		H. Request to Appear and Address the Board			
		1. **Mia Bonardi** Requesting an exception to the current telehealth restrictions that prevent her longtime psychologist Dr. Beth Connolly from continuing to provide care during her one year on Guam. Emphasized that the trust and rapport she and her psychologist had built for 15 years is critical to her mental health. She mentioned her doctor is licensed in Massachusetts and New Hampshire and hold telehealth licenses in New York and Pennsylvania. However, she understands Guam requires full licensure without telehealth licensing option for out of state providers. Through her research, she mentioned the availability of local providers is limited. She mentions this restriction not only disrupts the continuity of care with her doctor, but also strains Guam's already limited resource. She urges the board to consider amending the current regulations to provide a telehealth license for out of state providers. Board discussed situation and not in board purview to be able to allow for what is requested unfortunately. All the disciplines require a license to practice on Guam.			Noted
		2. **Andrea Santos** Attended to hear and encourage the forward progress of the board's resolution to provide an interim solution for the loss of LPCs as qualified clinical supervisors in the rules, but dishearten to see it is not on the agenda today. Asking for a formal update of the resolution that was proposed at the September meeting. Seeking formal guidance on how to proceed during this period.			Noted
