GIAA welcomed inaugural flight UA#163 direct service from Incheon Airport marking the beginning of UA's regularly scheduled flights between Seoul and Guam. As reported last month, this new daily service utilizing B737-800 aircraft with 155-seat configuration adds 4,650 monthly or 55,800 annually to our seat capacity from Korea.

On Wednesday, October 29th, a similar greeting was performed for flight UA#130 inaugural service direct from Shanghai to Guam. This twice-weekly flight utilizing B737-800 series aircraft, offers additional seat capacity of 1,240 monthly and 14,880 annually with the first regularly scheduled service from China.

Yakuts Air
Yakuts Air will operate charter flights from Vladivostok and Khabarovsk in Russia to Guam beginning February 2015. The flights will operate once every ten days. This comes after Oren Air charter flights were cancelled August 27, 2014. More details on aircraft type and seat capacity will be available as they coordinate with the Guam Airport on their planned operation.

Dynamic Airways
Dynamic Airways has been operating charter services from Beijing to Guam since June 2014, having planned a total of 39 round trips scheduled throughout the year 2014, and intention to add direct service from Tianjin, Shenyang and Hangzhou. Dynamic Air has also requested on the availability of dedicated ticket counters and office space for their future operations here on Guam.

They intend to expand in the region having applied to the USDOT for authority to operate direct flights between Saipan and cities in China, effective December 2014.

Philippine Airlines
On Sunday, October 26, 2014, Philippine Airlines increased operations on the **Manila–Guam** route from five flights to seven flights weekly, utilizing Airbus 320 aircraft. The annual seat capacity increased from 39,000 to 54,600 seats with the additional 300 seats weekly.

Air Busan
Air Busan has expressed interest in servicing Guam since early 2014, and have recently followed up with inquiries with GVB if incentives would be available for them since the Busan/Guam route is already provided by Korean Airlines. They have also communicated that they will be seeking USDOT approval to operate direct services from Busan to Guam sometime in 2015.

Executive Manager's Report

GIAA Board of Directors Meeting
November 21, 2014

Cebu Pacific
GIAA Board Director Lynda Tolan and Air Terminal Manager Gerard Bautista met with Cebu Pacific official to discuss the status of their deferred launch of service, now anticipated for March 2015. They will also be discussing the availability of slots for this operation from Ninoy Aquino Terminal 2, which has been designated as the terminal for international flights.

REGULATORY ISSUES

Chinese Visa Extension
On November 10, 2014, it was announced that Chinese holding US business and tourist visas will be extended to 10 years, as a result of a reciprocal bilateral agreement between the US and China. Additionally, Chinese US student visa holders will be extended to five years. Previously, all US visas granted Chinese citizens were granted on a year at a time basis.

Federal Aviation Administration
Airport Management reviewed compliance and regulatory issues and reported on the status of capital improvement projects with the FAA Airport District Office during a teleconference held on Thursday, October 23, 2014.

US Customs & Border Protection ESTA Closure
On October 24, 2014, USCBP issued an email advisory that the lane established for Electronic System for Travel Authorization (ESTA) passengers will be discontinued and re-designated for US citizens (USC) and Lawful Permanent Residents (LPR) lane. USCBP reported that only 14% of all arrivals are ESTA approved, and that no significant increase in the use of ESTA over the past two years justify keeping the ESTA lane.

USCBP has also reported that airlines who are responsible for their arriving passengers, have assumed a secondary position, leaving the ambassadors to do the bulk of the processing assistance. This is a continuing issue discussed in the monthly AOC meetings with all airlines, who cite staffing of aircraft door, USCBP entry door, and handling transit passengers from Customs to TSA screening as their priority focus.

32nd Transition to 33rd Guam Legislature– Oversight Committee
Committee Chairs for the 33rd Guam Legislature have been announced. Our new Legislative Oversight Chairman is Senator Thomas C. Ada: Committee on Transportation, Infrastructure, Lands, Border Protection, Veterans' Affair and Procurement.

Active Shooter Tabletop Exercise
In conformance to requirements under the Code of Federal Regulations (CFR) Title 14, Federal Air Regulation (FAR)139, an "Active Shooter" Table Top Exercise was held on November 6, 2014, with the participation of first responders from GIAA, GPD, National Guard, GMH, GFD, Guam Customs, Naval EOD, Naval Hospital, and Guam Homeland Security/Office of Civil Defense.

The Table Top Exercise will serve as a precursor for the Full Scale, All Hazards Exercise "Kontra I Piligru" scheduled for January 27, 2015.

Ebola Hazards Response Task Force
On October 27, 2014, at 2:00pm, Airport Management participated in discussion on Ebola preparedness with related agencies at an oversight hearing called by Senator Michael F.Q. San Nicolas, Chairman of the Committee on Aviation, Ground Transportation, Regulatory Concerns, and Future Generations. Ebola discussions and coordination with agencies continue with Ebola Task Force committee formed by the Governor's office. GIAA is active in the following subcommittees:

- Public Outreach
- Maritime
- Aviation
- HAZMAT / HAZWASTE
- Hospital / Clinic Operations
- Logistics
- Mortuary
- Mass Shelter / Mass Quarantine / Mass Isolation

Each subcommittee will be submitting a plan for presentation to the Governor's Office by December 5, 2014.

EMPLOYEE DEVELOPMENT

80% of all GIAA employees have completed the mandatory **Customer Service Training** over a series of classes that began in October. A couple more classes are scheduled to capture the remaining employees who have not taken the course.

Airport Management and ARFF participated in the **Western Pacific Fire Chiefs Association** Annual Meeting held in Palau from November 11 to 13, 2014. Interactive presentations, best practices and rules and regulations were key topics of discussion relating to Professional Credentialing, Ebola Awareness, Fire Arson Investigation, Emergency Management, Fire and Safety Training, as well as ARFF in Micronesia

All Airport divisions and sections participated in the Great Guam Shake out at 10:16am on Thursday, October 16th. Management encouraged tenants and vendors to participate and they signed up directly with the Office of Civil Defense, Guam Homeland Security.

PUBLIC RELATIONS AND COMMUNICATION
The Airport's **BRAND LAUNCH** took place at the General Employee meeting "Pizza Party" held on Friday, October 10, 2014 where new logo, refreshed website and mobile application was presented to all Airport employees. A launch to tenants and to the public took place on October 17, 2014. Heavily featured was our much awaited airport mobile app that provides live flight times and helps travelers navigate our airport and for information and services.

Airport Management presented at the **Guam Economic Symposium 2014 "Invest Guam: The Time is Now"** – Planned Airport Expansion Projects: Expansion Plans and Contracts 2015 – 2020. Augmenting the presentation was an exhibit table with Property Management and Marketing personnel to field questions and address interests. An Airport Tour of ongoing CIPsand areas for potential development was also available to conference attendees on October 24, 2014, with approximately 20 participants availing of the opportunity.

GIAA Board of Directors Meeting
November 21, 2014

Airport Management continued its community outreach efforts with a presentation before the **Association of Mariana Islands' Mayors, Vice Mayors and Elected Municipal Council Members** (AMIM) on Thursday, October 23, 2014. The general focus of AMIMs interest was Airport's commitment to opening an Inter-Island Passenger Facility that would facilitate the movement of passenger operations of 9-or less pax between our Mariana Islands.

The Airport Authority's **Statement of Insurance** for coverage year October 1, 2014 through September 30, 2015 was advertised in newspapers on October 10, 2014, pursuant to Public Law 13-57.

AA 30-day comment period has been noticed for the draft **Supplemental Environmental Assessment** (EA) for the airport's proposed acquisition of remnant parcels. The documents are available for view at the 3rd floor Administrative Offices.

In an effort to keep Tenants and the general public better informed of Airport work and projects, activities, events, an official notification memorandum is disseminated appropriate parties. The new brand/logo has been implemented across all formats, see below sample:

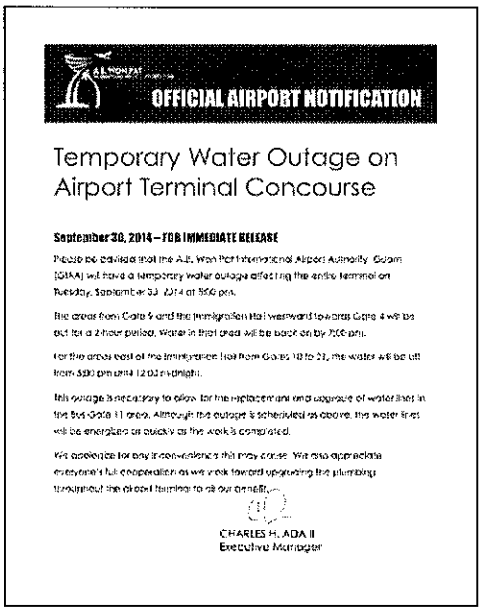
Décor & Spirit for Upcoming Holidays & Seasonal Celebrations

October 27, 2014 – FOR IMMEDIATE RELEASE



The A.B. Won Pat International Airport Authority, Guam encourages all tenants to decorate and dress their areas for the upcoming holidays and seasonal celebrations.

Beginning with Halloween at the end of the month feel free to decorate, dress up in costumes and share candy in the spirit of the holiday. We ask that costumes be tasteful keeping in mind that this is a corporate work environment and even in costumes, our dress should reflect all our organizations in a professional and respectful manner.

With Thanksgiving in November leading to the Christmas in December and welcoming of the New Year welcoming in January you can continue to enliven the holiday spirit by decorating your respective leased areas. Note that this year, the airport's color theme will be blue tones reflecting our new look and logo. Feel free to complement the color scheme or do your own thing. All we ask for is for a consistent professional and festive look.

Thank you all. We appreciate your enthusiasm in celebrating the holidays and lending to the wonderful Hafa Adai Spirit of our airport and island.

Temporary Water Outage on Airport Terminal Concourse

September 30, 2014 – FOR IMMEDIATE RELEASE

Please be advised that the A.B. Won Pat International Airport Authority, Guam (GIAA) will have a temporary water outage affecting the entire terminal on Tuesday, September 30, 2014 at 9:00 am.

The areas from Gate 9 and the Immigration Hall westward towards Gate 4 will be out for a 2-hour period. Water in that area will be back on by 2:00 pm.

For the areas east of the Immigration Hall from Gates 10 to 21, the water will be off from 5:00 pm until 12:00 midnight.

This outage is necessary to allow for the replacement and upgrade of water lines in the Bus Gate 11 area. Although the outage is scheduled as above, the water lines will be energized as quickly as the work is completed.

We apologize for any inconvenience this may cause. We also appreciate everyone's full cooperation as we work toward upgrading the plumbing throughout the airport facilities for all our benefit.

CHARLES H. ADA II

ANNOUNCEMENTS:

- The Airport Authority's annual Thanksgiving Luncheon is scheduled for Tuesday, November 25, 2014 at 11:30 am in the GIAA Conference rooms. We look forward to your attendance as we all give thanks as an Airport family.
- Holiday Exterior Illumination and Terminal Decoration is in progress to celebrate the season. A series of community outreach programs are also scheduled, beginning pre Thanksgiving with a presentation to youths at the Youth Correctional Facility, a serving at Kusinan Kamalen Karidat/Guma San Francisco for the homeless and several presentations to Catholic Social Services Senior Care and St. Dominic's with supplies and gifts.
- An Un Dangkulu Na Si Yu'us Ma'ase for all airport staff, management and board for the respect and well wishes provided to the family of the late Jesus "Jess" Q. Torres, Vice Chairman of the Board and former Executive Manager. Please pray for his soul as he celebrates his new life, and keep his family in your prayers that they find peace.

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman first announced a recommendation to change the schedule of the agenda, with item 6 A, Ernst & Young ("EY") FY2014 Financial Audit to be presented first, directly after the approval of the agenda. Motion to accept Chairman's recommendation duly made by Director Alcorn, seconded by Director Sobti; motion carried.

3. A.) Approval of FY14 Financial Audit - Ernst & Young

Mr. Jim Whit of EY began his presentation first thanking the Authority for allowing him and his team the opportunity to do a short presentation of the results of the audit that EY has performed on the Guam International Airport Authority.

Mr. Whit first announced that what EY does is issue a report on the Authority's basic financial statements, an "Unqualified Opinion." This means all the balances and disclosures are in compliance with U.S. Generally Accepted Compliance Principles. EY found no material misstatements and no material disclosure errors. Other deliverables that EY had was the report on internal controls or financial recording, and compliance in other matters. EY was happy to report their "Unmodified Opinion" in accordance with Government Auditing Standards. EY did have one finding regarding timeliness of recorded depreciation of close-outs of Capital Assets; however, it was not a material finding.

The second part of the presentation was on the Report on Compliance for each Major Federal Program and Report on Internal Control of the compliance and report of the schedule of expenditures of Federal Awards. EY was happy to say that their report was "Unmodified" in accordance with the U.S. Office of Management and Budget (OMB) Circular A-133. EY has no findings in respect to the two major programs; the Airport Improvement Program, and the Community Facility Guaranteed Loan. EY was happy to indicate that in their opinion, the Authority qualified as a low-risk designee for Fiscal Year 2015, all things considered. Mr. Whit said that the Authority is on the right track for low-risk designation, which is "very good."

Mr. Whit then brought to the Board's attention several points of interest in respect to the financial statements. In comparison of 2012, 2013, and 2014 of the Authority's cash position, there is a healthy trend; a healthy cash position. Of the total cash in 2014, $2.5M was unrestricted, an increase from $1.6M the prior year, and $518,000 in cash being held on behalf of Customs and Quarantine. In respect to investments, there is a healthy trend there as well, 2012, 2013, and 2014 according to EY findings. The significant reason for this increase in investments is because in 2013, the Authority had the Bond refinancing.

Mr. Whit then went on to present other points of interest, which were Trade Receivables. In Accounts receivable, there were balances of $8.1M as Gross Receivable, before any allowance for doubtful accounts consideration, $10.1M, and $8.9M. Mr. Whit reported, points of interest in allowance for doubtful accounts has increased in comparison to prior years; prior years of $1.8M in allowance increased to $1.9M. The average collection period for the Authority is increasing according to Mr. Whit's report. The average time the Authority needs to collect receivables has increased from 40.7 days to 44.48 days, which Mr. Whit said was indicative of a trend of 2014, the aging of the Authority's receivables; 32% of total outstanding receivables is in the 90-day category. As compared to prior years, where it was only at 22%.

Mr. Whit then asked if there were any questions, and Chairman Untalan then inquired if these trends Mr. Whit spoke of were compared to other Airports, to which Mr. Whit responded that they did not in this audit, EY focused on the net financial value of the Airport Authority's receivables accounts.

Another point of interest Mr. Whit presented on was in respect to the Authority's Capital Improvement Program. in 2012, the Authority had $16M in CIP, a healthy increase of $27M in 2013, and then $25M in 2014. The point of interest Mr. Whit focused on was that of the total cost, $16M, the Authority was able to fund $6.3M of Capital Grants, with a difference of $10M, which was funded by the Authority's own internal resources. In 2013 the trend continued with the difference between the cost and what was funded by grants again being approximately $10M. That trend increased to $14M in 2014; in 2014, the Authority's cost of $25M and of which $11M was covered through Capital Grants. Mr. Whit reported that the trends, or the Authority's ability to have internal resources, were healthy findings.

In respect to the loans and the bonds, there is the Bank Loan, and then the Bond Indenture. Both require a debt coverage ratio of at least 1.25%, which the Authority was able to meet for both Bonds, which Mr. Whit informed the Board that was "healthy." The point of interest here, according to Mr. Whit, is the $148M of the $250M, a change of $100M from the Authority's Bond refinancing, and previous files show that the Authority has increases in Capital Projects as well, a correlation.

In respect to Operating Revenues, the key point of interest according to Mr. Whit was Concession Revenues in 2013, the Authority showed $18M in revenues in Concession Agreements, which increased to $23M; a $5M increase, which was attributed to the terms with the new concessionaire.

In respect to revenues in regards to Facility Usage, Rental Income, and Miscellaneous, there is a noted decrease which was most likely attributed to a decrease in

enplanements from 2013 to 2014. Mr. Whit then asked if there were any questions. There were none.

Mr. Whit then moved on to operating costs, expenses, and changes in said division. Healthy trends were noted; in 2012, total expenses exceeded revenues. As a result, the Authority experienced a decrease in overall net position of roughly $395,000. In 2013, the situation reversed and as a result, the higher revenue over expenses resulted in a net position of $15M. In 2014, there was a slight change, and the Authority's net position in revenues over expenses went down to $11.4M. Mr. Whit attributed this to two things: contractual services (a $1M difference), and a decrease in Capital grants of about $4M.

The significant point of interest Mr. Whit stated, was the projected outcome of 2015, which has to do with New Accounts interim. In a new accounting year, there is a Government Accounting Standard Policy that goes into effect which has to deal with the measurement and recognition of the Authority's share of the unfunded pension liability. Essentially, GIAA's share of the Government of Guam's pension would be approximately $38M. This would show on the Authority's financial statements at the beginning of the new accounting period, essentially October 1, 2014. Although the financial statement that is projected shows a net position of $327M, essentially, one day thereafter, because of the implementation of this accounting policy, the Authority's net position will go down to $296M a change of $30M. Chairman Untalan then stated that it was important to note that this practice is expected to affect all Government agencies, not just the Authority. Mr. Whit then asked the Board if there were any questions. There were none, but the Chairman did proceed to note that the good news was that the Authority still had unrestricted positive accounts. Mr. Whit agreed, commenting that the Authority's overall assets exceed its liabilities by $296M.

In conclusion to Mr. Whit's presentation, he informed the Board and Management that beginning December 26, 2014, there was new guidance over the grant with the point of interest being that the threshold changes for requirements of single audit from $500,000 to $750,000. The Authority will still have to undergo the single audit, but EY did want to inform the Authority that the new guidance does allow for the de minimus 10% indirect cost reimbursement. Also, the data collection form shall be sent in 30 days after receipt of the audit report, or nine (9) months after the fiscal year; whichever comes first. To maintain a low-risk auditee designation, the submission of the data collection form on time is now a criteria. Mr. Whit then informed the Board that EY would issue the financials by January 30, 2015, which would give the Authority 30 days thereafter to have the data collection form reviewed, approved, and then submitted.

Chairman Untalan then requested that Mr. Whit expand on the indirect cost rate. Mr. Whit went on to say that the indirect cost rate that the Authority has chosen not to seek

reimbursement of direct costs as it relates to grants. Under the new guidance there is a de minimus 10% that the Authority could get, if it so chose to submit notification to the awarding agency. Mr. Whit asked if there were any questions, there were none. He then thanked the Board and all who were present for their time and attention, with special thanks to the Authority's accounting and administration departments for their excellent cooperation. Chairman Untalan then formally thanked Mr. Whit and present EY staff on having done a great job, as well as the Public Auditor. Chairman also wanted to note for the record that the Public Auditor had mentioned during the exit interview that the Authority continues to be the first Government Agency to submit and complete their audit, which is a great achievement. He then congratulated Mr. Carlos Bordallo, Comptroller, and Mr. Charles H. Ada II, Executive Manager on a job well done.

4. APPROVAL OF MINUTES

A. December 23, 2014 Regular Meeting

The next item on the agenda was approval of the minutes of the December 23, 2014 meeting.

On motion duly made by Director Alcorn and seconded by Director Sobti, the minutes of the December 23, 2014 regular meeting were unanimously approved, subject to correction. Motion unanimously passed.

Resolution No. 15-12

The Board hereby approves the minutes of the December 23, 2014 regular meeting, subject to correction.

5. CORRESPONDENCE

The next item on the agenda was Correspondence. Chairman Untalan asked Executive Manager Ada if he had any correspondence to report of, Executive Manager Ada responded that the only correspondence of significance that he had was regarding an email on January 27, 2015 from Mr. Ronnie V. Simpson, Manager for the Honolulu District Office, FAA Western Pacific Region, in which Mr. Simpson informed Mr. Ada of his intent to arrive on island March 26, 2015 with Mr. Mark McCardy, Manager of the Airports Division, Western Pacific Region, Region 9, along with Mr. Eduardo A. Angeles, Associate Administrator for FAA; who requested a courtesy visit with Chairman Untalan and Mr. Ada as well as Governor Eddie B. Calvo. Executive Manager Ada reported that the main focus of the visit is to visit with the CNMI, but they would also like to see the progress the Authority has with its projects, as well as discuss future development of the Airport. Once the date is confirmed, Executive Manager Ada intends to brief the Chairman and the rest of the Board.

6. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status Updates of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects. Mr. Frank Santos, Business and Finance Consultant, presented three schedules; the first dealing with the UDO analysis FAA projects, the second, the Capital Improvement Fund, and last, the Bond CIP Fund.

Mr. Santos began with bringing to attention the total amount on the grants increased by approximately $816,153 which is attributed to an amendment to a grant that was closed out under the AIP 84 which had to do with the Rehabilitative Runway 6L/24R - Phase 2. For the period of 2012 to 2014 Mr. Santos reports that the Authority is on track with the FAA in terms of performance. For 2011, projects are a little behind due to demolition work. The Board is to be presented with a package regarding Phase 3 demolition of the old cargo building in this meeting, and consider its award. A third building, categorized as historic which the Authority has worked out all details in terms of photography and drawings with State Historic Preservation Office (SHPO) so that it may be filed in the Library of Congress, has now begun its demolition. Mr. Santos reported that with these actions, the Authority should be cleared in terms of catching up with 2011 grants, which expire at the end of this fiscal year.

Commenting on the Auditors' financial report, regarding the 10% indirect cost, Mr. Santos reported that there is only a certain amount of money available for grants. The Authority always has more need than there are funds; so that said, even if the 10% indirect cost were considered, Mr. Santos believes that the Authority would be eating into construction costs, or actual production costs.

Mr. Santos then proceeded to report on the Capital Improvement Fund, that the Authority is proceeding with approximately thirteen (13) additional homes regarding noise mitigation/soundproofing. The Authority is funding the project in advance and expects to receive the FAA grant in Summer 2015. Mr. Santos reported that the painting of the Airport is in progress, and the rest of the restrooms should be out for bid by February 11, 2015.

The final schedule presented was the Bond Projects. The Outbound Baggage System Inline Screening project was just initiated January 27, 2015,a $26M project, of which $1.1M is being funded by the Authority, and the remainder by the TSA Other Transactions Agreement Grant. Chairman Untalan inquired if the Guam Council on the

Arts and Humanities Agency (CAHA) was involved in any way with said grant, to which Mr. Santos replied that they were not.

Mr. Santos went on to inform the Board that the funding to cover the seismic upgrades for the International Arrivals Corridor project came out of the unencumbered fund, which has $2.2M remaining. Mr. Santos went on to address bid additives; focusing on basic design criteria but looking at features that will enhance passenger experience. Mr. Santos noted on the hopes of receiving continued good bids, at a very low rate. Mr. Santos mentioned a bid period of two (2) to three (3) months, with a possibility of a pre-file set of drawings that can be packaged up and sold prior to bid. Chairman Untalan asked for further clarification, to which Mr. Santos replied, that sold meant cost recovery. Mr. Santos explained that this method would allow for the overall outcome of the bids to be more favorable, giving the interested parties more time to be informed and prepared to offer their prospective bids.

The Chairman then asked the Board and attendees if there were any questions, there were none. He then thanked Mr. Santos.

7. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - Demolition and Remediation of Various Airport Facilities - Phase 3 - GIAA Project No. GIAA-FY12-01-5 AIP No. 3-66-001-81 & 82 ; IFB No. GIAA-C01-FY15

The next item discussed was approval of the contract award for the Demolition and Remediation of Various Airport Facilities - Phase 3 - GIAA Project No. GIAA-FY12-01-5 AIP No. 3-66-001-81 & 82; IFB No. GIAA-C01-FY15. The project is to provide construction work inclusive of all labor, materials, supplies and equipment to demolish certain former naval housing and miscellaneous structures contained within Lot 2087. The project also included remediation of lead and asbestos materials prior to demolition work. A total of eleven (11) firms/individuals picked up bid package with six (6) firms having submitted their bids before the established deadline. The firms were evaluated and all six (6) were determined to be acceptable. As required by the Procurement Rules and Regulations, the bids were publicly opened and read aloud in the presence of bidders.

It is the recommendation of the Management that the contract award of $223,000.00 to Maeda Pacific Corporation, who has been determined to have met the standards of responsibility and responsiveness in Guam Procurement Regulations.

On motion duly made by Director Sobti, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 15-13

The Board hereby approves the ranking results and contract award in the amount of $223,000.00 to Maeda Pacific Corporation, as the highest ranked proposer for the Demolition and Remediation of Various Airport Facilities - Phase 3 - GIAA Project No. GIAA-FY12-01-5 AIP No. 3-66-001-81 & 82; IFB No. GIAA-C01-FY15, subject to fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest bidder.

B. Approval of Award - Indefinite Quantity and Indefinite Delivery Contract Print Media Services - IFB No. GIAA -02-FY15

The next item presented to the Board was the approval of contract award for the Indefinite Quantity and Indefinite Delivery Contract Print Media Services - IFB No. GIAA - 02-FY15. The Executive Manager informed the Board that an Invitation for Bid was announced to solicit bids from firms to provide all labor, supplies, materials, and equipment necessary for the Indefinite Delivery and Indefinite Quantity Contract Print Media Services in a newspaper of general circulation for the A.B. Won Pat International Airport. Three (3) firms/individuals purchased bid package and two (2) firms submitted bids before the submission deadline. The firms were evaluated and two (2) were determined to be acceptable. As required by Procurement Rules and Regulations, the bids were publicly opened and read aloud in the presence of the bidders.

Management recommends that the Board approve both bidders, Pacific Daily News and Marianas Variety, who have been determined to have met the standards of responsibility and responsiveness outlined in Guam Procurement Regulations.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 15-14

The Board hereby approves the contract award - Indefinite Quantity and Indefinite Delivery Contract Print Media Services - IFB No. GIAA -02-FY15, to utilize both the Pacific Daily News and Marianas Variety, subject to fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest bidder.

8. REPORT OF THE EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager. Executive Manager Ada began his report with four airline issues. First was Jeju Air, regarding their direct Busan/Guam inaugural flight, which arrived from Busan at 2:55 a.m., January 9, 2015. This flight will operate twice weekly utilizing a B737-800 aircraft with seat capacity of 186. Jeju Air rival, Air Busan a low-cost carrier, has asked the Department of Transportation for permission to operate the route by June 30, 2015. Air Busan filed its application to serve US destinations in December, with the intent of offering four (4) flights per week to Guam using either an Airbus A320 or A321. Air Busan also said that they may introduce service to Hawaii or the US mainland, and also asked for permission to operate charter flights to US airports. So far, no comments have been filed regarding the application. June Yao, a boutique privately owned airline, met with Airport representatives on January 12, 2015 for potential air services to China. Potential start dates to Guam are pending a formal application to the US Department of Transportation. The last issue regarding Airlines was the increase in flights for Eva Air, from two (2) to four (4) weekly beginning July 1, 2015. They currently operate an Airbus 330-200 which has a 252-seat capacity.

Executive Manager Ada moved onto regulatory issues next, reporting on the FAA awarding a grant amendment in the amount of $816,153.00 in federal funding to rehabilitate runway 24R/6L. Executive Manager Ada reported that this will bring the Authority closer to opening the runway for full operations accommodating long-range, fully loaded aircraft and even newer aircraft models. The Chairman inquired as to the date of completion, to which Mr. Frank Santos responded that it is projected to be operational in August.

In closing of his report, Executive Manager Ada brought to the Board's attention the RFP for Legal Services which was announced January 6, 2015 with a submission deadline on January 22, 2015. Management was in the process of reviewing submissions. Executive Manager Ada then reported on and thanked all involved in Airport week and all related activities. He also mentioned the Authority's participation on January 27-28, 2015 in the Kontra I Piligru 2015, a multi-agency full scale exercise as outlined by the Pacific-based Civil Support Teams (CST) to test and evaluate the Authority's operational capability during various emergency situations and scenarios. Executive Manager Ada then mentioned the Tourism Education Council's (TEC) request for tours for members of their WAVE (Wave at Visitors Enthusiastically) Clubs of participating public schools. Approximately 800 children will tour the Airport on the Tuesday tours throughout the months of February and March. Executive Manager Ada ended his report with the outcome of recent drug testing of persons in Test Designated Positions (TDP) which resulted in a 100% pass rate.

The Chairman then thanked the Executive Manager for his report.

9. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Bordallo presented the monthly financial report. He reported to the Board on the revenues and expenses of the Authority as of December 31, 2014. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by .5%, year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by -5.4% and -3.3%, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by 5.5%. Year-to-date Total Operating Revenues Actual of $16.7M is -.4% below the budget estimate of $16.8M. Year-to-date Total Operating Expenses are below budget by -19.5%. Components of this line item include a -15.6% decrease in Personnel Service, a -19% decrease in Contractual Services, a -72.2% decrease in Materials & Supplies and -0.0% increase/decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date New Revenues from Operations of $7.8M reflects an increase of 36.7% over the year-to-date budgeted amount of $5.7M. Finally, Mr. Bordallo reported that the year-to-date Debt Service Coverage is at 1.40 versus the requirement of 1.25.

10. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Alcorn, seconded by Director Sobti, and unanimously approved, the Board recessed to convene into Executive Session at 4:08 p.m.

On motion duly made by Director Gerber, seconded by Director Alcorn, unanimously approved, Executive Session adjourned at 5:15 p.m, at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were no comments from the public.

The Chairman brought to the Board's attention an item that they had forgotten to make a motion on, which was to approve and accept the 2013-2014 Audit Report. On motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 15-15

The Board hereby approves the 2013-2014 Audit Report as presented by Mr. Jim Whit of Ernst & Young.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Alcorn, seconded by Director Tolan, at 5:17 p.m., the meeting was adjourned.

Dated this 16th, day of April, 2015.

The Chairman welcomed the presence of Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet made as an attachment to these minutes.

2. APPROVAL OF AGENDA

The Chairman asked if there were any changes to the agenda. No Changes were requested. On motion duly made by Director Tolan, seconded by Director Gerber, the agenda as presented was unanimously approved.

3. APPROVAL OF MINUTES

A. January 29, 2015 Regular Meeting

The next item on the agenda was approval of the minutes of the January 29, 2015 meeting.

On motion duly made by Director Gerber and seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 15-16

The Board hereby approves the minutes of the January 29, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The Chairman asked Deputy Executive Manager Peter Roy Martinez if he had any correspondence to report on; he had none.

5. OLD BUSINESS

The next item on the agenda was Old Business.

A. Status Updates of Capital Improvement Projects

The first matter discussed was the Status of Capital Improvement Projects.

Mr. Frank Santos, Business and Finance Consultant, first greeted the Chairman and members of the Board, then presented three schedules; the first dealing with the FAA grants which is the UDO analysis; the second, the Capital Improvement Fund (CIP); and last, the Bond CIP Fund.

Mr. Santos began his presentation by stating that with the exception of the FY2011 projects, the Authority is doing very well in terms of the performance according to the

criteria that the FAA has set. The 2011 project dealt with the demolition of the former cargo building. The Authority is slightly delaying a fast-track demolition due to an issue regarding a residual fiber optics situation in the cargo building. Plans are being developed to ensure that when the Authority relocates the fiber optics, any potential mishaps may be avoided. The Chairman inquired as to why the fiber optics was run through the cargo building, and Mr. Santos responded that the Cargo building used to house Continental Airlines' cargo offices. Mr. Santos went on to explain that the initial plan was to cut and fuse the lines but the airline had indicated that would cause a drop in signal quality where a ten (10) gigabyte data package minimum is required. Mr. Santos explained that the few extra steps are to ensure that everyone is happy. This plan, Mr. Santos explained, is an "interim plan" and a more well-planned fiber optic network to include not only the Authority or United, but FAA and other tenants as well with a network that can be expected to run untouched for the next fifteen (15) years, away from construction. The Chairman inquired if the Authority received any Federal funding for the permanent project, and Mr. Santos responded that we may get Federal funding for the Authority's share, but profit-oriented companies such as United, for example, are not eligible.

Mr. Santos explained that the demolition is the project that has slowed down. If these were color coded, the 38% for 2011 would have been in red but everything else would have been green. At this time the Chairman inquired whether the Authority is at risk of losing any funding and Mr. Santos responded "no". Chairman Untalan inquired whether Phase 3 was referring to the cargo building and again Mr. Santos responded "no" it was just the grant phase. He indicated that at the last Board meeting, Phase 3 demolition was approved and that was for the demolition of the five (5) structures that will be part of the remnant properties that are going to be purchased in the North Tiyan near the new cargo building. The Chairman then again inquired whether the improvements of Phase 3 & 4 are just grant money and Mr. Santos responded "yes", these are just grant money. Chairman then asked what these monies are going to be used for, and Mr. Santos explained that funds are for Phase 1, which is comprised of miscellaneous structures in the air fields; Phase 2 is the cargo area, and Phase 3 are the five (5) structures in the housing areas. Mr. Santos reported that FY2012 funds have been zeroed out and the extra money, which is the amendment of $816,000, have already been drawn down.

Notable for FY2013, is the ARFF vehicle which is being manufactured and scheduled for delivery in late May.

Mr. Santos provided information regarding the Airport GIS projects. Mr. Santos reminded the Board that the Authority is one of the few pilot projects to convert all the airfield data into GIS and further develop it into an electronic airport layout. Because this is a pilot, the FAA is also learning from all this. The Authority is one (1) of the four

(4) airports in the Western Pacific Region to receive it. Mr. Santos commented that there is education and process, in which a lot of the holdups are with the FAA.

For last year's grants, Mr. Santos reported that the Authority is way ahead of the curve, stating that the Authority has 37% of the grant funds remaining. Mr. Santos reported that he expects to draw down completely on all the 2014 grants this year. The first project, the Instrument Landing System, with which the flight check is being planned for April 2015, then certified for use. Once the Tiyan Parkway Phase I is complete, construction can proceed down Central Avenue, the runway safety area can be cleared, and the full runway will be available. Mr. Santos projected a May 2015 completion date. Once that phase is completed, and the 6L24R is open, the other runway will be closed to do the remainder of the work, which is the 6R24L Precision Approach Path Indicator (PAPI).

Chairman Untalan asked Mr. Santos if he expects the roadway project to be completed by April 2015 to which Mr. Santos replied that in the last teleconference with the FAA, Federal Highway, and Department of Public Works, the indication was that April is the projected completion date. Mr. Santos noted that the contractor is entitled to some time, due to weather or other unforeseen events. Mr. Santos went on to say that in order for the contractor to realize consensus, the contractor is still trying to meet the target date even though they have time leftover. We can see them right now over the weekend the roads keep changing and now they are down to two lanes, so they are working quickly.

On the bond capital improvement project, the international arrivals corridor with building seismic upgrades design is approaching 90%. A final presentation is scheduled in March with the Board and stakeholders CBP region is reviewing all the drawings involved with the corridor. We made a decision to include one restroom in the corridor on the west side. The Board will have the final opportunity to review the 90% design and then the project will proceed into the final kick-off. A meeting is being planned for March 19 or 20 before the Board meeting or its regular scheduled Board meeting.

Mr. Santos next reported that the hold bag screening relocation/in-line baggage screening project is proceeding as scheduled.

Mr. Santos updated the Board on the interim Inter-Island Passenger facility, which is currently out for bid, with a scheduled bid opening date of Friday, February 27, 2015. The facility is for aircraft with nine (9) passengers or less weighing less than 1500 lbs. Aircraft in this category include Star Marianas Air and Arctic Air. To expedite the procurement process, Management requests the Board to grant Management the authority to issue a Notice of Intent to Award provided that there are no complications in the procurement process. Normally, the notice of intent to award is issued after the

bids are presented to the Board. Management would like to fast-track this project to get the facility open as soon as possible in light of the accusations by Star Marianas that the Authority does not accommodate commuter airlines. Mr. Santos also noted that the facility will facility inter-island travel, especially to Rota, since there is very little air service between Guam and Rota. In addition, the Island has been faced with unreliable services being offered by the current carrier service to the CNMI market.

Mr. Santos said that the project estimate is $300,000. Ms. Jean Arriola reiterated that Management is requesting that the Board allow Management to award to the lowest responsible bidder with the conditions that the contract price does not exceed $300,000 and that there are no procurement issues.

Having heard the report, discussions and comments, on motion duly made by Director Gerber and seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 15-17

The Board hereby authorizes the Executive Manager to issue the notice of intent to award to the lowest responsible bidder for the procurement of construction services for the Light Aircraft Commuter Facility, in an amount not to exceed $300,000, with the condition that there are no procurement issues.

Next Mr. Santos reported on the upgrades to the public restrooms. Public notice of this procurement will be published on Wednesday, February 25th.

Mr. Santos next reported on the Tiyan Land Acquisition in which he stated he's still working with the Government of Guam on the severance maps and appraisals for the remnant properties and once agreed to a value, the Tiyan Land Acquisition and Redevelopment Programs would then fund the project. Once completed, Management will be submitting to the Board for documentation.

The Chairman then asked the Board if there were any other questions, there being none, he then thanked Mr. Santos.

6. NEW BUSINESS

The next item on the agenda was New Business.

A. Approval of Award - RFP No. 004 - FY15 - Legal Services

The next item discussed was approval of the contract award for Legal Services - RFP-004-FY15. Deputy Executive Manager Martinez reported the referenced RFP solicits

proposals from professional firms to provide professional expertise in all legal activities for and on behalf of GIAA Management and its Board of Directors. The RFP was advertised in the local newspapers throughout the month of January 2015, with a deadline to submit the proposals on January 22, 2015. A total of two (2) firms showed their interest by obtaining the RFP package and the two (2) firms responded by submitting their proposals before the established deadline. After receipt of all proposals an evaluation committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. The evaluation committee has completed their evaluations and the score sheets were gathered and tabulated by the procurement office. The evaluation results in the order of their ranking are as follows:

1. Proposer B
2. Proposer A

It is the recommendation of Management to approve the ranking results and issue contract award to Proposer B as the highest ranked proposer for Legal Services, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer. The term of the contract shall be a period of one year. The agreement may be renewed annually at the sole discretion of GIAA for additional one (1) year periods, not to exceed a total contract term of five (5) years.

On motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 15-18

The Board hereby approves the ranking results and contract award to Proposer B, as the highest ranked proposer for RFP No. 004 - FY15 - Legal Services, subject to negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest bidder.

Deputy Executive Manager Martinez then announced that Proposer B is Calvo Fisher & Jacob.

7. REPORT OF THE EXECUTIVE MANAGER

The next item on the agenda was the report of the Executive Manager. Deputy Executive Manager Martinez began his report with two airline issues. First was T'Way Air, which he reported that they have applied for USDOT approval to provide scheduled direct services between Seoul and Guam beginning July 24, 2015. They proposed to

utilize the B737-800 aircraft with 189 seats in an all economy configuration. In addition, they are requesting for ticket counter space and planning a familiarization visit to Guam in the near future.

Mr. Martinez further reported on Jetstar Airways which has recently initiated communication with GIAA to explore opportunities to service Guam from Japan and Korea. He further stated that initial exchanges have occurred with more exploratory and detailed information forthcoming by both parties.

Regarding the 2015 Routes ASIA Networking Forum, Mr. Martinez indicated that the GIAA Board and Management representatives will be attending the Routes Asia forum which brings together airlines, airports and tourism authorities, from the whole Asian region to discuss route development and develop networks for future opportunities or potential air service. The forum will be held in Kunming, China, hosted by Yunnan Airport from March 15 through 17, 2015. Scheduled meetings with potential airlines are being secured prior to the event in consultation with our ASM, our air service development consultant. Guam Visitors Bureau management will also attend as part of a Team Guam effort.

Deputy Executive Manager Martinez moved onto regulatory issues, reporting that FAA officials from the Western Pacific out of LA and the Regional office in Honolulu will be on Guam to meet with GIAA management and key staff on March 26, 2015. Status of federally funded capital improvement projects and other issues will be discussed.

Deputy Executive Manager Martinez mentioned the U.S. Customs and Border Protection Agency (USCBP) officials are confirmed to visit Guam to explore options for pre-clearance practices for passengers, baggage and cargo for incoming aircraft in early March. The USCBP delegation will be comprised of the Senior Advisor, the Preclearance Director and Advisor to the Director. The delegation will be escorted by Jay Rojas of the Governor's Washington office who is coordinating their visit and is facilitating meetings with GIAA, GVB, Guam Customs and airline operators. The meeting is scheduled for March 4, 2015.

Deputy Executive Manager Martinez reported that there are three (3) procurement solicitations currently pending: (1) the RFP-Management & Infrastructure Support Services to GIAA's Passenger Conveyance Systems that was announced on February 17, 2015, with a submission deadline on March 4, 2015; (2) the IFB-Light Aircraft Commuter Facility that was announced on February 11, 2015, with a submission deadline on February 27, 2015; and (3) the RFP-Construction Management Services for Terminal Building Structural Upgrade & Concourse Isolation that was announced on February 10, 2015, with a submission deadline on March 12, 2015.

Deputy Executive Manager Martinez made three (3) announcements:

He announced that the Guam International Airport Authority Employees Organization (GIAAEO) held an election of officers on January 30, 2015. The new GIAAEO officers are: President Brandon Aflague from ARFF; Vice President Vanessa Pangindian from PMO; Treasurer Trini Cotelesse from PMO and Secretary Maria Sablan, GIAA Board;

He further announced and presented the graphics for the ARFF and Police patches and badges that were revised to incorporate the new refreshed logo launched in November 2014. He noted that the graphics will be applied to all uniforms, vehicles, and surfaces and documents that are used in the respective sections; and lastly

He reported that the GIAA Marketing has been coordinating with the Military Historical Tours (MHT) of Los Angeles who will be filming a documentary on the remaining U.S. veterans of the Battle of Iwo Jima. MHT will film the veterans' arrival to Guam on March 17, 2015 and their departure to Iwo Jima by charter flight on March 21, 2015. GIAA will be extending an honorary welcome to the veterans by executing a water salute on the aircraft on the morning of their arrival at 5:55 a.m.

At this time, Chairman inquired about a request from GVB for an update by the Board and tour of the Airport. Ms. Jean Arriola, Airport Services Manager, responded that a request was made for a meeting in March at the convenience of the Board. The Chairman inquired if the whole GVB Board will attend. Ms. Arriola indicated that is what was conveyed by GVB. The Chairman expressed his concerns as to what's the objective of GVB's request. Deputy Executive Manager Martinez stated that management will confer with GVB and update the Board.

Mr. Santos updated the Board that U.S. DOT has approved the application of Air Busan to operate and their target date for operation is in June, but they may schedule charters in the meantime.

Director Tolan inquired about the Asia Networking Forum as to who will be going from the Board and Management to attend. Ms. Arriola informed the Board that Director Gerber and Mr. Gerard Bautista will be attending.

At this time, Director Gerber inquired regarding staff participation in some committee they have at GVB. Ms. Arriola responded that there are two committees that GIAA is part of, one is the Infrastructure Committee and the other is the Destination Management Committee (renamed Air Service Development committee).

There being no further discussion, the Chairman then thanked the Deputy Executive Manager for his report.

8. REPORT OF THE COMPTROLLER

The next item on the agenda was the report of the Comptroller.

Mr. Bordallo presented the monthly financial report. He reported to the Board on the revenues and expenses of the Authority as of January 31, 2015. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 1.2%, year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by -4.0% and -3.0%, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by 1.9%. Year-to-date Total Operating Revenues Actual of $22.6M is -.5% below the budget estimate of $22.7M. Year-to-date Total Operating Expenses are below budget by -15.6%. Components of this line item include a -7.6% decrease in Personnel Service, a -16.9% decrease in Contractual Services, a -74.1% decrease in Materials & Supplies and -100.0% decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of $10.1M reflects an increase of 28.0% over the year-to-date budgeted amount of $7.9M. Finally, Mr. Bordallo reported that the year-to-date Debt Service Coverage is at 1.39 versus the requirement of 1.25.

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Gerber, and unanimously approved, the Board recessed to convene into Executive Session at 4:03 p.m.

On motion duly made by Director Gerber, seconded by Director Sobti, unanimously approved, Executive Session adjourned at 4:29 p.m., at which time the Board reconvened the regular session.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments. Chairman Untalan called upon any public member wishing to make comments. There were no comments from the public.

11. ADJOURNMENT

There being no further business to address before the Board, on motion duly made by Director Tolan and seconded by Director Gerber, the meeting was adjourned at 4:30 p.m.

Dated this 16th, day of April, 2015.

5. CORRESPONDENCE

Deputy Executive Manager Peter Roy Martinez stated that there were no items of correspondence to report.

6. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

Mr. Frank Santos (Business and Financial Consultant) provided background on AIP Grants for the benefit of the new Directors. Mr. Santos noted that grant recipients are normally given four (4) years to fully utilize the grant funds. With regard to overall grant status, currently the Airport is ahead of every other airport in the Western Pacific Region.

Mr. Santos informed the Board of the proposed May 4, 2015 FAA flight check of Runway 6L, which has been closed for six (6) years. If there are no issues with the flight check, an estimated publication date of August 20, 2015 will state that the runway will be fully operational and the Authority will be able to start promoting the runway to long-haul flight operators. When Runway 6L is opened, the short runway will be closed for approximately three (3) months. Director Sgro asked whether the airlines are informed of these runway projects. Mr. Santos explained that these updates are mentioned in monthly Airport Operational Council (AOC) meetings as well as quarterly meetings between Management and the Signatory Airlines. Mr. Santos mentioned that the only airline that has expressed interest so far is United Airlines.

Mr. Santos informed the Board that the new 3,000 gallon Aircraft Rescue & Fire Fighting (ARFF) vehicle would be on-site by July 2015.

ii. Capital Improvement Fund Projects

Mr. Santos informed the Board that the IFB for restrooms renovations not covered by Lotte improvements has been issued, and may come before the Board for approval during the April regular board meeting. In addition to aesthetic improvements, the wastewater system is also receiving an upgrade to support the newly upgraded restrooms.

Mr. Santos then mentioned new grant awards for the Noise Mitigation Program, Rehabilitative Runway 6L/24R, and ARFF Truck/RIV totaling approximately $7.1M. Those grants will be presented to the Board for acceptance by June 2015.

Mr. Santos noted that the Painting & Exterior Surface Improvements Project is still in progress and the project to replace the roofing system is currently under design.

Mr. Santos updated the Board on the Tiyan Parkway Phase 1 project, which has a tentative completion date of June 3, 2015. Mr. Santos noted that the road could be opened as early as the end of April for traffic. The two remaining key areas of the project would be the connector road and crossover to Officers' Housing. Mr. Santos informed the Board that the opening of Tiyan Parkway Phase 1 does not mean

immediate closure of Central Road because of a two (2) week testing period to ensure that no issues arise.

iii. Bond Projects

Mr. Santos noted that the 90% design for the International Arrivals Corridor/Seismic Upgrade Project was presented at the end of March. Submission of the final design is expected by the end of April, subject to Airport and FAA review, after which, the Authority will advertise the IFB for construction. Mr. Santos noted that the Authority planned on shortening the bid period from ninety (90) to sixty (60) days with the possibility for an extension. Mr. Santos noted that the Authority is working on finalizing a phasing plan that would determine which gates are to be closed as the project proceeds, and that the goal is to limit construction to a maximum of two (2) years. Mr. Santos then mentioned that this project has exceeded the proposed budget and that he is working with Management and the Board sub-committee to assess which elements of the project can be excluded or included as bid additives.

Mr. Santos informed the Board that the Inline Screening Project is set to be completed by June 2016. Mr. Santos reported little progress on the other projects, due to focus on the International Arrivals Corridor/Seismic Upgrades project.

7. NEW BUSINESS

A. Approval of Award - Medical Services - RFP-03A-FY15

DEM Martinez provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. An evaluation committee was established to evaluate the two (2) proposals timely submitted to determine the most qualified proposer. The proposals were evaluated based on a point system assigned for each criteria identified in the RFP package. The qualified firms in the order of their ranking are as follows:

1. Proposer A
2. Proposer B

DEM Martinez requested that the Board approve the ranking results and award the RFP for the Medical Services to Proposers A and B, subject to Management's negotiation of a fair and reasonable fee. The selection of two (2) firms will allow GIAA flexibility to schedule annual physicals, special medical examinations, occupational physicals, random drug testing and other necessary services.

Chairman Untalan informed the Board that the proposals and bids for the various procurement solicitations are available for review by the Directors any time prior to the Board meetings.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 15-20

The Board hereby approves the ranking results as presented to the Board and contract award to Proposers A and B for Medical Services, RFP-03A-FY15, subject to Management's negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management is authorized to enter into negotiations with the next highest proposer.

DEM Martinez then informed the Board that Proposer A is PMC Isla Health System and Proposer B is IHP Medical Group.

B. Approval of Award - CM Services for Terminal Building Structural Upgrade and Concourse Isolation - RFP-005-FY15

DEM Martinez provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested firms. An evaluation committee was established to evaluate the eleven (11) proposals timely submitted to determine the most qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. The qualified firms in the order of their ranking are as follows:

1.	Proposer C	7.	Proposer G
2.	Proposer F	8.	Proposer I
3.	Proposer A	9.	Proposer D
4.	Proposer J	10.	Proposer K
5.	Proposer B	11.	Proposer E
6.	Proposer H		

DEM Martinez requested that the Board approve the ranking results and award the contract to **Proposer C**, as the highest ranked proposer, subject to Management's negotiation of a fair and reasonable fee. In the event that the negotiations prove unsuccessful with Proposer C, it is requested that the Board authorize Management to commence negotiations with the next highest ranked proposer.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 15-21

The Board hereby approves the ranking results presented to the Board and the contract award to Proposer C for CM Services for Terminal Building Structural Upgrade and Concourse Isolation, RFP-005-FY15, subject to Management's negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management is authorized to enter into negotiations with the next highest ranked proposer.

DEM Martinez then informed the Board that Proposer C is SSFM International Inc.

C. Ratification of Award - Light Aircraft Commuter Facility - IFB No. GIAA-CO2-FY15

DEM Martinez explained that during the February 23, 2015 Board meeting, the Board authorized EM Ada to issue the notice of intent to award to the lowest responsible bidder for the referenced IFB, in an amount not to exceed $300,000.

Chairman Untalan informed the Board that the lowest bidder was ProPacific Builders Corp. with a bid of $240,000. After further discussion, on motion duly made by Director Sobti, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 15-22

The Board hereby ratifies and approves the contract award for Light Aircraft Commuter Facility, IFB No. GIAA-CO2-FY15, to ProPacific Builders Corp. in the amount of $240,000.

D. First Amendment to Agreement for Legal Services - Conflicts Counsel

DEM Martinez requested Board approval of an amendment to the Authority's conflicts counsel contract with Torres Law Group. Janalynn Cruz Damian, GIAA legal counsel, informed the Board that the referenced contract expired in March 2015, and this amendment will extend the term of the contract to allow conflicts counsel to complete two projects already in progress. The Authority finds that continuing the contract until the completion of two projects started by Torres Law Group would be beneficial as well as cost effective for the Airport. Ms. Damian mentioned that following Board approval, the contract will be submitted to the Attorney General's Office for approval. Should the AG reject the amendment, the Airport would have to put out an RFP.

Discussion was held on the extended term. Ms. Damian explained that the term is until February 29, 2016, or until the completion of the two projects, whichever comes first.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 15-23

The Board hereby approves the Amendment to Agreement for Legal Services - Conflicts Counsel with Torres Law Group as presented to the Board, subject to Attorney General approval.

8. REPORT OF THE EXECUTIVE MANAGER

DEM Martinez provided information to the Board on Air Busan's anticipated operation of a Busan/Guam route four (4) times per week. DEM Martinez then updated the Board on regulatory matters, including a visit from Mr. Eddie Angeles, FAA Associate Administrator for Airports, and a meeting with USCBP officials.

DEM Martinez then updated the Board on pending RFPs and IFBs, which are identified in the EM Report included in the Board's packet.

Further discussion was held on the meeting with USCBP and moving forward with pre-clearance at originating airports to alleviate the long lines at immigration.

9. REPORT OF THE COMPTROLLER

Mr. Bordallo reported on the revenues and expenses of the Authority as of February 28, 2015. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by 1.7%, year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by -0.6% and -4.4%, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by 12.5%. Year-to-date Total Operating Revenues Actual of $29.4M is 3.2% above the budget estimate of $28.5M. Year-to-date Total Operating Expenses are below budget by -16.0%. Components of this line item include a -7.9% decrease in Personnel Service, a -17.5% decrease in Contractual Services, a -69.5% decrease in Materials & Supplies and -100.0% decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date New Revenues from Operations of $14.0M reflects an increase of 37.7% over the year-to-date budgeted amount of $10.2M. Mr. Bordallo reported that the year-to-date Debt Service Coverage is at 1.45 versus the requirement of 1.25.

10. PUBLIC COMMENTS

Chairman Untalan called upon any public member wishing to make comments. Mr. Steve Carrara requested the opportunity to address the Board on behalf of Freedom Air. Legal Counsel informed Mr. Carrara that he may present to the Board, but that there would be no

open discussion involving the Board as the matter was part of litigation. Mr. Carrara presented a framework to the Board in the hopes of moving forward regarding a GIAA and Freedom Air relationship. Chairman Untalan thanked Mr. Carrara for his presentation and Mr. Carrara thanked the Board for their time.

It is noted that Director Alcorn left the meeting.

11. EXECUTIVE SESSION

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Sgro, and unanimously approved, the Board recessed to convene into Executive Session at 4:16 p.m.

On motion duly made by Director Tolan, seconded by Director Camacho, and unanimously approved, Executive Session adjourned at 5:07 p.m, at which time the Board reconvened regular session.

After Executive Session, Attorney Damian requested that the Board approve a waiver of the monthly cap on legal fees under Calvo Fisher & Jacob's (CFJ) new contract for the following litigation matters: (i) the Specialty Retail Protest Matters, (ii) the Arbitration and Government Claims Matters involving DFS, and (iii) the Crawford litigation matter. Ms. Damian explained that the Board waived the cap under the old contract for the first two matters. Additionally, Ms. Damian requested that the Board authorize payment of CFJ's March 2015 invoice, which exceeds the monthly cap because of the extensive work done in the Crawford litigation matter. Ms. Damian noted that the legal fees for the Crawford matter is about $57,000.00.

Discussion was held and the Chairman requested that the Comptroller assess the agency's budget and determine whether the budget permitted a lifting of the cap based upon counsel's estimated budget for the arbitration matter. Chairman Untalan also noted that the Specialty Retail Protest Matters legal fees were subject to reimbursement by Lotte per the Concession Agreement.

After further discussion, on motion duly made by Director Sgro and seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 15-24

The Board hereby authorizes payment of Calvo Fisher & Jacob's March 2015 legal services invoice. The Board further approves the waiver of the monthly cap on legal fees for the Specialty Retail Protest Matters.

12. ADJOURNMENT

There being no further business, motion to adjourn duly made by Director Tolan, seconded by Director Sgro; motion unanimously passed. The meeting was adjourned at 5:15 p.m.

Dated this 4th, day of May, 2015.

A. April 9, 2015 Regular Meeting

Motion to approve the minutes of the April 9, 2015 regular meeting subject to corrections duly made by Vice Chairman Gerber, seconded by Director Sobti; motion unanimously passed.

Resolution No. 15-25

The Board hereby approves the minutes of the April 9, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Charles H. Ada II stated that there were no items of correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

Frank Santos, Business and Financial Consultant, informed the Board of the FAA planned Flight Check, for Runway 6L as well as instrument landing systems and other related navigational devices. Should the Runway pass its flight check, publication in FAA manuals is expected by June 25, 2015 and Runway 6L / 24R will officially open; a ribbon-cutting ceremony is anticipated. Mr. Santos also mentioned upon the opening of 6L, Runway 6R will be shut down for approximately three (3) months to install a Precision Approach Path Indicator (PAPI) light. Tiyan Parkway project contract completion date is June 2, 2015, but according to Department of Public Works ("DPW") completion may be earlier. Central Avenue closes shortly after the Parkway opens. Chairman Untalan asked Mr. Santos for a timeframe from when Tiyan Parkway is opened that Central Avenue can be closed, to which Mr. Santos replied that it could be shut down immediately, but they may want to have a week or two transition period to determine traffic flow. A public notice will be issued by DPW and the Authority regarding the opening of the Parkway and closing of Central Avenue.

ii. Bond Projects

The final design package for the Arrivals Corridor is expected May 4, 2015, subject to one final review. Bids for construction are set to be advertised in May and bid options will be reserved for after bid award. Mr. Santos foresees bids being favorable to the Authority. Items have been identified for post-contract award. Said items require additional work including design. Mr. Santos reported that he is looking at a 60 day bid period, to include a pre-bid conference and requests for information (RFI) by contractors. The response to all inquiries will be issued as an addendum to the IFB so that all bidders have the same information. The Notice to Proceed is currently scheduled for October 2015, with a two (2) year construction period. This will be done in phases; rather than GIAA dictating the phase, as in what gates will be closed, the contractor's plans will determine which gates, as long as some are operational. Before any work is done on the actual corridor itself the seismic upgrades must be done. Chairman inquired if airlines partners are updated, Mr. Santos reported that once phasing plan is known (which gates are going to be closed and when) then stakeholders will be informed.

iii. Capital Improvement Fund Projects

Mr. Santos updated the Board on the Noise Mitigation Program in which he expects the Authority to receive $2M as well as the Rehabilitative Runway 6L/24R project which is expected to bring in almost $4M in FAA grant funds by June 2015. The ARFF Truck/RIV (Rapid Intervention Vehicle) is expected to receive $1.25M in FAA funding. Once solicitations are issued, these projects will be moved to the UDO project schedule. Approximately $7.1M in FAA grants is expected for FY15. Chairman Untalan asked Comptroller Carlos Bordallo how the grants would be reported in financials. Mr. Bordallo informed the Board that they would be reported as line items of Federal grants on the balance sheet as they are not part of the operating revenues.

The last item presented was news of an appraisal for Lot 2087, which has already been purchased by the Government of Guam ("GovGuam"), which allows the Authority to work alongside GovGuam to purchase land and remnant properties, funded under the Tiyan Land Acquisition & Redevelopment Fund.

6. NEW BUSINESS

A. Approval of Award - Airport Restroom Renovations - IFB No. GIAA-C03-FY02-1, Project No. GIAA-FY15-20-1

Executive Manager Charles H. Ada II provided background information to the Board on the referenced IFB. TRMA is the designer for the renovation of ten male and ten female restrooms. Executive Manager Ada informed the Board that three (3) firms submitted their bids before the

deadline, which were publicly opened and read aloud. The bid price submittals are as follows in the order they were received and opened:

1.	DB's Builders Inc.	$1,473,487.58
2.	Inland Builders Corp.	$1,565,512.17
3.	ProPacific Builders Corp.	$1,474,000.00

Executive Manager Ada informed the Board that DB Builders Inc. has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that DB Builders Inc. be awarded the contract in the amount of $1,473,487.58 for this project.

After further discussion, on motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 15-26

The Board hereby approves the award of Airport Restroom Renovations - IFB No. GIAA-C03-FY02-1 Project No. GIAA-FY15-20-1 to DB Builders Inc. and the appropriation in the amount of $1,473,487.58 for said project, subject to legal counsel's review.

7. REPORT OF THE EXECUTIVE MANAGER

Executive Manager Ada began his report with airline issues, announcing the new presence of Air Busan who will begin operating a Busan/Guam route four times (4x) weekly starting July 22, 2015. Golden Week, which ends May 6, welcomed sixteen (16) charter flights from Japan, three (3) through Incheon, Fukuoka, Guam provided by Jin Air, one (1) flight from three (3) originating areas, Kansai, Narita, and Fukuoka, provided by China Airlines, five (5) flights from Kansai and one (1) from Nagoya provided by Delta Airlines, one (1) from Narita and one (1) from Okayama provided by Korean Air, and lastly two (2) flights provided by United Airlines, one (1) originating from Kansai and the other from Nagoya. Philippine Airlines will increase their Manila/Guam flight frequency from five times (5x) weekly to seven (7) during the summer peak season - May 21, 2015 to August 31, 2015 adding twenty-eight (28) flights to the fourteen (14) week period. Eva Airways will increase their Taiwan/Guam flights from twice (2x) weekly to five (5) through July 2015, then four times (4x) weekly in August.

Executive Manager Ada then moved on to procurement matters, informing the Board that solicitations were announced for the Annual Financial Audit and Legal Counsel (Conflicts).

Lastly, Executive Manager Ada informed the Board of the Tropical Storm Bavi Hot Wash held on April 17, which included airline partners, Tour Agents, F&B Operators and Regulatory Agencies. GIAA informed tenants that the Emergency Coordinating Center will be activated for each event to ensure that all tenants are represented and are receiving the same information and to plan for passenger services during all conditions of readiness. Executive Manager Ada also reported of a meet and greet with Shenyang Executives who were visiting Guam following Governor Calvo's economic trade mission to China.

8. REPORT OF THE COMPTROLLER

Mr. Bordallo reported on the revenues and expenses of the Authority as of March 31, 2015. Mr. Bordallo reported that year-to-date Total Signatory Revenues are above budgeted revenues by **1.4%,** year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by **0.6**% and **-1.7**%, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **12.0**%. Year-to-date Total Operating Revenues Actual of **$35.8M** is **3.2**% above the budget estimate of **$34.6M**. Year-to-date Total Operating Expenses are below budget by **-18.0**%. Components of this line item include a **-13.3**% decrease in Personnel Service, a **-17.5**% decrease in Contractual Services, a **-64.9**% decrease in Materials & Supplies and **-100.0**% decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date New Revenues from Operations of **$17.3M** reflects an increase of **42.9**% over the year-to-date budgeted amount of **$12.1M**. Mr. Bordallo reported that the year-to-date Debt Service Coverage is at **1.51** versus the requirement of **1.25.**

9. PUBLIC COMMENTS

There were no public comments.

10. EXECUTIVE SESSION

No executive session held.

11. ADJOURNMENT

There being no further business, motion to adjourn duly made by Director Tolan, seconded by Director Sobti; motion unanimously passed. The meeting was adjourned at 3:51 p.m.

Delbert Benlot	Acting Engineering Supervisor
Robert D. Camacho	Airport Police Chief
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

No changes to the agenda were requested by the Board or Executive Manager Ada.

The Executive Manager recognized and introduced to the Board special guests Mr. Bokyung Moon of Air Busan, Mr. Jin Oh Kim of Jin Air, and Mr. Blaine Dydasco of Senator Tom Ada's office.

Motion to approve the agenda as presented duly made by Director Tolan, seconded by Director Sgro; motion unanimously passed.

3. APPROVAL OF MINUTES

A. April 30, 2015 Regular Meeting

Director Sgro noted that "2014" needs to be changed to "2015" in the first paragraph on page 3 of the Minutes. On motion duly made by Vice Chairman Gerber, seconded by Director Sgro, the following resolution was motion unanimously passed:

Resolution No. 15-27

The Board hereby approves the minutes of the April 30, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Charles H. Ada II presented to the Board that Guam Visitors Bureau has formally invited GIAA to the 2015 Guam Micronesian Island Fair located at Ypao beach park, scheduled to begin Friday. The opening ceremony begins June 12, 2015 at 6:00 p.m. EM Ada stated that the Authority is supporting this event.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

Frank Santos, Business and Financial Consultant, informed the Board that the month of June is "grant season," meaning that the Authority is expecting to receive several grants – $3.5M for the runway rehabilitation reimbursement, $2M for noise mitigation sound solutions project, and $1.3M for a second ARFF vehicle, and a Rapid Intervention Vehicle. The first ARFF vehicle (with a high turret) is scheduled to arrive July 15, 2015.

Mr. Santos informed the Board that in terms of key performance indicators, the status of GIAA fund usage is very good, with two of the four years showing zero. 2011 is the only year showing a significant balance at $1.9M, with Phases I, II, & III of the demolition project still ongoing.

Mr. Santos informed the Board that the FAA flight check was successful and publication of instrument procedures and runway approach for departures for 6L/24R will be officially published June 25, 2015 with management planning a ceremonial opening on June 26, 2015. This opens GIAA's doors to trans-pacific long-haul operators.

ii. Bond Projects

Mr. Santos informed the Board that he received the final bid package for the International Arrivals Corridor from the designer which has been sent to the FAA for approval. Once approved, the IFB will be issued with a sixty (60) day bid submittal. Should there be any changes required as per the FAA, they will be added to the package as an addendum.

The Inline Hold Bag Screening project is proceeding, and GIAA is finalizing required documents for TSA for reimbursement of $5.1M. GIAA is currently working with legal counsel per prior Board approval on the replacement loading bridge for Gate 21. Mr. Santos reports that that order will be made shortly.

iii. Capital Improvement Fund Projects

Mr. Santos updated the Board on the final design of the third floor additional facilities Fire Alarm/Suppression system replacement. With regard to the restroom renovations, final contract documents from legal counsel are all that are needed to proceed as all bonding requirements have been met. Because of the long ordering lead time, Mr. Santos informed the Board that a pre-NTP (Notice to Proceed) has been issued to allow the contractor to order materials. Phase I includes the Customs restroom, the public restroom near the conference room, and the public restroom next to the elevator by Ben N Yan's. Phase II is the public restrooms on the Western side and the restroom between the ticket counters in the lobby. During phase II, the arrivals restrooms will also be done. Thereafter will be the employee restrooms in the non-secure areas. Mr. Santos reported that the timeline is approximately two hundred and seventy (270) days.

Mr. Santos noted that Tiyan Parkway is open. The FAA has suggested that the Authority fence off the property on either side of the parkway using a light fence, meaning not concrete. Cost details are still being worked out.

6. NEW BUSINESS

A. Approval of Air Busan's Request for Signatory Airline Status

EM Ada began with providing background information on Air Busan which started as a South Korean regional airliner and has successfully grown since being established in 2007. International destinations include Japan, China, and Southeast Asia. Air Busan's fleet now

consists of six (6) A321-200, three (3) A320-200, four (4) B737-400, and one (1) B737-500. They have received economic authority from U.S. DOT to conduct foreign air transportation from the Republic of Korea to points in the United States and beyond, with specific reference to Busan-Guam services. Air Busan is in the process of obtaining signatory status with the U.S. Dept. of Homeland Security and U.S. Customs and Border Protection under the Guam-CNMI Visa Waiver Program.

GIAA PMO has drafted a Signatory Airline Operating Agreement and Terminal Building Lease consistent with lease negotiation terms and conditions. Upon Board approval, the Signatory Agreement will be forwarded to GIAA's legal counsel for review and approval.

Management recommends that the GIAA Board approve Air Busan's request to become a Signatory Airline at the A. B. Won Pat International Airport Authority, Guam, with the expiring term to be conterminous with other Signatory Agreements.

On motion duly made by Director Sgro, seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 15-28

The Board hereby approves Air Busan's request for Signatory Airline Status. The Board further approves the Signatory Airline and Operating Agreement and Terminal Building Lease negotiated by Management, subject to legal counsel's review.

B. Approval of Award - Legal Services - Conflicts Counsel - RFP No. RF-009-FY15

EM Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. An evaluation committee was established to evaluate the four (4) proposals timely submitted to determine the most qualified proposer. The proposals were evaluated based on a point system assigned for each criteria identified in the RFP package. The qualified firms in the order of their ranking are as follows:

1. Proposer B
2. Proposer A
3. Proposer C
4. Proposer D

The term of the contract shall be a period of one (1) year. The agreement may be renewed annually at the sole discretion of GIAA, for additional (1) year periods, not to exceed a total of five (5) years.

EM Ada noted that the RFP permits GIAA to select one or more conflicts counsel and requested that the Board approve the ranking results and award the RFP for the Legal Services - Conflicts Counsel to the top three Proposers – B, A, and C, subject to Management's negotiation of fair and reasonable fees and legal counsel review.

After further discussion, on motion duly made by Director Tolan and seconded by Vice Chairman Gerber, the following resolution was unanimously passed:

Resolution No. 15-29

The Board hereby approves the ranking results as presented to the Board and contract award to Proposers B, A, and C for Legal Services, Conflict Counsel RFP-009-FY15, subject to negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management is authorized to enter into negotiations with the next highest ranked proposer.

EM Ada then informed the Board that Proposer B is Fisher & Associates, Proposer A is Law Office of Peter Perez, and Proposer C is Torres Law Group.

C. Resolution - Relative to Authorizing Signatories on GIAA's Safe Deposit Box

EM Ada presented to the Board a resolution to authorize signatories relative to storage of back-up computer data tapes in a safe deposit box. This off-Airport location of stored computer data tapes is needed to maintain the continuity and integrity of such data. Said resolution would allow any one of the following to deposit into, retrieve from, or access the safe deposit box on behalf of GIAA:

1. Danny C. Cepeda, Data Processing Manager
2. Arleen M. Torres-Sanchez, Systems Programmer
3. Rita A. Camacho, Computer Operator III
4. Jacob F. Jesus, Computer Operator II

The proposed resolution also authorizes the Executive Manager to further designate and authorize additional employees of the Authority to deposit into, retrieve from, or access said safe deposit box.

Chairman Untalan noted that Management needs to look into a long term plan for storage of back-up data as such storage should allow for immediate access.

After further discussion, on motion duly made by Director Sgro and seconded by Tolan, the resolution was unanimously passed:

Resolution No. 15-30

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA" or the "Authority") desires to obtain a safe deposit box for storage of GIAA's back-up computer data tapes and to designate the individuals authorized to use and access the safe deposit box on behalf of GIAA for such purposes.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors hereby authorizes Management to open and maintain a safe deposit box for the purpose of storing GIAA's back-up computer data tapes; and

BE IT FURTHER RESOLVED, that the Board of Directors hereby designates and authorizes any one of the following individuals to deposit into, retrieve from, or access the safe deposit box on behalf of GIAA for the limited purposes stated herein:

1. Danny C. Cepeda, Data Processing Manager
2. Arleen M. Torres-Sanchez, Systems Programmer
3. Rita A. Camacho, Computer Operator III
4. Jacob F. Jesus, Computer Operator II

BE IT RESOLVED FURTHER, that the Board of Directors hereby authorizes the Executive Manager to further designate and authorize additional employees of the Authority who may deposit into, retrieve from, or access the safe deposit box; and

BE IT RESOLVED FURTHER, that the establishment of the safe deposit box is intended to provide an off-Airport location to store back-up computer data tapes in order to maintain the continuity and integrity of such data.

7. REPORT OF THE EXECUTIVE MANAGER

Executive Manager Ada began his report with airline issues, addressing pre- and post-Typhoon Dolphin activity.

The EM then updated the Board on T'Way Air. T'Way Air was issued an order from U.S. DOT granting them an exemption and allowing them to operate in the U.S., i.e. Guam, with a show cause providing 21 days for anyone seeking to file an objection. The application specifies a Seoul-Guam service on a daily, year-round basis. Start-up date was initially July 15, but may be delayed to allow the airline time to promote the route.

Regulatory issues included the FAA flight checks on extended runway 6L/24R and the new Instrument Landing System which took place May 2-6, 2015. In a teleconference May 8, 2015, Airport Management was informed that both passed all flight checks. The runway was extended from 10,000 to 12,000 linear feet; a project which took over five (5) years in progressive phases and cost over $70M, with the FAA providing most of the funding through grants which were aggressively pursued by the Authority.

The FAA conducted its annual certification inspection from May 26-29, 2015, which the Authority passed. There were a few insignificant findings which were corrected on the spot and Inspector Juan Reyes indicated that he would issue his Letter of Correction upon return to the Honolulu Area District Office. Inspector Reyes also conducted a hot wash with all levels of employees from Management to P&F staff to impart how important they and their jobs are to the running and certification of the Airport.

A Federal USCBP contractor conducted a time and motion study on Guam USCBP operations from May 20-23, 2015. Guam currently ranks 9th in the Top 25 Airports in International Arrivals.

EM Ada moved on to operation issues, beginning with the activation of the Airport's Emergency Coordination Center (ECC) staffed with a minimal 2-person rotation that carried through before, during, and after the typhoon. Management held two Heavy-Weather briefings with stakeholders, on May 13, 2015 and May 14, 2015, with a post briefing on May 16, 2015. The ECC welcomed the Government of Guam Emergency Operations Center (EOC) and Joint Information Center (JIC) on 6:00 p.m. May 16, 2015 due to compromised conditions at the Office of Civil Defense/Guam Homeland Security bunker. The EOC/JIC was deactivated on May 18, 2015 at 5:30 p.m.

DPW opened the new Maga'håga Highway (formerly Tiyan Parkway) on May 26, 2015. The Airport published the FAA's FONSI/ROD based on results of a Final Supplement to the Proposed Tiyan Parkway Environmental Assessment prepared in April 2015 for the Proposed Acquisition of Remnant Parcels. The full FONSI/ROD is available for public view at the Airport Administrative Offices, Nieves M. Flores Memorial Library, and Robert F. Kennedy Library at the University of Guam.

Lastly, the EM reported that the final inspection of the Airport's newest ARFF truck is underway at Rosenbauer in Minnesota with airport ARFF and procurement personnel. Ray T. Quintanilla, an Airport Operations Supervisor, undertook Air Certification training and completed it May 30, 2015 with the Association of American Airport Executives, and is now an Airport Certified Employee (A.C.E.).

8. REPORT OF THE COMPTROLLER

Mrs. Bautista reported on the revenues and expenses of the Authority as of April 30, 2015. Mrs. Bautista reported that year-to-date Total Signatory Revenues are above budgeted revenues by **0.3%,** year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by **0.6%** and **-2.1%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **12.0%**. Year-to-date Total Operating Revenues Actual of **$41.3** is **3.1%** above the budget estimate of **$40.1**. Year-to-date Total Operating Expenses are below budget by **-18.6%**. Components of this line item include a **-12.0%** decrease in Personnel Service, a **-20.1%** decrease in Contractual Services, a **-60.4%** decrease in Materials & Supplies and **-100.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date New Revenues from Operations of **$20.2** reflects an increase of **42.9%** over the year-to-date budgeted amount of **$14.1M**. Mrs. Bautista reported that the year-to-date Debt Service Coverage is at **1.53** versus the requirement of **1.25.**

9. PUBLIC COMMENTS

There were no public comments.

10. EXECUTIVE SESSION

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Sgro, and unanimously approved, the Board recessed to convene into Executive Session at 4:06 p.m.

On motion duly made by Director Gerber, seconded by Director Tolan, and unanimously approved, Executive Session adjourned at 4:59 p.m, at which time the Board reconvened regular session.

At this point, Attorney Damian stated that Director Sgro had to excuse herself from the meeting during executive session. Chairman Untalan also noted that Director Sgro recused herself from the legal matter discussed in Executive Session with conflicts counsel, Tom Fisher.

The Board then addressed two items. The first is to allow Management to negotiate with Commonwealth Development Authority (CDA) on a resolution to the liquidation of the Freedom Air assets, and to give authority to the Executive Manager to be able to determine what is in the best interests for the Airport and to return to the Board for confirmation of his decision.

On motion duly made by Director Tolan, seconded by Vice Chairman Gerber, the following resolution was unanimously passed:

Resolution 15-31

The Board hereby authorizes Management to negotiate a resolution with the Commonwealth Development Authority relative to the liquidation of Freedom Air assets.

The second matter relates to authorizing payment of Calvo Fisher & Jacob's April invoice for legal services related to the Crawford litigation in the amount of $54,763.08.

On motion duly made by Vice Chairman Gerber, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution 15-32

The Board hereby authorizes payment of Calvo Fisher & Jacob's April 2015 legal services invoice for the Crawford litigation matter.

Chairman Untalan then informed the EM that for the next meeting, Management and Board should continue working with Oversight Chairman, Senator Tom Ada's office, towards an amendment to current legislation that will allow the Authority to increase aeronautical-type leases up to thirty (30) years as opposed to the existing five (5) year limitation.

The Chairman also requested that one RFP be presented at each monthly Board meeting, starting with focus on property development and determination of need to start the process. The Chairman also indicated that he wanted to address route strategy at the next meeting.

Lastly, Chairman Untalan requested a recommendation from Comptroller Carlos Bordallo on whether or not the Authority would benefit from hiring an investment advisor.

11. ADJOURNMENT

There being no further business, motion to adjourn duly made by Director Tolan, seconded by Vice Chairman Gerber; motion unanimously passed. The meeting was adjourned at 5:05 p.m.

Dated this 29th, day of June, 2015.

2. APPROVAL OF AGENDA

Chairman Untalan requested to add the following items to Old Business – draft amendment to law on 5-year lease limit, route strategy, investment advisor, and property development.

Motion to approve the agenda with said changes duly made by Vice Chairman Gerber, seconded by Director Sgro; motion unanimously passed.

3. APPROVAL OF MINUTES

A. June 4, 2015 Regular Meeting

No corrections or changes were recommended. On motion duly made by Director Sgro, seconded by Vice Chairman Gerber, the following resolution was unanimously passed:

Resolution No. 15-33

The Board hereby approves the minutes of the June 4, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Charles H. Ada II updated the Board on communications he received regarding the growing popularity of consumer drones and the need for local legislation. Mr. Frank Santos added that the FAA has issued a notice of proposed rule-making seeking public comments.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

i. Bond Capital Projects (Series 2013 Bond projects)

- International Arrivals Corridor with Building Seismic Upgrades. The IFB for Terminal Building Structural Upgrade and Concourse Isolation project construction was issued with a submission deadline of August 25, 2015. Five million dollars has already been spent on design. This project covers structural upgrades to the front of the Terminal building in addition to the third floor.

- Common Use Check-In Facilities. Project for procurement of common-use equipment that will allow any airline to log in to their respective systems and communicate with the Airport's baggage handlers. The airlines expected to take advantage of this equipment are Air Busan, Cebu Pacific, T'way Air, Dynamic Air, and a Russian carrier TBA.

- Interisland Passenger Facility. Facility for aircraft less than 12,500 lbs and 9 pax or less is substantially complete with a targeted opening date of July 1, 2015. Will be staffed by Customs & Quarantine Agency. Facility offers the possibility of more carriers and the ability to be pre-cleared by US Customs and Border Protection in Rota en route to Guam.

ii. Capital Improvement Fund

- Upgrades to Public Restrooms – Phase 5A. A Pre-Notice to Proceed was issued and equipment on order. Phase I - one (1) restroom in the baggage claim area, one (1) restroom on the apron level, and one (1) restroom, public side, of the concourse level. Includes repair of wastewater line that extends from the baggage claim area. Both projects will proceed concurrently.

- Tiyan Land Acquisition and Redevelopment. Progress with the Government of Guam towards purchasing remnant properties, with appraisals of the three (3) largest remnants completed. Four (4) more properties remain which need to be purchased.

iii. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- Runway 6L/24R. Runway 6L/24R is scheduled to open as of 7:00 p.m., June 25, 2015 for arrivals and take offs. Runway 6L will be limited to 11,015 feet to comply with runway safety area requirements. A final flight check by the FAA on July 22, 2015 will allow the runway to be fully operational (utilizing all 12,000 feet). Runway 6R will still be in use until 6L is fully available.

- Airport Rescue & Firefighting (ARFF) Vehicle. The estimated delivery date for the ARFF rescue vehicle is July 15, 2015.

- Demolition. In regard to the demolition of the Cargo Building, asphalt has been poured on the area that has been demolished, providing parking/storage space for Ground Service Equipment and baggage containers. Phase III (demolition of the five (5) homes adjacent to the Cargo Building) is now in the process of installing a temporary perimeter fence around the area.

iv. Other Matters

- Due to a short turn around period between receipt of grant agreements and deadline for return to the FAA, Management is requesting authorization for the EM to execute grant agreements for $6M in FAA funds, and for Legal Counsel to certify the same. Management will then report back to the Board for ratification at the next Regular

Board meeting. The grants have yet to go through Congressional review. Once reviewed, the FAA will send the agreements to the Authority. The usual turnaround time is two (2) weeks, hence the request for advance authorization to execute grants.

After further discussion, on motion duly made by Vice Chairman Gerber, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 15-34

The Board hereby authorizes the Executive Manager to execute grant agreements and for Legal Counsel to certify the same upon receipt of the agreements from the FAA. The EM shall report the same to the Board at the next regular board meeting.

6. NEW BUSINESS

A. Approval of Award - RFP No. RFP-007-FY15 - Independent Financial Auditor

EM Ada began with providing background information on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. An evaluation committee was established to evaluate the three (3) proposals timely submitted to determine the most qualified proposer. The proposals were evaluated based on a point system assigned for each criteria identified in the RFP package. The qualified firms in the order of their ranking are as follows:

1. Proposer A
2. Proposer B
3. Proposer C

The term of the contract shall be a period of one (1) year. The agreement may be renewed annually at the sole discretion of GIAA, for additional (1) year periods, not to exceed a total of four (4) years.

Management recommends approval of the rankings and the contract award to Proposer A as the highest ranked proposer for Independent Financial Auditor which is subject, by law, to approval by the Public Auditor. Management will notify the Board on the identity of Proposer A when approved by the Public Auditor.

After further discussion, on motion duly made by Director Sobti and seconded by Director Sgro, the following resolution was unanimously passed:

Resolution No. 15-35

The Board hereby approves the ranking results as presented to the Board and contract award to Proposer A, for Independent Financial Auditor, RFP No. RFP-007-FY15, subject to approval by the Public Auditor and negotiation of fair and reasonable fees and legal review. If the Public Auditor does not approve Proposer A or negotiations prove unsuccessful, Management is authorized to enter into negotiations with the next highest ranked proposer.

B. Approval of Award - RFP No. RFP-006-FY15 - Management & Infrastructure Support Services to GIAA's Passenger Conveyance System

EM Ada requested an extension to present any recommendation on this RFP as Management feels there is additional information necessary for evaluators to complete their evaluations. The matter was tabled.

C. Approval of Board Standing Committees

EM Ada presented the June 22, 2015 memorandum from the Chairman regarding recommended Board standing committees.

Chairman Untalan asked for any comments from the Board, there were none.

On motion duly made by Director Sgro and seconded by Director Sobti, the following resolution was unanimously passed:

Resolution No. 15-36

The Board hereby approves the Board subcommittees, chairpersons, and members:

1. Finance/Operations/Administration – Chairperson: Chairman Untalan; Member: Director Camacho.
2. Capital Improvement Projects/Property Development – Chairperson: Vice Chairman Gerber; Member: Director Sobti.
3. Tenant Relations/Air Service Development/Marketing – Chairperson: Director Sgro; Members: Directors Tolan and Alcorn.

The Chairman congratulated the new chairpersons on accepting their new roles in their respective subcommittees.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the written Executive Manager's Report included as part of the Board's packet, which was presented by EM Ada.

8. REPORT OF THE COMPTROLLER

Mrs. Ann Bautista reported on the revenues and expenses of the Authority as of **May 31, 2015**. Mrs. Bautista reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-0.1%,** year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by **0.6**% and **-2.4**%, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **14.2**%. Year-to-date Total Operating Revenues Actual of $**47.0M** is **3.0**% above the budget estimate of $**45.6**. Year-to-date Total Operating Expenses are below budget by **-15.7**%. Components of this line item include a **-10.8**% decrease in Personnel Service, a **-15.3**% decrease in Contractual Services, a **-60.0**% decrease in Materials & Supplies and **-100.0**% decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date New Revenues from Operations of $**22.2** reflects an increase of **37.1**% over the year-to-date budgeted amount of $**16.2M**. Mrs. Bautista reported that the year-to-date Debt Service Coverage is at **1.56** versus the requirement of **1.25.**

9. PUBLIC COMMENTS

There were no public comments. Chairman Untalan took this time to thank management for reconfiguring the parking stalls in the West parking area to better accommodate Board members.

10. EXECUTIVE SESSION

No executive session held.

11. ADJOURNMENT

There being no further business, motion to adjourn duly made by Vice Chairman Gerber, seconded by Director Sobti; motion unanimously passed. The meeting was adjourned at 3:57 p.m.

Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Executive Manager Ada requested to combine Old Business items B - Draft Legislation for Property Lease & Development - Aeronautical and E - Airport Property Development, as they were similar in nature.

Motion to approve the agenda with said changes duly made by Director Tolan, seconded by Director Alcorn; motion unanimously passed.

3. APPROVAL OF MINUTES

A. June 25, 2015 Regular Meeting

No corrections or changes were recommended. On motion duly made by Director Alcorn, seconded by Director Sgro, the following resolution was unanimously passed:

Resolution No. 15-37

The Board hereby approves the minutes of the June 25, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Charles H. Ada II had no correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

i. Bond Capital Projects (Series 2013 Bond projects)

- International Arrivals Corridor. Presently out on bid. Six (6) local contractors interested in the bid have requested extensions to submission deadline. A thirty (30) day extension was granted. Mr. Santos expects the bids to be competitive and below estimated budget.

- Interisland Passenger Facility. Light Aircraft Commuter Facility has been completed. Once flights are scheduled, a ribbon-cutting ceremony will be held.

- Replace Terminal Seating. A-E to prepare bid package. Number of seats is to be inventoried. More durable materials for seats and additional seating are expected.

ii. Capital Improvement Fund – No updates to report.

iii. FAA AIP Grant Projects – Undistributed Obligations (UDO) – No updates to report.

B. Draft Legislation for Property Lease & Development - Aeronautical

EM Ada reported that the Authority is looking into acquiring services for evaluating potential land use and development. Counsel has prepared draft legislation to exclude aeronautical leases from the current 5-year limit. The Board Capital Improvement Projects/Property Development Subcommittee will meet and report its findings to the Board at the August Regular Board meeting.

C. Air Service Development Strategy

The first draft of the Airport service strategy has been created and is going to be given to the Board Marketing Subcommittee. Airport Strategy and Marketing Ltd. (ASM), GIAA's air service development plan consultant, will be on island in mid-August to discuss the air-lift strategy with GIAA Management, to be presented to the Board.

D. Investment Advisor

Comptroller Carlos Bordallo recommended a meeting with the Board Finance, Operations, and Administration Subcommittee before making a recommendation to the Board.

F. Approval of Award - RFP No. RFP - 006 - FY15 - Management and Infrastructure Support Services to GIAA's Passenger Conveyance System

The EM provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. An evaluation committee was established to evaluate the two (2) proposals timely submitted to determine the most qualified proposer. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. The qualified firms in the ranking are as follows:

1. Proposer A
2. Proposer B

Management recommends that the Board approve the ranking results and award the RFP to Proposer A, subject to Management's negotiations of fair and reasonable fees.

On motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 15-38

The Board hereby approves the ranking results as presented and contract award to Proposer A for Management and Infrastructure Support Services to GIAA's Passenger Conveyance System - RFP No. RFP-006-FY15. Management is authorized to negotiate with Proposer A fair and reasonable fees and come back to the Board for final approval.

EM Ada informed the Board that Proposer A is Otis Elevator Company.

6. NEW BUSINESS

A. Approval of Grant Agreement - AIP Grant Number 3-66-0001-092-2015 - Rehabilitate Runway 6L/24R - Phase V

This matter was brought before the Board for ratification. Phase V of the grant is the reimbursement of funds used toward the completion of Runway 6L/24R in the amount of $3.3M to GIAA from the FAA.

On motion duly made by Director Sobti, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 15-39

The Board hereby ratifies and approves the execution of the Grant Agreement for AIP Grant Number 3-66-0001-092-2015 - Rehabilitate Runway 6L/24R - Phase V, and the certification thereof by legal counsel.

B. Approval of Award - IFB No. GIAA-003-FY15 - Purchase and Delivery of Crew Cab & Small SUV Vehicles

EM Ada began with providing background information on the referenced IFB including the scope of services, contract term, dates of advertisement of the IFB, proposal submission deadline, and the number of interested proposers. Three (3) firms submitted bid proposals by the deadline. As required by the Procurement Laws and Regulations, the bid was publicly opened and read aloud.

Management recommends the contract award of $114,470 to Atkins Kroll Inc. for a total of three (3) crew cab vehicles and $49,116.00 to Cars Plus LLC, for two (2) small SUV vehicles as both companies have been determined to have met the standards of responsibility and responsiveness outlined in Guam Procurement Regulations.

On motion duly made by Director Sgro, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 15-40

The Board hereby authorizes the approval of contract award - IFB No. GIAA-003-FY15 - Purchase and Delivery of Crew Cab & Small SUV Vehicles to Atkins Kroll Inc. for a total of $114,470 for three (3) crew cab vehicles and $49,116.00 to Cars Plus LLC, for two (2) small SUV vehicles.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's written Report included as part of the Board's packet, which was presented by EM Ada.

8. REPORT OF THE COMPTROLLER

Comptroller Bordallo reported on the revenues and expenses of the Authority as of **June 30, 2015**. Mr. Bordallo reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-1.4%,** year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by **0.6**% and **-3.7**%, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **14.2**%. Year-to-date Total Operating Revenues Actual of $**52.4M** is **2.3**% above the budget estimate of $**51.2**. Year-to-date Total Operating Expenses are below budget by **-14.9**%. Components of this line item include a **-9.8**% decrease in Personnel Service, a **-14.7**% decrease in Contractual Services, a **-58.3**% decrease in Materials & Supplies and **-100.0**% decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of $**24.4M** reflects an increase of **33.1**% over the year-to-date budgeted amount of $**18.4M**. Mr. Bordallo reported that the year-to-date Debt Service Coverage is at **1.54** versus the requirement of **1.25.**

9. PUBLIC COMMENTS

There were no public comments.

10. EXECUTIVE SESSION

Upon written recommendation of counsel, on motion duly made by Director Camacho, seconded by Director Sobti, and unanimously approved, the Board recessed to convene into Executive session at 3:56 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were members of the Board, EM Ada, and legal counsel.

On motion duly made by Director Alcorn, seconded by Director Tolan, and unanimously approved, Executive session adjourned at 4:22 p.m., at which time the Board reconvened regular session.

Chairman Untalan brought attention to the matter of contracts approval. The Chairman suggested that contracts for expenditures of $50,000 or greater be brought to the Board for approval. The Chairman also requested that when contracts are presented for execution by him, Management include a summary of key terms and conditions for Chairman's review.

On motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 15-41

Board Resolution No. 14-16 approved at the November 27, 2013 Regular Board Meeting is hereby rescinded. The Board hereby authorizes the Executive Manager to enter into contracts involving an expenditure in an amount not to exceed $50,000.00 without Board approval.

11. ADJOURNMENT

Motion to adjourn duly made by Director Alcorn, seconded by Director Camacho; motion unanimously passed. The meeting was adjourned at 4:25 p.m.

Dated this 4, day of September, 2015.

Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

EM Ada requested to revise the agenda to allow item 5C - Air Service Development Strategy to precede items 5A and B, and to table item 6C - Award of Contract - Grass Cutting and Herbicidal Treatment Services - IFB No. GIAA-007-GY14.

Motion to approve the agenda with said changes duly made by Director Tolan, seconded by Director Sobti; motion unanimously passed.

3. APPROVAL OF MINUTES

A. July 30, 2015 Regular Meeting

No corrections or changes were recommended. On motion duly made by Director Sgro, seconded by Vice Chairman Gerber, the following resolution was unanimously passed:

Resolution No. 15-42

The Board hereby approves the minutes of the July 30, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

EM Ada II had no correspondence to report.

5. OLD BUSINESS

A. Air Service Development Strategy

Airport Marketing Administrator Rolenda Faasuamalie introduced Mr. Tony Griffin and Mr. Nigel Mayes of Aviation Strategy Management Group (ASM), GIAA's consultant for route development strategies, targets, and recommend actions that would result in new air services to Guam.

Mr. Mayes reported that Japan is the largest market to Guam, though gradually decreasing, while the South Korean market is rapidly growing. The most relevant strategy issue that Mr. Mayes and Mr. Griffin identified was diversification of Guam's market -- which would reduce reliance on the Japanese market. Particular focus was on the outbound Chinese travelers, and the numerous low-cost carriers (LCC) out of Asia. Presently, current low-cost traffic is from the South Korean routes. ASM believes that there is great potential for LCCs to cover a greater number of Asian routes. ASM's research has shown that the presence of LCCs does not negatively affect incumbent full service carriers.

ASM's main points as presented were: focus on more inbound passengers from China and South Korea, LCC development, talking with United Airlines in regard to its role on Guam, and possibly initiating discussions with American Airlines. Mr. Mayes ended with what he felt was the most important slide, the possible seventy (70) airlines that have to some degree, shown interest and were prospects able to serve Guam over the next five (5) years, starting as early as 2016.

B. Status Updates of Capital Improvement Projects

i. Bond Capital Projects (Series 2013 Bond projects)

Larry Rivera referred the Board to the handout regarding the current Airport projects and provided updates to the Board.

- International Arrivals Corridor with Building Seismic Upgrades. Second pre-bid conference held. Bid opening is scheduled for 2:00 p.m., September 25, 2015. Weekly meetings are held so that the designer and GIAA are all informed of updated information.
- Integrated Passenger Loading Bridge (PLB). Contract has been executed for Gate 21 replacement.

ii. Capital Improvement Fund

- Upgrade to Public Restrooms - Phase 5A. Material orders are being made. Demolition of the Customs restroom is ongoing.
- Rehabilitate Runway 6L/24R and ARFF Truck/RIV – Are complete and will be moved to the FAA Schedule UDO Grants.

iii. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- Miscellaneous Airport Improvements - Phases 3 & 4 should be closed out by September 2015.
- Acquire one (1) 3,000-gallon Aircraft Rescue & Fire Fighting (ARFF) Vehicle. Vehicle has been received and grant will be closed out.

C. Airport Property Development

EM Ada informed the Board that the CIP sub-committee met on August 17 to discuss the draft legislation lifting the five-year term limit on aeronautical leases. Chairman Untalan suggested that before the draft legislation is submitted to the Oversight Chairman, Senator Tom Ada, that the CIP sub-committee meet with the Senator and that there be a reference sheet included that

highlights the differences in the original law to the Bill being proposed. The sub-committee also discussed the preparation of a Determination of Need for the entire Airport property inventory.

Mr. John Stewart, owner of SkyDive Guam, a longtime Airport tenant, was present to explain his investments and intended future plans to property development within the current five (5) year lease restriction. He also explained that he looks forward to the proposed amendment to lift the current five year lease restriction so that he can grow his business and have confidence in his long-term investments. EM Ada mentioned another party has expressed interest in developing a flight kitchen.

EM Ada then requested that the Board authorize Management to negotiate a five year lease with SkyDive Guam.

On motion duly made by Director Tolan, seconded by Director Sobti; the following resolution was unanimously approved:

Resolution 15-43

The Board hereby authorizes Management to negotiate and execute a ground lease with SkyDive Guam, within the five (5) year lease restriction, subject to legal counsel's review, and upon amendment of PL 32-40, to allow long-term lease for aeronautical activities, Management is authorized to revisit the terms of the agreement.

D. Investment Advisor

Comptroller Mr. Carlos Bordallo highlighted the positives of retaining an investment advisor by stating that the advisor would develop an investment policy which would protect Management and the Board, set an objective as to desired rate of return to measure performance of the advisor and investment managers, routinely monitor investments and performance of managers and provide reports to Management and the Board, monitor investment environment and recommend reallocations to GIAA's investment portfolio, and upon direction, review all funds and provide recommendations to Management and the Board on how to maximize return within investment criteria prescribed by Bond Indenture. The negative is the additional cost to retain an investment advisor in addition to investment managers. Mr. Bordallo recommended that Management issue a request for proposals for an investment advisor for a one year term with a termination clause at the Authority's discretion.

On motion duly made by Director Camacho, seconded by Director Sobti; the following resolution was unanimously approved:

Resolution 15-44

The Board hereby authorizes Management to issue a request for proposals for an investment advisor for a one year term with a termination clause at the Authority's discretion.

6. NEW BUSINESS

A. Approval of Grant Agreement - AIP Grant Number 3-66-0001-091-2015 - Acquire Aircraft Rescue & Fire Fighting (ARFF) Vehicles - $1,251,000.00

For the acquisition of two (2) ARFF vehicles, specifically one (1) 3,000-gallon ARFF Vehicle and one (1) Rapid Intervention Vehicle (RIV). The units are replacements to older vehicles. The Grant offer is a 90/10 match, meaning the FAA Grant will cover 90% of the cost and the Authority will cover the remaining 10%.

On motion duly made by Director Sobti seconded by Director Camacho; the following Grant Offer was unanimously approved:

Resolution No. 15-45

The Board hereby approves the acceptance of the FAA Grant Agreement - AIP Grant Number 3-66-0001-091-2015 - Acquire ARFF Vehicles - $1,251,000.00 and the conditions associated with said agreement.

EM Ada mentioned that the Authority received notice of another FAA grant in the amount of $2M for the Noise Mitigation project for residents in the 65-69 DNL that is to be issued. $1M is reimbursement for eleven (11) homes currently undergoing retrofitting. The second $1M is a three (3) part process: upgrade the current program to meet new requirements, start the design for the zones, and update measurements of the map.

B. Approval of FY 2016 Operations and Maintenance Budget

The budget was presented by Comptroller Bordallo. In summary, cost per enplanements (CP) was brought down to $15.51, a 1.8% drop from the current CP. Airlines were very receptive to the price drop. With the CP, the Authority is able to have a $44.8M operating budget besides $23M from debt service. The FY16 budget is a 3.5% increase over actual estimates and a 1.9% increase over FY15 adopted budget.

On motion duly made by Director Camacho, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 15-46

The Board hereby approves the FY16 Operations and Maintenance Budget as presented, subject to adjustments.

C. Award of Contract - Grass Cutting and Herbicidal Treatment Services – Tabled for Executive Session.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the written Executive Manager's Report included as part of the Board's packet, which was presented by EM Ada.

8. REPORT OF THE COMPTROLLER

Comptroller Bordallo reported on the revenues and expenses of the Authority as of **July 31, 2015**. Mr. Bordallo reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-1.4%,** year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by **0.6**% and **-4.7**%, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **13.5**%. Year-to-date Total Operating Revenues Actual of $**58.2M** is **2.1**% above the budget estimate of $**57.0M**. Year-to-date Total Operating Expenses are below budget by **-14.0**%. Components of this line item include a **-8.7**% decrease in Personnel Service, a **-14.4**% decrease in Contractual Services, a **-55.6**% decrease in Materials & Supplies and **-100.0**% decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of $**27.1M** reflects an increase of **29.9**% over the year-to-date budgeted amount of $**20.8M**. Mr. Bordallo reported that the year-to-date Debt Service Coverage is at **1.55** versus the requirement of **1.25.**

9. PUBLIC COMMENTS

There were no public comments.

10. EXECUTIVE SESSION

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Sgro, and unanimously approved, the Board recessed to convene into Executive Session at 4:45 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were members of the Board, EM Ada, and legal counsel.

On motion duly made by Director Sgro, seconded by Vice Chairman Gerber, and unanimously approved, Executive Session adjourned at 5:27 p.m., at which time the Board reconvened regular session.

On motion duly made by Vice Chairman Gerber, seconded by Director Sgro, the following resolution was unanimously passed:

Resolution No. 15-47

With regard to the award of IFB No. GIAA-007-FY14 for Grass Cutting and Herbicidal Treatment Services for the Air Operations Area ("AOA") and North Tiyan, the Board hereby authorizes the Executive Manager to negotiate a settlement with the bidder awarded, and if settlement is unsuccessful to proceed with termination of the contract and then contract award to the next lowest bidders for the AOA and North Tiyan areas.

Legal counsel then requested that the Board approve and authorize payment for three (3) July invoices for legal services that exceed the monthly cap.

On motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 15-48

The Board hereby authorizes the Authority to issue payment to Calvo Fisher & Jacob LLP, legal counsel, for three (3) July invoices that exceed the monthly cap, totaling approximately $19,000.00.

11. ADJOURNMENT

Motion to adjourn duly made by Director Tolan, seconded by Director Camacho; motion unanimously passed. The meeting was adjourned at 5:30 p.m.

The Chairman welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Tolan, seconded by Vice Chairman Gerber; motion unanimously passed.

3. APPROVAL OF MINUTES

A. August 27, 2015 Regular Meeting

No corrections or changes were recommended. On motion duly made by Vice Chairman Gerber, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution No. 15-49

The Board hereby approves the minutes of the August 27, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

EM Ada informed the Board that an invitation to attend the ribbon-cutting ceremony of the Light Aircraft Commuter Facility on October 1 at 3 p.m. was extended to the Commonwealth Ports Authority ("CPA") as well as the Mayor of Rota. Full participation was confirmed. The CPA requested permission to do a presentation to the "Elite 5" Airport employees who aided in the disaster recovery post Typhoon Soudelor, which was approved.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Larry Rivera referred the Board to the handout regarding the current Airport projects and provided updates to the Board.

i. Bond Capital Projects (Series 2013 Bond projects)

- International Arrivals Corridor. Bid opening has been extended to November 4, 2015 at 2 p.m. The magnitude of the project is resulting in numerous requests for structural information.
- Integrated Passenger Loading Bridge (PLB) Replacement. Gate 21 loading bridge is currently being manufactured with a January 2016 ship date to Guam.

ii. Capital Improvement Fund

- Upgrade Public Restrooms Phase 5A. Customs arrival bathroom demolished. Contractor has ordered materials which are expected to arrive in thirty (30) days.
- Airport Facilities Upgrade. Painting is 97% complete with the loading dock area remaining. Planter boxes are 60% complete; landscaping is what remains.
- Tiyan Land Acquisition & Redevelopment. There is a $100,000 difference between the budget and balance. Board requests Management to clarify.

iii. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- FY2011 Miscellaneous Airport Improvements Phase 3 & 4. Demolition project is completed; ready to be closed out.
- FY2013 Rehabilitate Runway 6L/24R Phase 3. There has been an amendment to the grant amount of $281,547.00, Amendment No. 1 to AIP 86.
- FY2014 Rehabilitate Runway 6L/24R Phase 4. There has been an amendment to the grant amount of $442,641.00, Amendment No. 1 to AIP 89.
- FY2015 grants total $7,648,167 for the Aircraft Rescue & Fire Fighting Vehicle, Rehabilitate Runway 6L/24R, and Noise Mitigation Measures for Residences within 65-69 DNL.

B. Air Service Development Strategy

Since the August 27, 2015 meeting, there has been subsequent meetings with GVB and GEDA. Long-haul strategy expected by next meeting.

C. Adoption of Determination of Need

GIAA Management has proposed to the Board the adoption of a Determination of Need ("DON") justifying a lease term in excess of five (5) years for Airport property, pursuant to 5 GCA §5127. An outline of the requirements of Section 5127 was provided to the Board.

Chairman Untalan requested that the DON reflect that longer-term leases provide borrowers/developers easier access to capital financing; normally, bank loans would be half the term of the lease.

After further discussion, on motion duly made by Director Tolan, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution 15-50

The Board hereby approves and adopts the Determination of Need as presented by GIAA Management, with the modifications noted during discussions.

6. NEW BUSINESS

A. Ratification of Grant Agreement - FAA AIP Grant Award No. 3-66-0001-093-2015- Noise Mitigation Measures for Residences within 65-69 DNL

The Board was informed about this grant during the August 27, 2015 meeting. The grant amount is $2M. Management requests for ratification of the action taken.

On motion duly made by Vice Chairman Gerber, seconded by Director Tolan, and unanimously approved, the following resolution was approved:

Resolution No. 15-51

The Board hereby ratifies Management's acceptance of the Grant Agreement for FAA AIP Grant Award No. 3-66-0001-093-2015 - Noise Mitigation Measures for Residences within 65-69 DNL.

B. Approval of T'way Air's Request for Signatory Airline Status

T'Way Air Co., Ltd., formerly known as Hansung Airlines Co., Ltd. is requesting signatory airline status. Founded in 2003 and headquartered in Seoul, it is a subsidiary of YeaRimDang Publishing Co., Ltd. Inaugural daily flight route Incheon/Guam/Incheon commenced September 24, 2015 with three (3) weekly routes planned for October 2015.

On motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 15-52

The Board hereby approves T'Way Air Co., Ltd.'s request for signatory airline status.

C. Approval of FY16 Insurance Renewal Program

AM Insurance ("AM") representative Trish Granillo presented FY2016 insurance quotes. Nine (9) companies were approached to offer quotes, with only two (2) submitting. Specifications were provided on August 26, 2015 with a submittal deadline of September 18, 2015.

Following are the types of insurance included for FY2016: Property Insurance including Catastrophe, Airport Operators Liability, Directors and Officers Liability, Workman's Compensation, Automobile Insurance, and Crime Insurance.

The total premium costs for all coverage including catastrophic perils for FY2016 is $760,364.00. Approximately $130,899.00 was saved compared to last Fiscal Year. GIAA Management recommends that the Board approve the FY2016 insurance program as presented by AM.

On motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 15-53

The Board hereby approves the Insurance Program for Fiscal Year 2016, as presented, in the total amount of $760,364.00.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the written Executive Manager's Report included as part of the Board's packet, which was presented by EM Ada.

8. REPORT OF THE COMPTROLLER

Comptroller Bordallo reported on the revenues and expenses of the Authority as of **August 31, 2015**. Mr. Bordallo reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-1.7%,** year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by **0.6%** and **-4.3%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **14.8%**. MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE A.B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM
Thursday, October 29, 2015, 3:00 p.m.
GIAA TERMINAL CONFERENCE ROOM #3

1. CALL TO ORDER AND ATTENDANCE

The October 29, 2015 regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") was called to order by Chairman Untalan at 3:00 p.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Edward G. Untalan	Chairman
Martin J. Gerber	Vice Chairman
Gurvinder "Bic" Sobti	
Lucy M. Alcorn	
Rosalinda A. Tolan	
Katherine C. Sgro	
Deedee S. Camacho	

Directors Absent:

GIAA Officials:	
Peter Roy Martinez	Deputy Executive Manager
Jean M. Arriola	Airport Services Manager
Gerard Bautista	Air Terminal Manager
Antoinette Bautista	Acting Comptroller
Joseph Javellana	Program Coordinator IV
Joseph Calvo	Superintendent of Properties & Facilities
Rolenda Faasuamalie	Airport Marketing Administrator
Victor Cruz	Engineering Supervisor
Larry Flores	Expansion Office
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Chairman welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Alcorn, seconded by Director Sobti; motion unanimously passed.

3. APPROVAL OF MINUTES

A. September 28, 2015 Regular Meeting

Relative to the update of GIAA's strategic plan, Chairman Untalan requested that the minutes be revised to state that he had made this announcement. On motion duly made by Vice Chairman Gerber, seconded by Director Sobti, the following resolution was unanimously passed:

Resolution No. 16-01

The Board hereby approves the minutes of the September 28, 2015 regular meeting, subject to corrections.

4. CORRESPONDENCE

Deputy Executive Manager, Peter Roy Martinez stated that there were no items of correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Larry Flores referred the Board to the handouts regarding the current Airport projects and provided updates to the Board.

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- FY2011 - Miscellaneous Airport Improvements Phase 4. The balance remaining is $78,723.00. These funds will be used for Tiyan Parkway fence line project.
- FY2013 - Acquire one (1) 3,000 gallon Aircraft Rescue & Fire Fighting (ARFF) Vehicle. The remaining balance of $129,315.00 cannot be used for anything else, therefore will be returned to the FAA.
- FY2015 - Acquire Aircraft Rescue & Fire Fighting Vehicle. This IFB will be issued on November 4, 2015.
- FY2015 - Noise Mitigation Measures for Residences within 65-69 DNL. Phase 2 is completed, pending FAA's notice to proceed.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor project. The bid opening has been extended to December 22, 2015 at the request of all bidders.
- Hold Bag Screening Relocation. Partial west reserve parking will re-open November 7, 2015. The full completion of the project is expected in March 2017.
- Integrated Passenger Loading Bridge (PLB) Replacement. Gate 21 loading bridge is currently being manufactured and is expected to be shipped to Guam January 2016, and installed mid-March 2016.

iii. Capital Improvement Fund

- Facilities Fire Alarm/Suppression System Replacement. Terminal assessment and design is in progress.
- Upgrades to Public Restrooms. Final phase for the Terminal restroom renovation is in progress. Completion expected in March 2016.

Relative to the International Arrivals Corridor, Vice Chairman Gerber inquired how many times have bidders requested for an extension. Ms. Jean Arriola, Airport Services Manager, replied it is the third. She added that through the course of the bid inquiries, there were changes to the specifications which prompted the requests for time to prepare for those changes.

B. Air Service Development Strategy

As requested by the Board at the September 2015 Board meeting, the Deputy Executive Manager presented a draft Long-Haul strategy and brief executive summary for the Board's information. Ms. Arriola informed the Board that at this time there is still work to be done to attract potential long-haul flights to Guam. Director Sobti inquired if United has shown interest. Ms. Arriola replied that Continental Airlines has showed interest, and discussions are ongoing.

6. NEW BUSINESS

A. Ratification of Detail - Acting Comptroller (Interim)

Chairman Untalan noted that Mr. Carlos Bordallo retired from the GIAA Comptroller position effective September 30, 2015. A detail appointment of Ms. Antoinette Bautista, General Accounting Supervisor, to the Comptroller position was approved October 16, 2015, and will take effect October 1, 2015 to November 30, 2015. However, the new Comptroller may start mid-November.

On motion duly made by Director Alcorn, seconded by Director Tolan, and unanimously approved, the following resolution was approved:

Resolution No. 16-02

The Board hereby ratifies the detail appointment of Ms. Antoinette Bautista, to the Comptroller position effective October 1, 2015 until the effective date of the new Comptroller's appointment.

B. Board Appointment - Comptroller

Chairman Untalan announced that the candidate identified to fill the Comptroller position is the former Director of the Bureau of Budget & Management Research (BBMR) and soon to be former Director of the Guam Economic Development Authority (GEDA), Mr. John Rios. The Chairman informed the Board that after discussions with Mr. Rios, a detailed job description was developed for the position, which was provided to the Board for their review. Chairman Untalan noted the salary negotiated is $5,000.00 more than the salary of former Comptroller Carlos Bordallo due to additional responsibilities, to include overseeing the GIAA Strategic Plan.

On motion duly made by Director Sobti, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 16-03

The Board hereby appoints Mr. John Rios as the Comptroller for the A.B. Won Pat International Airport Authority, Guam, effective November 16, 2015, and approves the Comptroller's annual salary of $130,000.00.

C. GIAA Strategic Plan Update

Chairman Untalan informed the Board that he has been working with GIAA consultant LeighFisher to develop a scope of services and budget for LeighFisher to assist the Authority in updating the Authority's strategic plan. In an effort to control costs, LeighFisher proposed an ongoing partnership with the Airport as opposed to developing a one-time plan, which would prove to be more costly. At an initial expenditure of $50,000.00, the Airport would provide much of the effort in terms of internal analysis, and LeighFisher would provide key input with regard to strategic planning framework and objectives. A copy of LeighFisher's proposal is included in the Board's packet. Ongoing initiatives would be identified under five (5) major groups - Customers, Community, Finance, Facilities and Organization. LeighFisher will work with the Authority to complete each initiative. The initiatives would be prioritized and change over time due to internal and external factors such as changes in local or global economy. The Chairman noted the flexibility of this process, stating the Airport would have the ability to re-direct emphasis and/or stop the process entirely.

Director Sgro inquired if there would be collaboration with GVB on some of the initiatives. The Chairman informed the Board that the initial meeting would lay out the framework on how to proceed, and collaboration with GVB and GEDA would be essential, particularly with air service development. The Chairman informed the Board that copies of the existing Strategic Plan will be made available to each Director.

The Chairman clarified that LeighFisher is already a consultant for the Airport on an as-needed basis, such as annual budget and management reviews. The initial payment of $50,000.00 to begin the process for the updated Strategic Plan would be in addition to the current work provided by LeighFIsher.

On motion duly made by Director Tolan, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-04

The Board hereby approves the October 13, 2015 LeighFisher Proposed Work Order # 7: Assistance Strategic Planning as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the written Executive Manager's Report included as part of the Board's packet, which was presented by the Deputy Executive Manager.

8. REPORT OF THE COMPTROLLER

Ms. Antoinette Bautista, Acting Comptroller reported on the revenues and expenses of the Authority as of **September 30, 2015**. Ms. Bautista reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-1.5%**, year-to-date Total Concession Revenues and Passenger Facility Charges are under budget by **0.6%** and **-4.7%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **14.2%**. Year-to-date Total Operating Revenues Actual of **$70.6M** is **2.2%** above the budget estimate of **$69.1M**. Year-to-date Total Operating Expenses are below budget by **-11.2%**. Components of this line item include a **-8.1%** decrease in Personnel Service, a **-10.4%** decrease in Contractual Services, a **-47.1%** decrease in Materials & Supplies and **-100.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$32.9M** reflects an increase of **23.7%** over the year-to-date budgeted amount of **$26.6M**. Mr. Bordallo reported that the year-to-date Debt Service Coverage is at **1.54** versus the requirement of **1.25.**

Chairman Untalan inquired on the seat capacity for the year from the Marketing department. Ms. Rolenda Faasuamalie informed the Chairman that she would have seat capacity report available at the next Board meeting.

9. PUBLIC COMMENTS

There were no public comments.

10. EXECUTIVE SESSION

Upon written recommendation of counsel, on motion duly made by Director Tolan and seconded by Director Alcorn, and unanimously approved, the Board recessed to convene into Executive Session at 3:55 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were members of the Board, Deputy Executive Manager Martinez, and Legal Counsel.

Executive Session adjourned at 4:21 p.m. at which time the Board reconvened regular session.

At this time, Legal Counsel announced that Board action is requested to authorize the filing of the declaratory relief action relating to the DFS Arbitration Matter.

On motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 16-05

The Board hereby approves the filing of the declaratory relief action relating to the DFS Arbitration Matter.

Legal Counsel also announced that Board action is requested to authorize Management to proceed with handling all matters relating to the DFS arbitration.

On motion duly made by Director Sgro, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-06

The Board hereby authorizes Management to proceed with handling all matters relating to the DFS Arbitration Matter.

11. ADJOURNMENT

Motion to adjourn duly made by Director Tolan, seconded by Director Alcorn; motion unanimously passed. The meeting was adjourned at 4:23 p.m.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Fred Tupaz, TMG, LLC at this time introduced himself and Mr. Paul Blas to the Board. Mr. Tupaz informed the Board that he is the TMG point of contact for all Airport projects and provided the Board with a brief summary of his experience and background.

Mr. Tupaz informed the Board that TMG has identified key projects for the years of 2015 to 2018, and already secured funding of $13.5M. Chairman Untalan commended the group stating that this brings the Board great comfort. The Chairman also announced that the group has been working closely with Vice Chairman Gerber and Director Sobti on Air Service Development.

Chairman Untalan at this time announced the presence of Director Tolan.

Mr. Tupaz then referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- FY2011 - Miscellaneous Airport Improvements Phase 3: Closed out December 10, 2015.
- FY2011 - Miscellaneous Airport Improvements Phase 4: This project was extended. The balance of funding ($78,723) was redirected to the West Perimeter Fence project and has already gone out to bid. Bid opening will be on December 23, 2015.
- FY2013 - Acquire one (1) 3,000 gallon Aircraft Rescue & Fire Fighting (ARFF) Vehicle: To be closed out and remaining balance of $129,315.00 to be de-obligated; re-directed to another eligible project.
- FY2013 – Update Airport Master Plan Study: GIS component outstanding
- FY2015 – Acquire Aircraft Rescue & Firefighting Vehicle: Bid package forwarded to FAA for approval
- FY2015 - Noise Mitigation Measures for Residences within 65 - 69 DNL: RFP is pending due to an issue downloading the Noise Exposure Maps. Once downloaded, the RFP will be submitted to FAA for review and approval.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor with Building Seismic Upgrades: Bid opening extended to January 21, 2016 due to numerous requests for information (RFI's) submitted for clarification regarding structural retrofits and technical specifications.
- Hold Bag Screening Relocation: Work on this project is in progress.
- Integrated Passenger Loading Bridge Replacement: Replacement of Gate 21, installation expected in March 2016. Other upgrades are being scheduled.
- Parking Expansion: Design is on hold at 30%. Design is being coordinated with DPW with regard to Route 10A. The next Tiyan Parkway meeting is scheduled January 13, 2015.
- ARFF Facility Replacement: $1M contract for design. This project is programmed for funding by FAA in FY2016.
- Cargo Apron Relocation: $3.6M for design and construction. Programmed for partial funding in FY2016.
- Route 10A Landscape Component: Coordinating with DPW on design progress and schedule for roadway.

iii. Capital Improvement Fund

- Upgrades to Public Restrooms - Final Phase: Initial phase expected to be completed January 19, 2015. Customs & Quarantine bathroom renovations expected to be completed this month. Phasing plan to be coordinated with the Engineering team to minimize any operational disruption and proceed with the remaining of the bathroom renovations. Completion of project anticipated for March 2016.

- Wildlife Management Assessment: Conditional approval received. Grant application to be submitted for mid-2016 funding. Project was added by FAA.
- Apron Rehabilitation – Design: Assess and design rehabilitation improvements to terminal apron. Funding programmed for Summer 2016.
- Safety Management System: Project was added by FAA. An evolutionary program focused on policy, risk management, assurance and promotions.
- Miscellaneous Airport Improvements: Reprogrammed grant funding to cover Tiyan Parkway Fending project and demo of remaining building and miscellaneous structures.

B. Air Service Development Strategy

Mr. Tupaz presented a Route Development Strategy executive summary for the Board's consideration. In the summary, The Airport Strategy and Marketing, Ltd. ("ASM") provided six (6) different strategies, one of which is to retain United Airlines capacity, and develop new markets particularly to star hubs and where possible connecting traffic flows. Discussion followed relative to long-haul strategies and generating additional traffic beyond Guam, with Mr. Tupaz informing the Board that long-haul flights are not a viable option for Guam in the short term. Chairman Untalan inquired if GIAA is in collaboration with GVB and GEDA regarding route development. Mr. Tupaz replied yes.

With the long-haul strategy not completely addressed, the Board informed Management that they would prefer to take a better look at the Executive Summary before making a decision.

6. NEW BUSINESS

A. Construction Management Services for CID Project – SSFM International, Inc. ("SSFM")

At the April 9, 2015 Board meeting, the Board of Directors approved the selection of SSFM to provide Construction Management (CM) services for the Terminal Building Structural Upgrade and Concourse Isolation Project. As part of the RFP process, GIAA solicited and received a schedule, scope of services, and fee proposal. The GIAA negotiating team was able to negotiate additional items for the basic scope of work and a reduction of the fee proposal. A final scope of services and fee proposal was submitted November 15, 2015 for review. The Executive Manager noted that FAA had previously reviewed and approved the contract and scope of work.

The timeline for the project is 29 months, and a lump sum fee of approximately $3.7M was proposed by SSFM.

Chairman Untalan inquired for clarification if TMG will be monitoring the performance of SSFM. Mr. Tupaz replied yes.

On motion duly made by Director Sobti, seconded by Director Camacho, and unanimously approved, the following resolution was approved:

Resolution No. 16-08

The Board hereby approves the fee proposal of $3,786,792.00 and $500,000 estimated fee in the event special inspection work is required, submitted by SSFM International, Inc. and contract, subject to Legal Counsel's review.

B. Grass Cutting and Herbicidal Treatment Services (Maga Haga Tiyan Highway) - IFB No. GIAA-002-FY16

The Executive Manager provided background information to the Board on the referenced IFB. Eighteen (18) firms/individuals purchased bid packages and six (6) firms submitted bid proposals before the submission deadline. All six (6) firms were evaluated, and all firms determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

1.	Guam Tropical Landscaping	$58,500.00
2.	JJ Global	$52,665.73
3.	G4S Security Solutions	$84,198.18
4.	Guam Cleaning Masters	$58,000.00
5.	G-Crew Maintenance	$102,000.00
6.	Legend Pacific Corp.	$71,100.00

The Executive Manager informed the Board that JJ Global has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that JJ Global be awarded the contract in the amount of $52,665.73 for the project in reference. Discussion followed relative to bid specifications.

After further discussion, on motion duly made by Director Sobti, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-09

The Board hereby approves the contract award for Grass Cutting and Herbicidal Treatment Services (Maga Haga Tiyan Highway) - IFB No. GIAA-002-FY16 to JJ Global in the amount of $52,665.73.

C. GIAA FY FY14-04-01 - TSA Recapitalization & Optimization Project

Mr. Fred Tupaz informed the Board that based on recent developments, the project's design team has identified additional work that is required to complete the Baggage Handling System (BHS). The change order submitted will significantly reduce the financial impact on the

Authority in the long run and minimize any operational disruption. Mr. Tupaz noted that the proposed schedule keeps the project in line and on track with the installation from Siemens. Therefore, Management's recommendation is that the Board approve the change order in an amount not to exceed $650,000.00.

Chairman Untalan inquired on the funding for the change order. Mr. Tupaz replied that the funding has already been identified under the Bond proceeds. He also added that if the Authority chooses to wait, this project will not be completed until 2017, as opposed to December 2016. Mr. Gerard Bautista, Air Terminal Manager, noted that there will be a factory equipment testing in April 2016, however the actual commissioning of the equipment will be done in October/November 2016.

Chairman Untalan inquired on the breakdown of the cost proposed. Mr. Tupaz informed the Board of BME's total net additive amount: $400,000.00; EMPSCO's additional construction inspection services: $150,000.00; and a contingency fund amount: $100,000.00.

After further discussion, on motion duly made by Director Sobti, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-10

The Board hereby approves Management's recommendation to proceed with the change order as presented for an amount not to exceed $650,000.00.

D. Authorizing Signatories on GIAA's Bank Accounts

Ms. Janalynn Damian, Legal Counsel, presented a resolution relative to authorizing signatories on GIAA's bank accounts, which includes GIAA's new Comptroller, Mr. John A. Rios as a signatory. Said resolution would designate two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Charles H. Ada II, Executive Manager
2. Pedro R. Martinez, Deputy Executive Manager;
3. Edward G. Untalan, Chairman of the Board;
4. Jean M. Arriola, Airport Services Manager
5. John A. Rios, Comptroller; and
6. Antoniette L. Bautista, General Accounting Supervisor

On motion duly made by Director Sgro, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 16-11

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA" or the "Authority") has several bank accounts and desires to designate the individuals authorized to execute checks, drafts, or other orders for and on behalf of GIAA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby designates two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Charles H. Ada II; Executive Manager
2. Pedro R. Martinez, Deputy Executive Manager;
3. Edward G. Untalan, Chairman of the Board;
4. Jean M. Arriola, Airport Services Manager
5. John A. Rios, Comptroller; and
6. Antoniette L. Bautista, General Accounting Supervisor

BE IT RESOLVED FURTHER, that one of the two signatories must include any one of the following: the Chairman, the Executive Manager, the Deputy Executive Manager; or the Comptroller.

BE IT RESOLVED FURTHER, that the authority of the above-designated individuals to execute checks, drafts, or other orders for and on behalf of GIAA shall be limited only to authorized expenditures of GIAA and as is consistent with the execution of their respective duties, statutory or otherwise, as officers or directors of GIAA.

BE IT RESOLVED FURTHER, that the designation of the above-named individuals supersedes all prior designations by the Board of Directors of GIAA on file at all banking institutions at which GIAA maintains its accounts.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by the Executive Manager.

8. REPORT OF THE COMPTROLLER

Mr. John Rios, Comptroller, reported on the revenues and expenses of the Authority as of **October 31, 2015**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-1.9%**, year-to-date Total Concession Revenues and Passenger Facility Charges are above budget by **0.1%** and **4.7%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **6.2%**. Year-to-date Total Operating Revenues Actual of **$5.64M** is **1.0%** above the budget estimate of **$5.58M**. Year-to-date Total Operating Expenses are below budget by **-25.5%**. Components of this line item include a **-35.5%** decrease in Personnel Service, a **-14.7%** decrease in Contractual Services, a **413.7%** increase in Materials & Supplies and **-100.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$2.6M** reflects an increase of **69.1%** over the year-to-date budgeted amount of **$1.6M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.50** versus the requirement of **1.25.**

Discussion followed relative to accounts receivables, with Chairman Untalan requesting that Management discuss with the Auditor the implantation of policies relative to outstanding accounts.

Mr. Rios gave a brief update relative to the GIAA Strategic Plan for the Board's information.

9. PUBLIC COMMENTS

There were no public comments.

10. EXECUTIVE SESSION

No executive session was held.

Legal Counsel requested that the Board approve and authorize payment to Calvo Fisher & Jacob LLP, for October and November invoices for legal services.

On motion duly made by Director Camacho, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 16-12

The Board hereby authorizes the Authority to issue payment to Calvo Fisher & Jacob LLP for legal fees incurred in October and November 2015 that exceed the monthly cap, as follows: October legal fees in the amount of $14,620.00, and November legal fees relative to the DFS arbitration, in the amount of $63,000.00.

11. ADJOURNMENT

Motion to adjourn duly made by Director Sgro, seconded by Director Sobti; motion unanimously passed. The meeting was adjourned at 4:37 p.m.

B. Air Service Development Strategy

Director Sgro advised the Board that the Air Service Development strategy had been tabled at the last Board meeting. Director Sgro informed the Board that Mr. Tupaz provided a detailed presentation during the Air Service Development/Marketing Sub-Committee meeting held on January 26, 2016. For the Board's consideration, Mr. Tupaz referred the Board to his handout regarding a motion to adopt the Network Development Strategy Update – December 2015 and reiterated the key components of the strategy for short-haul and long-haul route development. There was discussion by the Board. Vice-Chairman Gerber inquired about mentioning other airline partners.

After discussion by the Board, on motion duly made by Director Sgro, seconded by Director Alcorn, the following resolution was unanimously passed:

Resolution No. 16-14

The Board hereby approves, accepts and adopts the Network Development Strategy Update prepared by Airport Strategy and Marketing, Limited, as presented.

6. NEW BUSINESS

A. Approval of Award for GIAA West Perimeter Fence and Gates - IFB No. GIAA-C01-FY16

The Executive Manager provided background information to the Board on the referenced IFB. Twenty-six (26) firms/individuals purchased bid packages and fourteen (14) firms submitted bids before the submission deadline. The fourteen (14) bids were evaluated, and ten (10) bids were determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

1.	Ian Corporation	$490,636.18
2.	Maeda Pacific Corporation	$692,000.00
3.	Pacific Rim Land Development	$639,500.00
4.	BME & Sons Inc.	$479,606.15

5.	Mega United Corp.	$997,960.00
6.	Sumitomo Mitsui	$517,526.00

The Executive Manager informed the Board that BME & Sons Inc. has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that BME & Sons Inc. be awarded the contract in the amount of $479,606.15 for the project in reference.

The Executive Manager noted for the Board's information that four (4) firms were rejected for non-compliance. Included in the Board's package is JJ Global's formal letter to withdraw their bid submittal.

On motion duly made by Director Sgro, seconded by Director Camacho, and unanimously approved, the following resolution was approved:

Resolution No. 16-15

The Board hereby approves the contract award for GIAA West Perimeter Fence and Gates - IFB No. GIAA-C01-FY16 to BME & Sons Inc. in the amount of $479,606.15, subject to review by legal counsel.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by the Executive Manager.

The Executive Manager discussed the passenger processing issues – extreme passenger congestion and the paperwork processing the passengers are experiencing. He noted that GIAA will be purchasing six to eight kiosks, and that the Guam Visitors Bureau will be purchasing two. Executive Manager Ada also noted USCBP manpower issue.

In reference to the Taxi Service Concession RFP, the Executive Manager announced that the RFP has been cancelled for further evaluation of taxicab services at the Airport. A letter went out to all proposers.

For the Board's consideration, the Executive Manager informed the Board of a request for sponsorship from Senator Tina Muna-Barnes in reference to the 12th Festival of Pacific Arts (FestPac), to be hosted by Guam in May 2016.

On motion duly made by Director Sgro, seconded by Director Alcorn, and unanimously approved, the following resolution was approved:

Resolution No. 16-16

The Board hereby acknowledges the request for sponsorship from Senator Tina Muna-Barnes in reference to the 12th Festival of Pacific Arts (FestPac), and that the Authority will consider the request.

Discussion on Ambassador Program. The Executive Manager informed the Board of the taskforce put together by the Governor's Office to address the long wait lines at immigration.

6. NEW BUSINESS

A. Approval of FY15 Financial Audit Report by Ernst & Young

The Executive Manager announced that the Airport's FY15 audit has been completed and introduced Mr. Jim Whitt from Ernst & Young, LLP (E&Y) who, together with the E&Y team has put together the results of the audit.

Mr. Whitt announced that Mr. Ruggie Rosal will conduct the presentation. Mr. Rosal proceeded with the presentation of the audit results via power point. Mr. Ruggie announced that the Airport is now a Low Risk Auditee. After the presentation, Mr. Whitt thanked the Board, Management and Accounting Staff for the opportunity and the exceptional cooperation given to E&Y during the audit process.

On motion duly made by Director Sgro, seconded by Director Alcorn, and unanimously approved, the following resolution was approved:

Resolution No. 16-19

The Board hereby approves the FY15 Financial Audit Report as presented by Ernst & Young.

B. Approval of Award for Commercial Advertising Concession - RFP No. GIAA-010-FY15

Director Camacho announced that she would like to recuse herself from the discussion relating to the award for commercial advertising concession as she has a conflict of interest. Director

Camacho indicated that she will submit her recusal in writing. With the absence of a quorum, the matter was tabled.

C. Approval of Board Standing Committees

The Acting Chairman presented to the Board a memorandum dated March 3, 2016 regarding recommended Board Standing Committees.

On motion duly made by Director Sgro and seconded by Director Camacho, the following resolution was unanimously passed:

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE A.B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM

Friday, March 11, 2016, 2:00 p.m. *Reconvened Meeting*
GIAA TERMINAL CONFERENCE ROOM #3

1. CALL TO ORDER AND ATTENDANCE

The Regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") held on March 3, 2016, was reconvened and called to order by Acting Chairman Gerber at 2:10 p.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Martin J. Gerber	Chairman, Acting
Gurvinder "Bic" Sobti	
Lucy M. Alcorn	
Katherine C. Sgro	
Rosalinda A. Tolan	
Directors Absent:

Fred Tupaz	TMG, LLC
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

Acting Chairman Gerber announced the presence of newly appointed Board member Ricardo C. Duenas who is currently awaiting legislative confirmation. The Board and Management welcomed Mr. Duenas.

2. NEW BUSINESS

A. Approval of Award for Commercial Advertising Concession - RFP No. GIAA-010-FY15 - *Tabled*

The EM provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. An evaluation committee was established to evaluate the two (2) proposals timely submitted to determine the most qualified proposer. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. The qualified firms in the ranking are as follows:

1. Proposer B
2. Proposer A

Management recommends that the Board approve the ranking results and award the RFP to Proposer B, subject to Management's negotiation of fair and reasonable fees.

Director Sgro asked that the Executive Manager elaborate on "Commercial Advertising". The Executive Manager informed the Board that the current contract for commercial advertising is with Clear Channel. The firm controls the advertisement spaces throughout the Airport, by selling the spaces and GIAA receives a percentage of the sales. Discussion followed relative to the details of the contract.

On motion duly made by Director Sgro, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 16-23

The Board hereby approves the ranking results as presented and contract award to Proposer B for Commercial Advertising Concession - RFP No. GIAA-010-FY15, subject to Management's negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management is authorized to enter into negotiations with the next highest proposer.

The Executive Manager informed the Board that Proposer B is Clear Channel.

Legal Counsel announced for the record that the procurement for this item is being handled by Conflicts Counsel as Calvo Fisher & Jacob LLP has a conflict.

B. Approval of Award for Purchase and Delivery of Aircraft Rescue Fire Fighting (ARFF) Vehicle - One (1) Class Five (5) - 3,000 Gallon Capacity and One (1) Class Three (3) Rapid Intervention Vehicle - IFB No. GIAA-001-FY16

The Executive Manager provided background information to the Board on the referenced IFB. Three (3) firms/individuals purchased bid packages and one (1) firm submitted bids before the

submission deadline. The one (1) bid was evaluated, and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

1.	Morrico Equipment LLC	Rosenbauer Panther 6x6	$728,484.00
		RosenbauerAirwolf Class 3	$364,425.00

The Executive Manager informed the Board that Morrico Equipment LLC has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that Morrico Equipment LLC be awarded the contract in the amount of $1,092,909.00 for the project in reference.

On motion duly made by Director Tolan, seconded by Director Sobti, and unanimously approved, the following resolution was approved:

Resolution No. 16-24

The Board hereby approves the contract award for Purchase and Delivery of Aircraft Rescue Fire Fighting (ARFF) Vehicle - One (1) Class Five (5) - 3,000 Gallon Capacity and One (1) Class Three (3) Rapid Intervention Vehicle - IFB No. GIAA-001-FY16 to Morrico Equipment LLC in the amount of $1,092,909.00, subject to review by legal counsel.

C. Request for Sponsorship - 12th Festival of Pacific Arts (FestPac)

The Executive Manager reminded the Board that at the January 28, 2016 Regular Board of Directors meeting the Board had acknowledged the request for sponsorship from Senator Tina Muna-Barnes in reference to the 12th Festival of Pacific Arts (FestPac), to be hosted by Guam in May 2016. The Executive Manager announced that a follow up letter from the Senator had been received. He informed the Board that the sponsorship request is for $100K, $50K or $25K. Management's recommendation is to sponsor FestPac in the amount of $100,000.00. Discussion followed relative to where the funds would come from and the benefits to the Airport, with the Executive Manager informing the Board that with approximately 15,000 people visiting Guam for FestPac that the sponsorship amount would cover itself. With the absence of the Comptroller, the Board asked that Management provide a breakdown of where the funds would come from at the next Board meeting.

On motion duly made by Director Sobti, seconded by Director Tolan, and unanimously approved, the following resolution was approved:

Resolution No. 16-25

The Board hereby approves the request for sponsorship from Senator Tina Muna-Barnes in reference to the 12th Festival of Pacific Arts (FestPac) in the amount of $100,000.00.

At this time, Director Sgro congratulated GIAA Management and the Marketing department for winning an award in the 4 Million Passenger category at the recent Routes Asia 2016 conference held in Manila, Philippines. Mr. Tupaz announced that over 10 airports in the region were nominated for this particular award, therefore it was a significant accomplishment for GIAA. Director Sgro informed the Board that she was very impressed with the preparation for the conference from Management and the Marketing department as well as the collaboration with GVB, and went on to announce that Guam was asked to consider hosting the Routes Asia 2019 conference.

Discussion followed relative to the establishment of a sister airport relationship with Clark Airport. Mr. Tupaz went on to add that it is important for GIAA to follow through with the airlines that have shown interest in Guam. Acting Chairman Gerber agreed and requested that updates regarding interested airlines be made part of future Air Service Development presentations.

D. Ratification of Quarterly Travel

The Executive Manager presented the quarterly travel from October 1, 2015 to March 11, 2016 for ratification by the Board. Per GIAA's travel policy all travel by Board members, the Executive Manager, the Deputy Executive Manager, the Comptroller and all non-Airport employees must be approved or ratified by the Board of Directors.

On motion duly made by Director Alcorn, seconded by Director Sobti, and unanimously approved, the following resolution was approved:

Resolution No. 16-26

The Board hereby ratifies the quarterly travel from October 1, 2015 to March 11, 2016 for Board members, Executive Manager, Deputy Executive Manager, the Comptroller and all non-Airport employees as presented.

3. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Sobti, seconded by Director Alcorn, and unanimously approved, the Board recessed to convene into Executive Session at 2:57 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were members of the Board, Executive Manager Ada, and Legal Counsel Janalynn Cruz Damian.
Director Sobti did not participate in Executive Session because of a conflict of interest with the matter being discussed and left the conference room.

Executive Session adjourned at 3:23 p.m., at which time the Board reconvened the regular session.

All members present in the conference room.

Acting Chairman Gerber announced that there was a request from legal counsel to authorize payment of legal counsel's January and February2016 invoices for legal services related to the DFS arbitration matter.

Director Sobti did not participate in discussion or vote on this matter because of a conflict of interest.

On motion duly made by Director Alcorn, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-27

The Board hereby authorizes the Authority to issue payment to Calvo Fisher & Jacob LLP for legal fees incurred in January 2016 related to the DFS arbitration in the amount of $67,617.80; and legal fees incurred in February 2016 related to the DFS arbitration in the amount of $98,168.72.

4. PUBLIC COMMENTS

There were no public comments.

5. ADJOURNMENT

Motion to adjourn duly made by Director Alcorn, seconded by Director Sgro; motion unanimously passed. The meeting was adjourned at 3:24 p.m.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Fred Tupaz referred the Board to handouts regarding current Airport projects and provided various updates to the Board.

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- FY2011 - Miscellaneous Airport Improvements Phase 4 (Grant No. 3-66-0001-82): Notice to Proceed was issued to BME March 24, 2016. Project scheduled to be completed September 2016.
- FY2012 - Rehabilitate Runway 6L/24R - Phase 2 (Grant No. 3-66-0001-84): Officially closed out by the FAA.
- FY2013 - Acquire one (1) 3,000-gallon Aircraft Rescue & Fire Fighting (ARFF) Vehicle (Grant No. 3-66-0001-87): Grant has been closed out and a de-obligation letter has been submitted to the FAA for the remaining balance of $129,315.00.
- FY2015 - Acquire Aircraft Rescue & Fire Fighting Vehicle (Grant No. 3-66-0001-91): The bid opening was on March 1, 2016. Pending review and Notice to Proceed by the FAA.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor with Building Seismic Upgrades: Bid opening took place on February 4, 2016. Procurement action to be discussed during the Executive Manager's report.
- Hold Bag Screening Relocation: Work in progress. 53% complete as of February 29, 2016. Majority of the work underway is the seismic retrofit related to 3rd floor concourse. The estimated time of completion is April 2017.
- Upgrade Airport IT and FMS: Partial upgrades are completed. Design of fiber optic realignment in progress. Scope of Work for issuance of IFB complete. Bid advertisement went out in March 2016.

iii. Capital Improvement Fund

- Wildlife Management Assessment: The grant application was submitted to the FAA on March 23, 2016. Pending the approval of the Scope of Work to proceed with the RFP. Approval expected within the next week.
- Painting & Exterior Surface Improvements and Replace Roofing Systems: Painting and exterior surface improvements are complete. A canopy is being considered at the cart holding area where two planters were.
- Upgrade to VQ-1 Hangar: Assessment is ongoing for the Hangar door, roofing and other structural areas. Anticipating the bid advertisement to go out in April 2016, with the Notice to Proceed expected in May 2016.
- Improve Leasehold Facilities (GSE, Tech, HC-5): Bid advertisement on hold to clarify issues. Notice to Proceed expected in May 2016.
- Improve Arrival and Inspection Facilities: RFP for the Automated Passport Control Systems, Software and Technical Infrastructure and Technical Support Services("APC") has been advertised. Submittals were due March 31, 2016, however, has been extended until April 14, 2016. Anticipating an expedited installation in time for FestPac to eliminate the congestion in the USCBP Hall.
- Safety Management System: Grant application submitted March 23, 2016. Pending approval of the Scope of Work to proceed with the RFP.
- Miscellaneous Airport Improvements – Phase V: Grant application submitted March 23, 2016 for $706,000. Continuation of the Tiyan Parkway Fencing project and the demolition of the remnant properties on North Tiyan Industrial Park.

Mr. Tupaz noted that he doesn't anticipate issues with the grant applications.

At this time Mr. Tupaz provided the Board with a brief update regarding Air Service Development. Mr. Tupaz discussed the certifications for Low Cost Carriers (LCC's).

6. NEW BUSINESS

A. Approval of Award for Purchase and Delivery of ARFF Equipment, Tools, and Proximity Gear - IFB No. GIAA-004-FY16

Deputy Executive Manager Martinez provided background information to the Board on the referenced IFB. Eleven (11) firms/individuals purchased bid packages and four (4) firms submitted bid proposals before the submission deadline. All four (4) firms were evaluated, and all firms determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name		Equipment/Tools	Proximity Gear
1.	Enviro Pros	$43,668.00	No Bid
2.	JMI Edison	$39,500.00	$37,352.00
3.	Landmark Distributors	$52,700.00	No Bid
4.	Safety 1st Systems Inc.	$42,776.16	$44,891.40

Deputy Executive Manager Martinez informed the Board that JMI Edison has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that JMI Edison be awarded the contract with a total amount of $76,852.00 for the project in reference.

Director Camacho did not participate in the discussion or vote on the referenced award because of conflict of interest with JMI Edison.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-30

The Board hereby approves the contract award for Purchase and Delivery of ARFF Equipment, Tools, and Proximity Gear - IFB No. GIAA-004-FY16 to JMI Edison in the total amount of $76,852.00, subject to legal counsel's review.

B. Approval of Work Order - Airport Ambassador Program

Deputy Executive Manager Martinez presented the work order request from Discover Guam for the Airport Ambassador Program. The work order will assist with the passenger processing and reduce wait times in the USCBP Hall by increasing the number of roving ambassador staffing from six (6) to twelve (12) at a cost of $15,000 per month. The additional staffing will remain in place until the end of Discovery Guam's contract on January 31, 2017. Director Alcorn inquired if the Airport will fund this. Ms. Jean Arriola replied that the funding for this is captured through the Airlines rates.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-31

The Board hereby approves the work order request for Discover Guam pertaining to the Airport Ambassador Program, increasing the number of roving ambassador staffing from six (6) to twelve (12) in the amount of $15,000.00 per month. The additional ambassador staffing will be in place until the end of Discover Guam's contract term on January 31, 2017.

C. Approval of Board Resolution No. 16-28: Relative to Recognizing the Services of Edward G. Untalan

After further discussion, on motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 16-28

WHEREAS, Edward G. Untalan was appointed to the GIAA Board of Directors in December 2012 and re-appointed in May 2014; and

WHEREAS, Edward G. Untalan was elected as Chairman of the Board of Directors in January 2013; and

WHEREAS, under his chairmanship, Edward G. Untalan has been committed to creating safe, efficient and economical operations of Guam's only civilian airport; and

WHEREAS, central to his chairmanship, the Board adopted key tenets to be responsive to airport consumers - passengers, tenants, airlines and users, be a community player, and an economic catalyst for the island; and

WHEREAS, under these tenets, the Airport achieved significant milestones during his service on the GIAA Board of Directors; and

WHEREAS, under his chairmanship, GIAA floated the 2013 GIAA General Revenue Bonds in September 2013 which led to nearly $1.7 Billion in institutional orders and significantly lower interest rates; and

WHEREAS, $247 Million in 2013 General Revenue Bonds were successfully sold on September 30, 2013; and

WHEREAS, under his chairmanship, the Airport has embarked upon a $167 Million dollar capital improvement program for over 20 projects that will add 40% additional floor space and improved infrastructure of the main terminal building and other airport property within a five year timeframe; and

WHEREAS, during his tenure, key projects were completed that include the much anticipated opening of the fully extended runway 6L/24R in November of 2015 that allows long range, long haul flights, and the implementation of the energy performance management contract that upgraded cooling systems and monitors and regulates electricity use to realize savings in May of 2013; and

WHEREAS, under his chairmanship, key passenger enhancement projects were undertaken and continue as a service to all terminal users that include the refurbishment and upgrade of all public restroom facilities, the availability of free wi-fi services in the concourse area, and the accessibility of airport information and live flight times on the Airport's mobile application; and

WHEREAS, during his tenure, the Tiyan Parkway Phase I opened, ensuring access to Airport development property and marks the future development of Tiyan Parkway Phase II that will relieve congestion on Sunset Avenue and increase access to airport development property; and

WHEREAS, under his chairmanship, five new airline operators joined the Airport family and committed to become signatory airline partners with the Airport, and thus guarantees of the Bond Indenture; and

WHEREAS, during his chairmanship, for three years running, the Airport fiscal year audits were found to be "clean" with no significant findings, and the Airport was qualified by the Office of Public Accountant to be a "low risk auditee" in F Y 2015; and

WHEREAS, under his chairmanship, over $27 Million was invested in an upgrade of the central retail core of the terminal and a significant increase in non-aviation revenue was realized; and

WHEREAS, as a reflection of the policies implemented by the Board under Edward G. Untalan's chairmanship, the Airport refreshed its branding and adopted the new slogan "We're On It 24/7!";

NOW THEREFORE, BE IT RESOLVED, that the Authority hereby recognizes the great contribution of Edward G. Untalan as described in the aforementioned and extends Un Dangkulo' Na Si Yu'os Ma'ase to Edward G. Untalan for his invaluable service and leadership to the A.B. Won Pat International Airport Authority, Guam and the people of Guam.

7. REPORT OF THE EXECUTIVE MANAGER

At this time, Deputy Executive Manager Martinez announced to the Board that Management has reviewed the bids submitted under the IFB for the construction of the International Arrivals Corridor and Building Seismic Upgrades, and it has been determined that it is in the best interest of the Authority to cancel the IFB, as the bids submitted substantially exceeded the budgeted amount for the project.

Deputy Executive Manager Martinez added that Management will be engaging with the designers and stakeholders to move forward with the redesign and complete repackaging of the IFB. Director Sgro inquired on the amount of the overage. Mr. Fred Tupaz explained that the initial budget/government estimate was $70.4M. The lowest bid submitted was $112.7M.

Director Tolan inquired if there will be a delay in the completion of the project with the repackaging of the IFB. Mr. Tupaz explained that the design team has been asked to submit a proposed fee and scope of services, Management feels that the redesigned package will be out for bid within forty-five (45) to sixty (60) days, therefore he believes that there will not be a delay. Mr. Tupaz explained that the new redesign costs will be $391,732.45, representing a 5.5% increase over the $6.7M already extended for the design costs, this still leaves the design A/E within 10% of total original budgeted amount, which is very reasonable for the FAA. FAA will fund the amount up to 83%.

Mr. Tupaz added that there will be a change relative to the main architectural firm in order to expedite the process. Management will be requesting TRME, a local firm to be the prime designer. Gensler will still be included, however will be a sub designer to the local firm, due to the firm delaying the initial project design process. Discussion followed relative to sterile areas versus secure areas, which Management believes is part of the reason for the bid amounts submitted. Mr. Tupaz assured the Board that the repackaging will elaborate on the differences of the two requirements in more detail.

After further discussion, on motion duly made by Director Sgro, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-32

The Board hereby approves the redesign cost for the International Arrivals Corridor and Building Seismic Upgrades project in the amount of $391,732.45.

Moving forward, reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

8. REPORT OF THE COMPTROLLER

Mr. John A. Rios, Comptroller, reported on the revenues and expenses of the Authority as of **February 29, 2016**. Mr. Rios reported that year-to-date Total Signatory Revenues are above budgeted revenues by **3.5%**,year-to-date Total Concession Revenues and Passenger Facility Charges are above and below budget by **0.3%** and **-0.7%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **9.4%**. Year-to-date Total Operating Revenues Actual of **$29.9M** is **3.5%** above the budget estimate of **$28.9M**. Year-to-date Total Operating Expenses are below budget by **-21.3%**. Components of this line item include a **-16.0%** decrease in Personnel Service, a **-20.9%** decrease in Contractual Services, a **-68.3%** decrease in Materials & Supplies and a **-100.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual

year-to-date Net Revenues from Operations of **$14.4M** reflects an increase of **56.4%** over the year-to-date budgeted amount of **$9.2M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.59**versus the requirement of **1.25.**

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Alcorn, seconded by Director Sobti, and unanimously approved, the Board recessed to convene into Executive Session at 3:58 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were members of the Board, Deputy Executive Manager Martinez, and Legal Counsel – Janalynn Cruz Damian.

On motion duly made by Director Alcorn, seconded by Director Tolan, Executive Session adjourned at 4:09 p.m., at which time the Board reconvened the regular session.

9. PUBLIC COMMENTS

There were no public comments.

At this time, Acting Chairman Gerber suggested that the Board adjourn the regular Board meeting and reconvene on Monday, April 18, 2016 at 3:00 p.m.

On motion duly made by Director Alcorn, seconded by Director Camacho, the following resolution was unanimously approved:

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE A.B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM
Monday, April 18, 2016, 3:00 p.m. *Reconvened Meeting*
GIAA TERMINAL CONFERENCE ROOM #3

1. CALL TO ORDER AND ATTENDANCE

The Regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") held on March 31, 2016, was reconvened and called to order by Acting Chairman Gerber at 3:05 p.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Martin J. Gerber	Chairman, Acting
Gurvinder "Bic" Sobti	
Rosalinda A. Tolan	
Deedee S. Camacho	
Katherine C. Sgro	
Ricardo C. Duenas	
Directors Absent:

Gerard Bautista	Air Terminal Manager
John A. Rios	Comptroller
Edward Muna II	Operations Superintendent
Franklin Taitano	Procurement Supervisor
Joseph Javellana	Program Coordinator IV
Fred Tupaz	TMG, LLC
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

The Acting Chairman welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. NEW BUSINESS

A. Approval of Award for Automated Passport Control (APC) Systems, Software and Technical Infrastructure and Technical Support Services - RFP No. RFP-003-FY16

The first item discussed was approval of award for RFP No. RFP-003-FY16, Automated Passport Control (APC) Systems, Software and Technical Infrastructure and Technical Support Services. Executive Manager Ada informed the Board that a Request for Proposals was announced to solicit proposals from professional firms to provide systems software and technical support services for automated passport control systems at the Airport.

A total of twelve (12) firms picked up the RFP package; three (3) firms responded by submitting their proposals before the established deadline. After receipt of all proposals, an Evaluation Committee was established to perform an independent evaluation of the proposals to determine the best qualified proposer. The proposals were evaluated based on the point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer B
2. Proposer C
3. Proposer A

Management recommends the approval of the ranking results and the contract award to Proposer B, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

Executive Manager Ada informed the Board that this particular RFP was expedited to assist with the long wait times for passengers in the USCBP areas and the large number of arrivals with the upcoming Festival of Pacific Arts in May 2016. The APC systems will allow passengers under the ESTA program to expedite their inspection process through the USCBP.

Director Sobti inquired if the RFP was in the budget. Executive Manager Ada informed the Board that this project will be funded under the Capital Improvement Fund, it was always budgeted for, however was pushed to the forefront due to the upcoming festival.

Discussion followed relative to details of the RFP with Executive Manager Ada announcing that each unit can cost up to $40K - $60K. The Airport is looking to purchase six (6) and GVB has agreed to purchase two (2). Packages for purchase are all inclusive – with training and maintenance. Executive Manager Ada announced that once the RFP is approved, delivery for the units will take up to three (3) weeks. Executive Manager Ada also noted that the Airport is trying to get at least four (4) units before the FestPac.

After further discussion, on motion duly made by Director Tolan, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 16-35

The Board hereby approves the ranking results and contract award to Proposer B, as the highest ranked proposer for the Automated Passport Control (APC) Systems, Software and Technical Infrastructure and Technical Support Services, RFP-003-FY16, subject to negotiation of fair and reasonable fees and legal review. If negotiations prove unsuccessful, Management can enter into negotiations with the next highest proposer.

Executive Manager Ada then informed the Board that Proposer B is Vancouver Airport Authority.

B. Approval of Board Resolution No. 16-34: Agreement for Legal Services

The second item discussed was the extension of the Agreement for Legal Services with Calvo Fisher & Jacob LLP. Legal Counsel, Janalynn Damian informed the Board that the one year extension would be the first of four options to extend.

After further discussion, on motion duly made by Director Camacho, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 16-34

WHEREAS, an Agreement for Legal Services was made on March 23, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Calvo Fisher & Jacob LLP ("CFJ") (the "CFJ Agreement"); and

WHEREAS, the CFJ Agreement provides for a term of one year commencing on March 23, 2015, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of CFJ and that it is in the best interests of GIAA to extend the term of the CFJ Agreement for an additional one year period commencing on March 23, 2016, under the same terms and conditions as set forth in the CFJ Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the CFJ Agreement for an additional one year period commencing on March 23, 2016 and expiring on March 22, 2017, under the same terms and conditions as set forth in the CFJ Agreement.

3. PUBLIC COMMENTS

Mr. Tupaz also informed the Board of a request from Tiger Air Taiwan to meet with GIAA in Taiwan. Discussion followed relative to scheduling meetings with interested carriers.

6. NEW BUSINESS

A. Approval of OTIS Contract (Management and Infrastructure Support Services - Passenger Conveyance System) - RFP No. GIAA-006-FY15

On July 30, 2015 the GIAA Board of Directors approved the selection of OTIS Elevator Company Guam (OTIS) for the Management and Infrastructure Support Services to GIAA's Passenger Conveyance System. After recent meetings with OTIS to discuss scope and fees, Management recommends a fixed annual fee of $203,073.00, which shall be paid in 12 equal monthly installments. Additionally, Management recommends a response time standard of one (1) hour outside of regular work hours.

Director Sgro inquired on the downtime of an escalator or elevator due to OTIS failing to respond within an hour. Air Terminal Manager, Gerard Bautista informed the Board of the penalty in the new contract which OTIS will incur for non-compliance.

Director Alcorn inquired if the new contract amount increased from the last contract. Mr. Bautista replied it is the same, however more quality assurance measures were added. Discussion followed relative to maintenance details of the contract.

On motion duly made by Director Alcorn, seconded by Director Camacho, and unanimously approved, the following resolution was approved:

Resolution No. 16-37

The Board hereby approves the OTIS Elevator Company Guam contract and fixed annual fee of $203,073.00 for Management and Infrastructure Support Services to GIAA's Passenger Conveyance System - RFP No. GIAA-006-FY15, subject to Legal Counsel's review.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Tolan, seconded by Director Sgro; motion unanimously passed.

3. APPROVAL OF MINUTES

A. April 28, 2016 Regular Meeting

No corrections or changes were recommended. On motion duly made by Director Sgro, seconded by Director Sobti, the following resolution was unanimously passed:

Resolution No. 16-39

The Board hereby approves the minutes of the April 28, 2016 regular meeting, subject to corrections.

4. CORRESPONDENCE

The next item on the agenda was Correspondence.

The Executive Manager announced to the Board that the Airport has received a letter from the FAA in regard to the Annual Certification Inspection which concluded on June 3, 2016. The letter commends GIAA for being the first airport in the Pacific islands to ever obtain a 100% inspection result of the one hundred and twenty-three compliance fields, resulting in a perfect score. The Executive Manager commended the employees and Management for their hard work in meeting the perfect score.

The Acting Chairman commended the Executive Manager and the Airport team for the incredible achievement, especially since the Executive Manager had announced early on that he would strive to attain a perfect score.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Tupaz referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- FY2011 - Miscellaneous Airport Improvements Phase 4: Work in progress. Installation of fence line expected to be completed by September 2016.
- FY2013 – Update Airport Master Plan Study: FAA Airport District Office to follow up on the GIS approval.

- FY2014 - Install Instrument Landing System (ILS) Runway 06L - Phase III: Close out documents were received by FAA on May 13, 2016. Close out is being reviewed by FAA.
- FY2015 - Acquire Aircraft Rescue & Fire Fighting Vehicle: Notice to Proceed issued to Morrico Equipment LLC on May 18, 2016. Anticipated delivery date of vehicle is May 18, 2017.
- FY2015 - Rehabilitate Runway - 06L/24R: Closeout phase is in progress, pending PAPI flight check and commissioning, which is scheduled for July 2016.
- FY2016 – Install Perimeter Fencing Required by 14 CFR 139: Work in progress for fence line project. Demolition of remnant properties pending final acquisition of remaining parcels.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor with Building Seismic Upgrades: 90% redesign in progress. Constructability review by Construction Manager, SSFM, underway. Stakeholder meetings were held on June 3, 2016, where updates were provided. IFB anticipated to be announced August 2016, Bid opening in September 2016 and a Notice to Proceed in November 2016.
- Hold Bag Screening Relocation: Work in progress. Seismic retrofit completed. Project 59% complete as of May 2016. Estimated date of completion has moved to May 2017 due to number of issues.
- Parking Expansion: 60% submittal provided to the Airport on June 3, 2016. Coordination with Department of Public Works on Route 10A alignment is ongoing.
- ARFF Facility Replacement: Scope of Work is pending approval by FAA. RFP announcement has been delayed to end of June 2016 with Notice to Proceed in July 2016.
- Upgrade Airport IT and FMS: Final design for relocation of Fiber Optic backbone has been provided to United Airlines. RFP anticipated to be announced the end of June 2016.

iii. Capital Improvement Fund

- Wildlife Management Assessment: RFP is currently being advertised. Submittal scheduled for June 14, 2016
- ARFF Facility – Design/Construction Phase I -Scope of Work is pending approval by FAA. RFP announcement has been delayed to end of June 2016 with Notice to Proceed in July 2016.
- Upgrades to VQ-1 Hangar: Assessment ongoing of Hangar Door, roofing and other structural areas. Pending United Airlines feedback on specifications for Hangar Door.
- Improve Leasehold Facilities (GSE, Tech, HC-5): IFB is currently being advertised. Bid opening was rescheduled from June 7, 2016 to June 14, 2016.

- Tiyan Land Acquisition & Redevelopment: Coordination with Department of Public Works for design concepts for Tiyan Parkway Phase II and Route 10A expansion underway. Government of Guam to finalize acquisition by November 2016.
- Improve Arrival and Inspection Facilities: Automated Passenger Controls agreement executed. Estimated time of completion mid-July 2016 pending Customs and Border Protection training and requirements.
- Apron Rehabilitation – Design: Grant application submitted to the FAA, pending final approval of Scope of Work prior to RFP advertisement.
- Express Facility Expansion: Discussions ongoing with end user.
- Safety Management System: RFP has been advertised. Submittal has been rescheduled from June 14, 2016 to June 28, 2016 due to technicalities of the specifications.
- Miscellaneous Airport Improvements – Phase V: Work in progress for fence line project. Demolition of remnant properties pending final acquisition of remaining parcels.

Director Sgro inquired on the impact if any to the West Perimeter Fencing project if the Tiyan Land acquisition is not finalized until November. Mr. Tupaz replied that there will be no impact as the Perimeter Fencing project is on the west perimeter side.

At this time, Mr. Tupaz provided the Board with a brief update regarding Air Service Development, stating that the Executive Manager met with Skymark Airlines a low cost carrier out of Japan, and Management will be finalizing meeting dates with Jet Star Air, Singapore; Tiger Air, Taiwan; and Air Asia, Japan, all interested carriers. He also added that Hong Kong Express will begin operations in the first quarter of 2017.

6. NEW BUSINESS

A. Election of Officers - GIAA Board of Directors

At this time, Acting Chairman called for nominations on the positions of Secretary, Vice Chairperson and Chairman of the Board.

- Secretary

Director Camacho announced that she would like to nominate Director Sobti to the position of Board Secretary.

After further discussion, on motion duly made by Director Camacho, seconded by Sgro, the following resolution was unanimously approved:

Resolution No. 16-40

The Board hereby approves the nomination of and elects Director Sobti to the position of Board Secretary of the A.B. Won Pat International Airport Authority, Guam Board of Directors.

- Vice Chairperson

Director Tolan announced that she would like to nominate Director Sgro to the position of Vice Chairperson.

After further discussion, on motion duly made by Director Tolan, seconded by Director Duenas, the following resolution was unanimously approved:

Resolution No. 16-41

The Board hereby approves the nomination of and elects Director Sgro to the position of Vice Chairperson of the A.B. Won Pat International Airport Authority, Guam Board of Directors.

- Chairman of the Board

Director Sobti informed the Board that he would like to nominate Director Duenas to the position of Chairman.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-42

The Board hereby approves the nomination of and elects Director Duenas to the position of Chairman of the A.B. Won Pat International Airport Authority, Guam Board of Directors.

The Board and Management congratulated the new officers. Newly elected Chairman Duenas announced he is looking forward to working with the Board and Management; that the FAA report is a testament to the all of the hard work of the staff and Management, and he looks forward to continuing that success.

Vice Chairperson Sgro took the time to thank Director Gerber for stepping up in the interim following former Chairman Untalan's departure.

Chairman Duenas now presides over the meeting.

B. Ratification of FAA Grant Agreement AIP Project No. 3-66-0001-094-2016 Miscellaneous Airport Improvements - Phase V

The Executive Manager informed the Board that the grant consists of two (2) ongoing projects: The installation of the west perimeter fence line; and the demolition of remnant facilities along

the parkway. The total amount of the grant is $706,077.00 with about $479,000 for the west perimeter fence line and about $211,000 for the demolition of remnant facilities.

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-43

The Board hereby ratifies Management's acceptance of the FAA Grant Agreement for AIP Project No. 3-66-0001-094-2016 - Miscellaneous Airport Improvements - Phase V.

C. Ratification of Award for Replace/Upgrade 30 Tons Split Ducted Units for Building #17-3311 - IFB No. GIAA-C03-FY16

The Executive Manager informed the Board that action is required to ratify Management's approval of the said IFB and went on to provide the IFB background information to the Board. Fourteen (14) firms/individuals purchased bid packages and five (5) firms submitted bid proposals before the submission deadline. All five (5) firms were evaluated, and all firms determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

	Bidder/Firm's Name:	**Amount:**
1.	JRN Air-conditioning & Refrigeration, Inc.	$53,466.71
2.	DB's Builders Inc.	$82,385.00
3.	JWS Refrigeration & Air-conditioning LTD.	$52,526.00
4.	Reaction Company	$68,250.00
5.	Polyphase System Inc.	$121,870.00

Executive Manager Ada informed the Board that JWS Refrigeration & Air-conditioning Ltd. has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that JWS Refrigeration & Air-conditioning Ltd. be awarded the contract with a total amount of $52,526.00 for the project in reference.

Director Tolan inquired on the location of the building. The Executive Manager advised that the building is located on the South Tiyan side of the Airfield.

The Manager informed the Board that the Acting Chairman and Board Secretary were contacted regarding the time sensitive IFB and Management was given prior authorization to proceed.

After further discussion, on motion duly made by Director Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 16-44

The Board hereby ratifies Management's approval of the contract award for Replace/Upgrade 30 Tons Split Ducted Units for Building #17-3311 - IFB No. GIAA-C03-FY16 to JWS Refrigeration & Air-conditioning Ltd. in the total amount of $52,526.00, subject to legal counsel's review.

D. Approval of Board Resolution No. 16-38: Agreement for Legal Services

The next item discussed was the extension of the Agreement for Legal Services with Torres Law Group, Conflicts Counsel. Legal Counsel, Janalynn Damian informed the Board that the one (1) year extension would be the first of four options to extend.

Director Sobti did not participate in the discussion or vote on the referenced extension to Legal Services Agreement because of conflict of interest with Torres Law Group.

After further discussion, on motion duly made by Director Tolan, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 16-38

WHEREAS, an Agreement for Legal Services - Conflicts Counsel was entered into on August 1, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Torres Law Group ("Torres") (the "Torres Agreement"); and

WHEREAS, the Torres Agreement provides for a term of one year commencing on August 1, 2015, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of Torres and that it is in the best interests of GIAA to extend the term of the Torres Agreement for an additional one year period commencing on August 1, 2016, under the same terms and conditions as set forth in the Torres Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the Torres Agreement for an additional one year period commencing on August 1, 2016 and expiring on July 31, 2017, under the same terms and conditions as set forth in the Torres Agreement.

D. Ratification of Quarterly Travel

The Executive Manager presented the quarterly travel from March 2016 to June 2016 for ratification by the Board.

After further discussion, on motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-45

The Board hereby ratifies the quarterly travel report from March 2016 to June 2016 as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by the Executive Manager.

Director Sgro informed the Board and Management that she was extremely impressed with the smooth processing in the USCBP hall when she returned from off-island recently. Mr. Fred Tupaz gave the Board a brief update on the Automated Passport Control kiosks. Discussion followed relative to the current wait times in the USCBP Hall.

Director Tolan inquired on Airlines that offer flights to Saipan other than with United Airlines. The Executive Manager replied that Arctic Air and Star Marianas provide flights to Saipan.

8. REPORT OF THE COMPTROLLER

Ms. Antoinette Bautista, Accounting Supervisor, reported on the revenues and expenses of the Authority as of **April 30, 2016**. Ms. Bautista reported that year-to-date Total Signatory Revenues are above budgeted revenues by **2.6%**,year-to-date Total Concession Revenues and Passenger Facility Charges are belowbudget by **-1.0%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **7.9%**. Year-to-date Total Operating Revenues Actual of **$41.7M** is **2.7%** above the budget estimate of **$40.6M**. Year-to-date Total Operating Expenses are below budget by **-14.2%**. Components of this line item include a **-1.8%** decrease in Personnel Service, a **-19.4%** decrease in Contractual Services, a **-61.3%** decrease in Materials & Supplies and a **-100.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$18.7M** reflects an increase of **35.5%** over the year-to-date budgeted amount of **$13.8M**. Ms. Bautista reported that the year-to-date Debt Service Coverage is at **1.52** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Sgro, seconded by Director Tolan, and unanimously approved, the Board recessed to convene into Executive Session at 4:01 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Executive Session convened at 4:11 p.m. Attending Executive Session were members of the Board, Executive Manager Ada, and Legal Counsel –Janalynn Cruz Damian.

Director Sobti and Director Camacho did not participate in portions of Executive Session due to previously disclosed conflicts of interest.

Executive Session adjourned at 4:45 p.m., at which time the Board reconvened the regular session.

Chairman Duenas announced that a number of items were brought to the Boards attention. The first item discussed was a Board resolution relative to authorizing signatories on GIAA's bank accounts, which reflects the newly elected Board officers. Said resolution would designate two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Charles H. Ada II, Executive Manager;
2. Pedro R. Martinez, Deputy Executive Manager;
3. Ricardo C. Duenas, Chairman of the Board;
4. Jean M. Arriola, Airport Services Manager;
5. John A. Rios, Comptroller; and
6. Antoinette L. Bautista, General Accounting Supervisor

After further discussion, on motion duly made by Director Tolan, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-46

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA" or the "Authority") has several bank accounts and desires to designate the individuals authorized to execute checks, drafts, or other orders for and on behalf of GIAA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby designates two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Charles H. Ada II; Executive Manager
2. Pedro R. Martinez, Deputy Executive Manager;
3. Ricardo C. Duenas, Chairman of the Board;
4. Jean M. Arriola, Airport Services Manager
5. John A. Rios, Comptroller; and
6. Antoinette L. Bautista, General Accounting Supervisor

BE IT RESOLVED FURTHER, that one of the two signatories must include any one of the following: the Chairman, the Executive Manager, the Deputy Executive Manager; or the Comptroller.

BE IT RESOLVED FURTHER, that the authority of the above-designated individuals to execute checks, drafts, or other orders for and on behalf of GIAA shall be limited only to authorized

expenditures of GIAA and as is consistent with the execution of their respective duties, statutory or otherwise, as officers or directors of GIAA.

BE IT RESOLVED FURTHER, that the designation of the above-named individuals supersedes all prior designations by the Board of Directors of GIAA on file at all banking institutions at which GIAA maintains its accounts.

The second item discussed was a request to approve Legal representation with Attorney Tom Fisher for GIAA Board members and Executive Manager Ada in their official capacity relative to the Sunshine Act Litigation.

After further discussion, on motion duly made by Director Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 16-47

The Board hereby approves the request for Attorney Tom Fisher to represent the GIAA Board of Directors and Executive Manager Ada in their official capacities relative to the Sunshine Act Litigation.

The third item discussed was a request from Legal Counsel for the Board to approve and authorize payment to Calvo Fisher & Jacob LLP, for April and May 2016 invoices for legal services.

Director Sobti and Director Camacho did not participate in the discussion or vote on the referenced item because of previously disclosed conflicts of interest.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-48

The Board hereby authorizes the Authority to issue payment to Calvo Fisher & Jacob LLP for legal fees incurred in April and May 2016 as follows: April legal fees relative to the DFS arbitration matter, in the amount of $35,191.43; and May legal fees that exceed the monthly cap, in the amount of $49,011.69.

Chairman Duenas advised that there is a request from Legal Counsel for Board's approval to wave the monthly cap for anticipated legal fees in June 2016. The Chairman inquired what the ramifications were if the Board should not approve today. Legal Counsel replied that the invoices would come before the Board for approval at the next Board meeting. The Board agreed that it would be in the best interests of the Authority to wait until the invoices are received rather than to waive the cap beforehand.

10. PUBLIC COMMENTS

There were no public comments.

11. ADJOURNMENT

Motion to adjourn duly made by Director Tolan, seconded by Director Sobti; motion unanimously passed. The meeting was adjourned at 4:50 p.m.

3. APPROVAL OF MINUTES

A. June 9, 2016 Regular Meeting

No corrections or changes were recommended. On motion duly made by Director Sgro, seconded by Director Alcorn, the following resolution was unanimously passed:

Resolution No. 16-49

The Board hereby approves the minutes of the June 9, 2016 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada had no correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Victor Cruz, GIAA Engineering Supervisor, referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

i. Capital Improvement Fund

- Wildlife Management Assessment: RFP submittals were received June 14, 2016 and have been evaluated. Subject to Board approval.
- ARFF Facility – Design/Construction Phase I: FAA provided a response draft to the Scope of Work, revisions to be made and resubmitted for approval by FAA. RFP announcement delayed until July 2016 with notice to proceed in August 2016.
- Improve Leasehold Facilities (GSE, Tech, HC-5): RFP submittals were received June 14, 2016 and have been evaluated. Subject to Board approval.
- Improve Arrival and Inspection Facilities: Automated Passenger Controls units have arrived and expected to be installed and operational by July 22, 2016, pending training of CBP personnel.
- Safety Management System: RFP has been advertised, due to technicalities regarding specifications, submittal deadline extended to July 5, 2016.

- Miscellaneous Airport Improvements – Phase V: Grant includes funding for fence line project and demolition of remnant properties. Bid submittals scheduled for July 26, 2016.

6. NEW BUSINESS

A. Approval of Award for HC5 Hangar Facility Renovation - IFB No. GIAA-C02-FY16

The Executive Manager provided background information to the Board on the referenced IFB. Nineteen (19) firms/individuals purchased bid packages and three (3) firms submitted bids before the submission deadline. All three (3) firms were evaluated, and all firms determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name	Amount
Orion General Contractor	$1,346,196.00
Pernix Guam LLC	$1,040,525.00
DB's Builders Inc.	$909,206.55

Executive Manager Ada informed the Board that DB's Builders Inc. has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that DB's Builders Inc. be awarded the contract with a total amount of $909,206.55 for the project in reference.

The Executive Manager informed the Board that the HC-5 Hangar facility is a multi-sub tenant facility, consisting of 51,000 square feet, which Aviation Concepts, LLC is currently leasing. Part of the five (5) year lease signed in April included the renovations and updates to the Hangar. Construction is expected to be completed in six (6) months.

After further discussion, on motion duly made by Director Alcorn, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 16-50

The Board hereby approves the contract award for HC5 Hangar Facility Renovation - IFB No. GIAA-C02-FY16 to DB's Builders Inc. in the amount of $909,206.55, subject to review by legal counsel.

B. Approval of Award for Wildlife Hazard Assessment - RFP No. RFP-004-FY16

The Executive Manager provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal

submission deadline, and the number of interested proposers. An evaluation committee was established to evaluate the one (1) proposal timely submitted. The proposal was evaluated on a point system assigned for each criteria identified in the RFP package. The qualified firm in the ranking is as follows:

1. Proposer A

Management recommends that the Board approve the ranking results and award the RFP to Proposer A, subject to Management's negotiation of fair and reasonable fees.

The Executive Manager announced that the referenced RFP is a federal grant from the FAA, at a 90/10 cost share, the Airport will fund $100,000. The Assessment will take fifteen (15) months to complete, and is required to be completed every three (3) years.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 16-51

The Board hereby approves the ranking results as presented and contract award to Proposer A for Wildlife Hazard Assessment - RFP No. RFP-004-FY16, subject to Management's negotiation of fair and reasonable fees and legal review.

The Executive Manager informed the Board that Proposer A is PCR Environmental, Inc.

C. Approval of Award for Purchase and Delivery of Stanchion Barriers - IFB No. GIAA-005-FY16

The Executive Manager provided background information to the Board on the referenced IFB. Nine (9) firms/individuals purchased bid packages and four (4) firms submitted bids before the submission deadline. All four (4) firms were evaluated, and all firms determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name:	Unit Price Bid Item 1.	Total Price Bid Item 1.
JMI Edison	$295.00	$177,000.00
USA Contractors Inc.	$113.35	$68,010.00
Enviro Pros.	Option #1 $93.69	$56,214.00
	Option #2 $82.30	$49,380.00
KlamCo Ent.	$158.00	$94,800.00

Executive Manager Ada informed the Board that Enviro Pros. has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that Enviro Pros. be awarded the contract with a total amount of $49,380.00 for the project in reference.

Chairman Duenas inquired on the Option #1 and #2 bids submitted by Enviro Pros. The Executive Manager informed the Board that the options are based on the product.

The Executive Manager added that the bid in reference will not only replace the existing aged stanchions in the CBP area, but will also increase them to accommodate the automated passport controls systems, allowing for better traffic flow at the entry into the CBP Hall. The stanchions presented to the Airport under Option #2, which GIAA is recommending, are utilized in Incheon Airport, the number one (1) rated Airport for the past five (5) years.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 16-52

The Board hereby approves the contract award for Purchase and Delivery of Stanchion Barriers - IFB No. GIAA-005-FY16 to Enviro Pros. in the amount of $49,380.00 for Option #2, subject to review by legal counsel.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by the Executive Manager.

Regarding Air Service Development, the Executive Manager informed the Board of meetings that took place in Singapore with representatives from Jet Star, Silk Air, and Skymark Airlines; Air Asia's representative was unable to attend due to timing issues. GIAA provided all airlines with incentives that were previously approved by the Board, and all are interested in what additional incentives GIAA may offer for non-peak hours and multiple routes. The Executive Manager advised the Airlines that GIAA's Board would need to approve any additional incentives and assured them that GIAA would have a response within three (3) weeks. Skymark Airlines is considering starting routes in January 2017 and Jet Star proposed starting routes in December 2016 if the incentives were enticing enough. Discussion followed relative to scheduling an Air Service Development/Marketing Sub-Committee meeting to discuss implementing an updated Incentive Program so as to respond within the three (3) weeks promised with regard to incentives for operating in non-peak hours and incentives for multiple routes.

The Executive Manager advised the Board of a meeting with U.S. Customs & Border Protection ("USCBP"), announcing that GIAA's application for the USCBP Reimbursable Program was approved. The Governor implemented a taskforce to address the challenges in the CBP Hall. Short term and long term objectives were established by the taskforce, with one of those short term objectives being participation in USCBP's Reimbursable Program. Under the Program, GIAA would enter into an agreement with USCBP that would allow GIAA to request for overtime should GIAA have a special event or need to augment normal operational periods. GIAA would in turn reimburse USCBP. The funding for the Program would be captured under the airline rates and charges. The Executive Manager added that the Signatory Airlines are a part of the taskforce, therefore they are very aware of the funding source.

After further discussion, on motion duly made by Director Alcorn, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 16-53

The Board hereby approves the Authority's participation in U.S. Customs & Border Protection's Reimbursable Program, subject to review by legal counsel.

8. REPORT OF THE COMPTROLLER

Mr. John Rios, Comptroller, reported on the revenues and expenses of the Authority as of **May 31, 2016**. Mr. Rios reported that year-to-date Total Signatory Revenues are above budgeted revenues by **2.7%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-0.1%** and **-1.0**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **9.1%**. Year-to-date Total Operating Revenues Actual of **$47.5M** is **3.0%** above the budget estimate of **$46.1M**. Year-to-date Total Operating Expenses are below budget by **-13.3%**. Components of this line item include a **-0.8%** decrease in Personnel Service, a **-19.2%** decrease in Contractual Services, a **-53.3%** decrease in Materials & Supplies and a **-100.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$21.3M** reflects an increase of **33.9%** over the year-to-date budgeted amount of **$16.0M**. Ms. Bautista reported that the year-to-date Debt Service Coverage is at **1.51** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

Executive Session cancelled.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Fred Tupaz referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- 2011 - Miscellaneous Airport Improvements – Phase IV: Grant has been zeroed out, remaining balance was applied to the Tiyan fence line project, which is expected to be completed in September 2016.
- 2013 - Update Airport Master Plan Study: Airport Geographic Information System (AGIS) Survey is pending final approval from the FAA. Once approved, this grant may be closed out.
- 2015 - Acquire Aircraft Rescue & Fire Fighting Vehicle: Work is in progress. ARFF met with vendor to finalize the design of the vehicles, delivery is anticipated for May 2017.
- 2015 - Rehabilitate Runway - 06L/24R: PAPI flight check completed July 22, 2016. Pending the FAA's commissioning process to close out the grant.
- 2015 - Noise Mitigation Measures for Residences within 65 - 69 DNL: Final revisions of the Noise Exposure Maps (NEMs) were submitted, pending final approval by the FAA. RFP for Acoustical Assessment for the remaining houses

under the 2003 Noise Exposure Maps was approved by the FAA, pending legal review before proceeding with the advertisement of the RFP.

- 2016 - Miscellaneous Airport Improvements – Phase V: Consisting of two (2) projects: First, completion of the fence line project. This project is 93% complete as of July 22, 2016. Completion is anticipated for September 2016. Second, the Demolition of Remnant properties in North Tiyan area. The IFB was closed July 26, 2016. Bids have been evaluated and pending Board action.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor with Building Seismic Upgrades: Design is at 90% completion. Constructability review has been completed by the Construction Manager, SSFM. Workshops are ongoing, scheduled for July 28 and July 29 to resolve a number of items, and then review by the FAA. IFB anticipated to be announced August 2016.
- Hold Bag Screening Relocation: Meeting with stakeholders held on July 27, 2016 to discuss the impact of construction work at the ticket counters for the rewiring of the controls that will begin on August 8, 2016. Project is 69% complete as of June 30, 2016. Partial operation of the system is scheduled for December 2016, with full commissioning expected in March 2017. Based on current activity and what is being forecasted, a fourth machine may need to be requested to be included under this project.
- Parking Expansion: Meetings were held with the stakeholders and the Airports financial consultants, Leigh Fisher and Associates July 12, 2016 - July 15, 2016. The design is being refined and reconfigured by A&E based on information provided by the stakeholders and the consultants.
- ARFF Facility Replacement: A revised Scope of Work was submitted to the FAA for final comments and approval, once approved, proceed with the RFP advertisement.
- Upgrade Airport IT and FMS: Scope of Work for fiber optic relocation project has been completed, pending legal review to proceed with procurement.

iii. Capital Improvement Fund

- Upgrades to Public Restrooms - Final Phase: All public restrooms have completed. United Chief Pilots, Procurement and Admin restrooms in progress. Full completion expected in September 2016.
- Wildlife Management Assessment: Project awarded to PCR Environmental, Inc. at the June 30, 2016 Board meeting, and currently in contract negotiations.
- Improve Leasehold Facilities (GSE, Tech, HC-5): Project awarded to DB's Builders Inc. at the June 30, 2016 Board meeting, currently working on executing the contract. Project is expected to be completed 120 days from the Notice To Proceed.

- Improve Arrival and Inspection Facilities: Automated Passport Control units have been installed. Commissioning is pending the programming of Guam-specific software and training of Customs &Border Protection personnel. Estimated completion date is August 2016.
- Safety Management System: RFP submittals were received July 22, 2016 and the evaluations of the five (5) submittals are pending.

With regard to Air Service Development, Mr. Tupaz informed the Board that dialogue has continued with Jet Star, an Australian low cost carrier (LCC) and Silk Air, an airline out of Singapore. Jet Star has moved up its planning process and Guam Visitor's Bureau (GVB) is currently in Singapore to meet with carriers and reinforce Guam's commitment to developing this particular sector.

Mr. Tupaz added that he and Air Terminal Manager, Mr. Gerard Bautista and Air Service Development Consultant, ASM had met with Tiger Air, Taiwan in Taipei on July 7, 2016. The meeting went extremely well, with the airline expected to begin services as early as the end of 2016 or early 2017.

6. NEW BUSINESS

A. Approval of Award for Indefinite Delivery & Indefinite Quantity (IDIQ) Jet A-1 Fuel Supply - IFB No. GIAA-006-FY16

The Deputy Executive Manager provided background information to the Board on the referenced IFB. Four (4) firms/individuals purchased bid packages and only one (1) firm submitted a bid proposal before the submission deadline. The one (1) firm was evaluated, and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name	Amount
IP&E Holdings LLC	Spot Price at Time of Delivery

The Deputy Executive Manager informed the Board that IP&E Holdings LLC has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that IP&E Holdings LLC be awarded the contract with a term of one (1) year with four (4) one (1) year options, not to exceed a total contract term of five (5) years.

Management informed the Board that the cost depends on the pricing at the time of delivery and the amount of fuel ordered.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-55

The Board hereby approves the contract award for Indefinite Delivery & Indefinite Quantity (IDIQ) Jet A-1 Fuel Supply - IFB No. GIAA-006-FY16 to IP&E Holdings LLC with a contract term of one (1) year with four (4) one (1) year options, not to exceed a total contract term of five (5) years, subject to review by legal counsel.

B. Approval of Award for Demolition and Remediation of Various Airport Facilities, Phase 4 - IFB No. GIAA-C04-FY16 (AIP Grant No. 3-66-0001-82)

The Deputy Executive Manager provided background information to the Board on the referenced IFB. Twenty-one (21) firms/individuals purchased bid packages and seven (7) firms submitted bid proposals before the submission deadline. All seven (7) firms were evaluated, and six (6) firms were determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name	Amount
Rex International Inc.	$197,400.00
Primo's Heavy Equipment	$92,600.00
Inland Builders Corp.	$91,600.00
Maeda Pacific Corp.	106,000.00
Ian Corporation	$119,207.38
BME & Sons	$66,746.25

Deputy Executive Manager Ada informed the Board that BME & Sons has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that BME & Sons be awarded the contract with a total amount of $66,746.25 for the project in reference.

The Deputy Executive Manager announced that the lowest bid received is 5% below the government estimate of $70,000.00.

Mr. Tupaz advised the Board that the project includes the disposal of hazardous waste which is a requirement, and the remnant parcels for one facility along the Tiyan Parkway is included under the IFB.

After further discussion, on motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 16-56

The Board hereby approves the contract award for Demolition and Remediation of Various Airport Facilities, Phase 4 - IFB No. GIAA-C04-FY16 (AIP grant No. 3-66-0001-82) to BME & Sons in the amount of $66,746.25, subject to review by legal counsel.

C. Approval of Work Order –Aircraft Rescue and Fire Fighting ARFF Vehicles - Project No. GIAA-16-02-16 and AIP No. 3-66-0001-091

Mr. Tupaz informed the Board that the two (2) ARFF vehicles anticipated to be delivered in May 2017, require additional equipment that was not covered under the original bid. Management provided the Board with two (2) work orders; the first in the amount of $71,437.00 and the second in the amount of $91,076.00. Management is seeking the approval from the FAA to reprogram grant funding to cover the amount of $91,076.00 at a 90/10 share, if not, Management is requesting to purchase the equipment at the lower cost with CIP funds.

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-57

The Board hereby approves Management's request to fund the work order for ARFF Vehicles - Project No. GIAA-16-02-16 and AIP No. 3-66-0001-091 up to $91,076.00, pending funding approval from the FAA; or funding from the CIP in the amount of $71,437.00.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by the Deputy Executive Manager.

Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.51** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Alcorn, seconded by Director Camacho, and unanimously approved, the Board adjourned to convene into Executive Session at 3:37 p.m.

To clarify for the record, on motion duly made by Director Alcorn, seconded by Director Camacho, and unanimously approved, the Board recessed to convene into Executive Session at 3:44 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were members of the Board, Deputy Executive Manager Martinez, and Legal Counsel, Michael A. Pangelinan.

Executive Session adjourned at 3:56 p.m., at which time the Board reconvened the regular session.

Chairman Duenas announced that there was a request from legal counsel for the Board to approve and authorize payment to Calvo Fisher & Jacob LLP, for June 2016 invoices for general legal services.

After further discussion, on motion duly made by Director Sobti, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 16-58

The Board hereby authorizes the Authority to issue payment to Calvo Fisher & Jacob LLP for the general legal fees incurred in June 2016 that exceed the monthly cap, invoices totaling $72,255.23.

10. PUBLIC COMMENTS

The next item on the agenda was Public Comments.

Mr. Al Dilks introduced himself to the Board and Management. He informed the Board of his distress relative to Freedom Air. He has been unable to obtain his financial records from the company as all property was seized in 2015 due to bankruptcy, in turn he has had to pay Department of Revenue and Taxation. He is requesting for the Authority to release his financial records.

Chairman Duenas explained to Mr. Dilks that although GIAA may have taken possession of the hard assets, the financial records are not included as a hard asset. He went on to add that this is not to say that the records are not sitting in a file cabinet in a GIAA warehouse. This would fall under the responsibility of the bankruptcy trustee to marshal all of the assets for the court prior to the court disposing or transferring them to GIAA or any other individual who has a claim

against the company. Legal Counsel, Michael Pangelinan added that it is the Superior Court of Guam Marshalls that have possession, GIAA would need to work with them in order to review the inventory.

Chairman Duenas requested that Management work with the Superior Court of Guam Marshalls to check the inventory and identify if GIAA is in possession of Mr. Dilks's financial records and then make the determination with Legal Counsel on how to proceed. Mr. Dilks thanked the Board for their time.

11. ADJOURNMENT

Motion to adjourn duly made by Director Alcorn, seconded by Director Camacho; motion unanimously passed. The meeting was adjourned at 4:06 p.m.

Dated this 25th, day of August, 2016.

No corrections or changes were recommended. On motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 16-59

The Board hereby approves the minutes of the July 28, 2016 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada had no correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Fred Tupaz referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

i. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- 2013 - Update Airport Master Plan Study: Airport Geographic Information System (AGIS) Survey was approved by the FAA on August 17, 2016. Training sessions for Operations personnel are being scheduled to assist with management of the system.
- 2014 - Install Instrument Landing System (ILS) Runway 06L - Phase III: Close out documents were received August 24, 2016.
- 2015 - Noise Mitigation Measures for Residences within 65 - 69 DNL: FAA's approval of the Scope of Work was received and the advertisement for Acoustical Assessment RFP went out on August 24, 2016. Submittals are anticipated for September 22, 2016.
- 2016 - Miscellaneous Airport Improvements – Phase V: Consisting of two (2) projects: First, completion of the fence line project, this is 98% complete as of August 21, 2016; Second, the Demolition of Remnant properties in North Tiyan area. The project was awarded to BME & Sons in the amount of $66,000.00 and is awaiting FAA concurrence to award.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor with Building Seismic Upgrades: IFB announcement anticipated for August 29, 2016 with a closing date of September 28, 2016.
- Hold Bag Screening Relocation: Project is 74% complete as of July 31, 2016, with installation at 63%. Estimated time of completion is March 2017.
- SSCP Improvements: Weekly meetings with TSA to address congestion issues in the well-wisher lobby. Based on recent discussions, TSA is expected to receive additional x-ray machines. Parking Expansion: The revised concepts were received and submitted to Leigh Fisher & Associates for final concurrence. Phasing plan study is underway to address a number of issues.
- ARFF Facility Replacement: FAA's approval was received for the Scope of Work and advertisement for the design. RFP scheduled to be advertised August 24, 2016 with a submittal date of September 22, 2016.

iii. Capital Improvement Fund

- Noise Mitigation Program 65 DNL & Higher - Phase VI: Received FAA approval for Scope of Work and advertisement for Acoustical Assessment RFP. RFP scheduled to be advertised August 24, 2016 with a submittal date of September 22, 2016.
- ARFF Facility Design/Construction, Phase I: FAA approval was received for the Scope of Work and advertisement for the design. RFP scheduled to be advertised August 24, 2016 with a submittal date of September 22, 2016.
- Wildlife Management Assessment: Contract negotiations expected to be completed August 26, 2016 with PCR. Notice to proceed anticipated in October 2016.
- Improve Leasehold Facilities (GSE, Tech, HC-5): Contract with DB's Builders Inc. fully executed. Awaiting the pre-construction meeting, to issue the notice to proceed.
- Improve Arrival and Inspection Facilities: The commissioning of the Automated Passport Control units is anticipated for September 15, 2016. Awaiting programming of Guam-specific software as well as training of Customs & Border Protection personnel.
- Safety Management System: RFP evaluations completed August 12, 2016. Board action required to award.
- Miscellaneous Airport Improvements, Phase IV: Project 97% complete as of August 14, 2016. Demolition project awarded to BME Sons, pending FAA concurrence to award.

Mr. Tupaz went on to direct the Board to a handout relative to the TSA Recapitalization and Optimization Project, summarizing additional funding that is necessary to complete the project due to delays in infrastructure and facility build out that was required. He also advised the

Board that the item was presented to the Capital Improvement Project Board sub-committee. After a brief background on the project, Mr. Tupaz announced that Management is requesting: 1) that the Board approve the extension of the Construction Management (CM) contract for EMPSCO Engineers through March 15, 2017; 2) approve the corresponding fees to cover the CM work for the general contractor and Siemens installation work in the ROM of $367,003.44, which is subject to negotiation with the CM; 3) approve estimated ROM to BME & Sons in the amount of $197,748.04 for work relating to the updated heat load requirements based on additional equipment specifications provided by Siemens, subject to verification by the CM; 4) approve estimated ROM to Siemens for the demobilization costs associated with infrastructure, building and badging delays in the amount of $1,985,062.00, subject to the verification of the CM; and 5) approve the request for an additional $1,350,000.00 to install a 4th CTX machine to avoid future operational delays and the additional cost of a standalone project at the request of TSA, due to the increase in passenger activity, TSA will provide the machine, and the cost for installation will be a part of the GIAA associated cost.

Mr. Tupaz explained that the amounts identified are in the Rough Order of Magnitude (ROM), and subject to verification with the Construction Manager. He added that items 2 - 4 are approximately $2.5M, however Management would like to request for authorization not to exceed $2.7M. Item 5, was estimated at $1.35M, however Management would like to request for authorization not to exceed $1.5M. Mr. Tupaz announced that the total amount that GIAA will be contributing is still within the $20.55M budget amount that was appropriated from the 2013 Bond proceeds for this project. This would bring the total cost for this project approximately to $29.87M, with $24.9M funded by TSA. The additional $1.5M outside of the Other Transaction Agreement with TSA, GIAA will request from TSA with the hope that the funds become available.

Director Gerber inquired on the fees associated with extending the CM contract from April 2016 to March 2017, which is for work that has already been completed. Mr. Tupaz replied that the work was necessary in order to minimize further delays on the project, and because the project is part of GIAA's CIP listing and under Bond funding and not grant funding, all that is needed is authorization.
After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 16-61

The Board hereby approves the request to extend the Construction Management (CM) work order and the request for additional project funding relative to the Installation of the Baggage Handling System under the TSA Capitalization and Optimization program as presented, authorizing the following:

1) Extension of EMPSCO Engineers CM work order through March 15, 2017 to cover CM services for the general contractor's (GC) work and Siemens's installation work;
2) The appropriation of $2.7M under Bond proceeds to cover:
    a) The fees for services under the CM's work order extension, and the change orders submitted by the GC and Siemens, in the amount of $367,0003.44, which

is subject to verification by the CM, for work that has been or will be completed through March 15, 2017;

b) Payment to the general contractor for work relating to the updated heat load requirements based on additional equipment specifications by Siemens in the amount of $197,748.04

c) Payment to Siemens for the work relating to the demobilization costs associated with infrastructure, building and badging delays in the amount of $1,985,062.00;

3) The appropriation of $1.5M under Bond proceeds for the installation of a 4th CTX machine at the request of the TSA to avoid future operational delays and additional cost associated with the Baggage Handling System; subject to legal review.

Moving on to Air Service Development, Mr. Tupaz directed the Board to a handout regarding the Interim Air Service Development Incentives. Mr. Tupaz advised that after discussions with a number of airlines over the past few months as a result of the Routes Asia conference in March 2016, Management would like to request to amend the Incentive Program that was approved by the Board in February 2014, to allow GIAA to proceed with negotiations with interested carriers and to continue developing Asian routes. The amendments allow the Authority to fine-tune the Incentive Program but also allows GIAA to provide greater flexibility when negotiating agreements with airlines. The amendments are in line with the Governor's Japan Recovery Strategy, to provide additional air services from destinations in Japan and other areas in Asia.

Mr. Tupaz provided the amendments to the Board for consideration to include significant changes such as the cumulative percentage discount for the first year of operations being reversed from 75% to 50%, however applying the 75% discount to those carriers eligible for the second year of operations. Incentives for existing GIAA signatory airlines may be provided on a case-by-case basis and discounts of up to 50% may be applicable subject to negotiations.

Vice Chairperson Sgro announced that she understands the need for these issues to be addressed immediately as there are negotiations with carriers currently underway. Mr. Tupaz advised the Board that under the existing agreement, GIAA is prevented from moving forward with current negotiations.

After further discussion, on motion duly made by Director Tolan, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 16-62

The Board hereby approves the amendments to the Interim Air Service Development Incentives Program as presented, subject to further refinement, review by legal counsel and the FAA.

6. NEW BUSINESS

A. Approval of GIAA Fiscal Year 2017 Budget

The 2017 operating budget was presented by the Comptroller, John A. Rios. In summary, cost per enplanements (CP) was increased to $16.54, a 6.64% increase from current CP of $15.51.

Original CP included in the budget proposed to the airlines was $17.30. The FY16 budget is a 5.4% increase over actual estimates and a 2.8% increase over the FY16 adopted budget.

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-63

The Board hereby approves the Operating Budget for Fiscal year 2017 as presented, subject to adjustments.

B. Approval of Award for Safety Management Systems (SMS) - RFP No. RFP-005-FY16

Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. An evaluation committee was established to evaluate the five (5) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer D
2. Proposer A
3. Proposer B
4. Proposer C
5. Proposer E

Management recommends the approval of the ranking results and the contract award to Proposer D, as the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

Executive Manager Ada announced that the referenced RFP will be funded under the CIF, at a 90/10 cost share.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 16-64

The Board hereby approves the ranking results as presented and the contract award to Proposer D for Safety Management Systems (SMS) - RFP No. RFP-005-FY16, subject to Management's negotiation of fair and reasonable fees and legal review.

Executive Manager Ada informed the Board that Proposer D is AECOM.

C. Approval of Board Resolution No. 16-60: Recognizing the Services of the Honorable Former Lieutenant Governor of Guam †Frank F. Blas

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 16-60

WHEREAS, the Honorable Former Lieutenant Governor †Frank F. Blas created the Guam Airport Authority as an autonomous agency of Guam in legislation he authored while in the 13th Guam Legislature and made into law as Public Law 13-57;

WHEREAS, under his administration as the Lieutenant Governor of Guam, the Airport Authority successfully floated $247 Million of Bonds in 1993 that built the current airport facility that still remains the largest capital improvement project ever done on Guam; and

WHEREAS, the Honorable Former Lieutenant Governor †Frank F. Blas was appointed to the GIAA Board of Directors in January of 2003 and unanimously elected as the Chairman of the GIAA Board of Directors; and

WHEREAS, under his chairmanship, the Airport developed and formally adopted key Board tenets in the areas of Air Service Development, Finance, Capital Programs, Operations and Service and Public Engagement; and

WHEREAS, under his chairmanship, the key tenets were the basis of developing specific Board Initiatives that are formal programs continuing today and a critical component of the Airport's growth and development; and

WHEREAS, under his chairmanship, the Airport Authority was successful in achieving expanded air service by acquiring an exemption of USDOT authorized foreign carriers from transporting cargo or passengers between point in the Asia/Pacific Region and points in the United States via Guam.

WHEREAS, under his chairmanship, the Airport became a participant in the FAA sponsored Residential Sound Solutions Program which qualified approximately 500 homes affected by airport operations to be mitigated from noise impact; which to date infused over $8 Million into the economy; and

WHEREAS, under his chairmanship, over $40 Million in private development was invested in the Tiyan Park with DHL, FedEX and the GIAA Integrated Air Cargo Building; and

WHEREAS, under his Chairmanship, GIAA created and put in place its Energy Management Program which allowed for significant savings in energy costs which underwrote the replacement and addition of new, energy efficient equipment; and

WHEREAS, under his chairmanship, the Airport received over $70 Million in federal grants from the FAA, the US Department of Commerce, the US Environmental Protection Agency; and the US Department of Interior for critical projects within the Airport footprint; and

WHEREAS, under his leadership, the 1993 Revenue Bonds were refinanced at a much lower interest rate, with savings estimated to reach $14 Million over the life of the bonds; and

WHEREAS, the Honorable Former Lieutenant Governor of Guam †Frank F. Blas, attained prestigious positions as a Board Member with the American Association of Airport Executives and was an active participant with the Airports Council International and National Association of State Aviation Officials, thereby enhancing Guam Airport's recognition as a major player in Pacific Aviation; and

WHEREAS, upon his departure from the Airport Board in 2008, he was recognized as the "Father of the Airport" in the creation of the Airport Authority in 1976 and for his significant contributions to the growth and development of Guam's only civilian airport;

NOW THEREFORE, BE IT RESOLVED, that the Authority hereby recognizes the great contribution of the Honorable Former Lieutenant Governor †Frank F. Blas as described in the aforementioned and extends Un Dangkulo' Na Si Yu'os Ma'ase to his family posthumously for his invaluable service and leadership to the A.B. Won Pat International Airport Authority, Guam and the people of Guam.

7. REPORT OF THE EXECUTIVE MANAGER

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Vice Chairperson Sgro, seconded by Director Tolan; motion unanimously passed.

3. APPROVAL OF MINUTES

A. August 25, 2016 Regular Meeting

No corrections or changes were recommended.

On motion duly made by Director Tolan, seconded by Vice Chairperson Sgro, the following resolution was unanimously passed:

Resolution No. 16-65

The Board hereby approves the minutes of the August 25, 2016 regular meeting, subject to corrections.

4. CORRESPONDENCE

Deputy Executive Manager Martinez had no correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Victor Cruz referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

i. Capital Improvement Fund

- Wildlife Management Assessment: Contract negotiations with consultants are now complete and are being forwarded to the FAA for review and approval.
- ARFF Facility Design/Construction, Phase I: RFP submittals received on September 22, 2016 and are currently under review.
- Improve Arrival and Inspection Facilities: Automated Passport Control training completed September 15, 2016. Ribbon cutting scheduled for October 5, 2016.
- Safety Management System: RFP awarded to AECOM at the last Board meeting. Scope of work and fee negotiations in progress.
- Miscellaneous Airport Improvements, Phase IV, Demolition of Remnant Properties: Concurrence from the FAA was received to award the demolition project to BME & Sons. Contract execution is pending to move forward with notice to proceed.

ii. FAA AIP Grant Projects – Undistributed Obligations (UDO)

- 2013 - Update Airport Master Plan Study: After recent approval from FAA of the Airport Geographic Information System (AGIS) Survey training sessions were conducted with AECOM and CNMI on September 26 and 27, 2016.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor with Building Seismic Upgrades: IFB was advertised on August 30, 2016 and requests for information ("RFI") received September 16, 2016. Due to RFIs, Addendum A and Addendum B were issued extending the bid opening to November 10, 2016. The deadline for RFIs was also extended. Seismic upgrades are FAA funded.
- Hold Bag Screening Relocation: Project is 78% complete as of August 31, 2016. Estimated time of completion is March 2017.

Chairman Duenas announced the arrival of Director Camacho.

6. NEW BUSINESS

A. Approval of FY17 Insurance Renewal Program

Vice Chairperson Sgro announced that she would like to recuse herself from participating in discussion or voting on this matter due to a conflict of interest, and exited the Board room.

Director Camacho noted that she has no conflict.

AM Insurance ("AM") representative Ann Marie Muna presented the insurance quotes for FY2017. Nine (9) insurance carriers were approached, with four (4) carriers responding with submittals.

The insurance program includes six (6) policies: Property Insurance with Catastrophe; Airport Operators Liability; Directors and Officers Liability; Workman's Compensation, Automobile Insurance; and Crime Insurance. Quotes are as follows:

Policy	Firm with Lowest Offered Premium	Amount
Property	Guahan	$338,390.00
Airport Operators Liability	Calvo's	$153,000.00
Directors & Officers Liability	Moylan's	$55, 998.00
Workman's Compensation	Moylan's	$44,900.00
Crime Insurance	Moylan's	$6,950.00
Automobile	Moylan's	$37,621.00

The total premium costs for all coverage including catastrophic perils for FY2017 is $636,859.00. This represents a savings of $132,312.00 compared to FY2016 premium cost of $769,171.00. Management recommends that the Board approve the FY2017 insurance program as presented.
Discussion was held on the various insurance companies.

After further discussion, on motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 16-66

The Board hereby approves the FY2017 Insurance Renewal Program, in the total amount of $636,859.00 as follows:

Policy	Lowest Bidder/Firm's Name	Amount
Property	Guahan	$338,390.00

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 16-71

The Board hereby ratifies Management's acceptance of and approves the FAA Grant Agreement for AIP Project No. 3-66-0001-099 - Rehabilitate Apron - Design.

G. Approval of Award for Custodial Services (Concourse/Apron Level) - IFB No. GIAA-007-FY16

Deputy Executive Manager Martinez provided background information to the Board on the referenced IFB. Eighteen (18) firms/individuals purchased bid packages and eight (8) firms submitted bids before the submission deadline. All eight (8) firms were evaluated, and all firms determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder/Firm's Name:	Item 1 Apron Level	Item 2 Concourse Level
Unlimited Service Group LLC	$857,297.97	$899,983.80
K Cleaning Services	$274,188.00	$539,000.00
Guam Cleaning Masters	$368,256.00	$565,056.00
Advance Management Inc.	$385,059.00	$1,296,947.00
MTO Maintenance	$258,000.00	$939,756.00
JRN Refrigeration	$387,194.38	No Bid
G Crew Maintenance	$254,949.00	No Bid
JJ Global	$343,944.18	$731,056.82

Deputy Executive Manager Martinez informed the Board that G Crew Maintenance and K Cleaning Services have been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidders. Therefore, it is recommended that the contract awards be made according to the following:

Item & Description	Awarded to:	Total Amount
Item 1: Apron Level	G Crew Maintenance	$254,949.00
Item 2: Concourse Level	K Cleaning Services	$539,000.00
	Total Contract Award:	**$793,949.00**

Vice Chairperson Sgro inquired on measures added to the contract to address current concerns with maintenance. Mr. Franklin P. Taitano, Supply Management Administrator, replied stating that the new contract is now a one year contract with options to extend up to five (5) years. Measures were also included with regard to quality control. Mr. Taitano added that both firms have held contracts with the Airport for grass cutting. It was also noted that the prior contract was with Guam Cleaning Masters.

After further discussion, on motion duly made by Director Tolan, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 16-72

The Board hereby approves the contract award for Custodial Services (Concourse/Apron Level) - IFB No. GIAA-007-FY16 to G Crew Maintenance in the amount of $254,949.00 for the Apron Level; and K Cleaning Services in the amount of $539,000.00 for the Concourse Level, total contract award of $793,949.00, subject to review by legal counsel.

- ARFF Facility Replacement: Grant awarded August 2016. RFP submittals require Board action.

Relative to the upgrade to Airport IT and FMS, Mr. Tupaz informed the Board that Management has been working closely with United Airlines to develop the scope of work for the fiber optic relocation. United Airlines have an immediate need to relocate those lines currently hanging on stilts as a result of the demolition of the yellow cargo building. Management is requesting for authorization to negotiate an MOU with United Airlines to have the project commence and relocate the fiber optic lines underground. the Executive Manager added that GIAA has identified funds in the amount of $500K to assist with the project, and United will share the cost as well as manage the project.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 17-02

The Board hereby authorizes Management to proceed with negotiating a Memorandum of Understanding by and between the A.B. Won Pat International Airport Authority, Guam and Untied Airlines relative to the fiber optic relocation project, subject to legal review.

iii. Capital Improvement Fund

- Upgrades to Public Restrooms - Final Phase: Project 99% complete pending punchlist items. Change Order pending to complete additional restrooms in Engineering and Ramp Control offices.
- Noise Mitigation Program 65 DNL & Higher - Phase VI: RFP submittals require Board action.
- Wildlife Management Assessment: Contract has been executed and submitted to FAA for review, awaiting issuance of Notice to Proceed.
- Improve Leasehold Facilities (GSE, Tech, HC-5): Design for ARFF facility replacement design pending Board approval. Notice to proceed issued October 2016 for the HC-5 Hangar, construction anticipated to begin early November 2016.

- Improve Arrival and Inspection Facilities: Project to be closed out. APC's were installed and are fully operational. Ribbon cutting ceremony held October 5, 2016.
- Apron Rehabilitation - Design: Board action required.
- Miscellaneous Airport Improvements - Phase IV: Notice to Proceed was received.

Mr. Tupaz gave a brief update relative to Air Service Development stating that a number of the airlines that were targeted during the Asia Routes conference held in 2016 are working to allocate resources to comply with the ETOPS issues that are required for Guam routes. Tiger Air is still on track to begin flights early 2017. GIAA team continue to target low cost carriers out of Japan.

6. NEW BUSINESS

A. Approval of Award for Acoustical Assessment for Residential Sound Solution Program - RFP No. RFP-006-FY16 (AIP Grant No. 3-66-0001-093)

The Executive Manager provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. Thirteen (13) firms/individuals acknowledged receipt of the RFP package. An evaluation committee was established to evaluate the two (2) proposals timely submitted to determine the most qualified proposer. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. The qualified firms in the ranking are as follows:

1. Proposer B
2. Proposer A

Management recommends that the Board approve the ranking results and award the RFP to Proposer B, subject to Management's negotiation of fair and reasonable fees.

After further discussion, on motion duly made by Director Tolan, seconded by Director Camacho, the following resolution was unanimously approved:

	Total Contract Award:	**$166,651.67**

After further discussion, on motion duly made by Director Tolan, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 17-11

The Board hereby approves the contract awards for Purchase and Delivery of LED Digital Monitors-Computer Equipment - IFB No. GIAA-001-FY17 to Megabyte in the amount of $120,772.67 for eighty-one (81) 42" LED Monitors, eight (8) 46" LED Monitors, eighty-one (81) Brackets (wall-mounted), and two (2) Brackets (tilt-mounted); Data Management Resources in the amount of $27,176.00 for forty-three (43) Slim PC Desktop; and ComPacific in the amount

of $18,703.00 for forty-three (43) Video Graphic Cards and six (6) Access Points. Contract awards to Megabyte, Data Management Resources and ComPacific total $166,651.67, all of which are subject to review by legal counsel.

B. Approval of Award for Management and Infrastructure Support Services to Airport Gate Management System- RFP No. RFP-001-FY17

Executive Manager Ada requested that this item be tabled until the next Board meeting due to submissions still being evaluated. The Board accepted Executive Manager Ada's request.

C. Approval of Award for Terminal Building Structural Upgrade and Concourse Isolation Construction - IFB No. GIAA-C06-FY16

Executive Manager Ada provided background information to the Board on the referenced IFB. Twenty-three (23) firms/individuals purchased bid packages and three (3) firms submitted bids before the submission deadline. The three (3) firms were evaluated, and all firms were determined to be acceptable.

Executive Manager Ada explained that pursuant to the IFB, the contract is to be awarded, if it is to be awarded, as soon as possible to the responsible bidder with the lowest responsive Basic Bid ("Awardee"), provided the Basic Bid is reasonable and it is in the best interest of GIAA to accept it. Bid Option 1, Bid Option 2, and/or Bid Option 3 may also be awarded to the Awardee at the sole discretion of GIAA. The award of any option bids shall be made at the time of award of the Basic Bid. Executive Manager Ada referred the Board to handouts detailing the Basic Bid, bid options, construction period, and the pods and their location to the gates.

As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The Basic Bid price and bid options submittals are as follows in the order they were received and opened:

Bidder's Name:	Basic Bid	Bid Option 1	Bid Option 2	Bid Option 3
Black Construction Corporation (BCC)	**$95,877,000.00**	$10,937,000.00	**$1,055,000.00**	$2,000,000.00
Contrack Watts, Inc. (CW)	$109,126,494.00	$15,539,598.00	$1,025,258.00	$2,111,364.00
Core Tech Int'l Corporation (CTI)	$101,421,747.00	$9,340,517.00	$1,104,482.00	$2,312,054.00

Executive Manager Ada noted that there were minor informalities found in all three (3) bid proposals, however GIAA has waived those minor informalities, as permitted in the Procurement Regulations.

The lowest responsive, responsible Basic Bid amount received is $95,877,000.00, 0.2% below the government estimate of $96,040,000.00. Availability of funding only allows for awarding of Bid Option 2. Black Construction's Bid Option 2 is $1,055,000.00, which is 139.8% above the Government estimate of $440,000.00.

Executive Manager Ada informed the Board that Black Construction Corporation has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder.

Therefore, it is recommended the contract award of the Basic Bid and Bid Option 2 in the total amount of $96,932,000.00 be awarded to Black Construction Corporation. The total contract award of the Basic Bid and Bid Option 2 is 0.5% above the Government estimate of $96,480,000.00.

Vice Chairperson Sgro inquired on the impact to passengers with regard to the construction. Executive Manager Ada advised the Board that a lot of thought has gone into minimizing the impact to operations, and reassured the Board that he does not foresee any significant glitches.

Chairman Duenas inquired on the timeframe of completion. Mr. Tupaz informed the Board that the base bid (Basic Bid) is estimated to be completed in twenty-four (24) months, with the inclusion of the add-on, the estimated timeframe of completion moves to twenty-seven (27) months.

Director Gerber inquired on the funding for this project. The Comptroller replied, stating that the funds for this project is available from the Series 2013 Bonds and FAA grant funding.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 17-12

The Board hereby approves the contract award for Terminal Building Structural Upgrade and Concourse Isolation Construction - IFB No. GIAA-C06-FY16 to Black Construction Corporation for the Basic Bid and Bid Option 2 for a total contract award of $96,932,000.00, subject to review by legal counsel.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

Vice Chairperson Sgro inquired on the effectiveness of the kiosks installed in the USCBP Hall. Executive Manager Ada informed the Board that there has been an increase in efficiency,

however in addition to the kiosks, an increase in personnel in that area has also improved efficiency dramatically. Discussion followed relative to a possible increase in personnel in the USCBP Hall.

8. REPORT OF THE COMPTROLLER

Mr. John A. Rios reported on the revenues and expenses of the Authority as of **October 31, 2016**. Mr. Rios reported that year-to-date Total Signatory Revenues are above budgeted revenues by **3.3%**,year-to-date Total Concession Revenues and Passenger Facility Charges are above and below budget by **-1.5%** and **-11.9%**, respectively. E. Ratification of Quarterly Travel

Deputy Executive Manager Martinez presented the quarterly travel from October 2016 to December 2016 for ratification by the Board.

Vice Chairperson Sgro asked if costs are within budget, which Deputy Executive Manager Martinez confirmed.

After further discussion, on motion duly made by Director Sobti, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 17-15

The Board hereby ratifies the FY 2017 1st quarter travel report from October 2016 to December 2016 as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

Adding to the Deputy Executive Manager's report relative to the Moody's Annual Financial review and the agency affirming its "Baa2" rating on the Authority's 2013 $227 million in Series 2013 Bonds with a stable outlook, the Comptroller stated that during the month of February, Standard & Poor's rating agency will also provide a credit rating, which will show the good financial condition that the Airport is in.

Discussion followed relative to the USCBP Reimbursable Services Program with Rolenda Faasuamalie, Airport Marketing Administrator, stating that the wait time has significantly improved from over two (2) hours to thirty-eight (38) minutes to date. GIAA had requested that USCBP augment staffing in the afternoon peak period with two additional officers from 3:00 p.m. to 5:00 p.m. daily, which made a significant difference. This augmentation shall continue, though the Authority may reassess the need for this additional staff under the program after Chinese New Year in mid February 2017.

8. REPORT OF THE COMPTROLLER

Mr. Rios reported on the revenues and expenses of the Authority as of **December 31, 2016**. Mr. Rios reported that year-to-date Total Signatory Revenues are above budgeted revenues by

6.0%, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-1.2%** and **-2.0%**, respectively. Components of this line item include a **-12.8%**decrease in Personnel Service, a **-13.2%** decrease in Contractual Services, a **-71.2%** decrease in Materials & Supplies and a **-0.0%**decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$8.8M** reflects an increase of **49.9%**over the year-to-date budgeted amount of **$5.9M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.59**versus the requirement of **1.25.**

Chairman Duenas announced that he would like to move Public Comments up on the agenda.

9. PUBLIC COMMENTS

Mr. Antonio Sablan provided copies of a letter for the Board's reference regarding a Civil Case, GIAA vs. Helene Anderson dba Visual Marketing Group. Mr. Sablan provided a brief background of the case, stating that he had acquired a piece of property, on which was filed lien from GIAA's judgment against Helene Anderson. Mr. Sablan is requesting that GIAA review the information he has provided and that GIAA release all liens against the property in reference.

Chairman Duenas informed Mr. Sablan that Management will work with Legal Counsel to review and make the appropriate recommendations on how to resolve the situation.

10. EXECUTIVE SESSION

Chairman Duenas announced that Executive Session will be tabled.

At this time Chairman Duenas suggested that the Board adjourn the Regular Board Meeting and reconvene on Friday, February 3, 2017 at 10:30 a.m.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Tolan, the following resolution was unanimously approved:

2. NEW BUSINESS

A. Approval of Award for Purchase and Delivery of Copier Machines - IFB No. GIAA-003-FY17

Executive Manager Ada provided background information to the Board on the referenced IFB. Six (6) firms/individuals purchased bid packages and three (3) firms submitted bids before the submission deadline. All three (3) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder's Name	Item No. 1	Item No. 2	Item No. 3	Item No. 4
All Star Business Systems	$9,941.00	$23,280.00	$9,634.00	$12,420.00
Xerox Corp.	$5,058.00	$10,116.00	$6,862.00	$0.00
Island Business Systems	$12,132.00	$26,564.00	$7,357.00	$10,053.00

Executive Manager Ada informed the Board that Xerox Corp. has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended thatthat the contract awards be based on the following:

Item & Description	**Awarded to:**	**Total Amount**
Item 1: Monochrome Copier Machine	Xerox Corp.	$5,058.00
Item 2: Monochrome Copier Machine (with fax)	Xerox Corp.	$10,116.00
Item 3: Color Copier Machine (with fax)	Xerox Corp.	$6,862.00
Item 4: Full Service and Maintenance Plan	Xerox Corp.	$0.00
	Total Contract Award:	**$22,036.00**

Executive Manager Ada announced that the current system is over ten (10) years old which became problematic for Xerox Corp. to continue to service the units, as the parts were no longer available. The current units were on a lease to own plan, the contract in reference is an outright purchase and will work out to be cheaper than the previous plan. Funding for this bid is available under the O&M budget.

Vice Chairperson Sgro inquired on the full service and maintenance plan offered by Xerox. The Executive Manager responded stating that the maintenance plan is for a three (3) year period, which also includes ink and toner, and 100% warranty. After the completion of the three (3) years, GIAA will then engage in a service contract.

After further discussion, on motion duly made by Sobti, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 17-17

The Board hereby approves the contract award for Purchase and Delivery of Copier Machines - IFB No. GIAA-003-FY17, for Item Nos. 1 – 4,to Xerox Corp. for a total contact amount of $22,036.00, subject to review by legal counsel.

B. Approval of Award for Designated Aviation Channeling Services - RFP No. RFP-003-FY17

Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of four (4) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the two (2) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer A
2. Proposer B

Executive Manager Ada informed the Board that the term of the contract shall be a term of five (5) years with the option, at the discretion of the Airport to renew the contract for three (3) additional one (1) year terms, not to exceed a total of eight (8) years. The Aviation Channeling Services agreement will be funded under the AIP program.

The Executive Manager added that the processing of individuals with SIDA badges after fingerprinting is currently managed by GIAA Airport Police division. The firms must be approved by the Transportation Security Administration (TSA).

Management recommends the approval of the ranking results and the contract award to Proposer A, the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

After further discussion, on motion duly made by Director Camacho, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 17-18

The Board hereby approves the ranking results as presented and the contract award to Proposer A for Designated Aviation Channeling Services - RFP No. RFP-003-FY17, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Executive Manager Ada informed the Board that Proposer 'A'is Telos Identity Management Solutions, LLC.

C. Approval of Award for Purchase and Delivery of Light Towers - IFB No. GIAA-004-FY17

Executive Manager Ada provided background information to the Board on the referenced IFB. Sixteen (16) firms/individuals purchased bid packages and three (3) firms submitted bids before the submission deadline. All three (3) firms were evaluated and were determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder's Name	Item No. 1	Item No. 2
GET, LLC	No Bid	$235,000.00
Morrico Equipment LLC	$23,420.00	$97,041.00
Far East Equipment Co.	No Bid	$114,939.65

Executive Manager Ada informed the Board that Morrico Equipment LLC has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended thatthat the contract awards be based on the following:

Item & Description	**Awarded to:**	**Total Amount**
Item 1: Battery Powered Light Towers	Morrico Equipment LLC	$23,420.00

Executive Manager Ada announced that out of an inventory of eleven light carts, only two (2) are operating. The completion of the IFB will bring the operational inventory back to eleven, with the purchase of nine (9). Funding for this bid is available under the CIP budget.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 17-19

The Board hereby approves the contract award for Purchase and Delivery of Light Towers - IFB No. GIAA-004-FY17, Items Nos. 1 and 2,to Morrico Equipment LLC for a total contact amount of $120,461.00, subject to review by legal counsel.

3. EXECUTIVE SESSION

Chairman Duenas announced that there will be no Executive Session.

4. PUBLIC COMMENTS

There were no public comments.

At this time Executive Manager Ada advised the Board that Mr. Mark McClardy of the FAA, Region 9, will be visiting Guam February 9 - 10, 2017. He will be meeting with Airport Operators from the outer islands, as well as following up with GIAA after the previous visit to Guam. Executive Manager Ada also advised the Board on his plan to schedule a meeting with Mr. McClardy and GIAA's Oversight Chairman, Senator Aguon, in regard to the five (5) year lease restriction.

Vice Chairperson Sgro inquired on the Governor's Briefing regarding the Terminal Building Structural Upgrade and Concourse Isolation Project which was held on February 1, 2017. Executive Manager Ada announced that the Governor was very pleased and also offered assistance to assure no delays. Mr. John Rios, Comptroller,added that funding was located to purchase the property to begin on Tiyan Parkway, which will mean both projects will be underway simultaneously.

5. ADJOURNMENT

Motion to adjourn duly made by Director Camacho, seconded by Director Sobti; motion unanimously passed. The meeting was adjourned at 10:54 a.m.

Dated this 23rd, day of February, 2017.

4. CORRESPONDENCE

Executive Manager Ada had no correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Victor Cruz referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

iii. Capital Improvement Fund

- Noise Mitigation Program 65 DNL & Higher - Phase VI: FAA's concurrence and authorization to proceed with awarding the contract to EMPSCO. Anticipating the finalization of the contract March 2017.
- ARFF Facility-Design/Construction Phase 1: Discussions with TRMA to refine scope of services. Based on revised scope, TRMA submitted revised fee in the amount of $88,735.00. Recommendation submitted to Management for approval.
- Apron Rehabilitation - Design: Fee negotiations approved by Management for $726K. Pending FAA approval of draft contract.
- Miscellaneous Airport Improvements - Ph 5: Notice to Proceed was issued on October 26, 2017. Work in progress as of February 13, 2017. Completion expected by June 12, 2017.

ii. Bond Capital Improvement Projects

- International Arrivals Corridor with Building Seismic Upgrades: Contract was executed on January 27, 2017. Preliminary Notice to Proceed was issued on January 31, 2017 to allow the contractor to procure materials needed for the project. Preconstruction conference held on February 17, 2017. Notice to Proceed is anticipated to be issued to Black Construction Corporation on March 1, 2017.
- Hold Bag Screening Relocation: Project is at 92% complete as of January 31, 2017. Estimated time of completion is May 2017.

6. NEW BUSINESS

A. Approval of Award for Management and Infrastructure Support Services to Airport Gate Management System - RFP No. RFP-001-FY17

Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of twenty-six (26) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the five (5) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer D
2. Proposer C
3. Proposer B
4. Proposer E
5. Proposer A

Vice Chairperson Sgro requested a brief background on the actual system. The Executive Manager informed the Board that the software system is an operational database that will maximize incoming and outgoing flight activity. Currently there is no existing system. RFP shall be funded in the 2017 O&M Budget.

Management recommends the approval of the ranking results and the contract award to Proposer D, the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

After further discussion, on motion duly made by Director Camacho, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 17-21

The Board hereby approves the ranking results as presented and the contract award to Proposer D for Management and Infrastructure Support Services to Airport Gate Management System - RFP No. RFP-001-FY17, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Executive Manager Ada informed the Board that Proposer 'D' is Air Inc.

B. Approval of Board Resolution No. 17-22: Agreement for Legal Services

The second item discussed was the extension of the Agreement for legal services with Calvo Fisher & Jacob LLP. The extension would be the second of four options to extend.

After further discussion, on motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 17-22

WHEREAS, an Agreement for Legal Services was made on March 23, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Calvo Fisher & Jacob LLP ("CFJ") (the "CFJ Agreement"); and

WHEREAS, the CFJ Agreement provides for a term of one year commencing on March 23, 2015, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of CFJ and that it is in the best interests of GIAA to extend the term of the CFJ Agreement for an additional one year period commencing on March 23, 2017, under the same terms and conditions as set forth in the CFJ Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the CFJ Agreement for an additional one year period commencing on March 23, 2017 and expiring on March 22, 2018, under the same terms and conditions as set forth in the CFJ Agreement.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

Relative to the property of Freedom Air, and the auction held on February 2, 2017, Legal Counsel clarified that this was not pertaining to the bankruptcy case that was dismissed some time ago.

Chairman Duenas inquired on the USCBP Reimbursable Program (RSP) and GIAA being able to recover costs for the overtime due to charter flights. Executive Manager Ada explained that the Airlines cover this as part of an operational cost.

8. REPORT OF THE COMPTROLLER

Mr. John A. Rios reported on the revenues and expenses of the Authority as of **January 31, 2017**. Mr. Rios reported that year-to-date Total Signatory Revenues are above budgeted revenues by **5.1%**,year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-1.0%** and above budget by **3.5%**, respectively. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.67**versus the requirement of **1.25.**

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session

Upon written recommendation of counsel, on motion duly made by Director Alcorn, seconded by Director Tolan, and unanimously approved, the Board recessed to convene into Executive Session after the recess at 3:28 p.m.

The Board convened into Executive Session at 3:31 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sgro, Gerber, and Alcorn, Executive Manager Ada, and Legal Counsel, Janalynn Cruz Damian. Also present was the court reporter who will prepare a transcript of the Executive Session.

Director Sobti, Director Camacho and Director Tolan did not participate in Executive Session due to conflicts of interest and left the conference room.

Executive Session adjourned at 3:43 p.m., at which time the Board reconvened the regular session.

All members present in the conference room.

10. PUBLIC COMMENTS

There were no public comments.

11. ADJOURNMENT

At this time Deputy Executive Manager Martinez introduced the Board and Management to Trisha Benavente, the representative from Senator Frank Aguon's Office.

Motion to adjourn duly made by Director Tolan, seconded by Director Alcorn; motion unanimously passed. The meeting was adjourned at 3:44 p.m.

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE A.B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM
Thursday, April 6, 2017, 10:30 a.m. *Reconvened Meeting*
GIAA TERMINAL CONFERENCE ROOM #3

1. CALL TO ORDER AND ATTENDANCE

The Regular meeting of the Board of Directors of the A.B. Won Pat International Airport Authority, Guam ("GIAA" or the "Authority") held on March 30, 2017, was reconvened and called to order by Chairman Duenas on April 6, 2017 at 10:33 a.m. at the GIAA Terminal Conference Room #3, 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Directors Present:	**Offices or positions:**
Ricardo C. Duenas	Chairman
Katherine C. Sgro	Vice Chairperson
Gurvinder "Bic" Sobti	Board Secretary
Martin J. Gerber	
Lucy M. Alcorn*	
Rosalinda A. Tolan	
Deedee S. Camacho	

GIAA Officials:	
Charles H. Ada II	Executive Manager
Pedro R. Martinez	Deputy Executive Manager
John A. Rios	Comptroller
Jean M. Arriola	Airport Services Manager
Gerard Bautista	Air Terminal Manager
Edward Muna	Operations Superintendent
Victor Cruz	Engineering Supervisor
Daniel Stone	Airport Fire Chief, Acting
Janalynn Cruz Damian, Esq.	GIAA Legal Counsel

Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Executive Manager Ada requested to add the Aircraft Rescue Fire Fighting (ARFF) Emergency Medical Technician (EMT)Program to the Agenda.

Motion to accept the Executive Manager's recommendation duly made by Vice Chairperson Sgro, seconded by Director Tolan; motion unanimously passed.

3. NEW BUSINESS

A. Emergency Medical Technician (EMT) Program

Executive Manager Ada provided the Board with a brief background and presentation on the Emergency Medical Technician Program ("Program"), which seeks to have all ARFF Firefighters obtain EMT-B certification. Executive Manager Ada informed the Board that in 2016 review of the Program was placed under the Legal & Legislative Sub-Committee, chaired by Director Gerber to explore the possibility of incorporating the Program within the ARFF Division. The Executive Manager went on to add that ARFF was an established division within GIAA since 1995 with all ARFF Firefighters being certified by the National Registry of Emergency Medical Technicians (NREMT).In 2004, the NREMT certification expired, and as a part of cost saving measures and because certification was no required by the FAA, GIAA decided not to renew the certification. Currently Guam is the only airport in the region without an EMT program.

From January 2017 to March 2017, there were 44 medical related calls on Airport property. ARFF responded, however, ARFF personnel were not able to render any medical assistance due to the lack of EMT training and certification. The average time ARFF spent at the scene during this period was thirty-nine (39) minutes.

**At this time Chairman Duenas announced for the record, the arrival of Director Alcorn.*

Discussion followed relative to training, certification and funding details of implementing the Program, with Acting Fire Chief Stone informing the Board that the Guam Community College would provide the initial EMT Course at a discounted rate of $700.84 per participant, with a total of $23,828.69 for thirty-four participants. The course amount includes course fees, books, supplies and materials, and eight (8) undergraduate credits. Recertification would be provided every two years by trainers at GFD. The initial start-up cost for supplies is $7,000.00.

Reference was made to the handout prepared by Acting Fire Chief Stone, which included shift schedule scenarios and salary costs in the event that the law changed to provide a 10% differential for EMT pay. Executive Manager Ada clarified that Management is not seeking a 10% differential in pay for Firefighters assigned to provide EMT services.

The Board inquired on the billing of medi-vac patients. Executive Manager Ada informed the Board that GFD currently does not bill by the hour when on standby with a patient, however this year, with the new implementation of the new rate schedule this fee is to be included. The patient will be billed, not the airline. Chairman Duenas suggested Management look into developing a billing rate, to bill for ARFF EMT services.

Director Gerber inquired on increases to personnel costs. The Executive Manager replied that there would be no additional personnel costs or overtime, adjustments would be made with personnel already on duty.

The Executive Manager informed the Board that the implementation of the Program would require revisions to ARFF personnel position descriptions. Legal Counsel added that the legal issues that come up with establishing the program would include changing the Airport's Enabling Statute. The law authorizing the operation of the ARFF unit at the Airport contains language in it that limits their responsibility to the air operations area which is not on the public side of the terminal. The Airport would need to go through a process of expanding the jurisdiction of ARFF. Additionally, the current job descriptions of ARFF personnel only includes basic emergency first aid care, which is what is required under the FAA, therefore steps would need to be taken to address the position descriptions to include the EMT certifications. Legal Counsel suggested that Management reach out to the legislature with regard to amending the statute.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 17-25

The Board hereby authorizes Management to take action necessary, including amending the Airport's enabling legislation, to enable the Airport to establish an Emergency Medical Technician (EMT) Program within ARFF Division.

3. PUBLIC COMMENTS

Chairman Duenas announced that Public Comments would be moved up on the agenda.

Mr. Antonio Sablan provided packets to the Board, referencing a Civil Case that he previously brought to the Board's attention on January 26, 2017, relative to the Notice of Levy on Real Property filed by GIAA in its civil case against Helene Anderson dba Visual Marketing Group. Mr. Sablan announced that he would like to follow up on the release of all liens against the property involved in the Civil Case in reference.

Chairman Duenas asked that Mr. Sablan leave the packets with the Board and Management, and further asked that Management and Legal Counsel schedule a time with Mr. Sablan to go over the documents provided in detail, and hopefully come to a proposed resolution to present to the Board. Mr. Sablan agreed. For the record, Chairman Duenas accepted Mr. Sablan's packet, and instructed Legal Counsel and Management to work with Mr. Sablan directly. The Chairman thanked Mr. Sablan.

4. EXECUTIVE SESSION

The next item on the agenda was Executive Session

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Vice Chairperson Sgro, and unanimously approved, the Board recessed to convene into Executive Session after the recess at 11:15 a.m.

Director Sobti, Director Camacho and Director Tolan did not participate in Executive Session due to previously stated conflicts of interest and were excused from the remainder of the Board meeting.

The Board convened into Executive Session at 12:24 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sgro, Gerber, and Alcorn, Executive Manager Ada, and Legal Counsel, Janalynn Cruz Damian. Also present was the court reporter who will prepare a transcript of the Executive Session.

Executive Session adjourned at 12:45 p.m., at which time the Board reconvened the regular session.

Chairman Duenas, Vice Chairperson Sgro, Director Gerber and Director Alcorn present in the conference room.

Chairman Duenas announced for the record that the Board was waiting for the arrival of the court reporter before convening Executive Session, which accounts for the lapse in time from the recess of regular session and the convening of executive session.

As a result of discussion during Executive Session, Chairman Duenas announced that there was a request for the Executive Manager to issue an RFP for legal services to address outstanding matters that have come up as part of the Specialty Retail litigation.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 17-26

The Board hereby authorizes Management to solicit Special Counsel to address matters that have come to light during the Specialty Retail litigation though not directly related to the protests.

5. ADJOURNMENT

Motion to adjourn duly made by Director Alcorn, seconded by Director Gerber; motion unanimously passed. The meeting was adjourned at 12:48 p.m.

Dated this 27th, day of April, 2017.

Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Vice Chairperson Sgro, seconded by Director Tolan; motion unanimously passed.

3. APPROVAL OF MINUTES

A. March 30, 2017 Regular Meeting
B. April 6, 2017 Reconvened Meeting

No corrections or changes were recommended. On motion duly made by Director Tolan, seconded by Vice Chairperson Sgro, the following resolution was unanimously passed:

Resolution No. 17-27

The Board hereby approves the minutes of the March 30, 2017 regular meeting and the minutes of the April 6, 2017 reconvened meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada had no correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Victor Cruz referred the Board to handouts regarding the current Airport projects and provided various updates to the Board.

i. FAA AIP Grant Projects - Undistributed Obligations (UDO)

- 2015 - Noise Mitigation Measures for Residences within 65 - 69 DNL: Kick-off meeting with consultant held April 10, 2017. Scope of work and deliverables discussed.
- 2016 - Install Perimeter Fencing required by 14 CFR 139: Environmental mitigation work underway. Estimated time of completion set for June 2017.
- 2016 - Safety Management System: Scope of work clarified and schedule provided April 21, 2017. Project set to commence May 1, 2017.
- 2016 - International Arrivals Corridor: Building permit issued. Pre-mobilization in progress. Anticipate project starting in May 2017.
- 2016 - ARFF Facility-Design: Design approved by FAA in March 2017. Design and specifications for demolition portion of project anticipated to be ready for bid by June 2017.

- 2016 - Terminal Apron Rehabilitation Design - Design: Pending FAA concurrence and approval to award contract. Anticipating contract execution in May 2017 once FAA approval is received.

ii. Bond Capital Improvement Projects

- Hold Bag Screening Relocation: Project is 98% complete as of March 31, 2017. The installation is at 95%. Fourth machine currently in operation. Existing machines in the lobby area have been removed. Estimated time of completion is late May 2017.

6. NEW BUSINESS

A. Approval of Award for Purchase and delivery of Compact Cargo Van and Small SUV Vehicles - IFB No. GIAA-005-FY17

At this time, Chairman Duenas announced that Calvo Fisher & Jacob, LLC law firm is recused from handling this matter, due to a conflict of interest. Conflicts Counsel, Tom Fisher of Fisher & Associates is present to answer any questions regarding the referenced IFB.

Executive Manager Ada provided background information to the Board on the referenced IFB. Five (5) firms/individuals purchased bid packages and three (3) firms submitted bids before the submission deadline. All three (3) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows in the order they were received and opened:

Bidder's Name	Item No. 1	Item No. 2
Guam Auto Spot	$86,676.00	$115,302.00
Triple J Ent., Inc.	$80,625.00	$89,850.00*
Cars Plus, LLC	$64,350.00	$101,853.00

*deemed to be a non responsive bid and rejected

Executive Manager Ada informed the Board that Cars Plus, LLC has been determined to have met the standards and responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that the contract awards be based on the following:

Item & Description	Awarded to:	Total Amount
Item 1: 2017 Small SUV Vehicle	Cars Plus, LLC	$64,350.00
Item 2: 2017 Compact Cargo Van	Cars Plus, LLC	$101,853.00
	Total Contract Award:	**$166,203.00**

Executive Manager Ada announced that the compact cargo vans and small SUV vehicles will primarily be used by Properties & Facilities division and Police K-9 units. Funding for this bid is available under the 2017 O&M Budget for Item No. 2., while Item No. 1 will be reimbursed through a TSA grant.

Chairman Duenas inquired on the non-responsive bidder. Mr. Franklin Taitano, Supply Management Administrator replied that the bid specifications required a 2017 model. In addition, the Airport confirmed in response to a potential bidder's question that only 2017 models will be accepted. The bid submittal in question was for a 2016 model, therefore the bidder was determined to be non-responsive.

After further discussion on motion duly made by Director Sobti, seconded by Director Gerber, the following resolution was unanimously passed:

Resolution No. 17-28

The Board hereby approves the contract award for Purchase and Delivery of Compact Cargo Van and Small SUV Vehicles - IFB No. GIAA-005-FY17, Items Nos. 1 and 2,to Cars Plus, LLC for a total contact amount of $166,203.00, subject to review by legal counsel.

B. PacAir Properties LLC Lessor's Consent to Mortgage and Estoppel Certificate

GIAA Legal Counsel informed the Board that her office is recused from handling this matter because of a conflict of interest.

Executive Manager Ada informed the Board that GIAA received a letter from PacAir Properties LLC (PacAir) informing the Airport that PacAir is currently coordinating the refinance of their existing financing package with First Hawaiian Bank (FHB) to support additional improvements to the facility to include: the expansion of parking capacity, enhanced signage and the repainting of the facility.

Executive Manager Ada provided a brief background for the Boards information stating that PacAir entered into a ground lease on October 31, 2006 to construct an Integrated Air Cargo Facility and has invested an estimated $27.6M into the facility.

Executive Manager Ada introduced Mr. Will Calori of PacAir Properties LLC, who was present to answer any questions regarding the improvements and or the refinancing. The Manager went on to direct the Board to Conflicts Counsel, Tom Fisher's letter, who has examined the referenced item, and has provided his legal opinion that GIAA may provide the requested consent and estoppel certificate. Discussion followed regarding the existing mortgage.

After further discussion on motion duly made by Director Sobti, seconded by Director Gerber, the following resolution was unanimously passed:

Resolution No. 17-29

The Board hereby approves PacAir Properties, LLC request for a Lessor's Consent to Mortgage and Estoppel Certificate, subject to review by legal counsel.

C. Ratification of Quarterly Travel

Executive Manager Ada presented the quarterly travel from January 2017 to March 2017 for ratification by the Board.

Executive Manager Ada at this time briefed the Board on his last trip to the CNMI to meet with Commonwealth Development Authority (CDA) in reference to the Freedom Air issue and moving forward with the lease of the space previously leased by Freedom Air. Executive Manager Ada informed the Board that CDA confirmed that it will release the liens on the aircraft.

Chairman Duenas inquired on the travel budget, and further went on to request for a report from Management listing anticipated travel for the upcoming quarter or six (6) months.

After further discussion, on motion duly made by Director Tolan, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 17-30

The Board hereby ratifies the FY 2017 2nd quarter travel report from January 2017 to March 2017 as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

Executive Manager Ada announced the discontinuation of flights provided by EVA Air, effective June 7, 2017. Executive Manager Ada informed the Board that the airline had previously announced that it would reduce the number of flights effective June 3, 2017. However on April 25, 2017, GIAA received correspondence from the Guam Manager of the closure of EVA Air's Guam office and the suspension of flights. Discussion followed as to the reasons, with Rolenda Faasuamalie informing the Board of corporate restructuring within the Airline.

Executive Manager Ada informed the Board of a DHS critical infrastructure assessment of the Airport facility, and briefed the Board on a product that the Airport will receive within thirty (30) days that is able to identify existing organizational resilience and provide analysis for improvement.

8. REPORT OF THE COMPTROLLER

Ms. Ann Bautista reported on the revenues and expenses of the Authority as of **March 31, 2017**. Ms. Bautista reported that year-to-date Total Signatory Revenues are above budgeted revenues by **4.1%**,year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-0.9%** and above budget by **6.3%**, respectively. Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Vice Chairperson Sgro, seconded by Director Sobti; motion unanimously passed.

3. APPROVAL OF MINUTES

A. May 25, 2017 Regular Meeting

No corrections or changes were recommended. On motion duly made by Vice Chairperson Sgro, seconded by Director Gerber, the following resolution was unanimously passed:

Resolution No. 17-32

The Board hereby approves the minutes of the May 25, 2017 regular meeting, subject to corrections.

4. CORRESPONDENCE

Deputy Executive Manager Martinez had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects

Mr. Frank Santos, Consultant, announced that as indicated at the last Board meeting, the Capital Improvement Projects (CIP) reports are being worked on with Accounting, consolidated and reformatted, therefore the status updates will be available at the next Board meeting. The Board had no objections.

6. NEW BUSINESS

A. Approval of Award for Airfield Pavement Contaminant Removal and Sweeper Services - IFB No. GIAA-006-FY17

Deputy Executive Manager Martinez provided background information to the Board on the referenced IFB. Eleven (11) firms/individuals purchased bid packages and only one (1) firm submitted a bid before the submission deadline. The one (1) firm was evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittal is as follows:

Hawaiian Rock Products:					
Item No.	Estimated Quantity for Work Order No. 1	Description	Unit Measure	Unit Price	Extended Price
1.a	195,534 Sq. Ft.	Contaminant removal	Square feet	$0.90	$175,980.60
1.b	-	Disposal of waste	Gallon	$0.02	-
Total Unit Price for Item 1 (a+b):				$0.92	-

Total Extended Price for Item 1.a.				-	$175,980.60
2.	-	Sweeper services	Square feet	$0.05	-
Total Unit Price for Item 2:				$0.05	-

Deputy Executive Manager Martinez informed the Board that Hawaiian Rock Products has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that the contract awards be based on the following:

The total contract award is for Item 1 (a+b) in the unit amount of $0.90per square foot for contaminant removal and $0.02 per gallon for disposal services, and for Item 2 in the unit amount of $0.05 per square foot for sweeper services. The firm's extended bid price for Item 1 (a) (Work Order No. 1) in the amount of $175, 980.00. Funding for this bid is available under the O & M Budget for FY2017.

Mr. Gerard Bautista, Air Terminal Manager, briefed the Board on the locations and process, stating that the rubber build-up was quite a concern and GIAA was only able to remove one (1) layer of build-up at a time, due to the process being so time consuming. With the new services, the process will be expedited and the hazardous waste will be disposed of in an environmentally safe manner.

Director Sobti inquired on the schedule for these services. Mr. Bautista replied that he is anticipating twice a year.

Director Gerber inquired as to the reason for only one (1) firm providing a bid. Mr. Bautista believed that it was the lack of understanding with regard to the pavement contaminants. Vice Chairperson Sgro inquired on the funds available for this project under the O & M budget. Legal counsel clarified that all services under the contract shall be by work orders that will be issued whenever the services are required, based on the unit prices contained in the bid.

Director Gerber inquired on the purchasing of equipment. Ms. Jean Arriola, Airport Services Manager, added that the contract terms would be one year with the option to extend, leaving that opportunity open. Mr. Frank Santos also added that the Airport's own equipment is currently providing the sweeping services to the runway, however both machines are down, the contract would eliminate purchasing, operating and maintenance.

After further discussion, on motion duly made by Director Sobti, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 17-33

The Board hereby approves the contract award for Airfield Pavement Contaminant Removal and Sweeper Services - IFB No. GIAA-006-FY17 to Hawaiian Rock Products, Item 1 (a+b) in the unit amount of $0.90 per square foot for contaminant removal and $0.02 per gallon for disposal

services, and for Item 2 in the unit amount of $0.05 per square foot for sweeper services, subject to review by legal counsel.

B. Approval of Award for Creative Design, Production, and Passenger and Customer Service Programs - RFP No. GIAA-005-FY17

Deputy Executive Manager Martinez provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of seventeen (17) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the four (4) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer C
2. Proposer D
3. Proposer A
4. Proposer B

Management recommends the approval of the ranking results and the contract award to Proposers C and D, the highest ranked proposers, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

The Chairman inquired on the services. Ms. Rolenda Faasuamalie, Airport Marketing Administrator, replied that the creative services fall under the Marketing division, and business prospectus and corporate profile development, videography and graphic support, and for customer service programs, there are plans to do surveys at passenger touch points to evaluate performance and find ways to increase passenger satisfaction.

Vice Chairperson Sgro asked if any of these programs are related to the International Arrivals Corridor project. Ms. Faasuamalie replied that signage for the International Arrivals Corridor project will be included. Vice Chairperson Sgro went on to inquire if there was an established budget. Ms. Faasuamalie informed the Board that a budget was submitted as part of the O & M budget for FY2017. Ms. Jean Arriola added that the contract includes approximately 7-8 service areas, and work will be assigned on a task order basis. Yearly recurring tasks include GIAA's Annual Report, GIAA Website and other collateral materials. The annual budget is about $250,000.00 - $300,000.00. The Deputy Executive Manager informed the Board that the contract is for a period of three (3) years with two (2) one (1) year options to renew.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 17-34

The Board hereby approves the ranking results as presented and the contract award to Proposers C & D for Creative Design, Production, and Passenger and Customer Service Programs - RFP No. GIAA-005-FY17, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Deputy Executive Manager Martinez informed the Board that Proposer 'C' is Big Fish Creative and Proposer 'D' is Ruder Integrated Marketing Strategies.

C. Approval of Award for Construction Management Services for GIAA Aircraft Rescue & Fire Fighting (ARFF) Facility Construction - RFP No. GIAA-006-FY17

Deputy Executive Manager Martinez provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of twenty-three (23) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the seven (7) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer G
2. Proposer E
3. Proposer F
4. Proposer A
5. Proposer D
6. Proposer B
7. Proposer C

Management recommends the approval of the ranking results and the contract award to Proposer G, the highest ranked proposer, subject to negotiation of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter into negotiations with the next highest ranked proposer.

After further discussion, on motion duly made by Director Gerber, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 17-35

The Board hereby approves the ranking results as presented and the contract award to Proposer G for Construction Management Services for GIAA Aircraft Rescue & Fire Fighting (ARFF) Facility Construction - RFP No. GIAA-006-FY17, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Deputy Executive Manager Martinez informed the Board that Proposer 'G' is Lyon Associates, Inc.

D. Approval of Board Resolution No. 17-36: Agreement for Legal Services

Director Sobti and Director Gerber chose not to participate in the discussion on the referenced extension to Legal Services Agreement because of conflict of interest with Torres Law Group.

Due to the lack of a quorum to vote on the matter, Chairman Duenas announced that this item would be tabled until the next Board meeting.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

8. REPORT OF THE COMPTROLLER

Ms. Ann Bautista reported on the revenues and expenses of the Authority as of **May 31, 2017.** Ms. Bautista reported that year-to-date Total Signatory Revenues are above budgeted revenues by **4.5%**,year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-0.6%** and above budget by **6.2%**, respectively. 9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Sobti, seconded by Vice Chairperson Sgro, and unanimously approved, the Board recessed to convene into Executive Session after the recess at 3:42 p.m.

The Board convened into Executive Session at 3:48 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sgro, Sobti and Gerber, Deputy Executive Manager Martinez, and Legal Counsel, Janalynn Cruz Damian. Also present was the court reporter who will prepare a transcript of the Executive Session.

Executive Session adjourned at 4:11 p.m., at which time the Board reconvened the regular session.

At this time Chairman Duenas announced that relative to the civil lawsuit brought on by Mr. Joshua Mesa against the Airport and GIAA Police Officer Vincent Castro, the Board requests that Legal Counsel work with Management on all issues relating to that lawsuit.

After further discussion, on motion duly made by Director Gerber, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 17-36

The Board hereby directs and authorizes Legal Counsel to work with GIAA Management on all issues relating to the civil lawsuit brought on by Mr. Joshua Mesa versus the Airport and GIAA Police Officer Vincent Castro.

Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Tolan, seconded by Director Gerber; motion unanimously passed.

3. APPROVAL OF MINUTES

A. July 6, 2017 Regular Meeting

No corrections or changes were recommended. On motion duly made by Director Alcorn, seconded by Director Sobti, the following resolution was unanimously passed:

Resolution No. 17-37

The Board hereby approves the minutes of the July 6, 2017 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, announced that the CIP reports include three (3) schedules, which he will give a brief summary for each.

I. Airport Capital Improvement Plan ("ACIP")

Mr. Santos informed the Board that the ACIP covers fiscal years 2018 - 2020.

- Concourse Isolation with Seismic Upgrades: Two (2) years of entitlements up to 2020.

II. Capital Improvement Projects for Fiscal Year 2018

Mr. Santos referred the Board to the 2nd schedule and informed them that it covers projects for fiscal year 2018.

- Budget meetings with airlines held earlier this week, where the CIP was introduced.
- Expand Security Screening Checkpoint: Expand checkpoint with two (2) additional screening lanes in the amount of $1.6M. Majority of the airlines approved the intention to deduct the amount of $1.6M from Other Available

Monies (airline credit from Airport Net Revenues at the end of the fiscal year) which is estimated at $3M.

III. Capital Improvement Projects for Fiscal Years Through 2017

Mr. Santos referred the Board to the 3rd schedule and informed them that it includes Bond projects, FAA grants and Capital Improvement Fund projects. All projects listed have funding sources. Projects not listed have been deferred and will be addressed at a later time with the Board.

- International Arrivals Corridor with Building Seismic Upgrades: Total project cost $110M, with a balance of $92M to be paid.

6. NEW BUSINESS

A. Approval of FAA Grant Agreement AIP Project No. 3-66-0001-100-2017 - Modify Terminal Building Sterile Arrival Corridors - Construction - $4,450,500.00

The first matter discussed was the FAA Grant Agreement for the following: Modify Terminal Building Sterile Arrival Corridors - Construction project in the amount of $4,450,500.00. Executive Manager Ada informed the Board that the deadline to accept the grant is August 30, 2017.

**Vice Chairperson Sgro arrived at the Board meeting.*

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 17-38

The Board hereby approves the acceptance of the FAA Grant Agreement AIP Project No. 3-66-0001-100-2017 - Modify Terminal Building Sterile Arrival Corridors - Construction in the amount of $4,450,500.00, and the conditions associated with the grant agreement.

B. Approval of Award for GIAA Aircraft Rescue Fire Fighting (ARFF) Facility Phase I - Demolition, Remediation and Site Preparation - IFB No. GIAA -C02-FY17

Executive Manager Ada provided background information to the Board on the referenced IFB. Eleven (11) firms/individuals purchased bid packages and five (5) firms submitted bids before the submission deadline. The five (5) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows:

Bidder's Name	Amount
Primo's Heavy Equipment	$1,280,000.00
Korando Corporation	**$469,000.00**
Ian Corporation	$666,077.15
Maeda Pacific Corp.	$989,100.00
BME & Sons Inc.	$1,618,088.00

Executive Manager Ada informed the Board that Korando Corporation has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed the lowest responsible, responsive bidder. Therefore, it is recommended that Korando Corporation be awarded the contract in the amount of $469,000.00 for the referenced IFB.

Executive Manager Ada announced that the lowest responsive, responsible total bid amount received is 67% below the government estimate of $1,400,000.00. Korando Corporation, in a letter dated July 26, 2017 has confirmed its bid price of $469,000.00 and its ability to complete the project in 120 calendar days after the firm has received the notice to proceed. Executive Manager Ada added that the funding for this project is available under AIP grant funds. Management intends to reprogram the excess funds back in to the construction portion of the facility.

After further discussion, on motion duly made by Director Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 17-39

The Board hereby approves the contract award for GIAA Aircraft Rescue Fire Fighting (ARFF) Facility Phase I - Demolition, Remediation and Site Preparation - IFB No. GIAA -C02-FY17 in the amount of $469,000.00 to Korando Corporation, subject to review by legal counsel.

D. Approval of Board Resolution No. 17-40: Agreement for Legal Services

The next item discussed was the extension of the Agreement for Legal Services with Torres Law Group, conflicts counsel. Legal counsel, Janalynn Damian informed the Board that the one (1) year extension would be the second of four options to extend.

Director Sobti and Director Gerber did not participate in the discussion or vote on the referenced extension to Legal Services Agreement because of conflict of interest with Torres Law Group.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 17-40

WHEREAS, an Agreement for Legal Services - Conflicts Counsel was entered into on August 1, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Torres Law Group ("Torres") (the "Torres Agreement"); and

WHEREAS, the Torres Agreement provides for a term of one year commencing on August 1, 2015, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, on June 9, 2016, by Resolution No. 16-38, the Board of Directors approved the extension of the Torres Agreement for an additional one year period (1st Option) commencing on August 1, 2016, and expiring on July 31, 2017, under the same terms and conditions as set forth in the Torres Agreement; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of Torres and that it is in the best interests of GIAA to extend the term of the Torres Agreement for an additional one year period commencing on August 1, 2017, under the same terms and conditions as set forth in the Torres Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the Torres Agreement for an additional one year period commencing on August 1, 2017 and expiring on July 31, 2018, under the same terms and conditions as set forth in the Torres Agreement.

6. NEW BUSINESS

A. Approval of FY18 Insurance Renewal Program

AM Insurance ("AM") representative Ms. Ann Marie Muna presented the insurance quotes for FY2018. Nine (9) major insurance carriers were approached, with four (3) carriers responding with submittals.

The insurance program includes six (6) policies: Property Insurance with Catastrophe; Airport Operators Liability; Directors and Officers Liability; Workman's Compensation, Automobile Insurance; and Crime Insurance. Quotes are as follows:

Policy	Firm with Lowest Offered Premium	Amount
Property	Calvo's	$285,000.00
Airport Operators Liability	Calvo's	$131,580.00
Directors & Officers Liability	Calvo's	$45,000.00
Workman's Compensation	Moylan's	$39,512.00
Automobile Insurance	Moylan's	$38,496.00
Crime Insurance	Calvo's	$6,000.00
	TOTAL :	**$545,588.00**

The total premium costs for all coverage including catastrophic perils for FY2018 is $545,588.00. This represents a savings of $91,271.00 compared to FY2017 premium cost of $636,859.00. Management recommends that the Board approve the FY2018 insurance program as presented.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 17-47

The Board hereby approves the FY2018 Insurance Renewal Program, in the total amount of $545,588.00 as follows:

Policy	Firm with Lowest Offered Premium	Amount
Property	Calvo's	$285,000.00
Airport Operators Liability	Calvo's	$131,580.00

Directors & Officers Liability	Calvo's	$45,000.00
Workman's Compensation	Moylan's	$39,512.00
Automobile Insurance	Moylan's	$38,496.00
Crime Insurance	Calvo's	$6,000.00
	TOTAL :	**$545,588.00**

B. Approval of Air Seoul's Request for Signatory Airline Status

Executive Manager Ada announced that Air Seoul is requesting signatory airline status. Air Seoul is a South Korean low-cost carrier and a subsidiary of Asiana Airlines. The airline is based at Incheon International Airport in Seoul. It launched operations on July 11, 2016 and is committed to bringing the same low-fare and high quality service to Guam.

Air Seoul has committed to six (6) weekly routes from Seoul to Guam and Guam to Seoul commencing on September 12, 2017. Air Seoul's inaugural flight to Guam was September 13, 2017.

After further discussion, on motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 17-48

The Board hereby approves Air Seoul's request for signatory airline status, effective September 13, 2017.

C. Ratification of Grant Agreement AIP Project No. 3-66-0001-101-2017 - Construct Aircraft Rescue & Fire Fighting Building - Phase II

The Executive Manager informed the Board that on September 8, 2017 the grant offer was received for the construction of the Aircraft Rescue & Fire Fighting Building - Phase II in the amount of $3.5M.

After further discussion, on motion duly made by Director Tolan, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 17-49

The Board hereby ratifies Management's acceptance of the FAA Grant Agreement AIP Project No. 3-66-0001-101-2017 - Construct Aircraft Rescue & Fire Fighting Building - Phase II.

D. Ratification of Grant Agreement AIP Project No. 3-66-0001-102-2017 - Rehabilitate Terminal Apron - Design Phase II

The Executive Manager was pleased to announce that the grant offer was received on September 8, 2017 for the second design phase of the Rehabilitate Terminal Apron project in the amount of $1M.

After further discussion, on motion duly made by Director Sobti, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 17-50

The Board hereby ratifies Management's acceptance of the FAA Grant Agreement AIP Project No. 3-66-0001-102-2017 - Rehabilitate Terminal Apron - Design Phase II.

The Executive Manager announced that the grant offer was received on September 8, 2017 for the design phase of the Rehabilitate Terminal Apron project in the amount of $750,000.00.

After further discussion, on motion duly made by Director Tolan, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 17-51

The Board hereby ratifies Management's acceptance of the FAA Grant Agreement AIP Project No. 3-66-0001-103-2017 - Rehabilitate Runway 6L - Design.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

Discussion ensued relative to the discontinuation of flights from Narita provided by Delta Airlines, which is effective January 2018.The Executive Manager informed the Board of discussions with the Governor's Office on plans to recapture the loss of those seats and ways to insure current operators maintain flight activity. Management will be working to come up with an incentive program to attract low-cost carriers, and will present this to the Board upon completion of the program.

At this time, Chairman Duenas offered his condolences to the family of Airport employee, Mr. Frank Salas of the Properties & Facilities division.

Mr. Gerard Bautista briefed the Board on the crash of a small aircraft owned by Sky Dive Aviation on September 25, 2017. A fire in the cockpit is what prompted the pilot to attempt to land the plane within Airport property. Of the three (3) passengers on board, two (2) were transported to the hospital, and there were no fatalities. Mr. Bautista informed the Board that the emergency response went smoothly and that the Airport's perimeter fence contained the

crash and prevented onlookers from penetrating the site.

Janalynn C. Damian, Esq.	GIAA Legal Counsel
Frank R. Santos	GIAA Consultant

Vice Chairperson Sgro welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Camacho, seconded by Director Sobti; motion unanimously passed.

3. APPROVAL OF MINUTES

A. September 26, 2017 Regular Meeting

No corrections or changes were recommended. On motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution No. 18-01

The Board hereby approves the minutes of the September 26, 2017 regular meeting, subject to corrections.

4. CORRESPONDENCE

Deputy Executive Manager Martinez had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2017.

- International Arrivals Corridor with Building Seismic Upgrades: Sources of funding now raised to $119M.
- ARFF Facility-Design/Construction Phase I: Additional funding located, currently at $5.4M
- Apron Rehabilitation - Design: Currently at $2M
- Rehabilitation Runway 6L - Design: RFP expected to be issued by mid November.

6. NEW BUSINESS

A. Approval of Award for Purchase and Delivery of Runway Continuous Friction Measuring Equipment (CFME) - IFB No. GIAA-007-FY17

Deputy Executive Manager Martinez provided background information to the Board on the referenced IFB. Ten (10) firms/individuals purchased bid packages and only one (1) firm submitted a bid before the submission deadline. The one (1) firm was evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittal is as follows:

Bidder's Name	Item No. 1	w/Preventive Maintenance Plan (5) years
Morrico Equipment LLC	$101,625.00	$12,600.00

Deputy Executive Manager Martinez informed the Board that Morrico Equipment LLC has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that the contract awards be based on the following:

Item & Description	Awarded to:	Total Amount
Item 1: Runway Friction Testing Trailer	Morrico Equipment LLC	$101,625.00
with Preventive Maintenance Plan (5) Years		$12,600.00
	Total Contract Award:	**$114,225.00**

Mr. Gerard Bautista explained to the Board that the equipment tests the friction of the pavement and is able to determine whether rubber removal or contaminant removal is required for the runway. Delivery for the equipment is estimated at ninety (90) days. Employees from a number of divisions including Engineering, MIS and Properties & Facilities will be trained on the maintenance and operation of the machinery. Included in the contract is a five (5) year preventive maintenance plan. Mr. Frank Santos clarified that the funding for this IFB is under the Capital Improvement Program, and is listed under the project updates.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-02

The Board hereby approves the contract award for Purchase and Delivery of Runway Continuous Friction Measuring Equipment (CFME) - IFB No. GIAA-007-FY17 to Morrico Equipment LLC for a total contract amount of $114,225.00, subject to review by legal counsel.

B. Approval of Board Resolution No. 18-03: Agreement for Legal Services

The second item discussed was the extension of the Agreement for legal services with Fisher & Associates. The extension would be the second of four (4) options to extend.

After further discussion, on motion duly made by Director Camacho, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-03

WHEREAS, an Agreement for Legal Services – Conflicts Counsel (the "Conflicts Counsel Agreement") was entered into effective as of December 1, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Fisher & Associates; and

WHEREAS, the Conflicts Counsel Agreement provides for a term of one (1) year with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, on October 27, 2016, by Resolution No. 17-05, the Board of Directors approved the extension of the Conflicts Counsel Agreement for an additional one year period (1st Option) commencing on December 1, 2016, and expiring on November 30, 2017, under the same terms and conditions as set forth in the Conflicts Counsel Agreement; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of conflicts legal counsel and that it is in the best interests of GIAA to extend the term of the Conflicts Counsel Agreement for an additional one (1) year period commencing on December 1, 2017, under the same terms and conditions as set forth in the Conflicts Counsel Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the Conflicts Counsel Agreement for an additional one (1) year period commencing on December 1, 2017, under the same terms and conditions as set forth in the Conflicts Counsel Agreement.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

Vice Chairperson Sgro commended Management and employees on the perfect 100% score for its annual certification inspection conducted September 25 – 29, 2017. The inspection revealed that the airport is operated in full compliance with 14 U.S. Code of Federal Regulations (CFR) Part 139, the Airport Certification Manual, and the Airport Operating Certificate.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **September 30, 2017**. Mr. Rios reported that year-to-date Total Signatory Revenues are above budgeted revenues by **2.7%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-0.5%** and above budget by **1.4%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **24.0%**. Year-to-date Total Operating Revenues Actual of **$77.4M** is **6.3%** above the budget estimate of **$72.7M**. Year-to-date Total Operating Expenses are above budget by **1.5%**.

Components of this line item include a **1.0%** increase in Personnel Service, a **5.6%** increase in Contractual Services, a **-37.4%** decrease in Materials & Supplies and a **1.3%** increase in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$32.3M** reflects an increase of **14.0%** over the year-to-date budgeted amount of **$28.3M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.54** versus the requirement of **1.25.**

Vice Chairperson Sgro inquired if the Comptroller foresees any changes in numbers due to the economies downturn. The Comptroller explained that there is a projected drop in enplaned passengers, however factors such as Air Seoul projecting 60,000 passengers for FY2018 evens out the numbers.

9. EXECUTIVE SESSION

Vice Chairperson Sgro announced that there would be no Executive Session.

10. PUBLIC COMMENTS

There were no Public Comments.

11. ADJOURNMENT

Motion to adjourn duly made by Director Camacho, seconded by Director Tolan; motion unanimously passed. The meeting adjourned at 3:37 p.m.

Rolenda Faasuamalie	Airport Marketing Administrator
Joseph Javellana	Program Coordinator IV
Janalynn C. Damian, Esq.	GIAA Legal Counsel
Frank R. Santos	GIAA Consultant

Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Tolan, seconded by Director Gerber; motion unanimously passed.

3. APPROVAL OF MINUTES

A. October 26, 2017 Regular Meeting

Director Tolan informed the Board of a correction on page one – the reference to Chairman Duenas should be changed to Vice Chairperson Sgro. On motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 18-04

The Board hereby approves the minutes of the October 26, 2017 regular meeting, subject to corrections.

4. CORRESPONDENCE

Deputy Executive Manager Martinez had no correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2017.

- Acquire ARFF Truck/RIV - Pk 2: Soon to be closed out.
- International Arrivals Corridor with Building Seismic Upgrades: First shipment of steel is on-island and installation will start next week.
- Rehabilitation Runway 6L - Design: Nine proposals received. Proposals to be evaluated and brought to the Board for approval.

6. NEW BUSINESS

A. Finance Committee Report

Mr. Frank Santos informed the Board that the finance committee report consists of three items.

The first matter discussed is Japan Air Service Incentives. Mr. Santos went on to explain that the incentives are directed at Japan routes only due to the declining traffic and the discontinuation of flights with Delta Airline and reduction of flights with United Airlines. Mr. Santos explained the two proposed incentives

The first incentive is a 10% reduction/rebate on all operational rates and charges for existing Japan routes, to include landing and arrival fees and loading bridge fees. The objective is to stop airlines from reducing service to Japan any further. Cost per emplaned passenger will be discounted by $1.68. This incentive will take effect February 1, 2018, for one (1) year, and apply only to Japan destinations. Mr. Santos informed the Board that the impact that the incentives will have on the fiscal year 2018 budget is approximately $600,000.00, and that Management will work with the Comptroller to find those funds within the current budget. For fiscal year 2019, the cost of the incentives will be incorporated into the budget formulation.

The second incentive is a 50% discount/rebate on operational rates and charges for all new routes out of Japan. This incentive will also take effect February 1, 2018 and is non-recurring. All of the revenue from the new flights would in turn pay for the incentive, therefore this incentive has no impact on GIAA's budget.

Mr. Santos informed the Board of interest expressed by a carrier and once these incentives are approved by the Board, the carrier will officially be advised. He also added that the incentives are based on 100% occupancy, that if a carrier is flying at 80% - 90% occupancy the discount will go down, this will give the airlines incentive to actually fill up the aircraft.

Chairman Duenas for the record announced the arrival of Vice Chairperson Sgro.

After further discussion, on motion duly made by Director Tolan, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 18-05

The Board hereby approves the Japan Only Incentives as presented, subject to review by legal counsel.

The second matter discussed under the finance committee report was a request from the Department of Public Works (DPW) and the Attorney General's Office (AGO) for GIAA to be a joint party in the condemnation of Lot 2088 to be later used in the Tiyan Parkway Phase II. All lots are to be acquired by DPW, a number of lots, to include Lot 2088, are of value to the Airport and programmed to be acquired by GIAA, once acquired by Gov Guam. Being that GIAA is able to obtain the remnant portion of Lot 2088, joint action for condemnation is requested by DPA and the AGO. The value of GIAA's interest in Lot 2088 is estimated at $87,296.00. Management is requesting that the Board authorize Management to proceed with a joint condemnation with the government of Guam for Lot No. 2088, and to appropriate $87,296.00 plus 10% or $96,026.00 for miscellaneous expenses such as legal and additional appraisal costs.

Director Gerber inquired on the title for Lot 2088. Mr. Santos informed the Board that after condemnation, the title of 4,400 square meters will be under the Authority.

Vice Chairperson Sgro inquired on the location of Lot 2088. Mr. Santos informed the Board that the lot is located where the former Guam Housing office used to be. Discussion ensued.

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 18-06

The Board hereby authorizes Management to proceed with the condemnation of Lot 2088 jointly with DPW. The Board further appropriates $96,026.00 for the acquisition and related expenses for Lot 2088.

The third matter discussed under the finance committee report was the investment for debt service funds.

Presently GIAA contributes $1.8M into the debt service twice a year, and the interest rate on returns is only 0.25%. Management is proposing that the Authority enter into an Investment Agreement on an approved yield of 1.5% - 1.7% for a predetermined amount of time, which Management is recommending five (5) years. Mr. Santos informed the Board the GIAA's Business and Financial Consultant, TMG will facilitate the process through a third party firm. He clarified that the debt service funds will be from GIAA's revenue sources, not bond funds, which is restricted. The investment concept still conforms to GIAA's Bond Indenture, and money will be set aside for a Bond Counsel.

Director Gerber inquired on the risk to the Airport. Mr. Santos advised the Board that once GIAA enters the fixed purchase agreement the money will be tied up for five (5) years, he assured the Board that there will be no loss in liquidity. Discussion followed on details of the process.

After further discussion, on motion duly made by Director Sobti, seconded by Director Sgro, the following resolution was unanimously approved:

Resolution No. 18-07

The Board hereby authorizes Management to enter into a fixed purchase agreement for investment of GIAA's debt service fund for a period of five (5) years, subject to review by legal counsel.

B. Ratification of Quarterly Travel

Deputy Executive Manager Martinez presented the quarterly travel for July to September 2017 for ratification by the Board.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 18-08

The Board hereby ratifies the FY2017 4th quarter travel report from July 2017 to September 2017 as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

8. REPORT OF THE COMPTROLLER

Ms. Ann Bautista reported on the revenues and expenses of the Authority as of **October 31, 2017**. Ms. Bautista reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-3.4%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-1.9%** and **-36.4%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **21.0%**. Year-to-date Total Operating Revenues Actual of **$6.0M** is **-0.9%**below the budget estimate of **$6.1M**. Year-to-date Total Operating Expenses are below budget by **-18.6%**. Components of this line item include a **-32.7%** decrease in Personnel Service, a **-2.9%** decrease in Contractual Services, a**-37.4%** decrease in Materials & Supplies and a **-100.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$2.5M** reflects an increase of **44.5%** over the year-to-date budgeted amount of **$1.7M**. Ms. Bautista reported that the year-to-date Debt Service Coverage is at **1.30** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

At this time Chairman Duenas announced that in order for Legal Counsel to give a more complete report, Executive Session will be tabled, and the Board will recess the Regular Board meeting and reconvene on Friday, December 1, 2017 at 10:30 a.m.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-09

The November 30, 2017 Regular Meeting of the Board of Directors of GIAA is hereby adjourned, and will reconvene on Friday, December 1, 2017 at 10:30 a.m. at the GIAA Conference Room 355 Chalan Pasaheru, Tamuning, Guam, 96913.

Victor Cruz	Engineering Supervisor
Ann Bautista	General Accounting Supervisor
Rolenda Faasuamalie	Airport Marketing Administrator
Joseph Javellana	Program Coordinator IV
Janalynn C. Damian, Esq.	GIAA Legal Counsel
Frank R. Santos	GIAA Consultant

Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Vice Chairperson Sgro, seconded by Director Sobti; motion unanimously passed.

3. APPROVAL OF MINUTES

A. November 30, 2017 Regular Meeting
B. December 1, 2017 Reconvened Meeting

No corrections or changes recommended. On motion duly made by Vice Chairperson Sgro, seconded by Director Gerber, the following resolution was unanimously passed:

Resolution No. 18-11

The Board hereby approves the minutes of the November 30, 2017 regular meeting and December 1, 2017 reconvened meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada informed the Board that correspondence was received from various media outlets in regard to an incident involving a GIAA employee, the individual is currently on administrative leave until further notice.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2017.

- International Arrivals Corridor with Building Seismic Upgrades: Project is proceeding. There is significant progress, and this would be a great time to schedule a project tour for the Board members. The walkway from Gates 4 and 5 to the pod is underway and the United Clubroom will be completed by March 2018.
- Safety Management System: GIAA met with the Consultants for the Safety Management System project. Manual completion is anticipated for March of 2018. FAA is satisfied with project to date.
- ARFF Facility - Design/Construction Phase 1/2: A delay with the building permits because of SHPO clearances. Anticipated to proceed in January 2018.
- Parking Expansion: Bid went out for renovation of the Accounting office. Demolition of the existing accounting office is necessary to prepare the site for the parking project.
- Rehabilitation Runway 6L/24R –Design – RFP to be awarded.

6. NEW BUSINESS

A. Approval of Award for Risk Management & Insurance Consulting Services - RFP No. GIAA-01A-FY18

Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of five (5) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the one (1) proposal that was submitted before the established deadline. The proposal was evaluated on a point system assigned for each criteria identified in the RFP package. As the sole ranked proposer, Management recommends the approval of the ranking results and the contract award to Proposer A, the highest ranked proposer, subject to negotiations of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will re-solicit the services.

The Executive Manager informed the Board that the contract term is three (3) years with two (2), one-year options to renew, for a total contract term of five (5) years. The Agreement will be funded under the O&M budget.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-12

The Board hereby approves the ranking results as presented and the contract award to Proposer A for Risk Management & Insurance Consulting Services - RFP No. GIAA-01A-FY18, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Executive Manager Ada informed the Board that Proposer A is Bolton & Company.

B. Approval of Award for Architectural/Engineering Services to Rehabilitate Runway 6L-24R - RFP No. RFP-002-FY18

Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of thirty-three (33) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the nine (9) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer C
2. Proposer A

3. Proposer G
4. Proposer E
5. Proposer D
6. Proposer I
7. Proposer B
8. Proposer F
9. Proposer H

Management recommends the approval of the ranking results and the contract award to Proposer C, the highest ranked proposer, subject to negotiation of fair and reasonable fees. In the event that the negotiations prove unsuccessful, GIAA Management will enter negotiations with the next highest ranked proposer.

The Executive Manager informed the Board that the term of the contract shall be for a period of five (5) years. The Agreement will be funded under the AIP program.

Vice Chairperson Sgro inquired on a budget for the project. Mr. Santos informed the Board that $833,334.00 has been funded by FAA AIP funds .

After further discussion, on motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 18-13

The Board hereby approves the ranking results as presented and the contract award to Proposer C for Architectural/Engineering Services to Rehabilitate Runway 6L-24R - RFP No. RFP-002-FY18, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Executive Manager Ada informed the Board that Proposer 'C' is HTD Pacific Incorporated.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **November 30, 2017**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-4.0%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-0.7%** and **-26.2%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **32.7%**. Year-to-date Total Operating Revenues Actual of **$12.7M** is **2.6%** above the budget estimate of **$12.4M**. Year-to-date Total Operating Expenses are below budget by **-10.5%**. Motion to approve the agenda as presented duly made by Director Tolan, seconded by Director Gerber; motion unanimously passed.

3. APPROVAL OF MINUTES

A. December 28, 2017 Regular Meeting

No corrections or changes recommended. On motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 18-14

The Board hereby approves the minutes of the December 28, 2017 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2017.

- International Arrivals Corridor with Building Seismic Upgrades: There is significant progress, and this would be a great time to schedule a project tour for the Board members.
- Parking Expansion: To be further explained and discussed at future Board meeting is the relocation of the accounting department from the space to be used for the parking expansion. Once the accounting department is relocated there will be another bid for the demolition of the building. The bid package for the parking deck has not been compiled at this time. Mr. Santos provided details on the location of the parking deck.

6. NEW BUSINESS

A. Approval of Award for Airport Terminal Office Renovation - IFB No. GIAA-C01-FY18

Executive Manager Ada provided background information to the Board on the referenced IFB. Fourteen (14) firms/individuals purchased bid packages and two (2) firms submitted a bid

before the submission deadline. The two (2) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittals are as follows:

Bidder/Firm's Name	Amount
Clayarch Inc.	$312,000.00
BME & Sons	$283,938.93

Executive Manager Ada informed the Board that BME & Sons has been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations and has been deemed as the lowest responsible, responsive bidder. Therefore, it is recommended that BME & Sons be awarded the contract in the amount of $283,938.93 for the referenced project.

The renovation includes the relocation of the accounting department to the ground floor of the terminal. Funding for this project is under the CIP fund.

After further discussion, on motion duly made by Director Gerber, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 18-15

The Board hereby approves the contract award for Airport Terminal Office Renovation - IFB No. GIAA-C01-FY18 to BME & Sons for a total contract amount of $283,938.93, subject to review by legal counsel.

B. Storage and Fuel Through-Put Rate Adjustment

Executive Manager Ada provided a brief background on the Fuel System, stating that Supreme Group Guam LLC ("Supreme") has maintained and operated the Fuel System on behalf of GIAA since 2013. Concerns have been raised by Supreme on the revenue shortfall as they are unable to generate revenues sufficient to cover operational and maintenance (O&M) costs as anticipated under the agreement. Reasons for the shortfall include: CAPEX projects for the fuel system normally funded by GIAA are now funded on GIAA's behalf; and revenue loss due to reduced refueling volumes compared to the original budget forecast. To meet their operating expenditures, an estimated monthly volume of four (4) million gallons was anticipated.

At the Signatory Airline Meeting held on January 5, 2018, the proposed adjustment to the sliding scale was discussed without any objections from the carriers. Executive Manager Ada added that the adjustment to the Sliding Scale will be implemented by Supreme, effective October 1, 2017, providing sufficient financial coverage for O&M costs and anticipated capital projects at a reasonable rate of return to Supreme. A listing of CAPEX projects from 2016 and moving forward was provided for the Board's information.

Executive Manager Ada informed the Board that prior to the contract with Supreme, GIAA was contracting the previous operator on a month to month basis, and added that the long term partnership with Supreme has seen great improvements, with an increased capacity of operational storage tanks from two (2) to three (3) currently.

Chairman Duenas inquired on the length of the contract with Supreme. Executive Manager Ada replied five (5) years, at which time the contract may be renewed for an additional five (5) years. Chairman Duenas inquired if the CAPEX projects were included in the original contract and if so was the basis of Supreme's bid submission. Executive Manager Ada replied yes, the projects were included. Mr. Santos added that the CAPEX expenditures were previously funded by GIAA from the Authority's Capital Project funding (CIF), due to funding now being directed to the 3rd floor isolation project. These projects will now be funded by Supreme through the Airlines' rates and charges. Discussion followed relative to the factors for the reduction in refueling volume.

Director Gerber inquired on Legal's review on the referenced item. Legal Counsel informed the Board that there is a clause within the contract that allows for adjustment. Mr. Santos added that further adjustments may be made at the time of reviewing Supreme's annual operating budget.

After further discussion, on motion duly made by Vice Chairperson, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 18-16

The Board hereby approves the adjustment to the Sliding Scale to be implemented by Supreme, effective October 1, 2017 as presented, subject to further adjustment and review by legal counsel.

C. Social Media Policy

Executive Manager Ada provided the Board with a draft Social Media Policy, requesting for the Board's input as it is being developed with legal counsel. Executive Manager Ada informed the Board that with GIAA's media campaign launching soon it is extremely important that the Authority have a very sound social media policy.

Vice Chairperson Sgro agreed that it is necessary to have such a policy. Ms. Jean Arriola expressed her concern of GIAA already being heavily involved in social media. It would be wise for the Board to take a look at the draft policy and provide direction.

Legal Counsel added that the language contained in the policy is brief and condensed and includes disclaimers and messages to the public to include: The Airport's social media accounts shall be maintained and monitored by certain individuals authorized by Executive Manager Ada, and these account administrators are the only individuals authorized to post information on

behalf of the Airport, information posted on the Airport's social media accounts regarding commercial products or services does not constitute the Airport's endorsement of such products and services, posting of communications/messages on the Airport's social media accounts does not constitute an official communication to the Airport, among other important disclaimers. Discussion followed relative to details of the policy.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 18-17

The Board hereby approves the draft Social Media Policy, subject to further review by Management and legal counsel and further authorizes Management to implement the Policy once finalized.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada. There was discussion on the incentive program proposal to attract more flights/routes to Guam. The Board will review the proposal and consider it at the next board meeting.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **December 31, 2017**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-3.8%**, year-to-date Total Concession Revenues and Passenger Facility Charges are above and below budget by **1.1%** and **-17.5%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **36.4%**. Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Vice Chairperson Sgro, seconded by Director Gerber; motion unanimously passed.

3. APPROVAL OF MINUTES

A. January 25, 2018 Regular Meeting

No corrections or changes recommended. On motion duly made by Director Tolan, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution No. 18-18

The Board hereby approves the minutes of the January 25, 2018 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2017.

- International Arrivals Corridor with Building Seismic Upgrades: Progress is still moving forward on Pod 2. Discussions with the contractor first then the concessionaire, Lotte Duty Free in regard to the columns. Looking at advancing the contractor's work to Pod 4 at Gate 10.
- Demolition of VQ5 Hangar: SHPO has given clearance to start the demolition of the VQ5 hangar. Study will take place to determine any historical significance, which GIAA believes there are none.

Chairman Duenas reminded Management of a number of Board members that showed interest in touring the 3rd floor project site. Ms. Jean Arriola informed the Board that arrangements will be made through the Board Secretary.

6. NEW BUSINESS

A. Approval of Award for Independent Airport Consultant - RFP No. RFP-003-FY18

Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of forty-seven (47) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the three (3) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer B
2. Proposer C
3. Proposer A

Management recommends the approval of the ranking results and the contract award to Proposers A, B and C, the highest ranked proposers, subject to negotiations of fair and reasonable fees.

The initial term of the agreement shall be for five (5) years. The agreement may be renewed at the sole discretion of GIAA by written notice, for two (2) additional one (1) year terms, not to exceed a total of seven (7) years.

Discussion followed relative to the reason for awarding all three (3) proposers. Executive Manager Ada added that the scope of work is quite extensive, each firm has different areas of expertise, and will be compensated on a per task basis.

After further discussion, on motion duly made by Director Gerber, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

Resolution No. 18-19

The Board hereby approves the ranking results as presented and the contract award to Proposers A, B, and C for Independent Airport Consultant - RFP No. RFP-003-FY18, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Executive Manager Ada informed the Board that Proposer 'A' is Unison Consulting, Proposer 'B' is Ricondo & Associates, and Proposer 'C' is Leigh Fisher.

B. Approval of Board Resolution No. 18-20: Agreement for Legal Services

The second item discussed was the extension of the Agreement for Legal Services with Calvo Fisher & Jacob LLP. The extension would be the third of four options to extend. The additional one (1) year period will commence on March 23, 2018 and expire on March 22, 2019.

After further discussion, on motion duly made by Director Gerber, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 18-20

WHEREAS, an Agreement for Legal Services was made on March 23, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Calvo Fisher & Jacob LLP ("CFJ") (the "CFJ Agreement"); and

WHEREAS, the CFJ Agreement provides for a term of one year commencing on March 23, 2015, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, on April 18, 2016 by Resolution No. 16-34, the Board of Directors approved the extension of the CFJ Agreement for an additional one year period (1st Option) commencing on March 23, 2016 and expiring on March 22, 2017, under the same terms and conditions as set forth in the CFJ Agreement; and

WHEREAS, on February 23, 2017 by Resolution No. 17-22, the Board of Directors approved the extension of the CFJ Agreement for an additional one year period (2nd Option) commencing on March 23, 2017 and expiring on March 22, 2018, under the same terms and conditions as set forth in the CFJ Agreement; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of CFJ and that it is in the best interests of GIAA to extend the term of the CFJ Agreement for an additional one (1) year period commencing on March 23, 2018, under the same terms and conditions as set forth in the CFJ Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the CFJ Agreement for an additional one (1) year period commencing on March 23, 2018, under the same terms and conditions as set forth in the CFJ Agreement.

C. Ratification of Quarterly Travel

Executive Manager Ada presented the quarterly travel from October to December 2017 for ratification by the Board.

After further discussion, on motion duly made by Director Gerber, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 18-21

The Board hereby ratifies the FY2018 1st quarter travel report from October to December 2017 as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.
Brief discussion on social media campaign with Ms. Rolenda Faasuamalie, Marketing Administrator, informing the Board that all accounts are linked, and GIAA ads pop up on Google and Safari.

Chairman Duenas inquired on Japan flights. Executive Manager Ada confirmed that JAL flights help to mitigate the suspension of flights from United Airlines and discontinuation of Delta Airlines.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **January 31, 2017**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-6.1%**, year-to-date Total Concession Revenues and Passenger Facility Charges are above and below budget by **3.2%** and **-19.2%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **36.1%**. Year-to-date Total Operating Revenues Actual of **$26.4M** is **3.2%** above the budget estimate of **$25.5M**. Year-to-date Total Operating Expenses are below budget by**-13.9%**. Components of this line item include a **-20.2%** decrease in Personnel Service, a **-0.6%** decrease in Contractual Services, a **-82.7%** decrease in Materials & Supplies and a **-11.3.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$11.4M** reflects an increase of **41.5%** over the year-to-date budgeted amount of **$8.1M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.56** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

Chairman Duenas announced there would be no Executive Session.

Chairman Duenas welcomed Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Tolan, seconded by Director Sobti; motion unanimously passed.

3. APPROVAL OF MINUTES

A. February 22, 2018 Regular Meeting

No corrections or changes recommended. On motion duly made by Vice Chair Sgro, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution No. 18-22

The Board hereby approves the minutes of the February 22, 2018 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2017.

- SSCP Improvements: Transportation Security Administration (TSA) representatives from Washington, D.C. are expected to be on Guam in April to finalize the design for the security screening checkpoint expansion. Security screening lanes will potentially expand from five (5) lanes to seven (7), and each lane will be optimized, to ensure a faster process.
- ARFF Facility-Design/Construction Phase 1/2: Demolition of VQ5 hangar will proceed based on conditional building permit from State Historic Preservation Office (SHPO). Project fencing and any environmental mitigation required for the hangar are ongoing. With regard to Phase 2 for project construction, 60% of design of the new building has been completed and sent to FAA for review and comment. Bid advertisement is expected in April 2018, with a May 2018 bid opening.
- International Arrivals Corridor with Building Seismic Upgrades: Panels are being installed on Pod 2. Work is being completed on the corridor from Gate 5 to Gate 6, including the extension of the corridor to Gate 8, as well as the structural upgrades to the columns in those areas. GIAA is working closely with the contractor to minimize operational impact.

Vice Chair Sgro took this time to inform the Board and Management that she was very impressed by the structural integrity of the work being completed for the International Arrivals Corridor with Building Seismic Upgrades project. There was brief discussion on the referenced project.

6. NEW BUSINESS

A. Approval of FY2017 Financial Audit Report

Executive Manager Ada announced that the Airport's FY2017 audit has been completed and introduced Mr. James Whitt of Ernst & Young, LLP (E&Y), who with the help of Mr. Rizalito Paglingayan and the E&Y team have put together a presentation of the results of the audit.

Mr. Paglingayan proceeded to conduct the presentation of the audit results via PowerPoint. Mr. Paglingayan announced that the Airport will continue to remain a Low Risk Auditee for the year 2018. After the brief presentation, Mr. Whitt thanked the Board, Management and Accounting staff for the opportunity and cooperation extended to the E&Y team throughout the audit process.

Executive Manger Ada commended the Comptroller and the Accounting staff for retaining the Low Risk Auditee status.

After further discussion, on motion duly made by Director Sgro, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 18-23

The Board hereby approves the FY2017 Financial Audit Report as presented by Ernst & Young, LLP, subject to any corrections.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **February 28, 2018**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-6.4%**, year-to-date Total Concession Revenues and Passenger Facility Charges are above and below budget by **3.3%** and **-16.6%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **32.5%**. Year-to-date Total Operating Revenues Actual of **$32.9M** is **3.2%** above the budget estimate of **$31.9M**. Year-to-date Total Operating Expenses are below budget by **-11.9%**. Components of this line item include a **-19.3%** decrease in Personnel Service, a **2.0%** increase in Contractual Services, a

-77.7% decrease in Materials & Supplies and a **-52.5%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$14.0M** reflects an increase of **34.1%** over the year-to-date budgeted amount of **$10.5M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.96** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

6. NEW BUSINESS

A. Approval of Award for Timekeeping and Attendance System - RFP No. RFP-004-FY18

Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposalsubmission deadline, and the number of interested proposers. A total of twenty-three (23) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the five (5) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer B
2. Proposer C/Proposer D

3. Proposer A
4. Proposer E

Management recommends the approval of the ranking results and the contract award to ProposerB, the highest ranked proposer, subject to negotiations of fair and reasonable fees.

The Deputy Executive Manager informed the Board that the initial term of the agreement shall be for five (5) years, and may be renewed at the sole discretion of GIAA by written notice, for three (3) additional one (1) year terms, not to exceed a total of eight (8) years.

The Timekeeping and Attendance System services will be funded under the FY18 Administration O&M Budget.

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 18-29

The Board hereby approves the ranking results as presented and the contract award to Proposer B, for Timekeeping and Attendance System - RFP No. RFP-004-FY18, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Deputy Executive Manager Martinez informed the Board that Proposer 'B' is NovaTime Technology, Inc.

B. Ratification of Quarterly Travel

Deputy Executive Manager Martinez presented the quarterly travel from January to March 2018 for ratification by the Board.

After further discussion, on motion duly made by Director Gerber, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 18-30

The Board hereby ratifies the FY2018 2nd quarter travel report from January to March 2018 as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **April 30, 2018**. Mr.

Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by -**6.9%**, year-to-date Total Concession Revenues and Passenger Facility Charges are above and below budget by**2.2%** and **-15.0%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **28.9%**. Year-to-date Total Operating Revenues Actual of **$45.4M** is **2.1%** above the budget estimate of **$38.4M**. Year-to-date Total Operating Expenses are below budget by **-4.4%**. Components of this line item include a **-3.5%** decrease in Personnel Service, a **3.1%** increase in Contractual Services, a -**74.1%** decrease in Materials & Supplies and a **16.4%**increase in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$17.4M** reflects an increase of **13.9%** over the year-to-date budgeted amount of **$15.3M**. 9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Camacho, and unanimously approved, the Board recessed to convene into Executive Session at 3:29 p.m.

The Board convened into Executive Session at 3:40 p.m. to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sobti, Gerber, Tolan and Camacho, Deputy Executive Manager Martinez, and Legal Counsel, Michael A. Pangelinan and Eduardo A. Calvo. Also present was the court reporter who will prepare a transcript of the Executive session.Executive Session adjourned at 3:57 p.m., at which time the Board reconvened the regular session.

As a result of discussion during Executive Session, Chairman Duenas announced that there were a number of matters still to approve, and asked that Legal Counsel present those matters to the Board.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-31

The Board hereby approves the Settlement Agreement relative to the District Court Case - Joshua Mesa vs. GIAA, CV17-00071, as presented during Executive Session.

Legal counsel, Mr. Michael Pangelinan requested for the Board to approve and authorize payment to Calvo Fisher & Jacob LLP, for invoices from March, April and May 2018, for general legal matters that exceed the monthly cap of $45,000.00. Attorney Pangelinan announced that for the past three (3) months, the legal fees have exceeded the cap due to an increase in cases

that have come up. He went on to add that due to the increased litigation work on the Crawford case that billing for May will not be issued until the end of the month, and anticipates an estimated amount of $55,000 above the cap for the month of May.

Chairman Duenas inquired if the Comptroller had reviewed the referenced invoices for March and April. The Comptroller replied yes, he had reviewed them.

After further discussion, on motion duly made by Director Sobti, seconded by Director Gerber, the following resolution was unanimously approved:

Resolution No. 18-32

The Board hereby authorizes the Authority to issue payment to Calvo Fisher & Jacob LLP for the general matters legal fees incurred in March and April 2018 that exceed the monthly cap in the amount of $33,288.05 and $58,677.66 respectively; and an anticipated amount of $55,000 over the cap for May 2018.

The Board hereby approves the minutes of the May 24, 2018 regular meeting, subject to corrections.

4. CORRESPONDENCE

The Executive Manager announced to the Board that the Airport had received notice from the Airport Transport Research Society (ATRS) of the selection of the Authority as The Most Efficient Airport in the Under 10 Million Passenger category in Asia Pacific Region. This was based on FY2016 data, and this award will be presented at the World ATRS Conference to be held in Korea, July 2 - 5, 2018. Chairman Duenas and a number of employees will attend the conference to receive the award. The Chairman congratulated Management and staff.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, providedbrief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades: The contract completion date remains in September 2019, with a strong possibility of a delay. Project is now at Gate 6 and 7. Coach boutique is currently closed because of construction and should be done by the end of the month. Gucci will then be closed for 2-3 weeks. Once the contractor is completed with Pod 2, Gate 6 will reopen, Gate 9 will then close, moving the Honolulu flights to Gate 8. In the Arrivals area, the carousels in baggage claim are being worked on one by one, always leaving one active.

- Noise Mitigation Program 65 DNL & Higher: Noise measurements were completed for 22 homes. Based on the preliminary results, there will be homes slated for sound proofing. In a teleconference with FAA, it was discussed that the Airport will proceed in two (2) phases. First, once calculations are complete, the designer will proceed on bid packages for those home that are eligible. Second, to schedule the next batch of homes to have noise measurements performed. There are forty (40) homes expected to have measurements completed in August 2018.
- Wildlife Management Assessment: Grant is complete, and should be closed out in the coming weeks. The assessment report completed by PCR is with USDA for review, and after the assessment is completed the Wildlife Management Program will be set up.
- Safety Management System: Project is near completion, review with the FAA scheduled for July 6, 2018.
- ARFF Facility-Design/Construction Phase 1/2: Phase I, demolition of the hangar is in progress, portions of the building have already been demolished. Phase II bid opening has been scheduled for July 6, 2018.
- Apron Rehabilitation - Design: Execution of agreement is in progress.
- Rehabilitation Runway 6L - Design: Execution of agreement is in progress.

With regard to the Arrivals Corridor, the Chairman inquired on the how long the Coach boutique has been closed, and if there has been any feedback from the concessionaire regarding the closure. Mr. Santos replied stated that the boutique has been closed for three (3) weeks. As for feedback from the concessionaire, Mr. Santos informed the Board that the Airport's intent is to assess impact at completion.

Director Tolan inquired on the renovations to the restrooms outside the Board conference room. Mr. Santos informed the Board that they are expected to reopen by the end of July 2018 along with the restrooms in the Tower.

6. NEW BUSINESS

A. Approval of Board Resolution 18-34: Agreement for Legal Services

The next item discussed was the extension of the Agreement for Legal Services with Torres Law Group, conflicts counsel. Legal counsel, Janalynn Damian informed the Board that the one (1) year extension would be the third of four options to extend.

Director Sobti and Director Gerber did not participate in the discussion or vote on the referenced extension to Legal Services Agreement due to a conflict of interest with Torres Law Group.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 18-34

WHEREAS, an Agreement for Legal Services - Conflicts Counsel was entered into on August 1, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Torres Law Group ("Torres") (the "Torres Agreement"); and

WHEREAS, the Torres Agreement provides for a term of one year commencing on August 1, 2015, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, on June 9, 2016, by Resolution No. 16-38, the Board of Directors approved the extension of the Torres Agreement for an additional one year period (1st Option) commencing on August 1, 2016, and expiring on July 31, 2017, under the same terms and conditions as set forth in the Torres Agreement; and

WHEREAS, on July 27, 2017, by Resolution No. 17-41, the Board of Directors approved the extension of the Torres Agreement for an additional one year period (2nd Option) commencing on August 1, 2017, and expiring on July 31, 2018, under the same terms and conditions as set forth in the Torres Agreement; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of Torres and that it is in the best interests of GIAA to extend the term of the Torres Agreement for an additional one year period commencing on August 1, 2018, under the same terms and conditions as set forth in the Torres Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the Torres Agreement for an additional one year period commencing on August 1, 2018 and expiring on July 31, 2019, under the same terms and conditions as set forth in the Torres Agreement; and

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Tolan, seconded by Director Sobti; motion unanimously passed.

3. APPROVAL OF MINUTES

A. June 28, 2018 Regular Meeting

No corrections or changes recommended. On motion duly made by Director Alcorn, seconded by Director Gerber, the following resolution was unanimously passed:

Resolution No. 18-36

The Board hereby approves the minutes of the June 28, 2018 regular meeting, subject to corrections.

4. CORRESPONDENCE

Deputy Executive Manager Martinez had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades: In regard to construction work on the specialty retail areas, the contractor has completed work on the Gucci boutique, and on August 1, 2018 will begin construction on the watches boutique. The watches boutique shutting down in August for a 3-4 week period will allow for a four (4) month construction period of the bridge between the two (2) buildings, instead of six (6). Heritage closure for bridge work delayed until the end of the year because of structural steel issues. Closure would have been six (6) months, but reduced two (2) months because addressing related issues in watches boutique now.
- ARFF Facility-Design/Construction Phase 1: Demolition of all vertical buildings is complete, the entire Hangar is down. Once all cleaned up, Phase II may begin.

6. NEW BUSINESS

A. Approval of Award for GIAA Aircraft Rescue Fire Fighting (ARFF) Facility Phase II - Construction - IFB No. GIAA-C03-FY18

Deputy Executive Manager Martinez provided background information to the Board on the referenced IFB. Forty-six (46) firms/individuals purchased bid packages and two (2) firms submitted a bid before the submission deadline. The two (2) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittals are as follows:

Bidder/Firm's Name	Amount:
BME & Sons Inc.	$18,113,152.00
ORION Construction Corporation, Guam	$11,524,133.12

Deputy Executive Manager Martinez informed the Board that the lowest total bid amount received was from ORION at $11,524,133.12, 51% below the government estimate of $23,596.380.00. Because ORION's bid offer was so low as to appear unreasonable, the GIAA procurement office sought confirmation of the bid amount from ORION.

On July 13, 2018 GIAA sent a letter to ORION officially requesting that they confirm their total bid price amount. On July 13, 2018, ORION responded stating that after reviewing that the various pricing elements of the bid submitted that they were unable to confirm that number as they have discovered that the bid contains clerical errors and omissions. This involves an increase in the original bid price, but still leaves ORION as the lowest bidder. The firm provided an outline of the errors and omissions in the bid. ORION further requested to modify its bid to $13,647,673.10 after bid opening.

Pursuant to law and regulation, ORION may not correct its bid and it has indicated it will not perform at their original offered amount. Accordingly, the GIAA procurement office should reject ORION's bid, and deemed the firm non-responsive.

Therefore, the lowest responsive total bid amount received was $18,113,152.00, 23% below the government estimate. Funding for this project is available under an AIP Grant. Management recommends the contract award of $18,113,152.00 to BME & Sons Inc., who has been determined to have met the standards of responsibility and responsiveness outlined in Guam Procurement Regulation.

Vice Chairperson Sgro inquired if legal counsel had reviewed the entire procurement process to ensure that the Airport has followed the procurement guidelines. Legal Counsel, Ms. Janalynn C. Damian informed the Board that Calvo Fisher & Jacob (CFJ) is recused from further working on this IFB due to a conflict of interest, and directed the Board to Mr. Thomas Fisher, GIAA Conflicts Counsel. Mr. Fisher informed the Board that the bid had been reviewed by CFJ up until the firm had realized the conflict of interest, who then referred the bid to Fisher & Associates. He added that Fisher & Associates have reviewed the bid from that point on.

Chairman Duenas clarified for the record that based on the review by the procurement office and conflicts counsel it was determined that ORION was non-responsive based on the material omissions made in their initial bid and procurement law does not allow for material changes to the bid after the bid opening, therefore ORION is considered non-responsive and not responsible. Brief discussion followed.

After further discussion, on motion duly made by Director Gerber, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 18-37

The Board hereby approves the contract award for GIAA Aircraft Rescue Fire Fighting (ARFF) Facility Phase II - Construction - IFB No. GIAA-C03-FY18 to BME & Sons Inc. for a total contract amount of $18,113,152.00, subject to review by legal counsel.

B. Ratification of Quarterly Travel

Deputy Executive Manager Martinez presented the quarterly travel from April to June 2018 for ratification by the Board.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-38

The Board hereby ratifies the FY2018 3rd quarter travel report from April to June 2018 as presented.

At this time, Chairman Duenas announced that due to the lapse in term of the Vice Chairperson, Katherine Sgro, an election for the Vice Chair position should take place to formalize the process, and called for nominations.

Director Alcorn announced that she would like to nominate Director Sgro to the position of Vice Chairperson.

After further discussion, on motion duly made by Director Alcorn, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 18-39

The Board hereby approves the nomination of and elects Director Sgro to the position of the Vice Chairperson of the A.B. Won Pat International Airport Authority, Guam Board of Directors.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

8. REPORT OF THE COMPTROLLER

Ms. Antoinette Bautista reported on the revenues and expenses of the Authority as of **June 30, 2018**. Ms. Bautista reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-8.1%**, year-to-date Total Concession Revenues and Passenger Facility Charges are above and below budget by **-0.2%** and **-14.8%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **26.1%**. Year-to-date Total Operating Revenues Actual of **$57.2M** is **0.4%** above the budget estimate of **$57.0M**. Year-to-date Total Operating Expenses are below budget by **-2.1%**. Components of this line item include a **-1.0%** decrease in Personnel Service, a **4.2%** increase in Contractual Services, a **-70.6%** decrease in Materials & Supplies and a **45.8%** increase in Equipment/Furnishings from budgeted amounts for these respective categories. The actualyear-to-date Net Revenues from Operations of **$21.4M** reflects an increase of **4.8%** over the year-to-date budgeted amount of **$20.4M**. Ms. Bautista reported that the year-to-date Debt Service Coverage is at **1.39** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Gerber, and unanimously approved, the Board recessed to convene into Executive Session at 3:38 p.m.

The Board convened into Executive Session at 3:50 p.m.to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sgro, Sobti, Gerber, and Alcorn, Deputy Executive Manager Martinez,and Legal Counsel, Janalynn C. Damian, Eduardo Calvo and Genevieve Rapadas. Also present was the court reporter who will prepare a transcript of the Executive session.

On motion duly made by Director Alcorn, seconded by Vice Chairperson Sgro, Executive Session adjourned at 4:05 p.m., at which time the Board reconvened regular session.

Chairman Duenas announced for the record that Director Tolan did not participate in Executive Session due to conflicts of interest and was excused from the Board meeting at 3:50 p.m.

As a result of discussion during Executive Session, Chairman Duenas announced that there was a matter for board approval, and presentedthe matter to the Board.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-39

The Board hereby approves and ratifies the filing of the appeal of the amended judgment and motion to expedite the appeal with regard to CV0943-14 and authorizes Management and Legal Counsel to engage the Attorney General about filing an amicus briefor taking any other action in support of GIAA's position.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades: This project will be listed under FY2019 Capital Improvement Program and will be listed at $21.6M. GIAA will beusing a supplemental appropriation from Congress of $1M, along with requesting for an additional $15M on top of the usual $5M.
- Noise Mitigation Program 65 DNL & Higher: Noise measurements underway. Bid documents to be prepared in September for sound proofing of those homes that are eligible. Number of homes is not available at this time, and noise measurements are being computed.
- Wildlife Management Assessment and Safety Management System are to be removed from the schedule as they are both complete.
- ARFF Facility – Phase 2 Construction – There's a new grant to fund the project in full.
- Apron Rehabilitation - Design: $5.5M under the AIP program for FY2019.
- Rehabilitation of Runway 6L – Have $1.25M for phased construction. A Notice to Proceed will be issued by early September for the design.

Vice Chair Sgro inquired on the parking expansion. Mr. Santos replied that the parking expansion is on hold at the moment. All monies remaining will take care of the relocation of the accounting offices and the demolition of the car rental building. Funds were reprogrammed to take care of the 3rd floor project. Brief discussion followed regarding smaller projects on the schedule. Discussion followed on a few other matters.

- Percent for the Arts Program - 1% allocation; architect to verify amount.
- Tiyan land acquisition and redevelopment.
- Public restrooms. The completion of the last restroom at Tower is expected by the end of September.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades: On September 7, 2018 a number of the Board members were provided a tour of the project. Based on the tour, and in consultation with the Contractor, Vice Chair Sgro has suggested an event, a tour or "Sneak Peak" of the project for the Governor and Lt. Governor. Mr. Santos announced that the time and will be finalized and the Board will be notified of the event.
- Noise Mitigation Program 65 DNL & Higher: Results from the noise measurements on 22 homes was received, and each home has passed and is eligible for additional sound proofing. Packages for each home will be put together and will be put out as a single bid in 2019. Noise measurements for the next 38 homes are to begin in October 2018. Mr. Santos explained the eligibility criteria of the noise measurement program.
- ARFF Facility-Design/Construction: Airport received FAA approval to proceed with executing the contract and issue the Notice to Proceed. Ground-breaking anticipated for October 2018.

- Apron Rehabilitation: Trench drains awaiting repairs and are to be repaired under FAA project after approval from FAA.

6. NEW BUSINESS

A. Approval of FY19Insurance Renewal Program

The first matter discussed was the FY19 Insurance Renewal Program. AM Insurance ("AM") representative, Ms. Ann Marie Muna presented the insurance quotes for FY2019. Nine (9) major insurance carriers were approached, only two (2) carriers this year responding with submittals.

The insurance program includes six (6) policies: Property Insurance with Catastrophe; Airport Operators Liability; Directors and Officers Liability; Workman's Compensation, Automobile Insurance; and Crime Insurance. Quotes are as follows:

Policy	Firm with Lowest Offered Premium	Amount
Property	Calvo's	$322,771.00
Airport Operators Liability	Calvo's	$131,580.00
Directors & Officers Liability	Moylan's	$36,720.00
Workman's Compensation	Moylan's	$35,000.00
Automobile Insurance	Moylan's	$34,622.00
Crime Insurance	Moylan's	$5,400.00
	TOTAL:	$566,093.00

The total premium costs for all coverage for FY2019 is $566,093.00. This represents an increase in premium of $20,505.00 per annum compared to FY2018 premium cost of $545,588.00. Management recommends that the Board approve the FY2019 insurance program as presented.

Vice Chairperson Sgro announced for the record that she would like to recuse herself and will not participate in discussion or vote on the matter.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-48

The Board hereby approves the FY2019 Insurance Renewal Program, in the total amount of $566, 093.00 as follows:

Policy	Firm with Lowest Offered Premium	Amount
Property	Calvo's	$322,771.00
Airport Operators Liability	Calvo's	$131,580.00
Directors & Officers Liability	Moylan's	$36,720.00
Workman's Compensation	Moylan's	$35,000.00
Automobile Insurance	Moylan's	$34,622.00
Crime Insurance	Moylan's	$5,400.00
	TOTAL:	$566,093.00

B. Approval of Award for Real Estate Appraisal and Consulting Services - RFP No. RFP-005-FY18

The second matter discussed was Award for Real Estate Appraisal and Consulting Services. Deputy Executive Manager Martinez provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of seven (7) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the two (2) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer A / Proposer B

The selection of two (2) firms will allow GIAA the flexibility for real estate appraisal and consulting services. Therefore, Management recommends the approval of the ranking results and the contract award to Proposers A & B for the Real Estate Appraisal and Consulting Services contract, subject to negotiation of fair and reasonable fees.

The Deputy Executive Manager informed the Board that the initial term of the agreement shall be for five (5) years, and may be renewed at the sole discretion of GIAA by written notice, for two (2) additional one (1) year terms, not to exceed a total of seven (7) years.

Vice Chairperson inquired if there has there been a need in the past for real estate appraisal services. Ms. Jean Arriola replied yes, there has been a need for the purpose of appraising various Airport properties and assets. The last contract for this type of service expired early 2018.

Director Camacho inquired on how the Airport is to proceed negotiations with more than one (1) firm. Ms. Arriola replied that it would depend on the task, the scope would then be reviewed and determine which firm has the expertise. This has been done in the past.

Director Tolan inquired on one of the firms, as they have an off-island address if they previously done business on Guam. Ms. Arriola replied not at this time, prior to awarding the contract they would be required to get a Guam business license.

Regarding the determination of the initial non-submission of wage schedules, was this reviewed by legal counsel. Legal replied yes.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-49

The Board hereby approves the ranking results as presented and the contract award to Proposers A & B, for Real Estate Appraisal and Consulting Services - RFP No. RFP-005-FY18, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Deputy Executive Manager Martinez informed the Board that Proposer 'A' is Duff & Phelps, and Proposer 'B' is Cornerstone Valuation Guam.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **August 31, 2018**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-8.1%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-3.1%** and **-13.0%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **24.0%**. Year-to-date Total Operating Revenues Actual of **$69.9M** is **-0.7%** below the budget estimate of **$70.3M**. Year-to-date Total Operating Expenses are below budget by **-0.8%**. Components of this line item include a **-0.5%** decrease in Personnel Service, a **4.8%**increase in Contractual Services, a **-61.2%** decrease in Materials & Supplies and a **45.8%** increase in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$26.3M** reflects a decrease of **-0.4%** over the year-to-date budgeted amount of **$26.4M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.40** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

Chairman Duenas announced that there would be no Executive Session.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, providedbrief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades: "Sneak Peak" event scheduled for October 26, 2018. Media and the public will be able to view the pods. Hoarding area by Gate 6 will move to Gate 7, which will be closed for 4-5 months. Hoarding area will then move to Gate 9. United Airlines has a design team for the Club Room, who will be visiting Guam to coordinate their design. Moving Walkways are being worked back into project as funds become available.
- Noise Mitigation Program 65 DNL & Higher: 22 homes;preparing bids for sound proofing. Recent FAA regulations have indicated that the Noise Exposure Maps require updating. Any remaining funds from the existing grant will be used for updating the Maps.
- ARFF Facility-Design/Construction: Phase I essentially complete. Contract with the construction contractor has been executed. Pre-Notice to Proceed expected. "Ground Washing" event scheduled for November 1, 2018.

6. NEW BUSINESS

A. Approval of Award for Purchase and Delivery of Vehicles FY18 - IFB No. GIAA-001-FY18

The first matter discussed was the approval of award of the Purchase and Delivery of Vehicles FY18 under the Invitation For Bid No. GIAA-001-FY18.Deputy Executive Manager Martinez provided background information to the Board on the referenced IFB. Seven (7) firms/individuals purchased or downloaded bid packages, and three (3) firms submitted a bid before the submission deadline. The three (3) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittals are as follows:

BIDDER'S NAME	ITEM No. 1.0	ITEM No. 2.0	ITEM No. 3.0	ITEM No. 4.0	ITEM No. 5.0	ITEM No. 6.0
Triple J Enterprises, Inc.	$72,750.00	$38,800.00	$40,200.00	NO BID	NO BID	$41,490.00
Cars Plus, LLC	$64,500.00	$29,852.00	$36,592.00	NO BID	$81,000.00	NO BID
Monster Auto Corp. dba Auto Sport	$74,985.00	NO BID	NO BID	NO BID	NO BID	NO BID

Deputy Executive Manager Martinez informed the Board that the total contract award for this bid is $253,434.00. Funding for this bid is available under the O&M budget or CIP grant funding. Pursuant to the guidelines in Item 9 of the Instruction to Bidders, the award of contract will be made to the lowest responsible, responsive bidder for each item bid, provided the bid is reasonable and in the best interest of GIAA. Triple J Enterprises, Inc. and Cars Plus, LLC have been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations. Therefore, Management recommends the contract awards be made according to the following:

Item & Description:	**Awarded To:**	**Total Amount:**
Item 1.0: Small Sports Utility Vehicles; 3 each	Cars Plus, LLC	$64,500.00

Tourist charged with sex assault on 2 hotel workers

Toshio Goto

A tourist faces charges in the Superior Court of Guam for allegedly sexually assaulting two women who work at the Guam Plaza Resort & Spa in Tumon.

At around 10:01 p.m. Tuesday, officers with the Guam Police Department responded to a criminal sexual conduct complaint at the hotel.

The defendant, Toshio Goto, faces charges for allegedly touching the breast of an employee and attempting to touch the genital area of another employee.

The complaint alleges the defendant "emitted an odor of (an) intoxicating beverage."

Police reviewed video surveillance, which recorded the incidents, a Superior Court magistrate's complaint stated.

Goto was charged with two counts of fourth-degree criminal sexual conduct and one count of attempted fourth-degree criminal sexual conduct. ***(Daily Post Staff)***

Yona man, 35, arrested in stabbing

Patrick Taijeron

A man is listed in stable condition after he was stabbed at Del Carmen Apartments in Yona.

Hagåtña Precinct Command officers responded to a report of a stabbing on Tuesday night.

Guam Police Department spokesman Sgt. Paul Tapao said when police arrived on the scene, Patrick Taijeron, 35, told officers he had stabbed another man while in the parking lot of the apartment complex.

Officers met with several witnesses and processed the crime scene.

The victim remains in stable condition at Guam Memorial Hospital.

Taijeron was arrested on suspicion of aggravated assault and possession and use of a deadly weapon in the commission of a felony. ***(Daily Post Staff)***

Suspect sought in Tumon purse snatching

Police are seeking the public's help in locating the individuals involved in a purse snatching in Tumon.

Officers from the Guam Police Department Tumon-Tamuning Precinct Command responded to a reported robbery along Route 14 near the Royal Orchid Guam Hotel in Tumon around 10:30 a.m. Wednesday. A woman told police that she had been walking on the sidewalk when a man approached her and grabbed her purse from behind, causing her to fall to the ground, said GPD spokesman Sgt. Paul Tapao.

The male suspect was seen running toward a vehicle described as a faded, older model sedan, Tapao stated. The suspect and the getaway driver fled the scene.

When police reviewed nearby surveillance cameras, they noted the male suspect was wearing a red shirt and blue shorts.

Anyone with information on this case is encouraged to call police dispatchers at 472-8911 or 475-8615~7, or report information to Guam Crime Stoppers at 477-HELP (4357) or online at guam.crimestoppersweb.com. ***(Daily Post Staff)***

ELECTION'18

Union, Bordallo back Leon Guerrero campaign

By John O'Connor
john@postguam.com

The Guam Federation of Teachers is throwing its support behind the Democratic gubernatorial team of Lou Leon Guerrero and Josh Tenorio.

The union made the announcement Monday afternoon. A survey of GFT worksite stewards, conducted by the union's Committee on Political Education, found that 90 percent of representatives wanted to endorse Leon Guerrero and Tenorio.

The union's endorsement was announced the same day Del. Madeleine Bordallo endorsed the Leon Guerrero-Tenorio team on social media.

"We need leaders who understand the issues," Bordallo said, in part.

Republicans would do most harm

At GFT, the union stated about 68 percent of stewards believed Republican nominees Lt. Gov. Ray Tenorio and his running mate, Tony Ada, would cause the most harm to their paychecks, work environment and way of life, according to GFT.

"An overwhelming percentage of worksite steward members felt Lou and Josh will best serve our public agencies and Guam's working families. It's time that our government has leadership that will give our public employees in education, health care, law enforcement and safety, transportation, utilities and all other public agencies better working conditions to better serve our island," GFT stated in a release.

GFT is Guam's largest employee federation, according to the release. The union has memberships in several agencies and represents about 5,000 employees through bargaining agreements.

UNION ENDORSEMENT: *Guam Federation of Teachers President Sanjay Sharma, left, and the union's Committee on Political Education Chairman David Teixeira, announce GFT is endorsing the Democratic gubernatorial team of Lou Leon Guerrero and Josh Tenorio. The union made the announcement at a press conference at the GFT headquarters Monday in Mangilao.*

Did not consider Aguon-Limtiaco

GFT President Sanjay Sharma said the survey did not ask about the team of Sen. Frank Aguon Jr. and Alicia Limtiaco, who are running on the gubernatorial ticket as write-in candidates.

"When we polled our worksite stewards, it was a simple, 'Which major political party would you want to be supporting?'" Sharma said. "The reason why we didn't ask for any of the write-ins is because historically the write-in candidacies never work. So we wanted to make sure we offered the best two choices to our membership."

Sharma said this decision did not mean GFT disliked Aguon and Limtiaco. The union stated it wanted to make sure that it "went with the ones that won their primary votes."

Andri Baynum, a Simon Sanchez High School teacher and GFT member, is one individual organizing a write-in campaign for Aguon and Limtiaco.

Sharma said, "If Frank and Alicia had won (the primary race) then this would have been a different conversation, but because we have Lou and Josh winning – that was the choice we offered to our stewards."

Fine against People for Progress stands

By John O'Connor
john@postguam.com

The Guam Election Commission's $1,000 fine against a political action committee stands despite the threat of a lawsuit.

GEC issued the fine after People for Progress failed to file campaign finance disclosures. The information was also submitted to the Office of the Attorney General.

But the political action committee, or PAC, contended it was not under the purview of election disclosure law and therefore, did not need to file finance reports with the GEC. In response to the fine, the PAC's attorney, Jacqueline Terlaje, asked the commission to lift the fine by Oct. 19. The PAC is considering a lawsuit if the fine stays.

The Guam Daily Post did not receive a response or statement from the PAC after the deadline passed Friday.

Faced with a potential lawsuit, the election commission has decided to discuss the matters behind closed doors.

"They will schedule a meeting to meet in executive session," said GEC Executive Director Maria Pangelinan.

The commission has been asking People for Progress to submit campaign finance reports since 2016. Barring a disclosure filed in August 2016, the PAC has repeatedly stated it does not endorse any candidate and therefore is not subject to disclosure laws.

The fine was levied in early October.

Attorney Rachel Taimanao-Ayuyu, the executive director of the PAC, said the fine was an attempt to restrict the committee's speech.

"Speech is expressed through contributions, ... official statements, through ads and campaigning material. ... It's hard to do that when you're constantly having to defend your rights to the GEC," Taimanao-Ayuyu has said.

The PAC paid for a theater ad featuring Lt. Gov. Ray Tenorio, now a gubernatorial candidate. At the time the ad was released, Tenorio had not filed for official candidacy but had been hosting "BOTA 2018" events.

She maintained that neither the ad nor other remarks she has made about Tenorio were an endorsement for his candidacy.

A. August 30, 2018 Regular Meeting

Director Tolan informed the Board of a typo requiring correction on page three (3).On motion duly made by Vice chairperson Sgro, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution No. 18-47

The Board hereby approves the minutes of the August 30, 2018 regular meeting, subject to corrections.

4. CORRESPONDENCE

Deputy Executive Manager Martinez had no Correspondence to report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Frank Santos, Consultant, provided brief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades: On September 7, 2018 a number of the Board members were provided a tour of the project. Based on the tour, and in consultation with the Contractor, Vice Chair Sgro has suggested an event, a tour or "Sneak Peak" of the project for the Governor and Lt. Governor. Mr. Santos announced that the time and will be finalized and the Board will be notified of the event.
- Noise Mitigation Program 65 DNL & Higher: Results from the noise measurements on 22 homes was received, and each home has passed and is eligible for additional sound proofing. Packages for each home will be put together and will be put out as a single bid in 2019. Noise measurements for the next 38 homes are to begin in October 2018. Mr. Santos explained the eligibility criteria of the noise measurement program.
- ARFF Facility-Design/Construction: Airport received FAA approval to proceed with executing the contract and issue the Notice to Proceed. Ground-breaking anticipated for October 2018.

- Apron Rehabilitation: Trench drains awaiting repairs and are to be repaired under FAA project after approval from FAA.

6. NEW BUSINESS

A. Approval of FY19Insurance Renewal Program

The first matter discussed was the FY19 Insurance Renewal Program. AM Insurance ("AM") representative, Ms. Ann Marie Muna presented the insurance quotes for FY2019. Nine (9) major insurance carriers were approached, only two (2) carriers this year responding with submittals.

The insurance program includes six (6) policies: Property Insurance with Catastrophe; Airport Operators Liability; Directors and Officers Liability; Workman's Compensation, Automobile Insurance; and Crime Insurance. Quotes are as follows:

Policy	Firm with Lowest Offered Premium	Amount
Property	Calvo's	$322,771.00
Airport Operators Liability	Calvo's	$131,580.00
Directors & Officers Liability	Moylan's	$36,720.00
Workman's Compensation	Moylan's	$35,000.00
Automobile Insurance	Moylan's	$34,622.00
Crime Insurance	Moylan's	$5,400.00
	TOTAL:	$566,093.00

The total premium costs for all coverage for FY2019 is $566,093.00. This represents an increase in premium of $20,505.00 per annum compared to FY2018 premium cost of $545,588.00. Management recommends that the Board approve the FY2019 insurance program as presented.

Vice Chairperson Sgro announced for the record that she would like to recuse herself and will not participate in discussion or vote on the matter.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-48

The Board hereby approves the FY2019 Insurance Renewal Program, in the total amount of $566, 093.00 as follows:

Policy	Firm with Lowest Offered Premium	Amount
Property	Calvo's	$322,771.00
Airport Operators Liability	Calvo's	$131,580.00
Directors & Officers Liability	Moylan's	$36,720.00
Workman's Compensation	Moylan's	$35,000.00
Automobile Insurance	Moylan's	$34,622.00
Crime Insurance	Moylan's	$5,400.00
	TOTAL:	$566,093.00

B. Approval of Award for Real Estate Appraisal and Consulting Services - RFP No. RFP-005-FY18

The second matter discussed was Award for Real Estate Appraisal and Consulting Services. Deputy Executive Manager Martinez provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposal submission deadline, and the number of interested proposers. A total of seven (7) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the two (2) proposals that were submitted before the established deadline. The proposals were evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the evaluation committee's tabulation, the selected firms in order of their ranking are as follows:

1. Proposer A / Proposer B

The selection of two (2) firms will allow GIAA the flexibility for real estate appraisal and consulting services. Therefore, Management recommends the approval of the ranking results and the contract award to Proposers A & B for the Real Estate Appraisal and Consulting Services contract, subject to negotiation of fair and reasonable fees.

The Deputy Executive Manager informed the Board that the initial term of the agreement shall be for five (5) years, and may be renewed at the sole discretion of GIAA by written notice, for two (2) additional one (1) year terms, not to exceed a total of seven (7) years.

Vice Chairperson inquired if there has there been a need in the past for real estate appraisal services. Ms. Jean Arriola replied yes, there has been a need for the purpose of appraising various Airport properties and assets. The last contract for this type of service expired early 2018.

Director Camacho inquired on how the Airport is to proceed negotiations with more than one (1) firm. Ms. Arriola replied that it would depend on the task, the scope would then be reviewed and determine which firm has the expertise. This has been done in the past.

Director Tolan inquired on one of the firms, as they have an off-island address if they previously done business on Guam. Ms. Arriola replied not at this time, prior to awarding the contract they would be required to get a Guam business license.

Regarding the determination of the initial non-submission of wage schedules, was this reviewed by legal counsel. Legal replied yes.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 18-49

The Board hereby approves the ranking results as presented and the contract award to Proposers A & B, for Real Estate Appraisal and Consulting Services - RFP No. RFP-005-FY18, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Deputy Executive Manager Martinez informed the Board that Proposer 'A' is Duff & Phelps, and Proposer 'B' is Cornerstone Valuation Guam.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Deputy Executive Manager Martinez.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **August 31, 2018**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-8.1%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-3.1%** and **-13.0%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are above the budget estimate by **24.0%**. Year-to-date Total Operating Revenues Actual of **$69.9M** is -**0.7%** below the budget estimate of **$70.3M**. Year-to-date Total Operating Expenses are below budget by **-0.8%**. Components of this line item include a **-0.5%** decrease in Personnel Service, a **4.8%**increase in Contractual Services, a **-61.2%** decrease in Materials & Supplies and a **45.8%** increase in Equipment/Furnishings from budgeted amounts for these respective categories. The actual year-to-date Net Revenues from Operations of **$26.3M** reflects a decrease of **-0.4%** over the year-to-date budgeted amount of **$26.4M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.40** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

Chairman Duenas announced that there would be no Executive Session.

10. PUBLIC COMMENTS

There were no Public Comments.

MEMORANDUM

TO: Charles H. Ada II, Executive Manager

FROM: Henry M. Cruz, Buyer Supervisor, Acting

SUBJECT: Bid Evaluation and Recommendation "Invitation For Bid"
Purchase and Delivery of Vehicles FY18
IFB No. GIAA-001-FY18

Procurement Background:
The above referenced Invitation For Bid was publicly announced through the local newspaper during the month of August and September 2018. The bid submission deadline and bid opening took place on October 5, 2018.

Seven (7) firms/individuals purchased or downloaded the bid package and three (3) firms submitted bids before the bid submission deadline. The bid submittal was opened in the presence of the bidders, members of the public and several GIAA representatives. The bid offer was read aloud by the Buyer Supervisor and tabulated by the GIAA Procurement staff.

The results of the bid price submittals are as follows in the order they were received and opened:

BIDDER'S NAME	ITEM No. 1.0	ITEM No. 2.0	ITEM No. 3.0	ITEM No. 4.0	ITEM No. 5.0	ITEM No. 6.0
Triple J Enterprises, Inc.	$72,750.00	$38,800.00	$40,200.00	NO BID	NO BID	$41,490.00
Cars Plus, LLC	$64,500.00	$29,852.00	$36,592.00	NO BID	$81,000.00	NO BID
Monster Auto Group dba Auto Spot	$74,985.00	NO BID	NO BID	NO BID	NO BID	NO BID

Bid Analysis and Evaluation:
The bid is packaged to provide separate awards for each of the following items:

- Item 1.0: Small Sports Utility Vehicles; 3 each
- Item 2.0: Mid-size SUV Sports Utility Vehicle; 1 each
- Item3.0: Full-size SUV Sports Utility Vehicle; 1 each
- Item 4.0: Full-size SUV Sports Utility Vehicle (Extended Wheelbase,

130"); 1 each
- Item 5.0: Police Pursuit Vehicles (4-Door Sedan Model); 2 each
- Item 6.0: 15 Passenger Van; 1 each

Pursuant to Section 9 of the Instructions to Bidders, the contract is to be awarded to the lowest responsible, responsive bidder, provided their bid is reasonable and it is in the best interest of the GIAA to accept it. To determine the responsibility of bidders, the bid package specified the required documents that bidders must submit with their bid packages. The attached abstract illustrates the inventory of required documents and bidders' submittal.

Triple J Enterprise, Inc.: The firm submitted a bid for Item 1.0 in the amount of **$72,750.00**, Item 2.0 in the amount of **$38,800.00**, Item 3.0 in the amount of **$40,200.00**, and Item 6.0 in the amount of **$41,490.00** respectively. Upon further evaluation, the bidder failed to comply with the required minimum specifications for Items 1.0 and 2.0; and therefore was deemed non-responsive for these particular items. The bidder submitted a copy of their current Guam Business License **#1905484.** All other documents were complete and in conformance with the Invitation For Bid.

Cars Plus LLC: The firm submitted a bid for Item 1.0 in the amount of **$64,500.00**, Item 2.0 in the amount of **$29,852.00**, Item 3.0 in the amount of **$36,592.00**, and Item 5.0 in the amount of **$81,000.00** respectively. The bidder submitted a copy of their current Guam Business License **#19105.** The bidder did not submit acknowledgement of receipt forms for Addendum B and Addendum C issued for the Invitation for Bid. Upon further evaluation, failure to acknowledge the amendments issued in Addenda B and C is immaterial and does not affect price, quantity, quality, delivery, or contractual conditions and do not prejudice the other bidders. Accordingly, pursuant to 2GAR §3109(m)(4)(B), GIAA will request that Cars Plus LLC correct this immaterial mistake and submit acknowledgment of receipt forms for Addenda B and C. All other required documents were complete and in conformance with the Invitation For Bid.

Monster Auto Corp. dba Auto Spot.: The firm submitted a bid for Item 1.0 in the amount of **$41,490.00** respectively. The bidder submitted a copy of their current Guam Business License**.** All other documents were complete and in conformance with the Invitation For Bid.

Recommendation:
Pursuant to the guidelines in Item 9 of the Instruction to Bidders, the award of contract will be made to the **lowest responsible, responsive bidder** for each Item Bid, provided their bid is reasonable and in the best interest of GIAA.

Triple J Enterprise, Inc. and **Cars Plus LLC** have been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulation. Therefore, it is recommended that the contract awards be made according to the following:

Item & Description:	Awarded to:	Total Amount:
Item 1.0: Small Sports Utility Vehicles; 3 each	Cars Plus, LLC	$64,500.00
Item 2.0: Mid-size SUV Sports Utility Vehicle; 1 each	Cars Plus, LLC	$29,852.00
Item3.0: Full-size SUV Sports Utility Vehicle; 1 each	Cars Plus, LLC	$36,592.00
Item 4.0: Full-size SUV Sports Utility Vehicle (Extended Wheelbase, 130"); 1 each	NO BID	NO BID
Item 5.0: Police Pursuit Vehicles (4-Door Sedan Model); 2 each	Cars Plus, LLC	$81,000.00
Item 6.0: 15 Passenger Van; 1 each	Triple J Enterprises, Inc.	$41,490.00
	Total Contract Award:	**$253,434.00**

Should you have any questions or concerns, I am available at your convenience.

EXECUTIVE MANAGER'S REPORT
October 25, 2018

AIRLINE ISSUES

UNITED AIRLINES

United Airlines announced some personnel changes on UA flights, which went into effect Oct. 1st. The almost-200 Guam-based flight attendants now service the GUM-HNL flight, as part of the airlines integration of all flight attendants and the final phase of United's merger with Continental Airlines in 2010.

For its winter season, United also announced that they would

- Re-introduce the B777 servicing Guam and Narita from Oct. 28 through March 30, 2019
- Restore four-weekly flights to Nagoya from Dec. 2 through March 30, 2019
- Add eight (8) flights between Guam and Osaka from Nov. 1 through Dec. 16; and
- Add two (2) evening flights to Hong Kong from Nov. 1 to March 28, 2019

JAPAN AIRLINES

Japan Airlines' successful Pilot Training Program continues with a new batch of pilots that went training from Oct. 10 – 21, 2018.

JAL also announced the delivery of a new aircraft, 737-800, for Japan Trans Ocean Air (JTA), part of their group domestic airlines. The aircraft was ferried from Seattle to Okinawa via Majuro, with a stopover on Guam. It arrived Oct. 19th and departed Oct. 20th.

REGULATORY ISSUES

FAR Part 139 Certification Inspection

Our FAR Part 139 certification inspection begins next week Monday, October 29th through Friday, November 2nd. Again, our goal is another record breaking "0" discrepancy report, for a "THREEpeat" third-year streak!

Transportation Security Administration

We are ready to break ground for the Transportation Security Administration (TSA) checkpoint expansion. We are looking at a ceremony to kick-off the project second week of November.

FINANCIAL ISSUES

FY18 Financial Audit

Our Accounting Division continues to work closely with Ernst & Young on the ongoing audit of the Airport's finances. As required by statute, our audit will be completed no later than January 31, 2019.

LEGISLATIVE ISSUES

FY2019 Budget Law

The Budget Law **(PL 34-116)** for the new fiscal year froze all annual increments, promotions, reclassifications, merit bonuses and any other upward pay adjustments beginning October 1, 2018 for a 1-year period through September 30, 2019. The Office of the Attorney General issued a letter, dated Oct. 15, 2018, stating that the hiring freeze provision violates the "separation of powers" as it infringes upon the Governor's administrative authority to control the executive branch of the government. Therefore the provision is deemed inorganic.

On motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 19-06

The Board hereby approves the minutes of the October 25, 2018 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager announced that there was correspondence from Governor-elect Leon Guerrero and Lieutenant Governor-elect Tenorio, which will be discussed further during the Executive Manager's report.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Frank Santos, Consultant, providedbrief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades:$210 million project; $110 million expended. Estimated contract completion date is September 2019. Updated Stakeholder meeting scheduled for December 18, 2018 at 10:00 a.m.
- Apron Rehabilitation - Design: Scheduled for bid April 2019
- Rehabilitation Runway 6L - Design: Scheduled for bid April 2019

6. NEW BUSINESS

A. Signatory Airline Operating Agreement & Terminal Building Lease

The first matter discussed was the approval ofSignatory Airline Operating Agreement & Terminal Building Lease. The Executive Manager provided a brief executive summary to the Board highlighting a number of revisions to the existing Agreement, to include the term, now five (5) years, commencing October 1, 2018 and expiring September 30, 2023. Term shall be extended for one (1) additional five (5) year period, in the event of change in law and mutual agreement of the parties.

Vice Chairperson Sgro inquired if all Airlines have the same expiration dates to their Agreements. Executive Manager Ada replied yes. Ms. Jean Arriola added that the revisions to

the Agreement are a result of input from staff, consultants and the Airlines themselves. The Airport team has had two (2) consultation meetings with the Airlines, in January and October 2018.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-07

The Board hereby approvesthe Signatory Airline Operating Agreement & Terminal Building Lease as presented.

B. Approval of Award for Glass Window Cleaning Services - IFB No. GIAA-001-FY19

Executive Manager Ada provided background information to the Board on the referenced IFB. Thirteen (13) firms/individuals purchased bid packages and only four (4) firms submitted a bid before the submission deadline. The four (4)firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidders. The bid prices submittal are as follows:

Bidder/Firm's Name:	Amount
Guam Cleaning Masters	$418,422.72
Maids to Order, Inc. dba MTO Maintenance	$104,400.00
General Pacific Services, LLC dba Pacific Waste Systems, LLC	$345,000.00
JJ Global Services	$165,000.00

Executive Manager Ada informed the Board that the lowest total bid amount was in the amount of $104,400.00 from Maids to Order, Inc. dba MTO Maintenance. However, the bidder failed to submit a bid security in the amount of not less than fifteen percent (15%) of the amount of their Total Bid Price. Therefore, pursuant to Section 15 of the Instruction to Bidders, the bidder was deemed non-responsive due to failure to comply with the Invitation For Bid.

The second lowest bidder, JJ Global Services failed to submit the Acknowledgement Receipt form provided in Required Forms of the IFB documents. As this mistake is immaterial and does not prejudice other bidders, having a no effect on price, quantity, quality, delivery, or contractual conditions, a written determination to waive this minor informality is made part of the procurement record.

Management recommends the contract award in the total amount of $165,000.00 to JJ Global Services who has met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations.

After further discussion, on motion duly made by Director Tolan, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-08

The Board hereby approves the contract award for Glass Window Cleaning Services - IFB No. GIAA-001-FY19 to JJ Global Services for a total contract amount of $165,000.00, subject to review by legal counsel.

C. Approval of Board Resolution No. 19-09: Agreement for Legal Services

The third item discussed was the extension of the Agreement for legal services with Fisher & Associates. The extension would be the third of four (4) options to extend.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 19-09

WHEREAS, an Agreement for Legal Services – Conflicts Counsel (the "Conflicts Counsel Agreement") was entered into effective as of December 1, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Fisher & Associates; and

WHEREAS, the Conflicts Counsel Agreement provides for a term of one (1) year with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, on October 27, 2016, by Resolution No. 17-05, the Board of Directors approved the extension of the Conflicts Counsel Agreement for an additional one year period (1st Option) commencing on December 1, 2016, and expiring on November 30, 2017, under the same terms and conditions as set forth in the Conflicts Counsel Agreement; and

WHEREAS, on October 26, 2017, by Resolution No. 18-03, the Board of Directors approved the extension of the Conflicts Counsel Agreement for an additional one year period (2nd Option) commencing on December 1, 2017, and expiring on November 30, 2018, under the same terms and conditions as set forth in the Conflicts Counsel Agreement; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of conflicts legal counsel and that it is in the best interests of GIAA to extend the term of the Conflicts Counsel Agreement for an additional one (1) year period (3rd Option) commencing on December 1, 2018, and expiring on November 30, 2019, under the same terms and conditions as set forth in the Conflicts Counsel Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the Conflicts Counsel Agreement for an additional one (1) year period commencing on December 1, 2018, under the same terms and conditions as set forth in the Conflicts Counsel Agreement.

24 bills on session agenda

By Kevin Kerrigan
kevin@postguam.com

Twenty-four bills and a veto override are on the agenda for the November legislative session scheduled to begin Wednesday.

Sen. Tom Ada is seeking to override Gov. Eddie Calvo's veto of his Bill 28-34. Rejecting the bill last month, the governor said both the attorney general and the General Services Agency opposed the measure.

Bill 28 sought to improve Guam's protest-plagued procurement process by expanding the right to protest and establishing a time limit for a decision to be made on any protest.

However, in his veto message, the governor said the bill would lead to ambiguity and "a multiplicity of frivolous protests" because it would allow anyone who shows interest in the procurement to file a protest even if they never submitted a bid or offer.

Some concern was expressed during last week's Rules Committee hearing about the number of bills set to be heard during the three-day session.

Ada said, realistically, senators cannot get through all 24 bills in three days. One day has to be set aside for voting, he added.

A motion from Sen. Telena Nelson was adopted to permit the seven senators who introduced the 24 bills to prioritize their two most important measures to be acted on first. Then, if time permits, their other bills would be considered.

The bills selected as priorities are:

• Bill 365-34 was introduced by Nelson relative to the adoption of peace officer physical fitness qualifications and training standards.

• Bill 144-34 was introduced by Nelson to establish the Guam Landlord and Tenant Rental Act.

• Bill 344-34 was introduced by Sen. Therese Terlaje relative to expediting distribution of Guam World War II claims to awardees who die before receiving the award.

• Bill 342-34 was introduced by Ada to authorize the Chamorro Land Trust Commission to enter into a 50-year lease with the Guam Racing Federation to continue the Guam Raceway Park.

• Bill 236-34 was introduced by Ada to establish new rules to enable the Guam Environmental Protection Agency to more effectively prevent, prepare for and respond to the possibility of an oil spill.

• Bill 267-34 was introduced by Sen. Mary Torres to enhance procedural protections within the civil service commission in favor of increasing due process for classified government of Guam employees.

• Bill 238-34 was introduced by Sen. Louise Muña to update the definition of violent crimes as they relate to criminal injuries compensation.

• Bill 274-34 was introduced by Sen. Fernando Esteves to exempt vehicle inspection fees from being applied to the gross income of safety inspection stations for the purpose of assessing business privilege taxes.

• Bill 211-34 was introduced by Esteves to prioritizing the procurement process for supplies or services deemed necessary to protect the interests of the territory and requiring a bond to be posted when a procurement protest is filed.

• Bill 42-34 was introduced by Sen. Dennis Rodriguez Jr. to establish qualified tax-exempt ABLE savings accounts designed to provide secure funding for disability-related expenses without supplanting other sources.

• Bill 347-34 was introduced by Rodriguez to pay special tribute to all veterans who served in the Korean War by designating a portion of Route 7 as "Korean War Veterans Drive."

• Bill 366-34 was introduced by Ada to appropriate $3.5 million from the Healthy Futures Fund to the Department of Public Health and Social Services for the local matching requirement for the Medicaid program.

• Bill 354-34 was introduced by Ada to transfer Guam Regional Medical City's annual $700,000 community contribution to the Guam Economic Development Authority into the Healthy Futures Fund to supplement the local matching requirement for the Medicaid program.

Girl Scouts cookie presales started; boxes now $5

By Meghan Swartz
meghan@postguam.com

Your favorite Girl Scout cookies won't be on island until Jan. 12, but cookie presales have begun.

Cookie presales began Nov. 9 and will continue through Nov. 30. Those interested in ordering ahead of time can order through any Girl Scout or by calling the Guam Girl Scouts office at 671-646-5652. Guam Girl Scouts accounting associate Melanie Reyo said scout leaders will do their best to connect people with a Girl Scout in the buyers' area from whom they can order directly.

The 2019 cookie season will see a few changes, including increased prices, as boxes will now sell for $5 each, up from $4 last year. Reyo said the price increase is due to higher shipping and supply prices.

The gluten-free Caramel Chocolate Chip Cookie is the only new flavor to debut this year, but unfortunately it is available for purchase only in the states at this time, Reyo said.

Last year, Reyo said approximately 92,000 boxes of cookies were sold on Guam. At $4 per box, that comes out to $368,000. All of that money stays on Guam, Reyo said.

According to the national Girl Scouts website, local councils typically receive up to 75 percent of the local retail price, as each council determines its revenue structure based on the cost for the council to buy cookies. These net proceeds are used to fund Guam Girl Scouts programs and projects throughout the year.

Teacher in diploma scam must avoid partner, others

By Tihu Lujan
tihu@postguam.com

The high school teacher accused of issuing fake diplomas was ordered to cease contact with several people, as reaffirmed during a hearing Wednesday at the Superior Court of Guam.

Andrea Maanao Cruz, a teacher at George Washington High School, appeared in court for her first trial setting Wednesday.

Judge Anita Sukola of the Superior Court of Guam was looking over a list of stay-away orders for Cruz and said she had "quite a few."

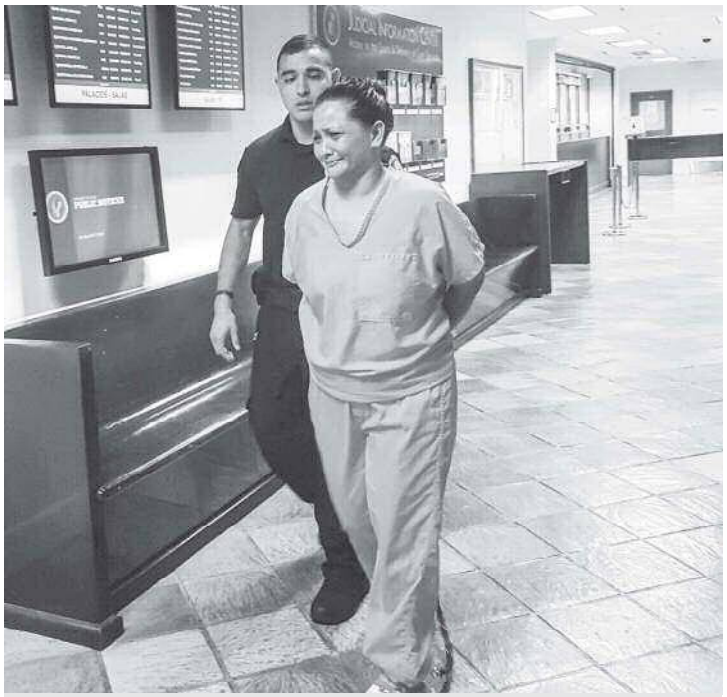
Cruz is also required not to discuss the case with her life partner, who wasn't charged or arrested in relation to the alleged crime.

Joaquin Arriola Jr., defense counsel for Cruz, said he recently received 200 pages of discovery, which he told Sukola he needed to review.

The defendant will next be in court on Jan. 16.

> Judge Anita Sukola of the Superior Court of Guam was looking over a list of stay-away orders for Cruz and said she had "quite a few."

300 students affected



Cruz was arrested on Oct. 17 following an investigation into the Believe, Achieve, Motivate private tutoring school. She has pleaded not guilty.

She allegedly started B.A.M. in late 2017 and had provided approximately 300 students with B.A.M. diplomas and transcripts. The institution caught the attention of authorities after students attempted to enroll at Guam Community College using B.A.M. diplomas and transcripts.

The diplomas also allegedly used the logo for the Guam Department of Education. Both GCC and GDOE have denied any affiliation with B.A.M.

A nearly 350-student drop in high school enrollment for school year 2017-2018 may be attributable to the alleged diploma scam, according to the Guam Department of Education.

Cruz is accused of official misconduct and possession of methamphetamine. She was allegedly found with the drug during her arrest.

Construction company cited after land clearing

By Tihu Lujan
tihu@postguam.com

A construction company clearing forested land along a Maite cliff line recently has been instructed to halt their work after failing to obtain the proper permits. The entity responsible for contracting the construction work has yet to be identified.

UMS Equipment Rental was issued a field citation Tuesday by the Guam Environmental Protection Agency.

"We instructed UMS to cease work until the proper permits are obtained," said Nic Rupley Lee, Guam EPA acting deputy administrator and public information officer.

Lee said he believed the company was only permitted to clear the land, which is located off Marine Corps Drive in East Hagåtña and just below the Bayview Baptist Church along the Maite cliff line.

Investigation

Despite the permit's limitations, heavy equipment was used to grade, or carve soil, at the lot. Lee said there's an active investigation into the company's earth-moving activity. Guam EPA will determine how to address UMS overstepping the parameters of the permit.

Lee could not immediately identify the entity that contracted UMS to clear the land, but indicated the company is listed in Guam EPA permits.

ON HOLD: *Vehicles pass an area that had been cleared along Marine Corps Drive in East Hagåtña just below the Bayview Baptist Church along the Maite cliff line. The use of heavy equipment to carve soil at the site has been halted after the issuance of a field citation. A permit had been issued for the clearing of the land, but not for grading.*

6. NEW BUSINESS

A. Approval of Award for Purchase and Delivery of Vehicles FY18 - IFB No. GIAA-001-FY18

The first matter discussed was the approval of award of the Purchase and Delivery of Vehicles FY18 under the Invitation For Bid No. GIAA-001-FY18.Deputy Executive Manager Martinez provided background information to the Board on the referenced IFB. Seven (7) firms/individuals purchased or downloaded bid packages, and three (3) firms submitted a bid before the submission deadline. The three (3) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittals are as follows:

BIDDER'S NAME	ITEM No. 1.0	ITEM No. 2.0	ITEM No. 3.0	ITEM No. 4.0	ITEM No. 5.0	ITEM No. 6.0
Triple J Enterprises, Inc.	$72,750.00	$38,800.00	$40,200.00	NO BID	NO BID	$41,490.00
Cars Plus, LLC	$64,500.00	$29,852.00	$36,592.00	NO BID	$81,000.00	NO BID
Monster Auto Corp. dba Auto Sport	$74,985.00	NO BID	NO BID	NO BID	NO BID	NO BID

Deputy Executive Manager Martinez informed the Board that the total contract award for this bid is $253,434.00. Funding for this bid is available under the O&M budget or CIP grant funding. Pursuant to the guidelines in Item 9 of the Instruction to Bidders, the award of contract will be made to the lowest responsible, responsive bidder for each item bid, provided the bid is reasonable and in the best interest of GIAA. Triple J Enterprises, Inc. and Cars Plus, LLC have been determined to have met the standards of responsibility and responsiveness outlined in the Guam Procurement Regulations. Therefore, Management recommends the contract awards be made according to the following:

Item & Description:	**Awarded To:**	**Total Amount:**
Item 1.0: Small Sports Utility Vehicles; 3 each	Cars Plus, LLC	$64,500.00
Item 2.0: Mid Size SUV Sports Utility Vehicle; 1 each	Cars Plus, LLC	$29,852.00
Item 3.0: Full-Size SUV Sports Utility Vehicle; 1 each	Cars Plus, LLC	$36,592.00
Item 4.0: Full-Size SUV Sports Utility Vehicle (Extended Wheelbase, 130"); 1 each	NO BID	NO BID

Item 5.0: Police Pursuit Vehicles (4-Door Sedan Model); 2 each	Cars Plus, LLC	$81,000.00
Item 6.0: 15 Passenger Van; 1 each	Triple J Enterprises, Inc.	$41,490.00
	TOTAL CONTRACT AWARD:	**$253,434.00**

Director Alcorn brought attention to a possible typographical error on page two (2) of the Bid Evaluation and Recommendation Memorandumregarding the bid by Auto Spot. Mr. Henry Cruz of Procurement acknowledged the error and informed the Board that the correct bid by Auto Spot for Item 1.0 was $74,985.

Vice Chairperson Sgro inquired if these are replacement vehicles. Mr. Cruz replied that they are additional vehicles.Chairman Duenas asked what divisions these vehicles would be assigned to. Deputy Executive Manager informed the Board that the will be used by Airport Police, Operations and Administration. Discussion followed on the life cycle of the official vehicles, with Air Terminal Manager, Mr. Gerard Bautista announcing that there are 2003 vehicles still being utilized.

Director Alcorn inquired on the vehicle that got no bid. Air Terminal Manager announced that this vehicle was for ARFF and had specific requirements so it will go back out for bid.

After further discussion, on motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 19-02

The Board hereby approves the contract award forPurchase and Delivery of Vehicles FY18 - IFB No. GIAA-001-FY18 to Triple J Enterprises, Inc. in the amount of $41,490.00 for Bid Item 6.0, and Cars Plus, LLC in the total amount of $211,944.00 for Bid Items 1.0, 2.0, 3.0 and 5.0; for a total contract amount of $253,434.00, subject to review by conflicts counsel.

B. Ratification of Quarterly Travel

Deputy Executive Manager Martinez presented the quarterly travel from July to September 2018 for ratification by the Board.

Vice Chairperson Sgro inquired if the travel presented falls within the travel budget, and if it is a annual or monthly allocation. Air Terminal Manager informed the Board that the travel budget is compiled by all divisions, the travel calendar then gets approved as part of the annual budget. Every division submits travel requests prior to the budget getting approved.

After further discussion, on motion duly made by Director Gerber, seconded by Director Alcorn, the following resolution was unanimously approved:

Resolution No. 19-03

The Board hereby ratifies the FY2018 4th quarter travel report from July to September 2018 as presented.

At this time, Deputy Executive Manager Martinez announced that he had a Travel Request for Board approval for Chairman Duenas and Executive Manger Ada to travel to San Francisco, California on November 12-13, 2018 to attend the Ninth Circuit Hearing for the Crawford vs. A.B. Won Pat International Airport Authority, Guam matter.

Chairman Duenas announced that he is recusing himself from the discussion.

Vice Chairperson asked for clarification, if the request was for two (2) travelers. The Deputy Executive Manager replied yes.

After further discussion, on motion duly made by Director Gerber, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-04

The Board hereby approves the Official Travel Request for Chairman Ricardo Duenas and Executive Manager Charles H. Ada II to travel to San Francisco, California on November 12-13, 2018 to attend the Ninth Circuit Hearing for the Crawford vs. A.B. Won Pat International Airport Authority, Guam matter.

ANTONIO B. WON PAT INTERNATIONAL AIRPORT, GUAM
SIGNATORY AIRLINE OPERATING AGREEMENT AND TERMINAL BUILDING LEASE

This Signatory Airline Operating Agreement and Terminal Building Lease (the "Agreement"), made and entered into this _____, by and between the A.B. Won Pat International Airport Authority, Guam, (hereinafter referred to as "AUTHORITY"), and _____, an air transportation company authorized to do business in Guam (hereinafter referred to as "AIRLINE").

WITNESSETH:

WHEREAS, the Government of Guam has established the AUTHORITY (12 GCA § 1101 et seq.) to own and operate the Antonio B. Won Pat Guam International Air Terminal (the "Airport") and has the power to grant rights and privileges with respect thereto; and

WHEREAS, AIRLINE is a corporation primarily engaged in the business of providing Air Transportation of persons, baggage, property, cargo, and mail; and

WHEREAS, AIRLINE desires to lease certain premises and use certain facilities, and acquire certain rights and privileges from AUTHORITY in connection with its use of the Airport and AUTHORITY is willing to lease and grant same to AIRLINE under the terms and conditions hereinafter stated; and

WHEREAS, AUTHORITY has the power and authority to enter into this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and considerations herein contained, the AUTHORITY and AIRLINE agree as follows:

ARTICLE 1. DEFINITIONS

Section 1.01. Definitions.

The words and phrases in this section shall have the following meanings when used elsewhere in this Agreement. All other words and phrases that are not specifically defined herein are to have the meanings set forth in the Bond Indenture. If not defined specifically in this Agreement or the Bond Indenture, then such shall be according to common usage or by law.

1.01.01 "Air Transportation" shall mean the carriage for hire of persons, baggage, property, cargo, and mail by aircraft.

1.01.02 "Aircraft Arrivals" shall mean any aircraft arrivals at the Airport (including, without limitation, scheduled, charter, sightseeing, training, test, ferry, courtesy, and inspection flights, or any other flights) operated by an Air Transportation company. Aircraft Arrivals shall not include any flights by aircraft owned or operated by the U.S. Government, or any aircraft returning to the Airport as the result of an equipment failure, passenger emergency,

meteorological, or other precautionary reason without first landing at another airport.

1.01.03 "AIRLINE" hereunder means the entity that has executed this Agreement and that is identified in the first paragraph of this Agreement. However, and notwithstanding anything to the contrary herein, for purposes of the enjoyment of the rights conferred on AIRLINE hereunder, it is agreed that any Airline Affiliate (as defined herein) of AIRLINE shall have the rights afforded AIRLINE hereunder, including the right to use the premises leased hereunder to AIRLINE, without payment of any additional charges or premiums, it being agreed that such Airline Affiliate shall be entitled to signatory rates and charges hereunder and that AIRLINE and any Airline Affiliates shall be counted as one airline for purposes of computing any shared use or joint use charges; provided, however, that AIRLINE shall be responsible for the actions (including the payment of any activity fees incurred by) any such Airline Affiliate while such Airline Affiliate operates at the Airport until AIRLINE gives the AUTHORITY ninety (90) days advance written notice that AIRLINE will no longer be responsible for the actions (or activity fees) of such Airline Affiliate, at which time such Airline Affiliate may enter into its own agreement with AUTHORITY.

1.01.04 "Airline Affiliate" shall mean any Air Transportation company, to the extent that such Air Transportation company (i) is a parent or subsidiary of AIRLINE, or (ii) shares flight codes or livery with AIRLINE at the Airport, or (iii) otherwise operates under AIRLINE's trade name at the Airport, provided that no major airline, as such term is defined by the FAA, shall be classified as an Affiliate of another major airline.

1.01.05 "Airline Employees" shall mean airline crew, and other airline employees traveling on a non-revenue basis, but shall not include dependents of airline employees.

1.01.06 "Airport" shall mean the Antonio B. Won Pat International Airport, Guam, as shown on Exhibits A and B attached hereto and made a part hereof, as the same may change from time to time, together with all related facilities owned or operated or acquired by AUTHORITY, as further defined in the Bond Indenture.

1.01.07 "Airport Cost Centers" shall mean direct cost areas to be used in accounting for Airport revenues and expenses and for calculating and adjusting rents and fees described herein, as shown on Exhibits A and B, as more particularly described below:

A. "Airfield Area" shall mean those areas of civil cost responsibility of the Airport, as shown on Exhibits A and B, as they exist or as they may hereafter be expanded, modified, changed, or developed, that provide for the landing, takeoff, taxiing, parking (other than in the Apron Area), or other operations of aircraft. The Airfield Area includes the runways, taxiways, approach and clear zones, safety areas, infield areas, landing and navigational aids, and other facilities and land areas at the Airport required by or related to aircraft operations.

B. "Apron Area" shall mean the areas of the Airport, as shown on Exhibits A and B, as they now exist or as they may hereafter be expanded, modified, changed or developed, that are dedicated to the parking, servicing, and ground handling of aircraft.

C. "Terminal Area" shall mean the access roads, public and employee automobile parking areas, and other areas surrounding the Terminal Building as shown on Exhibits A and B, as such areas now exist or as they may hereafter be expanded, modified, changed, or developed.

D. "Terminal Building" shall mean the terminal building serving the airlines together with the associated concourses, as shown on Exhibits A and B, as such areas now exist or as they may hereafter be expanded, modified, changed, or developed.

E. "Other Buildings and Areas" shall mean those portions of the Airport not included in the preceding Airport Cost Centers, including the facilities, installations, and improvements thereon as such areas now exist or as they may hereafter be expanded, modified, changed, developed, or acquired.

1.01.08 "Airport Purpose" shall mean any action or undertaking by AUTHORITY reasonably relating to the operation, maintenance, expansion and development and preservation of the Airport for air commerce.

1.01.09 "Airport Requirement" shall mean all costs and expenses incidental to, necessary for, or arising out of the operation of the Airport, including but not limited to Operation and Maintenance Expenses, Annual Debt Service and coverage on Airport revenue bonds, repayment of loans, and the cost of defending, settling, or satisfying the results of any litigation or threatened litigation directly arising out of the operation and management of the Airport or any aspect thereof.

1.01.10 "Airport Revenue" shall mean Revenues as defined in the Bond Indenture.

1.01.11 "Amortization Requirement" shall mean the annual amount of amortization, based upon the Airport's Capital Improvements program and the Authority's calculation of the resulting annual amortization.

1.01.12 "Annual Debt Service" shall mean the aggregate Annual Debt Service as defined in the Bond Indenture.

1.01.13 "Annual Budget" shall mean the budget of AUTHORITY pertaining to the Airport for any Fiscal Year.

1.01.14 "Apron Use Fee" shall mean the fee charged to AIRLINE for each use by AIRLINE of the Apron Area by AIRLINE's aircraft.

1.01.15 "Arrival Fee" shall mean the fee charged to AIRLINE for each Arriving Passenger carried by AIRLINE.

1.01.16 "Arrivals Facilities" shall mean those Terminal Building facilities used for Arriving Passengers, including customs inspection, inbound baggage handling, baggage claim and certain other areas set forth on Exhibit C attached hereto and made a part hereof.

1.01.17 "Arriving Passengers" shall mean revenue and non-revenue passengers, excluding Airline Employees, arriving at the Airport and terminating their journeys in Guam.

1.01.18 "Bond Funds" shall mean those funds and accounts established by the Bond Indenture and described below in the order in which such funds and accounts are established by the Bond Indenture:

A. "Revenue Fund." All revenues derived from operation of the Airport are deposited into the Revenue Fund. All moneys shall be used and applied in the priority indicated below. The Revenue Fund is more specifically described in Section 8.02.

B. "Operation and Maintenance Fund." Amounts shall be paid out of the Operation and Maintenance Fund by AUTHORITY from time to time for necessary expenses related to the maintenance, operation, repair, and ordinary replacement and reconstruction of the Airport. The Operation and Maintenance Fund is more specifically described in Section 8.02.

C. "Bond Fund." Amounts shall be paid out of the Bond Fund by AUTHORITY from time to time for the required interest and principal due on any Airport revenue bonds outstanding and payable from Airport Revenue. The Bond Fund is more specifically described in Section 8.02.

D. "Bond Reserve Fund." Amounts shall be paid out of the Bond Reserve Fund by AUTHORITY from time to time as necessary for the interest and principal due on any Airport revenue bonds outstanding and payable from Airport Revenue to the extent that other moneys are not available within the Bond Fund. The Bond Reserve Fund is more specifically described in Section 8.02.

E. "Subordinate Securities Fund." Amounts shall be paid out of the Subordinate Securities Fund by AUTHORITY from time to time for the required interest and principal due on any loans or interfund borrowings payable from Airport Revenue that are subordinate to Airport revenue bonds. The Subordinate Securities Fund is more specifically described in Section 8.02.

F. "Operation and Maintenance Reserve Fund." Amounts shall be paid out of the Operation and Maintenance Reserve Fund by AUTHORITY from time to time for necessary expenses related to the maintenance, operation, repair, and ordinary replacement and reconstruction of the Airport to the extent that other moneys are not available in the Operation and Maintenance Fund for such purposes. The Operation and Maintenance Reserve Fund is more specifically described in Section 8.02.

G. "Renewal and Replacement Fund." Amounts shall be paid out of the Renewal and Replacement Fund by AUTHORITY from time to time as necessary for the costs of unanticipated or emergency repairs, renewals, and replacement to the Airport. The Renewal and Replacement Fund is more specifically described in Section 8.02.

H. "Capital Improvement Fund." Amounts in the Capital Improvement Fund shall be available for any lawful purpose of AUTHORITY. The Capital Improvement Fund is more specifically described in Section 8.02.

1.01.19 "Bond Indenture" shall mean the 2003 Indenture relating to the Guam International Airport Authority 2003 General Revenue Bonds, together with any supplemental bond indenture and any future indentures or resolutions, authorizing the issuance of Bonds, other than Special Facility Bonds, payable from Airport Revenue.

1.01.20 "Bonds" shall mean any bond or bonds issued in accordance with the provisions of the Bond Indenture, other authorizing legislation enacted in accordance with the provisions of the Bond Indenture, other authorizing legislation enacted by the Territory as more specifically defined in such Bond Indenture, or such other authorizing legislation enacted by the Territory.

1.01.21 "Capital Improvement" shall mean any single item or a series of substantially similar items having an aggregate net cost in excess of one-hundred thousand dollars ($100,000) and a useful life in excess of five (5) years acquired, purchased, or constructed to improve, maintain, preserve, or develop the Airport.

1.01.22 "Common Use Departure Fee" shall mean the fee charged to AIRLINE for each Enplaned Passenger carried by that AIRLINE that utilizes the Common-Use Ticket Counter Space as designated in Exhibit C.

1.01.23 "Common Use Ticket Counter Space" shall mean the premises leased by AUTHORITY to AIRLINE and one or more other airlines, as more particularly set forth in Exhibit C.

1.01.24 "Conditional Airline Use" shall refer to space, designated in Section 4.02, that is initially assigned to AIRLINE as Exclusive Use Space, but that is subject to reassignment to other Signatory Airlines on the basis of actual usage that is consistently less than the average usage of comparable space at the Airport during the most recent six (6) months, as described more fully in Section 4.03.

1.01.25 "Daily Flight Activity Report" shall mean the daily report provided by AIRLINE to AUTHORITY, that shall include the following data in the format stated by AUTHORITY: flight number, aircraft type, seat capacity, originating daily passengers, terminating daily passengers and transit daily passengers as shown on Exhibit D attached hereto and made a part hereof.

1.01.26 "Date of Beneficial Occupancy" or "DBO" shall mean that date upon which a Capital Improvement is so substantially complete that it is usable by AIRLINE and the public without hazard or undue inconvenience, but in no event later than thirty (30) days after AUTHORITY notifies AIRLINE that the Capital Improvement has been certified by the project architect/engineer as available for public use and airline occupancy.

1.01.27 "Departure Facilities" shall mean those Terminal Building facilities used

for AIRLINE'S Enplaned Passengers including departure lounges, baggage make up, bus gate facilities, security and certain other areas as set forth in Exhibit C.

1.01.28 "Departing Passengers" shall mean revenue and non-revenue passengers, excluding Airline Employees, originating their journey in Guam.

1.01.29 "Deplaned Passengers" shall mean (1) Arriving Passengers, and (2) in-transit passengers arriving at and departing from the Airport on the same flight, or making a connection with another flight; and shall include revenue and non-revenue passengers, excluding Airline Employees.

1.01.30 "Enplaned Passengers" shall mean (1) Departing Passengers and (2) in-transit passengers arriving in and departing from the Airport on the same flight, or making a connection with another flight; and shall include revenue and non-revenue passengers, excluding Airline Employees.

1.01.31 "Departure Fee" shall mean the fee charged to AIRLINE for each Enplaned Passenger carried by that AIRLINE.

1.01.32 "Exclusive Use Space" shall mean the premises leased by AUTHORITY to AIRLINE, as more fully set forth in Exhibit C.

1.01.33 "Executive Manager" shall mean the Executive Manager of AUTHORITY, designated as such by AUTHORITY.

1.01.34 "FAA" shall mean the Federal Aviation Administration of the U.S. Government or any federal agencies succeeding to its jurisdiction.

1.01.35 "Fiscal Year" shall mean the twelve (12) months commencing on October 1 of any calendar year and ending on September 30 of the next succeeding calendar year or any other 12-month period established by AUTHORITY.

1.01.36 "Immigration Inspection Facilities" shall mean those facilities operated by US immigration authorities, including passenger inspection areas and other office and support space.

1.01.37 "Immigration Inspection Fee" shall mean the fee charged by AUTHORITY to AIRLINE for each Deplaned Passenger of that AIRLINE, who uses Airport Immigration Inspection Facilities.

1.01.38 "Joint Airline Use Formula" shall mean the formula used to prorate the specified charge according to the ratio of the number of each Signatory Airline's Enplaned Passengers at the Airport during the most recent month for which such information is available to the total number of enplaning passengers of all Signatory Airline users of a facility or area at the Airport during that same month. The Joint Airline Use Formula may also mean such other formula as may be agreed upon by Signatory Airlines who constitute sixty percent (60%) in number and who pay more than sixty percent (60%) of the rents and fees of the Signatory

Airlines using the service or space based on the most recent twelve (12) month period for which such data are available.

1.01.39 "Joint Airline Use Space" shall mean the premises leased by AUTHORITY to AIRLINE and one or more other airlines, as more particularly set forth in Exhibit C.

1.01.40 "Landing Fee" shall mean the fee charged to AIRLINE for each AIRLINE Aircraft Arrival made at the Airport.

1.01.41 "Loading Bridge Positions" shall mean aircraft parking positions at which the passenger loading bridges owned by AUTHORITY are available and provided to Air Transportation companies for their use.

1.01.42 "Loading Bridge Use" shall mean each Aircraft Arrival which uses a Loading Bridge Position for enplaning and/or deplaning passengers or Airline Employees, excluding use by an aircraft returning to a gate as a result of an equipment failure, passenger emergency, meteorological or other precautionary reason without first landing at another airport.

1.01.43 "Loading Bridge Use Fee" shall mean the fee charged to AIRLINE for each Loading Bridge Use.

1.01.44 "Maximum Certificated Gross Takeoff Weight" shall mean the maximum certificated weight, in one thousand (1,000) pound units, that each aircraft operated by AIRLINE is certificated by either the FAA for U.S. or non-U.S. airlines or the government of the country of origin for non-U.S. airlines, as recited in AIRLINE's flight manual governing that aircraft type. Maximum Certificated Gross Takeoff Weight shall be rounded up to nearest 1,000-pound unit for all landing fee computations. For the purposes of this Agreement, widebody aircraft are those having a Maximum Certificated Gross Takeoff Weight in excess of two hundred and forty thousand (240,000) pounds.

1.01.45 "Monthly Revenue Report" shall mean the monthly report, provided by AIRLINE to AUTHORITY, that shall include the following data in the format stated by AUTHORITY, as shown at Exhibit E attached hereto and made a part hereof:

A. Passenger Data.

i. Deplaned Passengers

A. Arriving passengers: revenue, non-revenue and total categories displayed by domestic, international and total.
B. Inbound in-transit passengers: revenue, non- revenue and total categories displayed by thru, connecting and total.
C. Total deplaned passengers.

ii. Enplaned Passengers

A. Departing Passengers: revenue, non-revenue and total

categories displayed by domestic, international and total.

B. Outbound in-transit passengers: revenue, non- revenue and total categories displayed by thru, connecting and total.

C. Total enplaned passengers.

D. Number of Departing Passengers using the Common Use Ticket Counters.

B. Cargo/Mail Data

iii. Cargo (pounds): revenue, non-revenue and total categories displayed by deplaned, enplaned and total.

iv. Mail (pounds): revenue, non-revenue and total categories displayed by deplaned, enplaned and total.

C. Aircraft operations.

v. Number of aircraft arrivals by aircraft type, and category of scheduled passenger, charter passenger, cargo, other and total.

vi. Aircraft Maximum Certificated Gross Takeoff Weight and Loading Bridge Use.

vii. For the prior month, the number, dates and times of all aircraft parked at the gate and remaining overnight.

1.01.46 "Operation and Maintenance Expenses" shall mean all reasonable and necessary current expenses of AUTHORITY, paid or accrued, for operating, maintaining, and repairing the Airport, as more specifically defined in the Bond Indenture.

1.01.47 "Other Airlines" shall mean, for purposes of allocating Loading Bridge Positions according to Section 4.03, the group of airlines operating scheduled flights at the Airport for more than one quarter of the Fiscal Year that includes, and is limited to, (1) nonsignatory airlines operating scheduled flights at the Airport, and (2) Signatory Airlines not already entitled to a minimum of one Loading Bridge Position according to Section 4.03.

1.01.48 "Passenger Facility Charge" or "PFC" shall mean a charge authorized by Federal Aviation Regulations 14 CPR Part 158 and imposed by AUTHORITY on enplaned passengers (as defined in FAR 14 CFR Part 158) at the Airport, as same may be amended, modified, or supplemented from time to time.

1.01.49 "Public Areas" shall mean those Terminal Building areas not leased on an exclusive or joint use basis, or otherwise, to any person, company, or corporation and which are accessible to the general public. Such areas are shown in Exhibit C.

1.01.50 "Rules and Regulations" shall mean those rules and regulations promulgated by AUTHORITY pursuant to the Administrative Adjudication Act of Guam or operating directives issued by the Executive Manager for the orderly use of the Airport by both the airlines and other tenants and users of the Airport, including the Airport Tariff Schedule, as the same may be amended, modified, or supplemented from time to time.

1.01.51 "Signatory Airlines" shall mean those airlines providing Air Transportation to and from the Airport that have executed substantially similar agreements with AUTHORITY covering the use and occupancy of facilities at the Airport.

1.01.52 "Special Facilities" shall mean structures; hangars; aircraft overhaul, maintenance, or repair shops; heliports; hotels; storage facilities; garages; other facilities; and appurtenances, being a part of and located on the Airport, the cost of the construction or other acquisition of which Special Facilities is financed with the proceeds of Special Facilities Bonds issued pursuant to the Bond Indenture.

1.01.53 "Terminal Building Requirement" shall mean the total amounts summarized in Section 7.04.A, used to calculate the Terminal Building rental rate.

1.01.54 "Total Takeoff Weight" shall mean the sum of the Maximum Certificated Gross Takeoff Weight for all Signatory Airline Aircraft Arrivals over a stated period of time. Said sum shall be rounded up to the nearest one thousand (1,000) pound unit for all landing fee computations.

1.01.55 "Transportation Security Administration" or "TSA" Transportation Security Administration created under the Aviation and Transportation Security Act ("ATSA"), Public Law 107-71 of 2001, as amended, or any successor agency thereto.

1.01.56 "Trustee" shall mean the person, firm, or corporation designated by AUTHORITY to act in a fiduciary capacity with respect to the issuance of Bonds.

1.01.57 "Usable Space" shall mean the gross space in the Terminal Building at the Airport less mechanical and administration space, as more particularly set forth on Exhibit D.

Section 1.02. Cross-References.

All references to articles, sections, and exhibits in this Agreement pertain to material in this Agreement unless specifically noted otherwise.

Section 1.03. Construction of Certain Words.

Words used in this Agreement may be construed as follows:

1.03.01 Number. Words used in the singular include the plural, and words used in the plural include the singular.

1.03.02 Tense. Words used in the present tense include the future as well as the present.

1.03.03 Gender. Words used in the masculine gender include the feminine gender, and words used in the feminine gender include the masculine gender.

ARTICLE 2. TERM

Section 2.01. Term.

When executed, this Agreement shall become effective as of _____, and continue for five (5) years. The parties agree that Guam law (5 GCA § 5127) precludes the AUTHORITY from entering into an agreement for the use of public real property for a term in excess of five (5) years. In the event that 5 GCA § 5127 is amended to exclude or otherwise permit this Agreement prior to the expiration of the initial term, upon mutual agreement of the AUTHORITY and AIRLINE in writing, this Agreement shall be extended for an additional five (5) year term upon the same terms and conditions as provided herein..

ARTICLE 3. RIGHTS AND SPECIFIC PRIVILEGES

Section 3.01. Use of the Airport.

AIRLINE shall have for itself and its employees, passengers, guests, and invitees the unrestricted and unencumbered right to the use (in common with other authorized users) of the Airport and appurtenances, including all facilities, improvements, equipment, and services that have been or may hereafter be provided for common use at or in connection with the Airport, subject to the Rules and Regulations of AUTHORITY.

Section 3.02. Specific Rights of AIRLINE at the Airport.

AIRLINE and any Airline Affiliate shall have the right, in addition to all rights elsewhere granted in this Agreement, but subject to the Rules and Regulations and lawful ordinances of AUTHORITY, to use the Airport for the following purposes:

3.02.01 The operation of an Air Transportation business including all activities reasonably necessary to such operations.

3.02.02 The landing, taking off, flying over, taxiing, pushing, towing, loading, unloading, repairing, maintaining, fueling, conditioning, servicing, parking, storing, and testing of aircraft or other equipment of or operated by AIRLINE, or other certificated Air Transportation companies with which AUTHORITY has an agreement, including the right to provide or handle all or part of the operations or services of such other companies, all of which are subject to the Rules and Regulations of AUTHORITY.

3.02.03 The sale of tickets, documentation of shipments, handling of reservations, and the loading and unloading of persons, baggage, property, and mail at the Airport by such motor vehicles or other means of conveyance as AIRLINE may desire to use in the operation of its Air Transportation business. Any ground transportation commercial carrier (including AIRLINE, except for such ground transportation as AIRLINE may provide solely for the benefit of its employees and passengers without charge, and except for such ground transportation as AIRLINE's direct vendor may provide solely for the benefit of AIRLINE's employees without charge) regularly transporting persons or their baggage to, from or within the Airport shall first

secure and thereafter hold a valid lease, license, or other agreement with AUTHORITY for the right to carry persons or their baggage to, from or within the Airport and shall pay AUTHORITY such rents, fees, and percentages of the fares of such ground transportation commercial carrier for such rights, as AUTHORITY may set by agreements, ordinances, or Rules and Regulations.

3.02.04 The training at the Airport of persons and testing of aircraft and other equipment, such training and testing to be limited to that incidental to AIRLINE's Air Transportation business at the Airport. Flight training undertaken by AIRLINE will be subject to the conditions of the Rules and Regulations of AUTHORITY.

3.02.05 The purchase of AIRLINE's requirements of personal property or services, including fuel, lubricants, food, beverage, and other passenger supplies and any other materials and supplies used by AIRLINE from any person or company of AIRLINE's choice, and the making of agreements with any person or company of AIRLINE's choice for services to be performed for AIRLINE that are incidental to the operation of AIRLINE's Air Transportation business. Nothing herein shall restrict AUTHORITY from levying a reasonable nondiscriminatory concession fee on any other person or company for conducting business at the Airport.

3.02.06 The sale or disposal of AIRLINE's aircraft engines, accessories, and other equipment, and materials or supplies, provided that such right shall not be construed as authorizing the conduct of a separate regular business by AIRLINE, but as permitting AIRLINE to perform only such functions for itself and other Air Transportation companies as are incidental to the conduct or operation of its Air Transportation business. Airline may sell fuel and lubricants to the extent such items are not otherwise available at the Airport.

3.02.07 The servicing by AIRLINE, or by its suppliers of materials, or its furnishers of services and maintenance, of aircraft and other equipment operated by AIRLINE or by other Air Transportation companies or the U.S. Government with which AIRLINE has an applicable agreement for handling, maintenance, or other materials or supplies, at reasonable locations designated by the Executive Manager

3.02.08 The installation and operation of identifying signs, posters, and graphics on AIRLINE's leased premises, subject to the prior written approval of the Executive Manager. Such signs shall be substantially uniform in size, type, and location with those of other airlines, consistent with AUTHORITY's graphic standards, the Rules and Regulations, and in compliance with all applicable laws and ordinances.

3.02.09 The installation, maintenance, and operation of radio, meteorological, and aerial navigation equipment and facilities at suitable locations on the Airport as may be necessary or convenient in the opinion of AIRLINE for its operations; provided that the location of such equipment and facilities shall be subject to the prior written approval of the Executive Manager.

3.02.10 The installation, maintenance, and operation of computer data lines, telephone communications equipment and associated conduits, and telephone communications

switchgear and support computers including electronic ticketing machines for passenger and airline employee use, at suitable locations on the Airport, as may be necessary or convenient in the opinion of AIRLINE for its operations; provided that the location of such equipment and facilities shall be subject to the prior written approval of the Executive Manager.

3.02.11 The installation, maintenance, and operation of passenger clubs, lounges, or VIP rooms in AIRLINE's Exclusive Use Space, subject to the approval of the Executive Manager and provided that such right shall not be construed as authorizing the conduct of a separate regular business by AIRLINE, but as permitting AIRLINE to perform only such functions as are incidental to the conduct or operation of its Air Transportation business. AIRLINE may permit passengers of other airlines and other persons of AIRLINE's choice to use its passenger clubs, lounges, or VIP rooms.

Section 3.03. Limitations on Use by AIRLINE.

In connection with the exercise of its rights under this Agreement, AIRLINE shall not:

3.03.01 Do or permit its agents, employees, directors, or officers to do anything at or about the Airport that may interfere with the effectiveness or accessibility of the drainage and sewage system, electrical system, air conditioning system, fire protection system, sprinkler system, alarm system, fire hydrants and hoses, if any, installed or located on or within the premises of the Airport.

3.03.02 Do or permit its agents, employees, directors, or officers to do any act or thing upon the Airport that will invalidate or conflict with any fire or other casualty insurance policies (copies of which, together with premium schedules, shall be furnished to AIRLINE on request) covering the Airport or any part thereof. If AIRLINE does or permits its agents, employees, directors, or officers to do any act or thing upon the Airport that results in an increase in the cost of any fire or other casualty insurance policies for common or joint use areas, AIRLINE shall be liable for such increase. In such event, AUTHORITY will provide written notice to AIRLINE and provide AIRLINE an opportunity to cure the act or thing causing an increase in the cost of any fire or other casualty insurance policies. AIRLINE may cure the act or thing or, if not inconsistent with Article 13 herein, may continue to do the act or thing and pay such increase.

3.03.03 Dispose of or permit its agents, employees, directors, or officers to dispose of any waste material taken from or products used (whether liquid or solid) with respect to its aircraft into the sanitary or storm sewers at the Airport unless such waste material or products first be properly treated by equipment installed with the approval of the Executive Manager for that purpose. For purposes of this section "treated" shall mean processed in accordance with applicable Federal (including the Environmental Protection Agency), Territorial or local laws, codes, rules, regulations and/or sound commercial practice.

3.03.04 Keep or store, during any twenty four- (24) hour period, flammable liquids within the enclosed portion of the premises in excess of AIRLINE's working requirements during said 24-hour period, except in storage facilities especially constructed for such purposes in

accordance with standards established by the National Board of Fire Underwriters, and approved by the Executive Manager from the standpoint of safety, and to comply with any other applicable law. Any such liquids having a flash point of less than one hundred degrees Fahrenheit (100-F) shall be kept and stored in safety containers of a type approved by the Underwriters Laboratories.

3.03.05 Do or permit its agents, employees, directors, or officers to do any act or thing upon the Airport that will be in conflict with FAR Part 139 or jeopardize the Airport's compliance with FAR Part 139, as same may be amended, modified, or supplemented from time to time.

3.03.06 Do or permit its agents, employees, directors, or officers to do any act or thing in conflict with the Airport's TSA and/or FAA-approved security plan.

3.03.07 Display or sell, exchange, offer, or deliver or permit its, agents, employees, directors, officers, to sell, exchange, or deliver any duty paid or duty free merchandise at the Airport, unless such agents, employees, directors or officers have a written agreement between themselves and the AUTHORITY to do so.

ARTICLE 4. PREMISES

Section 4.01. Terminal Building Space.

4.01.01 From the date of this Agreement, AIRLINE hereby leases the areas (hereinafter referred to as AIRLINE's "Exclusive Use Space" and "Joint Airline Use Space") in the Terminal Building as more particularly delineated on Exhibit C.

4.01.02 Subsequent modification of areas occupied by AIRLINE shall be accomplished by the Executive Manager and AIRLINE executing an amendment to this Agreement including a revised Exhibit C.

Section 4.02. Use of Leased Premises.

4.02.01 AIRLINE shall use its Exclusive Use Space, subject to AUTHORITY's Rules and Regulations, for office purposes and the sale of Air Transportation, handling, ticketing including electronic ticketing machines, billing, and manifesting of passengers, baggage, cargo, property, and mail in the conduct of its Air Transportation business or on behalf of any other Air Transportation company with which AUTHORITY has an agreement.

4.02.02 AIRLINE shall use the Joint Airline Use Space for purposes designated in Exhibit C or such other purposes as from time to time designated by the Executive Manager.

4.02.03 Conditional Airline Use Ticket Counter Positions. Given the limited ticket counter space in the terminal and in light of the public interest, ticket counter positions designated on Exhibit C as Exclusive Use Space shall be Conditional Airline Use space. If the use of these ticket counter positions is required to accommodate the requirements of another Signatory Airline and AIRLINE's utilization of these ticket counter positions is consistently less than the average daily utilization at the Airport for all ticket counter positions for the previous six

months, AUTHORITY may assign (following timely consultation with AIRLINE and other affected parties) another Signatory Airline use of a portion of these ticket counter positions, beginning with Conditional Airline Use ticket counter positions that have the lowest average utilization, and considering the proximity of the ticket counter positions to the required location, as follows:

A. Shared Use. AUTHORITY may assign one or more other Signatory Airlines to use all or a portion of AIRLINE's Conditional Airline Use ticket counter positions for designated periods of time when AIRLINE is not using these ticket counter positions, subject to the other Signatory Airline(s) indemnifying AIRLINE for liability arising from such use. If the Conditional Airline Use ticket counter positions are shared with another Signatory Airline, the other Signatory Airline shall pay AIRLINE an average daily rate (calculated as the monthly rental divided by the number of days in the month) for any and each day such counter positions are used. If other Signatory Airlines are assigned to use AIRLINE's Conditional Airline Use ticket counter positions, on a shared use basis, AIRLINE's obligation to pay rent on the affected ticket counter positions will continue. AIRLINE shall be entitled to recover a pro rata portion of the rent plus no more than fifteen percent (15%) for administration from other Signatory Airlines using the affected ticket counter positions.

B. Reassignment. Authority may assign one or more other Signatory Airlines to use all or a portion of AIRLINE's Conditional Airline Use ticket counter positions on an exclusive basis, for an indefinite period of time, subject to the conditions set forth in this Section 4.02(C). If AIRLINE's Conditional Airline Use ticket counter positions are reassigned in this manner, AIRLINE's obligation to pay rent on the affected ticket counter position ceases upon the effective date of such reassignment.

4.02.04 Assignment of Common-Use Ticket Counter Positions. To achieve maximum flexibility in obtaining the highest and best use of available ticket counter positions, the AUTHORITY shall allocate the Common-Use Ticket Counter Space to airlines on the basis of the monthly schedule of Aircraft Arrivals and departures submitted by airlines sixty-five (65) days in advance of each quarter of the Fiscal Year. Sixty (60) days prior to the beginning of each quarter during the Fiscal Year, AUTHORITY shall provide AIRLINE with a schedule presenting the ticket counter positions assigned to AIRLINE.

Section 4.03. Assignment of Loading Bridge.

Passenger loading bridges and aircraft parking positions are, and will continue to be, owned and operated by AUTHORITY and not exclusively used by any airline. To achieve maximum flexibility in obtaining the highest and best use of available Loading Bridge Positions, AIRLINE will submit to AUTHORITY a monthly schedule of Aircraft Arrivals and departures sixty-five (65) days in advance of each quarter of the Fiscal Year. AUTHORITY will determine which of the available Loading Bridge Positions will be used for each Aircraft Arrival and departure.

4.03.01 Sixty (60) days prior to the beginning of each quarter during the Fiscal Year, AUTHORITY shall provide AIRLINE with a schedule presenting the number of Loading Bridge Positions allocated to AIRLINE , and the resulting assignment of Aircraft Arrivals and

departures.

4.03.02 In the event that AIRLINE's submitted schedule of Aircraft Arrivals and departures does not indicate a need for the total number of AIRLINE's allocated Loading Bridge Positions, the unassigned Loading Bridge Positions shall be available for use by other airlines as determined by the AUTHORITY. In addition, AIRLINE's allocated Loading Bridge Positions shall be available for use by other airlines during those times of day when AIRLINE's allocated Loading Bridge positions are not required for AIRLINE's scheduled Aircraft Arrivals and departures, provided, however, that such use by other airlines shall not at any time preclude AIRLINE's use of its allocated Loading Bridge Positions for AIRLINE's scheduled operations.

4.03.03 AIRLINE's allocated Loading Bridge Positions and associated Apron Area shall be available to AIRLINE for use to stage and store its ground service equipment in areas designated by AUTHORITY. AIRLINE shall cooperate with other users of Loading Bridge Positions to relocate its parked ground service equipment as may be reasonable and necessary to provide adequate space and clearance for the maneuvering of other users' ground support equipment in servicing such other users' aircraft operations at the Loading Bridge Position. In the event of conflict in the use of designated areas for parking, ground service equipment, AIRLINE will comply with AUTHORITY's determination.

4.03.04 Other Airlines shall be allocated priority in the assignment of Loading Bridge Positions according to Other Airlines' share of airline traffic at the Airport, as determined by AUTHORITY. AUTHORITY shall determine the assignment of Loading Bridge Positions for the scheduled Aircraft Arrivals and departures of Other Airlines, based on the allocated number of Loading Bridge Positions.

4.03.05 Accommodation of Excess Scheduled Flights. In the event that AIRLINE's submitted schedule of Aircraft Arrivals and departures indicates a need for more than the number of AIRLINE's allocated Loading Bridge Positions, either (1) AIRLINE's excess scheduled flights will be assigned to allocated Loading Bridge Positions not scheduled for use by other airlines, as determined by the AUTHORITY, or (2) in the event that no unscheduled Loading Bridge Positions are available, AIRLINE's excess scheduled flights will be assigned to other available aircraft parking positions at the Airport.

Following is the order of priorities for assignment of excess scheduled flights:

A. AIRLINE will be given priority in the assignment of Loading Bridge Positions based on the size of the aircraft scheduled for operation. Widebody aircraft will have priority over narrowbody aircraft, excluding charter, non-scheduled, and extra-section flights.

B. Signatory Airlines will have priority in the assignment of Loading Bridge Positions over nonsignatory airlines.

C. Scheduled flights will have priority in the assignment of Loading Bridge Positions over nonscheduled flights.

D. Originating and through flights will have priority in the assignment of Loading Bridge Positions over terminating flights.

E. Stated airline gate preferences will be given consideration in the assignment of Loading Bridge Positions, and AUTHORITY will use commercially reasonable efforts to assign Loading Bridge Positions in proximity to AIRLINE's ramp-level operations space to the extent such assignment does not conflict with other provisions of this Section 4.03.

4.03.06 Use of Assigned Loading Bridge Positions. The following rules shall apply to the use of assigned Loading Bridge Positions (not in order of priority):

A. Originating widebody aircraft flights shall occupy the Loading Bridge Position for a maximum of one and one half (1-½) hours prior to the scheduled time of departure.

B. Originating narrowbody aircraft flights shall occupy the Loading Bridge Position for a maximum of forty-five (45) minutes prior to the scheduled time of departure.

C. Through flights and turnaround flights shall occupy the Loading Bridge Position for a maximum of two (2) hours.

D. Terminating widebody aircraft flights shall occupy the Loading Bridge Position for a maximum of forty-five (45) minutes after the scheduled time of arrival.

E. Terminating narrowbody aircraft flights shall occupy the Loading Bridge Position for a maximum of thirty (30) minutes after the scheduled time of arrival.

F. Aircraft exceeding the maximum times listed in items A through E above may be subject to repositioning or additional fees, at the sole option of the AUTHORITY, if a requirement for the occupied Loading Bridge Position exists. In the event that both affected flights are AIRLINE's flights, AIRLINE may at its option maintain said aircraft at the assigned Loading Bridge Position and subject AIRLINE's other aircraft to repositioning.

G. Flight delays of more than twenty (20) minutes from the scheduled time of departure or arrival may result in reassignment or loss of the assigned Loading Bridge Position or other aircraft parking position, if a requirement for the Loading Bridge Position or other aircraft parking position exists.

4.03.07 Although the above preferred priority ranking is hereby established, conditions at the time of assignment of Loading Bridge Positions or other aircraft parking position may necessitate deviation from the listed factors to enable more effective use of available aircraft parking positions, provided however, AUTHORITY will use commercially reasonable efforts to ensure the preferred priority ranking is adhered to at all times.

In the event that the application of the priorities in this Section 4.03 is not sufficient to remove all scheduling conflicts, AUTHORITY, working with the airlines, will resolve such conflicts, considering the priorities in this Section 4.03.

AUTHORITY shall allocate aircraft parking positions that do not have Loading Bridges to Signatory Airlines and Air Transportation companies operating aircraft weighing less than 100,000 pounds Maximum Certificated Gross Takeoff Weight.

Section 4.04. Reassignment of Leased Premises.

From time to time during the term of this Agreement, it may become necessary for the Executive Manager to reassign, allocate, or relocate all or part of AIRLINE's premises referred to in Exhibit C subject to the following conditions:

A. The Executive Manager shall have the right to reassign, reallocate, or relocate all or part of the premises referred to in Exhibit C; provided however, that only in the event of the occurrence of the following extraordinary circumstances may the Executive Manager make such reassignment, reallocation, or relocation:

1. To comply with a rule, regulation, or order of any federal, territorial, or other governmental agency that has jurisdiction over AUTHORITY in its capacity as operator of the Airport.

2. To implement a Capital Improvement at the Airport that has undergone review pursuant to Section 5.01.

B. If it becomes necessary to make adjustments in AIRLINE's Exclusive or Joint Airline Use Space, the Executive Manager shall arrange for all parties holding affected space to discuss reassignment, reallocation, or relocation of their space among themselves. If the parties do not reach agreement within thirty (30) days from the time the Executive Manager requests such discussions, the Executive Manager is authorized to make such decisions regarding reassignment, reallocation, or relocation for each of the parties (including AIRLINE). If the Executive Manager makes decisions (which shall be provided to all parties in writing) regarding reassignment, reallocation, or relocation of AIRLINE's leased premises, AIRLINE shall not be required to:

1. Incur any expense to relocate its operation to other premises that it does not agree to incur.

2. Accept premises not reasonably adequate based upon conditions at the Airport from either a competitive standpoint or an operational standpoint.

3. Pay at its new location rental rates in excess of that amount that it would have been required to pay in its original leased premises.

C. If AUTHORITY is to reassign, reallocate, or relocate AIRLINE's leased premises, the Executive Manager will give AIRLINE notice of its intent to modify all or portions of AIRLINE's leased premises. Within thirty (30) days, AIRLINE will be given an opportunity to meet with the Executive Manager to show cause why the reassignment, reallocation, or relocation should not be made.

D. If AIRLINE does not elect to meet with the Executive Manager, or if the Executive Manager elects to proceed with the reassignment, reallocation, or relocation after meeting with AIRLINE, AUTHORITY shall:

1. Give AIRLINE forty-five (45) days notice of the reassignment, reallocation, or relocation.

2. Reimburse AIRLINE the undepreciated book value of AIRLINE's improvements funded by AIRLINE in the space vacated.

3. Provide new or reconfigured space similar in design and finish to the vacated space subject to reassignment, for which the cost of necessary improvements shall not be the responsibility of AIRLINE.

4. Reassign or reallocate the space to another airline or hold the space without lease commitment or relocate AIRLINE's leased premises.

Section 4.05. AIRLINE Relinquishment of Exclusively Leased Space.

From time to time during the term of this Agreement, it may become necessary for AIRLINE to relinquish exclusively leased space to AUTHORITY. In the event AIRLINE wishes to relinquish exclusively leased space, it will give AUTHORITY notice of its intent to relinquish such space. The notice will identify the specific exclusively leased space to be returned to AUTHORITY. The space identified in AIRLINE's notice will be deemed to be automatically excluded from AIRLINE's leasehold on September 30th in the Fiscal Year in which notice is received by AUTHORITY. AIRLINE will be responsible for the payment of rent through September 30th in the Fiscal Year in which notice is received by AUTHORITY, unless the relinquished space shall be relet or reassigned prior to September 30th, in which case AIRLINE shall only be required to pay rent on that space through the date such lease or assignment is effective or any new tenant occupies the relinquished space.

Section 4.06. Surrender of the Premises.

AUTHORITY shall give no notice to quit possession at the expiration date of the term of this Agreement. AIRLINE covenants and agrees that on expiration of the term of this Agreement, or on earlier termination as hereinafter provided, or on reassignment of the premises to others as hereinafter provided, it will peaceably surrender possession of the premises leased hereunder in good condition, reasonable wear and tear, acts of God, fire, and other casualties not caused by AIRLINE or by its agents, employees or invitees excepted, and AUTHORITY shall have the right to take possession of said premises.

AIRLINE shall have the right, on expiration or termination and within thirty (30) days thereafter, to remove all trade fixtures, equipment, and other personal property installed or placed by it at its expense, in, on, or about the Airport, except that (a) AIRLINE shall not remove fixtures, equipment, and other personal property for which AUTHORITY is to reimburse AIRLINE pursuant to Section 4.04; and (b) AIRLINE's right shall be subject to any valid lien

that AUTHORITY may have thereon for unpaid rents or fees. AIRLINE shall not abandon any of its movable personal property on the premises without the prior written consent of the Executive Manager.

Any and all movable personal property not removed by AIRLINE within the thirty (30) day period shall thereupon, at the option of AUTHORITY, become a part of the land on which it is located, and title thereto shall vest in AUTHORITY. All AUTHORITY property damaged by, or as the result of, the removal of AIRLINE's property shall be restored by AIRLINE, at its own expense, to the condition existing prior to such damage.

Section 4.07. Employee Parking Facilities.

AIRLINE shall have the right to the use of reasonably adequate vehicular parking facilities for its employees, administrative staff, and management at the Airport in common with other employees. Such facilities shall be located in an area designated by the Executive Manager. AUTHORITY shall provide up to four (4) automobile parking positions for use by senior airline management on a 24-hour per day basis in the terminal area. AUTHORITY reserves the right to assess a reasonable charge for such employee parking facilities, based on the cost of providing, operating, and maintaining the facilities.

Section 4.08. Access.

4.08.01 Subject to the provisions hereof, the Rules and Regulations, and such restrictions as AIRLINE may impose with respect to its Exclusive Use Space, AUTHORITY hereby grants to AIRLINE for itself and its agents, suppliers, employees, contractors, subcontractors, passengers, guests, and invitees, the unrestricted and unencumbered right and privilege of access, ingress to, and egress from (1) the leased premises, (2) those areas and facilities designated herein for use by AIRLINE, and (3) Public Areas and public facilities of the Airport. This right shall extend to aircraft, vehicles, machinery, and equipment used by or for the benefit of AIRLINE in its Air Transportation business; provided, however, that AUTHORITY may impose a charge upon AIRLINE's suppliers or furnishers of services in an amount sufficient to recover the costs incurred in the reasonable regulation by AUTHORITY of such suppliers or furnishers of services in the exercise by them of the foregoing right of ingress and egress.

4.08.02 The ingress and egress provided for in Section 4.08(A) shall not be used, enjoyed, or extended to any person engaging in any activity or performing any act or furnishing any service for or on behalf of AIRLINE that AIRLINE is not authorized to engage in or perform under the provisions hereof unless expressly authorized by the Executive Manager.

4.08.03 AUTHORITY shall have the right at any time or times to close, relocate, reconstruct, change, alter, or modify any such means of access provided for AIRLINE's use pursuant to this Agreement or otherwise, either temporarily or permanently, provided that reasonable notice to AIRLINE and a reasonably convenient and adequate alternative means of access, ingress, and egress shall exist or be provided in lieu thereof. AUTHORITY shall suffer no liability by reason thereof, and such action shall in no way alter or affect any of AIRUNE's obligation under this Agreement.

Section 4.09. Transportation Security Administration Space.

AUTHORITY will endeavor to negotiate the payment of rent by the Transportation Security Administration (TSA) for space it occupies on an exclusive use basis. Any space leased or occupied by the TSA will not be included in the Exclusive Use Space.

ARTICLE 5. CAPITAL IMPROVEMENTS

Section 5.01. Capital Improvements.

5.01.01 On or before July 1 of each Fiscal Year, the Executive Manager shall report to the Signatory Airlines the purchase price, design and construction cost, or lease cost of Capital Improvements to be programmed and included in the Annual Budget for the ensuing Fiscal Year and the debt service and/or amortization, or lease payment schedule to be added to the rents and fees, pursuant to Article 7, for those Capital Improvements.

The report shall include, for Capital Improvements, the following:

A. A description of the proposed Capital Improvement, together with cost estimates and any available preliminary drawings.

B. A statement of the need for such Capital Improvement.

C. A statement of the benefits to be derived from such Capital Improvement.

D. The preferred means of financing (including the terms of any loans and projected interest rate).

E. The allocation of the cost thereof within the Airport Cost Centers and the estimated effect on airline rents and fees.

5.01.02 Within a reasonable time, but no sooner than fourteen (14) days after distribution of the report, the Executive Manager shall convene a meeting of the Signatory Airlines to discuss the proposed Capital Improvements and the preferred means of financing their costs. Each Capital Improvement that sixty percent (60%) of the Signatory Airlines in number who pay more than sixty percent (60%) of the rents and fees (during the prior twelve (12) month period) do not disapprove of in writing within thirty (30) days following the meeting (or the date any supporting documentation for the proposed Capital Improvements is provided by AUTHORITY) are deemed to be concurred with and may be implemented at any time following the meeting.

5.01.03 For each Capital Improvement which sixty percent (60%) of the Signatory Airlines in number who pay more than sixty percent (60%) of the rents and fees disapprove, the Executive Manager shall convene a second meeting of the Signatory Airlines no sooner than thirty (30) days following the first meeting at which the Executive Manager will respond to questions raised during the first meeting, and provide the Signatory Airlines with the requested

information concerning the Capital Improvement(s). If, within thirty (30) days after the second meeting, sixty percent (60%) of the Signatory Airlines in number who pay more than sixty percent (60%) of the rents and fees notify AUTHORITY that they disapprove of said Capital Improvement(s), the Capital Improvement(s) shall be deferred until the next ensuing Fiscal Year. In such ensuing Fiscal Year, if AUTHORITY decides to proceed to implement such Capital Improvement(s) AUTHORITY may do so without further meeting or approval, and will disclose the Capital Improvement(s) (subject to the provisions of Sections 5.01 (E) and (F)) in the Annual Budget and include the amortization, debt service (including coverage), or loan payments for such Capital Improvement(s) in the rents and fees of the Signatory Airlines.

5.01.04 If any proposed Capital Improvement is disapproved, AUTHORITY may include the amortization, debt service (including coverage), or loan payments for such Capital Improvement in the calculation of Signatory Airline rents and fees if AUTHORITY determines that such Capital Improvement is necessary or prudent to ensure compliance with a rule, regulation, or order of any governmental agency that has jurisdiction over the operation of the Airport.

5.01.05 AUTHORITY may also implement any proposed Capital Improvement if the amortization, debt service (including coverage), or loan payments for such Capital Improvement are not to be included in Signatory Airline rents and fees.

5.01.06 Other than as recited in Section 5.01(E), AUTHORITY may not acquire, purchase or construct any Capital Improvement having a cost in excess of ten million dollars ($10,000,000) if concurrence of such improvement is specifically withheld by sixty percent (60%) of Signatory Airlines in number who pay more than sixty percent (60%) of the Signatory Airline rents and fees.

ARTICLE 6. RENTS AND FEES

Section 6.01. Consideration.

The consideration that AIRLINE agrees to provide AUTHORITY for leasing Exclusive Use Space and Joint Airline Use Space, and using the Airfield Area, Apron Area, Terminal Area, and other Buildings and Areas and exercising the other rights and privileges under this Agreement is (1) providing regularly scheduled Air Transportation to and from the Airport, and (2) paying the rents and fees described in this Agreement. Failure to provide regularly scheduled Air Transportation to and from the Airport for a period of sixty (60) days (except as a result of governmental action, during periods of labor disputes, or as a result of damage or destruction of facilities in accordance with Section 10.01) will permit AUTHORITY to terminate this Agreement on thirty (30) days advance written notice. If AIRLINE resumes regularly scheduled Air Transportation to and from the Airport within this period, the Agreement shall continue in full force and effect. Unless this Agreement is terminated in whole or in part by AUTHORITY, AIRLINE shall pay to AUTHORITY rents and fees hereunder for the term of this Agreement. In the event AUTHORITY terminates this Agreement pursuant to this Section 6.01, AIRLINE shall have no further liability to AUTHORITY hereunder except for liabilities incurred prior to the termination date.

Section 6.02. Terminal Building Rents.

6.02.01 During the term of this Agreement, AUTHORITY shall charge AIRLINE Terminal Building rents as set forth herein. Terminal Building rents shall be paid on the first day of each month in advance without notice, demand or invoicing.

The Terminal Building rental rates shall be recalculated annually in accordance with Section 7.04.

Annually, following calculation of any adjustments to the rents and fees, the Executive Manager shall provide AIRLINE with a statement as to the monthly rental payments required for the ensuing year.

A. Exclusive Use Space--AIRLINE shall pay to AUTHORITY, for Exclusive Use Space as set forth in Exhibit C, the annually calculated exclusive space rent.

B. Joint Airline Use Space--AIRLINE shall pay to AUTHORITY, for all Joint Airline Use Space, excluding the Departure Facilities, Arrivals Facilities, and Immigration Inspection Facilities, prorated on the basis of the Joint Airline Use Formula, as set forth in Exhibit C, the annually calculated joint use space rent.

Section 6.03. Departure Fees.

6.03.01 Departure Fee. During the term of this Agreement, the Departure Fee shall be paid monthly, on the fifteenth (15^{th}) day of each month for the preceding month (based upon Departing Passengers for that preceding month), without notice, demand, or invoice. The Departure Fee shall be recalculated annually in accordance with Section 7.05, and shall cover the use of the Joint Airline Use Space Departure Facilities by AIRLINE. Annually, following calculation of any adjustments to the rents and fees, the Executive Manager shall provide AIRLINE with a statement as to the Departure Fee for the ensuing Fiscal Year.

6.03.02 Common Use Departure Fee. Signatory Airlines using the Common-Use Ticket Counter Space designated in Exhibit C shall pay a Common Use Departure Fee. During the term of this Agreement, the Common Use Departure Fee shall be paid monthly, on the fifteenth (15th) day of each month for the preceding month (based upon Enplaned Passengers for that preceding month), without notice, demand, or invoice. The Common Use Departure Fee shall be recalculated annually in accordance with Section 7.13, and shall cover the use of the Common-Use Ticket Counter Space by AIRLINE. Annually, following calculation of any adjustments to the rents and fees, the Executive Manager shall provide AIRLINE with a statement as to the Common Use Departure Fee for the ensuing Fiscal Year.

Section 6.04. Arrival Fees.

6.04.01 during the term of this Agreement, each Arrival Fee payment is due by the fifteenth (15th) day of each month for the preceding month without notice, demand, or invoice. The Arrival Fee shall be recalculated annually in accordance with Section 7.06, and shall cover

the use of the Arrivals Facilities by AIRLINE. Annually, following calculation of any adjustments to the rents and fees, the Executive Manager shall provide AIRLINE with a statement as to the Arrival Fee for the ensuing Fiscal Year.

Section 6.05. Immigration Inspection Fee.

6.05.01 During the term of this Agreement, the Immigration Inspection Fee payment is due by the fifteenth (15th) day of each month for the preceding month (based upon international Deplaned Passengers for the preceding month) without notice, demand, or invoice. The Immigration Inspection Fee shall be recalculated annually in accordance with Section 7.07, and shall cover the use of the Immigration Inspection Facilities by AIRLINE. Annually, following calculation of any adjustments to the rents and fees, the Executive Manager shall provide AIRLINE with a statement as to the Immigration Inspection Fee for the ensuing Fiscal Year.

Section 6.06. Loading Bridge Use Fees.

6.06.01 During the term of this Agreement, the Loading Bridge Use Fee payment is due by the fifteenth (15th) day of each month for the preceding month without notice, demand or invoice. The Loading Bridge Use Fee shall be recalculated annually in accordance with Section 7.08 and shall cover the use by AIRLINE of the passenger Loading Bridge Positions provided by AUTHORITY. Annually, following calculation of any adjustments to the rents and fees, the Executive Manager shall provide AIRLINE with a statement as to the Loading Bridge Use Fee for the ensuing Fiscal Year.

Section 6.07. Apron Use Fees.

6.07.01 During the term of this Agreement, the Apron Use Fee payment is due by the fifteenth (15th) day of each month for the preceding month without notice, demand or invoice. The Apron Use Fee shall be recalculated annually in accordance with Section 7.09 and shall cover the use by AIRLINE of the Apron Area, including gate positions, aircraft parking positions, and associated apron. Annually, following calculation of any adjustments to the rents and fees, the Executive Manager shall provide AIRLINE with a statement as to the Apron Use Fee for the ensuing Fiscal Year.

Section 6.08. Landing Fees.

6.08.01 Following the effective date of this Agreement, rents and fees for the use of the other facilities, rights, licenses, and privileges granted to AIRLINE under Article 3, except as provided elsewhere herein, shall be combined in and represented by a monthly landing fee (hereinafter referred to as the "Landing Fee"), subject to adjustment pursuant to Section 7. 10. During the term of this Agreement, AUTHORITY shall charge AIRLINE a Landing Fee not less than zero cents ($0.00) per one-thousand (1,000) pounds of Maximum Certificated Gross Takeoff Weight. The Landing Fee shall be calculated and determined as follows: A Landing Fee rate per one-thousand (1,000) pounds of Maximum Certificated Gross Takeoff Weight shall be multiplied by the Maximum Certificated Gross Takeoff Weight of all AIRLINE's Aircraft Arrivals for the month. Each Landing Fee payment is due by the fifteenth (15th) day of each

month for the preceding month. Annually, following calculation of any adjustments to the Landing Fee, the Executive Manager shall provide AIRLINE with a statement as to the Landing Fee for the ensuing Fiscal Year.

Section 6.09. Payments to AUTHORITY.

6.09.01 AIRLINE agrees to pay AUTHORITY all rents, fees, or other charges without notice or demand, and without deduction or setoff, for the use of the leased premises, facilities, rights, licenses, and privileges granted hereunder.

6.09.02 AIRLINE shall furnish to the Executive Manager on or before the first (1st) day of each month a check delivered or mailed in payment of Terminal Building rents, for AIRLINE's operations at the Airport during the ensuing month, and a report described in Section 6.09 (C) below.

6.09.03 Said report, in the form of Exhibit E, shall include, but shall not be limited to: (1) AIRLINE's total number of Aircraft Arrivals, by type of aircraft and Maximum Certificated Gross Takeoff Weight of each type of aircraft; (2) the total number of Enplaned Passengers and Deplaned (Arriving and in-transit) Passengers; (3) the total number of Loading Bridge Uses; (4) the total weight of cargo and mail for such month; (5) the total number of Departing Passengers using the Common Use Ticket Counters; and (6) for the prior month, the number, dates and times of all aircraft parked at the gate and remaining overnight. Airline shall furnish to the Executive Manager on or before the 15th day a check in payment of Departure Fees, Arrival Fees, Immigration Inspection Fees, Loading Bridge Use Fees, Apron Use Fees, and Landing Fees for AIRLINE's operations at the Airport during the preceding month. The Executive Manager may but shall not be required to transmit to AIRLINE a memo invoice for the Departure Fee, Arrival Fee, Loading Bridge Use Fee, Apron Use Fee, and Landing Fee.

6.09.04 If AIRLINE fails to furnish the Executive Manager with the activity report and payments of fees required by Section 6.09.02 and Section 6.09.03, AIRLINE's fees shall be determined as follows: (1) AIRLINE's Departure Fee, Common Use Departure Fee, and Arrival Fee shall be determined by assuming that the Enplaned Passengers and Arriving Passengers for AIRLINE during the preceding month were one hundred ten percent (110%) of AIRLINE's Enplaned Passengers and Arriving Passengers during the most recent month for which such figure is available for AIRLINE; (2) AIRLINE's Immigration Inspection Fees shall be determined by assuming that the international Deplaned Passengers for AIRLINE during the preceding month were one hundred ten percent (110%) of AIRLINE's international Deplaned Passengers during the most recent month for which such figure is available for AIRLINE; (3) AIRLINE's Loading Bridge Use Fee shall be determined by assuming that the Loading Bridge Uses for AIRLINE during the preceding month were one hundred ten percent (110%) of AIRLINE's Loading Bridge Uses during the most recent month for which such figure is available for AIRLINE; (4) AIRLINE's Apron Use Fee shall be determined by assuming that the Aircraft Arrivals for AIRLINE during the preceding month were one hundred ten percent (110%) of AIRLINE's Aircraft Arrivals during the most recent month for which such figure is available for AIRLINE; (5) AIRLINE's Landing Fees shall be determined by assuming that the takeoff weight for AIRLINE during the preceding month was one hundred ten percent (110%) of

AIRLINE's takeoff weight during the most recent month for which such figure is available for AIRLINE.

AUTHORITY will then invoice AIRLINE for its fees from the date the fees were due. This invoice is due and payable within fifteen (15) days after the date it is mailed. Any necessary adjustment in such fees shall be calculated after delivery of an accurate report to the Executive Manager by AIRLINE for the month in question, and resulting surpluses or deficits shall be applied to AIRLINE's fees for the next succeeding month.

6.09.05 Any and all payments due shall be paid by AIRLINE, by check payable to the Guam International Airport Authority, which shall be delivered or mailed, postage prepaid, to Guam International Airport Authority, Tamuning, Guam, 96931, or such other place as may hereafter be designated by AUTHORITY.

The acceptance by AUTHORITY of any payment made by AIRLINE shall not preclude AUTHORITY from verifying the accuracy of AIRLINE's report, submitted to AUTHORITY as provided in Section 6.09(C), or from recovering any additional payment actually due from AIRLINE.

AIRLINE shall not have any right of set-off or to withhold payments due to any breach by AUTHORITY or for any claim against AUTHORITY.

Section 6.10. Additional Rent.

AUTHORITY, after due notice to AIRLINE, may, but is not obligated to, cure any default on AIRLINE'S part in fulfilling AIRLINE's covenants and obligations under this Agreement. Any amounts paid or costs incurred by AUTHORITY to cure any such default by AIRLINE are hereby agreed on and declared to be additional rent. Unless otherwise provided herein, all additional rent shall be due and payable with the next succeeding installment of monthly rent due under this Agreement.

Section 6.11. Additional Passenger Fees and Charges.

6.11.01 Legislation and regulations have been enacted that permit AUTHORITY to levy PFCs on AIRLINE's passengers using the Airport (Federal Aviation Regulations 14 CFR Part 158). This Agreement is subject and subordinate to such legislation and regulation, and AUTHORITY reserves the right to enact such fee. AUTHORITY currently levies a PFC (as approved by the FAA), and AIRLINE agrees to cooperate with the collection of such PFC amounts in accordance with FAA regulations. AUTHORITY reserves the right to implement such other similar fees or charges as may be authorized by cognizant governmental authorities having jurisdiction over AUTHORITY in its capacity as operator of the Airport.

6.11.02 Airline shall hold the net principal amount of all PFCs that are collected by Airline or its agents on behalf of AUTHORITY pursuant to 49 U.S.C. § 40117 and the rules and regulations thereunder (14 C.F.R. Part 158, herein, the "PFC Regulations") (such net principal amount, "PFC Revenue") in trust for AUTHORITY. For purposes of this section, net principal amount shall mean the total principal amount of all PFCs that are collected by Airline

or its agents on behalf of AUTHORITY, reduced by all amounts that Airline is permitted to retain pursuant to Section 158.53(a) of the PFC Regulations.

Section 6.12. Fees for Other Commercial Activities.

Notwithstanding any other provision of this Agreement, AUTHORITY expressly reserves the right to establish charges and fees for other commercial activities except AIRLINE's Air Transportation activities at the Airport. Such commercial activities may include, but not be limited to, merchandising (both duty free and duty paid), food, beverage, insurance, rental car, currency exchange, parking, category sales, and other concession operations that are available to the public. In addition, the following specific provisions may apply to AIRLINE:

6.12.01 Should AIRLINE purchase in-flight meals for consumption aboard its aircraft or other prepared foodstuffs for consumption within AIRLINE's Exclusive Use Space from any supplier other than a food concessionaire on the Airport, AUTHORITY may impose a percentage fee upon such supplier no greater than the percentage fee paid for similar sales by any inflight food concessionaire authorized at the Airport. It is understood that AUTHORITY will not impose a percentage fee on in-flight meals prepared in flight kitchens operated by AIRLINE (including a subsidiary of AIRLINE) for consumption in flight by AIRLINE's passengers.

6.12.02 Should AIRLINE contract with a third party (other than another Signatory Airline) to provide maintenance and service upon its aircraft or to furnish ground services that might otherwise be performed by AIRLINE under this Agreement, such third party (other than another Signatory Airline) shall be deemed to be conducting a business at the Airport and must, at all times while so engaged, meet the requirements of and have an agreement with AUTHORITY. AUTHORITY may impose charges, rents, and fees upon such third party for facilities use and for services provided for all Airport tenants.

6.12.03 Any ground transportation commercial carrier regularly transporting persons or their baggage to and from the Airport, any contractor or supplier who is requested by AIRLINE to supply goods and services on the Airport, and all parties who are requested by AIRLINE to go beyond the roads furnished for the public at the Airport shall first secure and thereafter hold a valid license or other agreement with AUTHORITY for the right to perform such acts and shall pay AUTHORITY fees in amounts no less than the cost of issuing and administering such licenses and agreements, plus ten percent (10%) of such cost. In addition, any ground transportation commercial carrier regularly transporting persons except as provided in Section 3.02. (C) hereof or their baggage to and/or from the Airport shall first agree in writing to pay AUTHORITY such rents, fees, or percentage of the fares or charges for such ground transportation as AUTHORITY and such carrier may establish in a written agreement. All such ground transportation shall be conducted and be subject to the Rules and Regulations.

Section 6.13. Aircraft Storage Fee.

AIRLINE shall pay AUTHORITY for the storage of AIRLINE's aircraft on designated storage aprons (not at AIRLINE's parking positions) at reasonable rates fixed by AUTHORITY from time to time in the Rules and Regulations and Airport Tariff Schedule, where aircraft storage shall be defined to occur at any time after AIRLINE's aircraft has been parked at the

Airport for longer than forty-eight (48) continuous hours.

Section 6.14. No Other Fees and Charges.

Except as expressly provided for herein, no further rents, fees, or charges shall be levied against or collected from AIRLINE, its passengers, shippers, and receivers of freight and express nor its suppliers of material, contractors, or furnishers of services by AUTHORITY for the premises, facilities, rights, licenses, and privileges granted to AIRLINE under this Agreement. However, AUTHORITY expressly reserves the right to assess and collect reasonable fees from parties other than AIRLINE for inflight catering, vending, ground transportation, and other services provided to AIRLINE. Also, AUTHORITY expressly reserves the right to assess and collect a PFC in accordance with Section 6.12.

Anything in this Agreement to the contrary notwithstanding, this section shall not be interpreted or understood as contracting away AUTHORITY's governmental authority.

Section 6.15. Interest on Overdue Payments.

Any payment (including the remittance of PFC proceeds) not received from AIRLINE within five (5) business days after written notice of delinquency shall accrue interest at the rate of one percent (1%) each month from the due date until paid in full. AIRLINE shall have the right to make payment under protest and if protest is made, then AIRLINE shall have all rights and remedies available at law or equity, or under the terms of this Agreement.

Section 6.16. Endorsement of Checks.

AIRLINE agrees not to endorse or issue checks with statements similar to the following: "Processing this check constitutes full settlement of amounts owed to the AUTHORITY." If AIRLINE does endorse or issue checks in this manner, AUTHORITY and AIRLINE hereby agree that AUTHORITY may process checks for payment without loss of rights to collect full payment of all money owed AUTHORITY by AIRLINE, unless otherwise agreed to by the parties.

Section 6.17. Timely Issuance of Reports.

AIRLINE shall issue required activity reports, including the Daily Flight Activity Report and the Monthly Revenue Report to AUTHORITY in a timely manner.

Section 6.18. Excess Time on Loading Bridge Position.

AIRLINE shall pay AUTHORITY the fee set forth in Section 4.03.07(F) for any aircraft remaining on Loading Bridge Positions in excess of the maximum times listed in Section 4.03.07 A through E. Such fee shall be paid on within fifteen (15) days of receipt of an invoice for such fees.

ARTICLE 7. ADJUSTMENT OF AIRLINE RENTS AND FEES

Section 7.01. Effective Date of Adjustments.

The Terminal Building rental rates, Departure Fee, Arrival Fee, Immigration Inspection Fee, Loading Bridge Use Fee, Apron Use Fee, and the Landing Fee rate shall be adjusted annually during the term of this Agreement as hereinafter set forth. Such adjustments shall be effective on the first day of the Fiscal Year for which they apply.

Section 7.02. AUTHORITY Records.

7.02.01 AUTHORITY has an Airport accounting system and shall maintain accounting records that document the following items for each Airport Cost Center:

A. Annual revenues.

B. Annual Operation and Maintenance Expenses, including administrative expenses.

C. Documented expenses of AUTHORITY incurred for the improvement, renovation, expansion, or enhancement of facilities in each Airport Cost Center.

7.02.02 AUTHORITY shall further maintain records evidencing the allocation of capital funds to each Airport Cost Center obtained from the proceeds of Bonds or other capital fund sources. Included in the allocation to each Airport Cost Center shall be its proportionate share of the expenses of any Bond issuance, capitalized interest, and funding of reserve funds, determined with reference to the allocation of costs funded through securities or other capital fund sources. All federal moneys received by AUTHORITY with respect to any project or improvement of the Airport shall be deposited in the appropriate fund or funds.

Section 7.03. Annual Budget.

Each year AUTHORITY shall adopt an Annual Budget for the Airport and establish Terminal Building rental rates, a Departure Fee, an Arrival Fee, an Immigration Inspection Fee, a Loading Bridge Use Fee, an Apron Use Fee and a Landing Fee rate. It is the intent of this Section 7.03 to provide a meaningful consultation process in which (1) AUTHORITY can review its Annual Budget with AIRLINE, and (2) AIRLINE will have an opportunity to comment on the Annual Budget prior to the Annual Budget being adopted by the AUTHORITY. AUTHORITY will give due consideration to AIRLINE input and comments on the Annual Budget received during the consultation process. The following is the Annual Budget review process:

7.03.01 On or before May 1 of each Fiscal Year, AIRLINE shall submit to the Executive Manager a written estimate of the Maximum Certificated Total Gross Takeoff Weight for AIRLINE for the succeeding Fiscal Year.

7.03.02 On or before July 1 of each Fiscal Year, AUTHORITY shall submit to

AIRLINE its proposed Annual Budget for the succeeding Fiscal Year, including:

A. Estimated Operation and Maintenance Expenses.

B. Annual Debt Service, if any, and any fund deposits required pursuant to the Bond Indenture.

C. Amortization of AUTHORITY funded assets.

D. A statement of estimated revenue from all sources other than Signatory Airline Terminal Building rents, Departure Fees, Common Use Departure Fee, Arrival Fees, immigration inspection Fees, Loading Bridge Use Fees, Apron Use Fees, and Landing Fees for the succeeding Fiscal Year.

E. A schedule of the Capital Improvements to the Airport proposed to be undertaken by AUTHORITY during the succeeding Fiscal Year.

F. A preliminary calculation of the Terminal Building rental rates, Departure Fee, Common Use Departure Fee, Arrival Fee, Immigration Inspection Fee, Loading Bridge Use Fee, Apron Use Fee, and the Landing Fee rate for the succeeding Fiscal Year, calculated in accordance with Sections 7.04 through 7.10.

G. Within thirty (30) days after distribution of the report required under Section 7.03(B), the Executive Manager shall convene a meeting of the Signatory Airlines to discuss the Annual Budget.

If the Signatory Airlines request additional information concerning the Annual Budget, the Executive Manager shall convene a second meeting of the Signatory Airlines to discuss such additional information. Upon notice by the Executive Manager, the second meeting shall be held within thirty (30) days after the first meeting. At the second meeting, the Executive Manager shall respond to questions raised during the first meeting and provide the Signatory Airlines with the requested information concerning the Annual Budget. If, after the second meeting, the Signatory Airlines do not concur with said Annual Budget and so notify the Executive Manager within ten (10) days after the second meeting, the Executive Manager will at the request of the Signatory Airlines schedule a meeting between the Signatory Airlines and AUTHORITY.

If, for any reason, the Annual Budget has not been adopted as of the first day of any Fiscal Year, the rents and fees in effect during the preceding Fiscal Year shall continue in effect until the new Annual Budget has been adopted by AUTHORITY and AUTHORITY has calculated the rents and fees in accordance therewith. The new rents and fees shall then be made effective retroactive to the first day of such Fiscal Year, or upon agreement of Signatory Airlines and AUTHORITY the total amount of the uncollected rents and fees accrued since the beginning of the Fiscal Year may be combined with the rents and fees to be collected over the remainder of the Fiscal Year and the new rental rates and other charges adjusted accordingly.

The Executive Manager shall promptly furnish AIRLINE with a copy of a report

containing such adopted Annual Budget together with the calculation of Terminal Building rental rates, the Departure Fee, Common Use Departure Fee, the Arrival Fee, the Immigration Inspection Fee, the Loading Bridge Use Fee, the Apron Use Fee, and the Landing Fee rate that shall be effective from and after the beginning of the Fiscal Year for which the Annual Budget is adopted.

H. AUTHORITY retains the responsibility and expressly reserves the right to make all final decisions with respect to the Annual Budget, and any subsequent amendment thereof. Such decisions shall be consistent with and pursuant to the terms and conditions of this Agreement including Article 5 hereof.

Section 7.04. Calculation of Terminal Building Rental Rates.

Terminal Building rental rates shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate or allocation, the estimate or allocation of the Executive Manager shall be used. Such estimate or allocation shall be made in accordance with and pursuant to, and be consistent with, the terms of this Agreement.

7.04.01 Each year the Executive Manager shall calculate the Terminal Building Requirement for the succeeding Fiscal Year by totaling the following amounts, as set forth in AUTHORITY's Annual Budget:

A. The total of direct and allocated indirect estimated operation and Maintenance Expenses allocated to the Terminal Building.

B. An amount 1.25 times the pro rata portion of Airport Annual Debt Service, if any, allocated to the Terminal Building, or such other amount as may be required by the Bond Indenture.

C. The pro rata portion of the annual requirement of any subordinate security or other loans allocated to the Terminal Building.

D. The pro rata portion of the estimated amount, if any, for other deposits required by the Bond Indenture or this Agreement and allocated to the Terminal Building.

E. The total amount or the pro rata portion of the annual amortization allocated to the Terminal Building of any Capital Improvements placed in service by AUTHORITY prior to or after the date of this Agreement and prior to the beginning of the Fiscal Year for which the rates and fees are being determined, which have been financed by AUTHORITY from its own resources. Such annual amortization is to be calculated and based on the economic life for each capital item determined by AUTHORITY in accordance with generally accepted accounting principles at an interest rate equal to the average interest rate on outstanding AUTHORITY Bonds for the preceding calendar. year or at such other rate as to which the Signatory Airlines and AUTHORITY may agree. In performing the calculations under this Section 7.04(A), no amortization charges shall be included on capital expenditures that have been financed with grants-in-aid or the proceeds of AUTHORITY Bonds or other securities, the debt service for which has been included elsewhere in this Section 7.04(A).

F. The estimated amount of any assessment, judgment, or charge (net of insurance proceeds) to become payable by AUTHORITY relating directly to the Airport or its operation and allocated to the Terminal Building.

G. Any estimated deficit or credit for the operation of the Terminal Building during the then-current Fiscal Year or any adjustment carried over from preceding Fiscal Years to reflect any difference between actual versus estimated expenses.

H. A credit equal to the allocated portion of the balance in the Other Available Moneys Coverage Subaccount.

I. The Terminal Building rental rate shall then be calculated by dividing the Net Terminal Building Requirement computed pursuant to Section 7.04(A) by the Usable Space.

This Terminal Building rental rate (as calculated above) shall be multiplied by the total square footage of Exclusive Use and Joint Airline Use Space (excluding Departure Facilities, Arrival Facilities and Immigration Inspection Facilities, the cost of which shall be recovered through the Departure Fee, Arrival Fee and Immigration Inspection Fee) leased by all airlines to determine the annual portion of the Terminal Building Requirement to be recovered through airline Terminal Building space rentals.

Section 7.05. Calculation of Departure Fee.

Departure Fees shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate or allocation, the estimate or allocation of the Executive Manager shall be used. Such estimate or allocation shall be made in accordance with and pursuant to, and be consistent with, the terms of this Agreement, the Departure Facilities (as set forth in Exhibit C) by the average annual Terminal Building rental rate calculated in Section 7.04 above.

7.05.01 Each year the Executive Manager shall calculate the Departure Fee requirement for the succeeding Fiscal Year by multiplying the total square footage of the Departures Facilities (as set forth in Exhibit C) by the average annual Terminal Building rental rate calculated in Section 7.04 above.

7.05.02 The Departure Fee is calculated by dividing the Departure Fee requirement by the estimated number of Signatory Airline Enplaned Passengers at the Airport for the succeeding Fiscal Year as projected by the Executive Manager. The Executive Manager will give consideration to estimates of numbers of passengers provided by the Signatory Airlines. The Departure Fee is payable monthly in accordance with Sections 6.03 and 6.09 hereof.

Section 7.06. Calculation of Arrival Fee.

Arrival Fees shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate or allocation, the estimate or allocation of the Executive Manager shall be used. Such estimate or allocation shall be made in accordance with

and pursuant to, and be consistent with, the terms of this Agreement.

7.06.01 Each year the Executive Manager shall calculate the Arrival Fee requirement for the succeeding Fiscal Year by multiplying the total square footage of the Arrivals Facilities (as set forth in Exhibit C) by the average annual Terminal Building rental rate calculated in Section 7.04 above.

7.06.02 The Arrival Fee is calculated by dividing the Arrival Fee requirement by the estimated number of Signatory Airline Arriving Passengers at the Airport for the succeeding Fiscal Year as projected by the Executive Manager. The Executive Manager will give consideration to estimates of numbers of passengers provided by the Signatory Airlines. The Arrival Fee is payable monthly in accordance with Sections 6.04 and 6.09 hereof.

Section 7.07. Calculation of Immigration Inspection Fee.

The Immigration Inspection Fee shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate or allocation, the estimate or allocation of the Executive Manager shall be used. Such estimate or allocation shall be made in accordance with and pursuant to, and be consistent with, the terms of this Agreement.

7.07.01 Each year, the Executive Manager shall calculate the Immigration Inspection Fee requirement for the succeeding Fiscal Year by multiplying the total square footage of the Immigration Inspection Facilities (as set forth in Exhibit C) by the average annual Terminal Building rental rate calculated in Section 7.04 above.

7.07.02 The Immigration Inspection Fee is calculated by dividing the Immigration Inspection Fee requirement by the estimated number of Signatory Airline international Deplaned Passengers at the Airport for the succeeding Fiscal Year as projected by the Executive Manager. The Executive Manager will give consideration to estimates of numbers of passengers provided by the Signatory Airlines. The Immigration Inspection Fee Requirement is payable monthly in accordance with Sections 6.05 and 6.09 hereof.

Section 7.08. Calculation of Loading Bridge Use Fee.

Loading Bridge Use Fees shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate or allocation, the estimate or allocation of the Executive Manager shall be used. Such estimate or allocation shall be made in accordance with and pursuant to, and be consistent with, the terms of this Agreement.

7.08.01 Each year the Executive Manager shall calculate the Loading Bridge Use Fee requirement for the succeeding Fiscal Year by totaling the following amounts, as set forth in AUTHORITY's Annual Budget:

A. The total of direct estimated Operation and Maintenance Expenses allocated to the Loading Bridges.

B. An amount 1.25 times the pro rata portion of Airport Annual Debt Service, if any, allocated to the Loading Bridges, or such other amount as may be required by the Bond Indenture.

C. The pro rata portion of the annual requirement of any subordinate security or other loans allocated to the Loading Bridges.

D. The pro rata portion of the estimated amount, if any, for other deposits required by the Bond Indenture or this Agreement and allocated to the Loading Bridges.

E. The total amount or the pro rata portion of the annual amortization allocated to the Loading Bridges, of any Capital Improvements placed in service by AUTHORITY prior to or after the date of this Agreement and prior to the beginning of the Fiscal Year for which the rates and charges are being determined, which have been financed by AUTHORITY from its own resources. Such annual amortization is to be calculated and based on the economic life for each capital item determined by AUTHORITY in accordance with generally accepted accounting principles at an interest rate equal to the average interest rate on outstanding AUTHORITY Bonds for the preceding calendar year or at such other rate as to which the Signatory Airlines and AUTHORITY may agree. In performing the calculations under this Section 7.08(A), no amortization charges shall be included on capital expenditures that have been financed with grants-in-aid or the proceeds of AUTHORITY Bonds or other securities, the debt service for which has been included elsewhere in this Section 7.08(A).

F. The estimated amount of any assessment, judgment, or charge (net of insurance proceeds) to become payable by AUTHORITY relating directly to the Airport or its operation and allocated to the Loading Bridges.

G. Any estimated deficit or credit for the operation of the Loading Bridges during the then-current Fiscal Year or any adjustment carried over from preceding Fiscal Years to reflect any difference between actual versus estimated expenses.

7.08.02 The Loading Bridge Use Fee is calculated by dividing the Loading Bridge Use Fee requirement by the estimated number of Signatory Airline Loading Bridge Uses for the succeeding Fiscal Year as projected by the Executive Manager. The Loading Bridge Use Fee is payable monthly in accordance with Sections 6.05 and 6.09 hereof.

Section 7.09. Calculation of Apron Use Fee.

The Apron Use Fee shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate or allocation, the estimate or allocation of the Executive Manager shall be used. Such estimate or allocation shall be consistent with and pursuant to the terms and conditions of this Agreement.

7.09.01 Each year the Executive Manager shall calculate the Apron Area requirement for the succeeding Fiscal Year by totaling the following amounts, as set forth in AUTHORITY's Annual Budget:

A. The total of direct and allocated indirect estimated Operation and Maintenance Expenses allocated to the Apron Area.

B. An amount 1.25 times the pro rata portion of Airport Annual Debt Service, if any, allocated to the Apron Area, or such other amount as may be required by the Bond Indenture.

C. The pro rata portion of the annual requirement of any subordinate security or other loans of AUTHORITY allocated to the Apron Area.

D. The pro rata portion of the estimated amount, if any, for other deposits required by the Bond Indenture or this Agreement and allocated to the Apron Area.

E. The total amount or the pro rata portion of the annual amortization allocated to the Apron Area of any Capital Improvements placed in service by AUTHORITY prior to or after the date of this Agreement and prior to the beginning of the Fiscal Year for which the rates and charges are being determined, which have been financed by AUTHORITY from its own resources. Such annual amortization is to be calculated and based on the economic life for each capital item determined by AUTHORITY in accordance with generally accepted accounting principles at an interest rate equal to the average interest rate on outstanding AUTHORITY Bonds for the preceding calendar year or at such other rate as to which the parties may agree. In performing the calculations under this Section 7.09 (A), no amortization charges shall be included on capital expenditures that have been financed with grants-in-aid or the proceeds of AUTHORITY Bonds or other securities, the debt service for which has been included elsewhere in this Section 7.09(A).

F. The estimated amount of any assessment, judgment, or charge (net of insurance proceeds) to become payable by AUTHORITY relating directly to the Airport or its operation and allocated to the Apron Area.

G. Any estimated deficit or credit for operation of the Apron Area during the then-current Fiscal Year or any adjustment carried over from the preceding Fiscal Years to reflect any difference between actual versus estimated expenses.

7.09.02 The Apron Use Fee is calculated by dividing the Apron Area requirement by the estimate of the Total Takeoff Weight of all Signatory Airline Aircraft Arrivals at the Airport for the succeeding Fiscal Year as projected by the Executive Manager based in part on the estimates provided by the Signatory Airlines. The Apron Use Fee is payable monthly in accordance with Sections 6.07 and 6.09 hereof.

Section 7.10. Calculation of Landing Fee Rate.

The Landing Fee rate shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate, the estimate of the Executive Manager shall be used.

7.10.01 During the term of this Agreement, the Landing Fee rate shall be not less

than zero cents ($0.00) per one-thousand (1,000) pounds of Maximum Certificated Gross Takeoff Weight.

7.10.02 Each year, the Executive Manager shall calculate the Airport Requirement for the succeeding Fiscal Year by totaling the following amounts, as set forth in AUTHORITY's Annual Budget:

A. The total of the direct and indirect estimated Operation and Maintenance Expenses of AUTHORITY.

B. An amount 1.25 times Airport Annual Debt Service, or such other amount as may be required by the Bond Indenture.

C. The estimated amount of the annual requirement of any subordinate security or other loans pertaining to the Airport.

D. The estimated amount, if any, for other deposits required by the Bond Indenture or this Agreement.

E. The annual amortization allocated to the Terminal Building, Apron Area, Airfield Area, and Loading Bridges of the total amount of any Capital Improvements placed in service by AUTHORITY prior to or after the effective date of this Agreement and prior to the beginning of the Fiscal Year for which rates and charges are being determined, which have been financed by AUTHORITY from its own resources. Such annual amortization is to be computed based on the economic life for each capital item determined by AUTHORITY in accordance with generally accepted accounting principles at an interest rate equal to the average interest rate on outstanding AUTHORITY Bonds for the preceding calendar year or at such other rate as to which the Signatory Airlines and AUTHORITY may agree. In performing the calculations under this Section 7.10(B), interest only will be charged for land acquisition, and no amortization charges shall be included on capital expenditures that have been financed with grants-in-aid or the proceeds of AUTHORITY Bonds or other securities, the debt service for which has been included elsewhere in this Section 7A 0(B).

F. The estimated amount of any assessment, judgment, or charge (net of insurance proceeds) to become payable by AUTHORITY relating directly to the Airport or its operation.

G. Any overpayment or underpayment estimated for operation of the Airport during the then-current Fiscal Year or any adjustment carried over from preceding Fiscal Years, to reflect any difference between actual versus estimated revenues or expenses.

7.10.03 The Landing Fee requirement for the succeeding Fiscal Year shall be calculated by subtracting the following Landing Fee credits from the Landing Fee requirement calculated pursuant to Section 7.10(B).

A. The revenue estimated to be derived by AUTHORITY in the succeeding Fiscal Year from Airport concessions, rents, fees, and charges from other than Signatory

Airlines, service fees (excluding Passenger Facility Charges and FAA grants-in-aid), and use fees.

B. The unrestricted investment income estimated to be earned by AUTHORITY in the succeeding Fiscal Year from all funds and accounts except the Construction Fund and the Capital Improvement Fund.

C. The total of all Terminal Building rents, Departure Fees, Common Use Departure Fees, Arrival Fees, Immigration Inspection Fees, Loading Bridge Use Fees, and Apron Use Fees estimated to be paid by the Signatory Airlines during the succeeding Fiscal Year.

D. A credit equal to the balance in the Other Available Moneys Coverage Subaccount.

7.10.04 The Landing Fee rate for the succeeding Fiscal Year shall be calculated by dividing the Landing Fee requirement computed pursuant to Section 7.10(C) by the composite estimate of the total Maximum Gross Certificated Takeoff Weight of all Signatory Airline Aircraft Arrivals at the Airport for the succeeding Fiscal Year as projected by the Executive Manager based in part on the estimates provided by the Signatory Airlines pursuant to Section 7.03(A).

Section 7.11. Special Increases in Landing Fee Rate.

If the total Landing Fee requirement during any Fiscal Year is reasonably expected to vary by more than ten percent (10%) from the projected total Landing Fees requirement for such Fiscal Year, the Landing Fee rate may, if deemed necessary by the Executive Manager after consultation with the Signatory Airlines, which consultation may be by telephone, be revised (increased or decreased) resulting in an adjusted Landing Fee effective April 1 of such Fiscal Year for the balance of such Fiscal Year by an amount equal to the difference between projected and revised total Landing Fee requirement divided by the estimated Total Takeoff Weight of all Signatory Airlines during the balance of such Fiscal Year. Such revision would occur no more than once in any Fiscal Year.

Section 7.12. Extraordinary Adjustments of Rents and Fees.

Notwithstanding any other provisions hereof, if, at any time during any Fiscal Year hereof, the revenues of the Airport are not sufficient to pay, when due, all items included in the reports by AUTHORITY prepared pursuant to this Article 7, or to pay any reasonable obligation or expense or cost incidental or necessary to, or arising out of, the operation of the Airport, including, without limitation, emergency repairs or expenses, the reasonably necessary cost of defending, settling, or satisfying any litigation or threatened litigation that relates to the Airport, or any aspect thereof, or to compensate for the loss of revenue by reason of any labor dispute, AUTHORITY may, upon notice to and consultation with the Signatory Airlines, adjust (pursuant to Sections 7.04 through 7.10) Terminal Building rents, Departure Fees, Arrival Fees, Immigration Inspection Fees, Loading Bridge Use Fees, Apron Use Fees, and the Landing Fee rate to such amounts as are sufficient to assure AUTHORITY that all such items, expenses, and costs shall be paid in full, solely from revenues of the Airport, provided AUTHORITY has used

its commercially reasonable best efforts to reduce its operating costs and budget for the then-current Fiscal Year before adjusting such rents and fees.

Section 7.13. Calculation of Common Use Departure Fee.

Common Use Departure Fees shall be adjusted annually in the following manner. Whenever the adjustment calculation involves an estimate or allocation, the estimate or allocation of the Executive Manager shall be used. Such estimate or allocation shall be made in accordance with and pursuant to, and be consistent with, the terms of this Agreement.

7.13.01 Each year the Executive Manager shall calculate the Common Use Departure Fee requirement for the succeeding Fiscal Year by multiplying the total square footage of the Common Use Ticket Counter Space (as set forth in Exhibit C) by the average annual Terminal Building rental rate calculated in Section 7.04 above.

7.13.02 The Common Use Departure Fee is calculated by dividing the Common Use Departure Fee requirement by the estimated number of Signatory Airline Departing Passengers at the Airport for the succeeding Fiscal Year as projected by the Executive Manager that utilize the Common Use Ticket Counter Space. The Executive Manager will give consideration to estimates of numbers of passengers provided by the Signatory Airlines. The Common Use Departure Fee is payable monthly in accordance with Sections 6.03 and 6.09 hereof.

ARTICLE 8. BOND INDENTURE AND FLOW OF FUNDS

Section 8.01. Subordination to Bond Indenture.

8.01.01 This Agreement and all rights of AIRLINE hereunder are expressly subordinated and subject to the lien and provisions of any pledge, transfer, hypothecation, or assignment made at any time by AUTHORITY pursuant to the terms, covenants, and conditions of present and future Bond Indentures, which are incorporated here by reference.

8.01.02 In the event of conflicts between this Agreement and the Bond Indenture, the Bond Indenture shall govern.

8.01.03 All definitional terms that are not specifically defined herein are to have the meanings set forth in the Bond Indenture.

8.01.04 AUTHORITY shall not enact any Bond Indenture or subsequently amend a Bond Indenture so as to require a change in the method of calculation of rents and fees payable hereunder or so as to materially adversely affect the rights of AIRLINE hereunder.

Section 8.02. Flow of Funds.

8.02.01 Subject to the terms and provisions of the Bond Indenture, it is mutually understood and agreed that, as long as any Bonds secured by the Bond Indenture are outstanding,

all Airport Revenue and PFC proceeds shall be deposited, maintained, and paid as set forth in the Bond Indenture.

8.02.02 All revenues derived from the Airport in each Fiscal Year shall be deposited in the Revenue Fund and used and applied in the following priority:

8.02.03 To the Operation and Maintenance Fund, an amount sufficient to increase the balance in the fund to at least the amount in the Annual Budget for Operation and Maintenance Expenses. Amounts shall be paid out of the Operation and Maintenance Fund from time to time by AUTHORITY for the necessary expenses for the operation, maintenance, repairs, and ordinary replacement and reconstruction of the Airport.

8.02.04 To the Bond Fund held by the Trustee, an amount equal to the aggregate annual amount of principal, interest, and Sinking Fund Requirement on any outstanding Bonds payable from annual Airport Revenue. Amounts shall be paid out of the Bond Interest, Principal and Sinking Fund Accounts from time to time as necessary to pay required interest and principal and the Sinking Fund Requirement due on any Bonds outstanding and payable from Airport Revenue.

8.02.05 To the Bond Reserve Fund held by the Trustee, an amount, if any, required to maintain a balance at least equal to the maximum Annual Bond Debt Service on all outstanding Bonds issued by AUTHORITY. Amounts shall be paid out of the Bond Reserve Fund, from time to time as necessary, to pay interest and principal due on any Bonds outstanding and payable from Airport Revenue to the extent that other moneys are not available within the Bond Fund.

8.02.06 To the Subordinate Securities Fund held by the Trustee, an amount, if any, necessary to pay the annual requirements on any Subordinate Securities or other obligations of the Airport payable from Airport Revenue. Amounts shall be paid out of the Subordinate Securities Fund, from time to time as necessary, to pay any Subordinate Securities or other obligations payable from Airport Revenue.

8.02.07 To the Operation and Maintenance Reserve Fund, an amount, if any, required to increase the amount in the Operation and Maintenance Reserve Fund to equal one-fourth (1/4) of the total Operation and Maintenance Expenses budgeted by AUTHORITY, pursuant to the Annual Budget, as revised, filed in accordance with Section 7.03, for the then-current Fiscal Year.

8.02.08 To the Renewal and Replacement Fund, an amount, if any, needed to increase the amount in the Renewal and Replacement Fund to equal the greater of one million dollars ($1,000,000) or such other amount as may be established by AUTHORITY consistent with the Bond Indenture.

8.02.09 To the Capital Improvement Fund, the balance remaining in the Revenue Fund after the foregoing deposits have been made. Deposits to the Capital Improvement Fund will be held in the following accounts and made in the following priority:

A. PFC Capital Account: An amount equal to the net PFC proceeds in excess of that amount used to fund debt service on Bonds, the proceeds of which were used to finance PFC projects, plus interest on PFC funds.

B. Capital Improvement Account: All remaining balances after all required deposits have been made to each of the foregoing funds and accounts shall be allocated between and deposited to Capital Improvements Subaccount and Other Available Moneys Coverage Subaccount, as follows:

(1) Other Available Moneys Coverage subaccount: The lesser of (a) fifty percent (50%) of the deposit to the Capital Improvement Account or (b) debt service coverage for such Fiscal Year, to be carried forward in the Other Available Moneys Coverage Subaccount and applied in each succeeding Fiscal Year during the term of this Agreement in the priority identified in Section 8.02.02 and as the basis for determining credits to rents and fees as provided in Sections 7.04 and 7.10.

(2) Capital Improvements Subaccount: All remaining amounts in the Capital Improvement Account, to pay the eligible costs of improving, constructing or otherwise acquiring any enlargements, expansions, extensions of, or any other improvements to the Airport, or to provide for the early retirement of Airport revenue bonds or other debt obligations.

If, at the end of any Fiscal Year in which Bonds or other debt obligations payable from Airport Revenue remain outstanding, the balance in the Capital Improvement Subaccount not programmed or encumbered pursuant to Article 5 exceeds the greater of (a) forty million dollars ($40,000,000) or (b) the sum of annual deposits to the Capital Improvement Subaccount for the three (3) most recent Fiscal Years for which such data are available, then such excess shall be transferred as soon as possible to the Bonds Fund and be used to provide for: (i) the early retirement of such Bonds, (ii) refinancing of outstanding bonds, or (iii) other obligations at such time as AUTHORITY determines market conditions to be favorable for such purpose.

If, within two (2) years of the date of such transfer, AUTHORITY has not used such funds for such purpose, the funds will be transferred to the Other Available Moneys Coverage Subaccount.

ARTICLE 9. MAINTENANCE, REPAIR, ALTERATIONS, AND IMPROVEMENTS

Section 9.01. AIRLINE's Responsibilities.

It is understood and agreed that AIRLINE and AUTHORITY shall have the following maintenance and repair obligations:

9.01.01 AIRLINE agrees that, at the effective date that Exclusive Use Space is included in AIRLINE's Agreement with AUTHORITY, such space is in good and tenantable condition.

9.01.02 AIRLINE, except as hereinafter provided, shall not call on AUTHORITY for any of the following janitorial services or nonstructural repairs to its Exclusive Use Space, and AIRLINE shall, at its sole expense and in a manner reasonably acceptable to AUTHORITY:

A. Maintain its Exclusive Use Space in the conditions prevailing at the effective date that Exclusive Use Space is included in AIRLINE's Agreement with AUTHORITY, subject to reasonable wear and tear.

B. Pay as Additional Rent to AUTHORITY the cost to AUTHORITY of providing in AIRLINE's Exclusive Use Space such water, sewer service, electricity, heating and air conditioning and other utilities which exceed that which is normally provided in first class office space. The cost to AIRLINE shall be determined, at the option of AUTHORITY, by meter or by a flat rate, calculated according to the proportion of the utility service used by AIRLINE and in the same manner as such flat rate is calculated for other utility users on the Airport.

C. Perform, at its sole expense, ordinary preventive maintenance and ordinary upkeep and nonstructural repair of all facilities, personal property, and equipment in its Exclusive Use Space, including all AIRLINE installed electrical work, plumbing, appliances, and fixtures located within its Exclusive Use Space, as well as all of AIRLINE's facilities, property, and equipment in non-exclusive areas. AUTHORITY, at its own expense, shall maintain the exterior portions of the walls and roof of the Exclusive Use Space and all central mechanical distribution systems in good repair and condition.

D. Immediately repair any damage in any other space at the Airport occasioned by the fault or negligence of AIRLINE, its employees, agents, suppliers, or invitees and not covered by insurance carried by AUTHORITY.

9.01.03 When using the Joint Use Apron Area, AIRLINE will use its best efforts to keep the area in a neat, clean, and orderly condition, free from litter, debris, refuse, petroleum products, or grease that may result from activities of its employees, agents, suppliers, or invitees; and remove all oil and grease spillage that is attributable to AIRLINE's aircraft or equipment from its aircraft parking positions.

9.01.04 AIRLINE expressly agrees that AUTHORITY shall not be liable to AIRLINE, its employees, agents, suppliers, or invitees, for bodily injury or for any loss or damage to real or personal property occasioned by flood, fire, earthquake, lightning, windstorm, hail, explosion, riot, strike, civil commotion, smoke, vandalism, malicious mischief, or acts of civil authority and not caused by the negligence or willful acts or omissions of AUTHORITY.

9.01.05 If AIRLINE fails to perform its obligations under this Article 9, AUTHORITY may do so after reasonable notice and recover its entire cost including all fines and penalties plus a fifteen percent (15%) administrative charge from AIRLINE as Additional Rent on the next rent date.

Section 9.02. AUTHORITY's Responsibilities.

9.02.01 AUTHORITY, during the term of this Agreement, shall keep in good repair, or arrange for the operation, maintenance, and good repair of, the Airport, including, but not limited to, the Public Areas and the Joint Airline Use Space of the Terminal Building, AUTHORITY-installed and owned baggage equipment, passenger loading bridges, and common use equipment, vehicular parking areas, runways, airfield lighting, taxiways, aprons, roadways,

and all appurtenances, facilities, and services now or hereafter connected with the foregoing. AUTHORITY, to the extent within its jurisdiction, also shall keep the Airport free from obstruction, including, without limitation, vegetation, stones, and other foreign matter, as reasonably necessary, from the runways, ramp area, taxiways, roadways, vehicular parking areas, and aircraft parking areas for the safe, convenient, and proper use of the Airport by AIRLINE.

9.02.02 AUTHORITY shall keep, or make appropriate arrangements to keep, the Public Areas, holdrooms, and Joint Airline Use Space of the Terminal Building adequately and attractively equipped, furnished, decorated, clean, and presentable. AUTHORITY shall use its best efforts to provide and supply in such areas of the Terminal Building signs, heat, electricity, light, power, air conditioning, wastewater disposal, water, and janitorial services, including rubbish removal. Interruptions or the lack of services shall not constitute a breach of this Agreement by AUTHORITY, but AUTHORITY shall use its best efforts to restore such service after interruption.

9.02.03 AUTHORITY shall only be called upon by AIRLINE to provide, in AIRLINE's Exclusive Use Space, structural maintenance, general plumbing and maintenance of light fixtures. AIRLINE will relamp and provide general plumbing maintenance (for AIRLINE installed plumbing) in AIRLINE Exclusive Use Space.

9.02.04 The undertakings by AUTHORITY under this Section 9.02 do not relieve AIRLINE of its duties to maintain its Exclusive Use Space and to use Joint Airline Use Space with due care.

9.02.05 From time to time, the Authority and the Signatory Airlines may agree to re-assign capital undertakings and/or maintenance responsibilities for Authority-owned airline terminal equipment, including, but not limited to, passenger loading bridges, baggage handling systems, and common use equipment under this Agreement. Such agreement shall in no way provide for exclusive rights for any particular Signatory Airline(s). Such re-assignment may be made at the request of the Authority or any Signatory Airline and must be by mutual written agreement of the Authority and all Signatory Airlines

Section 9.03. AUTHORITY's Right to Inspect and Make Repairs.

AUTHORITY, by its authorized officers, employees, agents, contractors and subcontractors, and other representatives, shall have the right (at such times as may be reasonable under the circumstances and with as little interruption of AIRLINE's operations as is reasonably practicable and upon notice to AIRLINE) to enter AIRLINE's Exclusive Use Space and Joint Airline Use Space for the following purposes:

9.03.01 To inspect such space to determine whether AIRLINE has complied and is complying with the terms and conditions of this Agreement.

9.03.02 To accomplish repairs or replacements by AUTHORITY pursuant to Section 9.02, or in any case where AIRLINE is obligated to make repairs or replacements and has failed to do so, after notice, make such repairs or replacements on AIRLINE's behalf.

9.03.03 In the exercise of AUTHORITY's police powers. No such entry by or on behalf of AUTHORITY upon any Exclusive Use Space leased to AIRLINE shall cause or constitute a termination of the letting thereof or be deemed to constitute an interference with the possession thereof by AIRLINE.

Section 9.04. Alterations and Improvements.

AIRLINE shall make no alterations, additions, improvements to, or installations on the space leased under this Agreement without the prior written approval of the Executive Manager. The Executive Manager may require plans, specifications, and other such related information for approval.

ARTICLE 10. DAMAGE OR DESTRUCTION, INSURANCE, INDEMNIFICATION, AND RELEASE OF LIABILITY

Section 10.01. Damage or Destruction.

Should the premises used by AIRLINE hereunder or portions thereof or buildings or structures of which portions of such premises may be a part be damaged by fire or other casualty, and if the damage is repairable within a reasonable time from the date of the occurrence, the premises shall be repaired with due diligence by AUTHORITY, and in the meantime the rental allocable to the particular building, rooms or other portion of the premises rendered untenantable, for the period from the occurrence of the damage to the Completion of the repairs, shall be abated in the same proportion that the untenantable portion thereof bears to the whole thereof, or, if the damage or destruction has rendered the entire building untenantable, said rental shall be abated entirely.

Should the premises used by AIRLINE hereunder or portion thereof or buildings or structures of which portions of such premises may be a part be completely destroyed by fire or other casualty, or should they be damaged to such an extent that the damage cannot, in the opinion of AUTHORITY, be repaired within a reasonable time after the occurrence, AUTHORITY or AIRLINE shall have the option to terminate this Agreement to the extent that it shall apply to the particular building, rooms or other portions of the premises so rendered untenantable, on sixty (60) days written notice effective as of any date not more than ninety (90) days after the occurrence. In the event that this paragraph shall become applicable, the parties shall advise each other within thirty (30) days after the happening of any such damage whether they have elected to continue this Agreement in effect as to the portions of the premises damaged or destroyed, or to terminate it. If the parties shall elect to continue this Agreement, AUTHORITY shall commence and prosecute with due diligence any work necessary to restore or repair the premises and will exert its best efforts to provide AIRLINE with temporary substitute space while the repairs are being completed. If either party shall fail to notify the other party of its election within said thirty (30) day period, AUTHORITY shall be deemed to have elected to terminate this Agreement as to the portions of the premises damaged or destroyed, and this Agreement shall automatically terminate as to such portions ninety (90) days after the occurrence of the damage. For the period from the occurrence of any damage to the premises to the date of completion of the repairs to the premises (or to the date of termination of the Agreement as to such portions of the premises if AUTHORITY does not restore them), the rental

allocable to the particular building, rooms or other portion of the premises involved shall be abated in the same proportion as the untenantable portion thereof bears to the whole thereof, or, if the damage has rendered the entire building untenantable, said rental shall be abated entirely, and upon termination of the Agreement as to such damaged or destroyed premises, AIRLINE shall have no further obligation to pay the rental allocable thereto. If temporary substitute space is furnished by AUTHORITY, a reasonable rental may be charged therefor.

Section 10.02. Insurance.

10.02.01 AIRLINE shall purchase and maintain in force the following insurance coverage as appropriate:

A. Comprehensive airline liability insurance, including coverage for premises, products, hangarkeepers legal liability and liquor liability, for claims of property damage, bodily injury, or death allegedly resulting from AIRLINE's activities into, on, and leaving any part of the Airport, in an amount not less than four hundred fifty million dollars ($450,000,000).

B. Automobile liability insurance in an amount adequate to cover vehicles operating on the Airport in an amount not less than four million dollars ($4,000,000).

10.02.02 AUTHORITY, in operating the Airport, will carry and maintain Airport liability insurance in accordance with the Bond Indenture in such amounts as would normally be maintained by public bodies engaged in carrying on similar activities.

10.02.03 The parties understand and agree that the minimum limits of the insurance herein required may become inadequate during the term of this Agreement, and AIRLINE and AUTHORITY agree that each will increase such minimum limits by reasonable amounts on request of the other party. Increases in coverage will be consistent with minimum limits at other airports similarly situated.

10.02.04 All policies of insurance required herein shall be in a form and with a company or companies reasonably satisfactory to AUTHORITY and shall name AUTHORITY as additionally insured to the extent of the liability assumed by AIRLINE in Section 10.04 herein. Each such policy shall provide that such policy may not be materially changed, altered, or cancelled by the insurer during its term without first giving at least sixty (60) days written notice to AUTHORITY.

10.02.05 Policies or certificates of required coverages shall be delivered to AUTHORITY.

10.02.06 Before the expiration of any then-current policy of insurance, AIRLINE shall deliver to AUTHORITY evidence showing that such insurance coverage has been renewed. Within fifteen (15) days after the date of written notice from the insurer of cancellation or reduction in coverage, AIRLINE shall deliver to AUTHORITY certificate of insurance evidencing that the required coverage has been reinstated or otherwise provided.

10.02.07 The insurance coverage described above is a material condition of this Agreement. If at any time AIRLINE shall fail to obtain or maintain in force the insurance required herein, the Executive Manager may suspend AIRLINE's right to operate at the Airport.

10.02.08 If any claim for damages is filed with AIRLINE or if any lawsuit is instituted against AIRLINE, AIRLINE shall give prompt and timely notice thereof to AUTHORITY, provided that claims and lawsuits subject to such notice are only those that arise out of, or are in any way connected with AIRLINE's use of the leased premises or AIRLINE's operations or activities in regard to the Airport and that in any way, directly or indirectly, contingently or otherwise, affect or might reasonably affect AUTHORITY. Notice shall be deemed prompt and timely if given within thirty (30) days following the date of receipt of a claim or thirty (30) days following the date of service of process of a lawsuit. Accident or property damage claims in an amount less than ten thousand dollars ($10,000) shall be excluded from the requirements of this Section 10.02(H).

10.02.09 If any claim for damages is filed with AUTHORITY or if any lawsuit is instituted against AUTHORITY, AUTHORITY shall give prompt and timely notice thereof to AIRLINE, provided that claims and lawsuits subject to such notice are only those that arise out of or are in any way connected with the operation of the Airport by AUTHORITY and that directly affect AIRLINE. Notice shall be deemed prompt and timely if given within thirty (30) days following the date of receipt of a claim or thirty (30) days following the date of service of process of a lawsuit.

10.02.10 The time limitations set forth in Sections 10.02(H) and (I) are discretionary. If the notice required to be given by these sections is late, that is, if notice is not given within the time period set forth therein, the party is not precluded from establishing that the notice actually given was prompt and timely under the circumstances of the particular claim or lawsuit, unless by the failure to give such notice within the applicable time period, the other party has been prejudiced in its ability to consider such claim or to respond or to properly defend such lawsuit, if the other party is so prejudiced by a late notice, then the late notice shall not be deemed to be prompt and timely.

Section 10.03. Indemnification.

AIRLINE shall protect, defend, and hold AUTHORITY and its officers, directors, employees, agents and representatives harmless from and against all liabilities, losses, suits, claims, judgments, fines, or demands arising by reason of injury or death of any person or damage to any property, including all reasonable costs for investigation and defense thereof (including but not limited to attorney fees, court costs, and expert fees), of any nature whatsoever arising out of the use, occupancy or operations of AIRLINE at or about, the Airport or the acts or omissions of AIRLINE's officers, agents, employees, contractors, subcontractors, licensees, or invitees, regardless of where the injury, death, or damage may occur, unless such injury, death, or damage is caused by the negligence of AUTHORITY. The Executive Manager shall give to AIRLINE prompt notice of any such claims or actions. The provisions of this section shall survive the expiration or early termination of this Agreement with respect to matters arising before such expiration or early termination.

Subject to the limitations of Territory law, AUTHORITY shall protect, defend, and hold AIRLINE and its officers and employees completely harmless from and against any and all liabilities, losses, suits, claims, judgments, fines, or demands arising by reason of injury or death of any person or damage to any property, including all reasonable costs for investigation and defense thereof (including but not limited to attorney fees, court costs, and expert fees), of any use or occupancy of any nature whatsoever to the extent not caused by the negligence of AUTHORITY.

Section 10.04. Release of Liability re: Certain Damages.

AUTHORITY shall not be liable for, and is hereby released from, all liability to AIRLINE, to AIRL1NE's insurance carrier, or to anyone claiming under or through AIRLINE for any loss or damage whatsoever to the property or effects of AIRLINE resulting from the discharge of water or other substances from pipes, sprinklers, or conduits, containers or appurtenances thereof or fixtures thereto, or for any damage resulting from the discharge or failure of electric current, regardless of cause or origin, except for such damage as may be primarily caused by reason of the negligence of AUTHORITY, its employees, or agents. The provisions of this Section 10.04 shall not be construed as a limitation of AUTHORITY's rights pursuant to Section 10.03, but are additional to the rights and exclusions from liability provided in Section 10.03.

ARTICLE 11. ASSIGNMENT OF SPACE, MERGER, AND BANKRUPTCY

Section 11.01. Assignment and Subletting.

As a condition of this Agreement, AIRLINE shall not assign this Agreement, or any part hereof, or transfer any interest herein, in any manner whatsoever or sublet the premises or any part thereof or any of the privileges recited herein, except to a wholly owned subsidiary or a parent company with a controlling interest. AIRLINE will provide the AUTHORITY with any and all assignment documents in form and substance satisfactory to the AUTHORITY, sixty (60) days prior to any assignments.

Section 11.02. Nonwaiver of Responsibility.

No assignment, transfer, conveyance, sublease, or granting a nonexclusive license by AIRLINE shall relieve AIRLINE of its responsibility for payment of rent and performance of all other obligations provided in this Agreement, without specific written consent of the Executive Manager to such relief.

Section 11.03. Relinquishment of Space.

If AIRLINE desires to relinquish any of its Exclusive Use Space or any rights to Joint Airline Use Space, AIRLINE may notify the Executive Manager of the space available, and the Executive Manager shall use his or her best efforts to reassign the space to another airline. No reassignment by the Executive Manager, nor any assignment, transfer, conveyance, or sublease by AIRLINE shall relieve AIRLINE of its primary responsibility for payment of rent and performance of all other obligations provided in this Agreement, without specific written consent

by the Executive Manager to such relief.

Section 11.04. Ground Handling Agreements.

In the event AIRLINE agrees to ground handle any portion of the operations of another certificated Air Transportation company providing service at the Airport, AIRLINE shall provide the Executive Manager advance written notice of such proposed activities, including a description of the type and extent of services to be provided. Notwithstanding the provisions of the foregoing, (1) AIRLINE may not ground handle such other Air Transportation company without the prior written permission of the Executive Manager if such Air Transportation company does not have in force an agreement with AUTHORITY, and (2) ground handling services are subject to the gross receipts tax of the Government of Guam. Such tax proceeds are revenue to the Government of Guam and are not Airport Revenue.

Section 11.05. Merger.

Section 11.01 shall not prevent the assignment of this Agreement to any corporation with which AIRLINE may merge or consolidate, or which may succeed to the business of AIRLINE pursuant to a merger or consolidation, but due notice of any such assignment shall be given to the Executive Manager upon any merger, consolidation, or succession, including a copy of documents related to such merger, consolidation, or succession which are a matter of public record.

Section 11.06. Security Deposit.

If AIRLINE is delinquent in the payment of its rents, landing fees and other fees due in accordance with the terms and conditions of this Agreement, and has failed to cure such delinquency as stipulated in Section 6.16 hereof, for three (3) months out of any Fiscal Year, the Executive Manager may require that within thirty (30) days, AIRLINE shall remit to AUTHORITY a security deposit which amount shall be based upon (a) AIRLINE's estimated Landing Fees for two (2) months (as determined on the basis of AIRLINE's published flight schedule as of that date times the actual Landing Fee rate effective as of that date), (b) AIRLINE's estimated Exclusive and Joint Airline Use Space rents for two (2) months (as determined on the basis of AIRLINE's actual leased space as of that date times the actual rental rates effective as of that date, using activity data for the most recent calendar month to allocate Joint Airline Use Space costs), (c) AIRLINE's estimated Arrival Fee for two (2) months (as determined on the basis of AIRLINE's published flight schedule as of that date times the actual Arrival Fee effective as of that date), (d) AIRLINE's estimated Loading Bridge Use Fees for two (2) months (as determined on the basis of AIRLINE's published flight schedule as of that date times the actual Loading Bridge Use Fee effective as of that date), and (e) AIRLINE's estimated Apron Use Fees for two (2) months (as determined on the basis of AIRLINE's published flight schedule as of that date times the actual Apron Use Fee effective as of that date). The security deposit may be adjusted by AUTHORITY as AIRLINE's flight activity, passenger activity, and space rental commitment increases or decreases.

If AIRLINE is a new entrant to the Airport, or if AIRLINE was previously a non-

signatory to this Agreement, then the Executive Manager will require AIRLINE to remit to AUTHORITY a security deposit equivalent to two (2) months of the rents, estimated landing fees and other fees set out above. This security deposit may be returned at such time that the Executive Manager determines that the AIRLINE has demonstrated fiscal responsibility.

Such deposit shall be in the form of an irrevocable letter of credit, or other security satisfactory to AUTHORITY, in a form approved by the Executive Manager. If AUTHORITY accepts cash deposits, the interest on cash deposits shall be retained by AUTHORITY and used in the calculation of rents and fees.

Document(s) evidencing this deposit must provide that the same shall be periodically renewed until the beginning of the month of October following termination or cancellation of this Agreement as is herein provided.

If payments required by AIRLINE under the terms of this Agreement are not made in accordance with the payment provisions set forth in Article 6, AUTHORITY shall have the right to forfeit, take, and use so much of such security deposit as may be necessary to make such payment in full and to exercise any other legal remedies to which it may be entitled. In this event, AIRLINE shall, within thirty (30) days, remit to AUTHORITY such amount as is required to restore AIRLINE's security deposit to the required balance.

Section 11.07. Bankruptcy.

Section 11.01 shall not apply to any valid assumption or assignment of this Agreement, the leased space, or any part thereof, by a trustee, or AIRLINE as a debtor in possession under Section 365 of the Bankruptcy Code of 1978, as amended, provided that adequate assurance of future performance as provided by Section 365 of the Bankruptcy Code of 1978, as amended, for the purposes of the assumption or assignment of this Agreement shall include, but shall not be limited to:

11.07.01 Adequate assurance of the reliability of the proposed source for the rents due under this Agreement on the assumption or assignment of this Agreement.

11.07.02 Adequate assurance that all other consideration due under this Agreement shall be forthcoming after the assumption or assignment of this Agreement.

11.07.03 The procurement of a bond from a financially reputable surety covering any costs or damages incurred by AUTHORITY in the event that AUTHORITY, within one (1) year following the assumption or assignment of this Agreement, becomes entitled to and exercises any right to reassign the leased space covered by this Agreement under Section 4.02 of this Agreement.

Section 11.08. Consent.

Consent by the Executive Manager to any type of transfer provided for by this Article 11 shall not in any way be construed to relieve AIRLINE from obtaining further consent for any

subsequent transfer or assignment of any nature whatsoever.

ARTICLE 12. DEFAULT

Section 12.01. Default.

If AIRLINE fails to (1) pay rent or another payment past due hereunder within ten (10) days after receipt of written notice of the due date; (2) commence immediately to keep and perform any of its other covenants and agreements within twenty (20) days after receipt of written notice; or (3) continue to complete any of its covenants and agreements after performance is commenced, or after the filing of any petition, proceedings, or action by, for, or against AIRLINE under any insolvency, bankruptcy, or reorganization act of law; then after notice and at the election of AUTHORITY:

12.01.01 After terminating this Agreement, AUTHORITY may reenter the space and alter, modify, improve and relet all or any part of it to others, for the account of AIRLINE, including costs of renovation and fifteen percent (15%) administrative fee to be paid to AUTHORITY for all sublease rents received, and AIRLINE shall promptly reimburse AUTHORITY for any deficiency in rents or other payments received under such subletting, as compared with AIRLINE's obligations hereunder.

12.01.02 At any time before or after a reentry and reletting as provided in Section 12.01(A), AUTHORITY may terminate AIRLINE's rights under this Agreement, and AUTHORITY may reenter and take possession of all space, and terminate all rights and privileges granted to AIRLINE hereunder, without any restriction on recovery by AUTHORITY for past due rents and other obligations of AIRLINE.

12.01.03 In the event of default by AIRLINE which is not cured in accordance with this Article 12, AUTHORITY is entitled to the following:

A. To recover reasonable attorneys' fees, consultant fees, or other expenses associated with the default together with any court cost and the cost of removing and storing any property of AIRLINE, and

B. To place a lien on all nonflight, property and equipment of AIRLINE for the amount owed to the extent that such lien does not violate any other lawful agreement covering such nonflight property and equipment that AIRLINE is party to, and

C. In the event AUTHORITY must remove and store property of AIRLINE, AIRLINE agrees to reimburse AUTHORITY reasonable storage fees plus fifteen percent (15%) for administration costs, and

D. In the event AUTHORITY must store AIRLINE property and the property remains unclaimed, AUTHORITY will post notice for thirty (30) days, during this notice period, AUTHORITY will publish notice three (3) times in the local daily newspaper. At the end of the notice period, AUTHORITY will sell such property by "private power of sale".

12.01.04 As used in this Section 12.01, receipts shall mean (I.) two days after date of mailing by Certified Mail to proper address set forth in this Agreement, or (2) upon actual receipt of notice upon delivery to AIRLINE's office on Guam and receipt of the notice by a supervisory or management employee of AIRLINE. As to personal services or delivery, AUTHORITY shall use its best efforts to ensure that any notice is actually received. AUTHORITY will make a best effort to obtain from a management employee a confirmation of receipt.

Section 12.02. Additional Rights of AUTHORITY.

In the event of a breach or default or threat of breach or default by AIRLINE of any of the covenants or provisions hereof, AUTHORITY shall have the right to seek an injunction and the right to invoke any remedy allowed by law or in equity as if re-entry, summary proceeding and other remedies were not herein provided for. Mention in this Agreement of any particular remedies shall not preclude AUTHORITY from any other remedy, in law or in equity.

AUTHORITY shall have all additional rights and remedies as may be provided to landlords by law.

ARTICLE 13. RULES AND REGULATIONS, COMPLIANCE WITH LAW, NONDISCRIMINATION

Section 13.01. Rules and Regulations.

13.01.01 AIRLINE shall not use or permit the use of any Airport facilities by its officers, employees, or any other persons over whom it has control for any purpose or use other than those specifically authorized by this Agreement, and such other purposes or uses as may be mutually agreed upon in writing.

13.01.02 At its sole cost and expense, AIRLINE shall comply with and shall require its officers and employees and any other persons over whom it has control to comply with such Policies and Procedures and Rules and Regulations governing the use of Airport facilities pursuant to this Agreement as may from time to time be adopted and promulgated by AUTHORITY including, but not limited to, health, safety, environmental concern, sanitation, and good order, and with such amendments, revisions, or extensions thereof as may from time to time be adopted and promulgated by AUTHORITY. AUTHORITY shall not adopt or promulgate Policies and Procedures and Rules and Regulations that conflict with this Agreement.

13.01.03 AIRLINE's right of access to the Airport shall be subject to all local and federal laws or regulations and. all Airport rules, regulations, and ordinances now in effect or hereinafter adopted or promulgated.

13.01.04 AIRLINE shall, at all times, maintain its Exclusive Use Space in compliance with any and all present and future laws, ordinances, and general rules or regulations of any public or governmental authority now or at any time during the term of this Agreement in force relating to environment, sanitation, or public health, safety, or welfare.

13.01.05 Nothing herein contained shall be construed to prevent AIRLINE from contesting the validity, reasonableness, or applicability of any federal or local law, regulation, or ordinance now in effect or hereinafter adopted or promulgated and AIRLINE shall not be deemed to be in default of any requirement of this Agreement so long as such contest is diligently prosecuted in an appropriate forum by AIRLINE or any other party to a similar agreement having interests consistent with those of AIRLINE, or until thirty (30) days following the entry of a final judgment contrary to AIRLINE's position. However, should AIRLINE contest the validity or applicability of any tax or fee, the payment of which might constitute a lien on Airport facilities, AUTHORITY may require the posting of a bond or placing in escrow of the amount of such tax or fee pending the outcome of such contest in order to avoid the imposition of such lien.

Section 13.02. Compliance with Law.

13.02.01 AIRLINE shall not use its Exclusive Use Space, Joint Airline Use Space or any part thereof, or permit the same to be used by any of its employees, officers, agents, subtenants, invitees, or licensees for any illegal purposes and shall, at all times during the term of this Agreement, with respect to exercise of its rights hereunder, comply with all applicable ordinances, laws, and Rules and Regulations of AUTHORITY (subject to Section 13.01 above) and of the Government of Guam, or any city or governmental agency, or of the U.S. Government, that may have jurisdiction to pass laws or ordinances or to make and enforce rules or regulations with respect to the uses hereunder or the Exclusive Use Space, Joint Airline Use Space, or any part thereof.

13.02.02 At all times during the term of this Agreement, AIRLINE shall, in connection with its activities and operations on the Airport:

A. Comply with and conform to all existing and future statutes and ordinances, and the rules and regulations promulgated thereunder, of all federal, Territorial, and other governmental bodies of competent jurisdiction that apply to or affect, either directly or indirectly, AIRLINE or AIRLINE's operations and activities under this Agreement.

B. Make, at its own expense, all nonstructural improvements, repairs, and alterations to its Exclusive Use Space, equipment, and personal property that are required to comply with or conform to all Laws, ordinances, and rules and regulations of federal, Territorial, and other governmental bodies of competent jurisdiction that apply to AIRLINE or AIRLINE's operation on the AIRPORT.

C. Be and remain an independent contractor with respect to all installations, construction, and services performed by or at the request of AIRLINE hereunder.

13.02.03 Security Compliance. Airline shall comply with and conform its use of the Premises to AUTHORITY's Airport Security Program, Security Directives and Emergency Amendments in addition to TSA and FAA regulations (collectively, "Security Requirements"). Airline shall require all persons, including without limitation its agents, employees, or invitees, entering the Airport, including without limitation, surrounding facilities,

parking lots, and runways, (collectively the "Airport Premises") to comply with the Security Requirements and the Airport Rules and Regulations. Airline agrees to pay, indemnify and save Authority harmless from and against any and all fines and penalties imposed or assessed on Authority and/or Airline for any breach of the Security Requirements by Airline, its agents, employees, or invitees, whether intentional, non-intentional, or through negligence occurring on the Airport Premises during the term, or any extended term, of this Agreement.

Section 13.03. Nondiscrimination.

13.03.01 Airline shall comply with the provisions of Exhibit F, as interpreted from time to time by the United States Department of Transportation ("USDOT") or the FAA.

13.03.02 Airline further agrees to comply with all provisions of Public Law 101-336, as well as 28 C.F.R. Part 35 and 29 C.F.R. Part 1630 (Americans with Disabilities Act), as amended from time to time during the term of this Agreement. Such law prohibits discrimination on the basis of disability by private entities in places of public accommodation and requires that all new places of public accommodation and commercial facilities be designed and constructed so as to be readily accessible to and usable by persons with disabilities.

ARTICLE 14. COVENANT NOT TO GRANT MORE FAVORABLE TERMS

Section 14.01. Covenant Not to Grant More Favorable Terms.

14.01.01 AUTHORITY covenants that it will not enter into any lease, contract, or any other agreement: with any other Air Transportation company containing materially more favorable terms than this Agreement, or to grant to any tenant engaged in Air Transportation, rights or privileges with respect to the Airport that are not accorded AIRLINE hereunder, unless the same rights, terms, and privileges are concurrently made available to AIRLINE. This covenant shall not extend to any carrier only operating aircraft less than fifty thousand (50,000) pounds Maximum Certificated Gross Take-Off weight.

14.01.02 If any aircraft operator shall undertake any operations at the Airport for the carriage for compensation or hire of passengers, cargo, or mail by air, AUTHORITY shall require, to the extent legally permissible, such other aircraft operator to execute and deliver an agreement, permit, license, lease, or contract with AUTHORITY providing for:

A. The payment of Landing Fees at rates and on such other terms and conditions as are not more favorable to the other party than those rates or terms and conditions then in effect for AIRLINE.

B. The payment of rents for any space leased from AUTHORITY in the Terminal Building at rates not less than those rental rates then payable by AIRLINE for similar space.

C. The payment for use by such aircraft operator of all Joint Airline Use Space and operating costs of all baggage handling or other passenger service systems, calculated and billed to such party as in the case of AIRLINE.

ARTICLE 15. TERMINATION

Section 15.01. Events Permitting Termination of Agreement by AIRLINE.

AIRLINE may terminate this Agreement and terminate all of its future obligations hereunder at any time that AIRLINE is not in default in its payments or other obligations to AUTHORITY here under, by giving the Executive Manager sixty (60) days advance written notice if (a) AUTHORITY is in default of any material and substantive portion of this Agreement, or (b) any act occurs that deprives AIRLINE permanently of the rights, power, and privileges necessary for the proper conduct and operation of its Air Transportation business at the Airport.

Section 15.02. Events Permitting Termination of Agreement by AUTHORITY.

In addition to other events described in this Agreement permitting AUTHORITY to terminate this Agreement, this section identifies other material events permitting termination of this Agreement by AUTHORITY.

15.02.01 AUTHORITY, at its option, may declare this Agreement terminated on the happening of any one or more of the following events, and may exercise all rights of entry and re-entry on AIRLINE's Exclusive Use Space:

A. If the rents and fees, or other money payments that AIRLINE herein agrees to pay, or any part hereof, shall be unpaid on the date same becomes due, in accordance with Article 6.

B. If any act occurs that deprives AIRLINE permanently of the rights, power, and privileges necessary for the proper conduct and operation of its Air Transportation business.

C. If AIRLINE (a) ceases the conduct of scheduled air service at the Airport for a period of sixty (60) consecutive days in accordance with Section 6.01 or (b) fails to operate scheduled passenger service departures each week from the Airport, for a period of ninety (90) days or more (except by reason of strikes or causes beyond the control of AIRLINE).

D. If AIRLINE abandons and fails to use its Exclusive Use Space for a period of thirty (30) consecutive days, except when such abandonment and cessation are due to fire, earthquake, labor dispute, strike, governmental action, default of AUTHORITY, or other cause beyond AIRLINE's control.

E. If AIRLINE uses or permits the use of its Exclusive Use Space at any time for any purpose for which the use thereof at that time is not authorized by this Agreement, or by a subsequent written agreement between the parties, or permits the use thereof in violation of any law, rule, or regulation to which AIRLINE has agreed in this Agreement to conform.

F. If AIRLINE is in violation of any provision of this Agreement and has not begun remedy within thirty (30) days notice thereof of such violation.

15.02.02 Termination by AUTHORITY shall not be effective unless and until at least thirty (30) days have elapsed after written notice to AIRLINE specifying the date upon which such termination shall take effect and the cause for which it is being terminated has not been cured or if AIRLINE commences to cure the cause of such termination within said thirty (30) day period, so long as AIRLINE continues diligently and in good faith to cure such cause.

Section 15.03. Possession by AUTHORITY.

In any of the aforesaid events, AUTHORITY may take possession of the leased premises upon thirty (30) days advance written notice and remove AIRLINE's effects, without being deemed guilty of trespassing or conversion. On said default, AUTHORITY shall have and reserve all of its available remedies at law as a result of said breach of this Agreement.

Failure of AUTHORITY to declare this Agreement terminated on default of AIRLINE for any of the reasons set forth herein shall not operate to bar, destroy, or waive the right of AUTHORITY to terminate this Agreement by reason of any subsequent violation of the terms hereof.

ARTICLE 16. NOTICES

Section 16.01. Delivery of Notice.

16.01.01 Notices required herein shall be in writing and served personally or sent by registered or certified mail, postage prepaid. Any such notice mailed pursuant to this paragraph shall be presumed to have been received by the addressee seventy-two (72) hours after deposit of same in the mail. Either party shall have the right, by giving written notice to the other, to change the address at which its notices are to be received. Until any such change is made, notices shall be addressed and delivered as follows:

A. AUTHORITY

Antonio B. Won Pat International Airport Authority, Guam
P.O. Box 8770
Tamuning, Guam 96931

B. AIRLINE

[INSERT NAME]
[INSERT ADDRESS]

16.01.02 If notice is given in any other manner or at any other place, it will also be given at the place and in the manner specified in Section 16.01(A).

ARTICLE 17. MISCELLANEOUS

Section 17.01. Successors and Assigns Bound.

This Agreement shall be binding on and inure to the benefit of the successors and assigns of the parties hereto.

Section 17.02. Governing Law Choice of Forum.

This Agreement and all disputes arising hereunder shall be governed by the laws of the Territory of Guam. Any disputes relating to this Agreement must be resolved in accordance with the provisions of this Agreement in conjunction to laws of Guam, including, but not limited to, the Government Claims Act. In addition, the parties to this Agreement agree and consent to the exclusive jurisdiction of the courts of Guam for any lawsuits which may arise pursuant to this Agreement.

Section 17.03. Noninterference with Operation of the Airport.

AIRLINE, by accepting this Agreement, expressly agrees for itself, its successors, and assigns that it will not make use of the leased premises in any manner that might interfere with the landing and taking off of aircraft at the Airport or otherwise constitute a hazard. In the event the aforesaid covenant is breached, upon reasonable notice to AIRLINE and opportunity to cure, AUTHORITY reserves the right to enter upon the premises hereby leased and cause the abatement of such interference at the expense of AIRLINE. AUTHORITY shall maintain and keep in good condition and repair the Airport landing areas, including taxiways, and shall have the right to direct and control (consistent with the Federal Aviation Regulations) all activities of AIRLINE in this regard.

Section 17.04. Severability.

If one or more clauses, sections, or provisions of this Agreement shall be held to be unlawful, invalid, or unenforceable, it is agreed that the remainder of this Agreement shall not be affected thereby.

Section 17.05. Quiet Enjoyment.

AIRLINE shall, upon payment of the rents and fees herein required, and subject to performance and compliance by AIRLINE of the covenants, conditions, and agreements on the part of AIRLINE to be performed and complied with hereunder, peaceably have and enjoy the rights, uses, and privileges of the Airport, its appurtenances, and facilities as granted hereby and by the Rules and Regulations.

Section 17.06. Taxes.

17.06.01 AIRLINE shall pay, but such payment shall not be considered part of Airport Revenue, all taxes (including any possessory interest tax), assessments, and charges of a like nature, if any, which at any time during the term of this Agreement may be levied against AIRLINE or become a lien by virtue of any levy, assessment, or charge against AIRLINE by the federal government, the Territory of Guam, AUTHORITY(acting in its governmental capacity), any municipal corporation (having jurisdiction over the Airport), any local government entity, any government successor in authority to the foregoing, or any other tax or assessment levying bodies, in whole or in part, upon or in respect to any of the space leased under this Agreement or such facilities of the Airport as are made available for use by AIRLINE hereunder, or upon or in respect to any personal property belonging to AIRLINE situated on the space leased under this Agreement. Payment of such taxes, assessments, and charges, when and if levied or assessed, shall be made by AIRLINE directly to the taxing or assessing authority charged with collection thereof.

17.06.02 AIRLINE may, at its own expense, contest the amount or validity of any tax or assessment, or the inclusion of the space leased under this Agreement as taxable or assessable property, directly against the taxing or assessing authority.

17.06.03 On any termination of this Agreement, all lawful taxes then levied or a lien upon any such property or taxable interest therein shall be paid in full by AIRLINE forthwith, or as soon as a statement thereof has been issued by the tax collector if termination occurs during the interval between attachment of the lien and issuance of a statement.

Section 17.07. Liens.

AIRLINE shall cause to be removed promptly any and all liens of any nature arising out of or because of any construction performed by AIRLINE or any of its contractors or subcontractors upon Exclusive or Joint Airline Use Space or arising out of or because of the performance of any work or labor by or for it or them at said premises, reserving the right to contest in court the validity of any such liens. AIRLINE shall have the right to post an appropriate bond to cover its obligations pursuant to this paragraph.

In the event any person or corporation shall attempt to assert a mechanic's lien against the leased premises for improvements made by AIRLINE, AIRLINE shall hold AUTHORITY harmless from such claim, including the cost of defense.

Nothing in this section shall prevent AIRLINE from contesting the validity of liens placed upon its Exclusive or Joint Airline Use Space. If AIRLINE contests a lien, it will do so in a prompt and expeditious manner.

Section 17.08. Obtaining Federal Funds.

AUTHORITY shall use its best efforts to obtain appropriate grants from federal agencies or other sources, when consistent with prudent management of the Airport.

Section 17.09. Nonliability of AUTHORITY's or AIRLINE's Officers, Agents, and Employees.

No elected official, commissioner, councilman, director, officer, agent, or employee of either party shall be charged personally or held contractually liable by or to the other party under any term or provision of this Agreement or because of any breach thereof or because of its or their execution or attempted execution thereof.

Section 17.10. Subordination to Agreements with the U.S. Government.

This Agreement is subject and subordinate to the provisions of any agreements heretofore or hereafter made between AUTHORITY and the United States, relative to the operation or maintenance of the Airport, or to the expenditure of federal funds for the improvement or development of the Airport, including the expenditure of federal funds for the development of the Airport in accordance with the provisions of the Federal Aviation Act of 1958, the Federal Aid to Airports Act, the Airport and Airway Development Act of 1970, and the Airport and Airway Improvement Act of 1982, as such acts have been amended from time to time. As of the effective date of this Agreement, the Executive Manager is not aware of any conflicts with the foregoing.

In the event that the FAA requires, as a condition precedent to the granting of funds for the improvement of the Airport, modifications or changes to this Agreement, AIRLINE agrees to consent to such amendments, modifications, revisions, supplements, or deletions of any of the terms, conditions, or requirements of this Agreement as may be required to enable AUTHORITY to obtain such grant of funds. These modifications or changes shall only be made after consultation with the Signatory Airlines and must be consistent with the tenets of sound airport management, and also must be consistent with prudent operator requirements under Section 17.33.

Section 17.11. Incorporation of Exhibits.

All exhibits referred to in this Agreement are intended to be and hereby are specifically made a part of this Agreement.

Section 17.12. Incorporation of Required Provisions.

AUTHORITY and AIRLINE incorporate herein by this reference all provisions lawfully required to be contained herein by any governmental body or agency.

Section 17.13. Price Level Adjustments.

The fixed dollar amounts contained in this Agreement-may be adjusted each year pursuant to the Bond Indenture or otherwise in proportion to the changes in the Implicit Price Deflator index published by the U.S. Department of Labor, Bureau of Labor Statistics, using as a base the latest published index available as of January 1, 2004.

Section 17.14. Entire Agreement.

This Agreement, together with all exhibits attached hereto, constitutes the entire agreement between the parties hereto, and all other representations or statements heretofore made, verbal or written, are merged herein, and this Agreement may be amended only in writing, and executed by duly authorized representatives of the parties hereto.

Section 17.15. Nonwaiver of Rights.

No waiver of default by either party of any of the terms, covenants, and conditions hereof to be performed, kept, and observed by the other party shall be construed, or shall operate, as a waiver of any subsequent default of any of the terms, covenants, or conditions herein contained, to be performed, kept, and observed by the other party.

Section 17.16. Force Majeure.

Neither AUTHORITY nor AIRLINE shall be deemed in violation of this Agreement if it is prevented from performing any of the obligations hereunder by reason of strikes, boycotts, labor disputes, embargoes, shortages of energy or materials, acts of God, acts of a public enemy, acts of superior governmental authority, weather conditions, riots, rebellion, sabotage, or any other circumstances for which it is not responsible or that are not within its control, provided these provisions shall not excuse AIRLINE from paying the rents, charges, and fees specified in this Agreement.

Section 17.17. Headings.

The headings of the several articles and sections of this Agreement are inserted only as a matter of convenience and for reference and do not define or limit the scope or intent of any provisions of this Agreement and shall not be construed to affect in any manner the terms and provisions hereof or the interpretation or construction thereof.

Section 17.18. Nonexclusive Rights.

It is understood and agreed that nothing herein contained shall be construed to grant to AIRLINE any exclusive right or privilege within the meaning of Section 308 of the Federal Aviation Act for the conduct of any activity on the Airport, except that, subject to the terms and provisions hereof. AIRLINE shall have the right to exclusive possession of the Exclusive Use Space leased to AIRLINE under the provisions of this Agreement.

Section 17.19. Inspection of Books and Records.

Each party hereto, at its expense and on reasonable notice, shall have the right from time to time to inspect and copy the books, records, and other data of the other party relating to the provisions and requirements hereof, provided such inspection is made during regular business hours.

17.19.01 AIRLINE shall maintain and keep current, to AUTHORITY's satisfaction,

proper books and records (relating to AIRLINE's activities at the Airport) according to good accounting standards and principles. Further, AIRLINE shall maintain and keep current, to AUTHORITY's satisfaction, detailed information, materials, books, and records on its passengers and flights at the Airport, including but not limited to records on the number of passengers arriving and departing on each flight, the number of flights, loading bridge use, apron use, and details of each flight. AUTHORITY shall have the right to demand and AIRLINE shall provide any and all information, records, books, and materials to enable AUTHORITY to determine the correct rents, charges and fees due under this Agreement. AIRLINE shall provide copies of any and all information, records, books, and materials requested by AUTHORITY. All such information, materials, books, and records must and shall be in the form and substance to AUTHORITY's satisfaction and shall be kept by AIRLINE for a period of at least three (3) years. Such information, materials, books, and records shall be kept on the island of Guam, and shall be made available to AUTHORITY within three (3) business days for examination.

17.19.02 AUTHORITY may, at any time, cause an audit of the business of AIRLINE to be made by an accountant to be selected by AUTHORITY, and if such audit discloses that any statement, information, material, books, and records as provided by AIRLINE concerning the rents, fees, and charges due to AUTHORITY has resulted in an understatement of the rents, fees, and charges due to AUTHORITY by more than three percent (3%), then AIRLINE shall immediately pay the cost of any such audit (provided that such audit was performed by a private or nongovernment auditor or accountant) as well as the additional rent payable by AIRLINE to AUTHORITY, together with interest at the rate of two percent (2%) per month on the understated amount due from the date such rent, fees, or charges were actually or originally due to the date of payment; otherwise, the cost of such audit shall be paid by AUTHORITY.

Specifically, AUTHORITY may, at its own discretion, request that AIRLINE provide audited data on Enplaned Passengers and Deplaned Passengers for a specific time period, in order to confirm such passenger data supporting the AIRLINE payments made in Sections 6.04, 6.05 and 6.06.

17.19.03 AUTHORITY's acceptance of any monies paid pursuant to a completed statement or report furnished by AIRLINE shall not be an admission of the accuracy of said statement and AUTHORITY shall be entitled at any time after the receipt of any such rent, fees, and charges to require proof of the accuracy of such statement to the satisfaction of AUTHORITY.

For the purpose of enabling AUTHORITY to check the accuracy of such statement, AIRLINE shall, after submission to AUTHORITY of such statements, keep safe and intact all of AIRLINE's records, information, materials, books, accounts, tax returns, and other data which, as determined by AUTHORITY, may in any way bear upon or are required to establish in detail AIRLINE's rents, fees, and charges due, and AIRLINE shall, within three (3) days after request of AUTHORITY or its agents deliver the same to AUTHORITY or its agents, for examination by AUTHORITY.

Section 17.20. Generally Accepted Accounting Principles.

Whenever any report or disclosure referred to in this Agreement consists, either in whole or in part, of financial information, such report or disclosure shall be prepared in accordance with generally accepted accounting principles, except as specifically provided to the contrary in this Agreement.

Section 17.21. General Interpretation.

Insofar as this Agreement grants, permits, or contemplates the use of space or facilities or the doing of any other act or thing at the Airport by AIRLINE, such use or the doing of such act or thing is to be in connection with the operation of AIRLINE's Air Transportation business for the carriage by aircraft of persons, baggage, property, cargo, and mail on scheduled or nonscheduled flights, whether as a common carrier, a contract carrier, a private carrier, or otherwise. Each of the parties, however, has entered into this Agreement solely for its own benefit; and (without limiting the right of either party to maintain suits, actions, or other proceedings because of breaches of this Agreement) the Agreement does not grant to any third person (excepting a successor party to AUTHORITY or AIRLINE) a right to claim damages or bring any suit, action, or other proceeding against either AUTHORITY or AIRLINE because of any breach hereof. Nothing in this Agreement shall restrict AUTHORITY's authority to enact ordinances affecting the Airport.

Section 17.22. Holding Over.

If AIRLINE remains in possession of the leased premises after the expiration of this Agreement without any written renewal thereof, such holding over shall not be deemed as a renewal or extension of this Agreement, but shall create only a tenancy from month to month that may be terminated on thirty (30) days advance written notice by AUTHORITY. Such holding over shall otherwise be upon the same terms and conditions as set forth in this Agreement.

Section 17.23. Consent Not to be Unreasonably Withheld.

Whenever consent or approval is required herein by either AUTHORITY or AIRLINE, such consent or approval shall not be unreasonably withheld.

Section 17.24. Authority of Executive Manager.

All rights and obligations of AUTHORITY under this Agreement may be exercised by the Executive Manager or the Executive Manager's designee, unless specifically provided otherwise or required by law.

Section 17.25. Invalid Provision.

If any covenant, condition, or provision herein contained is held to be invalid by any court of competent jurisdiction, the invalidity of any such covenant, condition, or provision shall in no way affect any other covenant, condition, or provision herein contained, provided that the

invalidity of any such covenant, condition, or provision does not materially prejudice either party hereto in its respective rights and obligations contained in the valid covenants, conditions, or provisions in this Agreement.

Section 17.26. Amendments.

This Agreement may be amended in whole or in part without further consideration upon mutual written consent of AUTHORITY and AIRLINE.

Section 17.27. Payment of Utility Charges.

AIRLINE shall pay promptly for all utilities and utility services used by AIRLINE at or in AIRLINE's Exclusive Use Space in excess of those utility services specifically provided by AUTHORITY.

Section 17.28. Vending Machines.

AIRLINE shall ensure that no amusement, vending (excluding self ticketing machines and vending machines for AIRLINE's employees), public pay phones, or other machines operated by coins, tokens, or credit cards are installed or maintained in or at AIRLINE's Exclusive Use Space except with the prior written permission of the Executive Manager.

Section 17.29. Public Address System.

AIRLINE agrees that the use of AUTHORITY's public address system will be in accordance with AUTHORITY's written public address system policy. AIRLINE shall not install, cause to be installed, or use any other public address system at the Terminal Building without the prior written approval of the Executive Manager.

Section 17.30. Employees of AIRLINE.

AIRLINE shall require all of its employees, subcontractors, or independent contractors hired by AIRLINE working in view of the public and about the Terminal Building to wear clean and neat attire including appropriate footwear and to display appropriate identification.

Section 17.31. Removal of Disabled Aircraft.

AIRLINE shall promptly remove any of its disabled aircraft from any part of the Airport (including, without limitation, runways, taxiways, aprons, and gate positions) and place any such disabled aircraft in such storage areas as may be designated by the Executive Manager. AERUNE may store such disabled aircraft only for such length of time and on such terms and conditions as may be established by AUTHORITY. If AIRLINE fails to remove any of its disabled aircraft promptly, the Executive Manager may, but shall not be obligated to, cause the removal of such disabled aircraft, provided, however, the obligation to remove or store such disabled aircraft shall not be inconsistent with federal laws and regulations and AIRLINE agrees to reimburse AUTHORITY for all costs of such removal, and AIRLINE further hereby releases AUTHORITY from any and all claims for damage to the disabled aircraft or otherwise arising

from or in any way connected with such removal by AUTHORITY unless caused by the negligence or recklessness of AUTHORITY.

Section 17.32. Licenses, Fees, and Permits.

AIRLINE shall obtain and pay for all licenses, fees, permits, or other authorization or charges as required under federal, territorial, or local laws and regulations insofar as they are necessary to comply with the requirements of this Agreement and the privileges extended hereunder.

Section 17.33. Prudent Operator.

AUTHORITY agrees to operate the Airport in a prudent manner and to maximize non-airline revenue consistent with its obligations as a public airport sponsor.

Section 17.34. Airport Access License/Permit.

AUTHORITY reserves the right to establish a licensing or permit procedure for vehicles requiring access to the Airport operational areas and to levy directly against AIRLINE or its suppliers a reasonable regulatory or administrative charge (to recover the cost of any such program) for issuance of such Airport access license or permit.

Section 17.35. Energy Conservation.

AIRLINE shall comply with AUTHORITY Rules and Regulations pertaining to energy conservation and management to the extent that such Rules and Regulations do not infringe on the rights and privileges granted herein.

Section 17.36. Compliance with Part 77, Title 14, CFR.

AIRLINE agrees to comply with the notification and review requirements covered in Part 77, Title 14, Code of Federal Regulations, FAA Regulations, in the event future construction of a building is planned for the leased premises, or in the event of any planned modification or alteration of any present or future building or structure situated on the leased premises.

Section 17.37. Reservations re: Airspace and Noise.

There is hereby reserved to AUTHORITY, its successors, and assigns for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the leased premises.

Section 17.38. Attorneys' Fees.

In any litigation involving AUTHORITY on one hand and AIRLINE on the other, the party prevailing in such litigation shall be entitled to recover the cost of such litigation including reasonable attorneys' fees and court costs from the party not prevailing.

Section 17.39. Apron Area Aircraft Servicing.

AIRLINE may perform, while its aircraft are parked upon the Apron Area, customary fueling and servicing of aircraft preparatory to the loading and takeoff or immediately following landing and unloading. AIRLINE shall not do or perform any major repair or maintenance work upon its aircraft while parked upon the Apron Area or at the Loading Bridge Position nor shall there be any storage of aircraft upon the Apron Area in a manner to restrict the loading and unloading of passengers. As used herein, "major" is defined to be work that normally requires more than one hour to complete.

Section 17.40. National Emergency.

This Agreement and all the provisions hereof shall be subject to whatever right the U.S. Government now has, or in the future may have or acquire, affecting the control, operation, regulation, and taking over of said Airport or the exclusive or nonexclusive use of the Airport by the United States during the time of war or national emergency.

Section 17.41. Time is of the Essence.

Time is of the essence in this Agreement.

Section 17.42. Informal Dispute Resolution.

In the event of any dispute between AUTHORITY and AIRLINE, either party shall make best effort to resolve the dispute initially through informal channels. Specifically, the agencies that either party should call upon to aid dispute resolution shall be in the order of (1) Executive Manager and (2) Airport Board. In the event these informal channels do not resolve the dispute, AIRLINE or AUTHORITY may avail itself of all legally available remedies.

Section 17.43. Authority to Enter Into Contract. AIRLINE warrants and represents that it has the right, power, and legal capacity to enter into, and perform its obligations under this Agreement, and no approvals or consents of any persons are necessary in connection with it. The execution, delivery, and performance of this Agreement by AIRLINE have been duly authorized by all necessary corporate action of AIRLINE, and this Agreement will constitute a legal, valid, and binding obligation of AIRLINE, enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting creditors, rights generally, and general principles of equity.

Section 17.44. Counterparts; Facsimile or .PDF Signatures; Electronic Signatures. This Agreement may be executed in one or more counterparts, each of which is deemed an original, but all of which together shall constitute one and the same agreement. A facsimile, .PDF or other reproduction of this Agreement may be executed by one or more parties, and an executed copy of this Agreement and electronic signatures may be delivered by one or more parties by facsimile, email, or similar instantaneous electronic transmission device under which the signature of or on behalf of such party can be seen, and such execution and delivery is to be considered valid, binding and effective for all purposes. At the request of any party, the parties agree to execute an original of this Agreement as well as any facsimile, .PDF or other reproduction hereof.

Federal Aviation Administration Required Provisions

A. **Civil Rights - General.** Airline agrees to comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. If Airline transfers its obligation to another, the transferee is obligated in the same manner as Airline.

This provision obligates Airline for the period during which the Premises is owned, used or possessed by Airline and AUTHORITY remains obligated to the Federal Aviation Administration. This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

B. **Civil Rights - Title VI Assurances - Compliance with Nondiscrimination Requirements.**

1. **Compliance with Regulations:** Airline (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

2. **Non-discrimination:** Airline, with regard to the work performed by it during the Agreement, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Airline will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the Agreement covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

3. **Solicitations for Subcontracts, including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding or negotiation made by Airline for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by Airline of Airline's obligations under this Agreement and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

4. **Information and Reports:** Airline will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by AUTHORITY or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of Airline is in the exclusive possession of another who fails or refuses to furnish the information, Airline will so certify to AUTHORITY or the Federal Aviation Administration, as appropriate, and will set forth

what efforts it has made to obtain the information.

5. **Sanctions for Noncompliance**: In the event of Airline's noncompliance with the non-discrimination provisions of this contract, AUTHORITY will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

(a) Withholding payments to Airline under the Agreement until Airline complies; and/or

(b) Cancelling, terminating or suspending the Agreement, in whole or in part.

6. **Incorporation of Provisions**: Airline will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. Airline will take action with respect to any subcontract or procurement as AUTHORITY or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if Airline becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, airline may request AUTHORITY to enter into any litigation to protect the interests of AUTHORITY. In addition, Airline may request the United States to enter into the litigation to protect the interests of the United States.

7. **Civil Rights - Title VI Clauses for Use/Access to Real Property**. Airline for itself, its heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of the Premises or the Airport, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that Airline will use the premises in compliance with all other requirements imposed by or pursuant to the List of Pertinent Nondiscrimination Acts And Authorities in Paragraph C below.

In the event of breach of any of the above nondiscrimination covenants, AUTHORITY will have the right to terminate the Agreement and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said Agreement had never been made or issued.

C. **Title VI List of Pertinent Nondiscrimination Acts and Authorities.** During the performance of this Agreement, Airline, for itself, its assignees, and successors in interest (hereinafter referred to as "Airline") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

1. **Title VI of the Civil Rights Act of 1964** (42 USC § 2000d *et seq.*, 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);

2. **49 CFR part 21** (Non-discrimination in Federally-assisted programs of the Department of Transportation - Effectuation of Title VI of the Civil Rights Act of 1964);

3. **The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970** (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);

4. **Section 504 of the Rehabilitation Act of 1973** (29 USC § 794 *et seq.*), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27;

5. **The Age Discrimination Act of 1975**, as amended (42 USC § 6101 *et seq.*), (prohibits discrimination on the basis of age);

6. **Airport and Airway Improvement Act of 1982** (49 USC § 471, Section 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);

7. **The Civil Rights Restoration Act of 1987** (PL 100-209) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);

8. **Titles II and III of the Americans with Disabilities Act of 1990**, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 USC §§ 12131 - 12189) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;

9. **The Federal Aviation Administration's Nondiscrimination statute** (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);

10. **Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations**, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;

11. **Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency**, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency

(LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);

Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC 1681 et seq).

INTERNATIONAL AIRPORT AUTHORITY, GUAM
BOARD OF DIRECTORS
EXECUTIVE SUMMARY

INVITATION FOR BID
GLASS WINDOW CLEANING SERVICES
IFB NO. GIAA-001-FY19

December 3, 2018

Purpose

Board action is requested to approve the bid award of the Glass Window Cleaning Services under the Invitation For Bid No. GIAA-001-FY19.

Background

The bid is for the provision of Glass Window Cleaning Services at the Antonio B. Won Pat International Airport for a contract term of three (3) years.

Procurement Background

The solicitation announcement was advertised through the local newspapers during October 9, 11, 17, 23, and 31, 2018. The bid submission deadline and bid opening took place on November 8, 2018.

Thirteen (13) firms/individuals purchased or downloaded the bid package and four (4) firms submitted bids before the submission deadline. The firms were evaluated and four (4) were determined to be acceptable. As required by the Procurement Rules and Regulations, the bids were publicly opened and read aloud in the presence of the bidders.

The submitted bids are presented below in the order it was received and opened:

Bidder/Firm's Name	Amount:
Guam Cleaning Masters	$418,422.72
Maids to Order, Inc. dba MTO Maintenance	$104,400.00
General Pacific Services, LLC. dba Pacific Waste Systems, LLC.	$345,000.00
JJ Global Services	$165,000.00

The lowest total bid amount was in the amount of $104,400.00 from MTO Maintenance. However, the bidder failed to submit a bid security in the amount of not less than fifteen percent (15%) of the amount of their Total Bid Price. Therefore, pursuant to Section 15of the Instruction to Bidders, the bidder was deemed non-responsive due to failure to comply with the Invitation For Bid.

The second to the lowest bidder, JJ Global Services failed to submit the Acknowledgement Receipt form provided in Required Forms of the IFB documents. As this mistake is immaterial and does not prejudice other bidders, having a negligible effect on price, quantity, quality, delivery, or contractual conditions, a written determination to waive this minor informality is made part of the procurement record.

Legal Review

Upon approval of awards, the contract will be processed through issuance of Purchase Orders in conformance with the Government of Guam Procurement Regulations.

Financial Review

The total contract award for this bid is $165,000.00. Funding for this bid is available under the Operations O&M budget.

Recommendation

Management recommends the contract award in the total amount of **$165,000.00** to **JJ Global Services**, who has been determined to have met the standards of responsibility and responsiveness outlined in Guam Procurement Law and Regulations.

MEMORANDUM

TO: Charles H. Ada II
Executive Manager

FROM: Henry M. Cruz
Buyer Supervisor, Acting

SUBJECT: **Bid Evaluation and Recommendation – Invitation for Bid**
Glass Window Cleaning Services
IFB No. GIAA-001-FY19

Procurement Background:
The above referenced Invitation For Bid was publicly announced through the local newspaper on October 9, 11, 17, 23, and 31, 2018. The bid submission deadline and bid opening took place on November 8, 2018 at 2:00 p.m.

Thirteen (13) firms/individuals purchased or downloaded the bid package and four (4) firms submitted a bid prior to the bid submission deadline. The bid submittal was opened in the presence of the bidders and several GIAA representatives. The bid offer was read aloud by the Buyer Supervisor and tabulated by a member of the Procurement staff.

The results of the bid price submittals are as follows in the order it was received and opened:

Bidder/Firm's Name	Amount:
Guam Cleaning Masters	$418,422.72
MTO Maintenance	$104,400.00
General Pacific Services, LLC.	$345,000.00
JJ Global Services	$165,000.00

AMERICAN ASSOCIATION OF AIRPORT EXECUTIVES
AIRPORTS COUNCIL INTERNATIONAL
NASAO National Association of State Aviation Officials
TIACA THE INTERNATIONAL AIR CARGO ASSOCIATION

Bid Analysis and Evaluation:
Pursuant to Section 9 of the Instructions to Bidders, the contract is to be awarded to the lowest responsible, responsive bidder, provided their bid is reasonable and it is in the best interest of the GIAA to accept it. To determine the responsibility of bidders, the bid package specified the required documents that bidders must submit with their bid packages. The attached abstract illustrates the inventory of required documents and bidders' submittals.

Guam Cleaning Masters: The firm submitted a total bid price in the amount of $418,422.72. The submitted Bidder's Qualification Statement form included lists of projects from 2005-2018 with resumes attached. The bidder submitted a copy of their current Guam Business License #1914955. All other required documents are complete and in conformance with the Invitation for Bid.

Maids to Order, Inc. dba MTO Maintenance: The firm submitted a total bid price of $104,400.00. The submitted Bidder's Qualification Statement form included lists of projects from 2013-2018. The bidder submitted a copy of their current Guam Business License #1901575. The bidder failed to submit a bid security in the amount of not less than fifteen percent (15%) of the amount of their Total Bid Price. With a total bid price of $104,400.00, Maids to Orders, Inc.'s bid security should have been, at a minimum, in the amount of $15,660.00; a minimum of fifteen percent (15%) of their total bid price amount. The bidder submitted their bid security in the form of a certified check in the amount of $5,500.00.00

Therefore, pursuant to Section 15 of the Instruction to Bidders, the bidder was deemed non-responsive due to failure to comply with the Invitation for Bid.

General Pacific Services LLC dba Pacific Waste Systems, LLC: The firm submitted a total bid price of $345,000.00. The submitted Bidder's Qualification Statement form included lists of projects from 2011-2018 with resumes attached. The bidder submitted a copy of their current Guam Business License #191506. All other required documents are complete and in conformance with the Invitation for Bid.

JJ Global Services: The firm submitted a total bid price of $165,000.00. The bidder submitted a copy of their current Guam Business License #1910860. The bidder failed to submit the Acknowledgement of Receipt form provided in the Required Forms of the IFB documents. It is recommended that the Executive Manager waive the minor informality in JJ Global Services' bid submission in failing to submit the Acknowledgment of Receipt form, as this mistake is immaterial and does not prejudice the other bidders; having a negligible effect on price, quantity, quality, delivery, or contractual conditions.

Recommendation:
Pursuant to the guidelines in Item 9 of the Instruction to Bidders, the award of contract will be made to the **lowest responsible, responsive bidder**. JJ Global Services is the apparent lowest responsible, responsive bidder with a Total Bid Price of $165,000.00.

If the minor informality in their bid submission noted above is waived, it is recommended that **JJ Global Services** be awarded the contract in the amount of **$165,000.00** for this project.

Should you have any questions or concerns, I am available at your request.

BOARD OF DIRECTORS RESOLUTION NO. 19-09

RELATIVE TO THE
EXTENSION OF THE AGREEMENT FOR LEGAL SERVICES –
CONFLICTS COUNSEL
WITH FISHER & ASSOCIATES

WHEREAS, an Agreement for Legal Services – Conflicts Counsel (the "Conflicts Counsel Agreement") was entered into effective as of December 1, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Fisher & Associates; and

WHEREAS, the Conflicts Counsel Agreement provides for a term of one (1) year with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, on October 27, 2016, by Resolution No. 17-05, the Board of Directors approved the extension of the Conflicts Counsel Agreement for an additional one year period (1st Option) commencing on December 1, 2016, and expiring on November 30, 2017, under the same terms and conditions as set forth in the Conflicts Counsel Agreement; and

WHEREAS, on October 26, 2017, by Resolution No. 18-03, the Board of Directors approved the extension of the Conflicts Counsel Agreement for an additional one year period (2nd Option) commencing on December 1, 2017, and expiring on November 30, 2018, under the same terms and conditions as set forth in the Conflicts Counsel Agreement; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of conflicts legal counsel and that it is in the best interests of GIAA to extend the term of the Conflicts Counsel Agreement for an additional one (1) year period (3rd Option) commencing on December 1, 2018, and expiring on November 30, 2019, under the same terms and conditions as set forth in the Conflicts Counsel Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the Conflicts Counsel Agreement for an additional one (1) year period commencing on December 1, 2018, under the same terms and conditions as set forth in the Conflicts Counsel Agreement.

DULY AND REGULARLY ADOPTED BY THE BOARD OF DIRECTORS OF THE ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM AT THE DECEMBER 3, 2018 REGULAR BOARD MEETING.

EXECUTIVE MANAGER'S REPORT
December 03, 2018

AIRLINE ISSUES

UNITED AIRLINES

Travellers on GUM/MNL flights will now be arriving in Terminal 3 of the Nino Aquino International Airport. Effective Oct. 28, 2018, United moved its Manila operations from Terminal 1 to Terminal 3. Terminal 3 is the newest and largest terminal with new shopping amenities and dining outlets.

REGULATORY ISSUES

FAR Part 139 Certification Inspection

FAA Certification Inspector, William J. Brown from the Honolulu ADO office inspected GIAA's facilities from Oct 29 through Nov 1, 2018. The results? **Zero discrepancies and 100%** compliance with 14 US CFR Part 139. This accomplishment is a milestone for both GIAA and the FAA Honolulu ADO. Never before has an airport received a perfect score in its annual inspection, nor has any achieved this for three years in a row. This is testament to the hard work of employees, tenants and stakeholders and enhances Guam's profile as a safe and efficient airport in the region.

USCBP

USCBP presented GIAA with an introduction to its new simplified travel via facial recognition technology program. 14 airports are now participating in facial technology that improves efficiency of travel while building a database of travellers. Facial technology can be employed from arrival through departure and can replace several systems and programs when fully integrated with all regulatory functions within our terminal. GIAA will continue discussions with USCBP and collaborate with airlines to determine models that will best fit our operation to integrate into this exciting USCBP program.

GIAA Management also met with Mr. Bruce Murley, USCBP Area Port Director out of Honolulu on Nov. 30, 2018 , who is visiting the local USCBP office. Discussions centered programs and capital improvement projects ongoing at the Guam International Airport

ENVIRONMENTAL ISSUES

Final Wildlife Assessment Report

GIAA Contractor PCR Environmental completed its yearlong ecological study to document wildlife hazards that occur on and near the airport on October 31, 2018.

The objectives were to:

- identify the abundance and seasonal movements of potential wildlife hazards
- Identify potential wildlife attractants on airport property
- Identify major potential wildlife attractants within 5 miles of the airport
- Analyze past strike history
- Make recommendations.

Summarily, the report details the airport is taking proactive approach to wildlife control by contracting USDA-WS to assist with monitoring, harassment and if necessary lethal wildlife removal. It further reports that Airport staff is dedicated to mitigating wildlife issues on the airfield and annual training and reviews are conducted of the Airport's wildlife hazard management plan.

OUTREACH ACTIVITIES

Official Events

The Airport celebrated Two CIPs last month that included the **"Sneak Peek"** of the first pod of the **International Arrivals Corridor (IAC)**which took place Friday, October 26, 2018 at 10am, and the "**Ground Washing"** event of the new ARFF Facility, which took place on November 1, 2018 at 10am. The Governor, VIPs, Stakeholders and Aviation partners joined us to unveil these significant projects.

Official **Airport Week** events are scheduled for January 14 – 21, 2018, in recognition of the 43rd year of the A.B. Won Pat International Airport Authority, Guam as an autonomous agency of Guam.

The annual **Tenant Appreciation Banquet** is scheduled for Dec. 28, 2018 at the Dusit Thani, with an "out of this world" theming.

Stakeholder Meeting
A stakeholder meeting will be held on December 18, 2018 @ 10am to discuss International Arrival Corridor construction impact and operational plans with tenants and airlines. GIAA continues to actively engage tenants, airlines and the public with Terminal Impact notices and stakeholder meetings for proper planning and execution of construction with minimal impact to stakeholders and the travelling public.

ANNOUNCEMENTS

- A **Transition Report** containing the most substantive issues in regard to programs and initiatives, current and future projects, and issues or challenges for review and awareness was transmitted to the Chief of Staff on Monday, November 19, 2018. A meeting is scheduled for 9am,Tuesday, December 4, 2018 with the Infrastructure/Transportation Subcommittee and GIAA Management.

- **SUPER TYPHOON YUTU**
  The Airport deployed two airfield electricians on Nov. 1, 2018 to assist in the recovery of the airfield and terminal electrical systems at Saipan International Airport. They also were flown into Tinian to assess and assist with repair of those electrical systems.

- The Airport kicked off the **2nd Annual Deck our Halls and Give** which is a Christmas Tree sponsorship and adoption program within the Terminal. Proceeds from this activity will go to the "One Marianas" organization for recovery assistance to our brothers in the Marianas. This program is twofold, a platform for raising funds for charity and aesthetically enhancing our terminal for the season, which is an auspicious location for corporations who adopt and decorate a tree. Check presentation is scheduled for December 12, 2018 to the organization. CNMI First Lady Diann Torres anticipated to receive the donation. Standard & Poor's Upgrades Airport Credit Rating with updated Criteria

Standard & Poor's (S&P) upgraded thecredit rating on the Antonio B. Won Pat International Airport Authority, Guam's (GIAA) senior-lien general revenue bonds from BBB to a BBB+ with a stable outlookreleased on September 27, 2018, and again mentioned in S&Ps "Year- End Update to S&P Global Ratings' U.S. and Canadian Not for Profit Transportation Infrastructure Enterprises Criteria Implementation" report issued November 28, 2018.

The upgraded rating reflects S&P's opinion of the airport's "adequate enterprise risk profile and strong financial risk profile". These assessments included "low industry risk relative to that of other industries and sectors", and the Airport's "adequate management and governance, with detailed financial planning" and "adequate risk management practices and organizational effectiveness." S&P also pointed out the GIAA's adequate financial performance, its strong historical coverage, and very strong debt and liabilities capacity as GIAA continues to pay down its debt.

In its Nov. 28, 2018 release, S&P had reviewed 48 airports, which included the Antonio B. Won Pat International Airport Authority, Guam. Executive Manager Charles Ada II stated, "Under S&P's updated criteria as of March 12, 2018, S&P found the Guam Airport bonds to have improved from a BBB to a BBB+ in its credit rating. This is fantastic, and validates responsible management in place, especially in a period where we are going through massive construction and upgrade to our facility and having lost a key aviation partner in the last fiscal year. "

The official S&P Global Ratings "Year End Update to S&P Global Ratings' US. And Canadian Not-for—Profit Transportation Infrastructure Enterprises Criteria Implementation" report is attached as part of this release. The A.B. Won Pat International Airport Authority's upgrade to its revenue bonds is highlighted on page 15 of this document.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Vice Chairperson Sgro, seconded by Director Tolan; motion unanimously passed.

3. APPROVAL OF MINUTES

A. December 3, 2018 Regular Meeting

On motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously passed:

Resolution No. 19-12

The Board hereby approves the minutes of the December 3, 2018 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada announced that the Airport on December 31, 2018 received significant correspondence from Governor Elect Lou Leon Guerrero, informing the Board of her appointment of Thomas C. Ada to serve as the Executive Manager of the A.B. Won Pat International Airport Authority, Guam. The letter highlights Mr. Ada's many accomplishments. Executive Manager Ada asked that the Board include consideration of the referenced correspondence in the agenda.

On motion duly made by Director Sobti, seconded by Director Tolan, the following resolution was unanimously passed:

Resolution No. 19-13

The Board hereby amends the agenda, to include under correspondence the appointment of Mr. Thomas C. Ada to the position of Executive Manager of the A.B. Won Pat International Airport Authority, Guam.

Chairman Duenas took this time to announce to the Board that Executive Manager, Charles H. Ada II had submitted his resignation as the Executive Manager, effective 5:00 p.m., Friday,January 4, 2019.

The Chairman added that the approval of the appointment of the new Executive Manager, Mr. Thomas C. Ada will not take effect until the swearing in of the Governor Elect, Lou Leon Guerrero, 4:00 p.m., Monday, January 7, 2019, in the interim, Acting Executive Manager's will be appointed. Executive Manager Ada at this time offered to revise his resignation date should that be acceptable to the Board. The Board had no objections. Chairman Duenas at the advice of Legal Counsel asked that the Executive Manager amend his official resignation date tostate that the effective date isJanuary 7, 2019 at 4:00 p.m.

Chairman Duenas revisited the matter of the appointment of Mr. Thomas C. Ada to the position of Executive Manager to the A.B. Won Pat International Airport Authority, Guam and added that everyone should be familiar with Mr. Ada's long service to the Government of Guam and called for motions on the referenced matter.

On motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution No. 19-15

The Board hereby accepts the appointment of Mr. Thomas C. Ada to the position of Executive Manager of the A.B. Won Pat International Airport Authority, Guam, effective 4:00 p.m., Monday, January 7, 2019.

The Board and Management congratulated Mr. Thomas C. Ada.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, providedbrief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades:Stakeholder presentation held on December 18, 2018 to cover upcoming work with Black Construction and the impact on terminal operations and tenants. Lotte Duty Free is currently removing and relocating products from the Phase 2A, Heritage areas. Black Construction will commence work in that area on January 7, 2019.
- Noise Mitigation Program 65 DNL & Higher: Stop Work on noise measurements that GIAA was conducting and the design work, due to FAA requesting an update on the noise exposure maps using a new program that FAA developed. Once updated, the homes already measured, the design work may continue.
- ARFF Facility-Design/Construction Phase 1/2: A Notice to Proceed has not been issued at this time, however soil inspection is underway to find out whether the soil will support the current design. If not, the design will require an upgrade.
- Hold Bag Screening Relocation: After a meeting with TSA, there were discussions on requesting an over run of $4M plus that will go toward projects on hold.

Director Sobti inquired if Lotte Duty Free has requested compensation regarding constructional impact. Chairman Duenas announced that GIAA has been in contact with Lotte Duty Free and the matter will possibly be discussed during Executive Session.

6. NEW BUSINESS

A. Approval of Award for Preventive Maintenance & Repair Services for MainTerminal Generators under the Invitation For Bid No. IFB No. GIAA-002-FY19

The first matter discussed was the approval of award for Preventive Maintenance and Repair Services for Main Terminal Generators under the Invitation For Bid No. IFB No.GIAA-002-

FY19.Executive Manager Ada provided background information to the Board on the referenced IFB. Twelve (12) firms/individuals purchased or downloaded bid packages, and three (3) firms submitted a bid before the submission deadline. The three (3) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows:

Bidder/Firm's Name:	Amount
JJ Global Services	$146,790.00 per year
SE Construction Corporation	**$95,040.00 per year**
Hawthorne Pacific Corporation	$155,218.00 per year

Upon further evaluation, pursuant to Section 11 and Section 16 of the Instruction to Bidders, Hawthorne Pacific Corporation, the third lowest bidder, will be rejected due to failure to submit the required bid security, in the amount of not less than fifteen percent (15%) of the amount of their total bid price, which equates to a minimum amount of $23,282.70, and a valid copy of the required Guam Contractor's License. The bidder also failed to acknowledge Addendum A, B, and C with their bid submittal.

The Executive Manager added that SE Corporation, the lowest bidder, had a clerical error on the Affidavit Disclosing Ownership and Commissions they submitted. This mistake was found to be immaterial and does not affect price, quantity, quality, delivery or contractual conditions. Additionally, allowing SE Construction Corporation to resubmit the Affidavit Disclosing Ownership and Commissions will not prejudice the other bidders, therefore GIAA will request that SE Construction Corporation correct the mistake and resubmit the said Affidavit.

The lowest total responsible, responsive bid was in the amount of $95,040.00 per year from SE Construction Corporation, which is 67.3% lower than the government estimate of $290,304.00 per year, for a contract term of five (5) years.

The Executive Manager informed the board the current generators are nearing the end of their industrial life and that he was happy to be having this in place before his departure from the Airport. Discussion ensued regarding the life span of the generators and details of the maintenance services.

Vice Chairperson Sgro inquired on the funding source for the referenced IFB, Chairman Duenas announced that the funding would be available under the Properties & Facilities Division O&M Budget.

After further discussion, on motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-17

The Board hereby approves the contract award for Preventive Maintenance and Repair Services for Main Terminal Generators under the Invitation For Bid No. IFB No.GIAA-002-FY19 to SE Construction Corporation in the amount of $95,040.00 per year, subject to review by legal counsel.

B. Approval of Award for Ambassador Program & Airport Information Center - IFB No. GIAA-003-FY19

Executive Manager Ada provided background information to the Board on the referenced IFB. Seventeen (17) firms/individuals purchased bid packages and only one (1) firm submitted a bid before the submission deadline. The firm was evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittal is as follows:

Bidder/Firm's Name:	Amount
Aviation Services Alliance, LLC	$609,402.15 per year

The Airport Ambassador Program provides multi-lingual, roving, passenger assistance in the passenger processing areas through the utilization of "Airport Ambassadors". The Airport Information Center provides information regarding passenger services and general visitor information to customers of the terminal.

Executive Manager Ada informed the Board that the lowest total bid amount was in the amount of $609,402.15 per year from Aviation Services Alliance, LLC.

Chairman Duenas inquired on the current firm. The Executive Manager informed the Board that they did not submit a bid due to not being able to provide the required performance bond. The Chairman went on to ask that with the establishment of a number of the initiatives placed within the last few years, such as the automated passport kiosks, have we see any results in efficiency or a reduction in need for the Ambassador Program. The Executive Manager replied that there has been no reduction in need for the programbecause of the increase in flight activity. However, the success in implementing different variables has resulted in a reduction in wait time. The Executive Manager informed the Board that the Ambassador Program is the only way to ensure the increased efficiency in processing passengers.

Vice Chairperson inquired on any targets or expectations for the per year amount of $609,402.15. Ms. Rolenda Faasuamalie replied that there are minimum standards established in the bid package, to include a minimum number of personnel for peak hours. Chairman Duenas inquired that with these operational requirements, do we have mechanisms in place to

monitor performance. Ms. Faasuamalie replied yes, reporting requirements are also in the bid package. Brief discussion followed.

Executive Manager Ada commended the Airports Marketing Division on compiling the flight data on a monthly basis to ensure efficiency.

Chairman Duenas asked if there are provisionsfor annual evaluation within the contract if they're not meeting minimum requirements and stressed the importance for corrective action based on performance being included in the contract as this is a five (5) year contract.

Director Sobti inquired on the current contract amount. Executive Manager replied that the current contract was approximately $40,000.00 lower.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-18

The Board hereby approves the contract award for Ambassador Program & Airport Information Center - IFB No. GIAA-003-FY19 to Aviation Services Alliance, LLC for a total contract amount of $609,402.15 per year, subject to review by legal counsel.

C. Proposed Additions to the List of Testing Designated Positions under GIAA's Drug Free Workplace Policy

The third item discussed was the proposed additions to the list of Testing Designated Positions (TDP's) under GIAA's Drug Free Workplace Policy. The Executive Manager informed the Board that local and federal regulations require GIAA to develop, implement and maintain a Drug-Free Workplace Program which include pre-employment drug testing and random drug testing for TDP's, which are limited to the following divisions: Operations, Engineering, Safety, ARFF, Airport Police, Executive Manager and Deputy Executive Manager.

The Manager added that the list provided shows the additional positions to include, most Division Managers, all Properties & Facilities to name a few. Once approved by the Board the approved list will then be forwarded to the Department of Administration to assist the Attorney General's Office in expanding the Airports TDP positions.

After further discussion, on motion duly made by Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-14

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM's (the "Airport" or the "Authority") entered into a Memorandum of Understanding with the Department of Administration ("DOA") on May 14, 1996 (the "MOU") with regard to the application of the DOA Drug-Free Workplace Program (the "DFWP") to the Airport; and

WHEREAS, the MOU provides that the DOA Drug Program Specialist will provide administration, training, and education regarding the DOA DFWP requirements to all employees and managers of the Airport; and

WHEREAS, pursuant to the MOU, the Airport shall identify its Testing Designated Positions ("TDPs") with the concurrence of the Attorney General as well as other government agencies as required; and

WHEREAS, the Airport has identified positions that are safety sensitive and/or security sensitive and which, if approved to be placed on the TDP list would subject those Airport employees holding the positions to random drug testing under the DOA DFWP; and

WHEREAS, attached is a list of proposed positions to be added to the current list of TDPs at the Airport; and

WHEREAS, as required by the MOU, the list of proposed positions is subject to approval with the concurrence of the Attorney General as well as any other government of Guam and other applicable government of Guam agencies as required; and

WHEREAS, in light of the need for the Airport management to ensure the safety and security of the Airport, the Board of Directors has determined that it is prudent to give the Executive Manager the authority to identify positions to be added to the Airport's TDP list subject to the concurrence of the Attorney General and as well as any other government agency concurrence that may be required.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of the Airport hereby approves the attached list of proposed additional positions to be added to the current list of TDPs subject to the concurrence of the Attorney General as well as any other government agency concurrence that may be required.

BE IT FURTHER RESOLVED, that the Executive Manager has the authority to identify positions to be added to the Airport's TDP list from time to time subject to the concurrence of the Attorney General and as well as any other government agency concurrence that may be required.

D. Approval and Ratification of ARFF of Apprenticeship Program

The next item discussed was theapproval and ratification of the ARFF Apprenticeship Program. The Executive Manager provided brief background on the Program, stating that the Program was established early 2018 to develop competent and well-trained Aircraft Rescue and Fire Fighting personnel to pursue fire service as a career at GIAA. In accordance with certification standards established by the Pacific Region Aviation ARFF Training Center ("PRATC"), GIAA has established four (4) minimum certification standards that an apprentice must successfully complete in order to graduate from the ARFF Apprenticeship Program.

In addition to certification in the above ProBoard courses, all apprentices must complete one (1) year of on-the-job training. Upon successful completion of the four (4) certification standards for the ARFF Apprenticeship Program and one (1) year of on-the-job training, the apprentice shall graduate from the GIAA ARFF Apprenticeship Program. The failure to meet the certification standards and training, shall result in disqualification and termination from the ARFF Apprenticeship Program. Effective date for the ARFF Apprenticeship Program is April 9, 2018. The Executive Manager asked that the Board present the Apprentices their ProBoard certifications once the matter was approved.

Chairman Duenas inquired if the apprentices were official employees of the Airport. The Executive Manager informed the Board that they are apprentices on Limited Term Appointments. Chairman Duenas inquired if the apprentices were not hired by the Airport, does the Program assist them in on moving onto other agencies within the Government of Guam. The Executive Manager replied that the Program is limited, possibly within in the fire service areas.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 19-19

The Board hereby approves and ratifies the Airport Rescue Fire Fighters (ARFF) Apprenticeship Program as presented, effective April 9, 2018.

The ARFF apprentices were presented their certificates in the presence of the Board during the meeting just before the Board recessed to convene into Executive Session.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

At this time the Executive Manager thanked the Board of Directors for the leadership that was provided to him during his time with the Airport. The Board congratulated and thanked the Executive Manager.

The Deputy Executive Manager also took this time to express his appreciation to the Board.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **November 30, 2018**. Mr. Riosreported that the year-to-date Debt Service Coverage is at **1.48** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Sobti, and unanimously approved, the Board recessed to convene into Executive Session at 4:12p.m.

The Board convened into Executive Session at 4:34 p.m.to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sgro, Sobti, and Camacho, Executive Manager Ada,and Legal Counsel, Michael A. Pangelinan, Eduardo Calvo and Genevieve Rapadas. Also present was the court reporter who will prepare a transcript of the Executive session.

Executive Session adjourned at 5:15 p.m., at which time the Board reconvened regular session.

Director Tolan did not participate in Executive Session due to conflicts of interest and was excused from the remainder of the meeting.

At this time, due to the change in Executive Management, Chairman Duenas announced there was a resolution relating to GIAA's bank signatories that required Board action. Effective date for the resolution is Monday, January 7, 2019 at 4:00 p.m..

After further discussion, on motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-16

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA" or the "Authority") has several bank accounts and desires to designate the individuals authorized to execute checks, drafts, or other orders for and on behalf of GIAA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby designates two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Thomas C. Ada, Executive Manager
2. Ricardo C. Duenas, Chairman of the Board
3. Jean M. Arriola, Airport Services Manager
4. John A. Rios, Comptroller
5. Antoniette L. Bautista, General Accounting Supervisor

BE IT RESOLVED FURTHER, that one of the two signatories must include any one of the following: the Chairman, the Executive Manager; or the Comptroller.

BE IT RESOLVED FURTHER, that the authority of the above-designated individuals to execute checks, drafts, or other orders for and on behalf of GIAA shall be limited only to authorized expenditures of GIAA and as is consistent with the execution of their respective duties, statutory or otherwise, as officers or directors of GIAA.

BE IT RESOLVED FURTHER, that the designation of the above-named individuals supersedes all prior designations by the Board of Directors of GIAA on file at all banking institutions at which GIAA maintains its accounts.

Moving on to matters discussed during Executive Session, legal counsel announced the two (2) matters for Board action.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-20

The Board hereby approves the addendum to the mediation term sheet with Lotte Duty free as presented by legal counsel during Executive Session and authorizes the Chairman and Executive Manager to finalize and execute the document.

After further discussion, on motion duly made by Director Sobti, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

- Terminal Apron Taxiway Rehabilitation Design: 30% design submittal received and under review, a copy has also been forwarded to the FAA for their review.
- Rehabilitation Runway 6L - Design: Designer currently performing survey work out on Runway, which is anticipated to be completed by the end of February.

Vice Chairperson Sgro inquired if the Airport is in line with the completion timelines for the projects mentioned. Mr. Cruz informed the Board that some of the timelines are being evaluated with regard to extensions.

Chairman Duenas inquired if Lotte Duty Free has been kept up to speed with regard to closures. Mr. Cruz informed the Board that periodic stakeholder meetings are held to provide updates.

6. NEW BUSINESS

A. Approval of Award for Environmental Consulting Services - RFP No. RFP-001-FY19

The first matter discussed was the approval of award for Environmental Consulting Services. Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposalsubmission deadline, and the number of interested proposers. A total of twenty-two (22) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the one (1) proposal that was submitted before the established deadline. The proposal was evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the committee's evaluation, the sole proposer, Proposer A, was found to be responsible and responsive and the firms in order of their ranking are as follows:

1. Proposer A

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-23

The Board hereby approves the ranking results as presented and the contract award to Proposers A for Environmental Consulting Services - RFP No. RFP-002-FY19, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Executive Manager Ada informed the Board that Proposer A is PCR Environmental, Inc.

B. Ratification of Compensation - Executive Manager and Private Secretary

Chairman Duenas informed the Board that Mr. Thomas C. Ada's appointment to the position of Executive Manager was approved at the January 3, 2019 Board meeting, however compensation had not been determined, and was subject to review of Mr. Ada's qualifications and experience. In addition, the Board was also requested to consider the salary of the Executive Manager's private secretary, permitted under Public Law 29-154.

Based on the evaluation of Mr. Ada's qualifications and experience the Board was requested to consider, approve and ratify a salary for the Executive Manager in the amount of $154,979.00. In addition, the Board was requested to consider, approve and ratify a salary for the Executive Manager's Secretary in the amount of $42,293.00.

Vice Chairperson Sgro inquired if the amounts fall within the budget and if this was inclusive of benefits.Chairman Duenas informed the Board that the salaries, which do not include benefits, fall within GIAA's budget and are within the range of the compensation and benefits study at the 20th Market Percentile, based on 2012 data.

After further discussion, on motion duly made by director Alcorn, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-24

The Board hereby ratifies the annual salary of $154,979.00 for Mr. Thomas C. Ada as the Executive Manager of the A. B. Won Pat International Airport Authority, Guam and the annual salary of $42,293.00 for Ms. Juliette Gillham as the Private Secretary to the Executive Manager, effective January 7, 2019.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

During Regulatory Issues, Executive Manager Ada asked that Legal Counsel give a brief update on issues with Lotte Duty Free and the 3rd Floor Project. Mr. Eduardo Calvo, GIAA Legal Counsel,informed the Board that in April 2018 GIAA and Lotte agreed to mediate certain disputes related to the impact of the 3rd floor construction project and the February decisions and judgment in the Specialty Retail litigation voiding the specialty retail agreement, which had not been stayed by the court.As a result of the mediation, Lotte and GIAA entered into a Mediation Term Sheet (MTS), that included a provision that if there are additional direct impacts not originally anticipated at the time of the MTS, that the parties would in good faith revisit the status of the construction impacts on Lotte's operations. In the Fall of 2018, it became obvious that there were going to be additional impacts, particularly the closure of additional space for longer periods of time. The Airport worked towards mitigating the impact by providing alternative space. In December, GIAA and Lotte again engaged in mediation to address disputes relating to additional impacts resulting in the closure of space, and Lotte's reimbursement obligations. The parties entered into an Addendum to the MTS that addressed how to deal with the additional impacts. The Addendum was approved by the Board in December 2018, and is available should the Board like to view it.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **December 31, 2018**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-5.5%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-8.1%** and **-9.8%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are below the budget estimate by **-7.5%**. Year-to-date Total Operating Revenues Actual of **$18.9M** is **-7.0%** below the budget estimate of **$20.3M**. Year-to-date Total Operating Expenses are below budget by **-15.7%**. Components of this line item include a **-17.6%** decrease in Personnel Service, a **-8.6%** decrease in Contractual Services, a **-85.1%** decrease in Materials & Supplies and a **0.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actualyear-to-date Net Revenues from

Operations of **$8.4M** reflects an increase of **7.0%** over the year-to-date budgeted amount of **$7.8M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.54** versus the requirement of **1.25.**

Chairman Duenas inquired on the additional charter flights that were outlined in the Executive Manager's report, asking if there was an estimate of impact to GIAA's revenues. The Comptroller informed the Board that he does not have the projections available at this time but will provide it at a later time.

The Comptroller added that Moody's Investors in 2018 had changed the outlook for the Government of Guam from stable to negative due to the Federal cuts and the Government of Guam's inability to recover the loss of revenue. GIAA was also linked with the Government of Guam, resulting in GIAA's outlook being a negative. Recently, due to the Business Privilege Tax, the outlook has been changed from negative to stable.

Regarding the refunding of the bonds, GEDA and Bond Counsel working on legislation that will be submitted to the Legislature.Currently it is showing 8.9% savings or $1.9 million in savings to the Airport.

Relative to GIAA's annual audit, it is almost complete, pending the evaluation, which DOA's Auditors are reviewing. GIAA filed for extension with the FAA, anticipating for February.

9. EXECUTIVE SESSION

Chairman Duenas announced that there would be no Executive Session.

10. PUBLIC COMMENTS

There were no Public Comments.

At this time, Vice Chairperson Katherine Sgro announced that she had submitted a courtesy resignation with Governor Leon Guerrero, which will be effective Friday, February 1, 2019. She added that it has been a pleasure working with the Board and Management. Chairman Duenas thanked Vice Chairperson Sgro for her service on the Board.

11. ADJOURNMENT

Motion to adjourn duly made by Director Camacho, seconded by Vice Chairperson Sgro; motion unanimously passed. The meeting was adjourned at 3:52p.m.

Suspect in custody after machete attack

The charges

Robert Lucio, 37, was charged with reckless conduct, aggravated assault and use of a deadly weapon in the commission of a felony.

Officers with the Guam Police Department arrested Robert Lucio, 37, following allegations that he had attacked another man with a machete.

GPD spokesman Sgt. Paul Tapao said the incident occurred shortly after 10 p.m. Tuesday next to S.J. Mart on Adrian Sanchez Street in Harmon.

Officers from the Tumon Precinct Command went to the San Agustin Apartments in Harmon to meet with the adult male victim, who had a towel wrapped around a laceration on his right arm, Tapao said.

The victim told police he had been walking along the roadway when he was attacked by a man who struck his arm with a machete. Tapao said the victim was responsive and transported to Guam Regional Medical City for care.

Police later located Lucio at the RK Apartments in Harmon. A machete was confiscated from his apartment, according to court documents.

Lucio was booked and confined on charges of reckless conduct, aggravated assault and use of a deadly weapon in the commission of a felony.

No motive was given for the attack.

Prison smuggling defendant wants charged clarified

By Louella Losinio
louella@postguam.com

One of the defendants in a Department of Corrections drug smuggling conspiracy case has filed a motion for bill particulars seeking detailed information from the government about the charges in the indictment.

Frankie Rosalin's legal counsel, Anthony Perez, filed the motion for his client on Tuesday. The motion claims the indictment fails to specify the particulars of the charges against the defendant.

During further proceedings Wednesday at the Superior Court of Guam, Judge Anita Sukola said the government must file its response on the motion by Feb. 12.

Smuggling conspiracy

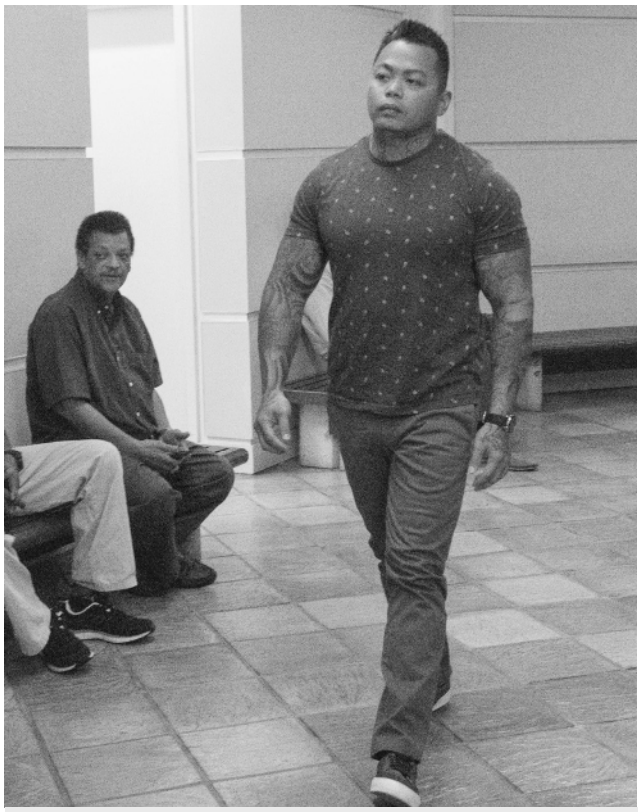
Former DOC Internal Affairs head Jeffrey Limo was arrested Aug. 24, 2017, along with Corrections Officers Rosalin, Edward Crisostomo, Gerry Hocog, Fermin Maratita Jr. and Jerome San Nicolas.

Maximum-security inmates Bruno Simmons and Shawn Paul Johnson, as well as civilians Ronald Meno, Rosalina Hocog, Roxanne Hocog, Paul Lynwood Johnson and Liana Cabrera, also were charged in the smuggling conspiracy.

The government has alleged the DOC officers accepted bribes and helped coordinate the smuggling of crystal methamphetamine, cellphones and other contraband into the prison, Post files state.

At least four individuals have taken a plea agreement, as discussed in the court proceedings.

According to the motion, the indictment names 13 defendants, including Rosalin, and lists 51 separate crimes along with 69 counts of criminal charges. Rosalin has been charged only with a single felony offense of conspiracy to promote major prison contraband and two misdemeanor counts of official misconduct, the document states.



One of the charges in the indictment "does not specify who Rosalin allegedly conspired with, nor does it specify who performed the overt act as part of this conspiracy," the motion states.

Issues with representation

Issues concerning the legal representation of one of the defendants, Paul Lynwood Johnson, was raised again Wednesday. During prior proceedings, Sukola temporarily appointed the alternate public defender to serve as his legal counsel. The alternate public defender had to withdraw due to conflict of interest.

While another lawyer was appointed by the court to represent Paul Lynwood Johnson, the attorney still must check for possible conflict of interest in the case.

With several matters still pending, Sukola moved to schedule further proceedings for Feb. 19.

Director: New salaries cost lower than previous administration's

By Kevin Kerrigan
kevin@postguam.com

The total salary costs for the Office of the Governor under the new Leon Guerrero administration are about $629,207 lower than they were under the Calvo administration, stated Lester Carlson, acting director of the Bureau of Budget and Management Research.

The staffing pattern released by the Leon Guerrero administration on Saturday shows nearly $4.2 million will be spent on the salaries of the 79 people who have been hired to work at Adelup. In January 2018, $4.8 million was budgeted on salaries for roughly the same number of employees in the January 2018 staffing pattern of the Calvo administration, according to Carlson.

These numbers from the current and previous administrations don't include health insurance, retirement and other benefits, which the Leon Guerrero administration estimates would be about 30 percent of salary.

There has been no change in the salaries for the governor and lieutenant governor. Gov. Lou Leon Guerrero will earn the same amount as former Gov. Eddie Calvo, which is $90,000. Lt. Gov. Josh Tenorio will make $85,000, which is the same amount as former Lt. Gov. Ray Tenorio.

Chief of Staff Tony Babauta has a $120,000 annual salary, nearly $14,000 more than former Gov. Eddie Calvo's chief of staff, Mark Calvo. Deputy Chief of Staff Jon Junior Calvo will earn $115,000, about $11,500 more than then-Gov. Eddie Calvo's deputy chief of staff, Rose Ramsey.

Among Leon Guerrero's staff are 14 special assistants.

The special assistants include three new executive branch positions, which pay $90,000 each. Former Gov. Carl Gutierrez is the chief adviser on economic development, national and international affairs; Carlotta Leon Guerrero is the chief adviser on military and regional affairs; and Bertha Duenas is the chief adviser on fiscal discipline.

Two legal counsels have been hired at $126,409 each.

There are 11 staff assistants, three of whom have $28,000 salaries, while the other salaries range from $40,000 to $60,000.

In addition, five community relations specialists have been hired at $31,000 each.

Cabinet comparisons

Apart from the office staff at Adelup are the salaries of Cabinet members.

Salaries for key finance positions are unchanged.

Acting Director Dafne Shimizu of the Department of Revenue and Taxation will earn former Director John Camacho's pay level at $102,407. Acting Deputy Director Michele Santos has the same salary as former Deputy Director Marie Benito at $91,144.

The salary for Edward Birn, the acting director of the Department of Administration, who also served in that position in the last administration, remains at $102,407. DOA Deputy Director Edith Pangelinan will make the same as her predecessor, Vince Arriola, at $91,144.

Carlson will earn the same as the DOA director, which is $102,407. Carlson was earning $91,144 as deputy director under the Calvo administration.

Guam Economic Development Authority Administrator Melanie Mendiola will make $101,902, which is $10,000 less than former Administrator Jay Rojas' earnings. Deputy Administrator Ricky Hernandez also will earn $10,000 less than former Deputy Director Mana Silva Taijeron.

The Leon Guerrero administration has given salary increases to a number of public safety positions.

Guam Police Department Chief Stephen Ignacio will make $108,525. Former Chief Joseph I. Cruz was earning $93,524. Department of Corrections Director Samantha Brennan's salary is at $97,068. Former DOC Director Alberto Lamorena was paid $86,820.

On motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously passed:

Resolution No. 19-15

The Board hereby accepts the appointment of Mr. Thomas C. Ada to the position of Executive Manager of the A.B. Won Pat International Airport Authority, Guam, effective 4:00 p.m., Monday, January 7, 2019.

The Board and Management congratulated Mr. Thomas C. Ada.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects("CIP")

Mr. Frank Santos, Consultant, providedbrief highlights on Capital Improvement Projects for FY2018.

- International Arrivals Corridor with Building Seismic Upgrades:Stakeholder presentation held on December 18, 2018 to cover upcoming work with Black Construction and the impact on terminal operations and tenants. Lotte Duty Free is currently removing and relocating products from the Phase 2A, Heritage areas. Black Construction will commence work in that area on January 7, 2019.
- Noise Mitigation Program 65 DNL & Higher: Stop Work on noise measurements that GIAA was conducting and the design work, due to FAA requesting an update on the noise exposure maps using a new program that FAA developed. Once updated, the homes already measured, the design work may continue.
- ARFF Facility-Design/Construction Phase 1/2: A Notice to Proceed has not been issued at this time, however soil inspection is underway to find out whether the soil will support the current design. If not, the design will require an upgrade.
- Hold Bag Screening Relocation: After a meeting with TSA, there were discussions on requesting an over run of $4M plus that will go toward projects on hold.

Director Sobti inquired if Lotte Duty Free has requested compensation regarding constructional impact. Chairman Duenas announced that GIAA has been in contact with Lotte Duty Free and the matter will possibly be discussed during Executive Session.

6. NEW BUSINESS

A. Signatory Airline Approval of Award for Preventive Maintenance & Repair Services for MainTerminal Generators under the Invitation For Bid No. IFB No. GIAA-002-FY19

The first matter discussed was the approval of award for Preventive Maintenance and Repair Services for Main Terminal Generators under the Invitation For Bid No. IFB No.GIAA-002-

FY19.Executive Manager Ada provided background information to the Board on the referenced IFB. Twelve (12) firms/individuals purchased or downloaded bid packages, and three (3) firms submitted a bid before the submission deadline. The three (3) firms were evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bids were publicly opened and read aloud in the presence of the bidders. The bid price submittals are as follows:

Bidder/Firm's Name:	Amount
JJ Global Services	$146,790.00 per year
SE Construction Corporation	**$95,040.00 per year**
Hawthorne Pacific Corporation	$155,218.00 per year

Upon further evaluation, pursuant to Section 11 and Section 16 of the Instruction to Bidders, Hawthorne Pacific Corporation, the third lowest bidder, will be rejected due to failure to submit the required bid security, in the amount of not less than fifteen percent (15%) of the amount of their total bid price, which equates to a minimum amount of $23,282.70, and a valid copy of the required Guam Contractor's License. The bidder also failed to acknowledge Addendum A, B, and C with their bid submittal.

The Executive Manager added that SE Corporation, the lowest bidder, had a clerical error on the Affidavit Disclosing Ownership and Commissions they submitted. This mistake was found to be immaterial and does not affect price, quantity, quality, delivery or contractual conditions. Additionally, allowing SE Construction Corporation to resubmit the Affidavit Disclosing Ownership and Commissions will not prejudice the other bidders, therefore GIAA will request that SE Construction Corporation correct the mistake and resubmit the said Affidavit.

The lowest total responsible, responsive bid was in the amount of $95,040.00 per year from SE Construction Corporation, which is 67.3% lower than the government estimate of $290,304.00 per year, for a contract term of five (5) years.

The Executive Manager informed the board the current generators are nearing the end of their industrial life and that he was happy to be having this in place before his departure from the Airport. Discussion ensued regarding the life span of the generators and details of the maintenance services.

Vice Chairperson Sgro inquired on the funding source for the referenced IFB, Chairman Duenas announced that the funding would be available under the Properties & Facilities Division O&M Budget.

After further discussion, on motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-17

The Board hereby approves the contract award for Preventive Maintenance and Repair Services for Main Terminal Generators under the Invitation For Bid No. IFB No.GIAA-002-FY19 to SE Construction Corporation in the amount of $95,040.00 per year, subject to review by legal counsel.

B. Approval of Award for Ambassador Program & Airport Information Center - IFB No. GIAA-003-FY19

Executive Manager Ada provided background information to the Board on the referenced IFB. Seventeen (17) firms/individuals purchased bid packages and only one (1) firm submitted a bid before the submission deadline. The firm was evaluated and determined to be acceptable. As required by the Guam Procurement Regulations, the bid was publicly opened and read aloud in the presence of the bidder. The bid price submittal is as follows:

Bidder/Firm's Name:	Amount
Aviation Services Alliance, LLC	$609,402.15 per year

The Airport Ambassador Program provides multi-lingual, roving, passenger assistance in the passenger processing areas through the utilization of "Airport Ambassadors". The Airport Information Center provides information regarding passenger services and general visitor information to customers of the terminal.

Executive Manager Ada informed the Board that the lowest total bid amount was in the amount of $609,402.15 per year from Aviation Services Alliance, LLC.

Chairman Duenas inquired on the current firm. The Executive Manager informed the Board that they did not submit a bid due to not being able to provide the required performance bond. The Chairman went on to ask that with the establishment of a number of the initiatives placed within the last few years, such as the automated passport kiosks, have we see any results in efficiency or a reduction in need for the Ambassador Program. The Executive Manager replied that there has been no reduction in need for the programbecause of the increase in flight activity. However, the success in implementing different variables has resulted in a reduction in wait time. The Executive Manager informed the Board that the Ambassador Program is the only way to ensure the increased efficiency in processing passengers.

Vice Chairperson inquired on any targets or expectations for the per year amount of $609,402.15. Ms. Rolenda Faasuamalie replied that there are minimum standards established in the bid package, to include a minimum number of personnel for peak hours. Chairman Duenas inquired that with these operational requirements, do we have mechanisms in place to

monitor performance. Ms. Faasuamalie replied yes, reporting requirements are also in the bid package. Brief discussion followed.

Executive Manager Ada commended the Airports Marketing Division on compiling the flight data on a monthly basis to ensure efficiency.

Chairman Duenas asked if there are provisionsfor annual evaluation within the contract if they're not meeting minimum requirements and stressed the importance for corrective action based on performance being included in the contract as this is a five (5) year contract.

Director Sobti inquired on the current contract amount. Executive Manager replied that the current contract was approximately $40,000.00 lower.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-18

The Board hereby approves the contract award for Ambassador Program & Airport Information Center - IFB No. GIAA-003-FY19 to Aviation Services Alliance, LLC for a total contract amount of $609,402.15 per year, subject to review by legal counsel.

C. Proposed Additions to the List of Testing Designated Positions under GIAA's Drug Free Workplace Policy

The third item discussed was the proposed additions to the list of Testing Designated Positions (TDP's) under GIAA's Drug Free Workplace Policy. The Executive Manager informed the Board that local and federal regulations require GIAA to develop, implement and maintain a Drug-Free Workplace Program which include pre-employment drug testing and random drug testing for TDP's, which are limited to the following divisions: Operations, Engineering, Safety, ARFF, Airport Police, Executive Manager and Deputy Executive Manager.

The Manager added that the list provided shows the additional positions to include, most Division Managers, all Properties & Facilities to name a few. Once approved by the Board the approved list will then be forwarded to the Department of Administration to assist the Attorney General's Office in expanding the Airports TDP positions.

After further discussion, on motion duly made by Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-14

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM's (the "Airport" or the "Authority") entered into a Memorandum of Understanding with the Department of Administration ("DOA") on May 14, 1996 (the "MOU") with regard to the application of the DOA Drug-Free Workplace Program (the "DFWP") to the Airport; and

WHEREAS, the MOU provides that the DOA Drug Program Specialist will provide administration, training, and education regarding the DOA DFWP requirements to all employees and managers of the Airport; and

WHEREAS, pursuant to the MOU, the Airport shall identify its Testing Designated Positions ("TDPs") with the concurrence of the Attorney General as well as other government agencies as required; and

WHEREAS, the Airport has identified positions that are safety sensitive and/or security sensitive and which, if approved to be placed on the TDP list would subject those Airport employees holding the positions to random drug testing under the DOA DFWP; and

WHEREAS, attached is a list of proposed positions to be added to the current list of TDPs at the Airport; and

WHEREAS, as required by the MOU, the list of proposed positions is subject to approval with the concurrence of the Attorney General as well as any other government of Guam and other applicable government of Guam agencies as required; and

WHEREAS, in light of the need for the Airport management to ensure the safety and security of the Airport, the Board of Directors has determined that it is prudent to give the Executive Manager the authority to identify positions to be added to the Airport's TDP list subject to the concurrence of the Attorney General and as well as any other government agency concurrence that may be required.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of the Airport hereby approves the attached list of proposed additional positions to be added to the current list of TDPs subject to the concurrence of the Attorney General as well as any other government agency concurrence that may be required.

BE IT FURTHER RESOLVED, that the Executive Manager has the authority to identify positions to be added to the Airport's TDP list from time to time subject to the concurrence of the Attorney General and as well as any other government agency concurrence that may be required.

D. Approval and Ratification of ARFF of Apprenticeship Program

The next item discussed was theapproval and ratification of the ARFF Apprenticeship Program. The Executive Manager provided brief background on the Program, stating that the Program was established early 2018 to develop competent and well-trained Aircraft Rescue and Fire Fighting personnel to pursue fire service as a career at GIAA. In accordance with certification standards established by the Pacific Region Aviation ARFF Training Center ("PRATC"), GIAA has established four (4) minimum certification standards that an apprentice must successfully complete in order to graduate from the ARFF Apprenticeship Program.

In addition to certification in the above ProBoard courses, all apprentices must complete one (1) year of on-the-job training. Upon successful completion of the four (4) certification standards for the ARFF Apprenticeship Program and one (1) year of on-the-job training, the apprentice shall graduate from the GIAA ARFF Apprenticeship Program. The failure to meet the certification standards and training, shall result in disqualification and termination from the ARFF Apprenticeship Program. Effective date for the ARFF Apprenticeship Program is April 9, 2018. The Executive Manager asked that the Board present the Apprentices their ProBoard certifications once the matter was approved.

Chairman Duenas inquired if the apprentices were official employees of the Airport. The Executive Manager informed the Board that they are apprentices on Limited Term Appointments. Chairman Duenas inquired if the apprentices were not hired by the Airport, does the Program assist them in on moving onto other agencies within the Government of Guam. The Executive Manager replied that the Program is limited, possibly within in the fire service areas.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 19-19

The Board hereby approves and ratifies the Airport Rescue Fire Fighters (ARFF) Apprenticeship Program as presented, effective April 9, 2018.

The ARFF apprentices were presented their certificates in the presence of the Board during the meeting just before the Board recessed to convene into Executive Session.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

At this time the Executive Manager thanked the Board of Directors for the leadership that was provided to him during his time with the Airport. The Board congratulated and thanked the Executive Manager.

The Deputy Executive Manager also took this time to express his appreciation to the Board.

8. REPORT OF THE COMPTROLLER

Mr. Riosreported that the year-to-date Debt Service Coverage is at **1.48** versus the requirement of **1.25.**

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Sobti, and unanimously approved, the Board recessed to convene into Executive Session at 4:12p.m.

The Board convened into Executive Session at 4:34 p.m.to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sgro, Sobti, and Camacho, Executive Manager Ada,and Legal Counsel, Michael A. Pangelinan, Eduardo Calvo and Genevieve Rapadas. Also present was the court reporter who will prepare a transcript of the Executive session.

Executive Session adjourned at 5:15 p.m., at which time the Board reconvened regular session.

Director Tolan did not participate in Executive Session due to conflicts of interest and was excused from the remainder of the meeting.

At this time, due to the change in Executive Management, Chairman Duenas announced there was a resolution relating to GIAA's bank signatories that required Board action. Effective date for the resolution is Monday, January 7, 2019 at 4:00 p.m..

After further discussion, on motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-16

WHEREAS, the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM (“GIAA” or the "Authority") has several bank accounts and desires to designate the individuals authorized to execute checks, drafts, or other orders for and on behalf of GIAA.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby designates two of the following individuals together to execute checks, drafts, or other orders for and on behalf of GIAA:

1. Thomas C. Ada, Executive Manager
2. Ricardo C. Duenas, Chairman of the Board
3. Jean M. Arriola, Airport Services Manager
4. John A. Rios, Comptroller
5. Antoniette L. Bautista, General Accounting Supervisor

BE IT RESOLVED FURTHER, that one of the two signatories must include any one of the following: the Chairman, the Executive Manager; or the Comptroller.

BE IT RESOLVED FURTHER, that the authority of the above-designated individuals to execute checks, drafts, or other orders for and on behalf of GIAA shall be limited only to authorized expenditures of GIAA and as is consistent with the execution of their respective duties, statutory or otherwise, as officers or directors of GIAA.

BE IT RESOLVED FURTHER, that the designation of the above-named individuals supersedes all prior designations by the Board of Directors of GIAA on file at all banking institutions at which GIAA maintains its accounts.

Moving on to matters discussed during Executive Session, legal counsel announced the two (2) matters for Board action.

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-20

The Board hereby approves the addendum to the mediation term sheet with Lotte Duty free as presented by legal counsel during Executive Session and authorizes the Chairman and Executive Manager to finalize and execute the document.

After further discussion, on motion duly made by Director Sobti, seconded by Vice Chairperson Sgro, the following resolution was unanimously approved:

REQUEST FOR PROPOSALS, RFP NO. RFP-001-FY19
ENVIRONMENTAL CONSULTING SERVICES

January 31, 2019

Purpose

Board action is requested to approve the ranking results based on the evaluation process performed through the Request For Proposals (RFP) No. RFP-001-FY19 for Environmental Consulting Services.

Background

The referenced RFP solicits proposals from qualified firms and/or individuals to provide professional environmental consulting services, assisting GIAA with the management of its environmental programs. The preliminary scope of work includes, but is not limited to, monitoring storm water discharge in accordance to NPDES permit requirements, evaluation of existing oil/water separators, evaluation of surface drainage and detention pond system, sampling and analyses of stormwater in UIC wells.

The Firm or Consultant is required to have particular expertise in the management of environmental programs at commercial airports and experience in environmental sampling and analysis. Also, the firm must be knowledgeable of the applicable environmental laws, regulations and FAA Airport Environmental Program initiatives and regulations.

Procurement Background

The above referenced RFP was advertised in the local newspapers throughout the months of December 2018 and January 2019. The established deadline to submit the proposals was at 4:00 p.m., January 11, 2019.

A total of twenty-two (22) firms showed their interest by obtaining the RFP package and one (1) firm responded by submitting their proposal before the submission deadline. Hence, the sole proposal received was evaluated and found to be responsive and responsible.

The Evaluation Committee has completed their evaluations and the score sheets were gathered and tabulated by the Procurement Office. The evaluation results in the order of ranking are as follows:

1. Proposer A

Legal Review

Upon Board approval, a contract will be forwarded to Legal Counsel for review and approval as to form. The term of the contract is for period of five (5) years, subject to the availability of funding.

Financial Review

The Environmental Consulting Services contract will be funded under the Engineering Division's O & M Budget for Fiscal Year 2019.

Recommendation

It is moved that the Board approve the ranking results and the contract award to **Proposer A** as the highest ranked, responsive proposal and responsible proposer for the Environmental Consulting Services contract, subject to negotiations of fair and reasonable fees to be submitted by the offeror at a time and in a format determined by GIAA.

MEMORANDUM

TO: Executive Manager

VIA: Airport Services Manager

FROM: Supply Management Administrator, *Acting*

SUBJECT: Evaluation and Recommendation - Request For Proposal (RFP)
Environmental Consulting Services
RFP No. GIAA-001-FY19

The referenced Request for Proposal (RFP) solicits interests from qualified firms and/or individuals to provide professional environmental consulting services, assisting GIAA with the management of its environmental programs. The advertisement for this RFP was published in the local newspaper for the months of December 2018 and January 2019. The deadline to submit proposals was established at 4:00 p.m., January 11, 2019.

A total of twenty-two (22) firms and/or individuals acknowledged receipt of the RFP package and one (1) firm submitted a proposal before the submission deadline.

Evaluation and Selection

Pursuant to Section 8: Selection of Best Qualified Proposer and Proposal of *Basic Information* of the RFP documents, after receipt of all proposals, the GIAA Evaluation Committee conducted an independent evaluation for the purpose of determining if the proposals were responsive, based on the evaluation criteria set forth in the RFP, and if the offerors have met the standards of responsibility outlined in the Guam Procurement Law & Regulations. Hence, the single proposal received was evaluated and found to be responsive and the sole offeror was deemed responsible.

The committee which Management established to evaluate the offerors' qualifications included the following:

1. Gerard Bautista, Air Terminal Manager
2. Victor Cruz, Engineering Supervisor
3. Antonio Laniog, Engineer III

The committee completed their evaluation and the scores were tabulated as reflected on the attached summary worksheet. As a result of our tabulation, the firms selected in the order of their ranking are as follows:

1. Proposer A

Recommendation

Based on the tabulation of the evaluation ranking, it is determined that **Proposer A's** proposal was responsive. Hence, **Proposer A**, the sole offeror, was deemed as the best qualified, responsive firm to perform the required services in accordance with the criteria set forth in the RFP. Also, as a result of our review of the offeror's submitted required documents, **Proposer A** has been deemed to have met the standards of responsibility outlined in the Guam Procurement Law & Regulations.

Therefore, management recommends the approval of the ranking results and the contract award to **Proposer A**, as the highest ranked, responsive proposal and responsible proposer for the professional Environmental Consulting Services, subject to negotiations of fair and reasonable fees to be submitted by the offeror at a time and in a format determined by GIAA.

Attached is the summary of the committee's evaluation scores based on the evaluation criteria set forth in the RFP for your reference. Should you have any questions or would like to discuss this matter further, I am available at your request.

AIRLINE ISSUES

UnitedAirlines
United will be conducting nine extra charter flights for the NRT/GUM route during Spring Break/Golden Week from March 31 through May 5, 2019. The additional revenue from these operations is approximated at $ 289k, (assuming 80% capacity). Concurrently, United will be utilizing its B777-200 for two of its three daily flights to Narita now in effect through March 30, 2019. The additional revenue from these operations is approximated at$ 567k (assuming 80% capacity).

China Airlines
In addition to its 4x weekly operation, China Airlines will be conducting 3 charter flights on the TPE/GUM route for the Chinese New Year in February, utilizing A330 aircraft with a seat capacity 313. This increases the monthly capacity by 939 seats. Additional revenue for the three charters is approximated at $13.5K (assuming 90% capacity).

Japan Airlines
Japan Airlines announced it will operate 4 charter flights for Golden Week utilizing its 767-300 aircraft.The additional revenue for the four charter operations estimated at $12.6K (assuming capacity 90%).
They also announced an up gage of equipment for the NRT/GUM route effective September 1, 2019, from a twice daily operation on a 767-300 to a once daily service on its 777-200ER aircraft. The difference in seat capacity is 130 additional seats on the larger aircraft.

UPS
UPS increased its freight capacity into Guam. Servicing HNL/GUM/HKG once weekly, UPS now operates a B747-800F aircraft effective December 23, 2018. GIAA filed a Modification of Standards with the FAA to allow for the B747-800 (Airport design Group VI) operate on our airfield (Airport Design Group V). The 747-8 freighter carries 46 shipping containers: 34 on its main deck and 12 in its lower compartments. It has a cargo capacity of 307,600 pounds, or about 30,000 packages, and a range of 4,200 nautical miles. The increase in monthly revenue is estimated at $3.5K.

Air Service Development

Management and staff are preparing for meetings with airlines at Routes Asia, scheduled for March 9 -12, 2019 in Cebu, PI. Follow up meetings and discussions with several prospective airlines and meetings with airport authorities are being scheduled to expand our nonstop network and capitalize on opportunities to key markets. GIAA is engaged with GVB and GEDA to ensure Guam's business opportunities are effectively marketed to prospective airlines.

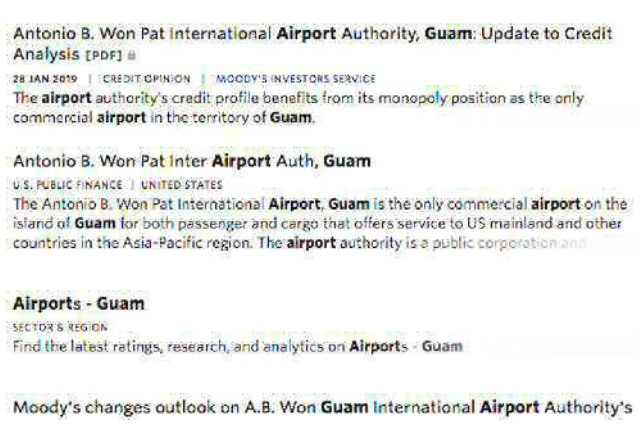
REGULATORY ISSUES

Federal Agency Visits
Meetings with key regulators to establish a baseline of communications with the new Executive Manager took place on February 22 – 23 in Honolulu. They include Jenel Cline, TSA Federal Security Director for

Guam, Gordon Wong, FAA Administrator with the Honolulu Airport District office and Richelle Takara, Asst Div. Administrator with the FHWA.

Transit Passenger Processing

Discussion on transit passenger routing out of the USCBP Hall to the TSA Security Checkpoint is underway, with operational plans centered on reinstating transit passenger flow through Door 202 on the left side of the USCBP hall and connecting to the TSA Checkpoint through a hallway. Coordination with stakeholders (TSA, CBP, and CQA) to obtain buy-in of the proposed construction is underway. The target date for commencement of construction is the week of February 18, 2019, barring any delays with procurement process.



FINANCIAL ISSUES

Fiscal Year 2018

Audit The Fiscal Year 2018 Financial Audit is pending liability and Other Post Employment Benefits (OPEB) from the Department of Administration/GovGuam Retirement. We anticipate the FY2018 Audit to be completed and presented to the Board of Directors on or before the March 2019 Regular Board Meeting.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Executive Manager Ada announced that the Status Updates of Capital Improvement Projects will be covered during the Executive Manager's report.

6. NEW BUSINESS

A. Approval of Board Resolution No. 19-26: Agreement for Legal Services

The first item discussed was the extension of the Agreement for Legal Services with Calvo Fisher & Jacob LLP. The extension would be the third of four options to extend. The additional one (1) year period will commence on March 23, 2019 and expire on March 22, 2020.

After further discussion, on motion duly made by Director Sobti, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-26

WHEREAS, an Agreement for Legal Services was made on March 23, 2015, by and between the ANTONIO B. WON PAT INTERNATIONAL AIRPORT AUTHORITY, GUAM ("GIAA") and Calvo Fisher & Jacob LLP ("CFJ") (the "CFJ Agreement"); and

WHEREAS, the CFJ Agreement provides for a term of one year commencing on March 23, 2015, with four (4) options to extend for a period of one (1) year each, not to exceed a total contract period of five (5) years with GIAA approval; and

WHEREAS, on April 18, 2016 by Resolution No. 16-34, the Board of Directors approved the extension of the CFJ Agreement for an additional one year period (1st Option) commencing on March 23, 2016 and expiring on March 22, 2017, under the same terms and conditions as set forth in the CFJ Agreement; and

WHEREAS, on February 23, 2017 by Resolution No. 17-22, the Board of Directors approved the extension of the CFJ Agreement for an additional one year period (2nd Option) commencing on March 23, 2017 and expiring on March 22, 2018, under the same terms and conditions as set forth in the CFJ Agreement; and

WHEREAS, on February 22, 2018 by Resolution No. 18-20, the Board of Directors approved the extension of the CFJ Agreement for an additional one year period (3rd Option) commencing on March 23, 2018 and expiring on March 22, 2019, under the same terms and conditions as set forth in the CFJ Agreement; and

WHEREAS, the Board of Directors has determined that GIAA continues to require the services of CFJ and that it is in the best interests of GIAA to extend the term of the CFJ Agreement for an additional one (1) year period commencing on March 23, 2019, and expiring on March 22, 2020, under the same terms and conditions as set forth in the CFJ Agreement.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of GIAA hereby extends the term of the CFJ Agreement for an additional one (1) year period commencing on March 23, 2019, under the same terms and conditions as set forth in the CFJ Agreement.

B. Procedures - Board Member Attendance via Video Teleconference ("VTC")

The second item discussed was Board member attendance via VTC. Executive Manager Ada informed the Board that legislation had passed that allows Board members to participate in Board meetings via VTC, and allows a quorum to be established by participation via VTC. The law requires the Board to develop rules and regulations on the use of VTC. Management presented proposed Policies and Procedures for Board Member Attendance at Board Meeting via Video Teleconference for the Board's approval, which was included as part of the Board's packet.Legal counsel, Janalynn Damian, added that the procedures set basic parameters for the technology that GIAA may procure, and went over the proposed policies and procedures. Brief discussion followed.

After further discussion, on motion duly made by Director Tolan, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-27

The Board hereby adopts the policies and procedures for Board Member Attendance via Video Teleconference (VTC), as presented.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

Executive Manager Ada informed the Board that a number of critical change orders for ongoing CIP projects were executed and he is seeking Board ratification:

- Change Order 5 ($1.95M): Two (2) Travelators/Moving Walkways for the International Arrivals Corridor.
- Change Order 6.0 ($490K): Demolition in preparation for construction of added TSA Security Lanes.
- Pending finalization of documents for Change Order6.1 ($3.21M): Construction of two (2) new TSA security inspection lanes and optimization of existing five (5) lanes.

Discussion was held on the request. Chairman Duenas inquired whether Board approval was necessary for the change orders.Discussion followed regarding the cap on the Executive Manager's authorization, which was set by a prior Board at $100K.Chairman Duenas noted that it would be prudent to ratify.

Comptroller John Rios confirmed that funds are available for the three (3) Change Orders. The Comptroller briefed the Board on where the funds are coming from.

After further discussion, on motion duly made by Director Camacho, seconded by Director Sobti, the following resolution was unanimously approved:

Resolution No. 19-28

The Board hereby ratifies the following change orders for the Terminal Building Structural Upgrade and Concourse Isolation Construction Project:

- Change Order No. 5 for Two (2) Travelators/Moving Walkways, in the amount of $1.95M; and
- Change Order No. 6.0for the demolition in preparation for construction of added TSA Security lanes, in the amount of $490K.

Further, the Board hereby approves:

- Change Order No. 6.1, as presented, for the construction of two (2) new TSA security inspection lanes and optimization of the existing five (5)lanes,in the total amount of $3.21M, subject to negotiation and completion of the change order documents.

Executive Manager Ada then updated the Board on the Capital Improvement Projects that are in progress.

- Aircraft Rescue Firefighting Facility – Anticipated Notice to Proceed - April 2, 2019
- Federal Grants – FAA satisfied with progress of projects; additional funding expected for 2020/2021
- Terminal Building Structural Upgrade: at 30% with an additional nine months

Executive Manager Ada then briefed the Board on Legislative issues with regard to the refunding of the Series 2013 bonds. Bond counsel is reviewing draft legislation authorizing the refunding, which isanticipated to be introduced in the next few weeks. It is anticipated that through a refunding GIAA will realize $12M up front through restructuring.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **January 31, 2019**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-3.9%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-8.5%** and **-7.2%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are below the budget estimate by **-6.9%**. Year-to-date Total Operating Revenues Actual of **$25.5M** is **-6.0%** below the budget estimate of **$27.2M**. Year-to-date Total Operating Expenses are below budget by **-17.6%**. Components of this line item include a **-22.3%** decrease in Personnel Service, a **-7.4%** decrease in Contractual Services, a **-77.2%** decrease in Materials & Supplies and a **0.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actualyear-to-date Net Revenues from Operations of **$11.3M** reflects an increase of **14.5%** over the year-to-date budgeted amount of **$9.8M**. Mr. Riosreported that the year-to-date Debt Service Coverage is at **1.58** versus the requirement of **1.25.**

Before moving on to Executive Session, Chairman Duenas announced that he has submitted his resignation to Governor Leon Guerrero, effective March 1, 2019, in anticipation of the appointments made recently. In light of former Vice Chairperson Kathy Sgro's earlier resignation, Chairman Duenas suggested that a Chairman be elected for the interim period until such time that the new appointees are on confirmed. Chairman Duenas called for nominations for Chairman of the Board.

Director Tolan also announced her intention to resign. For the purpose of ensuring a quorum, Chairman Duenas asked that she hold off until the end of March.

Director Camacho announced that she would like to nominate Director Sobti to the position of Chairman.

Executive Manager Ada added that the next Legislative Session is scheduled for the week of March 25, 2019, therefore that would be the earliest that the newly confirmed Board members can act. Executive Manager Ada expressed the importance of the Board maintaining a quorum and urged the current Board members to remain in place until the new appointees come aboard.

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 19-29

The Board hereby approves the nomination of and elects Director Sobti to the position of Chairman of the Board for the interim period until such time that the newlyconstituted Board of Directors decides to elect a new Chairman.

9. EXECUTIVE SESSION

The next item on the agenda was Executive Session.

Upon written recommendation of counsel, on motion duly made by Director Tolan, seconded by Director Sobti, and unanimously approved, the Board recessed to convene into Executive Session at 3:39 p.m.

The Board convened into Executive Session at 3:43 p.m.to discuss pending or threatened litigation to which GIAA is or may be a party. Attending Executive Session were Directors Duenas, Sobti, Tolan and Camacho, Executive Manager Ada,and Legal Counsels, Janalynn Damian and Todd Thompson. Also present was the court reporter who will prepare a transcript of the Executive session.

Executive Session adjourned at 3:59 p.m., at which time the Board reconvened regular session at 4:01 p.m.

Legal Counsel announced there was a request for Board action on the Terlaje lawsuit discussed during Executive Session.

After further discussion, on motion duly made by Director Camacho seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 19-30

The Board hereby approves GIAA's participation in the judicial settlement conference in the District Court of Guam relative to the Terlaje lawsuit.

Attorney Damian then requested that the Board approve payment of Calvo Fisher & Jacob legal fees above the monthly cap for December 2018 in the amount of $3,200.00, and for legal fees for general legal matters above the monthly cap for January 2019 in the amount of $45,792.00.

Chairman Duenas inquired if any of the invoices are subject to reimbursement by Lotte Duty Free. Attorney Damian informed the Board that the fees related to work performed on non-specialty retail matters such as the DFS Arbitration matter and the Terlaje lawsuit, before the matter was handed over to Attorney Thompson..

Director Camacho asked if the invoices were reviewed by the Comptroller. The Comptroller replied that he would review the invoices.

After further discussion, on motion duly made by Director Sobti seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-31

The Board hereby authorizes payment to Calvo Fisher & Jacob LLP for additional legal fees in excess of the monthly cap for December 2018 in the amount of $3,200.00, and for legal fees for general matters in excess of the monthly cap for January 2019in the amount of $45,792.00, subject to certification of availability of funds by the Comptroller.

10. PUBLIC COMMENTS

There were no Public Comments.

Chairman Duenas expressed his pleasure and honor working with the GIAA Board and Management during his time on the Board. He noted that GIAA truly is the "Department of the Decade". Chairman Duenas added that he has learned a lot about the Airport, about Guam, and about the spirit of the Government of Guam worker.

11. ADJOURNMENT

Motion to adjourn duly made by Director Tolan, seconded by Director Camacho; motion unanimously passed. The meeting was adjourned at 4:44p.m.

RESPICIO continued from page 1

attorney with the firm, is the principal owner of YTK.

The email exchanges between Respicio and attorney Rodney Jacob reveal that a mediator was chosen, a mediation protocol had been drawn up and reviewed, and the first mediation session was scheduled the day before the Port Authority met and first learned of Respicio's intentions to mediate.

In his emails, Respicio noted that what he had agreed to was "subject to the approval of the board."

Phillips learned of the email exchange when he was copied in one of the emails from Jacob.

In his emails to Respicio, Phillips cautioned him against proceeding with any mediation effort prior to the board's review and approval.

Phillips highlighted the risk to the $70 million in bond debt taken on by the Port Authority in 2018. "We made representations and commitments on behalf of PAG as part of the recent bond issuance," Phillips wrote.

"I advise that we take the time necessary to review what is legally allowed ... and that we properly notify all concerned stakeholders" to ensure the Port Authority complies with its recent bond issuance, Phillips wrote.

Despite the legal counsel's concerns, Respicio wrote to Phillips on Feb. 9, "We will still proceed with the mediation on Monday."

Respicio wrote that the purpose of the Monday mediation session was only "to determine if there was a possibility of settling." He wrote that any settlement agreement would be subject to approval by the Port Authority board, Legislature and governor with clearances from the Maritime Administration, bond counsel and Public Utilities Commission.

"An agreement to mediate without first obtaining board approval conflicts with Guam law," Phillips responded on Monday, the day of the scheduled mediation.

"OK," Respicio responded that morning. "We will first seek board approval tomorrow. I'm canceling today's mediation."

Phillips declined to comment on his emails to Respicio.

"Obviously, Rory and Champ were further along than they were willing to acknowledge," former PAG General Manager Joanne Brown said when contacted for comment.

She called the email exchange crucial. "In spite of counsel advising him, (Respicio) intended to go to that meeting with or without counsel," she said. "I think a lot of misrepresentations have happened."

"I think (Respicio) should resign," Brown said. "Either resign or be removed."

"We have a rogue general manager," Ken Leon-Guerrero, of Citizens for Public Accountability, said during a public hearing Wednesday at the Guam Congress Building. He sent a letter last week to PAG board Chairman Frank Santos calling for Respicio's termination. He reiterated that position Wednesday.

"He lied to the board and therefore lied to the people about his actions, as proven in today's issue of the Post," Leon-Guerrero said.

He testified at a confirmation hearing for Isa Marie Koki, who has been nominated by Gov. Lou Leon Guerrero to the PAG board. Koki will replace current PAG board member Oscar Calvo, whose term expired Dec. 31, 2018. He is allowed to remain on the board for 90 days, or until replaced.

Oscar Calvo also told the Post that Respicio should resign. "It's politics at the end of the day," he said. "It's political favors for whatever promises they made."

The Office of the Governor did not respond to a request for comment as of press time.

WALL FUNDING continued from page 1

Nicolas announced in a press release Wednesday morning that he "has received information indicating (that) Trump's emergency declaration would negatively impact the Guam military buildup in a substantial way."

Trump declared on Friday that a national emergency exists on the border with Mexico, which allows him to access billions of dollars that Congress refused to give him to build his border wall.

The Washington Post reported on Monday that 16 states joined together to file a lawsuit against the emergency declaration. The declaration allows funds to be diverted from spending programs already approved and allocated by Congress.

About $2.5 billion would be pulled from the military's drug interdiction program; $600 million would be taken out of the Department of the Treasury's drug forfeiture fund; and the largest amount, $3.6 billion, would be siphoned out of the DOD construction budget, including $749 million in Guam buildup funding.

That amount represents more than 10 percent of the U.S. commitment to realign forces to Guam from Okinawa, San Nicolas said.

"Diversion of these funds will certainly set back the military buildup once again and could further jeopardize it altogether as it represents a softening of the commitment," San Nicolas stated.

Allen James Roberto, 32, Brandon Rufus Chandler, 30, and Daniel Suk DeGracia, 30, at the game room.

Court documents filed by the prosecution state Roberto kept his hands inside his pockets after police had asked him to show his hands. Meanwhile, Chandler had a black metal baton sticking out of his pocket, court documents state.

Officers conducted a pat-down of the men and allegedly discovered Roberto in possession of a plastic straw containing a white, powdery substance and a black case containing 16 green pills. Court documents state Roberto initially said he had a prescription for the pills, which he said were Xanax. He later allegedly admitted that he received them from Balanon.

Roberto allegedly told police he crushed the pills and inhaled the powder through his nose. Alprazolam, sold as trade names including Xanax, is listed as a Schedule IV controlled substance.

Police allegedly found a prescription bottle in Chandler's pocket that contained 18 Xanax pills, but the prescription was under someone else's name. When officers searched DeGracia's pocket, they found a plastic straw with a white powdery substance believed to be crushed Xanax, court document state.

Balanon was allegedly found in possession of a multitool black pouch containing a glass pipe with methamphetamine residue.

Roberto, Chandler and DeGracia were charged with possession of a Schedule IV controlled substance as a third-degree felony; Balanon was arrested and charged with possession of a Schedule II controlled substance.

Ex- officials: 'No factual basis' for wall emergency

By Ellen Nakashima
The Washington Post

WASHINGTON – A bipartisan group of 58 former senior national security officials will issue a statement Monday saying that "there is no factual basis" for President Donald Trump's proclamation of a national emergency to build a wall on the U.S.-Mexico border.

The joint statement, whose signatories include former Secretary of State Madeleine Albright and former Defense Secretary Chuck Hagel, will come a day before the House is expected to vote on a resolution blocking Trump's Feb. 15 declaration.

The former officials' statement, which will be entered into the congressional record, is intended to support lawsuits and other actions challenging the national emergency proclamation and to force the administration to set forth the legal and factual basis for it.

PROTOTYPE: *A prototype for President Donald Trump's border wall is seen through the border fence between Mexico and the United States in Tijuana, Mexico, Jan. 7. Reuters file photo*

"Under no plausible assessment of the evidence is there a national emergency today that entitles the president to tap into funds appropriated for other purposes to build a wall at the southern border," the group said.

Albright served under President Bill Clinton, and Hagel, a former Republican senator from Nebraska, served under President Barack Obama.

Also signing were Eliot Cohen, State Department counselor under President George W. Bush; Thomas Pickering, President George H.W. Bush's ambassador to the United Nations; John Kerry, Obama's second secretary of state; Susan Rice, Obama's national security adviser; as well as former intelligence and security officials who served under Republican and Democratic administrations.

Trump's national emergency declaration followed a 35-day partial government shutdown, for which he claimed responsibility after Congress did not approve the $5.7 billion he sought to build a wall.

In announcing his declaration, Trump predicted that lawsuits and "possibly ... a bad ruling, and then we'll get another bad ruling" before winning at the Supreme Court.

The former security officials' 11-page declaration, a copy of which was shared with The Washington Post, sets out their argument disputing the factual basis for the president's emergency.

California man gets $21M for wrongful conviction

(Reuters) – A California man who was wrongfully convicted for killing an ex-girlfriend and her son four decades ago has reached a $21 million settlement with the city of Simi Valley, officials said.

Craig Coley, 71, was sentenced to life in prison without parole for the 1978 murder of his former partner, Rhonda Wicht, and her 4-year-old son, Donald, at their apartment.

Craig Coley

He had always maintained his innocence, and was pardoned in 2017 by California's then-governor, Jerry Brown, based on exculpatory DNA evidence found by investigators.

"While no amount of money can make up for what happened to Mr. Coley, settling this case is the right thing to do for Mr. Coley and our community," Simi Valley City Manager Eric Levitt said on Saturday in a statement.

The 39 years Coley spent behind bars was the longest prison term ever overturned in California, the statement said.

Since his release, Coley has spoken to law enforcement officials about evidence collection, and has met with parents of prisoners who maintain their innocence, according to Mike Bender, a close friend and former police detective in Simi Valley, a community just outside Los Angeles.

Bender had pushed for Coley's release for nearly three decades after he became troubled by aspects of the case.

"Craig's message is always, 'Don't give up,'" Bender told Reuters by telephone on Sunday.

More than 350 U.S. inmates have been exonerated by DNA testing since 1989, according to New York-based the Innocence Project, which helps people who were wrongfully convicted. On average, convicts who were freed had served 14 years in prison when exonerated.

Pence to meet with Venezuelan leader who called for 'all options' to restore democracy

By Franco Ordonez
McClatchy Washington Bureau

WASHINGTON – Vice President Mike Pence will meet with Venezuelan opposition leader Juan Guaido in Colombia on Monday, two days after Guaido's call to use "all options" to liberate and restore democracy in Venezuela.

Senior administration officials said Sunday that Pence will meet briefly with Guaido, who is recognized by the United States as the legitimate interim president, before addressing regional leaders on the crisis in Venezuela. The crisis escalated over the weekend with violence at the border with Colombia as international aid was blocked. Hundreds were injured and at least four people died.

On Saturday, Guaido said the events of the weekend forced him to pose a formal request to the international community to consider "all options" in Venezuela. The statement was interpreted by members of the diplomatic community as a request for military assistance.

Pence will travel to Bogota, Colombia, on Monday to address leaders of the 14-nation Lima Group who are wrestling with a regional response to the standoff between Venezuelan President Nicolas Maduro and the U.S.-backed coalition trying to force humanitarian aid into Venezuela.

After meeting with Guaido, Pence will address the leaders and announce "concrete steps" that the Trump administration will take against the Maduro government, including possible financial sanctions. Pence will then meet with Venezuelan families who have had to flee their country.

Resolution No. 19-22

The Board hereby approves the minutes of theJanuary 3, 2019 regular meeting, subject to corrections.

4. CORRESPONDENCE

Executive Manager Ada announced there was no Correspondence.

5. OLD BUSINESS

A. Status Updates of Capital Improvement Projects ("CIP")

Mr. Victor Cruz, Engineering Supervisor, providedbrief highlights on ongoing Capital Improvement Projects.

- International Arrivals Corridor with Building Seismic Upgrades: Seismic upgrades are in progress in various locations within the Terminal. Portions of the Heritage and Lotte area recently closed off for column and structural work. The remainder of the Heritage area is anticipated to be closed off in March 2019. Foundation work in progress at Gate 4.
- ARFF Facility-Design/Construction Phase 1/2: Evaluation of soil samples recently conducted. Notice to proceed on the project anticipated for February 2019.
- Terminal Apron Taxiway Rehabilitation Design: 30% design submittal received and under review, a copy has also been forwarded to the FAA for their review.
- Rehabilitation Runway 6L - Design: Designer currently performing survey work out on Runway, which is anticipated to be completed by the end of February.

Vice Chairperson Sgro inquired if the Airport is in line with the completion timelines for the projects mentioned. Mr. Cruz informed the Board that some of the timelines are being evaluated with regard to extensions.

Chairman Duenas inquired if Lotte Duty Free has been kept up to speed with regard to closures. Mr. Cruz informed the Board that periodic stakeholder meetings are held to provide updates.

6. NEW BUSINESS

A. Approval of Award for Environmental Consulting Services - RFP No. RFP-001-FY19

The first matter discussed was the approval of award for Environmental Consulting Services. Executive Manager Ada provided background information to the Board on the referenced RFP including the scope of services, contract term, dates of advertisement of the RFP, proposalsubmission deadline, and the number of interested proposers. A total of twenty-two (22) firms showed their interest by obtaining the RFP package. An evaluation committee was established to evaluate the one (1) proposal that was submitted before the established deadline. The proposal was evaluated on a point system assigned for each criteria identified in the RFP package. As a result of the committee's evaluation, the sole proposer, Proposer A, was found to be responsible and responsive and the firms in order of their ranking are as follows:

1. Proposer A

After further discussion, on motion duly made by Vice Chairperson Sgro, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-23

The Board hereby approves the ranking results as presented and the contract award to Proposers A for Environmental Consulting Services - RFP No. RFP-002-FY19, subject to Management's negotiation of fair and reasonable fees and review by legal counsel.

Executive Manager Ada informed the Board that Proposer A is PCR Environmental, Inc.

B. Ratification of Compensation - Executive Manager and Private Secretary

Chairman Duenas informed the Board that Mr. Thomas C. Ada's appointment to the position of Executive Manager was approved at the January 3, 2019 Board meeting, however compensation had not been determined, and was subject to review of Mr. Ada's qualifications and experience. In addition, the Board was also requested to consider the salary of the Executive Manager’s private secretary, permitted under Public Law 29-154.

Based on the evaluation of Mr. Ada's qualifications and experience the Board was requested to consider, approve and ratify a salary for the Executive Manager in the amount of $154,979.00. In addition, the Board was requested to consider, approve and ratify a salary for the Executive Manager’s Secretary in the amount of $42,293.00.

Vice Chairperson Sgro inquired if the amounts fall within the budget and if this was inclusive of benefits.Chairman Duenas informed the Board that the salaries, which do not include benefits, fall within GIAA’s budget and are within the range of the compensation and benefits study at the 20th Market Percentile, based on 2012 data.

After further discussion, on motion duly made by director Alcorn, seconded by Director Camacho, the following resolution was unanimously approved:

Resolution No. 19-24

The Board hereby ratifies the annual salary of $154,979.00 for Mr. Thomas C. Ada as the Executive Manager of the A. B. Won Pat International Airport Authority, Guam and the annual salary of $42,293.00 for Ms. Juliette Gillham as the Private Secretary to the Executive Manager, effective January 7, 2019.

7. REPORT OF THE EXECUTIVE MANAGER

Reference is made to the Executive Manager's Report included as part of the Board's packet, which was presented by Executive Manager Ada.

During Regulatory Issues, Executive Manager Ada asked that Legal Counsel give a brief update on issues with Lotte Duty Free and the 3rd Floor Project. Mr. Eduardo Calvo, GIAA Legal Counsel,informed the Board that in April 2018 GIAA and Lotte agreed to mediate certain disputes related to the impact of the 3rd floor construction project and the February decisions and judgment in the Specialty Retail litigation voiding the specialty retail agreement, which had not been stayed by the court.As a result of the mediation, Lotte and GIAA entered into a Mediation Term Sheet (MTS), that included a provision that if there are additional direct impacts not originally anticipated at the time of the MTS, that the parties would in good faith revisit the status of the construction impacts on Lotte's operations. In the Fall of 2018, it became obvious that there were going to be additional impacts, particularly the closure of additional space for longer periods of time. The Airport worked towards mitigating the impact by providing alternative space. In December, GIAA and Lotte again engaged in mediation to address disputes relating to additional impacts resulting in the closure of space, and Lotte's reimbursement obligations. The parties entered into an Addendum to the MTS that addressed how to deal with the additional impacts. The Addendum was approved by the Board in December 2018, and is available should the Board like to view it.

8. REPORT OF THE COMPTROLLER

Mr. John Rios reported on the revenues and expenses of the Authority as of **December 31, 2018**. Mr. Rios reported that year-to-date Total Signatory Revenues are below budgeted revenues by **-5.5%**, year-to-date Total Concession Revenues and Passenger Facility Charges are below budget by **-8.1%** and **-9.8%**, respectively. Year-to-date Total Other Revenues, inclusive of non-signatory and non-airline revenues are below the budget estimate by **-7.5%**. Year-to-date Total Operating Revenues Actual of **$18.9M** is -**7.0%** below the budget estimate of **$20.3M**. Year-to-date Total Operating Expenses are below budget by **-15.7%**. Components of this line item include a **-17.6%** decrease in Personnel Service, a **-8.6%** decrease in Contractual Services, a **-85.1%** decrease in Materials & Supplies and a **0.0%** decrease in Equipment/Furnishings from budgeted amounts for these respective categories. The actualyear-to-date Net Revenues from

Operations of **$8.4M** reflects an increase of **7.0%** over the year-to-date budgeted amount of **$7.8M**. Mr. Rios reported that the year-to-date Debt Service Coverage is at **1.54** versus the requirement of **1.25.**

Chairman Duenas inquired on the additional charter flights that were outlined in the Executive Manager's report, asking if there was an estimate of impact to GIAA's revenues. The Comptroller informed the Board that he does not have the projections available at this time but will provide it at a later time.

The Comptroller added that Moody's Investors in 2018 had changed the outlook for the Government of Guam from stable to negative due to the Federal cuts and the Government of Guam's inability to recover the loss of revenue. GIAA was also linked with the Government of Guam, resulting in GIAA's outlook being a negative. Recently, due to the Business Privilege Tax, the outlook has been changed from negative to stable.

Regarding the refunding of the bonds, GEDA and Bond Counsel working on legislation that will be submitted to the Legislature.Currently it is showing 8.9% savings or $1.9 million in savings to the Airport.

Relative to GIAA's annual audit, it is almost complete, pending the evaluation, which DOA's Auditors are reviewing. GIAA filed for extension with the FAA, anticipating for February.

9. EXECUTIVE SESSION

Chairman Duenas announced that there would be no Executive Session.

10. PUBLIC COMMENTS

There were no Public Comments.

At this time, Vice Chairperson Katherine Sgro announced that she had submitted a courtesy resignation with Governor Leon Guerrero, which will be effective Friday, February 1, 2019. She added that it has been a pleasure working with the Board and Management. Chairman Duenas thanked Vice Chairperson Sgro for her service on the Board.

11. ADJOURNMENT

Motion to adjourn duly made by Director Camacho, seconded by Vice Chairperson Sgro; motion unanimously passed. The meeting was adjourned at 3:52p.m.

Nauru Airlines

Nauru Airlines has received their USDOT approval to fly into Guam. They have requested for a facility inspection here beginning March 4-8, in anticipation of its start date of operations on May 3, 2019. This will follow VIP inaugural flight with dignitaries from Nauru, FSM, and the Marshall Islands and airline management, scheduled for April 26, 2019.

United Airlines

GIAA has submitted a Letter of Support for United Airlines, in its application with USDOT for one of 6 slots from HND to service the Guam Route. This route will be in addition to the three existing daily flights to NRT. Service is expected to begin in the summer of 2020, pending completion of an aviation agreement between the US and Japan, and slots awarded by USDOT.

Air Service Development

Routes preparation is well underway with Guam delegation consisting of Marketing and TMG reps, the GVB President and Marketing representative participating in meetings with airlines. A target sheet has been developed with the business cases that determine the request for airline meetings. GVB is also planning a Tour Operator/Travel Agent Guam seminar in Cebu the day before airline meetings begins, and requests for GIAA presentation of entry requirements and airport information during this seminar.

REGULATORY ISSUES

Chairman Sobti welcomed two new Board members to the GIAA Board, Director Belanger and Director Weakley as well as the Airport tenants, stakeholders, and members of the public who are noted in a sign-in sheet attached to these minutes.

2. APPROVAL OF AGENDA

Motion to approve the agenda as presented duly made by Director Alcorn, seconded by Director Tolan; motion unanimously passed.

3. NEW BUSINESS

A. Approval of FY2018 Financial Audit Report

Executive Manager Ada announced that the Airport's FY2018 audit has been completed and introduced Mr. James Whitt of Ernst & Young, LLP (E&Y), who, with the help of Mr. Rizalito Paglingayan and the E&Y team have put together a presentation of the results of the audit.

Mr. Paglingayan proceeded to conduct the presentation of the audit results via PowerPoint. Mr. Paglingayan announced that the Airport will continue to remain a Low Risk Auditee for the year 2018, however will not be considered low risk for 2019 due to deficiencies in internal controls over financial reporting that were identified as material weaknesses. Average accounts receivables collection period has increased slightly to 34.18 days in FY2018 from 31.78 days in FY2017, although better than previous years. After the brief presentation, Mr. Whitt thanked the Board, Management and Accounting staff for the cooperation extended to the E&Y team throughout the audit process. Brief discussion followed.

After further discussion, on motion duly made by Director Camacho, seconded by Director Tolan, the following resolution was unanimously approved:

Resolution No. 19-32

The Board hereby approves the FY2018 Financial Audit Report as presented by Ernst & Young, LLP, subject to any corrections.

11. ADJOURNMENT

Motion to adjourn duly made by Director Weakley, seconded by Director Camacho; motion unanimously passed. The meeting was adjourned at 3:24p.m.

Dated this 30th, day of April, 2019.
