Re: Request for site-visit

Dear Admiral Chatfield,

Buenas Yan Hafa Adai! During our initial courtesy visit at the beginning of this term, we came to the table and committed to one goal: open-dialogue to promote the economic prosperity of Guam as well as the preservation of Guam's culture and mitigation of environmental concerns. Five months have passed, and I would have to say that you have held up your end of the bargain.

As Oversight Chair of the Committee on Military Buildup at the Guam Legislature, the Minority Leader, Senator William Mendiola Castro, joined by Senators Therese Terlaje, Louise Borja Muña and Telo Taitague has requested for members of the Guam Legislature to conduct a site-visit of the Live Fire Training Range Complex at the Northwest Field.

After further deliberations with the Minority Leader, we are proposing for this site visit to take place on **Monday, July 1st, 2019 at 0800.** I understand that this proposed time may be a challenge logistically but am open to your suggestion to meet the logistical and security challenges that are associated with the successful execution of this request. Once we can confirm a time for this visit, I will send out a notice to the remainder of my colleagues from this body to allow them to partake in this site visit as well.

In closing, on behalf of the People of Guam, I would like to personally thank you for your commitment to our Island. As you move on to the Naval War College, our future sailors and America's Navy is definitely blessed to have you shape their future. I look forward to your response on this matter.

Sincenru yan Magahit,

Tina Rose Muña Barnes
Speaker, 35th Guam Legislature
