ISLAND OF GUAM
OFFICE OF THE GOVERNOR
HAGÅTÑA, GUAM 96932
U.S.A.

EXECUTIVE ORDER NO. 2020-05

RELATIVE TO MANDATING SOCIAL ISOLATION, LIFTING RESTRICTIONS ON HEALTH CARE LICENSURE, AND CLARIFYING STATUS OF NON-ESSENTIAL GOVERNMENT OF GUAM OPERATIONS

WHEREAS, on March 14, 2020, I, Lourdes A. Leon Guerrero, *I Maga'hågan Guåhan*, Governor of Guam, acting pursuant to the power provided by the Organic Act and the laws of Guam, declared a public health emergency in the island of Guam due to the potential dangers posed by the 2019 novel coronavirus ("COVID-19"); and

WHEREAS, on March 16, 2020, I issued Executive Order No. 2020-04, articulating further the government of Guam's response to the COVID-19 pandemic;

WHEREAS, over the course of the past week, eight cases of COVID-19 have been confirmed on Guam; and

WHEREAS, one of the best courses of combat against community spread is through the reduction of face-to-face interaction with others and the practice of social distancing; and

WHEREAS, as the number of cases increases, our capacity for provision of health care services is further strained; and

WHEREAS, current requirements for licensure in medical, nursing, and allied health professions make it difficult to quickly address the human resource needs of the government of Guam's COVID-19 pandemic response team.

NOW, THEREFORE, I, LOURDES A. LEON GUERRERO, *I Maga'hågan Guåhan*, Governor of Guam, by virtue of the authority vested in me by the Organic Act of Guam, as amended, do hereby order:

1. **PROHIBITION ON GATHERINGS AND MANDATORY SOCIAL ISOLATION.** Pursuant to Section 3317, Article 3, Chapter 3 of Title 10, Guam Code Annotated, effective immediately and through March 30, 2020, all public gatherings or congregations for purposes of public entertainment, recreation, food and beverage service, theater, bowling, fitness, and other similar activities, to include all public venues in which the serving, provision, or consumption of prepared food or beverages occurs at a table, bar or for consumption within are prohibited beginning at 12 o'clock noon on March 20, 2020.

2. **EMERGENCY MEASURES CONCERNING FACILITIES AND MATERIALS.** Effective at 12 o'clock noon on March 20, 2020 and through March 30, 2020, any place of business or public accommodation shall close and be prohibited from on-site operations.

This prohibition on operations shall not apply to the following: Healthcare operations, including home health workers; essential infrastructure, including construction of housing and operation of public transportation and utilities; grocery stores, farmers' markets, food banks, convenience stores; businesses that provide for economically disadvantaged individuals and shelter facilities; pharmacies, health care supply stores, and health care facilities; gas stations and auto repair facilities; banks and credit unions; garbage collection; hardware stores, plumbers, electricians, and other service providers necessary to maintain the safety, sanitation, and essential operation of residences and other essential businesses; educational institutions, for the purposes of facilitating distance learning; laundromats, dry cleaners, and laundry service providers; businesses that ship or deliver groceries, food, and goods directly to residences; and roles required for any essential business to maintain basic operations, which include security, payroll, and similar activities.

In all cases where operations are permitted to continue, it is strongly recommended that mitigation measures as set forth in Section 5 of Executive Order No. 2020-04 be followed.

3. **LICENSURE OF HEALTH CARE PROFESSIONALS.** Pursuant to the authority provided under Title 10 Guam Code Annotated Section 19608 and in an effort to provide for the health and public safety our community, health care personnel may be appointed to serve for the duration of this public health emergency. All licensing requirements, permits or fees required by law, rule, regulation for health care providers are waived and such waiver will continue in effect until the public health emergency terminates.

4. **GOVERNMENT OF GUAM OPERATIONS.** The Government of Guam is operating in a limited capacity. Some agencies are completely closed. Several agencies are operational but closed to public access. Other agencies remain fully operational, including public access. All members of the public needing government services are asked to contact agencies and departments by email or phone. Regardless of operational status of an agency/department, all government of Guam employees remain on regular work status and are expected to report for duty within two hours from receiving notice from his/her supervisor.

5. **ENFORCEMENT.** The Department of Public Health and/or the Department of Revenue and Taxation may issue guidance, subject to my approval to implement the terms of this Order. DPHSS and the DRT shall enforce this Order and, if necessary, may do so with the assistance of the Guam Police Department. Businesses that refuse to comply with the provisions of this Executive Order may be subject to the revocation of their business license or other penalties as available in law or rule.

//

6. **SEVERABILITY**. If any provision of this executive order or its application to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this order that can be given effect without the invalid provision or application, and to this end, the provisions of this order are severable.

SIGNED AND PROMULGATED at Hagåtña, Guam, this **19th** day of **March 2020**.

ISLAND OF GUAM
OFFICE OF THE GOVERNOR
HAGÅTÑA, GUAM 96932
U.S.A.

Executive Order No. 2020-03

RELATIVE TO DECLARING A STATE OF EMERGENCY TO RESPOND TO NOVEL CORONAVIRUS (COVID-19)

WHEREAS, the United States Centers for Disease Control and Prevention ("CDC") has identified COVID-19, a respiratory disease that is a new strain of coronavirus not previously identified in humans, as posing a significant public health risk;

WHEREAS, on January 30, 2020, the World Health Organization ("WHO") declared a Global Health Emergency with regard to the COVID-19 outbreak;

WHEREAS, on January 31, 2020, United States Health and Human Services Secretary Alex M. Azar II declared a public health emergency for the United States to aid the nation's healthcare community in responding to COVID-19;

WHEREAS, on March 13, 2020, President Donald Trump declared a national emergency over the COVID-19 outbreak in the continental United States;

WHEREAS, while no cases of COVID-19 have been identified on Guam, an emergency situation exists such that in order to safeguard the community and general welfare of the island, it is critical that timely precautions be taken and that resources be immediately identified, mobilized and prepositioned; and

WHEREAS, *I Maga'hågan Guåhan*, pursuant to Section 1421g of the Organic Act of Guam, is obligated to provide for the public health of Guam including protecting against the spread of **COVID-19**.

NOW, THEREFORE, I, LOURDES A. LEON GUERRERO, Governor of Guam, by the authority vested in me by the Organic Act and laws of Guam, and for the purpose of marshalling all of the island's resources and appropriate preparedness, response, and recovery measures, hereby order the following:

1. **Declaration of State of Emergency**. A state of emergency pursuant to Section 19401 of Article 4, Chapter 19, Title 5, Guam Code Annotated is hereby declared for Guam as a result of the effects of **COVID-19** on the island.

2. **Primary Public Health Authority**. The Department of Public Health and Social Services, through its Director and with the approval of *I Maga'hågan Guåhan*, shall be authorized to exercise all powers enumerated in Chapter 19 of Title 10, Guam Code Annotated.

3. **Geographic Areas Applicable to the Declaration**. All geographic areas with confirmed cases of COVID-19 shall be applicable to this declaration. The authority of this Executive Order shall pertain to all of Guam.

4. **Suspension of Statutes, Orders, Rules and Regulations That Prevent, Hinder or Delay Necessary Action to Respond to the Emergency.** Pursuant to Section 19403(a)(1), of Chapter 19, Title 10 Guam Code Annotated, statutes, orders, rules, and regulations that prevent, hinder or delay necessary action to prepare for or respond to this public health emergency, including but not limited to, purchases and hiring, are hereby suspended.

5. **Price Gouging.** Effective immediately and throughout the duration of this Executive Order or within any time period allowed by law, whichever is longer, it shall be an unfair trade practice for any merchant or landlord to increase the price of any goods, services, or dwelling rentals on the basis of shortage anticipated or caused by this public health emergency.

6. **Personnel and Procurement.** Pursuant to Sections 19505 and 19803 of Chapter 19, Title 10, Guam Code Annotated, this Executive Order shall authorize, hiring, overtime and any procurement related to this public health emergency for all government of Guam agencies responding to the emergency.

7. **GHS/OCD to be Lead Agency for Logistics.** GHS/OCD shall be the lead agency for the logistical organization and direction of resources and procurement of any goods and services relative to this Executive Order. Any procurement pursuant to this Executive Order is not being used solely for the purpose of avoidance of the provisions of the Guam Procurement Law.

8. **Authorization For Overtime.** Authorization is given for the payment of overtime for non-exempt Government of Guam employees, to work in excess of forty (40) hours a week to mitigate and respond to the effects of **COVID-19.** The Office of Civil Defense Administrator is authorized to determine the eligibility of overtime expenditures resulting from work performed by the government agencies, and approval from the Bureau of Budget Management & Research shall be obtained prior to incurring any overtime or expenses. Failure to obtain prior approval shall be grounds for denying reimbursement.

9. **Documentation of Expenses.** All departments and agencies are instructed to keep appropriate documentation on all emergency expenses authorized by this Executive Order for inspection by the Executive and Legislative Branches and by the Public Auditor of Guam, and in anticipation of federal disaster assistance approval by the President of the United States to be administered by any federal agency.

10. **Activation of Guam National Guard.** The Adjutant General is authorized to issue active duty orders for the mobilization of such National Guard personnel and equipment as she may determine to protect life and safety, to continue essential public services, and to prevent undue loss and suffering.

11. **Severability**. If any provision of this executive order or its application to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this order that can be given effect without the invalid provision or application, and to this end, the provisions of this order are severable.

Signed and Promulgated at *Hagåtña*, Guam, this **14th day of March, 2020**.

Ms. Dames will find out how much the other boards are contributing for the attorney's funding and how much is specifically being taken out of the Nursing Fund. g. Ms. Pecina stated that the other boards have older cases that have to be addressed. h. Ms. Dames asked about a position that will be opened and Ms. Pecina mentioned that it is budgeted now on the Healthy Future Funds, but is not sure if it will be switched over to the Revolving Fund later. i. Ms. Dames stated that Mr. Taitague informed her about a position that was hired under federal funds, but there wasn't enough funding, so part of the salary is coming from the Nursing Revolving Fund, but Ms. Pecina said that it was coming from EMS and noted that Mr. Taitague can move monies around. j. There was further discussion on monies moved around, but Ms. Dames will try to provide a report from Mr. Taitague so the board can have a better understanding.	Treasurer	3/12/20	Noted

AN ACT TO *AMEND* § 9141 AND *ADD* NEW §§ 9142(c), 9142(d), AND 9143(d), ALL OF CHAPTER 9, TITLE 22, GUAM CODE ANNOTATED, RELATIVE TO THE COMPOSITION OF THE WORKERS' COMPENSATION COMMISSION AND ALLOWING THE APPEARANCE AND PARTICIPATION OF COMMISSION MEMBERS AT MEETINGS AND HEARINGS BY TELEPHONE CONFERENCE OR VIDEO TELECONFERENCE OR LIVESTREAM.

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. § 9141 of Chapter 9, Title 22, Guam Code Annotated, is hereby *amended* to read:

(7) at the Director's option, two (2) members from the general public. At all times, the total number of members *shall* be an odd number.

(c) Quorum *shall* constitute at least four (4) members of the Commission.

(1) A member of the Commission, if physically unable to attend a meeting or hearing, may appear and participate in a meeting or hearing via telephone conference or video teleconference or video livestreaming in accordance with 5 GCA § 43122 and the accompanying rules and regulations adopted pursuant to the same; provided, that all parties in the meeting or hearing are able to adequately hear and communicate with such member. All relevant documents *shall* be transmitted to all members of the Commission at least twenty-four (24) hours prior to a hearing via telephone conference or video teleconference or video livestreaming.

(2) Meetings and hearings *shall* be electronically recorded in audio file or audio and video file format if conducted by video teleconference or video livestream; but, notwithstanding any other provision of law, rule, or regulation, they *need not* be stenographically recorded. All audio and video files *shall* be properly stored within the office of the Commission to ensure safekeeping and availability to the public consistent with existing laws.

(d) The Commission *shall* maintain and keep open during reasonable business hours, an office for the transaction of business. If any member of the Commission is removed from office or for any reason ceases to act as a member, all of his or her official records and papers *shall* be transferred to his or her successor in office or to the Commission. No member

Section 3. A new § 9142(d) is hereby *added* to Chapter 9, Title 22, Guam Code Annotated, to read:

"(d) Notwithstanding Subsection (c) of this Section, all civil penalties enumerated under this Chapter *shall* remain in full force and effect."

Section 4. A new § 9143(d) is hereby *added* to Chapter 9, Title 22, Guam Code Annotated, to read:

"(d) Disposition of Civil Penalties. Fines collected by the Department under the provisions of this Chapter *shall* be deposited in the special fund, pursuant to this Section; and, notwithstanding Subsection (b) of this Section, may be accessed by the Director to be used exclusively for the operation of the Workers' Compensation Commission. The Director of the Department *shall* include data in his or her annual report on all expenditures under this Subsection to *I Liheslaturan Guåhan*."

Section 5. Effective Date. This Act *shall* be effective upon enactment.

Section 6. Severability. If any provision of this Act or its application to any person or circumstance is found to be invalid or contrary to law, such invalidity *shall not* affect other provisions or applications of this Act that can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

Subject: Appointment Lists to the Workers' Compensation Commission

Good morning, Zennia,

I was skimming the Legislature's website today and came across P.L. 35-66, signed into law Feb. 12, 2020. Section 1 of the Act amends the law to provide that two of the members of the Workers' Compensation Commission are to be appointed from lists recommended by the Guam Board of Nurse Examiners and Guam Board of Medical Examiners. It reads as follows:

> Section 1. § 9141 of Chapter 9, Title 22, Guam Code Annotated, is hereby amended to read:
> "§ 9141. Administration.
> (a) Except as otherwise specifically provided, the Workers' Compensation Commission *shall* administer the provisions of this Title, and for such purpose the Commission is authorized: (1) to make rules and regulations in conformance with this Title; (2) to select such technical assistants, medical advisors, and other officers and employees; and (3) to make from appropriated funds such expenditures (including expenditures for personal services, rent, law books, books of reference, periodicals and printing, binding and other necessities) as may be necessary in the administration of this Title.
> (b) The Workers' Compensation Commission *shall* be under the cognizance of the Department of Labor and shall consist of the Commissioner or the Commissioner's designee; six (6) members to be appointed by *I Maga'haga* (the Governor) to include:
>
> (1) one (1) member appointed from a list of three (3) nurse practitioners or registered nurses recommended by the Guam Board of Nurse Examiners;
>
> (2) one (1) member appointed from a list of three (3) medical doctors recommended by the Guam Board of Medical Examiners;

The full public law is attached. You may want to forward this to the GBME and GBNE and invited them to put it on their agendas for their next meetings.

GUAM BOARD OF NURSE EXAMINERS
RESOLUTION NUMBER: 20-01

RELATIVE TO THE DELEGATION OF AUTHORITY TO THE EXECUTIVE OFFICER ~~RELATED TO LICENSING~~

* * *

BE IT RESOLVED BY THE GUAM BOARD OF NURSE EXAMINERS:

WHEREAS, the Guam Board of Nurse Examiners (GBNE) is charged by law with the licensure and discipline of nurses, specifically, Licensed Practical Nurse (LPN); Registered Nurse (RN); Advanced Practice Registered Nurse (APRN): and Certified Nurse Assistant (CNA); and

WHEREAS, there are times when a quorum of the GBNE is unable to meet to review and grant or deny applications for temporary work permits, licenses and CNA Ceritification; and

WHEREAS, the GBNE has the utmost faith in the abilities of its Executive Officer to carry out the duties set forth herein; and

WHEREAS, it is the intent of the GBNE to delegate to the Executive Officer the authority to assist the Board in carrying out its duties with regard to approving applications for temporary work permits and licenses during those times when the GBNE is not in session;

THEREFORE, BE IT RESOLVED, that the Guam Board of Nurse Examiners delegates to the Executive Officer, or designee, the authority to:

1. Review temporary work permit applications and applicant responses to screening questions and approve applications whose answers or additional information meet the internal staff guidelines for a temporary work permit as determined by the Board. Internal guidelines are subject to change.

2. Defer approval of any applications where a disciplinary history exists to the Board for review and approval.

3. Approve applications for temporary work permits for Certified Nurse Assistant (CNA) that meet the requirements of 10 GCA §§ 12315 and 12322; and Article 4 of the GBNE Board Rules and Regulations.

4. Approve applications for temporary work permits for Licensed Practical Nurse (LPN) that meet the requirements of 10 GCA §§ 12315 and 12322; and Article 4 of the GBNE Board Rules and Regulations.

5. Approve applications for temporary work permits for Registered Nurse (RN) that meet the requirements of 10 GCA §§ 12310, 12311, and 12322 and Article 4 of the Board Rules.

6. Approve applications for temporary work permits for the Advanced Practice Registered Nurse (APRN) that meet the requirements of 10 GCA §§ 12313 and 12322, and Article 5 of the Board Rules.

7. Approve applications for temporary prescriptive authority that meet the requirements of 10 GCA §§ 12313 and 12322, and Article 5.7 of the Board Rules.

8. Approve applications for Military Limited Volunteer Nursing license to a nurse (RN, LPN, APRN) that meet the requirements of 10 GCA § 12322(e).

9. Approve applications for licensure and certification renewals

10. Submit appropriate information in NURSYS and the National Practitioner Data Bank.

11. Participate in disciplinary investigation process.

12. Train CNA Skills Examiners – not sure if this was what we discussed per my scribbled notes??

Subject: Waiver for Clinical Practice Requirement - Guam Marianas Training Center (GMTC)

Dear Guam Board of Nurse Examiner (GBNE),

The Guam Marianas Training Center (GMTC) humbly submits a waiver request for the clinical practice requirement associated with our approved Certified Nursing Assistant (CNA) course.

The COVID-19 pandemic has created many challenges within the medical system. The ongoing curtailed standard operating practices throughout the medical arena has caused significant impact as we cope with addressing immediate concerns.

Therefore, GMTC is requesting approval to conduct our CNA clinical practice requirement in-house versus outside facilities. The students usually perform clinical sessions at either Saint Dominic's Senior Care Home (SDSCH), the Skilled Nursing Unit (SNU), or the Guam Memorial Hospital Authority (GMHA); halted was this procedure due to the pandemic.

Recently, GMHA announced starting student clinical sessions with additional requirements. Although having the ability to conduct the clinical practice at an approved outside facility is encouraging, it does not address the continual concerns associated with the pandemic. A realistic fear is related to contracting the virus when being placed into a higher risk category. Students also have the option not to participate due to the higher risk of contracting COVID-19. The legality of a student not having COVID-19 and contracting during student clinical sessions is unable to be assessed as to who may be responsible.

The Guam Marianas Training Center (GMTC) facility is equipped and prepared to conduct student clinical sessions in-house while adhering to the established protocols of mask usage and social distancing. Our projected clinical schedule is for July 13 - 17, 20, 22 - 24, and will be from 7:00 a.m. to 1:00 p.m. each day.

Respectfully,

Fe Valencia-Ovalles, CBCS, PHIC

Associate of Science in Practical Nursing

Annual Report to the Guam Board of Nurse Examiners

June 30, 2019 – June 30, 2020

Associate of Science in Practical Nursing program

Student Achievement of Program Outcomes

The Associate of Science in Practical Nursing (ASPN) program received initial approval to implement the program from the Guam Board of Nurse Examiners (GBNE) effective on July 26, 2019. We began the first ASPN cohort with 20 students. Most of the ASPN students completed the summer session with a Dosage Calculations course as well as a one credit lab component for Anatomy & Physiology. Some students received prior credit from UOG for the aforementioned courses and thus did not need to take the summer session courses. Every student successfully met the requirements of the summer session and moved on to the official start of the NU level courses in the Fall 2019 semester.

The Fall semester began on August 14th and ended November 26th. The Practical Nursing students took NU110 Nursing Foundations and NU160 Pharmacology courses. Clinical rotations for the NU110 course were conducted at Guam Memorial Hospital's Skilled Nursing Unit. All 20 students successfully completed 180 hours of laboratory/clinical practice and 60 hours of didactic instruction, learning fundamental skills for nursing practice. Additionally, on November 3, 2019, the students participated in the GCC College outreach and recruitment event hosted at the Micronesia Mall. The students participated in the fair by conducting wellness checks and vital signs.

The Spring 2020 semester began on January 5th with 20 students enrolled. During this semester, the students took NU220 Adult Medical Surgical Nursing, NU230 Maternal Newborn Concepts & Skills and NU240 Pediatric Nursing Concepts & Skills. The students began Medical Surgical Nursing clinicals at GMH's medical surgical and surgical units on February 20th, 2020. They completed a total of 93 contact hours of lab/clinical practice prior to the Governor's declaration of a Public Health State of Emergency as a result of COVID 19. The students had approximately 48 hours left to complete their clinical hours for NU220. In an effort to complete the remaining hours, and also to respond to the Governor's call for action for of all health care personnel, our students volunteered and worked in various sites with DPHSS for COVID-19.

As a result of COVID-19, the program was unable to initiate any Maternal Newborn or Pediatric clinicals. PN faculty have reached out to our clinical partners to complete clinicals at FHP's Pediatrics clinic and Dr. Sheih's clinic, DPHSS maternal & pediatric clinics and Guam Memorial Hospital to complete the remaining clinical hours for Maternal Newborn and Pediatric clinicals. Students will be starting their Pediatric and Maternal health clinicals at FHP and Dr. Sheih's clinic on June 22, 2020. We anticipate we will be able to complete all clinical requirements before the first week of August.

We would like to recognize our students who did not hesitate to step up to the Governor's call for action. They received experience assessing, screening, monitoring and testing individuals for COVID-19 at various locations such as the Guam International Airport, Port Authority, Quarantine & Isolation sites, DPHSS clinics and COVID outreach sites. We were impressed by

their willingness to respond and their ability to adjust to frequent changes during this unprecedented time.

Positions & Faculty

Currently, the Nursing & Allied Health Department has a Nursing & Allied Health Administrator, two FTE faculty, one administrative assistant and one adjunct faculty to manage the program. **Dorothy-Lou M. Duenas, MSN, RN** is the Nursing & Allied Health Administrator.

The lead program faculty is **Assistant Professor Rosemary Loveridge, MSN, RN**. She taught NU110, Nursing Foundations, NU220 Medical Surgical Nursing and NU230 Maternal Newborn Concepts & Skills lectures, laboratory practice and clinicals. Instructor, **William Eric Lee MSN, RN**, taught a few lectures for NU110 Nursing Foundations and NU220 Medical Surgical Nursing and was the faculty member for NU110, NU220 & NU240 Pediatric laboratory/clinical practice.

We have recently hired another full-time faculty member, **Loressa Melegrito, RN, BSN**. She was the lead faculty for NU110, NU220, NU230 Maternal Newborn Concepts & Skills and NU240 Pediatric concepts laboratory and clinical practice. She facilitated the coordination of laboratory skills practice and clinical schedules for each course. We welcome her back to our team. Lastly, adjunct faculty, **Lucy Joo-Castro, MSN, RN,** taught the lecture portion of NU160 Pharmacology and NU240 Pediatric Concepts. She is currently working on her DNP, but continues to support the PN students through mentorship.

Conclusion

The Department is committed to ensuring the success of our students and our faculty for the Associate of Science in Practical Nursing Program. Continuous assessment, advisement and evaluation practices have been implemented for our students and faculty. Each course currently utilizes ATI assessment to enhance NCLEX-PN preparation with online case studies and diagnostic tests provided at the beginning and end of each course. Additionally, the department purchased Kaplan online learning programs to assist students as they progress into the final semester of the program this fall. This learning resource will provide students with additional NCLEX-PN practice questions and rationales to assess their progress and readiness for the NCLEX-PN exam. We are pleased with the progress of our students thus far and are committed to supporting our students toward their completion of the program and passing of the NCLEX-PN exam for licensure.

Subject: **ASPN Program Clinical Hours and Resumption of courses for Fall 2020**

On March 14, 2020 the Governor declared for a Public Health Emergency (Executive Order No. 202-03) due to COVID-19. As a result of the pandemic many healthcare professionals most particularly nurses were activated to respond to the COVID crisis. The Associate of Science in Practical Nursing program faculty and students all responded to the call for activation and were assigned to various areas working for the Department of Public Health and Social Services as well as a few clinics such as the American Medical Clinic and Sagua Managu Clinic. Since of the start of the COVID pandemic the students and faculty have put in over 400 hours of clinic work in their respective areas.

The nursing faculty have been extremely mindful of the safety of our students. As a result, all of the students were able to be properly fit tested for the N95 mask and received refresher training re: donning and doffing PPEs. The faculty and administrator have remained in close communication with our students conducting frequent checks on them to assess their progress and also to ascertain for any issues or concerns.

While the ultimate goal is to have our students increase their clinical practice with experiences in the hospital, we understand that due to the COVID crisis many clinical opportunities regarding certain subjects are limited in order to decrease or prevent the possible exposure of COVID-19 to patients and students. Therefore, the faculty and administrator are requesting for your approval to accept at least 50% of the clinical hours that our students have already worked to be considered to be applicable towards their upcoming NU292 Medical Surgical Nursing clinical hours.

Additionally, the Department would like your consideration and approval for the modified plan attached for the PN courses for the Fall 2020 semester. Modifications will include an integration of simulation and cases study scenarios for certain clinical components, remote learning for lectures via google classroom, decreased class sizes for laboratory and clinical practice to meet COVID-19 guidelines so social distancing.

Guam Community College ASPN Program
Curriculum Modification Plan
Response to COVID-19

On June 24, 2020 Guam Community College submitted its plan for re-opening following Governor Lourdes A. Leon Guerrero's declaration for Guam to move into PCOR-2, Executive Order 2020-14. GCC as well as the Associate of Science in Practical Nursing Program has established a plan that would fall in line with the established guidelines for COVID-19. The Nursing and Allied Health Department intends on implementing the following standards of practice to resume courses:

1. There will be a mix of remote learning via google classroom and in class face to face lectures/laboratory practice.
2. All students will be required to wear face masks to class for in person lectures and laboratory skills.
3. Social distancing requirements will be adhered to and temperatures will be taken each course day.
4. Lab courses will have a maximum of 6-7 students per classroom.
5. Equipment will be cleaned and sanitized before and after each course and laboratory practice session.
6. Students are discouraged from congregating in hallways or on campus. The requirement for social distancing will be adhered to.

Since the start of the COVID-19 pandemic the Associate of Science in Practical Nursing students have completed over 450 hours of work responding in various sites for the Department of Public Health and Social Services. With this in mind we are humbly asking for your consideration to count 50-75% or 90-135 contact hours for the clinical/lab component of their NU292 Medical Surgical course. The required hours for this course includes 30 hours of lecture and 180 hours of lab/clinical practice. If 135 hours is counted the students would have a remaining of 45 hours left for clinical practice. Clinical requests have been made to the Guam Memorial Hospital and Guam Regional Medical City.

***NU292 Nursing Practicum** – 30 hours lecture, 180 hours lab/clinical

- Request for 90-135 hours be counted as fulfilled related to COVID participation in COVID outreaches, airport screening, isolation and quarantine site work.

NU250 Mental Health Nursing – 30 hours lecture, 45 hours clinical

- Mix of remote learning via google classroom for lecture, online simulation and case studies.
- Clinical request will be submitted for 45 hours clinical practice to Guam Behavioral Health & Wellness.

NU280 Nursing Trends – 15 hours lecture

- 75% in person lecture, 15% remote learning

NU281 NCLEX-PN Review & Transition – 30 hours lecture

- 90% in person lecture/computer adaptive training, 10% remote lecture via online resources ie: Kaplan, ATI & UWorld.

Furthermore, the department requests for your approval to incorporate simulation experiences for their remaining Spring semester Maternal Newborn clinical hours. The students have approximately 20 hours remaining for this clinical course. Dr. Margaret Hattori-Uchima and Dr. Katherine Wood from the University of Guam School of Nursing & Health Science have graciously shared online simulation resources with our faculty to include as a component for clinical practice. If approved the faculty would follow the same clinical arrangement for simulation as recommended by the UOG faculty and the Dean. Five online simulations with a pre and post conferences for each simulation. Students will answer all case study questions with 90-100% accuracy and provide reflective journals to accompany the clinical simulation and case study exercises. If this request is not granted, we will request for clinical hours to be completed at DPHSS clinics for maternal child appointments.

As a result of the COVID pandemic the Nursing & Allied Health Department has taken additional measures to work closely with the University of Guam and the hospitals to ensure the availability for clinical practice is equally shared. We understand that we are now faced with additional restrictions due to the limits and precautions the COVID-19 pandemic has placed on the community and our program. We humbly ask for the board's consideration and guidance regarding alternatives to clinical practice/lecture so that our students will be able to complete all requirements in a timely manner. We look forward to your response and continued support.

RE: Force Majeure Notice

Given the unforeseeable circumstances of this global COVID-19 pandemic (as announced by the World Health Organization), where national and local governments are ordering businesses to shut down and implement other stringent measures to combat the spread of the disease and causing unprecedented impacts on businesses' ability to continue to operate, Pearson VUE is hereby providing official notice of a *force majeure* event under our operative agreements. Due to this force majeure event, it is impracticable for Pearson VUE to continue its services and must interrupt its services as follows:

> Reducing or suspending, the services, as defined or listed in the operative agreement, as they become impracticable ("Reduction of Services") including but not limited to the closing of the Pearson Professional Centers (PPCs) and the Pearson VUE Authorized Test Centers (PVTCs) ("Reduction of Services").

The global unforeseeable COVID-19 pandemic has caused significant and increasingly widespread disruptions and threatens the health and safety of the public. This *force majeure* event has and will continue (for an undetermined period of time) making it impracticable for Pearson VUE to continue to provide its services and will cause a partial or complete interruption of services being provided by "Pearson VUE" under our agreement.

Pearson VUE's response has been designed to maintain fulfilment of our contractual obligations to the extent not impracticable or illegal by this *force majeure* event. The pandemic has led health professionals and officials worldwide to recommend and/or require various rigorous measures to combat the spread of the disease. These measures involving government orders and guidance includes: intensive protocols for cleaning, provision and use of personal, home quarantines, protective equipment (masks, gloves, etc...), implementation of social distancing, implementing measures to limit health risks to employees, families, vulnerable adults, closing retail establishments, and interruption to and guidance against using or limiting the use of public transit, restricting travel locally and internationally, as a means of preventing and slowing the spread of the disease. In response to such orders and recommendations, for the safety of candidates, employees, and the public we must now take Reduction of Services measures.

This situation is unfortunate for all parties, but these actions are necessary given the nature and effect of this pandemic. You are a trusted partner of ours and we will continue to work in a reasonable manner in this unprecedented situation to support your program. If you have any questions or would like to discuss, please do not hesitate in contacting us at catrinia.griffith@pearson.com.

MISSOURI STATE
BOARD OF NURSING

MILITARY PROGRAMS

NCSBN staff, with consultation from leading experts in the areas of nursing and military education, conducted an in-depth analysis of the health care specialist (medic), corpsman and airman curricula, and compared these with a standard LPN/VN curriculum. See https://www.ncsbn.org/16_NCSBNAnalyiss_MilitaryLPNVN.pdf

SUMMARY & RECOMMENDATION

1. After an extensive review of health care specialist (medic), corpsman and airman curricula and comparing it with a standard LPN/VN curriculum, significant differences in content were identified. These differences preclude granting an LPN/VN license to veterans specialized in these areas without additional practical/vocational nurse coursework and clinical experience.

2. For veterans with training and experience as health care specialists (medics), corpsmen and airmen, civilian BON-approved LPN/VN programs should develop bridge programs that are based on individual assessments of each veteran and geared towards helping these individuals acquire the knowledge, skills and abilities needed to practice as an LPN/VN safely without repeating previously acquired content.

Doc. No. 35GL-20-2206.*

3. Each veteran will be leaving the military with varying levels of experience. Some have inserted chest tubes and performed other small surgical procedures, while others have little, if any, experience doing these procedures and instead had other types of responsibilities (nonhealth care related) during their military service. Therefore, it is recommended that the knowledge, skills and abilities of all veterans entering an LPN/VN program should be formally evaluated/assessed for formal credit prior to beginning a program. If proficiency is demonstrated, this should be accounted for in the LPN/VN program to assist in accelerating the education process.

4. After successful completion and graduation from the LPN/VN program, the veteran must pass the NCLEX-PN® Examination prior to licensure as an LPN/VN.

5. While the courses offered in military programs are comprehensive and rigorous, a veteran who has been a health care specialist (medic), corpsman or airman must learn the role of the nurse, the nursing process and the science of nursing care. The veteran must learn the role of the LPN/VN, the scope of practice and the principles of delegation in order to practice competently and safely. This is acquired through formal education, both clinical and didactic, and must be integrated throughout the course of study.

6. The Army LPN Program is a standard LPN/VN program approved through the Texas Board of Nursing.

7. The Air Force BMTCP 4N051 (5 Skill Level) is comparable to a standard LPN/VN program approved through the Missouri Board of Nursing.

OPERATIONAL RECOMMENDATIONS

Accept the Air Force BMTCP 4N051 (5 Skill Level) as an approved LPN program. Missouri approved this program in March 2017. NCLEX® code Air Force Nursing Service Program - US17110000.

Consider a visit to METC. See https://www.metc.mil/. Encourage nursing programs to visit.

Phase I of 4N training is completed at the Medical Education Training Center (METC) at Ft. Sam Houston in San Antonio, Texas. This is fourteen (14) weeks of basic military medical technician training for several military branches. Service-specific break-out sessions then prepare airmen for field work specific to the Air Force. Airmen are required to complete EMT training to progress in their training program. Once phase II training is completed, airmen progress to assigned duty station(s) to continue their upgrade training within Whiteman Air Base or at one of 74 other Active Duty Air Force Medical Military Facilities, 82 Reserve Units, and 89 Guard Medical units. Training is directly overseen and supervised by the 4N Functional Manager. Air Force is beginning to include rotations in civilian hospitals.

NOTE: This SPEET is NOT used if event involves misconduct such as: academic cheating, confidentiality, fraud, theft, drug abuse, diversion, boundary issues, sexual misconduct, mental/physical impairment. Instead, these are managed through established mechanisms outside of this clinical framework.

Human Error = Inadvertently doing other than what should have been done; a slip lapse, mistake.
At-Risk Behavior = Behavioral choice that increases risk where risk is not recognized or is mistakenly believed to be justified.
Reckless Behavior = Behavioral choice to consciously disregard a substantial and unjustifiable risk.
Consoling = Comforting, calming; supporting student while examining event.
Coaching = Supportive discussion with the student on the need to engage in safe behavioral choices.
Remedial Action = Actions taken to aid student including education, training assignment to program level-appropriate tasks.
Counseling = A first step disciplinary action; putting the student on notice that performance is unacceptable.
Disciplinary Action = Punitive deterrent to cause student to refrain from undesired behavioral choices.

GUAM BOARD OF NURSE EXAMINERS
RESOLUTION NUMBER: 20-01

RELATIVE TO THE DELEGATION OF AUTHORITY TO THE EXECUTIVE OFFICER ~~RELATED TO LICENSING~~

* * *

BE IT RESOLVED BY THE GUAM BOARD OF NURSE EXAMINERS:

WHEREAS, the Guam Board of Nurse Examiners (GBNE) is charged by law with the licensure and discipline of nurses, specifically, Licensed Practical Nurse (LPN); Registered Nurse (RN); Advanced Practice Registered Nurse (APRN): and Certified Nurse Assistant (CNA); and

WHEREAS, there are times when a quorum of the GBNE is unable to meet to review and grant or deny applications for temporary work permits, licenses and CNA Ceritification; and

WHEREAS, the GBNE has the utmost faith in the abilities of its Executive Officer to carry out the duties set forth herein; and

WHEREAS, it is the intent of the GBNE to delegate to the Executive Officer the authority to assist the Board in carrying out its duties with regard to approving applications for temporary work permits and licenses during those times when the GBNE is not in session;

THEREFORE, BE IT RESOLVED, that the Guam Board of Nurse Examiners delegates to the Executive Officer, or designee, the authority to:

1. Review temporary work permit and licensure/certification renewal applications and applicant responses to screening questions and approve applications whose answers or additional information meet the internal staff guidelines for a temporary work permit as determined by the Board. Internal guidelines are subject to change.

2. Defer approval of any application where a disciplinary or criminal application history exists to the Board for review and approval.

3. Approve applications for temporary work permits for Certified Nurse Assistant (CNA) that meet the requirements of 10 GCA §§ 12315 and 12322; and Article 4 of the GBNE Board Rules and Regulations.

4. Approve applications for temporary work permits for Licensed Practical Nurse (LPN) that meet the requirements of 10 GCA §§ 12315 and 12322; and Article 4 of the GBNE Board Rules and Regulations.

5. Approve applications for temporary work permits for Registered Nurse (RN) that meet the requirements of 10 GCA §§ 12310, 12311, and 12322 and Article 4 of the Board Rules.

6. Approve applications for temporary work permits for the Advanced Practice Registered Nurse (APRN) that meet the requirements of 10 GCA §§ 12313 and 12322, and Article 5 of the Board Rules.

7. Approve applications for temporary prescriptive authority that meet the requirements of 10 GCA §§ 12313 and 12322, and Article 5.7 of the Board Rules.

8. Approve applications for Military Limited Volunteer Nursing license to a nurse (RN, LPN, APRN) that meet the requirements of 10 GCA § 12322(e).
