**Relative to recognizing the Guam Pharmacists Association (GPhA) for their role in optimizing medication use and patient health outcomes and ensuring patients have access to pharmacists' care; and commending them on their 2023 Annual Gala.**

BE IT RESOLVED BY THE COMMITTEE ON RULES *I MINA'TRENTAI SIETTE NA LIHESLATURAN GUÅHAN*:

**WHEREAS**, pharmacy is a modern and independent science that dates back to the first third of the nineteenth (19<sup>th</sup>) century. In 1821, the first college of pharmacy was founded in the United States and is now known as the Philadelphia College of Pharmacy and Science. Other institutes and colleges were established soon after in the United States, Great Britain, and continental Europe; and

**WHEREAS**, since the treatment of the sick with drugs encompasses a wide field of knowledge in the biological and physical sciences, an understanding of these sciences is necessary for adequate pharmaceutical training. The basic five (5)-year curriculum in the colleges of pharmacy of the United States, for example, embraces physics, chemistry, biology, bacteriology, physiology, pharmacology, and many other specialized courses. Pharmacists are engaged in a business as well as a profession, special training is provided in merchandising, accounting, computer techniques, and pharmaceutical jurisprudence and are responsible for the preparation of the dosage forms of drugs, such as tablets, capsules, and sterile solutions for injection; and

**WHEREAS**, the Guam Pharmacists Association (GPhA) is a licensed, non-profit organization dedicated to serving pharmacists, pharmacy technicians, and other associate members on the island. With over one hundred fifty (150) members throughout the island and over twenty (20) pharmacies serving our island community; and

**WHEREAS**, to better serve our island community in patient care, GPhA officers plan a series of Continuing Education (CE) events to provide necessary education and updates to their members as their practice evolves. The purpose of CE events is for members to discuss and learn about topics regarding mandated compliance requirements in the Federal and local pharmacy law as well as updates in therapy for several disease states; and

**WHEREAS**, the GPhA Board Members are Dr. Jamie Lee, Dr. Jizan Anne Benavente, and Dr. Margaret Kang. The GPhA officers include Dr. Jhoana Paula Gonzales, President, Dr. Krista Blankenship, President-Elect, Jasmine Joy Mariano, Recording Secretary, Dr. Wilson Datario, Treasurer, Dr. Karen Song, Corresponding Secretary, and Catherine Concepcion, Associate Representative; and

**WHEREAS**, *I Liheslaturan Guåhan* has declared that the practice of pharmacy is "a professional practice affecting the public health, safety, and welfare and is subject to regulation and control in the public interest that only qualified persons be permitted to engage in the practice of pharmacy, and to ensure the quality of drugs and related devices distributed on Guam" 10 GCA § 12602; and

**WHEREAS**, *I Liheslaturan Guåhan* stays committed to enacting laws necessary to protect the health, safety, and general well-being of the people of Guam; and now therefore, be it

**RESOLVED**, that the Committee on Rules of *I Mina'trentai Siette Na Liheslaturan Guåhan* does hereby, on behalf of *I Liheslaturan Guåhan* and the people of Guam, recognize the Guam Pharmacists Association (GPhA) for their role in optimizing medication use and patient health outcomes and ensuring patients have access to pharmacists' care; and commend them on their 2023 Annual Gala; and be it further

**RESOLVED**, that the Speaker and the Chairperson of the Committee on Rules certify, and the Legislative Secretary attest to, the adoption hereof, and that copies of the same be thereafter transmitted to the Guam Pharmacists Association; and to the Honorable Lourdes A. Leon Guerrero, *I Maga'hågan Guåhan*.
