BOARD OF TRUSTEES
Official Resolution No. 2021-04

"RELATIVE TO APPROVING FORTY EIGHT (48) NEW FEES"

WHEREAS, Public Law 26-66, places the rate making authority of the Guam Memorial Hospital Authority under the GMHA Board of Trustees; and

WHEREAS, the GMHA Board of Trustees has reviewed the Public Law 26-66; and

WHEREAS, a Public Hearing was held on September 25, 2020 and oral comments and written testimony have been solicited regarding the Forty-Eight (48) new fees comprised of the following Hospital departments: Radiology, Pharmacy, Operating Room, Laboratory and Special Services; and

WHEREAS, the GMHA Board of Trustees has reviewed the list of new fees and the updated professional fees and found the same to be in order; now therefore be it,

RESOLVED, that the GMHA Board of Trustees directs the Hospital Administrator/CEO to continue to proceed with the adjudication process of these 48 new fee items, and be it further

RESOLVED, that the Chairperson certifies and the Secretary attests to the adoption of this resolution.

DULY AND REGULARLY ADOPTED ON THIS 28th DAY OF OCTOBER 2020.

GUAM MEMORIAL HOSPITAL AUTHORITY

PUBLIC HEARING ON HOSPITAL FEES

Friday, September 25, 2020 @ 9:00 A.M.

Via ZOOM Video Conferencing

ATTENDANCE

GMHA Staff Signed-In:
Yukari Hechanova, Presiding Hearing Officer, GMHA
Frumen Patacsil, Hospital QI Specialist, GMHA

Guests Signed-In:
Maria Castro, Takecare Insurance
Donabel Little, Takecare Insurance
Francine Salas, public
Honorable Senator Telo Taitague

	AGENDA	DISCUSSION / RESPONSES	DECISION / ACTION
I.	Introduction	Ms. Yukari Hechanova introduced herself at the public hearing as the Presiding Hearing Officer for this public hearing and announced the commencement of this public hearing at 9:02 a.m.	Informational
II.	Opening Remarks	On behalf of the GMHA Board of Trustees, the Hospital Administrator/CEO, and the GMHA employees, Ms. Hechanova welcomed the attendees who had signed in to join this public hearing via Zoom Video Conferencing. She indicated that we had an agenda to follow and the public would be given an opportunity to ask questions later.	Informational
III.	Purpose of the Public Hearing	Ms. Hechanova cited the enactment of Public Law 26-66 in December 2001 that removed the rate-setting jurisdiction from the PUC and gave it to the GMHA Board of Trustees and the Guam Code Annotated 10GCA §80109 that gave the authority to the Hospital to set its rates. In compliance with the Administrative Adjudication Law and further Guam Code Annotated directives, the Hospital did publish in the Guam Daily Post the announcement of this public hearing. In addition, the Hospital also posted the announcement of this public hearing on the Office of the Attorney General's website to notify the public. The Hospital also sent the notice of this public hearing via facsimiles to various news media organizations and via electronic mail to the Governor's Office, Lieutenant Governor's Office, the Congressman's Office, and to our elected Senators of the 35th Guam Legislature. In addition, letters were sent to the third party payers via electronic mail inviting them to join this public hearing via Zoom Video Conferencing. The Hospital also posted the Notice of Public Hearing and the list of new fee items on its official website as mandated by public law.	Informational
IV.	Presentation of Proposed Fees	Mr. Patacsil introduced himself being in charge of the Hospital Charge Library. He presented at this public hearing a total of 48 new fee items. These new fee items were submitted by various hospital departments from July 2020 to August 2020. The summary of these new fee items were as follows:	Informational

		<table><tr><td></td><td>Fee Items</td><td>Departments</td><td>Description</td></tr><tr><td></td><td>22</td><td>Radiology</td><td>Supplies</td></tr><tr><td></td><td>1</td><td>Radiology</td><td>Service</td></tr><tr><td></td><td>2</td><td>Pharmacy</td><td>Items</td></tr><tr><td></td><td>21</td><td>Operating Room</td><td>Supplies</td></tr><tr><td></td><td>1</td><td>Laboratory</td><td>Service</td></tr><tr><td></td><td>1</td><td>Special Services</td><td>Supply</td></tr><tr><td>TOTAL:</td><td colspan="3">48 New Fee Items</td></tr></table>	(Refer to list of new fees on GMHA website)
V.	Testimonies from the Public	Ms. Hechanova inquired if any individual who joined this public hearing would like to testify. It was noted that there was no response from the public to provide any testimony. She stated that the public could submit a written testimony to the Hospital Administrator/CEO within five (5) days after this public hearing. These testimonies would be incorporated into the submission package to the 35th Guam Legislature subsequent to the approval by the GMHA Board of Trustees.	Informational
VI.	Questions and Answers on Proposed Fees	Ms. Hechanova commenced soliciting from those who joined the hearing for any questions they might have concerning the fees presented today. Senator Telo Taitague joined the public hearing and had some questions about some of the fees presented today. She inquired if the fees are straight across the board at certain percentage and if there is an insert of comparison on the fees that were brought up, in particular, Item #2 Tray Bone Marrow BX 11GA 4" by Radiology, and what the old fees used to be. Ms. Hechanova clarified that the fees presented today were totally brand new fees with the first price of services and supplies we have. The Hospital is authorized to do its annual 5% rate increase across the board in April. Senator Taitague further inquired what prompted us to bring in item #34 Stem Cementralizer. Frumen informed that this item is for orthopedic surgeries. Senator Taitague added if the starting amount on these new fees is similar to most other hospitals that provide the same items and if the pricing is based on California or Hawaii formula. Ms. Hechanova responded that we based our pricing on the cost that we paid for and then based on the formula by Deloitte and Touche created in 1992 plus a slight markup. The Hospital has been using this formula all these years. It was stipulated in the Legislation that the Hospital has to follow this 1992 pricing model. Ms. Hechanova added that when the departments purchased the supplies for use in their services, such as Radiology, we have to create a charge for it so we can charge the patients. The Hospital will then conduct a public hearing every quarter to introduce the new fees created so they are transparent and open to the public. Ms. Hechanova indicated that the goal is to update the pricing by the end of this calendar year in order to have a more current methodology. The Hospital is trying to engage in another contractor to assist in updating the pricing. Senator Taitague requested that the	Informational Ms. Hechanova provided the sample fee calculation via email to Senator Taitague on 09/28/2020.

		Hospital keep her informed once the new pricing formula is updated so that the Legislation can make an amendment to the 10 GCA. Ms. Hechanova noted that there were no other questions from the public and proceeded to do the closing remarks.	
VII.	Closing Remarks	Ms. Hechanova thanked everyone for making the time in their busy schedules to join this public hearing. The next public hearing will be scheduled in the next quarter.	Informational
VIII.	Adjournment	The public hearing was adjourned at 9:17 a.m.	

*Note: For record purpose:
(1) Mr. Frank Campillo from Calvo's Selectcare sent an email on September 25, 2020 indicating that they will submit a written testimony within the time frame allowed.
(2) No written testimony has been received following the five-day period.

Former top spy: Vote-rigging claims fit Russia's plan

Donald Trump

(Bloomberg News) - President Donald Trump is playing into Russia's hands by claiming that his political adversaries are trying to rig the U.S. election, a former senior intelligence official said.

Sue Gordon, who left the second-highest post in the Office of the Director of National Intelligence a year ago, said that the nation's election infrastructure is "as well-protected as it's ever been." She suggested that misinformation circulating on social media is at least as much of a challenge heading toward November.

Asked on CBS's "Face the Nation" about Trump's unsubstantiated claim at a rally in Minden, Nevada, on Saturday night that Democrats are "trying to rig" the election, Gordon said any president has a "disproportionate responsibility" to avoid tainting the vote's integrity.

"I'm going to always hold the president more responsible than anybody else because he's, well, the president, and his voice carries further, speaks louder," Gordon said.

"And that message - that you can't trust our system, that you can't trust the vote, that you can't trust the other party, that you can't trust - is exactly what the Russians, particularly, hope to achieve," said Gordon, who's now a Microsoft Corp. consultant. "Their aim would be to sow the divisions" and dissuade Americans from voting, she said.

Dense smoke smothers Pacific Northwest

PORTLAND, Ore. (The Washington Post) — Massive clouds of smoke from the Pacific Northwest wildfires lingered over the region Sunday, posing serious health risks for millions of people and complicating firefighting efforts even as crews reported progress in slowing some of the blazes.

Air quality across Oregon was listed as "hazardous" or "very unhealthy" by state environmental officials, and a dense smoke advisory from the National Weather Service remained in effect for much of the state until at least 6 p.m. local time Sunday. Oregon officials said that there were 34 fires burning across the state Sunday afternoon; that dozens remained missing; and that 902,620 acres, an area about the size of Rhode Island, had already been destroyed.

Gulf Coast prepares for 2nd hurricane in a month

HOUSTON (Reuters) - Tropical Storm Sally strengthened off the west coast of Florida on Sunday and was poised to become a Category 2 hurricane, bringing the threat of dangerous storm surges and high winds to the U.S. Gulf Coast, the National Hurricane Center said.

The Miami-based NHC said the storm was likely to reach hurricane strength on Monday, and approach the north-central Gulf Coast late on Monday and Tuesday.

Hurricane conditions were expected by early Tuesday from Grand Isle, Louisiana to Ocean Springs, Mississippi, including New Orleans, the center said.

Climate-crisis skeptic chosen for NOAA role

(The Washington Post) - The Trump administration has chosen David Legates, an academic who has long questioned the scientific consensus that human activity is causing global warming, to help run the agency that produces much of the climate research funded by the U.S. government.

Legates, a University of Delaware professor who was forced out of his role as that state's climatologist because of his controversial views, has taken a senior leadership role at the National Oceanic and Atmospheric Administration.

The agency, which oversees weather forecasting, climate research and fisheries, has until now continued its climate research and communications activities unfettered by political influence from the Trump administration, a contrast to the Environmental Protection Agency and science agencies at the Interior Department, where climate scientists have been squelched, dismissed, sidelined or had work altered before publication.

GUAM DAILY POST • WEDNESDAY, SEPTEMBER 23, 2020

Growing calls for GHURA to reconsider pay raises

By Haidee Eugenio Gilbert
haidee@postguam.com

Besides Sens. Joe San Agustin and Therese Terlaje, other senators also are calling for the Guam Housing and Urban Renewal Authority board's reconsideration of a 4% retroactive salary authorization for two officials in the midst of a COVID-19 pandemic.

Sen. Mary Torres said she would support the recommendation to rescind retroactive raises for unclassified employees.

"It should be noted that this is not the first time Public Auditor (Benjamin) Cruz has released a report indicating this type of activity," she said. "Both 4 GCA §2103.14 and 4 GCA § 6218.1 make clear that no unclassified employee of a government entity, autonomous or otherwise, shall adjust their salary retroactively."

Any such pay raises should be reviewed by the attorney general, and be repaid, the senator said.

The public auditor suggested legislation that would tie in pay raised to audit findings, something that Torres said she would consider.

Sen. Kelly Marsh said she's open to reviewing the public auditor's recommendations, especially given his previous experience as a lawmaker and as a judge.

"It seems that there may be larger structural issues that are coming to light regarding boards and commissions in general, not just GHURA," she said.

Marsh believes there needs to be a more concerted effort in ensuring that board members are properly oriented and provided legal guidance in understanding agency strengths, weaknesses and needs, and making important decisions like salary adjustments.

"Pay raises should always be examined closely, especially during a public health emergency and a fiscal crisis. Each dollar, whether local or federal funds, should be spent judiciously so we can allocate our resources prudently," she said.

Senators have voiced concerns about GHURA's Sept. 11 pay raise ratification retroactive to January in the midst of a COVID-19 pandemic, and also because of the agency's audit deficiencies and late submission of audit data.

Sen. Telo Taitague said she thanks the Office of Public Accountability for its assessment of GHURA's finances, and "the possible gaps that may have led to questionable pay raises, particularly at a time when thousands of Guamanians are unemployed."

"While I appreciate all the hard work of board members across our government – people who contribute their energy, talents and time away from family – the recent actions surrounding GHURA pay raises leads me to question whether certain guidelines relative to compensation review and approval at the board level should be implemented/updated," she said.

GHURA management placed the salary increases on hold at the last minute amid public criticism.

The board, however, had not changed or rescinded its ratification of the retroactive pay hike. It will meet again on Friday.

Sen. Régine Biscoe Lee said she's "against retroactive raises for elected and appointed government leaders at any time, but especially during a health emergency that affects GovGuam's finances."

Lee said she supports GHURA oversight chairman Sen. Joe San Agustin's holding of a Sept. 28 roundtable on the recent audit.

"I'm confident that more transparency will lead to more accountability, and any necessary legislative solutions," she said.

Guam is under the highest level of COVID-19 pandemic restrictions, under a lockdown, and under a public health state of emergency.

More legislative fixes

Sen. Clynt Ridgell said he also thinks the GHURA board "should hold off on raises, at least until the public health emergency is over."

He said he would be open to supporting legislation that ties pay raises to audit findings.

He also has a bill he said will address some of these issues, and he hopes the bill will make it into the next session agenda.

Ridgell's Bill 151-35 seeks to require that any potential pay raises by boards and commissions be submitted to the Legislature for 90 days before the pay raise is implemented.

GHURA nearly jeopardized GovGuam's entire financial standing by submitting its financial report two months behind schedule, the public auditor said.

Sen. Therese Terlaje said she introduced Bill 316-35 to mandate the earlier submission of audit information in order that the Legislature has the prior year audit in time for well-informed budget discussions.

"Many other things are hinged on the findings and timeliness of the audit including bond ratings and refinancing options," she said.

Sen. James Moylan said he's finalizing legislation seeking to prohibit agency heads from receiving salary increments or retroactive payments during a pubic health emergency.

Subject: Sample fee calculation
Attachments: Radiology fee sample for Senator Taitague 09.28.2020.pdf
Signed By: yukari.hechanova@gmha.org

Hafa adai Senator Taitague,

Per your request, the attached is a sample of how some of the fees presented at our public hearing are calculated. I added comments to explain the different columns and calculations. As we discussed during the hearing, 10 GCA §80109 requires we use the 1992 model:

(c) The Authority may establish interim fees for new, untariffed services, medication and supplies, without prior legislative approval and without compliance with the Administrative Adjudication Law; provided, that:
(1) the interim fees are consistent with the Authority's Net Revenue Enhancement Engagement Pricing Model, as prepared by Deloitte & Touche, dated February 7, 1992, or such other protocol as may be approved by the Board of Trustees; and
(2) a petition for permanent approval of the interim fees is filed by the Authority with *I Liheslaturan Guåhan* within three (3) months of the Authority's establishment of the interim fee.

Please let me know if you have any questions.

Best regards,

Yuka Hechanova, MAcc, CPA, CIA, CGFM
