Pedro S.N. Guerrero
[redacted]

Dear Mr. Guerrero:

Pursuant to my authority under 12 GCA § 12102, I am appointing you to serve as a

MEMBER, PUBLIC UTILITIES COMMISSION
Utilities – Representative
Term Length: Six (6) Years; November 1, 2019 to October 31, 2025
To fill the seat of Mark G. Miller, whose term has expired

Appointing you to this position comes with great responsibility because you will have a vital role to perform which will place many demands on your time and energy. Integrity and honesty are virtues that I prioritize for my Administration to exemplify, and I know that you will do the same while in service to the people of Guam. Your responsibilities shall be significant and consequential. I trust that you will fulfill your duties and set a standard for others to follow.

I appreciate your willingness to serve in this position, and I am confident that your time will be spent in a manner to improve the island of Guam.

This appointment is subject to the advice and consent of *I Liheslaturan Guåhan*. If you have any questions or concerns, please contact the Office of the Governor.

Senseramente,

LOURDES A. LEON GUERRERO
I Maga'hågan Guåhan
Governor of Guam

cc: Governor of Guam
Chairman, PUC

Pedro San Nicolas Guerrero

Elected member of the Consolidate Commission of Utilities {CCU} @ 2012 to 2016.

Adjunct professor at Guam Community College as an electrical instructor

Feb 15, 2008 to May 15 2008, was employed by Energy Engineering & Consulting Service, LLC as a Residential Energy Manager (REM) for Andersen Air Force Base. Service contract was for only three months.

July 2006 was employee with Hilton Hotel as Assistant Engineer for about three weeks. Resign due to personnel reason.

Until my retirement from the Federal Government in January 2006 for thirty-six and a half years, I was employed with the United States Air Force for the Department of Defense at Andersen Air Force Base under the Civil Engineering Squadron Operation Branch. My positions held were Maintenance and Operation Supervisor (Deputy Chief of Operation) from 1 March 1987 until retirement; Electrical Superintendent from 1 Oct 1978 until March of 1987; United States Navy Public Work Center as an Engineering Technician from July of 1978 until September of 1978; Electrician high voltage/power plant from March of 1973 to October of 1978; and Electrician Power Plant Apprentice from July of 1969, graduating in March of 1973.

Mar 1987 to Jan 2006, Maintenance and Operation Supervisor for the Civil Engineering Squadron Operation Branch, my functions were to control, direct and monitor the performance of all work approved and authorized for accomplishment, to provide information for real property operation and maintenance programs and annual and long-range work plans, to review all utility and maintenance data and prepare summaries of effectiveness. My duties and responsibilities included monitoring, planning, directing, and controlling the overall activities of shops operations which provide maintenance, repair, and alteration of real state facilities including the industrial complex, administrative buildings, barracks, family housing, airfield pavement, roads, grounds keeping (landscaping), operations of utilities (heating systems, central chilling plants, water plants, **waste system**, fire/intrusion alarm systems and power production plants utilized for emergency back-up power). Additionally, supervised and provided guidance to the engineers

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

(Electrical/Mechanical/Pavement/Energy), superintendent/foremen/crafts workers in trades of woodworkers, electricians, electronic mechanics, masons, welders, sheet-metal workers, painters, plumbers, refrigeration and air conditioning mechanics, liquid fuel maintenance mechanic, boiler mechanics, engineering equipment operators, vehicle operators, pest control workers, laborers, schedulers, planners, material warehouse workers, and energy, electrical, civil, mechanical, and structural engineers. I also reviewed engineering plans for new or proposed modifications to existing facilities to determine whether its existing capabilities were sufficient to accommodate the intended operation or service in an economical and efficient manner. Recommended changes in design modification, and assisted in the direction of the control room operation so that work orders, requests, backlogs, progress data, and related criteria were displayed to reflect the scope and status of work and highlight trouble areas in need of attention. Review data's to detect any possible hindering of production, initiating necessary corrective action to keep operation and work force functioning at the highest possible level of efficiency. Coordinated the activities of the branch function with other organizational elements. Supervised the improvement of sanitation, safety, processes, and physical arrangements of the work center, plants, and service areas. Conducted and attended meetings, briefings, and conferences. Reviewed utilities operating and maintenance data's and provided summaries of effectiveness. Provided data and support for management, energy conservation, safety environment, and corrosion programs. Coordinate and recommend correction on service contracts pertaining to housing maintenance, refuse collection, landscaping. Facilities maintenance, energy, and all equipment and facilities warranty. Ensure that all safety , management recommendation, and environmental write up are timely corrected. Coordinate and review **all Energy Management Program proposals for approval and recommendation to be forwarded to higher headquarters for funding.**

Oct 1978 to March 1987, Electrical Superintendent for the Civil Engineering Squadron Operation Branch, I was responsible for all the electrical requirements for Andersen Air Force Base with approximately 60 personnel. Managed areas were exterior and interior electrical systems, fire and intrusion alarm systems, prime and stand-by power plants, stand-by generators, aircraft arresting system, and liquid fuel systems. Managed also Base Housing Maintenance electrical and appliances shops. Manage numerous typhoon recoveries electrically and also assisted other government agencies during recovery with manpower and materials as required. Was a technical adviser in the establishment and the handing over the power pool agreement between the United States Federal Government and the Guam Power Authority. Was the subject manner expert for the (Electrical Support)

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

Inter Service Support Agreement (ISSA) between the Navy Public Work Center and Andersen Air Force Base. Was the project manager for connecting a Stand-by power plant (9 megawatts) to the base sub-station in support of the island power system.

July 1978 to Sept 1978, Engineering Technician for the United States Navy Public Works Center, I was responsible for ensuring that on-going projects have the necessary requirements (materials/manpower) for accomplishing the projects in a timely manner, meeting scheduled work completion promise to customer in order to avoid penalties.

August 1976 to Jun 1978, Electrician for the United States Navy Public Works Center, I was responsible for operating, repairing, and maintaining all electrical apparatus for power plants and transmission and distribution systems.

May 1976 to July 1976, Electrical Supervisor (temporarily) for the United State Navy Public Work Center. Responsible for all electrical operation and maintenance for Piti Power Plant and all stand-by generators thru out the island of Guam under the jurisdiction of the U.S. Navy. Supervise about 15 personnel. When Super Typhoon Pamela hit Guam supervision of personnel when from 15 to about 65 and was supervising all the operation of emergency generators thru out the island of Guam both electrically and mechanically.

March 1973 to May 1976, Electrician for the United States Navy Public Works Center, I was responsible for operating, repairing, and maintaining all electrical apparatus for power plants and transmission and distribution systems.

July 1969 to March 1973, Electrical Power Plant Apprentice for the United States Navy Public Works Center, I was responsible for passing all educational requirements to become an electrician power plant/high voltage. I was also involved with power system dispatching.
