Hafa Adai Chairwoman Shelton and Senators:

Thank you for this opportunity to provide testimony in support of my appointment to the Guam
Community College Board of Trustees.

I had the pleasure and privilege of serving on the Board of Trustees for 15 years from 2005 to 2020. In
those fifteen years I saw, first-hand, how the college, especially under the oversight of President Mary
Okada, developed in a positive way, not just in terms of infrastructure but in program offerings and
governance.

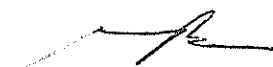

As an individual employed in the private sector, specifically in the health care industry, I hope that my
knowledge and experience will help move the College's initiatives forward in the next few years. I also
hope that I can help the College lay the groundwork for future re-affirmation of its accreditation status.

Considering the economic outlook for Guam and future plans for GCC, I commit to being an instrumental
member helping transform career, technical and workforce education for the benefit of not only our
learning community but also of our industry partners, who rely heavily on GCC to provide a well-trained
and educated workforce. I feel that my business experience, past experience as member of the GCC Board
of Trustees, and my institutional knowledge of the College, complements the dynamics that currently
exists on the board.

I hope that my past tenure as a member of the Guam Community College Board of Trustees is considered
evidence that I have a very strong interest in continuing to be a positive contributor to the betterment of
our island community.

Again, I thank you for the opportunity to provide this testimony and for your support.

Sincerely,

Gina Y. Ramos

OFFICE OF THE PRESIDENT
Mary A.Y. Okada, Ed.D.

Buenas yan Hafa Adai Senator Shelton and Members of the Committee
on Air Transportation, Parks, Tourism, Higher Education, and the Advancement of Women, Youth and
Senior Citizens.

It is with great pleasure that I come before you this morning to support the appointment and
confirmation of Ms. Gina Ramos to the Guam Community College Board of Trustees. Ms. Ramos
served as a Trustee from 2005 to 2020, including as its Chairperson for several of those years.

True to the college's mission as a "leader in career and technical workforce development, providing
the highest quality, student-centered education and job training for Micronesia, Ms. Ramos led to
advance our support for our students. Ms. Ramos truly understands the college and its mission.

In fact, during her tenure, the college continued its fiscal responsibility, expanded its footprint,
sustained accreditation, and increased programs, all of which allows us to focus on students and
their continued success through postsecondary education. Ms. Ramos brought recognition to the
national level when the Association for Community College Trustees (ACCT) awarded GCC its
Equity in Education award.

Ms. Ramos is committed to supporting higher education and its students. Her willingness to serve
once again, demonstrates that commitment. The college welcomes her institutional knowledge and
leadership to advocate for our continued growth.

Si Yu'os Ma'ase for the opportunity to provide my testimony in support of Ms. Gina Ramos as a
member, Board of Trustees for the Guam Community College.

BOARD OF TRUSTEES

December 1, 2022

The Honorable Senator Amanda L. Shelton
Chairwoman, Committee on Air Transportation, Parks, Tourism, Higher Education, and
the Advancement of Women, Youth and Senior Citizens
36th Guam Legislature
163 Chalan Santo Papa
Hagåtña, Guam 96910

Buenas yan Hafa Adai Senator Shelton and members of the Committee on Air Transportation, Parks, Tourism, Higher Education, and the Advancement of Women, Youth and Senior Citizens.

My name is Frank Arriola and I am the Chairman of the Guam Community College Board of Trustees (BOT). I appear before you today in support of the appointment of Ms. Gina Ramos to the GCC Board of Trustees.

Ms. Ramos is a former Trustee serving from 2005 to 2020 and prior to that also served as a member of GCC Foundation Board of Governors. Ms. Ramos served as the Chairperson for the BOT from 2007 to 2011 and helped to grow the culture of innovation that is now the standard for the College.

During this time, Ms. Ramos led the College's efforts for reaccreditation. Her vigorous support of GCC helped gain the full seven-year accreditation, the most possible under the Accrediting Commission of Community and Junior Colleges (ACCJC). Ms. Ramos' return to the Board at this time would be serendipitous, as we prepare for reaccreditation in 2025. Ms. Ramos' experience and leadership will be a welcomed addition.

Ms. Ramos brings a wealth of business knowledge and experience to the Board, especially in the field of health care management. Ms. Ramos has earned the respect of her colleagues in the industry as an established and effective leader and a ready collaborator with the Trustees, as well as with the GCC leadership team, administrators, faculty and staff.

While there is much more that can be said about Ms. Gina Ramos and her contributions to Guam Community College, her commitment and leadership are clearly reflected in many of the successes that she has supported over the past years.

For the record, I and on behalf of the GCC Board, fully support the appointment of Ms. Gina Ramos to the Guam Community College Board of Trustees.

Si Yu'os ma'ase,

Frank P. Arriola
Chairman
Guam Community College Board of Trustees

BOARD OF TRUSTEES

November 22, 2022

The Honorable Senator Amanda L. Shelton
Chairwoman, Committee on Air Transportation, Parks, Tourism, Higher Education, and
the Advancement of Women, Youth and Senior Citizens
36th Guam Legislature
163 Chalan Santo Papa
Hagåtña, Guam 96910

Good afternoon Senator Shelton and members of the Committee on Air Transportation, Parks, Tourism, Higher Education, and the Advancement of Women, Youth and Senior Citizens. My name is Rose P. Grino, a Registered Nurse who has practiced on Guam for the past 27 years. I am also a current member of the Guam Community College Board of Trustees. On behalf of the Board, I respectfully submit this letter of support for the appointment of Ms. Gina Y. Ramos to the GCC Board of Trustees.

Ms. Ramos is no stranger to Guam Community College, having served on the Board of Trustees, from 2005 to 2020, and as its Chairperson during four of those years.

Throughout Ms. Ramos' service to GCC, she was active and engaged in areas that were critical not just to the College's successes, but to its growth and capacity to excel. Ms. Ramos was instrumental in the Board's support of capital improvement projects that have transformed the GCC campus. What started with the construction of the Anthony A. Leon Guerrero Allied Health Center, snowballed into eight new construction and major renovations to date. This includes the Learning Resource Center, the Student Center, the renovated Foundation Building, Building 200 and Building 100, which are now Building E and the new MPA. We also added the DNA Lab and soon renovation to the GCC Workforce Development Center and the construction of the Wellness & Maintenance Center.

Ms. Ramos also has the experience of participating in GCC's successful accreditation in 2018. Ms. Ramos' leadership will be valuable as GCC prepares for accreditation again in 2025. Having the experience and familiarity with the process, and the accrediting teams is so critical to this very technical process.

As an ex officio member of the GCC Foundation Board of Governors, Ms. Ramos has been an advocate for GCC in the community. As well, Ms. Ramos' professional status within Guam's

health care industry enhances GCC's commitment and investment into the health care professional so urgently needed for our community.

Having Ms. Ramos back with the Board of Trustees, GCC will strengthen our already deep partnerships within the health care industry. This will benefit the College in general, as well as our students, faculty and graduates in particular. As such, Ms. Ramos' role as a member of the Board of Trustees is invaluable.

I thank you in advance for allowing Ms. Ramos to continue to provide that support for Guam Community College and its mission as the leader in career and technical workforce development, providing the highest quality student-centered education and job training for Micronesia.

Once again, on behalf of the Guam Community College Board of Trustees and myself, we thank you for the opportunity to submit this testimony in support of Ms. Ramos' appointment.

Si Yu'os ma'ase,

Rose P. Grino
Secretary
Guam Community College Board of Trustees

Chairwoman Amanda L. Shelton:

Thank you very much, President Okada. Now there's no one else to provide testimony this morning, then we'll have the nominee Miss Ramos come up. Thank you very much.

Gina Y. Ramos, Nominee:

Thank you. Good morning. Okay. Hafa Adai Chairwoman Shelton, Senator Taitague.

[Written testimony provided orally]

Chairwoman Amanda L. Shelton:

Thank you very much, Ms. Ramos. I'll begin with questions. Senator Telo, do you have any questions?

Senator Telo Taitague:

Are you retired right now?

Gina Y. Ramos, Nominee:

No, I'm still working.

Senator Telo Taitague:

At Calvo's Selectcare? Because I looked at your application you know, and it basically has your employment history and it goes down, and it stops at Takecare for 2012. And I didn't see anything here that has you employed currently.

Gina Y. Ramos, Nominee:

Oh I'm sorry. It should have been probably the very first thing. Calvo's Selectcare. I've been there since 2012.

Senator Telo Taitague:

2012. Okay. To present right? Okay, it didn't have that on there. I'll just make my chairman aware of that okay so it'll be reflected in the application later online. So appreciate it. So you're coming back after 15 years. I mean there's so much that's been accomplished over at GCC. And you're right under the leadership of Dr. Mary Okada, anyone working under her should be grateful and it's a privilege you know. Because of all the good work she's done. So 15 years there's a lot that was accomplished in that time. Especially in that time frame that you were talking 2005 to 2020. So my question is what do you have planned now? I mean for GCC. What would you like to accomplish now?

Gina Y. Ramos, Nominee:

Well everything that we accomplished in those 15 years, I'm hoping that in the next couple of years we should be able to do just as much if not more. I know that President Okada and the college and the board, they have plans to expand some of the health care programs. I know that there are some other boot camps in the planning stages. I know that boot camps are very successful. This is an interesting time for Guam. This is post pandemic time and what I've heard in the industry is that not only do we have traditional jobs that we need to be prepared for but we need to have jobs that are, how do I say this, that's pandemic proof right? So jobs that people should be able to continue to be employed even through a pandemic. So that's probably something that GCC we'll have to consider, look at. And see what types of jobs are that is related to that. Mobile technology or something like that. So I haven't discussed this with President Okada but she knows that once I'm on the board I'll probably be bringing some suggestions and recommendations to her.

Senator Telo Taitague:

Okay, so yeah it's retraining our workforce you know and pull them away from tourism because we're seeing that happen. Right now it's something maybe you can look into on more entrepreneurs and how you can encourage them. I know they have a GUMA program that's been going on and kind of provide them guidance on how to open up a business you know. Especially how to be sustainable. In every aspect, even in living. So is agriculture something that GCC looks into or? Agriculture is something that we always look at. I mean we all felt the effects of COVID and the inability to get a product shipped to Guam at a time, so sustainability is probably one of the greatest things that we should look into and the next generation on how you can sustain your livelihood you know to feed your family and to feed yourself as well as make it a business. So I'm hoping that something you'll look into Gina bringing some type of agriculture. You know I come from a family of farmers and unfortunately where there's not that many of us around anymore and that's probably the saddest thing right now. Because we're on an island we have the ability to do it but it's just trying to encourage the next generation that it's a very respectful job and it's most importantly rewarding you know in every aspect and it keeps them alive. Also if you can look into the possibility of continuing online classes? Is it something you might want to consider? I mean a lot of times we have public hearings, people don't show up but if we had it on Zoom next thing you know we've got six people, seven people online wanting to testify. It just makes it more

convenient and we're moving into technology so how do you feel about maintaining classes online?

Gina Y. Ramos, Nominee:

Oh, of course, I actually was on the board at the time and Mary can attest to this when online education was something that was addressed in one of our accreditation, it was one of the, I don't know if it was, I think it was a recommendation that we work on expanding online education opportunities for the GCC students and I know from that point on President Okada and the administration and the faculty and staff work very hard to make sure that online learning opportunities were provided to the students. And with the pandemic that was basically all that was available during that time. So yes with the board, with President Okada and her team, we'll make sure that online education opportunities are expanded and developed. Definitely.

Senator Telo Taitague:

I know I'm giving you this wish list you know but you're coming back after 15 years. There's something else I need to whisper into your ear and that is you know the aging population that we are in right now. By 2034 there'll be more people over the age of 65 than there are children. And this is happening in the U.S. as well as Japan. So we're like right in the middle so it's probably going to happen to us as well. So we need to look at you know healthcare providers in a sense of you know taking care of our manamko, working in facilities that take care of those who are aging and would like to age in place. You know so hopefully our facilities will be able to um with a bill that was recently passed to provide a place for those who don't have a family to take care of them or don't want to move to the States. Because their kids move to the states and the parents want to stay here where they're comfortable and where they're familiar. So that's something I hope you also keep in mind especially because we're about the same age. But it's something that we have to address and it's going to start with training the next generation with that type of growth.

Gina Y. Ramos, Nominee:

Yes, definitely. Being in the healthcare industry, that is something that's very close to my heart as well. Because we see it in our own health insurance population. All the retirees that need the care and even me. I'm taking care of my mom at this point so I completely agree Senator.

Senator Telo Taitague:

Absolutely, my dad's 93. Thank God my sister moved back to help me out because it's been very stubborn. So we all know that GCC is a beacon of light. It's just a great facility. Thank you again Dr. Okada for all you're doing over at GCC. There's also a lot that needs to be done too. A lot of changes, times are changing so we need to move to those changes and adjust to it. As you said earlier with regard to COVID. You know reprogramming our workforce. I appreciate it. I'm here because I think that if you're willing to give your time and expertise to this community then we should be here to personally thank you and be here for you as well. So my door is always open if there's anything I can be of assistance. And Merry Christmas to you and your family. And the GCC family as well, Merry Christmas to you guys.

Chairwoman Amanda L. Shelton:

Thank you very much Senator Taitague and thank you for that discussion. I think we touched on a lot of points and we know that there is so much potential for a GCC as we move forward. And as you said create these pandemic-proof jobs as we find new industries for Guam. And so you have a lot on your shoulders you and the entire GCC team but we've seen how well you work together how much you're able to accomplish and we're very proud of the work that you're doing. Every couple of weeks we're at GCC for another graduation of a boot camp and seeing all of these young people and not so young people who are reinventing themselves and starting in new careers new fields. And so we have a lot of hope for our future and our workforce thanks to all of you. So we look forward to you rejoining the team after your very short break. Getting back into it and I know your fellow board members will be very excited to have you as well as Dr Okada. So with that would just like to say thank you and of course yes Merry Christmas to you and all of your families we will work hard to push your packet out and vote on it in this session before we end the term. So with that the time now is 9:46 a.m and that completes our confirmation hearing for Miss Gina Ramos to the GCC Board of Trustees. *Si Yu'os Ma'ase* everyone, stay safe and happy holidays.
