Håfa Adai Madam Speaker,

Bill No. 264-37 appropriates Five Million Dollars (\$5,000,000.00) for the construction of the *Nåftan Mañaina-ta* Shrine, the reburial site for thousands of disinterred ancestral remains discovered in various sites throughout our island. This appropriation will enable our government to carry out the design painstakingly created by the inimitable late CHamoru architect Andrew Laguana, complete a project our government first contemplated over three (3) decades ago, and finally fulfill our promise and moral obligation to bury these sacred remains with the solemnity and dignity they deserve.

While concerns originally surfaced regarding the availability of funds to support the appropriations, as of the time of this writing, I can confirm that our administration's strong collections last month above adopted General Fund levels ensures that funding is available to fund this worthy effort.
