Project Description:

The Runaway Homeless Youth (RHY) CO-ED shelter is a community-based program specifically designed to assist runaway, homeless, victims of abuse and other similarly troubled youth and their families. Problems Encountered:

A challenge encountered this quarter is the COVID-19 global pandemic which resulted in a lot of restrictions and formulations of new organizational policies in accordance with Guam regulations. Intake screening and assessments for new clients were limited due to social distancing measures. Intakes completed on an emergency basis were conducted via telephone or zoom web conference. Families who had plans in place to gain physically custody of their child/children are now facing more hardships such as financially stability due to loss of employment, unable to complete required self-help courses, and other challenges that has resulted in the extension of shelter stay for youth.

Future Plans:
The Case Management and Counseling department continue to develop corrective action plans to address several gaps in services such as improving placement time periods, monitoring of case management activities, and case updates. In light of COVID-19, Sanctuary is working on improving its technology plan to include counseling sessions conducted via web-conferencing. Sanctuary continues to partner with agencies such as Child Protective Services and the Department of Youth Affairs by increasing day to day communication to discuss ways to better serve clients in shelter. To assist with these plans, we continue to increase our staff capacity.

Performance Measures:

Social Competence	Case Manager and shelter staff have reported to observe improvement in social interactions and, defined as maintaining positive relationships with others; 3 of 10 (30%) clients served within this reporting period. Observations are based on demeanor and nature of client interactions as documented using daily client progress reports.
Family Relationships	Noted improvements in family relationships, defined as willingness to address family issues, and improved styles of communication, has been reported by case manager based on parents' verbal feedback to the Case Manager. Three youth during this reporting period were wards of the state. The number provided above only includes clients who were able to work towards reunification with a family member or foster parent. It is challenging to work on a family relationship when a family member or foster parent is not identified or uninvolved. More than 30 days are needed to work on fostering a positive relationship when working with CPS clients and their family members or foster parent.
Families Satisfied with Program	Families reported verbal feedback during this reporting period. Of the total number of families who have reported 10% have stated to be satisfied with all aspects of the program including, 10% of families stating that they will access Sanctuary services for future familial issues. Again, the numbers above only include cases in which parental involvement is present. Areas surveyed include: 1) Noted quality in family relationships 2) Future access of services 3) Accessibility and response time 4) Overall rating of services 5) Recommending services to others
Client Satisfaction	Of all clients who have completed satisfaction survey, 100% have reported that they felt safe while here at Sanctuary. A total of 100% have rated that they were either very satisfied or

	satisfied with the overall care and support services received.
