| 5 | Raymond Schnabel | 6 | 05/06/2013 - 05/05/2019 |
| | | | |

The statistical information presented in this report has been compiled from the 2018 Annual Statements filed with this office. The report also contains a directory of licensed Insurance companies arranged by class and selected industry characteristic, covering calendar year 2018.

The Regulatory Division of the Department of Revenue and Taxation, under the supervision of the Commissioner, regulated two hundred fifty seven (257) insurers transacting insurance business in Guam. Among the two hundred fifty seven (257) insurers are: two hundred twenty (220) foreign companies, twenty (20) alien companies, and seventeen (17) domestic companies.

Of the two hundred fifty seven (257) companies, ninety three (93) are engaged in providing coverage for property and casualty lines, one hundred three (103) in life, seven (7) in title guaranty, three (3) in captive insurance, sixteen (16) in fidelity and surety and thirty five (35) in approved reinsurance.

There were four (4) insurance companies admitted in 2018:

| ***Name of Insurance Company*** | ***Admission Date*** |
|---|---|
| Atlantic Specialty Insurance Company | 08 /06/2018 |
| Aspen Insurance UK Limited | 06/18/2018 |
| Scor SE | 10 /18/ 2018 |
| XL Bermuda Ltd (Singapore Branch) | 12 /28/ 2018 |

There were four (4) insurance companies withdrawn in 2018:

| ***Name of Insurance Company*** | ***Withdrawal Date*** |
|---|---|
| Discover Property & Casualty Insurance Company | 03/21/2018 |
| United States Fidelity & Guaranty Company | 03/21/2018 |
| Western General Insurance Company | 03/23/2018 |
| Metlife Insurance Limited | 05/04/2018 |

In the calendar year 2018, the insurers generated premiums written volume of **$574 million,** an increase of **$18.5 million** or **3.22%** in premiums from **$555 million** written in previous year. The difference in last year's premiums were attributed mainly to the following: increase of **$9 million** on accident and health, **$3.5 million** on other liability, and **$5.6 million** on life.

The assets of these companies were at **$2.1 trillion**. All insurers admitted to Guam maintain deposits with this Department at **$13.7 million** for the protection of policies sold in Guam.

There are seventeen (17) domestic companies in the year 2018 with **$5 billion** in assets, **$39 million** in capital and **$421 million** in surplus.

Some of the model laws that we recommend to be adopted are as follows:

| **Model Law and Regulations** | **Purpose** |
|---|---|
| Standard Valuation Law | Provides actuarial standards for setting reserves for life & health policies. |
| Credit for Reinsurance Law | Protects the insured and ceding insurers |
| Insurance Holding Company Act | Requires insurance companies that are within the holding company system to maintain a required level of capital and surplus before dividends can be declared and paid. |
| Market Conduct Regulation Law | Requires insurance companies to be in compliance with laws and regulations other than those related to financial solvency. Market |

| | |
|---|---|
| | regulation complements financial solvency regulation. Problems spotted during a market conduct review can be a precursor to financial solvency concerns. Market regulation also evaluates companies' fulfillment of contractual obligations to their policyholders and claimants. |
| Producer Licensing Model Act | Requires qualifications and procedures for the licensing of insurance producers. It simplifies and organizes some statutory language to improve efficiency, permits the use of new technology and reduces costs associated with issuing and renewing insurance licenses. |
| Premium Fund Trust Account (PFTA) | A special fiduciary account established and maintained by licensees (Brokers and General Agents) into which all premiums collected are to be deposited. |
| Uniform Certificate of Authority Application (UCAA) | The UCAA process designed to allow insurers to file copies of the same application for admission in numerous states. Each state that accepts the UCAA is designated as a uniform state. While each uniform state still performs its own independent review of each application, the need to file different applications, in different formats, has been eliminated for all states that accept the uniform application.<br>The UCAA includes three applications:<br>1. The Primary Application is for use by newly formed companies seeking a Certificate of Authority in their domicile state and by companies wishing to re-domesticate to a uniform state.<br>2. The Expansion Application is for use by companies in good standing in their state of domicile that wish to expand their business into a uniform state.<br>3. The Corporate Amendments Application is for use by an existing insurer for requesting amendments to its certificate of authority. |

We firmly believe that the above listed model laws and regulations are the bare minimum that must be adopted in order to protect the consumers in Guam.
