Tiyan	369	444
TOTAL	**2,719**	**2,754**

STUDENTS ENROLLING AT GCC FROM GUAM HIGH SCHOOLS	FALL 2018	FALL 2019
Public High Schools	671	1460
Private High Schools	86	157

SUCCESSES

Once again, the Guam Community College leads in the area of fiscal discipline and responsibility. According to the Office of Public Accountability, "Deloitte & Touche, LLP, rendered an unmodified (clean) opinion on GCC's financial statements and compliance over major federal programs. GCC is commended for qualifying as a low-risk auditee for the 19th consecutive year. GCC is the only Government of Guam (GovGuam) agency to do so."

Our campus modernization and expansion continued with the opening of the newly renovated Building 100 (now part of the modern, LEED certified Building E).

GCC's newly designed website launched on April 18, providing a clean, easy to navigate access point to the programs and services provided by GCC.

This year, GCC became the first Government of Guam agency to be fully cloud-based, which means our data is more secure and more digital services are on the way. In an increasingly digital world, GCC is committed to leading the way in responsive and reliable services for our students and stakeholders.

Transfer Students to UOG

Fall 2018: **63** Fall 2019: **57**

OUR OUTLOOK

INNOVATION

In 2019, GCC applied for approval of its first four-year degree program in Career and Technical Education, which is aimed to help address the qualified teacher shortage our secondary schools are facing. Once approved by the Accrediting Commission for Community and Junior Colleges (ACCJC), we will be teaching and raising the next generation of educators with applicable expertise in the areas they are teaching.

GCC launched the Associate of Science in Practical Nursing in Fall 2019, which expanded the program from a one-year certificate program. Graduates will enter the medical field as LPNs, once they've passed the NCLX-PN.

In Fall 2019, GCC also began offering textbook subscriptions to our students, allowing them to access their requisite textbooks online for the semester for a nominal subscription fee, rather than purchasing a hard copy textbook. This should help reduce the cost for students.

SUSTAINABILITY

PV Production: 198.131 Megawatt-hours

Recycling Data: Over 13,500 pounds of recyclables were diverted from the landfill

WBFS Data: Over 11,700 twelve ounce plastic bottles were saved

Energy usage dropped by 90,482 kilowatt-hours

CO2 reduced: 283,747 lbs

Energy savings 9.82 **Megawatt-hour**

CHALLENGES

Retention and completion rates remain stagnant. New methods and plans will be developed to address this challenge.

Decline in enrollment numbers have been experienced by the college during FY2019.

HIGHLIGHTS

On March 1, 2019, GCC hosted the Regional CTE Summit, Building Leadership Capacity in CTE in the Pacific Region: Successes, Challenges and Opportunities. Participants from Guam Community College, the University of Guam, the Northern Marianas College, Palau Community College, and the College of the Marshall Islands, discussed best practices for Career and Technical Education.

GCC's Job Fair was held at the Multipurpose Auditorium in February 27, 2019. Interested job-seekers from high school graduates and those looking for a change in careers to the senior citizens looking at post-retirement opportunities.

Thirty-one local and regional businesses and organizations from various industries participated – from hospitality, hotel management, the financial sectors, technology and even federal agencies.

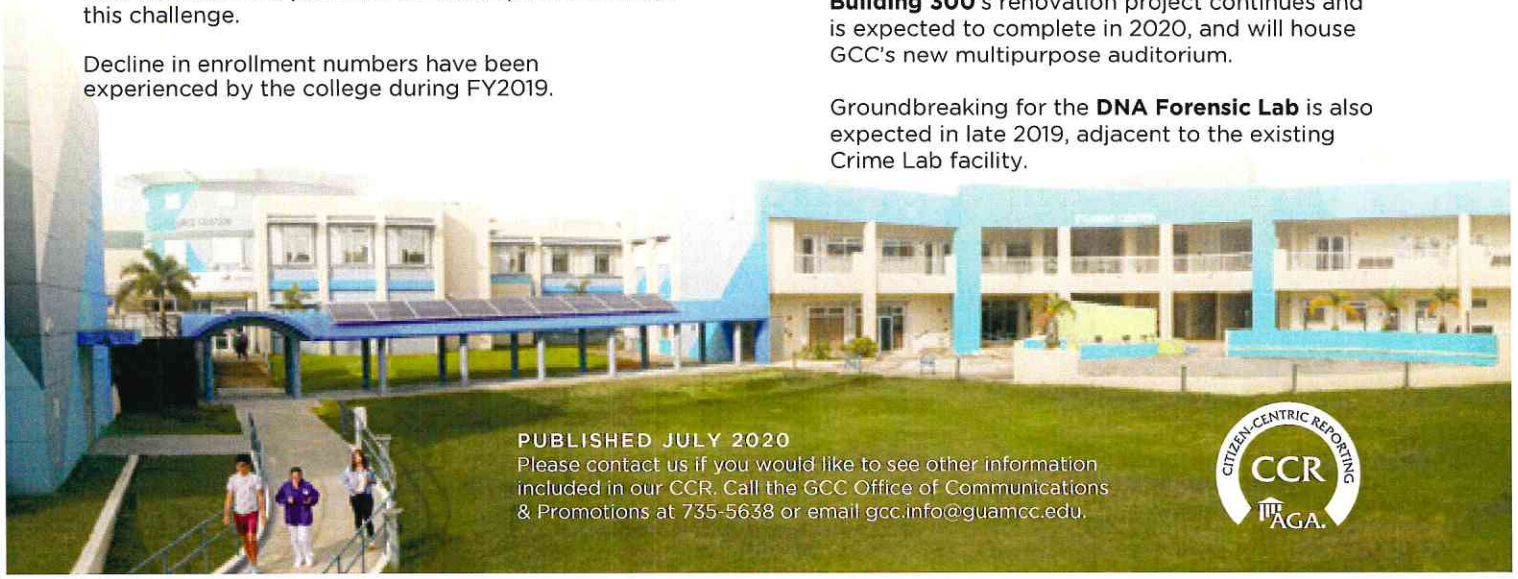

GCC is collaborating with the Guam Department of Labor and private sector partners to build opportunities for all members of our community to learn in-demand skills that lead to high paying careers. In FY2019, we launched pre-apprenticeship programs designed to prepare participants for apprenticeship opportunities. During 2019, we held our second Construction Boot Camp and our first Ship Repair Transportation Boot Camp. Completers were hired as apprentices within their respective trades.

CAMPUS FACILITIES

Building 100 was completed and now houses the Criminal Justice and Developmental Education classrooms and offices. It boasts the same LEED compliant features as the adjoined Building E.

Building 300's renovation project continues and is expected to complete in 2020, and will house GCC's new multipurpose auditorium.

Groundbreaking for the **DNA Forensic Lab** is also expected in late 2019, adjacent to the existing Crime Lab facility.
