Håfa Adai Speaker Barnes,

In previous months, the Guam Chamber of Commerce assembled a "Think Tank" to put together economic diversification initiatives for Guam. On October 26th, members of the Think Tank, along with members of the Guam Economic Development Authority (GEDA) team met with the Governor and Lieutenant Governor of Guam to review these initiatives and obtain their feedback. Since the meeting, the Guam Chamber of Commerce and GEDA have come together to move forward on these economic diversification initiatives, which are numerous, but include meaningful ways forward in the short, medium, and long term time horizon of our island.

The Guam Chamber of Commerce as you are aware, is made up of a diverse set of members of our business community who are volunteering their time to this effort. The Board of Directors of the Guam Economic Development Authority is extremely supportive and board members are actively participating in the Think Tank as well, myself included.

We would like to invite you to join us as we move our island forward in these uncertain times. Our meetings are weekly and invite links will be sent by the Chamber Office or GEDA's Executive Office to your office. We believe that through your participation and advocacy, we can build and implement meaningful strategies to build an economically diverse island.

Should you have any questions, please feel free to contact me at 687.4365 or via email as well. We look forward to your participation.

Si Yu'us Maase,

David John
