Specifically, the date should be revised from April 5, 2024, to June 7, 2024. Additionally, it was clarified that Catherine was not a virtual attendee; rather, she was present at the meeting, though not in the capacity of a Board member. The correction involved removing her name from the list of virtual attendees and acknowledging her presence in a different role. After discussing these adjustments, it was confirmed that the minutes would be corrected to reflect that Kathy St. Nicholas attended the meeting, but not as a Board member. 		informed the Board that changes were being made to the Board's rules and regulations in line with national standards. She emphasized the importance of reviewing these changes, with a specific recommendation provided to R. Carman, who would assist in making necessary amendments. The goal is to have all Board regulations submitted to the legislature by the end of the month. Z. Pecina also addressed the Board's composition, noting that while the Board currently has five members under the old law, new members are awaiting final confirmation. These new members include Dr. Miller, Catherine St. Nicholas, Dr. Kim Soon-Wok, Dr. Velma Harper, and Rosalind Taitingfong, representing various specialties. Once confirmed, they will join the Board's meetings. Additionally, Greg Cruz, a respiratory specialist, is scheduled for a confirmation hearing on August 8th, with two other members pending nomination. Z. Pecina expressed gratitude to outgoing Board members Alicia Ogo, Dr. Ryan Claros, and Dr. Paul Palmes for their service.			
VIII	**Legal Counsel's Report**	The Board moved on to the legal counsel's report, with Mr. Graham Botha, the newly appointed legal counsel, taking the floor. He began by welcoming everyone and acknowledged the presence of both outgoing and incoming Board members, noting that further updates would follow once all new members were confirmed. Mr. Botha mentioned that he had observed a significant number of both new and old complaints. He emphasized the importance of addressing these older complaints, some of which date back to 2015 through 2019. He highlighted the need to either close these cases or forward them for further action, as it is crucial to provide resolution for both the complainants and those accused. He suggested that if a complaint involves a failure to meet the standards of care or any other wrongdoing, decisive action should be taken to resolve the case. M. Balajadia responded by expressing appreciation for Mr. Botha's input, acknowledging that legal counsel is essential for handling these matters. He agreed on the importance of moving forward with the complaints and mentioned that some complaints were still awaiting legal counsel's advice before further action could be taken. He confirmed that the Board would continue to discuss these issues with Mr. Botha.	G. Botha	1213	Noted

	Z. GBAHE-CO-22-14 Non-Licensed Chiro. Rec'd 11/17/22 Z. Pecina expressed her satisfaction with Attorney Botha's presence, as the Board was dealing with a case involving individuals who were allegedly practicing chiropractic procedures without a license. She clarified that these individuals do not currently hold licenses, raising the question of whether the Board has jurisdiction over unlicensed practitioners. The Board had previously recommended referring the matter to the Attorney General to take necessary action to halt these activities. While the Board had issued a cease and desist order, the individuals continued their practice, leading to non-compliance with the Board's directive. Since the individuals are unlicensed, the Board has no authority to revoke a license, prompting the need for legal guidance on whether referring the case to the Attorney General was the appropriate course of action and what further steps should be taken. The discussion continued with a query about whether practicing without a valid license constitutes a criminal offense and, if so, whether it falls under the jurisdiction of the Attorney General's office for further action. S. Crisostomo added that while the professional license could not be revoked, the business license of the individuals involved could be. M. Balajadia then suggested that the Board should meet with Mr. Botha to seek his advice on how to proceed, particularly considering the background information they have on the matter. In response, Mr. Botha agreed that a meeting would be beneficial and inquired whether the Board had previously conducted an investigation into the company's activities to determine if they fell within the scope of chiropractic practices. M. Balajadia confirmed that a meeting with Mr. Botha would be arranged to discuss the details and next steps.			Meeting with Attorney will Take Place to Determine Best Course of Action

		had provided chiropractic care as a substitute for a local licensed practitioner at a clinic in Guam. Letters had been sent to this individual, and a response was received from his attorney, necessitating further discussion with legal counsel. Z. Pecina clarified that this case had already been closed at the Board level. The Board had taken several actions, including reporting the chiropractor's license to the National Practitioner Data Bank (NPDB) and sending information to the licensing boards in Nevada and California, where the individual holds licenses. Both states had responded, and the case information had been forwarded to them for further action. Z. Pecina emphasized that the case had been closed, and both Nevada and California are now handling the situation following the Board's referral.
