Re: **Bill No. 2-35 (LS) - An Act to Add a New § 3322(e) to Article 3, Chapter 3, Title 10, Guam Code Annotated, Relative to Allowing the Guam Department of Education to Implement a School-Located Vaccination (SLV) Program in Guam's Schools and Institutions of Higher Learning**

Dear Madame Speaker:

For so many of our children, our schools serve not only as places to learn, but also as places to eat nutritious meals, get physical exercise, and now, with the passage of Bill No. 2-35 (LS), which I have signed into law as ***Public Law No. 35-102***, obtain the vaccines that are so crucial to our public health. As we navigate these difficult times and face the spread of COVID-19 in our community, we anxiously await the arrival of a vaccine for this virus that has, as of today, taken the lives of 77 of our own. In the meantime, this law increases access to vaccinations for many other diseases that can have devastating effects on our community health when not addressed. As we all know too well, prevention saves lives.

Senseramente,

LOURDES A. LEON GUERRERO
I Maga'hågan Guåhan
Governor of Guam

AN ACT TO *ADD* A NEW § 3322(e) TO ARTICLE 3, CHAPTER 3, TITLE 10, GUAM CODE ANNOTATED, RELATIVE TO ALLOWING THE GUAM DEPARTMENT OF EDUCATION TO IMPLEMENT A SCHOOL-LOCATED VACCINATION (SLV) PROGRAM IN GUAM'S SCHOOLS AND INSTITUTIONS OF HIGHER LEARNING.

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. A new § 3322(e) is *added* to Article 3, Chapter 3, Title 10, Guam Code Annotated, to read as follows:

"(e) Nothing herein shall be construed or interpreted as to prevent the Guam Department of Education (GDOE) from implementing a School-

Located Vaccination (SLV) program in any school or institution of higher learning on Guam for the purpose of administering vaccines required by Subsection (a). Such SLV program may additionally include, but not be limited to, the administering of human papillomavirus (HPV) vaccines, annual influenza (flu shot) vaccines, or any other vaccines not required by Subsection (a), but recommended by the United States Centers for Disease Control and Prevention (CDC). Such SLV programs may be implemented in public schools, individually or on a system-wide basis. GDOE may enroll in the federally-funded Vaccine for Children (VFC) program, overseen by the Department of Public Health and Social Services Immunization Program, as a provider. The Department of Public Health and Social Services Immunization Program may assist GDOE at the start of the SLV Program by providing medical and ancillary supplies (syringes, needles, gloves, biohazard bags, sharps container, band aids, and alcohol prep pads) and may assist in meeting compliance for storage and handling, provide required digital loggers, a proper transport cooler, and if funding is available, a medical/pharmaceutical grade refrigerator.

To the extent allowable and practical, the Guam Department of Education may bill any health insurance/plan company, Medicaid, the Medically Indigent Program (MIP), the Child Health Insurance Program (CHIP), or any other party providing coverage for which the child is covered for the cost of the vaccines/immunizations, supplies to administer vaccines/immunizations, the administering of the vaccines/immunizations, and other permitted costs. The Guam Department of Education is not permitted to bill any party for any vaccines or supplies that were received through federal programs or donations where the acceptance of such vaccines and supplies prohibits such billing. Revenues realized from such billing

activities shall be used to cover the costs of the Guam Department of Education related to the SLV program, and maintained in a separate fund and bank account. Billing and accounting services may be administered by the Department of Administration or may be outsourced to a private accounting firm. All receipts, expenditures, and financial statements shall be subject to audit and review periodically as determined by the Guam Office of Public Accountability."
