Hagåtña, Guam 96910

Dear Madam Speaker,

Thank you for your letter on August 16, 2019, requesting status of accepting the legislature's offer to post military documents on the Guam Legislature website for improved outreach, and on scheduling a Live Fire Training Range Complex tour for the Senators.

I also appreciate your sincere interest in facilitating our mutual desire for transparency and information sharing with the People of Guam. Although there are numerous military documents on various publicly available websites, your offer to also include the legislature's website is welcomed. My Public Affairs Office will serve as your single point of contact to provide updated reference document links and coordinate with your webmaster on which reference links are desired for posting on your website. I envision your webmaster including descriptions of what would be available per reference link, therefore, my Acting Public Affairs Officer will assist with explaining the purpose of the documents per link and he can be reached at (671) 349-3209 or christian.hodge@fe.navy.mil.

I also look forward to your requested tour of the Live Fire Training Range Complex and will monitor its scheduling between Captain Hans Sholley and your staff. I expect a mutually agreed date will be available after your legislative session.

I apologize for the delay in our response. I look forward to our continued partnership and collaboration.

Please do not hesitate to call me anytime at (671) 349-3200.

Sincerely,

J. V. MENONI
Rear Admiral, U.S. Navy
Commander
